## Facility AUDIT FINDINGS

### Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

**Targeted Inmate/Resident/Detainee Interviews**

<p><b>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b></p>	<p>26</p>
--	-----------

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

<p><b>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>3</p>

## Staff, Volunteer, and Contractor Interviews

### Random Staff Interviews

**71. Enter the total number of RANDOM STAFF who were interviewed:**

14

**72. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)**

- Length of tenure in the facility
- Shift assignment
- Work assignment
- Rank (or equivalent)
- Other (e.g., gender, race, ethnicity, languages spoken)
- None

**73. Were you able to conduct the minimum number of RANDOM STAFF interviews?**

- Yes
- No

**74. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):**

There were no barriers to completing interviews. Informal interviews with staff were conducted during the site review.

### Specialized Staff, Volunteers, and Contractor Interviews

Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.

**75. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):**

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

**84. Did you have access to all areas of the facility?**

Yes

No

**Was the site review an active, inquiring process that included the following:**

**85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?**

Yes

No

**86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?**

Yes

No

**87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?**

Yes

No

**88. Informal conversations with staff during the site review (encouraged, not required)?**

Yes

No

<p><b>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>A test call was made from the inmate phones to the PREA hotline. The auditor also observed the intake process during the time of the on-site audit and observed the risk screening of an inmate. A review of the video surveillance was conducted in the control room. video did not allow for direct sight into toilet areas or showers. Staff explained to the auditor the capabilities of the system and retention period. The auditor was also given a demonstration of the comprehensive PREA education process.</p>
--	--

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

<p><b>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</b></p>	<p>The auditor selected documentation from the facility for inmates and staff who were interviewed as well as additional documentation to support the requirements of the standards. All documentation was readily supplied to the auditor with no barriers noted.</p>

**SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

**Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual abuse allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual abuse</b>	7	0	7	0
<b>Staff-on-inmate sexual abuse</b>	1	0	1	0
<b>Total</b>	8	0	8	0

**93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	<b># of sexual harassment allegations</b>	<b># of criminal investigations</b>	<b># of administrative investigations</b>	<b># of allegations that had both criminal and administrative investigations</b>
<b>Inmate-on-inmate sexual harassment</b>	10	0	10	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	10	0	0	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

## 8. Sexually Abusive Behavior Prevention and Intervention – An Overview for Offenders

### Interviews:

1. PREA Coordinator
2. PREA Compliance Manager

### Findings (By Provision):

115.11 (a): The agency has a comprehensive PREA policy: P5324.12, Sexually Abusive Behavior Prevention and Intervention Program. Institution Supplement MNA-5324.12F and Sexually Abusive Behavior Prevention and Intervention – An Overview for Offenders, further supplement the agency’s policy. The agency has a zero-tolerance policy towards all forms of sexual abuse and sexual harassment which is outlined on page 1 of P5324.12. The policies outline the strategies on preventing, detecting and responding to such conduct and include definitions of prohibited behavior. Agency policies address preventing sexual abuse and sexual harassment through the designation of a PREA Coordinator (PC); criminal history background checks for staff, contractors and volunteers; training for staff, contractors and volunteers; staffing levels, intake/risk screening for inmates, inmate education and posting of PREA information. The policies address detecting sexual abuse and sexual harassment through training (staff, volunteers and contractors), and intake / risk screening of inmates. The policies address responding to allegations of sexual abuse and sexual harassment through reporting, investigations, victim services, medical and mental health services, disciplinary sanctions for staff and inmates, incident reviews and data collection. This policy is consistent with the PREA standards and outlines the agency’s approach to sexual safety.

115.11 (b): The agency’s organizational chart reflects that the PC position is an upper-level position with agency-wide oversight. The PC reports to the Assistant Director, Reentry Services Division. The PC provides guidance through six regional PREA Coordinators and 122 PREA Compliance Managers. The PC was interviewed and reported that her position is full-time and that she has sufficient time to manage all of her PREA related responsibilities.

115.11 (c): The facility has designated an Associate Warden as the staff member responsible for ensuring PREA compliance. The PAQ indicated that the PREA Compliance Manager (PCM) has sufficient authority and time to coordinate the

	<p>facility's PREA efforts. The facility's organizational chart confirms that the Associate Warden is responsible for PREA compliance and that he reports directly to the Warden. The interview with the PREA Compliance Manager indicated that he has sufficient time to coordinate the facility's PREA compliance.</p> <p>Based on the review of the PAQ and related documents, it is evident that the agency has a PREA policy. The agency has designated an upper-level PC as verified through the organizational chart and each institution / facility has a PREA Compliance Manager which is also evidenced in the organizational chart. PREA implementation is determined to comply with the standard. The preparedness for the audit and overall incorporation of institutionalized PREA standards demonstrate that the PC and the PCM have sufficient time and authority to accomplish PREA responsibilities for the agency and the facility.</p>

### 13. Documentation of Unannounced Rounds

#### Interviews:

1. Warden
2. PREA Compliance Manager
3. PREA Coordinator
4. Intermediate-Level or Higher-Level Facility Staff

#### Site Review Observations:

1. Staffing Levels
2. Video Monitoring Technology
3. Security Convex Mirrors

#### Findings (By Provision):

115.13 (a): P3000.03 addresses the agency's staffing plan development.

Specifically, the policy indicates that the Workforce Utilization Committee will formulate a staffing plan based on the number of allocated positions, historical turnover and anticipated vacancies. The policy indicates that the committee will review departmental rosters, review findings of program, operational and other management reviews and recommendations designed to increase effective use of resources. The policy also indicates that the vacancy rate will not exceed ten percent during any eighteen-month period. The staffing plan takes into consideration generally accepted detention practices, any judicial findings of inadequacy, any finding of inadequacy from federal investigative agencies, any finding of inadequacy from internal or external oversight bodies, all components of the facility's physical plant, the composition of the inmate population, the number and placement of supervisory staff, the institutional programs occurring on a particular shift, any applicable state or local laws, the prevalence of substantiated and unsubstantiated incidents of abuse and any other relevant factors. The PAQ indicated that the current staffing is based off of 1174 inmates which is the average daily number of inmates since the last PREA audit. The facility employs 284 staff. Staff mainly make up three eight-hour shifts. Interviews with the Warden and the PCM confirmed that the facility has a staffing plan which provides adequate staffing levels and that they reference

with the plan on a regular basis. The PCM indicated that each BOP facility receives a quarterly report which lists a summary of all program review deficiencies. These reports are reviewed to determine if there are any necessary changes to policies procedure and practices. He also indicated that they review the National PREA Coordinator reports to monitor any trends and make appropriate modifications. The PCM indicated that the plan is reviewed quarterly and also during any monthly program reviews. The Warden indicated that the facility reviews the plan and the facility to eliminate any blind spots, to place staff in high traffic areas and areas that have special populations. The Warden indicated that staff review the population to include aggressors and victims and determine any areas of weakness at the facility for these individuals. He also indicated that posts are not authorized to be unmanned and overtime or mandatory overtime would be utilized, if necessary.

115.13 (b): The facility indicated in the PAQ that no deviations from the staffing plan had occurred during the previous twelve months. The interview with the Warden indicated that deviations would not occur as policy does not allow for correctional service posts to be unmanned. He indicated that they pay overtime or mandate mandatory overtime. He also indicated they could augment with non-custody staff, if needed.

115.13 (c): The staffing plan is reviewed quarterly by the Salary/Workforce Utilization Committee. The plan was reviewed to assess, determine and document whether any adjustments were needed to the staffing plan, the deployment of video monitoring technologies and/or the resources available to commit to ensuring adherence to the staffing plan. The PC confirmed in the interview that she is consulted annually with regard to a review of the staffing plans for institutions. She indicated that the Human Resource Management Division and the Administration Division allocates overall staffing resources.

115.13 (d): P5324.12 indicates that the Institution Duty Officer (IDO) is required to make weekly unannounced rounds on all shifts to identify and deter sexual abuse and sexual harassment. These rounds are required to be documented and forwarded to the PCM for retention. Additionally, MNA-5324.12F indicates that unannounced rounds by supervisory staff conducted with the intent of identifying and deterring sexual abuse and sexual harassment are conducted every week. A review of the PAQ supplemental documentation indicated that unannounced rounds are being conducted weekly by the IDO in all locations at the facility as well as by the Shift Lieutenant(s). Additionally, P5324.12 prohibits staff from alerting other staff members that the supervisory rounds are occurring, unless such announcement is related to legitimate operational functions of the facility. A review of documentation of unannounced rounds in each housing unit for the Shift Lieutenant indicated that rounds were conducted at least once on each shift in each of the housing units. During the interviews, supervisory staff indicated that they deviate their times and

	<p>vary locations from unit to unit instead of in a consistent pattern in order to prevent staff from alerting other staff that rounds are occurring.</p> <p>Based on a review of the PAQ, P3000.03, P5324.12, MNA-5324.12F, the staffing plan, memorandums, annual reviews, documentation of unannounced rounds, observations made during the tour and interviews with supervisory staff, the standard is determined to be compliant.</p>

and Intervention Program

Interviews:

1. Random Staff
2. Random Inmates
3. Transgender Inmates

Site Review Observations:

1. Individual Showers in Housing Units with Visibility Barriers

Findings (By Provision):

115.15 (a): P5521.06 discusses visual searches and body cavity searches. This policy indicates that visual searches are to be conducted by staff of the same gender as the inmate, except where circumstances indicate that such a delay would mean the loss of contraband. In such a case, this exception would be documented in the inmate's central file. This policy also indicates that body cavity searches are only conducted by qualified health personnel upon the approval of the Warden or Acting Warden and such searches are documented in the inmate's central file. The PAQ indicated that no searches of this kind were conducted at the facility over the past twelve months.

115.15 (b): FCI Marianna houses male inmates. The attached SPC houses female inmates. The PAQ indicated that the facility does not permit cross-gender pat searches of inmates, absent exigent circumstances. Female inmates' access to regularly available programming and other out-of-cell opportunities is not inhibited in any way, absent exigent circumstances. Male staff are not permitted to search female inmates unless exigent circumstances exist. Interviews with inmates and staff indicated that female inmates have never been restricted from access to programs or privileges due to not having a female staff member to conduct a pat-search. A review of a sample of search logs indicates that all searches reviewed were conducted by a female staff member.

115.15 (c): P5521.06 discusses visual searches and body cavity searches. Page 4-5 indicates that visual searches are to be conducted by staff of the same gender as the inmate, except where circumstances indicate that such a delay would mean the loss of contraband. In such a case, this exception would be documented in the inmate's central file. Page 5 indicates that body cavity searches are only conducted by qualified health personnel upon the approval of the Warden or Acting Warden and such searches are documented in the inmate's central file. The PAQ indicated that no cross-gender searches have been conducted in the previous twelve months. A review of a sample of search logs indicates that all searches reviewed were conducted by a female staff member.

115.15 (d): P5324.12 specifies policies and procedures which enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Interviews with random inmates and interviews with random staff indicated that inmates have privacy when showering, using the restroom, and changing clothes. Interviews also confirm that staff of the opposite gender announce their presence when entering a housing unit. The auditor observed that all housing units at the FCI and the SPC had individual showers with a door which allowed coverage of inmates from the shoulders to the knees. Toilets in these housing units are not in full view of staff.

115.15 (e): A memorandum from the Warden indicated that a staff member at FCI Marianna shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. The PAQ indicated that there had been no searches of this nature within the past twelve months. Interviews with staff indicated that these types of searches were not authorized to be conducted by staff. Interviews with transgender inmates at this facility and interviews with random staff indicated that searches of this nature were not conducted at this facility.

115.15 (f): The Sexually Abusive Behavior Prevention and Intervention Program Annual Training Curriculum indicated that staff are trained on conducting cross gender pat searches and searches of transgender and intersex inmates in a professional and respectful manner on the first day of the annual training. A review of the training curriculum confirms that the training covers cross gender pat-searches and searches of transgender and intersex inmates. The PAQ indicated the 100% of staff had received this training. A review of a random sample of training records indicated that the staff reviewed had received the search training, which included a video on searches. Interview with a random sample of staff indicated that they all had received this training during the previous year.

	<p>Based on a review of the PAQ, P5521.06, the Sexually Abusive Behavior Prevention and Intervention Program training curriculum, the Memorandum from the Warden, a random sample of staff training records, observations made during the tour of housing units to include bathrooms with individual showers with doors which had solid barriers from shoulder to knee, the opposite gender announcement as well as information from interviews with random staff and transgender inmates indicate that this standard is compliant.</p>

## 1. PREA Posters in English and Spanish

### Findings (By Provision):

115.16 (a): P5324.12, page 19 and MNA-5324.12F, establishes guidelines to providing disabled inmates an equal opportunity to benefit from all aspects of the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment. The PCM is responsible for reaching out to local disabilities assistance offices to ensure the facility is providing effective communication accommodations when needed. A review of PREA signage, PREA directives and inmate informational materials confirmed that information is provided in a manner which is in large font, bright colors and has accompanying pictures to the word directives. The interview with the Agency Head (Director of the BOP) indicated that inmates receive PREA information in a format that they can understand. During the on-site visit, the auditor was able to interview inmates with limited reading proficiency and LEP inmates. These inmates' files indicated that they received PREA information and they understood the information. During the site review, the PREA signage was observed to be in large text and in bright colors as well as in English and Spanish.

115.16 (b): P5324.12, pages 19 and 20 and MNA-5324.12F, establishes the procedure to ensure meaningful access to all aspects of the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment to inmates who are Limited English Proficient (LEP). The PCM is responsible for reaching out to available interpretation services to ensure the facility is providing effective communication accommodations. The facility has several staff who are bilingual and assist in translation, when needed. The agency has a Blanket Purchase Agreement for on-demand, over-the-phone interpreter services (BPA DJJ12-F-2306) to provide translation services for inmates who are LEP. This is a service the facility can call which will translate information between the staff member and LEP inmate. A review of PREA posters, the inmate handbook, PREA directives and inmate educational information, confirmed that information is available in both English and Spanish. Interviews with the Agency Head (Director of the BOP) and inmates who are LEP indicated that inmates received PREA information in a format that they can understand. Additionally, the auditor was able to utilize staff interpreters during the audit. A review of a sample of files for LEP inmates indicated that they received PREA information and they understood the information. During the site review, it was observed that PREA signage was posted throughout the facility in English and Spanish.

115.16 (c): P5324.12, page 20 and MNA-5324.12F, page 4, prohibits the use of inmate interpreters, readers or any other type of inmate assistants for allegations of

sexual abuse and sexual harassment, except in limited circumstances where an extended delay could compromise the inmate's safety. The PAQ indicated that there were no instances where an inmate was utilized to interpret, read or provide other types of assistance. Interviews with a random sample of staff indicated that inmates are not utilized to translate for PREA purposes. Interviews with LEP inmates indicated that other inmates were not utilized, however, they did receive assistance from staff related to understanding PREA documents and the information contained in them.

Based on a review of the PAQ, P5324.12, MNA-5324.12F, the DOJ Blanket Purchase Agreement for Telephonic Language Translations, a review of PREA signage and information, the inmate handbook, observations made during the site review to include PREA signage as well as interviews with the Agency Head, random staff, and LEP inmates indicates that this standard is compliant.

12. Memorandum for Human Resource Managers

Interviews:

1. Human Resource Staff

Findings (By Provision):

115.17 (a): P3000.03, page 28, indicates that a statement indicating eligible external applicants must meet all application criteria and conditions of employment. The PAQ indicated that the agency will not hire or promote anyone who may have contact with inmates and shall not enlist the services of any contractor who may have contact with inmates if they have: engaged in sexual abuse in prison, jail, lockup or any other institution; been convicted of engaging or attempting to engage in sexual activity in the community or has been civilly or administratively adjudicated in sexual abuse by force, overt or implied threats of force or coercion. A review of the eligibility questions on the USAJobs application indicated that the three questions are required to be answered electronically for all applicants. A review of personnel files for staff who were hired in the previous twelve months indicated that all had completed an application and as such were required to answer the eligibility questions.

Additionally, all staff had a background check completed which included their criminal history, credit history and other record inquiries. All contractors also have a completed background check. The contractors reviewed all had a background check completed prior to enlisting their services. The interview with Human Resource staff indicated that the questions are part of the hiring process.

115.17 (b): The General Employment Considerations for Staff indicates on page 2 that the applicant's character or past conduct might impose a statutory bar to employment or impede employment by adversely impacting on the Bureau's efficiency by jeopardizing the ability to accomplish its mission successfully. The PAQ indicated that the agency considers any incidents of sexual harassment in determining whether to hire or promote any staff or enlist the services of any contractor who may have contact with an inmate. Human Resource staff indicated that sexual harassment is considered when hiring or promoting staff or enlisting services of any contractors.

115.17 (c): Standard Form 85P and the BOP Recruitment Flyer, indicate that

employment is subject to satisfactory completion of a background investigation, which also includes law enforcement and criminal records checks, credit checks, inquiries with previous employers and personal references. The PAQ indicated that all 6 of those hired in the past twelve months that may have contact with inmates had received a criminal background check and prior institutional employers were contacted. A review of personnel files of staff hired in the previous twelve months indicated that 100% had a criminal background check completed and all prior institutional employers contacted. Additionally, all staff are fingerprinted and any future arrest is automatically reported to the agency through the National Background Investigations Bureau. Human Resource staff indicated that all staff are required to have a criminal background check before they are hired, institutional checks, neighborhood checks and numerous other checks are part of the background investigation process.

115.17 (d): P3000.03, pages 42 and 44 indicate that the agency performs criminal background checks before enlisting the services of any contractor who may have contact with inmates via a check of the National Crime Information Center (NCIC). The PAQ indicated that there have been 10 contracts at the facility within the past twelve months. A review of current contractor personnel files indicated that a criminal background check had been conducted. Human Resource staff indicated that all contractors have a criminal background check completed prior to enlisting their services.

115.17 (e): The PAQ indicated that the agency requires either background checks to be conducted at least every five years for current employees and contractors or have a system in place for otherwise capturing such information for current employees. The agency utilizes the National Background Investigations Bureau. All employees are fingerprinted and all subsequent FBI criminal arrest information is forwarded back to the agency. Additionally, Security and Background Investigation Section (SBIS) tracks the timeline of background investigations for the Bureau. Mass emails are sent to each staff member as well as the Human Resource staff at the facility where the staff works to initiate the re-investigation process for the five-year background check. Staff are required to take the appropriate steps to complete the process by a due date to ensure the background check is completed on time. The interview with the Human Resource staff confirmed that all staff and contractors have a criminal background check completed every five years.

115.17 (f): The PAQ indicates that the agency will ask all applicants and employees who have contact with inmates directly about whether they have: engaged in sexual abuse in prison, jail, lockup or any other institution, been convicted of engaging or attempting to engage in sexual activity in the community or been civilly or administratively adjudicated to have engaged in sexual abuse by force, overt or implied threats of force or coercion through a written application, during any

interviews or through any written self-evaluations as part of a review of current employees. A review of the eligibility questions on the USAJobs application indicated that the three questions are required to be answered electronically for all applicants. A review of personnel files for staff who were hired in the previous twelve months indicated that all had completed an application and were required to answer the eligibility questions. All staff had a background check completed which included their criminal history, credit history and other record inquiries. Additionally, the interview with Human Resource staff confirmed that these questions are contained on the eligibility questions section on the USAJobs Application, which is required for all applicants.

115.17 (g): The PAQ indicates that material omissions regarding sexual misconduct or the provision of materially false information is grounds for termination. The Questionnaire for Public Trust Positions indicates that falsifying or concealing facts is a felony which can result in fines and up to five years in prison. Human Resource staff confirm that any false information or omissions would result in an employee or contractor being terminated.

115.17 (h): The Memorandum for Human Resource Managers documented that the agency provides information related to substantiated allegations of sexual abuse or sexual harassment involving a former employee to institutional employers for whom the employee has applied to work. Specifically, the memo indicates that all request should be forwarded to the Office of Internal Affairs and that this office will respond to all requests. Human Resource staff indicated that this information would be provided when requested.

Based on a review of the PAQ, P3000.03, Standard Form 85P, BOP Recruiting Flyer, General Employment Considerations for Staff, Memorandum for Human Resource Managers, the Eligibility Questions, a review of personnel files for staff and contractors and information obtained from the Human Resource staff interview indicates that this standard is compliant.

<b>115.18</b>	<b>Upgrades to facilities and technologies</b>
	<b>Auditor Overall Determination:</b> Meets Standard

Documents:

1. Pre-Audit Questionnaire

Interviews:

1. Agency Head (Director of the BOP)
2. Warden

Site Review Observations:

1. Absence of Modification to the Physical Plant
2. Video Monitoring Technology

Findings (By Provision):

115.18 (a): The facility has not designed, acquired or planned any expansion or modification of the existing facility since the last PREA audit. The interview with the Director of the BOP and the Warden confirmed that new facility designs, modifications and technology upgrades would be reviewed to see how these modifications or upgrades may enhance the ability to protect inmates against sexual abuse. During the site review of the facility, the auditor did not observe any modifications or expansions.

115.18 (b): The facility has not installed or updated video monitoring technology, electronic surveillance system or other monitoring technology within the current audit period. The PAQ as well as the interview with the Warden confirmed there have been no upgrades or installation of video monitoring technology. The interview with the Director of the BOP and the Warden confirmed that new facility designs, modifications and technology upgrades would be reviewed to determine how these modification or upgrades may enhance the ability to protect inmates against sexual abuse.

Based on the interviews and observations, this standard is determined to be compliant.

Interviews:

1. Random Staff
2. SAFE/SANE staff
3. PREA Compliance Manager
4. Random Inmates
5. Mental Health Staff
6. Inmates who Reported Sexual Abuse

Findings (By Provision):

115.21 (a): The Prison Rape Elimination Act Investigation Policy Memorandum (07/09/14), pages 10-13, section 234.13 outline the uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions. The policy outlines evidence preservation, medical examinations, forensic crime scene investigation with biological evidence, handling biological evidence and detecting and testing forensic evidence. The PAQ indicated that the agency is responsible for conducting administrative investigations while the FBI is responsible for conducting criminal investigations. Interviews with random staff indicated that they are aware of evidence protocol and that they were responsible for preserving evidence.

115.21 (b): The Prison Rape Elimination Act Investigation Policy Memorandum, as well as the PAQ indicates that medical forensic examinations are conducted in accordance with standards set forth in "A National Protocol for Sexual Assault Medical Forensic Examinations, Adult/Adolescents, DOJ Office of Violence Against Women, second edition, April 2013".

115.21 (c): The Prison Rape Elimination Act Investigation Policy Memorandum, page 10, section 234.13, indicates that all inmate victims of sexual abuse are offered a forensic medical examination, whether on-site or at an outside facility, without financial cost. P6013.04, page 4, specifically states that only in institutions where extreme security concerns exist may an in-house physician be used. A memo from the warden states that the facility utilizes Jackson County Hospital for Forensic

Medical Examinations. The local hospital has a SAFE / SANE on staff. Interviews with medical staff while on-site indicated that there is a local hospital where inmates are taken if outside medical service is needed. The PAQ indicated the during the previous twelve months, there has been 1 forensic exam conducted. This exam was performed by a SANE/SAFE.

115.21 (d): The PAQ indicated that the agency attempts to make available to the victim a victim advocate from a rape crisis center and if a rape crisis center is not available, a qualified staff member from a community-based organization or a qualified agency staff member. The memo from the PCM indicated that the facility utilizes National Sexual Assault Telephone Hotline (HOPE) for victim advocacy. The facility also utilizes a licensed psychologist in this capacity, if needed.

Documentation was provided for the psychologist of the active license. During the onsite audit, inmates who reported a sexual abuse were interviewed. Only one of these inmates reported the incident within a time frame that provided for a forensic exam. All of these inmates interviewed indicated that they were offered a medical exam by staff at the facility. These inmates also indicated that they were offered and received services from in-house mental health. Interviews with random staff and inmates indicated that an advocate would be contacted and provided in the event of a sexual abuse. The inmates also have access to the victim advocacy information which is provided by psychology staff and is included in the inmate handbook and information pamphlet.

115.21 (e): The PAQ indicate that, as requested by the victim, the victim advocate, qualified agency staff member or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews. The facility memo indicated that inmates are transported to the local hospital for forensic examinations. Additionally, the facility utilizes psychology staff to provide victim support services during the forensic medical exam and during investigatory interviews. The National Sexual Assault Telephone Hotline is also available for inmates to access for victim advocacy.

Random interviews with inmates and staff interviews indicated that an advocate would be contacted and provided in the event of sexual abuse. The inmates have access to victim advocacy information as it is included in the inmate handbook and the pamphlet as well as on signage throughout the facility. Inmates who reported sexual abuse were interviewed by the auditor and stated that they were provided victim advocacy support.

115.21 (f): The agency is responsible for conducting administrative investigations while the FBI is responsible for conducting criminal investigations. The FBI complies with all investigatory requirements under PREA standards 115.21, 115.34 and 115.71. Additionally, the FBI follows a uniform evidence protocol and utilizes the FBI Domestic Investigations and Operations Guide for training. A memorandum from the

facility warden states that FCI/SPC Marianna investigates allegations of sexually abusive behavior in-house. These investigations are sometimes conducted in cooperation with OIG and the FBI.

115.21 (g): The agency is responsible for conducting administrative investigations while the FBI is responsible for conducting criminal investigations. The FBI complies with all investigatory requirements under PREA standards 115.21, 115.34, and 115.71. Additionally, the FBI follows a uniform evidence protocol and utilizes the FBI Domestic Investigations and Operations Guide for training.

115.21 (h): The qualified agency staff member is one of the psychologists at the facility. This staff member has received training titled: Forensic Medical Exams: An Overview for Victim Advocates.

Based on a review of the PAQ, the PREA Investigation Policy Memo, P6031.04, the memo related to forensic exams and advocacy, and information from interviews with the PREA Compliance Manager, inmates who reported a sexual abuse and random inmates and staff, this standard is determined to be compliant.

Interviews:

1. Agency Head (Director of the BOP)
2. Investigative Staff

Findings (By Provision):

115.22 (a): P5324.12, page 43, outlines the administrative and criminal investigative process. The PAQ indicated that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The AG Memo and AG Order 285-2006 indicates that the Office of the Inspector General has the authority to conduct criminal and administrative investigations throughout the agency. The MOU with the FBI as well as P5508.02 confirms that the FBI is responsible for conducting criminal investigations related to Title 18 and/or any criminal activities at Bureau facilities. Allegations are reported to the Operations Lieutenant and immediately forwarded to the facility investigator for investigation. The interview with the Director of the BOP indicated that all allegations are investigated. Specifically, the OIG investigates potential criminal cases involving staff-on-inmate sexual abuse; the OIA investigates administrative cases of staff-on-inmate sexual abuse or sexual harassment and the Special Investigative Services (SIS) lieutenant at the facility investigates all other cases. The auditor reviewed a sample of investigative reports from the previous 12 months. These investigations appear to meet the requirements of this standard.

115.22 (b): P5324.12, page 43, outlines the administrative and criminal investigative process. The PAQ indicated that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The AG Memo and AG Order 2835-2006 indicates that the Office of the Inspector General has the authority to conduct criminal and administrative investigations throughout the agency. Additionally, the MOU with the FBI as well as P5508.02 confirms that the FBI is responsible for conducting criminal investigations related to Title 18 and / or any criminal activities at Bureau facilities. A review of the BOP website indicated that

P5508.02 which describes the FBI's authority to conduct criminal investigations is available at <https://www.bop.gov/PublicInfo/execute/policysearch?todo=query>. The interview with the investigator indicated that the facility has the legal authority to conduct administrative investigations and that criminal investigations are referred to the FBI.

115.22 (c): P5324.12, page 43, outlines the administrative and criminal investigative process. The PAQ indicated that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The AG Memo and AG Order 2835-2006 indicates that the Office of the Inspector General has the authority to conduct criminal and administrative investigations throughout the Department. Additionally, the MOU with the FBI as well as P5508.02 confirms that the FBI is responsible for conducting criminal investigations related to Title 18 and / or any criminal activities at Bureau facilities. A review of the BOP website indicated that P5508.02 which describes the FBI's authority to conduct criminal investigations is available at <https://www.bop.gov/PublicInfo/execute/policysearch?todo=query>.

115.22 (d): P5324.12, page 43, outlines the administrative and criminal investigative process. A review of the Sexually Abusive Behavior Prevention and</p>

Intervention program training curriculum outline and PowerPoint slides confirmed that the training includes information on: the agency's zero-tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the inmates' right to be free from sexual abuse and sexual harassment, the right of the inmate to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationships with inmates, how to communicate effectively and professionally with lesbian, gay, bisexual, transgender and intersex inmates and how to comply with relevant laws related to mandatory reporting. A review of a sample of staff training records indicated that 100% of those reviewed had received PREA training. Interviews with random staff confirmed that they had received PREA training during annual training and that they receive information through supplemental trainings. Staff confirmed all required topics were covered in the training.

115.31 (b): P3524.12, page 25, indicates that the annual refresher training takes into consideration the gender of the inmate population at the facility. The PAQ indicated that training is tailored to the gender of inmate population at the facility and that employees who are reassigned to facilities with opposite gender inmates are given additional training. A review of the training curriculum confirmed that the annual training includes information on male and female inmates.

115.31 (c): P5324.12 indicates that new employees receive the Sexually Abusive Behavior Prevention and Intervention Program training and that current employees receive the training as part of their annual training. A review of documentation confirmed that all of the staff records reviewed had received PREA training and that those hired prior to the previous twelve months had received annual refresher training. The PAQ indicates that in years in which an employee does not receive refresher training, the training is provided through recalls, conference calls, department head meetings and emails.

115.31 (d): The PAQ as well as P5324.12, page 26 indicates that all staff are required to physically sign or electronically acknowledge that they received and understood the PREA training. A review of the training records indicate that staff are required to sign a training acknowledgement upon completion of training which states, "I have received and understand the training conducted regarding the agency's sexual abuse and sexual harassment policies and procedures." A review of a sample of staff training records indicated that staff have signed the acknowledgement form.

Based on a review of the PAQ, P5324.12, MNA-5324.13F, the Sexually Abusive

	<p>Behavior Prevention and Intervention Program training curriculum, a review of a sample of staff training records as well as interviews with random staff indicate that the facility exceeds this standard. The facility conducts annual training and supplements annual training through emails, trainings, during staff meetings and other mechanisms.</p>

All volunteers and contractors are required by the agency to receive the PREA Training for Volunteers. A review of a sample of training documents for contractors indicated that they had received PREA training. Additionally, the interviews conducted with contractors confirmed that they receive PREA training each year and that they were aware of the zero-tolerance policy</p>

and knew to immediately report any information regarding a PREA incident to a staff member. There were no volunteers at the facility during the on-site audit and therefore, were not able to be interviewed.

115.32 (b): The information provided by the facility indicates that the level and type of training provided to volunteers and contractors is based on the services they provide and the level of contact they have with inmates. Additionally, the volunteers and contractors are notified of the agency’s zero-tolerance policy regarding sexual abuse and sexual harassment and are informed on how to report such incidents. Volunteers and contractors are required to receive the PREA Training for Volunteers. They may be required to complete the staff PREA training, Sexually Abusive Behavior Prevention and Intervention Program, if their level of contact warrants. A review of a sample of training documents for contractors indicated that they had received PREA training. Additionally, the interviews conducted with contractors confirmed that they had received PREA training each year and that they were aware of the zero-tolerance policy and knew to immediately report to a staff member. There were no volunteers at the facility during the on-site audit and therefore, were not able to be interviewed.

115.32 (c): A review of a sample of training documents for contractors indicated that all of those reviewed had signed the acknowledgement of training form. The bottom of this form has a section which reads “I am aware and understand the Federal Bureau of Prisons zero-tolerance policy on sexual abuse and sexual harassment. I have been instructed and understand how to report incidents of sexual abuse and sexual harassment.”

Based on a review of the PREA Training for Volunteers, a review of a sample of contractor and volunteer training records, the training agenda as well as the interviews with contractors indicate that this standard is compliant.

Site Review Observations:

1. Intake Area
2. PREA Signs in English and Spanish

Findings (By Provision):

115.33 (a): P5324.12, pages 26-27, outlines the requirement for inmates to receive PREA education. Page 26 specifically states that inmates receive information on the agency's zero-tolerance policy and how to report incidents or suspicion of sexual abuse or sexual harassment via the A&O pamphlet on Sexually Abusive Behavior Prevention and Intervention. The PAQ indicated that 972 inmates received information at the time of intake during the past twelve months on the zero-tolerance policy and how to report. A review of inmate records indicate that they had received PREA information at intake. During the site review, the auditor observed the intake area and was provided an overview of the intake process. Inmates are provided the

inmate handbook and were also asked the risk screening questions during this time. The interview with intake staff indicated that the facility provides inmates information related to the zero-tolerance policy and reporting mechanism via the A&O handbook. Inmates that were interviewed indicated that they received information the agency's sexual abuse and sexual harassment policies.

115.33 (b): P5324.12, pages 26-27, outlines the requirement for inmates to receive PREA education. Page 27 specifically discusses the comprehensive education that is provided to the inmates. The policy indicates that during the A&O program, a designated staff member will present the Sexually Abusive Behavior Prevention and Intervention Program. A review of the training document (available in English and Spanish) indicated that inmates are educated on definitions, the zero-tolerance policy, ways to prevent sexual abuse, how to report, information on the investigative process, counseling programs for victims and management programs for abusers. The PAQ indicated that 972 inmates received comprehensive PREA education within 30 days of intake. A review of inmate records indicate that they had received comprehensive PREA education within 30 days of inmate. Interviews with inmates indicated that they received information on the agency's sexual abuse and sexual harassment policies.

115.33 (c): The PAQ indicated that all current inmates at the facility had been educated on PREA. Additionally, P5324.12, page 27, indicates that the agency requires that all inmates who are transferred from one facility to another be educated regarding their rights under PREA to the extent that the policies and procedures of the new facility differ from those of the previous facility. All inmates are typically educated upon transfer, whether policies and procedures differ or not. The interview with the intake staff indicated that all inmates who arrive at the facility go through R&D, receive the handbook and then go through A&O orientation.

115.33 (d): The PAQ indicated that PREA education is available in accessible formats for disabled and Limited English Proficient (LEP) inmates. The facility has staff members who are fluent in Spanish to provide accommodations for inmates who are LEP. The A&O pamphlet as well as the Sexually Abusive Behavior Prevention and Intervention Program is available in English and Spanish. Interviews were conducted with LEP inmates through a staff translator. These inmates stated that they were provided PREA information in Spanish and were assisted by staff to help them understand the PREA information. A review of LEP inmate files indicated that all received PREA information in a format they could understand.

115.33 (e): P5290.14, page 10 indicates that inmates are required to sign a copy of the A&O pamphlet at intake and that the original is placed in the inmates' central file.

	<p>Additionally, the education is documented on the Institution A&amp;O Program Checklist (Form BP-A0518) and the Unit A&amp;O Program Checklist (Form BP-A0597). A review of inmate files indicate that they were documented to have received PREA education.</p> <p>115.33 (f): The PAQ indicated that information is continuously available through posters, inmate handbooks or other written forms for the inmate population. A review of documentation indicated that the facility had PREA information via the orientation handbook, the A&amp;O pamphlet and through PREA signage. During the site review, the auditor observed the PREA signage in each housing unit and in common areas.</p> <p>Based on a review of the PAQ, P5324.12, P5290.14, MNA - 5324.12F, the A&amp;O pamphlet, the Sexually Abusive Behavior Prevention and Intervention Program, the orientation handbook, a review of inmate records, observations made during the tour to include the availability of PREA information via signage and documents as well as information obtained during interviews with intake staff and random inmates indicate that this standard appears to be compliant.</p>

Interviews:

1. Investigative Staff

Findings (By Provision):

115.34 (a): P5324.12, page 28, and the PAQ indicate that investigators are required to be trained in conducting sexual abuse investigations in a confinement setting. This training is completed through two curriculums: the DOJ/OIG PREA Training for the NIC: Investigating Sexual Abuse in a Confinement Setting. A review of an email from the Administrator of the External Auditing Branch indicated that 108 OIG field agents have completed the DOJ/OIG PREA training. A review of the facility investigator training records indicated that the training had been completed. Additionally, a review of training records revealed that additional facility staff have completed the NIC training. The MOU and letter from the FBI indicate that the agency is compliant with all PREA investigatory standards to include 115.34. The interview with the investigator indicated that specialized training was completed. The NIC training was completed and refresher training is completed annually.

115.34 (b): P5324.12, page 28, and the PAQ indicates that investigators are required to be trained in conducting sexual abuse investigations in a confinement setting. This training is completed through two curriculums: the DOJ/OIG PREA Training or the NIC: Investigating Sexual Abuse in a Confinement Setting. A review of the training curriculums confirmed they included the following: techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate a case for administrative action or criminal prosecution. A review of an email from the Administrator of the External Auditing Branch indicated that 108 OIG field agents have completed the DOJ/OIG PREA training. A review of the facility investigators' training records indicated that they had completed the training. Additionally, a review of training records revealed that additional facility staff have completed the NIC training. The MOU and letter from the FBI indicate that they are compliant with all PREA investigatory standards to include 115.34. The interview with

1. Observations during the on-site review of the physical plant

Findings (By Provision):

115.35 (a): P5324.12, pages 28-29, requires that the Health Services Division or the Reentry Services Division ensure all medical and mental health care staff complete the required specialized training. The training consists of the PREA Resource Center (PRC) PREA Medical and Mental Health Care: A Trauma Informed Approach training as well as the Forensic Medical Examinations: An Overview for Victim Advocates training. Based on a review of the training modules, they include the following topics: how to detect and assess signs of sexual abuse and sexual harassment, how to preserve physical evidence of sexual abuse, how to respond effectively and professionally to victims of sexual abuse and sexual harassment and how and whom to report allegations or suspicions of sexual abuse and sexual harassment. The PAQ indicated that the facility has 26 medical and mental health staff and that 100% of these staff received the specialized training. A review of medical and mental health training records indicated that those sampled had received the specialized training.

Interviews with medical and mental health staff confirmed that they had received the PREA specialized training.

115.35 (b): This provision does not apply. Forensic exams are not conducted on-site by any of the facility's medical staff. Interviews with medical staff confirm that they do not perform forensic medical examinations and that inmates are transported to a local hospital for forensic examinations.

115.35 (c): Documentation showing the completion of training is maintained by the agency. A review of training documents for medical and mental health care staff confirm that the completed training is documented via a training certificate.

	<p>115.35 (d): Medical and mental health care staff are considered correctional workers. Interviews:

1. Staff Responsible for Risk Screening
2. Random Inmates
3. PREA Coordinator
4. PREA Compliance Manager

Site Review Observations:

1. Risk Screening Area
2. Locations of Inmate File Storage

Findings (By Provision):

115.41(a): P5324.12, pages 29-32 describe the risk screening process. It indicates that inmates will be assessed during the intake screening for their risk of being sexually abused by other inmates or sexually abusive toward other inmates.

P5324.12 further states that if an inmate is determined to be at risk of being sexually victimized by or being sexually abusive toward other inmates, they will be referred to Psychology Services for a reassessment. During the site review, the auditor observed the inmate intake area. The risk screening is conducted in private offices in intake.

Interviews with random inmates confirm that they were asked questions either the same day or the next day after their arrival at the facility. The interview with the staff responsible for the risk screening indicated that inmates are screened using the screening instrument.

115.41 (b): P5324.12, page 39, indicates that all inmates will be assessed within 72 hours of arrival at the facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates. The PAQ indicated that inmates are screened within this timeframe and that 100% of those whose length of stay was for 72 hours or more received the risk screening within 72 hours. A review of a sample of inmate records confirmed that they were all screened within 72 hours.

115.41 (c): The PAQ indicated that the risk screening is conducted using an objective screening instrument. A review of the Intake Screening Form indicated that inmates are asked "yes" or "no" questions and a few of these questions are then utilized on

the PREA Intake Objective Screening Instrument. The screening instrument includes sections that are determined based on the inmate's history (which can be found in her/his file).

115.41 (d): A review of the PREA Intake Objective Screening Instrument indicates that the intake screening considers the following criteria to assess inmates for risk of sexual victimization: whether the inmate has a mental, physical or developmental disability; the age of the inmate; the physical build of the inmate; whether the inmate was previously incarcerated; whether the inmate's criminal history is exclusively nonviolent; whether the inmate has prior convictions for sex offenses against an adult or child; whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender non-conforming and whether the inmate is detained solely for civil immigration purposes. The Intake Form takes into consideration whether the inmate has previously experienced sexual victimization and the inmate's own perception of vulnerability. The Intake Form information is then transferred over to be included in the PREA Intake Objective Screening Instrument. Interviews with staff who perform the risk screening indicated that the required components are included and that the majority of the questions are yes or no format, with a few that are open-ended.

115.41 (e): A review of the PREA Intake Objective Screening Instrument confirms that the intake screening considers the following: prior acts of sexual abuse, prior convictions for violent offenses and prior institutional violence or sexual abuse known to the facility. Interviews with intake staff confirm that these criteria are considered and utilized to determine if the inmate is a potential predator and how to house accordingly. Interviews with staff who perform the risk screening indicated that the required components are included and that the majority of the questions are yes or no format, with a few that are open-ended.

115.41 (f): P5324.12, page 32 indicates that inmates would be reassessed for the inmate's risk of victimization or abusiveness within 30 days from their arrival by facility staff, ordinarily Psychology Services and Unit Management staff. The PAQ indicated that the facility requires inmates to be reassessed within 30 days of their arrival and that the inmates whose length of stay in the facility was for 30 days or more were reassessed for their risk of sexual victimization or of being sexually abusive. Interviews with staff responsible for the risk screening indicated that inmates are reassessed within 30 days. Interviews with random inmates indicated that some did not remember a reassessment. A review of a sample of inmate files indicated that inmates were reassessed within the 30-day timeframe.

115.41 (g): P5324.12, page 32, indicates that inmates would be reassessed for their

risk of victimization or abusiveness when warranted due to a referral, request, incident of sexual abuse or receipt of additional information that bears on their risk of sexual victimization or abusiveness. This reassessment would be completed by Psychology Services staff. Interviews with staff indicated that any inmate who alleged sexual abuse would be administered a reassessment during their mental health evaluation. The necessary information would then be passed on to unit management staff to review. Interviews with staff responsible for risk screening indicated that inmates are also reassessed when warranted. The interviews with random inmates indicated that some did not remember the risk assessment being conducted after the initial time. A review of a sample of inmate files indicated that inmates were reassessed, when warranted.

115.41 (h): P5324.12, page 32, indicates that inmates would not be disciplined for refusing to answer the following questions during the risk screening: whether or not the inmate has a mental, physical or developmental disability' whether or not the inmate is perceived to be gay, lesbian, bisexual, transgender, intersex or gender nonconforming; whether or not the inmate previously experienced sexual victimization and the inmate's own perception of vulnerability. The PAQ indicated that inmates are not disciplined for refusing to answer. The interview with the staff responsible for risk screening indicated that inmates are not disciplined for refusing to answer any of the questions in the risk screening.

115.41 (i): P5324.12, page 32 as well as the PAQ indicated that the agency has implemented appropriate controls on the dissemination of the screening information to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. Specifically, the policy states that information is disseminated on a need-to-know basis for staff. Interviews with the PREA Coordinator, PREA Compliance Manager and staff responsible for the risk screening indicate that the information obtained during the risk screening is limited to staff who have a need to know. This would include the Unit Team and those individuals who determine housing and work assignments.

Based on a review of the PAQ, P5324.12, MNA-5324.12F, Psychology Services Questionnaire, Psychology Services Risk of Victimization / Abusiveness forms, Inmate Individual Needs Plan, Inmate Activity Record, the Intake Screening Form, the PREA Intake Objective Screening Instrument, a review of inmate files and information from interview with the PREA Coordinator, PREA Compliance Manager, staff responsible for conducting the risk screenings and random inmates indicate that this standard is compliant.

**Auditor Discussion**

Documents:

1. Pre-Audit Questionnaire
2. P5324.12, Program Statement, Sexually Abusive Behavior Prevention and Intervention Program
3. MNA-5324.12F, Institution Supplement, Sexually Abusive Behavior Prevention and Intervention Program

5. Memorandum from the Warden regarding the Use of Screening Information

Interviews:

1. Staff Responsible for Risk Screening
2. PREA Coordinator
3. PREA Compliance Manager
4. Random Inmates, Transgender Inmates and Gay/Bisexual Inmates

Site Review Observations:

1. Location of Inmate Records
2. Housing Assignments of Inmates
3. Shower Area in Housing Units

Findings (By Provision):

115.42 (a): P5324.12, page 33 and MNA-5324.12F indicate that the agency uses the information from the risk screening to recommend housing, bed, work, education and program assignments with the goal of keeping separate inmates at high risk of being sexually abused from those at high risk of being sexually abusive. Specifically, the policies indicate that all inmates who are determined to be “at risk” will be reviewed

quarterly at a PREA meeting with psychologists, SOMP staff, Unit Managers, Chief of Correctional Services, Camp Administrator and SIS staff. During this meeting, staff will take into account any new information and will reassess the inmate's risk level to better be able to address the inmate's needs and ensure the inmate a humane living environment. Transgender and intersex inmates will be reassessed during this meeting to ensure appropriate housing. The interview with the PCM indicated that information is given to Psychology Services and if they have any concerns, a decision would be made regarding the need for more appropriate housing. The Unit Manager reviews the list of inmates to ensure inmates are housed appropriately. The interviews with the staff responsible for the risk screening indicated these lists of inmates are reviewed and a list is updated weekly which is used to determine housing, work and program assignments. The staff members indicated they would also check periodically to ensure that the recommendations for housing, program and work assignments are being followed. A review of inmate files and of inmate housing and work assignments confirmed that inmates at high risk of victimization and inmates at high risk of being sexually abusive are not housed together. Additionally, they do not work together nor attend education or other programs together, to the extent possible.

115.42 (b): P5324.12 and the PAQ indicated that the agency makes individualized determinations about how to ensure the safety of each inmate. The interview with the staff responsible for the risk screening indicated that the Unit Manager will review the lists of inmates to ensure that inmates are housed appropriately.

115.42 (c): P5324.12 indicates that housing and program assignments for transgender and intersex inmates are considered on a case-by-case basis to ensure the inmate's health and safety, and whether the placement would present management or security problems. The PAQ indicated that this practice is taking place within the agency. The interview with the PCM indicated that the agency male and female housing unit determinations are made on a case-by-case basis by the Executive Staff. The local facility housing determinations for transgender inmates are also on a case-by-case basis. The interviews with transgender inmates indicated that they were asked about their safety by staff at the facility during intake screening and they did not feel they were housed specifically due to their sexual identity.

115.42 (d): P5324.12 indicates that housing and program assignments for transgender and intersex inmates are reassessed at least twice each year to review any threats to the inmate's safety. The interview with the PCM and staff responsible for the risk screening indicated that transgender and intersex inmates are reassessed at least twice a year.

	<p>115.42 (e): P5324.12 indicates that the transgender or intersex inmate’s own views with respect to his or her safety is given serious consideration. The interview with the PCM and staff responsible for the risk screening indicated that transgender and intersex inmates are asked about their safety during the assessments and the information is given serious consideration. The interviews with random inmates as well as transgender inmates indicated that they were asked about their safety by staff at the facility during intake.</p> <p>115.42 (f): P5324.12 indicates that transgender and intersex inmates are given the opportunity to shower separately. During the on-site review, it was confirmed that all inmates are provided privacy while showering. The facility housing units all contain multiple single person showers with doors which provide privacy. The interview with the PCM and the staff responsible for risk screening confirmed that transgender and intersex inmates can shower separately. Interviews with random inmates and transgender inmates indicated that they are able to shower separately from other inmates.</p> <p>115.42 (g): P5324.12, the PAQ and a review of housing assignments indicate that all of the housing units are the same. The interviews with PC and PCM confirmed that LGB inmates are not placed in one specific housing unit. The interviews with random inmates as well as LGB inmates and transgender inmates all indicated that they were not housed in a unit specifically due to their identification status.</p> <p>Based on a review of the PAQ, P5324.12, MNA-5324.12F, the memo from the warden, a review of inmate housing assignments, and information from interviews with the PREA Compliance Manager, staff responsible for conducting risk screenings, random inmates, and LBGTI inmates, this standard is determined to be compliant.</p>

Interviews:

1. Warden
2. Staff Who Supervise Inmates in Segregated Housing

Site Review Observations:

1. Observations of the Facility / Special Housing Unit

Findings (By Provision):

115.43 (a): P5324.12 indicates that the agency does not place inmates at high risk for sexual victimization in involuntary special housing unless an assessment of all available alternatives has been made and no alternative is available to separate the inmate victims from likely abusers. The PAQ indicated there have been no instances where inmates have been placed in involuntary segregated housing due to their risk of sexual victimization.

115.43 (b): P5324.12 indicates that if an inmate was placed in special housing, that they would have access to programs, privileges, education and work opportunities to the extent possible and all limitations would be documented with the indication of the reason and length of time of the limitation. The policy indicates that the Chief of Correctional Services is responsible for documenting any such limitations, duration and rationale. The interviews with random staff were conducted and indicated that inmates would have access to everything except a work assignment.

115.43 (c): P5324.12 indicates that if an inmate was placed in special housing due to

risk of victimization they would only be placed in this status until an alternative means of separation from likely abusers could be arranged, and such assignment would not ordinarily exceed 30 days. The policy indicates that the Warden would review, complete and sign BP-A1002 form and place a copy in the inmate's central file. The PAQ indicated that there has been 1 instance where an inmate has been placed in involuntary segregated housing due to their risk of sexual victimization. The interview with the Warden indicated that inmates would only be placed in involuntary special housing until an alternative means of separation could be arranged.

115.43 (d): P5324.12 indicates that if an involuntary segregated housing assignment is made, that the facility will clearly document the basis for the concern for the inmate's safety and the reasons that no alternative means of separation can be arranged. Additionally, policy indicates that the inmate will receive mental health services at least every 30 days. The PAQ indicated there has been 1 instance where an inmate has been placed in involuntary segregated housing due to their risk of sexual victimization. This inmate was placed in special housing temporarily until alternative housing could be arranged.

115.43 (e): P5324.12 and the PAQ indicate that if an inmate was placed in segregated housing due to risk of victimization, they would be reviewed every 30 days to determine if there was a continued need for the inmate to be separated from the general population. Specifically, policy indicates that inmates would be reviewed weekly at the Special Housing Unit Meeting. There were no inmates housed in segregated housing for risk of sexual victimization or who allege to have suffered sexual abuse during the time of the on-site audit.

Based on a review of the PAQ, P5324.12, BP-A1002, the memo from the warden, observations from the site review, as well as information from the interview with the Warden and staff indicate that this standard is determined to be compliant.

Site Review Observations:

1. Observation of PREA Reporting Information in Housing Units

Findings (By Provision):

115.51 (a): P5324.12 indicates that the agency provides multiple ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse or sexual harassment and staff neglect or violation of responsibilities that may have contributed to such incidents. A review of additional documentation to include the Sexually Abusive Behavior Prevention and Intervention inmate education and PREA signage and MNA-5324.12F indicated that there are multiple ways for inmates to report. These methods include: to any employee, contractor or volunteer via a “drop-note” or other written communication; via a grievance (administrative remedy); to the OIG either via a written letter or via the inmate’s TRULINCS email. Additionally, inmates can report via third-party. The third-

party can call, write or email. They are also able to voice a concern on the agency website at: <https://www.bop.gov/inmates/concerns.jsp>. During the on-site review, it was observed that information pertaining to how to report PREA allegations was posted in all housing units. Interviews with a sample of inmates confirm that they are aware of the methods to report sexual abuse and sexual harassment and that they were informed of these methods. Most inmates indicated that they would tell a staff member, do it through the computer (copout or email) or via inmate phone (hotline). Interviews with random staff confirm that they take all allegations seriously and that inmates have multiple ways (written, verbal, electronic, anonymous and third-party) to report sexual abuse and sexual harassment.

115.51 (b): P5324.12 indicates that the agency has a way for inmates to report abuse or harassment to a public or private entity that is not part of the agency, and that the entity can immediately forward the information to agency officials. Inmates can report to the OIG via their TRULINCS email or via a written letter. Additionally, third parties can contact the OIG on behalf of the inmate. During the on-site review, it was observed that information pertaining to how to report PREA allegations was posted in all housing units. All inmates have access to the computer email system and can send a confidential email directly to the Office of the Inspector General. The interview with the PCM indicated that the outside information is located on posters and they can send information to the OIG. The PCM indicated that the information would be forwarded back to the facility investigator or to SIS if it involved staff. Interviews with a sample of inmates confirm that most are aware of the email reporting mechanism and that the information is posted in their housing area.

115.51 (c): P5324.12, notes that staff are required to accept all reports made verbally, in writing, anonymously and from a third-party and will promptly document any verbal reports. The memo from the Warden as well as the PAQ indicated that staff accept all reports and that they immediately document any verbal allegations of sexual abuse or sexual harassment. Interviews with a sample of inmates confirm that they are aware of the methods available for reporting. Interviews with a sample of staff indicate they accept all allegations of sexual abuse and sexual harassment and they immediately report any allegation to the Operations Lieutenant and fill out the form on the computer.

115.51 (d): P5324.12 describes that the agency provides a method for staff to privately report sexual abuse and sexual harassment of inmates. The PAQ and policy indicate that staff can privately report to the Office of the Inspector General, Office of Internal Affairs or any supervisory staff. Additionally, staff are informed of the way to report via BOP PREA Notices and via P3420.11. Interviews with a sample of staff indicate that they can privately report sexual abuse and sexual harassment of inmates to facility leadership or through the form on the computer.

and sexual harassment. Specifically, page 4 indicates that the agency does not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. Page 4 also discusses that the agency does not require an inmate to use the informal grievance process, or attempt to resolve with staff, an alleged incident of sexual abuse. A review of the Sexually Abusive Behavior Prevention and Intervention education, page 3 discusses administrative remedy procedures. The PAQ indicated that there were no PREA allegations filed at the facility in the past 12 months as a grievance.

115.52 (c): P1330.18 outlines the grievance process for allegations of sexual abuse and sexual harassment. Pages 6 and 14 specifically state that the inmate may submit a grievance without submitting it to the staff member who is the subject of the complaint and grievances will not be referred to staff members who are the subject of the complaint. A review of the Sexually Abusive Behavior Prevention and Intervention education, page 3 discusses administrative remedy procedures. The PAQ indicated that The PAQ indicated that there were no PREA allegations filed at the facility in the past 12 months as a grievance.

115.52 (d): P1330.18, page 14, section d, outlines the grievance process for allegations of sexual abuse and sexual harassment. Specifically, the policy states that the agency would issue a final decision on grievances related to sexual abuse within 90 days of the initial filing. The 90 days does not include the time used by the inmate to prepare any administrative appeal. The agency may claim an extension up to 70 days if the normal time period for response is insufficient to make an appropriate decision. The inmate must be notified in writing of the extension and be provided a date by which the decision will be made. The policy also indicates that if the inmate does not receive a response within the allotted timeframe, the inmate will consider the absence of a response to be a denial. The PAQ indicated that there were no PREA allegations filed at the facility in the past 12 months as a grievance. Interviews with random inmates indicated that they were aware of the grievance process.

115.52 (e): P1330.18, page 14, section e, outlines the grievance process for third-party allegations of sexual abuse and sexual harassment. Specifically, the policy states that third parties are permitted to assist inmates in filing requests for administrative remedies for sexual abuse and are permitted to file such requests on behalf of the inmate. In addition, the policy states that if a third-party files a report on behalf of an inmate, the agency may require the alleged victim to agree with the request prior to filing and if the inmate declines, the inmate will be required to complete a sworn affidavit stating that he does not want the grievance to proceed. The PAQ indicated that there have not been any third-party grievances filed in the previous twelve months.

	<p>115.52 (f): P1330.18, page 14, section f, outlines the grievance process for allegations of sexual abuse and sexual harassment. Specifically, the policy states that the agency provides inmates the opportunity to file an emergency grievance alleging substantial risk of imminent sexual abuse and the grievance will be addressed immediately. The policy indicates that an initial response will be provided within 48 hours and that a final decision will be provided within five calendar days. The final decision will document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance. The PAQ indicated that there have been zero emergency grievances alleging substantial risk of imminent sexual abuse filed in the previous twelve months.</p> <p>115.52 (g): P1330.18, page 16, indicates that inmates may be disciplined for filing a grievance in bad faith. Interviews:

1. Random Inmates
2. Inmate Who Reported Sexual Abuse

Findings (By Provision):

115.53 (a): P5324.12, page 36 and MNA-5324.12F, page 8, indicates that the agency provides access to outside victim advocates for emotional support related to sexual abuse by giving inmates mailing addresses and telephone numbers to victim advocates or rape crisis organizations and enables reasonable communication in as confidential a manner as possible. The PAQ indicated that inmates were provided mailing addresses and phone numbers and that they enabled reasonable communication with these services in as confidential a manner as possible. The Sexually Abusive Behavior Prevention and Intervention inmate education indicates that inmates can contact the services by telephone or by sending a letter. The Memo from the Chief Psychologist regarding attempts to obtain an outside provider for confidential support services indicates that FCI Marianna does not have an MOU with any outside provider for confidential emotional support services. The MNA-5324.12F and the Psychology Services Admission and Orientation PREA lesson plan direct inmates on how to seek services for emotional support. Psychology Services also provide inmates with advocacy services, as needed. Psychology Services staff are trained on how to provide support services. The National Sexual Assault hotline is also provided to the inmates. Interviews with random inmates indicated that most were familiar with the services provided by Psychology Services. Inmates are not detained solely for civil immigration purposes at this facility, therefore, that part of the provision does not apply. Interviews with inmates who reported sexual abuse and random inmates indicated that they were aware of the services provided by Psychology Services.

115.53 (b): P5324.12, page 36, indicates that prior to giving inmates access to outside support services, they are informed of the extent which communication will be monitored as well as any mandatory reporting rules and limits to confidentiality. Policy indicates that confidential is not the same as privileged communication and

	<p>such communication is monitored consistent with security practices. Interviews with random inmates indicate that most were familiar with the advocacy information and stated that information is provided to them in their packet of information they are given at intake and orientation. Interviews with inmates who had reported a sexual abuse indicated that they were aware of the services provided by Psychology Services. Most inmates indicated they believed that any contact with these services would be confidential. Inmates are not detained solely for civil immigration purposes at this facility, therefore, that part of the provision does not apply.</p> <p>115.53 (c): The facility has been unable to obtain an MOU with an outside provider to provide emotional support services to inmates for issues related to sexual abuse. A memo was provided to the auditor documenting the facility attempts to do so.</p> <p>Based on a review of the PAQ, P5324.12, MNA-5324.12F, the Sexually Abusive Behavior Prevention and Intervention – An Overview for Offenders, the Memo from the Chief Psychologist regarding attempts to obtain an MOU with an outside provider for victim advocacy services, observations from the facility site review related to PREA signage and posted information and interviews with random inmates and inmates who reported a sexual abuse, this standard is determined to be compliant.</p>

PREA Compliance Manager</li> </ol> <p>Findings (By Provision):</p> <p>115.61 (a): P5324.12, pages 37-38, outline the staff and agency reporting duties. The policy requires all staff to report any knowledge, suspicion or information regarding an incident of sexual abuse or sexual harassment, retaliation against any inmate or staff that reported such incidents and any staff neglect or violation of responsibility that may have contributed to an incident to the Operations Lieutenant. Staff are required to provide a written follow-up memo to the Operations Lieutenant.</p>

The Lieutenant is then required to notify the PREA Compliance Manager. The allegation is then entered into the Bureau's intelligence database. The PAQ along with interviews with random staff confirm that they take all allegations seriously and that they know they are required to report any knowledge, suspicion or information regarding an incident of sexual abuse and sexual harassment. Interviews with random staff also confirmed they would report retaliation or any staff neglect related to these incident types.

115.61 (b): P5324.12, page 38, describes that information is on a need-to-know basis and that information is only utilized for the inmate's welfare and the investigation of the incident. The PAQ along with interviews with random staff confirm that they would immediately report the information to the Operations Lieutenant. Interviews with random staff indicated they would only provide information to the Operations Lieutenant by filling out the PREA form that is on each facility computer.

115.61 (c): P5324.12, page 38, indicates that medical and mental health staff are required to report sexual abuse as described in section (a) and that they are required to inform inmates of their duty to report and the limits to confidentiality at the initiation of services. The PAQ along with interviews with medical and mental health care staff confirm that they would immediately report any allegation of sexual abuse that occurred within a confinement setting. Medical and mental health care staff indicated that they inform inmates of the limits of confidentiality.

115.61 (d): P5324.12, page 38, indicates that any alleged victims under the age of eighteen or considered to be a vulnerable adult would require the agency to report the allegation to the designated State or local service agency under applicable mandatory reporting laws. The PAQ along with interviews with the PCM and the Warden indicated that they had not had any of these reports, but if they did, they would report the allegation and then also report to the appropriate state or local service agency as required under the mandatory reporting laws. The facility does not house any youthful inmates.

115.61 (e): P5324.12, page 38, indicates that all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports would be reported to the facility's designated investigators. The PAQ along with the interview with the Warden confirmed that this is the practice. A review of investigative reports indicate that all allegations are reported initially to SIS and then forwarded to OIA, OIG or the FBI as required by policy.

Based on a review of the PAQ, P5324.12, investigative reports and interviews with

	random staff, medical and mental health staff, the PC, PCM and the Warden confirm this standard is compliant.

This action may include monitoring the situation, making changes in housing assignments, changes in work assignments, placing the alleged victim and perpetrator in special housing, reassignment of the staff member to another post or removal of the staff member from the facility. The PAQ noted that there were three (3) inmate victims who were determined to be at risk of imminent sexual abuse within the last 12 months. Interviews indicated that if an inmate is at imminent risk, that staff would immediately contact the Operations Lieutenant and remove the inmate</p>

	<p>victim from the situation. In the three incidents previously indicated, the inmate victim was removed from the area and steps taken to protect the inmate. The interviews with the Director of the BOP and the Warden indicated that any inmate at risk would be immediately safeguarded and then additional steps would be taken depending on the situation. The inmate victim may require a change in job assignment, housing assignment and/or program assignment. The inmate may be transferred to another facility or the perpetrator may be transferred to another facility. Inmates may be placed in special housing for the least amount of time necessary for a determination to be made regarding the safety of the inmate victim. Additionally, the interviews indicated that appropriate measures may also include moving a staff member's work assignment or removing the staff from the facility until the investigation is complete.</p> <p>Based on a review of the PAQ, P5324.12, the Memo from the Warden, and interviews with the Director of the BOP, Warden and random staff, this standard is determined to be compliant.</p>

### Findings (By Provision):

115.63 (a): P5324.12, pages 39-40, describe the requirements for reporting to other confinement facilities. The policy requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the Warden will notify the appropriate staff (Warden/Office of Internal Affairs) within the agency or the appropriate office if it is outside of the agency. The PAQ indicated that during the previous twelve months, the facility had two (2) inmates report that they were abused while confined at another facility. A Memorandum from the Warden also stated that there were two (2) reports. Documentation was provided to the auditor of the memorandums sent by the Warden at FCI Marianna to the wardens of the other facilities.

115.63 (b): P5324.12, page 40, describes the requirements for reporting to other confinement facilities. The policy requires that upon receiving an allegation that an inmate was sexually abused while confined at another facility, the notification will be made as soon as possible, but not later than 72 hours after receiving the allegation. The facility has received two (2) allegations in the past 12 months from inmates that they were sexual abused while confined at another facility. A review of the notifications of allegations indicated that notification to the warden where the alleged abuse occurred was made within the 72-hour requirement.

115.63 (c): The facility has received two (2) allegations in the past 12 months from inmates that they were sexual abused while confined at another facility. A review of the notifications of allegations indicated that notification to the warden where the alleged abuse occurred was made within the 72-hour requirement. Documentation of the notification meets this standard.

115.63 (d): P5324.12, page 40, indicates that the facility head or agency head that receives notification that an inmate alleges they were sexually abused shall ensure that the allegation is investigated in accordance with these standards. The facility did receive three (3) notifications from another facility in the past 12 months of inmates alleging sexual abuse at FCI Marianna. These allegations were immediately referred to the SIS for investigation. The interview with the Director of the BOP indicated that information of this nature is typically provided to the Warden of the institution where the alleged incident occurred. The Director of the BOP indicated that allegations of this nature are then investigated either locally at the facility or via OIA. The interview with the Warden confirmed that when the facility receives these allegations, they are

	<p>immediately forwarded for investigation.</p> <p>Based on a review of the PAQ, P5324.12, MNA 5324.12F, memos from the Warden and interviews with the Director of the BOP and Warden, as well as documentation provided of the actions taken regarding the allegations the facility received, this standard is determined to be compliant.</p>

Specifically, it requires that upon learning that an inmate was sexually abused, the first responder custody staff member will: separate the alleged victim and the alleged perpetrator, preserve and protect any crime scene until evidence can be collected and if the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim and ensure that the alleged perpetrator not take any action to destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating. All random staff interviewed were well versed on their first responder duties. Staff had a card that</p>

they can utilize during incidents to ensure they complete the required steps. All staff indicated they would separate the alleged victim and alleged perpetrator, would secure the crime scene and would instruct inmates not to destroy any physical evidence. Staff also indicated they would take the inmate to medical. Inmates were interviewed who had reported sexual abuse and did indicate that they were separated from the alleged perpetrator. One inmate stated that no one interviewed her for months later. The investigations were reviewed and all documented the dates of the reports as well as when staff made contact with the inmate and all were in compliance with the standard.

115.64 (b): P5324.12, page 40, describes staff first responder duties. Specifically, it requires that if the first responder is not a custody staff member, the responder shall advise the alleged victim and ensure the alleged perpetrator not take any action to destroy physical evidence, if it occurred within a time period that still allows for the collection of physical evidence. Additionally, policy indicates that the first responder must preserve the crime scene for the SIS. During the previous twelve months, there have been no allegations of sexual abuse in which the staff responder was not a security staff member. Interviews with first responders confirmed that they are aware of their first responder duties.

Based on a review of the PAQ, P5324.12, a review of the investigative files and interviews with first responders and random staff and inmates who reported a sexual abuse, this standard is determined to be compliant.

1. Agency Head (Director of the BOP)
2. Warden
3. Designated Staff Member Charged with Monitoring Retaliation
4. Inmate Who Reported Sexual Abuse

Findings (By Provision):

115.67 (a): P5324.12, pages 42-43, outline the agency's method for protection against retaliation. It addresses that the agency will protect all inmates and staff who report sexual abuse and sexual harassment from retaliation by other inmates and staff and has designated staff responsible for monitoring. The PAQ indicated that the facility has a policy and that the PREA Compliance Manager is responsible for monitoring retaliation.

115.67 (b): P5324.12, page 42, addresses the multiple measures that the facility will take to protect inmates and staff. These measures include housing changes or transfers for inmate victims, removal of the alleged staff abuser from contact with the victim and emotional support services for inmates or staff who fear retaliation for reporting. A review of investigative reports and monitoring documents indicated that there have been no allegations of retaliation nor any reported fear of retaliation.

Interviews with the Director of the BOP, Warden and staff responsible for monitoring retaliation all indicated that protective measures would be taken if an inmate or staff member expressed fear of retaliation. The interview with the Director of the BOP indicated that the PCM would monitor the inmate and monitoring would include housing and cell reassignments, work reassignments, programming changes and disciplinary action. The Director of the BOP indicated for staff it could include reassignment of work posts, performance evaluations and shift changes. The Warden and staff responsible for monitoring indicated inmates would be reviewed for up to 90 days for retaliation and that staff could be removed from the area or facility and the inmates could be moved to another facility.

115.67 (c): P5324.12, page 43, addresses that the facility will monitor the inmate for at least 90 days following a report of sexual abuse and will monitor the conduct and treatment of the inmate or staff to see if there are any changes that may suggest possible retaliation and will act promptly to remedy any retaliation. The policy requires that the process include monitoring any inmate disciplinary reports, housing or program changes or any negative performance reviews or reassignments of staff. The policy indicates that monitoring can extend beyond 90 days if the initial monitoring indicates a need to continue. The policy states that the PREA Compliance

Manager is responsible for monitoring. The PAQ indicated that the facility monitors for retaliation and that it does so for at least 90 days. The PAQ indicated that there had been no instances of retaliation in the previous twelve months. Interviews with the Warden and staff responsible for monitoring retaliation all indicated that the inmate would be safeguarded and an investigation would be initiated. Monitoring staff indicated that they would monitor the inmate for at least 90 days and would spot check every few weeks. He indicated that housing changes, job changes, progress reviews, disciplinary reports and unreasonable incident reports would be reviewed for possible retaliation.

115.67 (d): P5324.12, page 43, states that the facility will monitor the inmate and such monitoring includes periodic status checks. In instances where monitoring was required, staff stated that they would monitor an inmate who alleged sexual abuse or sexual harassment for 90 days. This monitoring would include status checks. The interview with staff responsible for monitoring indicated that he would monitor the inmate for at least 90 days and that this would include status checks.

115.67 (e): P5324.12, page 43, states that if any other individual who cooperates with an investigation expresses fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation. Interviews with the Director of the BOP and the Warden indicated that they would employ the same protective measures as stated previously related to staff and inmates to include removal of inmates or staff, protective protocols, counseling and an investigation.

115.67 (f): The auditory is not required to audit this provision.

Based on a review of the PAQ, P5324.12, investigative reports, sample monitoring documents and interviews with the Director of the BOP, the Warden, and staff charged with monitoring retaliation, this standard is determined to be compliant.

Site Review Observations:

1. Observations of Special Housing Unit

Findings (By Provision):

115.68 (a): P5324.12, page 43, indicates any use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse will be subject to the requirements of 115.43. Pages 33-34 of P5324.12 reference the requirements under 115.43 in policy. The PAQ indicated that there were no inmates involuntarily segregated for zero to 24 hours awaiting completion of assessment. Alternative housing was arranged and they were then placed back into general population. There was one (1) inmate alleging sexual abuse who were assigned to involuntary segregated housing in the past 12 months for longer than 30 days while awaiting alternative placement. During the site review, it was observed that the special housing unit at this facility did not currently house any inmates who were alleged to have suffered sexual abuse. The BP-A1002 (sample) for inmates indicates the statement for the basis of the facility's concern for the inmate safety as well as the reason why there were no alternative housing available. The interview with the Warden indicated that inmates who alleged sexual abuse would only be placed in involuntary special housing until an assessment of all available alternatives had been made and a determination was made that no available alternative means of separation from likely abusers existed. The Warden indicated this would typically not exceed 30 days and the status of the inmate would be reviewed at least every 30 days by staff. Interviews with inmates and staff also indicated that inmates are not housed in special housing unless there is no other alternative and then it is for a very short period of time.

Based on a review of the PAQ, P5324.12 and interviews with the Warden, random staff and inmates, this standard is determined to be compliant.

Interviews:

1. Investigative Staff
2. Warden
3. PREA Coordinator
4. PREA Compliance Manager
5. Inmate Who Reported Sexual Abuse

Findings (By Provision):

115.71 (a): P5324.12, page 43, states that when an agency conducts its own investigations into allegations of sexual abuse and special harassment, it shall do so promptly, thoroughly and objectively for all allegations. The policy indicated that when it is an inmate-on-inmate allegation that the Special Investigative Services (SIS) is contacted and for an allegation that is staff-on-inmate, the OIA and OIG are contacted. The interview with the investigator confirmed that in these and any allegation of sexual abuse or sexual harassment, an investigation would be initiated immediately and promptly. The investigator indicated that all investigations (administrative and criminal) are completed promptly, thoroughly and objectively.

115.71 (b): P5324.12, page 44, indicates that when sexual abuse is alleged, the agency shall use investigators who have received specialized training pursuant to 115.34. A review of an email from the Administrator of the External Auditing Branch indicated that OIG field agents have completed the DOJ/OIG PREA training. Additionally, a review of training records revealed that facility staff have completed the NIC training. The interview with the investigator indicated that she received specialized training and he completes the NIC training annually.

115.71 (c): P5324.12, page 44, describes the criminal and administrative investigation process. Specifically, it states that investigators shall gather and preserve direct and circumstantial evidence including physical, DNA, electronic monitoring data and interviews. It also indicates that they will review prior complaints and reports of sexual abuse involving the alleged perpetrator. The interview with investigative staff indicated that in these allegations, and any allegations, they would ensure the victim was safeguarded and begin the investigation. This would include interviews, evidence collection, photographs, medical assessments, mental health assessments, report writing and facts and finds. The investigator indicated that the investigation from start to finish would typically take about five days.

115.71 (d): P5324.12, page 44, describes the criminal and administrative investigation process. Specifically, it states that when evidence appears to support criminal prosecution, that the agency will conduct compelled interviews only after consulting with prosecutors. The interview with the investigator confirmed that they would only conduct compelled interviews after consulting with the FBI or prosecutors.

115.71 (e): P5324.12, page 44, describes the criminal and administrative investigation process. Specifically, it states that the credibility of the alleged victim,

perpetrator and/or witness will be assessed on an individual basis and will not be determined based on the individual's status as an inmate or staff member.

Additionally, it indicates that inmates would not be required to submit to a polygraph examination or any other truth-telling device as a condition for proceeding with the investigation. The interview with the investigator confirmed that the agency does not utilize polygraph tests or any other truth-telling devices on inmates who allege sexual abuse. Interviews with inmates who had reported a sexual abuse indicated that they were not asked or required to submit to a polygraph examination.

115.71 (f): P5324.12, pages 44-45, describes the criminal and administrative investigation process. Specifically, it states that all administrative investigations will include an effort to determine whether staff actions or failure to act contributed to the abuse and shall be documented in a written report that includes a description of the physical and testimonial evidence, the reasoning behind credibility assessments and investigative facts and findings. Additionally, the policy indicates that the investigation should also include information as to whether other factors such as physical layout, staffing patterns and institutional operations contributed to the abuse. The interview with investigative staff confirmed that administrative investigations are documented in written reports and include all facts and findings. The reports contain a memorandum, photos (if any), interviews, summary, initial allegation and a conclusion. The investigator indicated that they review any evidence, TRUSCOPE logs and rosters to determine if staff actions or failure to act contributed to the abuse. A review of the investigations indicates that all of this information was included.

115.71 (g): P5324.12, page 45, indicates that criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial and documentary evidence and attaches copies of all documentary evidence where feasible. There were no criminal investigations completed related to sexual abuse within the previous twelve months. The interview with investigative staff confirmed that criminal investigations are documented in written reports and include all factual findings as well as the conclusion of the findings. Staff indicated they would have all the same components as an administrative investigation except there may be additional information as it relates to staff to include phone calls and emails.

115.71 (h): P5324.12, page 45 and the PAQ indicated that substantiated allegations of conduct that appear to be criminal will be referred to prosecution. The PAQ indicated that there have been no allegations referred for prosecution since the last PREA audit. The interview with the investigator confirmed that if fact finding led to a belief that the allegation occurred, it would be referred by the FBI or OIG for prosecution.

115.71 (i): P524.12, page 45 describes that all written reports referenced in (f) and (g) will be retained for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. A review of a sample of historic investigations confirmed that the retention requirement is being met.

115.71 (j): P5324.12, page 45, indicates that the departure of the alleged victim or alleged abuser from employment or custody of the agency does not provide a basis for terminating an investigation. Eighteen (18) administrative investigations were completed within the previous twelve months. The interview with the investigator confirmed that any and all investigations are completed no matter if staff leave/resign or if inmates depart the facility or agency's custody.

115.71 (k): The Office of the Inspector General and the Federal Bureau of Investigation are responsible for conducting criminal sexual abuse investigations at all BOP facilities. The letter from the FBI indicates that they are compliant with all PREA investigatory standards.

115.71 (l): The Office of the Inspector General and the Federal Bureau of Investigation are responsible for conducting criminal sexual abuse investigations at all BOP facilities. The letter from the FBI indicate that they are compliant with all PREA investigatory standards.

Based on a review of the PAQ, P5324.12, the letter from the FBI, training records, training curriculum and information from interviews with the Director of the BOP, Warden, PREA Coordinator, PREA Compliance Manager, and investigative staff, this standard is determined to be compliant.

Interviews:

1. Warden

2. Investigative Staff

3. Inmates Who Reported Sexual Abuse

Findings (By Provision):

115.73 (a): P5324.12, page 45 and the Sexually Abusive Behavior Prevention and Intervention Program, describes the process for reporting investigative information to inmate. Specifically, it states that following an investigation into an inmate's sexual abuse allegation, the facility will inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated or unfounded. The policy indicates that the Special Investigative Services Lieutenant is responsible for all notifications under this standard. The interview with the Warden and investigative staff confirmed that inmates are informed for the outcome of the investigation into the inmates' allegations.

115.73 (b): P5324.12, page 46 indicates that if the agency does not conduct the investigation, that it shall request the relevant information from the investigating agency in order to inform the inmate. The OIG and FBI are responsible for criminal sexual abuse investigations. These agencies provide relevant information to the facility in order to inform inmates about the outcome of their investigations. The PAQ indicated that there were no investigations completed within the previous twelve months by an outside agency.

115.73 (c): P5324.12, page 46 and the Sexually Abusive Behavior Prevention and Intervention Program describe the process for reporting investigative information to inmates. Specifically, it states that following an investigation into an inmate's sexual abuse allegation against a staff member, the agency will inform the inmate as to whether the staff member is no longer posted within the inmate's unit, the staff member is no longer employed at the facility, if the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. The policy further indicates that these notifications

may not be appropriate in all cases and that all notifications are made in accordance with the Freedom of Information Act/Privacy Act. The PAQ indicated that there has been one (1) notification that was provided pursuant to this standard in the previous twelve months. An interview was conducted with an inmate who reported sexual abuse against a staff member. The inmate who made this allegation was no longer housed at the facility as of the dates of the on-site audit and, therefore, was not interviewed by the auditor. There was documentation provided to the auditor which indicated that this inmate was notified by staff of the outcome and the status of the staff member who the complaint was against.

115.73 (d): P5324.12, page 45 and the Sexually Abusive Behavior Prevention and Intervention Program describe the process for reporting investigative information to inmates. Specifically, it states that following an investigation into an inmate’s sexual abuse allegation by another inmate, the agency will inform the inmate as to whether the alleged abuser has been indicted on a charge related to sexual abuse within the facility or if the alleged abuser has been convicted on a charge related to sexual abuse within the facility. The PAQ indicated that there have been no substantiated allegations of sexual abuse committed by an inmate against another inmate in the previous twelve months. As such, there were no investigations referred for prosecution.

115.73 (e): P5324.12, page 46 indicates that all notifications or attempted notification would be documented and maintained in the investigative file.

115.73 (f): This provision is not required to be audited.

Based on a review of the PAQ, P5324.12, the Sexually Abusive Behavior Prevention and Intervention Program, information from interviews with the Warden, investigators, and inmates who had reported a sexual abuse, as well as documentation provided of the investigation files, this standard is found to be compliant.

2. P3420.11, Program Statement, Standards of Employee Conduct
3. P5324.12, Program Statement, Sexually Abusive Behavior Prevention and Intervention Program
4. Memorandum from the Warden regarding Disciplinary Sanctions for Staff

Findings (By Provision):

115.76 (a): P3420.11, pages 6-7 and P5324.12 describe the process for disciplinary sanctions against staff. Specifically, they indicate that staff are subject to disciplinary sanctions up to and including termination for violating the sexual abuse or sexual harassment policies.

115.76 (b): P3420.11, pages 6-7 and P5324.12 indicate that termination will be the presumptive disciplinary sanction for staff who engage in the sexual abuse. The policy states that engaging in this activity is a violation of Title 18, US Code Chapter 109A and that it may result in up to life in prison. The PAQ as well as the memo from the Warden indicated that there were no staff who violated the sexual abuse and sexual harassment policies. Additionally, there have been no staff who were terminated or resigned prior to termination for violating the sexual abuse and sexual harassment policies within the previous twelve months.

115.76 (c): P5324.12 describes the process for disciplinary sanctions against staff. Specifically, it illustrates that disciplinary sanctions for violations of the agency's sexual abuse and sexual harassment policies shall be commensurate with the nature and circumstances of the act, the staff members disciplinary history and the sanctions imposed for comparable offenses by other staff members who were disciplined, short of termination, for violating the sexual abuse and sexual harassment policies within the previous twelve months.

115.76 (d): P5324.12 indicates that staff who are terminated for violating the sexual abuse or sexual harassment policies, or staff who resign prior to being terminated, will be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. The PAQ indicated that there had been no staff that were disciplined for violating the sexual abuse and sexual harassment policies within the previous twelve months. The PAQ indicated that there have not been any staff members reported to law enforcement or relevant licensing bodies.

	Based on a review of the PAQ, P3420.11, P5324.12 and the memo related to staff discipline, this standard is determined to be compliant.

Volunteers and contractors fall under the same category of staff and as such, any violation of sexual abuse or sexual harassment policies may result in up to termination from the facility. The policy states that engaging in this activity is a violation of Title 18, US Code Chapter 109A and that it may result in up to life in prison. Additionally, P5324.12 states that any contractor or volunteer who engages in sexual abuse is prohibited from contact with inmates and will be reported to law enforcement, unless the activity was clearly not criminal, and to relevant licensing bodies. The PAQ and the memo from the Warden indicated that there have been no contractors or volunteers who have been reported to law enforcement or relevant licensing bodies within the previous twelve months and that, in fact, there have been no contractors or volunteers as subjects of investigations of sexual abuse or sexual harassment of inmates.</p>

	<p>115.77 (b): P5324.12 and the PAQ indicated that the agency takes remedial measures and considers whether to prohibit further contact with inmates in the case of any other violation of sexual abuse or sexual harassment policies. Medical and Mental Health Staff</li> </ol> <p>Findings (By Provision):</p> <p>115.78 (a): P5324.12, page 48, describes the disciplinary process for inmates. Specifically, it states that inmates will be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a finding of guilt from a</p>

criminal investigation. The PAQ indicated there have been no administrative findings of guilt for inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months.

115.78 (b): P5324.12, page 48, describes the disciplinary process for inmates.

Specifically, it indicates that the sanctions will be commensurate with the nature and circumstances of the abuse committed, the inmates' disciplinary history and sanctions imposed for comparable offenses by inmates with similar histories. The PAQ indicated there have been no administrative findings of guilt for inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. The interview with the Warden indicated that if the allegation was not criminal that a disciplinary hearing would take place and sanctions could include loss of good conduct, disciplinary special housing, transfer to another facility or transfer to a higher level of security. If the conduct was criminal, it would be referred for prosecution.

115.78 (c): P5324.12, page 48, describes the disciplinary process for inmates.

Specifically, it indicates that the disciplinary process will consider whether the inmate's mental illness or mental disability contributed to the behavior when determining what sanctions, if any, should be imposed. The PAQ indicated there have been no administrative findings of guilt for inmate-on-inmate sexual abuse nor have there been any criminal findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. The interview with the Warden indicated that the inmate abuser's mental health would be considered in the disciplinary sanctions hearing.

115.78 (d): P5324.12, page 48, describes the disciplinary process for inmates.

Specifically, it indicates that the agency will offer therapy, counseling and other interventions to correct underlying reasons or motivations for the abuse and will consider whether to require the abuser to participate in these interventions as a condition of access to programming and other benefits. The PAQ indicated that there have been no administrative findings of guilt for inmate-on-inmate abuse within the previous twelve months, therefore there has not been any discipline. Interviews with medical and mental health staff indicated that they do offer therapy, counseling and other services designed to address and correct underlying issues and that it is voluntary. They indicated that they do not require the inmate to participate as a condition of access to programming and other benefits.

115.78 (e): P5324.12, page 48, describes the disciplinary process for inmates.

Specifically, it indicates that the agency may discipline an inmate for sexual contact

with staff only upon finding that the staff member did not consent. The memo from the Warden indicated that there have been no instances where inmates have been disciplined for sexual contact with staff.

115.78 (f): P5324.12, page 48 describes the disciplinary process for inmates. Specifically, it indicates that inmates will not be disciplined for reporting sexual abuse in good faith based upon reasonable belief that the alleged conduct occurred, even if an investigation does not establish sufficient evidence to substantiate the allegation. The policy further states that the maintenance of an effective sexual abuse prevention policy requires inmates to be held responsible for manipulative behavior and making false allegations. There have been no instances during the previous twelve months of the audit where inmates have been disciplined for falsely reporting an incident of sexual abuse or sexual harassment.

115.78 (g): P5324.12, page 48, describes the disciplinary process for inmates. Specifically, it indicates that the agency may, in its discretion, prohibit all sexual activity between inmates and may discipline inmates for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it is determined that the activity is not coerced.

Based on a review of the PAQ, P5324.12, the memo from the Warden and interviews from the Warden and medical and mental health care staff, this standard is determined to be compliant.

Interviews:

1. Staff Responsible for Risk Screening
2. Medical and Mental Health Staff
3. Inmates Who Disclosed Sexual Victimization at Risk Screening

Site Review Observations:

1. Risk Screening

Findings (By Provision):

115.81 (a): P5324.12, pages 49, describes medical and mental health screenings related to sexual abuse. Specifically, it states that inmates who indicate during the risk screening that they have experienced prior sexual victimization will be offered a follow-up with medical or mental health practitioners within fourteen (14) days of the screening. P5324.12, pages 29, 30 and 32 indicate the requirements for the risk screening. All inmates who are identified during the risk screening to have experienced prior sexual victimization are referred to Psychology Services. The PAQ indicates that 100% of inmates who reported prior victimization within the previous 12 months were offered a follow-up meeting with a medical or mental health practitioner. The PAQ also indicated that medical and mental health practitioners maintain documents related to compliance with these services. Interviews with inmates who disclosed sexual victimization at risk screening indicated that they were offered follow-up services with medical and mental health staff. Interviews with staff responsible for risk screening also indicated that inmates who indicate that they have experienced prior victimization are referred to psychology and offered a follow-up meeting with mental health or medical staff within 14 days of the intake screening.

115.81 (b): P5324.12, page 49, describes medical and mental health screenings related to sexual abuse. Specifically, it states that inmates who indicate during the risk screening that they have previously perpetrated sexual abuse will be offered a follow-up with medical or mental health staff within fourteen (14) days of the screening. P5324.12, pages 29, 30 and 32 indicate the requirements for the risk screening. All inmates identified during the risk screening to have previously perpetrated sexual abuse are referred to Psychology Services. The PAQ indicated that medical and mental health staff maintain documents related to compliance with these services in these instances. No inmates were identified who reported to have previously perpetrated sexual abuse during the risk screening.

115.81 (c): This provision does not apply as the facility is not a jail, but rather a federal prison.

115.81 (d): P5324.12, page 49, states that information related to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, necessary, to inform treatment plans and security management decisions, including housing, bed, work, education and program assignments. During the site review, it was noted by the auditor that inmate medical files are maintained electronically and inmate classification files are kept behind locked doors with limited access by staff.

115.81 (e): P5324.12, page 50, states that medical and mental health staff are required to obtain informed consent from inmates prior to reporting information about prior sexual victimization that did not occur within an institutional setting, unless the inmate was under eighteen (18) years of age. The interview with the Warden indicated that there have not been any instances where medical and mental health staff reported prior sexual victimization and that they would obtain informed consent prior to reporting. Interviews with medical and mental health staff indicate that they obtain informed consent prior to reporting any sexual abuse that did not occur in an institutional setting, that they disclose their duty to report and that they have not had any instances of this in the previous twelve (12) months. Additionally, they indicated that victims under eighteen (18) years of age and vulnerable adults fall under mandatory reporting laws and they would be required to report any allegations from these individuals.

Based on a review of the PAQ, P5324.12, the memo from the Warden, medical and mental health documents and information from the interviews with staff who perform risk screening, medical and mental health staff, the Warden, and inmates who disclosed sexual victimization at risk screening, this standard is determined to be compliant.

1. Medical and Mental Health Staff
2. Inmates Who Reported Sexual Abuse
3. First Responders

Site Review Observations:

1. Observations of Medical and Mental Health Areas

Findings (By Provision):

115.82 (a): P5324.12, pages 50-51, describes inmates' access to emergency medical and mental health treatment. Page 50 states that inmate victims of sexual abuse receive timely and unimpeded access to emergency medical treatment and crisis intervention services as determined by the medical and mental health staff. The PAQ indicates that medical and mental health staff maintain secondary materials documenting the timeliness of services. During the site review, the auditor noted that all medical and mental health areas consisted of an emergency room, numerous exam rooms and offices. All areas were private and consisted of solid doors that allowed for adequate confidentiality. Interviews with medical and mental health staff confirm that inmates receive timely services, typically immediately. They also advised that services are based on their professional judgement. Interviews with inmates who reported a sexual abuse indicated that they were provided access to both medical and mental health. A review of the investigative files, verified that medical and mental health services were provided.

115.82 (b): P5324.12, page 51 and the PAQ indicates that if no qualified medical or mental health practitioners were on duty at the time of a report of recent abuse, that the Operations Lieutenant would take preliminary steps to protect the victim and

	<p>notify the appropriate medical and mental health services. Procedure confirms that inmate victims of sexual abuse would be transported to a local hospital for a forensic medical examination. The interviews with first responders indicated that the inmates would be immediately separated, that evidence on the inmates would be preserved, the crime scene would be secured and the Operations Lieutenant would be contacted.</p> <p>115.82 (c): P5324.12, pages 50-51, describe inmate’s access to emergency medical and mental health treatment. Page 51 states that inmate victims of sexual abuse will receive timely access to emergency contraception and sexually transmitted infection prophylaxis. Site Review Observations:

1. Observations of Medical Treatment Areas

Findings (By Provision):

115.83 (a): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. It states that the agency will offer medical and mental health evaluations and, as appropriate, treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup or juvenile facility. During the site review, the auditor noted that the medical area consisted of an emergency room, numerous exam rooms and offices. The mental health area consisted of numerous offices. All areas were private and consisted of solid doors which allowed for adequate confidentiality.

115.83 (b): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. It states that evaluations and treatments of such victims will include follow-up services, treatment plans, and when necessary, referrals for continued care following transfer or release from custody. Interviews with medical and mental health staff indicated that they do provide follow up services and treatment plans as well as any services upon release, if necessary. Interviews with inmates who reported a sexual abuse also verified that they had been offered follow up services.

115.83 (c): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. Specifically, it states that the facility shall provide victims medical and mental health services consistent with the community level of

care. All medical and mental health staff are required to have the appropriate credentials and licensures. The facility utilizes the local hospitals for forensic medical examinations. Interviews with medical and mental health staff indicated that inmates have immediate access to medical and mental health care when needed. Interviews also confirm that the services they provide are consistent, if not better, than the community level of care.

115.83 (d): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. It indicates that female offenders who have been sexually victimized while incarcerated shall be offered pregnancy tests.

Interviews were conducted with inmates who reported a sexual abuse, however, none of these allegations involved sexual penetration and did not necessitate a pregnancy test.

115.83 (e): P5324.12, page 52, indicates that if pregnancy results from the conduct of section (d), such victims shall receive timely and comprehensive information and access to all lawful pregnancy related medical services. Interviews with medical staff indicated that this information and access would be provided in any instance of a pregnancy. Interviews with inmates who reported a sexual abuse indicated that there was not an instance which resulted in a pregnancy.

115.83 (f): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. It states that victims of sexual abuse while incarcerated will be offered tests for sexually transmitted infections as medically appropriate. Interviews with inmates who reported a sexual abuse indicated that they were offered tests for sexually transmitted infections.

115.83 (g): P5324.12, page 52, describes ongoing medical and mental health care for sexual abuse victims and abusers. It states that inmate victims of sexual abuse will receive treatment services without financial cost and regardless of whether the victim names the alleged abuser or cooperates with any investigation. The policy indicates that Bureau policies related to co-pays do not apply to sexual abuse victims.

Interviews with inmates who reported a sexual abuse indicated that they were not charged for treatment services.

115.83 (h): P5324.12, page 52, indicates that the facility attempts to conduct a mental health evaluation of all known inmate-on-inmate abusers within 60 days of learning of such abuse history. Interviews with medical and mental health staff confirm that inmate-on-inmate abusers would be offered mental health services. A review of documentation of inmates with an identified abuse history during risk

	<p>screening indicated that each one had received services from mental health within 60 days of learning of the abuse history.</p> <p>Based on a review of the PAQ, P5324.12, a review of medical and mental health documents and information from interviews with medical and mental health care staff as well as interviews with inmates who reported a sexual abuse, this standard is determined to be compliant.</p>

Policy indicates that Executive Staff review the incident and that the PCM documents the recommendation and forwards them to the Warden for implementation. If the allegation is substantiated, a copy of the review is forwarded to the Regional PC. The PAQ indicated that the incidents of reported sexual abuse were followed up with a sexual abuse incident review at the conclusion of the investigation.

115.86 (b): P5324.12, pages 52-53, outlines information related to sexual abuse incident reviews. Specifically, page 53 states that the review shall ordinarily occur within 30 days of the conclusion of the investigation. The PAQ indicated that the reviews were conducted within 30 days of the completion of the investigations for the reported allegations from the previous twelve months. A review of the documentation of these reviews indicated that all were completed within the 30-day timeframe.

115.86 (c): P5324.12, pages 52-53, outlines information related to sexual abuse incident reviews. Specifically, page 53 states that the review team will consist of upper management officials, with input from line supervisors, investigators and medical and mental health staff. Additionally, policy requires that the Union President or designee will be allowed input and the local union representative will be authorized to review the recommendations prior to implementation. The interview with the Warden confirmed that these reviews would be completed and they include upper management officials, mental health and medical staff and the investigator, in the event of a reported incident. A review of the documentation confirmed that the incident review team included line supervisors, investigators and medical and mental health practitioners (the Associate Wardens, Chief Psychologist, Health Services Administrator, SIA, Captain, Unit Manager, Attorney and CMC).

115.86 (d): P5324.12, page 53, states that the review team shall: consider whether the allegation or investigation indicates a need to change policy or practice; consider whether the incident or allegation was motivated by race, ethnicity, gender identity or sexual preference (identified or perceived), gang affiliation, or if it was motivated by other group dynamics; examine the area where the incident allegedly occurred to assess whether there were any physical barriers; assess the staffing levels; assess video monitoring technology and prepare a report of its findings to include any recommendations for improvement. Policy indicates that Executive Staff review the incident and that the PCM documents the recommendation and forwards them to the Warden for implementation. If the allegation is substantiated, a copy of the review is forwarded to the Regional PC. Interviews with the Warden, PCM and incident review team member confirmed that these reviews are completed and include all the required elements in the event of a reported incident. The staff will determine if

	<p>anyone needed to be moved, if there are any flaws in security practices, any issues with the physical plant and if there are any recommendations or needed corrective action. ### 3. Bureau of Prisons Annual Reports

#### Interviews:

#### 1. PREA Coordinator

#### Findings (By Provision):

115.89 (a): P5324.12, page 56, describes the data storage, publication and destruction of information related to sexual abuse and sexual harassment allegations. Specifically, it states that the agency shall ensure all data is security retained. The PAQ as well as the interview with the PREA Coordinator confirmed that the agency complies with the Freedom of Information Act (FOIA) and other applicable laws, rules and regulations to ensure all investigative, psychological and medical data is security maintained.

115.89 (b): P5324.12, page 56, describes the data storage, publication and destruction of information related to sexual abuse and sexual harassment allegations. Specifically, it states that the agency will make all aggregated sexual abuse data readily available to the public, at least annually, through its website or through other means. A review of the website: [https://www.bop.gov/inmates/custody\\_and\\_care/sexual\\_abuse\\_prevention.jsp](https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp) confirmed that the current annual report, which includes aggregated data, is available to the public online.

115.89 (c): P5324.12, page 56 and the PAQ indicated that before making aggregated sexual abuse data publicly available, the agency shall remove all personal identifiers. A review of the annual report, which contains the aggregated data, confirmed that no personal identifiers were publicly available.

115.89 (d): P5324.12, page 56 and the PAQ indicate that the agency maintains sexual abuse data that is collected for at least ten years after the date of initial collection. A review of historical annual reports indicated that aggregated data is available from 2013 to present.

Based on a review of the PAQ, P5324.12, annual reports, the website and information obtained from the interview with the PREA Coordinator, this standard is determined to

	be compliant.

	The agency has published on its agency website, if it has one, or has otherwise made publicly available, all Final Audit Reports. The review period is for prior audits completed during the past three years PRECEDING THIS AUDIT. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or, in the case of single facility agencies, there has never been a Final Audit Report issued.)	yes
