<p>55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</p>	<p>The Auditor was provided with inmate rosters which provided the inmate's age, race, ethnicity, housing assignment, reception date, end of sentence date, program assignment, classification status, and custody levels. The characteristics allowed for the random representation to be geographically diverse.</p>

57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	Throughout the facility tour, the Auditor also conducted twenty-nine informal random interviews with inmates. Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	15
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	1
61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	1

64. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:	2
65. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	1

68. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:	4

<p>69. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:</p>	<p>0</p>
<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>Facility provided documentation reflecting there were no inmates placed in segregated housing/isolation for risk of sexual victimization or who suffered sexual abuse; the Auditor's review of files during the on-site, and interviews with staff supported the documentation.</p>
<p>70. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):</p>	<p>No text provided.</p>
<p>Staff, Volunteer, and Contractor Interviews</p>

<p>Specialized Staff, Volunteers, and Contractor Interviews</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

84. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Was the site review an active, inquiring process that included the following:	
85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>No text provided.</p>
--	--------------------------

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>Twenty-nine inmate records were reviewed and consisted of the following documents:</p> <p>Institution Admission & Orientation Program Checklist, Inmate Acknowledgement of Receipt of PREA Orientation, PREA Intake Objective Screening Instrument, Inmate Individualized Treatment Plan, Psychology Services Risk of Sexual Victimization.</p> <p>Additional documentation reviewed: Unannounced Institutional Rounds.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	11	2	11	2
Staff-on-inmate sexual abuse	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states an agency shall have a written policy mandating a zero-tolerance toward all forms of sexual abuse and sexual harassment and outlining the agency's approach to preventing, detecting, and responding to such conduct. The intent of the policy is to ensure that:

- Staff and inmates are informed that this policy implements the Bureau's "zero-tolerance" of sexually abusive behavior, and sexual harassment;
- Standard procedures are in place to detect and prevent sexually abusive behavior and sexual harassment at all Bureau facilities;
- Victims of sexually abusive behavior and sexual harassment receive timely and effective responses to their physical, psychological, and security needs;
- Allegations of sexually abusive behavior and sexual harassment receive timely intervention upon report, and
- Perpetrators of sexually abusive behavior and sexual harassment will be disciplined and, when appropriate, prosecuted in accordance with Bureau policy and Federal law.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall employ or designate an upper-level, agency-wide PREA Coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the National PREA Coordinator's responsibilities include developing, implementing, and overseeing the Bureau's compliance with PREA. The National PREA Coordinator provides oversight to all Regional PREA Coordinators. The National PREA Coordinator assists the Information, Policy, and Public Affairs (IPPA) Division in providing the required information to the U. S. Department of Justice, Bureau of Justice Statistics, through their collection agent (U.S. Census Bureau), of all incidents of sexually abusive behavior. The National PREA Coordinator also coordinates with the Privatization Management and Residential Reentry Branches to ensure contract facilities comply with this provision of the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Regional PREA Coordinator ensures policy guidelines are addressed in institutions within each region. Given the sensitivity required when defining and reporting cases as substantiated, a background in investigations is preferred when selecting a Regional PREA Coordinator.

Additional evidence supporting compliance with this provision of the standard is exhibited in the Memorandum of Understanding authored by the Assistant Director, Correctional Programs Division. The MOU outlines the responsibilities assigned to the National PREA Coordinator, which include:

- Serving as the agency's point of contact regarding all PREA related matters;
- Providing consultation and guidance to regional and field staff with respect to PREA implementation and monitoring;
- Providing PREA training oversight;
- Reviewing policy to determine compliance with PREA;
- Reviewing contract language for private/contract facilities relative to PREA;
- Coordinating the development or location of materials required for PREA;
- Maintaining the PREA Coordinator GroupWise mailbox;
- Maintaining and processing allegations of sexual abuse in third-party reporting instances and Office of Inspector General's forwarded inmate reports of sexual abuse allegations;
- Preparing an annual report of for the agency utilizing each facility's findings and corrective actions.

An interview with the National PREA Coordinator was conducted and verified having sufficient time and authority in the position to accomplish PREA responsibilities for the Bureau. The National PREA Coordinator provides guidance to 6 regional PREA Coordinators and 122 Institution PREA Compliance Managers (IPCMs). The National PREA Coordinator reports to the Assistant Director, Reentry Services Division. A review of the BOP organizational chart provided evidence that the National PREA Coordinator is designated as an upper-level position and has agency-wide oversight.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states where an agency operates more than one facility, each facility shall designate an Institution PREA Compliance Manager (IPCM) with sufficient time and authority to coordinate the facility's efforts to comply with the PREA standards.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Warden at each institution must ensure that all aspects of this Program Statement are implemented, including maintaining a current Institution Supplement. He/she must assign an Institution PREA Compliance Manager (IPCM), who except in rare circumstances will be an Associate Warden, for the overall responsibility of the program.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Institution PREA Compliance Manager (IPCM) maintains responsibility for the Sexually Abusive Behavior Prevention and Intervention Program. He/she must provide supervisory oversight to ensure the coordination of institution departments in prevention, detection, intervention, and response, as specified in this Program Statement. The Warden may appoint supervisory staff as PREA points of contact in each key department (Correctional Services, Psychology Services, Health Services, etc.) in order to assist the Institution PREA Compliance Manager (IPCM) with the implementation of this policy.

FTC Oklahoma City Institution Supplement 5324.12B *Sexually Abusive Behavior Prevention & Intervention Program* states FTC Oklahoma City will ensure compliance with a zero-tolerance policy towards all forms of sexual abuse and sexual harassment outlined in PS 5324.12. This standard is known to staff, inmates, and visitors via institution bulletin boards; staff, inmate, and volunteer/contractor training; and access to national policy. The Associate Warden of Programs is designated as the PREA Compliance Manager for this program. The Alternate PREA Compliance Manager is the Associate Warden of Operations. These individuals are responsible for educating and training staff, assessing, and managing sexually assaulted or abused inmates, compiling information to ensure the institution's program conforms to Bureau of Prisons (BOP) guidelines.

The Auditor interviewed the Institution PREA Compliance Manager (IPCM) and verified she has sufficient time and authority in her position to accomplish the PREA responsibilities for FTC Oklahoma City. Evidence shows that the BOP has designated a facility IPCM for FTC Oklahoma City as verified through a review of the facility organizational chart and through interviews with the IPCM and the Warden.

The Auditor interviewed the Warden and confirmed the responsibilities of the IPCM assigned to FTC Oklahoma City and verified she is provided sufficient time and authority in her position to accomplish these responsibilities.

Upon review of the policy and the agency organizational chart and upon completion of interviews, the FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, Sexually Abusive Behavior Prevention & Intervention Program

Interviews conducted with:

Agency Contract Administrator

BOP Program Statement 5324.12, Sexually Abusive Behavior Prevention & Intervention Program states a public agency that contracts for the confinement of its inmates with private agencies or other entities, including other government agencies, shall include in any new contract or contract renewal the entity's obligation to adopt and comply with the PREA standards.

BOP Program Statement 5324.12, Sexually Abusive Behavior Prevention & Intervention Program states any new contract or contract shall provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards. The Bureau must ensure its contracts with secure privatized facilities, jails, juvenile facilities, and Residential Reentry Centers include their obligation to adopt and comply with the PREA standards. Privatization Management Branch and Residential Reentry Management Branch field staff must include PREA compliance monitoring within their scheduled contract monitoring activity.

During the pre-on-site phase of the audit, the Auditor conducted an interview with the Agency Contract Administrator regarding how contracts are monitored to determine if the contractor complies with the PREA requirements of the contract. The Agency Contract Administrator explained each contract with the Bureau of Prisons has the following contract language:

The contractor shall develop policy and procedures for the establishment of a sexual abuse / assault program and comply with the Prison Rape Elimination Act of 2003 and the national standards to prevent, detect, and respond to prison rape as contained in 28 CFR Part 115, National Standards To Prevent, Detect, and Respond to Prison Rape; Final Rule, dated June 20, 2012.

The Agency Contract Administrator explained that all contractor's policies and procedures are reviewed by Bureau subject matter experts who ensure appropriate adherence to national standards and regulations. The contractor is further required to

	<p>notify the BOP of any PREA allegation and forward a copy of the allegation, the investigation, and the findings to the BOP oversight staff for review. BOP oversight staff and the respective PMB Health Systems Specialist review any PREA allegation to ensure compliance with PREA requirements. Additionally, at least once a year, the BOP's Quality Assurance Program conducts a review of all contractor's PREA allegations to determine contract compliance.</p> <p>The Agency Contract Administrator informed the Auditor the BOP has moved away from contracting with private prisons per the <i>President's Executive Order on Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities</i> on January 26, 2021. As such, no new contracts have been executed and previously existing contracts with privately operated detention facilities have expired.</p> <p>Upon review of the policy and upon completion of interviews, the FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall ensure that each facility it operates shall develop, document, and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and where applicable, video monitoring, to protect inmates against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, facilities shall take into consideration:

- Generally accepted detention and correctional practices;
- Any judicial findings of inadequacy;
- Any inadequacy from internal or external oversight bodies;
- Any findings of inadequacy from Federal investigative agencies;
- All the components of the facility's physical layout (including blind spots);
- Composition of inmate population;
- Number of and placement of supervisory staff;
- Institution programs specific to each shift;
- All applicable State or local laws;
- Prevalence of substantiated and unsubstantiated incidents of sexual abuse;
- Any other relevant factors.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Human Resource Management Division and Administration Division, Central Office, must consider PREA factors and safety, in general, when allocating overall staffing resources. At the institution, the Salary/Workforce Utilization Committee Meeting Minutes serves as the staffing plan.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states in circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations from the plan. Deviations are documented in the remarks section of the Salary/Workforce Utilization Committee Meeting Minutes. For example, if an allocated position is not filled for budgetary or

other reasons, the reasons should be noted in the remarks section.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states whenever necessary, but no less frequently than once each year, for each facility the agency operates, in consultation with the PREA Coordinator required by §115.11, the agency shall assess, determine, and document whether adjustments are needed to:

- The staffing plan established pursuant to policy;
- The facility's deployment of video monitoring systems and other monitoring technologies; and
- The resources the facility has available to commit to ensure adherence to the staffing plan.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states at a minimum, the most recent Salary/Workforce Utilization Committee Meeting Minutes are annually compiled by the Regional PREA Coordinator by May 1 and submitted to the National PREA Coordinator by June 1.

According to the information contained in the PAQ, FTC Oklahoma City reported no deviations from the staffing plan during the auditing period.

The Auditor conducted an interview with the Warden and confirmed there were no deviations from the staffing plan in the 12 months prior to the audit. The Warden also confirmed that if a deviation were to occur, such instances of non-compliance with the staffing plan are documented in the remarks section of the Salary/Workforce Utilization Committee Meeting Minutes. The Warden discussed how staffing levels are discussed at the Budget and Planning Committee meeting as well as during Quarterly Salary/Workforce Utilization Committee meetings. The Warden also explained that when developing a staffing plan, several items are taken into consideration such as internal reviews, components of the physical plant, composition of the inmate population, the prevalence of substantiated and unsubstantiated allegations of sexual abuse, inmate-on-inmate assaults, and uses of force.

Additionally, the Warden explained that weekly camera updates are provided to the Executive Staff to ensure all video equipment is working appropriately or if necessary, work orders have been submitted if cameras require repair. To ensure compliance with the staffing plan, the Warden indicated compliance is monitored via meetings, meeting minutes, staffing reports, and regular communications with Associate

Warden, Associate Warden/PREA Compliance Manager, Human Resource Manager, and Financial Management Administrator.

Interviews with the Institution PREA Compliance Manager (IPCM) and the National PREA Coordinator; both confirmed the process of developing a staffing plan previously described by the Warden.

The auditor reviewed the average daily number of inmates' report, staff shift rosters, facility blueprint, and daily inmate activity schedules to verify adequate staff coverage in comparison to inmate population, inmate movement, and facility size and layout.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states at each agency operating a facility shall implement a policy and practice of having intermediate-level or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such policy and practice shall be implemented for night shifts as well as day shifts. Each agency shall have a policy to prohibit staff from alerting other staff members that these supervisory rounds are occurring unless such announcement is related to the legitimate operational functions of the facility.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states unannounced rounds by supervisory staff conducted with the intent of identifying and deterring sexual abuse and sexual harassment are conducted every week, including all shifts and all areas. The Institution Duty Officer (IDO) conducts and documents the unannounced rounds. At the end of the IDO's tour week, the documentation is forwarded to the IPCM for retention.

The Auditor reviewed twelve months of Unannounced Institutional Rounds and verified the unannounced rounds are being conducted and documented in accordance with the facility policy and the PREA Standard. The sample of the documents reviewed covered several days of each month of the twelve-month auditing period and were from every shift. In the samples reviewed, the Auditor did not find any consistent patterns or inadequacies.

The Auditor conducted supervisory level staff interviews and inquired how unannounced rounds are completed without staff knowledge. Supervisory level staff indicated this is completed by observing staff movement, monitoring radio

	<p>transmissions, alternating movement patterns or being unpredictable with times or walking pattern and listening to staff conversations while conducting rounds throughout the facility.</p> <p>The Auditor toured the facility and observed the daily operational functions, staff interacting with inmates, general inmate movement, inmates out at recreation, inmates completing job assignments, and supervisory staff conducting rounds. These observations provided additional verification of policy and of standard compliance.</p> <p>Upon review of the policies and documentation provided and upon completion of interviews, the FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

Staff shall employ the least intrusive method of search practicable, as</p>

indicated by the type of contraband and the method of suspected introduction.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches except in exigent circumstances or when performed by medical practitioners.

Documentation provided by the facility indicated there were no cross-gender strip searches or cross-gender visual body cavity searches conducted during the last 12 months. During the on-site phase of the audit, the Auditor conducted an interview with the Warden and the Institution PREA Compliance Manager and verified that no cross-gender strip searches or cross-gender visual body cavity searches were conducted.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states an inspection of an inmate using the hands does not require the inmate to remove clothing. The inspection includes a search of the inmate's clothing and personal effects. Staff may conduct a pat search of an inmate on a routine or random basis to control contraband. Staff of the same sex as the inmate shall make the search, except where circumstances are such that delay would mean the likely loss of contraband. Where staff of the opposite sex makes a visual search, staff shall document the reasons for the opposite sex search in the inmate's central file.

The Auditor observed the facility operations throughout the day, to include continuous inmate movement throughout the facility, continuous physical interactions between staff and inmates, and inmates performing job assignments throughout the facility and within the compound grounds. The Auditor also observed opposite gender announcements being conducted throughout the facility tour. The Auditor compared the information reviewed with her observations made during the facility tour and noted the number of female staff members is more than adequate and covers all shifts.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall implement policies and procedures that enables inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an inmate housing unit.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates should only shower, perform bodily functions, and change clothing in designated areas (e.g., cells, shower rooms, bathrooms). Housing unit officers of the opposite gender, or any other cross-gender staff, may view breasts, buttocks, or genitalia only in an exigent circumstance, or when incidental to security checks of these designated areas of the housing unit.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states staff are not required to make announcements when responding to temporary and unforeseen circumstances that require immediate action in order to combat a threat to security or institutional order of a facility or when incidental to routine cell checks, to include circumstances such as responding to alarms, contraband detection, or detecting behavior that would constitute an inmate prohibited act.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates will be notified of the presence of opposite-gender staff members in several ways:

- Inmates are advised of the requirement to remain clothed, and the presence of cross-gender staff generally, during the Intake Screening process and the Admission and Orientation process;
- The following notice must be posted on inmate bulletin boards and signs within housing units, including segregated housing areas: NOTICE TO INMATES: Male and female staff routinely work and visit housing areas;
- For housing unit officers, an announcement is made at the beginning of primary shifts, or other appropriate time to be determined locally. The verbal announcement to each housing unit, including segregated housing areas, will be Notice: Opposite-gender staff will be in housing units during this shift. This announcement is made using the general public address system from Control or Lieutenants' Office. If the public address system does not cover these areas, an individual announcement in each housing area, including segregated housing areas, is made.
- For staff members with offices in the housing units (the Unit Team), the most recent schedule is posted in the unit, so inmates are aware when opposite-gender staff are present.

The Auditor requested an up-to-date facility inmate roster which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and

housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted twenty-eight inmate interviews, and all twenty-eight inmates confirmed they have privacy while showering, changing clothes, or using the bathroom facilities. Additionally, all twenty-eight inmates interviewed confirmed staff of the opposite gender announce his/her presence prior to entering the housing unit.

The facility has an Opposite Gender audio recording announced periodically during a twenty-four-hour period, the announcement is broadcast throughout the facility compound, to include the facility's housing areas. The audio announcement is made in English and Spanish. The Auditor also observed the announcement of an opposite gender entering a housing unit throughout the on-site tour of the facility, which provided additional documentation and the facility's compliance with this standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall not search or physically examine a transgender inmate or intersex inmate for the sole purpose of determining the inmate's genital status. If the genital status is unknown, it can be determined through conversation with the inmate, by reviewing medical records, or if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall train custody staff in how to conduct cross-gender pat-down searches and searches of transgender and intersex inmates in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

The Auditor reviewed documentation provided by the facility showed the facility has had zero searches of a transgender or intersex for the sole purpose of determining the inmate's genital status.

The Auditor conducted an interview with four transgender inmates and inquired if there was any reason to believe they were strip-searched for the sole purpose of determining genital status; each transgender inmate denied being strip-searched for

	<p>such purpose and indicated that staff members communicated well during the intake process.</p> <p>The Auditor reviewed the training records and training curriculum provided to custody staff who may have contact with inmates, how to perform cross-gender pat-down searches and searches of transgender and intersex inmates. Training records indicated custody staff receive training on the Bureau’s PREA policies and how to perform cross-gender pat-down searches annually. The training curriculum outlined the Bureau’s policy on cross-gender pat-down searches and searches of transgender and intersex inmates, policy prohibiting search of inmates for the sole purpose of determining the inmate’s genital status, defining exigent circumstances, and conducting searches in a professional and respectful manner.</p> <p>Upon review of staff training records and training curriculum, observations during the on-site visit, and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

PREA informational signage (multiple languages)

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall take appropriate steps to ensure that inmates with disabilities have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states such steps shall include, when necessary to ensure effective communication with inmates who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with inmates with disabilities, including inmates who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under Title II of the Americans with Disabilities Act, 28 CFR 35.164.

During the on-site phase of the audit, the Auditor conducted a tour of the facility and observed PREA informational bulletins posted in every housing area as well as various locations throughout the compound. These PREA bulletins (Zero-tolerance Policy bulletins) are posted in multiple languages, located throughout each housing unit, as well as several posted in common areas (food service, education, and vocational training buildings) throughout the compound.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Institution PREA Compliance Manager (IPCM) should reach out to local disabilities assistance offices, as a resource, to ensure the facility is providing effective communication accommodations when a need for such an accommodation is known. Staff take reasonable action to ensure that available methods of communication are provided to all inmates with disabilities for complete access to its efforts of preventing, detecting, and responding to sexual abuse and sexual harassment.

The Auditor conducted an interview with the IPCM regarding how the facility takes appropriate steps to ensure that all inmates have an equal opportunity to participate in the facility's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The IPCM detailed the efforts made by the facility to ensure impaired inmates are provided opportunities and benefits equal to those of unimpaired inmates. Inmates with either impairments or LEP inmates are provided with alternatives to accommodate participation in the PREA program such as videos and brochures tailored to their primary language.

Additionally, every effort is made to provide all training in a format that will be easily understood by inmates who have a physical or developmental impairment or who have limited English proficiency. FTC Oklahoma City presents PREA-related information both verbally and in writing to all inmates. Additionally, the Bureau of Prisons has contracts for American Sign Language interpreters, Language Line interpreters, Video Relay System conferencing, telephone access, and electronic messaging access. The Auditor reviewed the existing contract between the BOP and Language Line Services, LLC. The contract outlines the translation services provided for each BOP facility, rate of service, and the contract's start and ending dates.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall not rely on inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first response duties under § 115.64, or the investigation of inmate's allegations.

The Auditor interviewed five targeted inmates that were either Limited English Proficient (LEP), or inmates with physical, cognitive, hearing, or vision impairments. Each inmate acknowledged receiving PREA information during the admission and orientation process. Each inmate described receiving the comprehensive PREA orientation within the first day or two after arriving at the facility. Additionally, each inmate acknowledged the information was provided to them in an accessible format specific to their individual needs. The Auditor utilized a certified interpreter for the interview with the LEP inmates.

The Auditor requested and was provided with an up-to-date facility staff roster for all members currently assigned to the facility and was organized by shift assignment and identified each staff member's current job assignment and rank. This allowed the Auditor to select a random representation of staff members for the interview process

	<p>as well as ensure the random representation included all shifts, ranks, tenure, and various job assignments.</p> <p>The Auditor conducted interviews with twelve random staff members. Each staff member confirmed the Bureau’s policy prohibiting the use of an inmate to provide translation services except in exigent circumstances; all staff members acknowledged the use of either the language line or contacting another custody staff to translate.</p> <p>Upon review of the policies, inmate handbook, and upon completion of interviews with inmates, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states when designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the agency shall consider the effect of the design, acquisition, expansion, or modification upon the agency's ability to protect inmates from sexual abuse.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states when installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency shall consider how such technology may enhance the agency's ability to protect inmates from sexual abuse.

During the on-site tour of the facility, the Auditor observed convex mirrors and security cameras in housing areas, food service, warehouse, gymnasium, health services, education building, and in common areas, and throughout the compound. The information provided in the PAQ indicated the facility has not updated or installed video monitoring and electronic surveillance since the last PREA audit.

The Auditor conducted an interview with the Agency Head Designee and discussed if the Bureau considers how modifications or expansions to a facility effects the ability to protect inmates from sexual abuse. The Agency Head Designee explained consideration is given to all new facility designs and technology upgrades may enhance the Bureau's ability to protect against sexual abuse. In existing institutions, all substantiated and unsubstantiated cases of inmate sexual abuse are reviewed to determine if modifications to design or the addition or upgrade of technology would help prevent a similar occurrence in the future.

Additionally, the Agency Head Designee explained that institution reviews are ongoing to determine if upgrades or additions to existing technology would enhance the protection of inmates from incidents of sexual abuse. The technology serves as a deterrent but also allows the agency to identify unreported victims and perpetrators of sexually abusive behavior as well as aid in successful criminal prosecutions.

The Auditor conducted an interview with the Warden, and he confirmed that prior to designing or acquiring any new facility or when planning any substantial expansion or modification, of existing facilities, the facility shall consider the effect of the design, acquisition, expansion, or modification might have upon the facility's ability to protect inmates from sexual abuse. The Warden also explained the facility has considered and focused the placement of monitoring technology in areas where inmates are housed, work, and program, to enhance their protection from sexual abuse.

	<p>Additionally, consideration is given to camera placement to ensure the inmates' right to privacy when showering, changing clothes, etc. The Warden confirmed the facility cameras received a software update during the auditing period, however, no other additional cameras were installed.</p> <p>Upon review of the policy and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

During the pre-on-site phase of the audit, the Auditor reviewed the existing Memorandum of Understanding between the BOP and the Federal Bureau of Investigation (FBI). The MOU establishes interagency operational procedures and guidelines for the FBI and the BOP regarding violations of deferral criminal statutes occurring in BOP facilities, on BOP property, or which involve BOP staff. Additionally, the MOU defines the respective roles and responsibilities of the BOP and the FBI, to include policy, training, and practice compliance with regulations and standards. The MOU also establishes and in accordance with Title 28 CFR §115.21(g) (2), the FBI shall follow a uniform evidence protocol consistent with §115.21(a)-(f).

The Auditor conducted an interview with a Special Investigative Agent (SIA) who confirmed the responsibilities of an investigator, reviewed the process of an investigation, and confirmed the use of a uniform evidence protocol for the collection of physical evidence. The SIA provided the Auditor with a complete overview of the investigative process as it relates to sexual abuse and sexual harassment. In general, the Office of Inspector General (OIG) of the Department of Justice investigates potential criminal cases involving staff-on-inmate sexual abuse. The Office of Internal Affairs (OIA) of the Bureau of Prisons investigates administrative cases of staff-on-inmate sexual abuse or harassment. Institution investigative staff, the Special Investigative Services (SIS), investigates all other cases. When an inmate-on-inmate allegation of sexual abuse is deemed possibly criminal in nature, it is referred to the Federal Bureau of Investigation (FBI) for investigation. During the pre-on-site phase of the audit, the Auditor reviewed DOJ/OIG PREA Training curriculum and the FBI Domestic Investigations and Operations Guide that confirmed compliance with all investigatory requirements under the PREA standards.

During the pre-on-site phase of the audit, the Auditor reviewed provided documentation, which included the SANES/SAFEs evidence protocol, and the gratuitous service agreement between FTC Oklahoma City of the Bureau of Prisons

and the YMCA Oklahoma City. The agreement uses clear and concise language, provides a thorough description of each party's responsibilities, and the reporting and documentation requirements for each.

YMCA Oklahoma City, located in Oklahoma City, Oklahoma, provides crisis intervention, advocacy, and supportive services for victims of sexual assault. YMCA Oklahoma City also provides 24-hour sexual assault crisis hotline services, hospital advocacy, and follow-up counseling to its survivors and their family members.

In accordance with the agreement, the YMCA Oklahoma City provides inmates incarcerated at FTC Oklahoma City with crisis intervention and advocacy services for victims of sexual abuse to include accompany the victim during forensic exams and investigatory interviews, and follow-up crisis counseling on request. Additionally, YMCA Oklahoma City provides FTC Oklahoma City inmates identified as sexual abuse victims, with contact information for written communication for support or advocacy services.

The Auditor conducted an interview with a victim advocate from the YMCA Oklahoma City and she confirmed the existing agreement with the facility. She provided a detailed description of the advocacy services provided to the inmates at FTC Oklahoma City to include crisis intervention and emotional support services, accompany the victim during forensic exam and investigatory interviews, and follow-up crisis counseling upon request.

The Auditor conducted an interview with the facility's Health Services Administrator and explained if a forensic medical examination is required, the inmate victim would be transported to the local hospital. The hospital has certified SANE/SAFE Examiners available to complete the forensic medical examination. The Health Services Administrator confirmed there were four forensic medical examination completed for FTC Oklahoma City during the twelve-month auditing period. The Auditor conducted additional interviews with the facility's Chief of Psychology Services, the IPCM and the Warden separately, and each confirmed this information is correct.

The Auditor interviewed three targeted staff members regarding his/her role as a First Responder to an allegation of sexual abuse. The staff members provided specific details of their responsibilities as a First Responder. These responsibilities include separating the victim and abuser, preserving, and protecting the crime scene, requesting that the alleged victim not take any actions that could destroy physical evidence, ensuring the alleged abuser does not take any actions, which would destroy physical evidence, and to immediately notify the Shift Lieutenant and Psychology

	<p>Services. In addition, each staff member acknowledged the importance of the agency's response protocol to a sexual abuse allegation as well as his or her role as a First Responder.</p> <p>The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Bureau's Admission and Orientation (A&O) Pamphlet on Sexually Abusive Behavior Prevention and Intervention is provided to each inmate at intake screening. It describes the key elements of the program and informs inmates of the Bureau's zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents of sexual abuse. It also provides inmates notice that male and female staff routinely work and visit inmate housing areas.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states within 30 days of intake, the agency shall provide comprehensive education to inmates either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and incidents. During the A&O Program, a staff member designated by the Warden, present the Sexually Abusive Behavior Prevention and Intervention Program. This presentation must include:

- Definitions of sexually abusive behavior and sexual harassment;
- Prevention strategies the inmate can take to minimize his/her risk of sexual victimization while in BOP custody;
- Methods of reporting an incident of sexually abusive behavior against oneself, and for reporting allegations of sexually abusive behavior involving other inmates, including reporting procedures directly to Regional Staff, if desired.
- Methods of reporting an incident of sexual harassment against oneself, and for reporting allegations of sexual harassment involving other inmates.
- Treatment options and programs available to inmate victims of sexually abusive behavior and sexual harassment.
- Monitoring, discipline, and prosecution of sexual perpetrators.
- Notice that male and female staff routinely work and visit inmate housing areas.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states where inmates do not participate in a formal A&O Program (e.g., WITSEC, Pretrial, or SHU inmates), the Warden designates a staff member to ensure these inmates receive information on the Bureau's Sexually Abusive Behavior Prevention and Intervention Program within 30 days of intake. This is documented in the same manner as for inmates who participated during the regularly scheduled A&O session.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention &*

Intervention Program states current inmates who have not received such education shall be educated within one year of the effective date of the PREA standards and shall receive education upon transfer to a different facility to the extent that the policies and procedures of the inmate's new facility differ from those of the previous facility.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall provide inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to inmates who have limited reading skills. The agency shall maintain documentation of inmate participation in these education sessions. The A&O forms are filed in the Inmate Central File or pretrial/holdover files.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states in addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to inmates through posters, inmate handbooks, or other written formats. In each housing unit, the following will be posted:

- A notice to inmates stating, Male and female staff routinely work and visit inmate housing areas.
- A poster reflecting the BOP's zero-tolerance for sexual abuse and harassment and contact information for inmate reporting of sexual abuse allegations.

During the pre-on-site phase of the audit, the Auditor reviewed documentation to include inmate PREA education curriculum and BOP *Inmate Acknowledgement of Receipt of PREA Orientation*. A review of the inmate education curriculum indicated inmates are educated on PREA definitions, zero-tolerance, reporting methods, prevention techniques, counseling opportunities available for victims of sexual abuse, and information on the investigative process. A review of forty-three *Inmate Acknowledgement of Receipt of PREA Orientation* forms confirmed documentation of inmate attendance and acknowledgment of understanding (inmate signatures).

During the on-site phase of the audit, the Auditor conducted separate interviews with the Institution PREA Compliance Manager (IPCM) and Intake Staff Member and discussed the inmate comprehensive PREA orientation and documentation process. Both the IPCM and Intake Staff Member provided specific details on the process of educating inmates including upon intake into the facility, and during the Admission & Orientation process. Additionally, both confirmed the multiple additional information provided to inmates through PREA informational pamphlets, BOP Inmate Admission & Orientation Handbook, and the signage posted throughout the facility.

The Auditor interviewed six targeted inmates that were Limited English Proficient (LEP), or inmates with physical, cognitive, hearing, or vision impairments. Each inmate acknowledged receiving PREA information during the Admission and Orientation process. Each inmate described receiving the comprehensive PREA orientation within the first day or two after arriving at the facility. Additionally, each inmate acknowledged the information was provided to them in an accessible format specific to their individual needs. The Auditor utilized the Language Line for the interview with the LEP inmates.

The Auditor conducted a tour of the facility and observed PREA informational bulletins. These PREA bulletins are posted in multiple languages, located inside every housing unit, as well as several informational bulletins were posted in common areas (educational and vocational buildings) throughout the compound. The bulletins display phone numbers and addresses for the victim advocate services and multiple reporting methods and are displayed in multiple languages.

The Auditor requested an up-to-date facility inmate roster, which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted interviews with twenty-eight inmates and twenty-five of the twenty-eight inmates interviewed recalled receiving both the initial PREA orientation and the comprehensive orientation during A&O. Each inmate also acknowledged the zero-tolerance policy on sexual abuse sexual harassment and the various ways to report such incidents.

Inmates referred to utilizing the multiple PREA informational bulletins, TRULINCS, and brochures, which are posted throughout the facility, as a source of information. Twenty-two of the twenty-eight inmates interviewed referred to utilizing TRULINCS or notifying a staff member as the most direct method to report or inquire about PREA information. All inmates interviewed also referred to calling a family member as their source outside the facility, with all twenty-eight inmates interviewed confirming knowledge of third-party reporting. Twenty-two of the twenty-eight inmates interviewed were aware of the availability of submitting an anonymous PREA report.

	<p>During the facility tour, an inmate provided the Auditor with a demonstration of TRULINCS, the inmate electronic messaging system. The Auditor interviewed an inmate privately while touring the facility and requested the inmate to demonstrate the use of the TRULINCS. Although there are multiple services available for inmates within the TRULINCS, the demonstration confirmed to the Auditor one method for inmates to report sexual abuse and sexual harassment, to include the option of reporting the incident anonymously.</p> <p>Upon review of the policy and documentation listed above and previously discussed, and after completion of interviews, in addition to the observations made throughout the on-site tour, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

training in conducting such investigations in confinement settings. The Chief of Correctional Services ensures his/her Special Investigative Supervisor/Special Investigative Agents are appropriately trained under this section. The Chief of the Office of Internal Affairs ensures his/her staff are appropriately trained under this section.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states specialized training shall include techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations. Any State entity or Department of Justice component that investigates sexual abuse in confinement settings shall provide such training to its agents and investigators who conduct such investigations.

During the pre-on-site phase of the audit, the Auditor reviewed the existing Memorandum of Understanding between the BOP and the Federal Bureau of Investigation. The MOU establishes interagency operational procedures and guidelines for the FBI and the BOP regarding violations of deferral criminal statutes occurring in BOP facilities, on BOP property, or which involve BOP staff. Additionally, the MOU defines the respective roles and responsibilities of the BOP and the FBI, to include policy, training, and practice compliance with regulations and standards. The MOU also establishes and in accordance with Title 28 CFR §115.21(g) (2), the FBI shall follow a uniform evidence protocol consistent with §115.21(a)-(f).

The Auditor conducted an interview with a Special Investigative Agent (SIA) who confirmed the responsibilities of an investigator, reviewed the process of an investigation, and confirmed the use of a uniform evidence protocol for the collection of physical evidence. The SIA provided the Auditor with a complete overview of the investigative process as it relates to sexual abuse and sexual harassment. In general, the Office of Inspector General (OIG) of the Department of Justice investigates potential criminal cases involving staff-on-inmate sexual abuse. The Office of Internal Affairs (OIA) of the Bureau of Prisons investigates administrative cases of staff-on-inmate sexual abuse or harassment. Institution investigative staff, the Special Investigative Services (SIS), investigates all other cases. When an inmate-on-inmate allegation of sexual abuse is deemed possibly criminal in nature, it is referred to the Federal Bureau of Investigation (FBI) for investigations. During the pre-on-site phase

of the audit, the Auditor reviewed DOJ/OIG PREA Training curriculum and the FBI Domestic Investigations and Operations Guide that confirmed compliance with all investigatory requirements under the PREA standards.

Additionally, the Special Investigative Agent (SIA) also confirmed attending and successful completion of the required specialized training curriculum from the National Institute of Corrections, *Specialized Training: Investigating Sexual Abuse in Confinement Settings*. The SIA clearly articulated the comprehensive training received which included investigating sexual abuse and harassment in confinement settings, understanding the impact of victim trauma, techniques for interviewing sexual abuse victims, preservation of crime scene and evidence collection, proper use of Miranda and Garrity and the importance of each, and criteria required for administrative action and prosecution referrals.

The Auditor reviewed training documentation, which included the specialized training curriculum from the National Institute of Corrections, *Specialized Training: Investigating Sexual Abuse in Confinement Settings* and training certificates of completion verifying investigative staff that conduct sexual abuse investigations attended and completed the required specialized training.

Upon review of the policy and documentation listed above and previously discussed, and after completion of interviews, in addition to the observations made throughout the on-site visit, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

3. How to respond effectively and professionally to victims of sexual abuse and sexual harassment; and
4. How and to who to report allegations or suspicions of sexual abuse and sexual harassment.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the Health Services Division ensures medical staff are appropriately trained under this section. The Reentry Services Division ensures mental health staff are appropriately trained under this section.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations. The agency shall maintain documentation that medical and mental health practitioners have received the training referenced in this standard from either the agency or elsewhere. Medical and mental health care practitioners shall also receive the training mandated for employees under §115.31 or for contractors and volunteers under §115.32, depending upon the practitioner's status at the agency.

During the pre-on-site phase of the audit, the Auditor reviewed training records of all medical and mental health staff (Health Services and Psychology Services) currently assigned to the facility; training records included the training curriculum and certificates of completion (with signatures). The training curriculum included the required elements of the agency policy and of the PREA standard.

The Auditor conducted interviews with staff members assigned to Health Services and Psychology Services and confirmed receipt of specialized training on how to preserve

	<p>physical evidence of sexual abuse, how to respond effectively and professionally to victims of sexual abuse and sexual harassment, and how to report allegations of sexual abuse and sexual harassment. 115.41	Screening for risk of victimization and abusiveness
	<p>Auditor Overall Determination: Meets Standard</p> <hr/> <p>Auditor Discussion</p> <p>Documents:</p> <p>BOP Program Statement 5324.12, <i>Sexually Abusive Behavior Prevention & Intervention Program</i></p> <p>BOP PREA Intake Objective Screening Instrument</p> <p>Interviews conducted with:</p> <p>Staff Responsible for Risk Screening</p> <p>Random sample of Inmates</p> <p>PREA Coordinator</p> <p>On-site Review Observations:</p> <p>PREA Intake Objective Screening Instrument screening forms</p> <p>BOP Program Statement 5324.12, <i>Sexually Abusive Behavior Prevention & Intervention Program</i> states all inmates shall be assessed during an intake screening and upon transfer to another facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates.</p>

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states all inmates entering an institution are screened as directed by Health Services, Psychology Services, and Unit Management policies. The following steps should be taken:

- Inmates with a history of sexual victimization while in BOP custody – when, during the intake screening process, staff identify inmates with a history of sexual victimization within BOP custody (e.g., from self- report or from review of available documents), they must refer the inmate to Psychology Services. If not previously documented on BOP records, staff must notify the Chief of Correctional Services of the inmate’s report of victimization to ensure appropriate steps have been taken.
- Inmates with a history of sexual victimization while in a non-BOP setting – if victimization occurred in a non-BOP setting, staff should document information, and appropriate psychological treatment and monitoring will be provided if needed.
- Inmates with a history of sexual predation – when, during the intake screening process, staff identify inmates with a history of sexual predation (self-report or from review of available documents), staff must refer the inmate to Psychology Services. If incidents of sexual predation have not previously been documented on BOP records, staff must notify the Chief of Correctional Services of the inmate’s history of predation to ensure appropriate steps have been taken.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states intake screening shall ordinarily take place within 72 hours of arrival at the facility. Such assessments shall be conducted using an objective screening instrument. The PREA Intake Objective Screening Instrument should be completed using only information available to staff at the time of intake, and with the purpose of referring the inmate for further assessment if needed.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if further assessment is needed after documenting and applying the criteria, an inmate is considered “at-risk” until a final determination is made by Psychology Services or Correctional Services. Referrals to Psychology Services or Correctional Services are documented at the local level.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates are encouraged to disclose as much information as possible for the agency to provide the most protection possible under this policy. If

an inmate chooses not to respond to questions relating to his/her level of risk, he/she may not be disciplined.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the intake screening shall consider, at a minimum, the following criteria to assess inmates for risk of sexual victimization:

1. Whether the inmate has a mental, physical, or developmental disability;
2. The age of the inmate;
3. The physical build of the inmate;
4. Whether the inmate has previously been incarcerated;
5. Whether the inmate's criminal history is exclusively nonviolent;
6. Whether the inmate has prior convictions for sex offenses against an adult or child;
7. Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
8. Whether the inmate has previously experienced sexual victimization;
9. The inmate's own perception of vulnerability; and
10. Whether the inmate is detained solely for civil immigration purposes.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing inmates for risk of being sexually abusive. In the case of inmates "at risk" for perpetration, Correctional Services should be notified by Psychology Services.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states within a set time, not to exceed 30 days from the inmate's arrival at the facility, the facility will reassess the inmate's risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states an inmate's risk level shall be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. Any information related to sexual victimization or abusiveness, is limited to a need-to-know basis for staff, only for the purpose of treatment and security and management decisions (housing and cell assignments, work, education, and programming assignments).

During the pre-on-site phase of the audit, the Auditor reviewed thirty-two PREA Intake Objective Screening Instrument screening forms completed during this audit period. All forms were filled out completely and in accordance with the agency policy and the requirements of the PREA standard.

During the on-site phase of the audit, the Auditor reviewed an additional forty-three PREA Intake Objective Screening Instrument screening forms completed during this audit period. The forty-three PREA Intake Objective Screening Instrument forms reviewed were from the files of the inmates selected for the random and targeted inmate interviews. All forms, to include the PREA Intake Objective Screening Instrument, Intake Screening, Psychology Services Risk of Sexual Victimization, and the Inmate Individualized Treatment Plan (28-day Risk Reassessment), were filled out completely and in accordance with the agency policy.

The Auditor conducted an interview with a Staff Member responsible for conducting screenings for risk of victimization and abusiveness. The Staff Member provided the Auditor with a complete overview of the inmate risk screening process to include how all inmates are screened the same day of arrival. The Staff Member confirmed that all risk screening interviews are conducted in private, and any information obtained in the interview is strictly used to determine an inmate's risk of sexual victimization or abusiveness and he confirmed such sensitive information is limited to staff for the purpose of security, management, and treatment decisions (housing, programming, work assignments, etc.).

The Auditor inquired to the Staff Member what actions are taken against inmates who refuse to cooperate or answer the questions in the risk screening process. The Staff Member responded that inmates are not required to provide answers. The Staff Member confirmed that inmates are not disciplined for refusing to cooperate or answer the questions in the risk screening process.

The Auditor conducted interviews with four inmates who disclosed prior sexual

victimization. Each inmate confirmed to the Auditor that they were offered the opportunity to meet with Psychology Services during the risk screening process; all four inmates declined the opportunity but acknowledged knowing how to contact Psychology Services if needed in the future. The Auditor was able to confirm the information provided by each inmate during the documentation review process.

During the on-site visit, the Auditor requested an up-to-date facility inmate roster which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted twenty-eight inmate interviews, two of the twenty-eight inmates interviewed entered the facility twelve months or longer, therefore this interview question was not posed to them. Of the remaining twenty-six inmates interviewed, all twenty-six inmates recalled the initial risk screening assessment interview, and ten of the twenty-six recalled the second risk assessment interview occurring with a Psychology Services staff member and within three to four weeks from the initial risk assessment. The remaining sixteen inmates interviewed were at the facility less than two weeks at the time of the Auditor's interview and had not received the second risk assessment.

An interview with the National PREA Coordinator was conducted and the question was posed to her how the facility protects sensitive information, in particular an inmate's risk assessment. The National PREA Coordinator explained the policy mandates such sensitive information is limited to staff who have a need to know and will vary depending on what is recommended within the risk assessment. The National PREA Coordinator provided the following example: If there is an elevated risk level with recommendations on cell assignment and work assignment, then the Correctional Counselor will be notified since that individual is responsible for those assignments. Executive staff are made aware in all instances due to security concerns.

Upon review of the policies, on-site file review, and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall use information from the risk screening required by §115.41 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall make individualized determinations about how to ensure the safety of each inmate.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states in deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states placement and programming assignments for each transgender or intersex inmate shall be reassessed at least twice each year to review any threats to safety experienced by the inmate.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states a transgender or intersex inmate's own view with respect to his or her own safety shall be given serious consideration. Transgender and intersex inmates shall be given the opportunity to shower separately from other inmates.

The Auditor conducted an interview with a Staff Member responsible for conducting screenings for risk of victimization and abusiveness. The Staff Member provided the Auditor with a complete overview of the inmate risk screening process to include how all inmates are screened the same day of arrival. The Staff Member confirmed that all risk screening interviews are conducted in private, and any information obtained in the interview is strictly used to determine an inmate's risk of sexual victimization or abusiveness and she confirmed such sensitive information is limited to staff for the purpose of security, management, and treatment decisions (housing, programming, work assignments, etc.).

The Auditor inquired to the Staff Member what actions are taken against inmates who refuse to cooperate or answer the questions in the risk screening process. The Staff Member responded that inmates are not required to provide answers. The Staff Member confirmed that inmates are not disciplined for refusing to cooperate or answer the questions in the risk screening process.

The Auditor reviewed forty-three PREA Intake Objective Screening Instrument screening forms from the files of the inmates selected for the random and targeted inmate interviews. All forms, to include the *PREA Intake Objective Screening Instrument, Intake Screening, Psychology Services Risk of Sexual Victimization, and the Inmate Individualized Treatment Plan (28-day Risk Reassessment)*, were filled out completely and in accordance with the agency policy and the requirements of the PREA standard.

The Auditor conducted an interview with the Institution PREA Compliance Manager (IPCM) on how the facility uses information obtained from the risk screening assessment interview to keep inmates from being sexually victimized or being sexually abusive. The IPCM described the risk screening process and explained how depending upon the responses given by the inmate; the information obtained in the

screening process is used to ensure inmates are properly referred for treatment and to ensure appropriate housing.

The Auditor also inquired to the IPCM how the facility determines housing and program assignments for transgender or intersex inmates. The IPCM explained that housing for a transgender or intersex inmate is determined on a case-by-case basis. The inmate's safety as well as the safety and the security of facility will be taken into consideration when making the housing determination.

The Auditor requested an up-to-date inmate roster for gay, bisexual, transgender, and intersex inmates to conducted targeted inmate interviews. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted five separate interviews with inmates who identify as either gay, bisexual, transgender, or intersex. The Auditor inquired to each inmate whether they were placed in a housing area only for gay, bisexual, or transgender or intersex inmates. Each inmate acknowledged being housed in a general population housing area with inmates of the same level of classification. Each inmate explained the classification levels are based on criminal history. Additionally, the Auditor inquired to the four inmates who identified as transgender if the facility provides the opportunity to shower alone, without other inmates and each transgender inmate confirmed to the Auditor the facility provides the opportunity to shower alone.

An interview with the National PREA Coordinator was conducted and the question was posed to her how the agency ensures against placing lesbian, gay, bisexual, transgender, or intersex inmates in dedicated facilities or wings. The National PREA Coordinator confirmed that the Bureau of Prisons does not have any facilities, units, or wings, dedicated to lesbian, gay, transgender, or intersex inmates.

Upon review of the policies and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates at high risk for sexual victimization shall not be placed in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers. If a facility cannot conduct such an assessment immediately, the facility may hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates placed in segregated housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document:

1. The opportunities that have been limited;
2. The duration of the limitation; and
3. The reasons for such limitations.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall assign such inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days. If an involuntary segregated housing assignment is made, the facility shall clearly document:

1. The basis for the facility's concern for the inmate's safety; and
2. The reason why no alternative means of separation can be arranged.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention &*

Intervention Program states every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population.

The Auditor conducted an interview with the Warden regarding inmates at high risk of victimization. The Warden explained inmates at high risk for sexual victimization should not be placed in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers. If the assessment cannot be completed immediately, the facility may hold the inmate in involuntary segregated housing for less than 24 hours, or review for placement in one of our neighboring facilities while completing the assessment. Any limits on programming due to the involuntary segregated housing must be documented.

The Auditor conducted an interview with a Facility Staff Member who supervises inmates in segregated housing. The Auditor inquired to the Facility Staff Member if an inmate is placed in segregated housing for protection from sexual abuse or after having alleged sexual abuse, what restrictions are placed on the inmate. The Facility Staff Member articulated that inmates placed in the Special Housing Unit (SHU) do not have restrictions and retain the same privileges as inmates in general population housing, to include participating in programs and education opportunities. The Facility Staff Member explained if an inmate has restrictions, it would be limited, and the Chief of Correctional Services ensures that proper documentation exists reflecting the limitations, duration, and rationale for the limitations.

According to the information in the PAQ, the facility reported there were no inmates at risk of sexual victimization being assigned to involuntary segregated housing during the twelve-month auditing period. During the on-site phase of the audit, the Auditor interviewed the Warden and the Institution PREA Compliance Manager and each confirmed the information previously provided by the facility in the PAQ. Therefore, inmates in this targeted category were not interviewed.

Upon review of the policy and documentation provided and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states during the intake process, inmates shall receive information explaining the agency’s zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall provide multiple internal ways for inmates to privately report sexual abuse and sexual harassment, retaliation by other inmates or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates are encouraged to report allegations to staff at all levels, including local, regional, and Central Office. They are also currently provided with avenues of internal reporting, such as telephonically to a specific department (such as the Special Investigative Lieutenant), or by mail to an outside entity (Office of Inspector General).

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall also provide at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials, allowing the inmate to remain anonymous upon request. Inmates detained solely for civil immigration purposes shall be provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security. Inmates are provided contact information and access to the Office of Inspector General to make such reports.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states staff shall accept reports made verbally, in writing, anonymously, and from third parties and shall promptly document any verbal reports.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall provide a method for staff to privately report sexual abuse and sexual harassment of inmates. Staff may privately contact any supervisory staff at the local institution, Regional staff, or Central Office staff, including the Regional PREA Coordinators, and the National PREA Coordinator. Allegations involving staff members may also be reported to the Office of Internal Affairs or the Office of Inspector General.

During the pre-on-site phase of the audit, the Auditor reviewed provided documentation, which included the SANES/SAFEs evidence protocol, and the gratuitous service agreement between FTC Oklahoma City of the Bureau of Prisons and YMCA Oklahoma City. The agreement uses clear and concise language, provides a thorough description of each party's responsibilities, and the reporting and documentation requirements for each.

The Auditor conducted an interview with a victim advocate from the YMCA Oklahoma City and she confirmed the existing agreement with the facility. She provided a detailed description of the advocacy services provided to the inmates at FTC

Oklahoma City to include crisis intervention and emotional support services, accompany the victim during forensic exam and investigatory interviews, and follow-up crisis counseling upon request.

During the on-site visit, the Auditor requested an up-to-date facility inmate roster, which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor conducted twenty-eight inmate interviews and inquired how they would report an incident of sexual abuse or sexual harassment if it happened to them or another inmate. Inmates referred to utilizing the multiple PREA informational bulletins, TRULINCS, and brochures, which are posted throughout the facility, as a source of information. Twenty-two of the twenty-eight inmates interviewed referred to utilizing TRULINCS or notifying a staff member as the most direct method to report or inquire about PREA information. All inmates interviewed also referred to calling a family member as their source outside the facility, with all twenty-eight inmates interviewed confirming knowledge of third-party reporting. Twenty-two of the twenty-eight inmates interviewed were aware of the availability of submitting an anonymous PREA report.

The Auditor-conducted interviews with twelve random staff members and asked each staff member how an inmate can privately report sexual abuse and sexual harassment or retaliation by other inmates or staff for previously reporting sexual abuse and sexual harassment. Each staff member interviewed was able to articulate the various methods an inmate may privately report an allegation of sexual abuse or sexual harassment (supervisory staff at the local institution, the Regional PREA Coordinators, or by notifying the Office of Inspector General). Staff members also explained that reports concerning sexual abuse or sexual harassment, whether reported verbally or in writing, are considered confidential and must be documented immediately.

The Auditor inquired to each staff member how he/she would report an allegation of sexual abuse or sexual harassment of inmates privately. Staff responses included either calling the Office of Inspector General or tell his/her immediate supervisor. Staff members expressed confidence in reporting either to the OIG or privately to his/her supervisor and no one reported fear of retaliation.

The Auditor conducted an interview with the Institution PREA Compliance Manager (IPCM) to verify reporting methods for sexual abuse or sexual harassment allegations that are available for inmates and staff. The IPCM confirmed the multiple methods of reporting available for inmates and staff, these reports can be made either verbally, in writing, by a third party and may be done so in private or anonymously and all reports, no matter the method used to report, are confidential and handled promptly and professionally. The IPCM confirmed that inmates could report anonymously through TRULINCS or by mailing the Office of Inspector General.

During the on-site phase of the audit, the Auditor conducted a tour of the facility and observed PREA informational bulletins posted in every housing area as well as various locations throughout the compound. These PREA bulletins (Zero-tolerance Policy bulletins) are posted in multiple languages, located throughout each unit, as well as several posted in common areas (food service, educational and vocational buildings) throughout the facility.

Upon review of the policies, contracts, employee handbook, BOP inmate handbook, and PREA bulletins and signs posted throughout the facility, and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states as requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall

accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals.

During the pre-on-site phase of the audit, the Auditor reviewed the BOP Inmate Admissions & Orientation Handbook. The BOP Inmate Admission & Orientation Handbook provides information regarding victim advocacy services for inmates and all information provided will be kept confidential, except information that requires mandatory reporting.

During the pre-on-site phase of the audit, the Auditor reviewed provided documentation, which included the SANEs/SAFEs evidence protocol, and the gratuitous service agreement between FTC Oklahoma City of the Bureau of Prisons and YMCA Oklahoma City. The agreement uses clear and concise language, provides a thorough description of each party's responsibilities, and the reporting and documentation requirements for each.

The Auditor conducted an interview with a victim advocate from the YMCA Oklahoma City and she confirmed the existing agreement with the facility. She provided a detailed description of the advocacy services provided to the inmates at FTC Oklahoma City to include crisis intervention and emotional support services, accompany the victim during forensic exam and investigatory interviews, and follow-up crisis counseling upon request.

The Auditor requested an up-to-date facility inmate roster which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

The Auditor interviewed twenty-eight inmates and inquired to each inmate, were they informed of services available outside of the facility if needed, for dealing with sexual abuse. Twenty-two of the twenty-eight inmates interviewed stated there are services available as they were explained to them during the comprehensive PREA orientation (A&O) and referred to the informational bulletins posted in the unit as well as information in the Inmate A & O Handbook, which provides specific details. Eighteen of the twenty-eight inmates interviewed acknowledged being provided information for written communication to victim advocacy services. The Auditor reviewed

documentation confirming all twenty-eight inmates interviewed received the BOP Inmate Admission & Orientation Handbook (documentation included inmate signatures). The BOP Inmate Admission & Orientation Handbook contains explanation of the victim advocacy services availability as well as contact information.

During the facility tour, the Auditor conducted informal interviews with inmates in the housing dormitories and in various work assignments, and while touring the programs, educational, and workshop buildings. Throughout the tour, the Auditor noted PREA Zero-Tolerance bulletins displayed in all the above areas / buildings. The PREA Zero-Tolerance bulletins contain information for reporting incidents as well as information related to counseling and advocacy services.

The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. The Auditor inquired to the inmate, after reporting, did the facility allow him to contact anyone. The inmate confirmed to the Auditor, after reporting the incident, he was able to meet with Psychology Services and was provided additional information on advocacy services.

Upon review of the policies and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall establish a method to receive third-party reports of sexual abuse and sexual harassment and shall distribute publicly information on how to report sexual abuse and sexual harassment on behalf of an inmate.

During the on-site phase of the audit, the Auditor conducted a tour of the facility and observed PREA informational bulletins posted. These PREA Zero-Tolerance bulletins are posted in multiple languages, located near the entrances into the housing unit, as well as several posted in common areas (educational and vocational buildings) throughout the compound. The bulletins display multiple reporting instructions to include telling any staff member, file an administrative remedy, TRULINCS, or write to the Office of Inspector General.

During the on-site visit, the Auditor requested an up-to-date facility inmate roster which provides a list of all inmates currently at the facility and is organized by housing unit. The facility inmate roster also provides inmate characteristics such as age, gender, race, ethnicity, and housing assignment. This allowed the Auditor to accurately select a random representation of inmates for the interview process. All inmate interviews were conducted with the guidance of the National PREA Resource Center, *PREA Compliance Audit Instrument - Interview Guide for Inmates*.

All twenty-eight inmates interviewed recalled receiving both the initial PREA orientation upon arrival and the comprehensive orientation during the Admission & Orientation process. Each inmate also acknowledged the zero-tolerance policy on sexual abuse sexual harassment and the various ways to report such incidents. When questioned about third party reporting, all twenty-eight inmates interviewed acknowledged how to submit a third-party report. In addition, several of the inmates referred to the PREA bulletins posted throughout the facility or utilizing TRULINCS as each contain the directions on how to submit a third-party report.

	<p>During the pre-on-site phase of the audit, the Auditor visited the agency’s website and confirmed the availability for the public to submit a report of sexual abuse or sexual harassment on behalf of an inmate. BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states apart from reporting to designated supervisors or officials, staff shall not reveal any information related to a sexual abuse report to anyone other than the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states unless otherwise precluded by Federal, State, or local law, medical and mental health practitioners shall be required to report sexual abuse pursuant to policy and to inform inmates of the practitioner's duty to report, and the limitations of confidentiality, at the initiation of services.

The Institution PREA Compliance Manager (IPCM) refers the incident for investigation to the appropriate office and reviews the incident for any further response. As the severity of the sexually abusive behavior increases, so should the level of response.

The Auditor conducted interviews with twelve random staff members. Each staff member interviewed articulated the agency's zero-tolerance policy on sexual abuse and sexual harassment, their role and responsibilities regarding sexual abuse and sexual harassment prevention, detection, reporting, and response, how to communicate effectively and professionally with inmates, and an inmate right to be free from sexual abuse and sexual harassment. Staff members also acknowledged that reports concerning sexual abuse or sexual harassment, whether reported verbally or in writing, are considered confidential and must be documented immediately.

The Auditor conducted interviews with Health Services and Psychology Services staff members regarding responsibilities to disclose to inmates the confidentiality limitations and reporting incidents of sexual abuse or sexual harassment. Each staff member articulated in detail step-by-step process when reporting incidents of sexual abuse or sexual harassment as well as expressed the requirement to report such incidents immediately. Additionally, staff members acknowledged disclosing the confidentiality limitation prior to the initiation of services with any inmate. The Auditor inquired if any inmates had reported an incident of sexual abuse or harassment to them and only the Psychology Services staff member indicated they had received such report and reported it immediately.

The Auditor conducted an interview with the Warden and inquired how FTC Oklahoma City responds when an allegation of sexual abuse or sexual harassment is made by someone under the age of 18 or someone who is considered vulnerable adult under state law. The Warden explained that FTC Oklahoma City does not house inmates under the age of 18 nor inmates who are considered vulnerable adults.

The Auditor inquired to the Warden are allegations of sexual abuse and sexual harassment, to include third party and anonymous sources, reported to designated facility investigators. The Warden indicated all allegations of sexual abuse and sexual harassment, no matter the origin of reporting, are investigated in accordance with policy.

Upon review of the policies and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states when an agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, it shall take immediate action to protect the inmate.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states in cases where the alleged perpetrator is another inmate, the Operations Lieutenant is notified immediately and immediately safeguards the inmate (which will vary depending on the severity of the alleged sexually abusive behavior and could include monitoring the situation, changing housing assignments, changing work assignment, placing alleged victim and perpetrator in Special Housing, etc.). The Operations Lieutenant promptly refers all inmates reported or suspected of being the victim of sexually abusive behavior to Psychology Services for assessment of vulnerability and treatment needs. The Operations Lieutenant also notifies the Institution PREA Compliance Manager (IPCM).

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if the alleged perpetrator is a staff member, all options for safeguarding the inmate should be considered. The decisions made to safeguard the inmate should take impact on staff member into account, in accordance with the Master Agreement. Removal from the facility is an extreme measure, and other options include reassignment to another unit or post, or other measures that will effectively separate the staff member from the inmate.

The Auditor conducted interviews twelve random staff members and inquired about his/her actions if they received information that an inmate was in imminent risk of sexual abuse. Each staff member articulated the agency's response protocol to receiving such information and all staff members interviewed confirmed the priority is ensuring the safety of the inmate. Staff indicated that once the inmate who was at risk is secured, they would immediately notify the Operations Lieutenant and IPCM.

The Auditor conducted an interview with the Warden and inquired as to what action is taken upon learning an inmate is subject to a substantial risk of imminent sexual

abuse. The Warden informed the Auditor that if staff determine an inmate is subject to a substantial risk of imminent sexual abuse, the inmate will be safeguarded and notifications will be made, to include IPCM, Operations Lieutenant, SIS, Medical, and Psychology Services for appropriate follow-up, investigation, and care.

The Auditor conducted an interview with the Agency Head Designee regarding what action is taken upon learning an inmate is subject to a substantial risk of imminent sexual abuse. The Agency Head Designee stated if an inmate is at risk of imminent sexual abuse the first thing staff will be responsible for is safeguard the inmate by separating him from the potential danger. Our actions vary depending on the severity of the threat. If the possible threat is by another inmate, we may change the inmate's housing assignment, work assignment, or possibly place the inmate in the Special Housing Unit. If the possible threat is from a staff member, other options exist in addition to these, to include a change in the staff member's work assignment or removal from the facility while the investigation is conducted.

Upon review of the policy, observations made during the on-site facility tour, and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

allegation shall notify the head of the facility or appropriate office of the agency where the alleged abuse occurred.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states in cases where there is an allegation that sexually abusive behavior occurred at another Bureau facility, the Warden (or his/her designee) of the victim's current facility reports the allegation to the Warden of the identified institution. In cases alleging sexual abuse by staff at another institution, the Warden of the inmate's current facility refers the matter directly to the Office of Internal Affairs.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states for non- Bureau secure privatized facilities, jails, juvenile facilities, and Residential Reentry Centers, the Warden will contact the appropriate office of the facility and notify the Privatization Management or the Residential Reentry Management Branches, as appropriate. For non-Bureau facilities, the Warden (or his/her designee) contacts the appropriate office of that correctional agency.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states such notification shall be provided as soon as possible, but no later than 72 hours after receiving the allegation. The agency shall document that it has provided such notification. The facility head or agency office that receives such notification shall ensure that the allegation is investigated in accordance with these standards.

In the twelve months prior to the audit, FTC Oklahoma City reported receiving four allegations from an FTC Oklahoma City inmate alleging he was a victim of sexual abuse while confined at another facility. FTC Oklahoma City reported three allegations of sexual abuse incidents were received from other facilities.

The Auditor conducted an interview with the Warden and asked what the process is when your facility receives an allegation from another facility or Bureau that an incident of sexual abuse or sexual harassment occurred at the facility. The Warden assured the Auditor that the allegation would be investigated in accordance with PS 5324.12 and the institution supplement.

The Auditor conducted an interview with the Agency Head Designee and inquired if another agency or facility refers allegations of sexual abuse or sexual harassment

that occurred within one of your facilities, is there a designated point of contact. The Agency Head Designee explained that typically, other agencies make the referral directly to the institution, specifically to the Warden. On other occasions, the agencies contact the Bureau of Prisons National PREA Coordinator if they are unsure how to contact the institution directly. In these cases, the National PREA Coordinator will forward the referral directly to the Warden of the institution. For notifications involving a facility within the agency, if the notification does not go directly to the Warden of the institution, the staff who receive the notification immediately forward it to the Warden so that the allegation can be appropriately investigated. The Warden determines whether the allegation(s) can be investigated locally or if it should be referred to the Office of Internal Affairs (OIA). The Auditor inquired to the Agency Head Designee if there are examples of such allegations being reported from another facility or agency. The Agency Head Designee explained that each institution tracks referrals made to them by other facilities and/or agencies. Our agency would contact the other facility and work together to conduct the investigation to include interviews, statements, and evidence collection. All information and evidence would be provided to the facility responsible for completing the investigation.

Upon review of the policy, documentation, and investigative files, and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

The Auditor conducted twelve random custody staff interviews and three targeted interviews regarding his/her role as a First Responder to an allegation of sexual abuse. Each staff member provided specific details of their responsibilities as a First Responder. These responsibilities include separating the victim and abuser, safeguarding the inmate victim, preserving, and protecting the crime scene, requesting that the alleged victim not take any actions that could destroy physical evidence, ensuring the alleged abuser does not take any actions, which would destroy physical evidence, and to immediately notify the Operations Lieutenant.

In addition, each staff member acknowledged the importance of the agency's

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states all staff report incidents of sexual abuse to the Operations Lieutenant. The Operations Lieutenant immediately safeguards the inmate. The Operations Lieutenant promptly refers all inmates reported or suspected of being the victim of sexually abusive behavior to the Health Services for physical assessment and documentation of injuries and to Psychology Services for assessment of vulnerability and treatment needs.

Services will be provided in an environment that meets both security and therapeutic needs.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the full Response Protocol, monitored by the Institution PREA Compliance Manager (IPCM), involves the following components:

- Correctional Services safeguard the inmate; engage in evidence collection and preservation at the institution, including inmate clothing and footwear; investigate cases involving inmate perpetrators; arrange for outside medical trips if necessary; and ensure that STG categories for victims and predators are entered into SENTRY.
- Psychologists are responsible for crisis intervention, assessment of treatment needs, documentation of the evaluation results, treatment, psychiatric referral, and other treatment options related to the alleged victim. Psychologists also notify the qualified agency staff member or the outside victim advocate, if necessary, to assist the inmate.
- Properly trained Health Services clinicians are responsible for assessment, examination, documentation, and treatment of inmate injuries arising from incidents of sexual abuse, including testing when appropriate for pregnancy, HIV, and other sexually transmissible infections (STIs). Where indicated, medical staff, trained in the collection of sexual assault evidence should

conduct an examination for physical evidence that may be used later in formal investigations, or refer the inmate to trained health care professionals from the local community or the local community facility equipped to evaluate and treat sexual assault victims.

During the pre-on-site phase of the audit, the Auditor reviewed the above FTC Oklahoma City Response Protocol. The plan is detailed, provides systematic instructions, and outlines the roles and responsibilities for all staff, to include first responders, Health Services, Psychology Services, investigators, and facility leadership, responding to an incident of sexual abuse.

The Auditor conducted an interview with the Warden and inquired as to the implementation of the FTC Oklahoma City Response Protocol. The Warden provided a detailed description of the response plan which outlines the local coordinated actions among staff first responders, medical and mental health practitioners, investigators, and facility leadership in response to an incident of sexual abuse.

Upon review of the policies and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states for at least 90 days following a report of sexual abuse, the agency shall monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff and

shall act promptly to remedy any such retaliation.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states items the agency should monitor include any inmate disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need. In the case of inmates, such monitoring shall also include periodic status checks. If any other individual who cooperates with an investigation expresses a fear of retaliation, the agency shall take appropriate measures to protect that individual against retaliation. An agency's obligation to monitor shall terminate if the agency determines the allegation is unfounded.

The Auditor conducted an interview with the Institution PREA Compliance Manager (IPCM), the designated staff member required to monitor staff and inmates who have reported sexual abuse allegations to protect them from retaliation. The IPCM monitors inmates and staff to ensure there is no retaliation for alleging or reporting sexually abusive behavior. For inmates, this monitoring (90 days) includes housing and cell assignments, work assignments, programming changes, and disciplinary action. For staff, the monitoring (90 days) includes reassignment of work, posts, performance evaluations, and shift changes. If there is a concern that potential retaliation might occur beyond the 90 days, the IPCM would continue to monitor conduct and treatment until the issue or threat is resolved.

The Auditor reviewed thirteen investigative files and noted that each file contained forms showing the retaliation monitoring interviews that were conducted with inmates who previously alleged sexual abuse or sexual harassment. Each form provided a detailed explanation of the interview, statements from the inmate, and comments from the IPCM. The monitoring interviews were conducted on the 30-, 60-, and 90-day review dates. In addition to these reviews, periodic checks were also documented in real time in-between the 30-, 60-, and 90-day reviews to document housing or work assignment changes.

The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. The Auditor inquired to the inmate if he feels protected against possible revenge from staff or inmates for reporting an incident of sexual abuse. The inmate acknowledged feeling safe within the facility and if there was a need or concern, he would report to a staff member.

The information provided by the facility in the PAQ indicated there were no incidents of retaliation reported by inmates during the 12-month auditing period. The Auditor further verified this information during interviews with the Warden and the Institution PREA Compliance Manager and each confirmed the information previously provided by the facility. Therefore, inmates in this targeted category were not interviewed.

The Auditor conducted an interview with the Warden and inquired on the different measures taken to protect inmates and staff from retaliation for reporting allegations of sexual abuse or sexual harassment. The Warden confirmed appropriate measures would be taken to protect inmate victims if retaliation is suspected, such as a review of housing, work, and program assignments to aid with their protection. For staff victims where retaliation is suspected a thorough review of performance and assignment to aid with their protection would occur. For the suspected perpetrators of retaliation, investigations would take place and disciplinary measures would be pursued when appropriate.

The Auditor conducted an interview with the Agency Head Designee and inquired how the agency protects inmates or staff from retaliation for sexual abuse or sexual harassment allegations. The Agency Head Designee explained the IPCM monitors inmates and staff to ensure there is no retaliation for alleging or reporting sexually abusive behavior. For inmates, this monitoring includes housing and cell assignments, work assignments, programming changes, and disciplinary action. For staff, the monitoring includes reassignment of work, posts, performance evaluations, and shift changes. In addition, to ensure their mental and emotional wellbeing is cared for, the staff members being monitored will be offered psychology services.

The Auditor inquired to the Agency Head Designee if an individual cooperates with an investigation expresses a fear of retaliation, what measures does the Bureau take to protect that individual against retaliation. The Agency Head Designee explained the individual would be monitored in the same manner as the individual who reported the allegation and would be protected against such retaliation. The protection can take the form of changing housing or work assignments, transfers, changing work supervisors, or other actions that prevent retaliation. In addition, to ensure their mental and emotional wellbeing is cared for, the staff members being monitored will be offered psychology services.

Upon review of the policy and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Form BP-A1002, *Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation*

Interviews conducted with:

Warden

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states any use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse shall be subject to the requirements of §115.43.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates at high risk for sexual victimization shall not be placed in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers. If a facility cannot conduct such an assessment immediately, the facility may hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates placed in segregated housing for this purpose shall have access to programs, privileges, education, and work opportunities to the extent possible. If the facility restricts access to programs, privileges, education, or work opportunities, the facility shall document:

1. The opportunities that have been limited;
2. The duration of the limitation; and
3. The reasons for such limitations.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall assign such inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days. If an involuntary segregated housing assignment is made, the facility shall clearly document:

1. The basis for the facility's concern for the inmate's safety; and
2. The reason why no alternative means of separation can be arranged.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states every 30 days, the facility shall afford each such inmate a review to determine whether there is a continuing need for separation from the general population.

The Auditor conducted an interview with a Facility Staff Member who supervises inmates in segregated housing. The Auditor inquired to the Facility Staff Member if an inmate is placed in segregated housing for protection from sexual abuse or after having alleged sexual abuse, what restrictions are placed on the inmate. The Facility Staff Member articulated that inmates placed in the Special Housing Unit (SHU) do not have restrictions and retain the same privileges as inmates in general population housing, to include participating in programs and education opportunities. The Facility Staff Member explained if an inmate has restrictions, it would be limited, and the Chief of Correctional Services ensures that proper documentation exists reflecting the limitations, duration, and rationale for the limitations.

During the 12 months prior to the audit, the facility reported there were no inmates who reported sexual abuse, being assigned to involuntary segregated housing. During the on-site phase of the audit, the Auditor reviewed the investigative files and confirmed the inmates who reported sexual abuse were not placed into involuntary segregated housing. The Auditor also confirmed this information in interviews with facility staff. Therefore, inmates in this targeted category were not interviewed.

The Auditor conducted an interview with the Warden regarding inmates who alleged sexual abuse. The Warden explained that inmates at high risk for sexual victimization or who have alleged sexual abuse shall not be placed in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers. Additionally, the Warden explained the use of the

	<p>Special Housing Unit (SHU) for involuntary protective custody due to risk of sexual abuse victimization or to provide protective custody to an alleged victim of sexual abuse will occur as a last resort. If an assessment cannot be completed immediately, and if it is safe to do so, the inmate would be held in the SHU for less than 24 hours while completing the assessment. Any limits on programming due to involuntary segregated housing would be documented.</p> <p>Upon review of the policy and documentation provided and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states where sexual abuse is alleged, the agency shall use investigators who have received special training in sexual abuse investigations pursuant to §115.34.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states any State entity or Department of Justice component that conducts such investigations shall do so pursuant to agency policy.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states when outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

BOP Program Statement 5508.02, *Hostage Situations or Criminal Actions Requiring FBI Presence* states the FBI has the investigative responsibility for criminal activities at all Bureau facilities. Additionally, in accordance with the existing MOU between the BOP and the FBI, upon the occurrence of any incident that may involve a criminal act, the BOP will take immediate action to preserve the scene of the incident and immediately notify the appropriate designated FBI representative of the incident.

During the pre-on-site phase of the audit, the Auditor reviewed the existing Memorandum of Understanding between the BOP and the Federal Bureau of Investigation. The MOU establishes interagency operational procedures and guidelines for the FBI and the BOP regarding violations of deferral criminal statutes

occurring in BOP facilities, on BOP property, or which involve BOP staff. Additionally, the MOU defines the respective roles and responsibilities of the BOP and the FBI, to include policy, training, and practice compliance with regulations and standards. The MOU also establishes and in accordance with Title 28 CFR §115.21(g) (2), the FBI shall follow a uniform evidence protocol consistent with §115.21(a)-(f).

During the on-site phase of the audit, the Auditor conducted an interview with a Special Investigative Agent (SIA) who confirmed the responsibilities of an investigator, reviewed the process of an investigation, and confirmed the use of a uniform evidence protocol for the collection of physical evidence. The SIA provided the Auditor with a complete overview of the investigative process as it relates to sexual abuse and sexual harassment. In general, the Office of Inspector General (OIG) of the Department of Justice investigates potential criminal cases involving staff-on-inmate sexual abuse. The Office of Internal Affairs (OIA) of the Bureau of Prisons investigates administrative cases of staff-on-inmate sexual abuse or harassment. Institution investigative staff, the Special Investigative Services (SIS), investigates all other cases. When an inmate-on-inmate allegation of sexual abuse is deemed possibly criminal in nature, it is referred to the Federal Bureau of Investigation (FBI) for investigations. During the pre-on-site phase of the audit, the Auditor reviewed DOJ/ OIG PREA Training curriculum and the FBI Domestic Investigations and Operations Guide that confirmed compliance with all investigatory requirements under the PREA standards.

During the 12 months prior to the audit, FTC Oklahoma City reported eleven allegations of sexual abuse and two allegations of sexual harassment. The Auditor reviewed the thirteen allegations thoroughly and systematically to ensure each case contained the required documentation, and that all procedures were completed as required.

The Auditor found each case reviewed contained all the appropriate documentation, and determined that the incidents were investigated promptly, thoroughly, and objectively by a qualified Special Investigative Agent who has received training and education and has the authority to conduct such investigations. The Auditor noted each file contained documentation to include but not limited to the initial incident report, SIS report, PREA OneSource Checklist, Memorandums, Institution Medical Assessment, Psychology Report, Hospital Report (if applicable), 30 Day Sexual Abuse Incident Review, 90-day Retaliation Checks, Photographs, Crime Scene log, Chain of Custody, SENTRY documentation, and Victim Notification.

The case reviewed by the Auditor, contained all documented reports for that specific incident, inmate notifications, a description of the physical and testimonial evidence,

the reasoning behind credibility assessments and the investigative facts and findings. Additionally, the report included an assessment as to whether staff actions or a failure to act on the part of staff contributed to the abuse. The Auditor reviewed the case thoroughly and systematically to ensure it contained all the correct procedures, completed documentation, and that all processes were completed as required, to include the report findings.

Upon completion of reviewing the case file, the Auditor determined that the facility (to include but not limited to Staff First Responders, Operations Lieutenant, Institution PREA Compliance Manager, Health Services, Psychology Services, and Facility Leadership, etc.) followed the required steps and processes for reported allegations. At the time of the Auditor’s review, there were no cases referred for prosecution.

The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. The Auditor inquired to the inmate, did the facility require them to submit to a polygraph test as a condition for proceeding with the investigation. The inmate informed the Auditor that no one required them to complete a polygraph test as a condition of proceeding with the investigation.

Upon review of the policies and upon completion of the interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency shall impose no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated. The BOP applies this section in accordance with its disciplinary/adverse action process and collective bargaining agreement, and applicable laws, rules, and regulations.

The Auditor conducted an interview with a Special Investigative Agent (SIA) who confirmed the responsibilities of an investigator, reviewed the process of an investigation, and confirmed the use of a uniform evidence protocol for the collection of physical evidence. The SIA provided the Auditor with a complete overview of the investigative process as it relates to sexual abuse and sexual harassment. The Special Investigative Agent or SIA is responsible for conducting administrative sexual abuse investigations within the facility.

The SIA articulated the investigative process beginning with initial notification, investigation of the allegation, understanding the impact of victim trauma, techniques for interviewing sexual abuse victims, preservation of crime scene and evidence collection, proper use of Miranda and Garrity, and criteria required for administrative action and prosecution referrals. The Auditor inquired to the SIA what standard of evidence is required to substantiate allegations of sexual abuse or sexual harassment. The SIA explained that the agency should impose no standard higher than a preponderance of the evidence.

Upon review of the policy and upon completion of the interviews, FTC Oklahoma City demonstrated facility- wide practices that are consistent with policy and the requirements that complies with the PREA standard.

Case disposition notifications (to inmate)

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states following an investigation into an inmate's allegation that he or she suffered sexual abuse in an agency facility, the agency shall inform the inmate as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. The Special Investigative Lieutenant provides all notifications to inmates required under this provision.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if the agency did not conduct the investigation, it shall request the relevant information from the investigative agency in order to inform the inmate.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states, following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the agency shall subsequently inform the inmate (unless the agency has determined the allegation is unfounded) whenever:

1. The staff member is no longer posted within the inmate's unit;
2. The staff member is no longer employed at the facility;
3. The agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility; or
4. The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states following an inmate's allegation that he or she has been sexually abuse by another inmate, the agency shall subsequently inform the alleged victim whenever:

1. The agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility; or
2. The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.
3. All such notifications or attempted notifications shall be documented.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states an agency's obligation to report under this standard shall terminate if the inmate is released from the agency's custody.

The Auditor conducted an interview with the Special Investigative Agent (SIA) and inquired about the agency's notification procedures, to an alleged victim of sexual abuse, when the case is closed and whether the allegation has a final determination of substantiated, unsubstantiated, or unfounded. The SIA confirmed such notifications were completed by the Special Investigative Lieutenant, which is documented, and the notification is retained in the case file.

The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. The Auditor inquired to the inmate if the facility notified him of the final decisions made regarding the allegation and if such notification was in writing. The inmate interviewed confirmed to the Auditor he was notified by staff of the case disposition. The Auditor verified the notification while reviewing the investigative files and the inmate notification contained the date, case disposition, and inmate signature.

During the on-site phase of the audit, the Auditor reviewed thirteen investigative files from the twelve months prior to the audit. The investigative files that were closed, included a final disposition, and contained an inmate notification form documenting the outcome of the case (substantiated, unsubstantiated, or unfounded) with the signature of the inmate documented on the notification.

The Auditor conducted an interview with the Warden and inquired regarding how the

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states inmates shall be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate sexual abuse.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states sanctions shall be commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the disciplinary process shall consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, the facility shall consider whether to require the offending inmate to participate in such interventions as a condition of access to programming or other benefits.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the agency may discipline an inmate for sexual contact with staff only upon finding that the staff member did not consent to such contact.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states for the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states an agency may, in its discretion, prohibit all sexual activity between inmates and may discipline inmates for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced.

During the on-site phase of the audit, the Auditor conducted an interview with the Warden and discussed the facility's policy on disciplinary sanctions for an inmate after an administrative or criminal finding that the inmate engaged in inmate-on-inmate sexual abuse. The Warden referred to the existing policy that an inmate would be subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the inmate engaged in inmate-on-inmate sexual abuse or following a criminal finding of guilt for inmate-on-inmate abuse.

The Auditor conducted an interview with Health Services and Psychology Services staff members and discussed the victim advocate services available to inmates and counseling services available for abusers. Each staff member explained the services provided at the facility, including counseling, and support services. These services are offered for victims of sexual abuse or sexual harassment as well as offenders of sexual abuse.

Upon review of the policy and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

	Documents: BOP Program Statement 5324.12, <i>Sexually Abusive Behavior Prevention & Intervention Program</i> BOP PREA Intake Objective Screening Instrument Interviews conducted with: Inmates who disclose Sexual Victimization at Risk Screening

Staff responsible for Risk Screening

Medical and Mental Health Staff

On-site Review Observations:

Inmate records of initial assessment & reassessment

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if the screening pursuant to §115.41 indicates that a prison inmate or jail inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states if the screening pursuant to §115.41 indicates that a prison inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states any information relating to sexual victimization or abusiveness that occurred in an institutional setting shall be strictly limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education, and program assignments, or as otherwise required by Federal, state, or local law.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states medical and mental health practitioners shall obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18.

The Auditor reviewed forty-three *PREA Intake Objective Screening Instrument* screening forms from the files of the inmates selected for the random and targeted inmate interviews. Each file contained the initial risk screening form as well as the

30-day reassessment form; all were filled out completely and in accordance with the facility's policy.

The Auditor conducted an interview with a Staff Member responsible for conducting screenings for risk of victimization and abusiveness. The Staff Member provided the Auditor with a complete overview of the inmate risk screening process to include how all inmates are screened the same day of arrival. The Staff Member confirmed that all risk screening interviews are conducted in private, and any information obtained in the interview is strictly used to determine an inmate's risk of sexual victimization or abusiveness and he confirmed such sensitive information is limited to staff for the purpose of security, management, and treatment decisions (housing, programming, work assignments, etc.).

The Auditor inquired to the Staff Member what actions are taken against inmates who refuse to cooperate or answer the questions in the risk screening process. The staff member responded that inmates are not required to provide answers. The staff member confirmed that inmates are not disciplined for refusing to cooperate or answer the questions in the risk screening process.

The Auditor conducted interviews with staff members from Health Services and Psychology Services and inquired to each if an inmate has disclosed experiencing prior sexual victimization upon intake into the facility or if records indicate an inmate has perpetrated sexual abuse, are follow-up meetings provided to each inmate. Each staff member confirmed that such meetings are offered to inmates who have previously experienced prior sexual victimization, whether it is in an institutional setting or in the community. Each staff member also confirmed that inmates who have perpetrated sexual abuse are also offered these services as well; it is at the discretion of the inmate whether to participate.

The Auditor conducted interviews with four inmates who disclosed prior sexual victimization. Each inmate confirmed to the Auditor that they were offered the opportunity to meet with Psychology Services during the risk screening process; all four inmates declined the opportunity but acknowledged knowing how to contact Psychology Services if needed in the future. The Auditor was able to confirm the information provided by each inmate during the documentation review process.

Each staff member confirmed that inmate victims are provided immediate access to medical treatment as well as crisis intervention, therapy, and counseling services. The Psychology Services staff member explained the services provided at the facility include one-on-one counseling, and support groups. These services are offered for victims of sexual abuse or sexual harassment as well as offenders of sexual abuse.

The Auditor conducted interviews with twelve random staff members. Each staff member interviewed articulated the agency's zero-tolerance policy on sexual abuse and sexual harassment, their role and responsibilities regarding sexual abuse and sexual harassment prevention, detection, reporting, and response, how to communicate effectively and professionally with inmates, and an inmate right to be free from sexual abuse and sexual harassment. Staff members also acknowledged that reports concerning sexual abuse or sexual harassment, whether reported verbally or in writing, are considered confidential and must be documented immediately.

The Auditor requested interviews with inmates who reported an incident of sexual abuse. The Auditor was able to conduct one targeted interview with an inmate who reported an incident of sexual abuse; the remaining inmates who reported an incident of sexual abuse were no longer in custody at FTC Oklahoma City. The Auditor inquired to the inmate, after reporting, did the facility allow him to contact anyone. The inmate confirmed to the Auditor, after reporting the incident, he was able to meet with a staff member from Psychology Services and was informed of the additional services available from a local rape crisis center. The inmate also informed the Auditor he preferred speaking with the staff member from Psychology Services due to having immediate access and the level of comfort when speaking to the Psychology Services staff member.

Upon review of the policy, secondary medical documentation, and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

On-site Observations:

Sexual Abuse Incident Reviews

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall conduct a sexual abuse incident review within 30 days of the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states such review shall ordinarily occur within 30 days of the conclusion of the investigation.

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the review team shall include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. The review team shall:

1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse;
2. Consider whether the incident or allegation was motivated by race, ethnicity, gender identity; LGBTI identification, status, or perceived status or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility;
3. Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse;
4. Assess the adequacy of the staffing levels in that area during different shifts;
5. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and

6. Prepare a report of its finding including, but not necessarily limited to, determinations made pursuant to the above considerations and any recommendations for improvement and submit such report to the facility head and Institution PREA Compliance Manager (IPCM).

BOP Program Statement 5324.12, *Sexually Abusive Behavior Prevention & Intervention Program* states the facility shall implement the recommendations for improvement or shall document its reasons for not doing so.

During the 12 months prior to the audit, FTC Oklahoma City reported eleven allegations of sexual abuse. The Auditor reviewed the eleven investigations and confirmed a sexual abuse incident review was completed for the ten investigations closed as substantiated and unsubstantiated, and each sexual abuse incident review was completed within the required 30 days.

The Auditor conducted an interview with an Incident Review Team member and inquired if the Sexual Abuse Incident Review (SAIR) Team considers whether an incident or allegation was motivated by race, ethnicity, or gender identity and if the SAIR Team examines the area in the facility where the incident allegedly occurred. The Incident Review Team member confirmed the SAIR Team does consider whether the incident was motivated by race, ethnicity, or gender identity, and gang affiliation. The SAIR Team also tours the area where the alleged incident occurred as well as consider if additional monitoring technology should be deployed or augmented to supplement supervision by staff. The Incident Review Team member explained how touring the area in conjunction with reviewing monitoring technology provides the team with the best possible representation of an incident and assists the SAIR Team in determining if changes or additions to monitoring technology is warranted.

The Auditor conducted an interview with the Warden and discussed the Sexual Abuse Incident Review (SAIR) process. The Warden explained the SAIR Team includes the upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. The Warden articulated the process of the incident review, including listing the elements required per the PREA standard. The Warden explained how the SAIR Team uses the information obtained from the review to help uncover whether the allegation or investigation indicate a need to change policy or practice to better prevent, detect, or respond to sexual abuse.

Upon review of the policy and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.

Intervention Program states the National PREA Coordinator reviews data compiled by the Regional PREA Coordinators, the Information, Policy, and Public Affairs Division, and the Office of Internal Affairs, and issues a report to the Director on an annual basis.

During the pre-on-site phase of the audit, the Auditor reviewed the *Federal Bureau of Prisons Annual PREA Report (2022)*, which contained annual aggregation of incident-based sexual abuse data collected with a standardized instrument. The standardized instrument used contained a set of definitions and data collected from incident reports, investigative files, and sexual abuse incident reviews. BOP publishes the current annual report on the agency website.

The Auditor conducted an interview with the Institution PREA Compliance Manager (IPCM) and inquired if the agency reviews data collected and aggregated pursuant to §115.87. The IPCM explained how the agency collects data to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies. The IPCM confirmed the data reviews are completed during FTC Oklahoma City departmental Operational Reviews and perpetual audits to ensure compliance with appropriate PREA standards. Correctional Programs, Correctional Services, Health Services, Human Resources, and Psychology Services participate in the departmental Operational Reviews.

An interview with the National PREA Coordinator was conducted and the question was posed to her regarding how data is collected pursuant to PREA Standard §115.87. The National PREA Coordinator acknowledged that the data collected is securely retained and the agency takes corrective action on an ongoing basis or as needed, based on the collected data. The National PREA Coordinator confirmed the agency completes an annual report, which is made public on the agency website. The National PREA Coordinator confirmed the agency complies with the Freedom of Information Act (FOIA) and all other applicable laws, rules, and regulations. No information that identifies victims or perpetrators is included in the report, nor is any information that could potentially threaten the security of the institution. If information needs to be redacted, the nature of the redacted material would be indicated.

The Auditor conducted an interview with the Agency Head Designee and inquired how the Bureau uses incident-based sexual abuse data to assess and improve sexual abuse prevention, detection, and response policies, practices, and training. The Agency Head Designee explained if the incident-based sexual abuse data shows patterns, or a considerable number of assaults occurring in a particular area of an institution, then our policies, procedures, or training may be modified. The agency continues to emphasize inmate education of the zero-tolerance policy and to report

	<p>incidents of sexually abusive behavior to staff. The Auditor inquired as to who is responsible for approving annual reports written pursuant to §115.88. The Agency Head Designee confirmed to the Auditor, the Federal Bureau of Prisons Director, is responsible for reviewing and approving the annual PREA report prior to being placed on the public website.</p> <p>Upon review of the policy, Annual Reports, and upon completion of interviews, FTC Oklahoma City demonstrated facility-wide practices that are consistent with policy and the requirements that complies with the PREA standard.</p>

115.11	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>115.11(a)</p> <p>DIRECTIVE AND DOCUMENT REVIEW:</p> <p>Pre-Audit Questionnaire.</p> <p>BOP PREA Plan</p> <p>Agency zero-tolerance statement.</p> <p>Organizational charts, interviews.</p> <p>INTERVIEWS.</p> <p>Agency PREA Coordinator.</p> <p>FINDINGS:</p>

Agency Directives and BOP PREA Plan address the requirements of this provision. The agency mandates a zero-tolerance directive towards all forms of sexual abuse and sexual harassment and outlines the agency's strategies on preventing, detecting, and responding to such conduct. Agency policies addressed "Preventing" sexual abuse and sexual harassment through the designation of a PREA Coordinator and PREA Compliance Manager, Criminal Background Checks (Staff, Contractors, and Volunteers, as applicable), Training (Staff, Volunteers, and Contractors), Staffing, Intake Screening, Classification, Inmate Education, Posting of Signage (PREA Posters, etc.) and Contract Monitoring. The Directives addressed "Detecting" sexual abuse and sexual harassment through Training (Staff, Volunteers, and Contractors), and Intake Screening.

The policies addressed "Responding" to allegations of sexual abuse and sexual harassment through Reporting, Investigations, Victim Services, Medical and Mental Health Services, Disciplinary Sanctions for Staff (including notification to licensing agencies), Incident Review Teams, and Data Collections and Analysis.

The Inmate Handbook, PREA Posters, and PREA Brochures do address sexual abuse by another inmate, and the Inmate Handbook does address sanctions for inmates when involved in such conduct. Based on interviews and a review of agency policies, BOP staff closely monitor for inmate-on-inmate sexual misconduct in accordance with the agency's PREA policies; allegations are reported and investigated, and inmates are held accountable. By policy, the Inmate handbooks are reviewed and updated at least annually at each BOP institution.

DIRECTIVE AND DOCUMENT REVIEW:

Agency Directives and BOP PREA Plan.

Agency's organizational chart.

INTERVIEWS:

PREA Coordinator.

FINDINGS:

Agency Directive(s) and BOP PREA Plan address(es) the position of the agency PREA Coordinator, which outlines the roles and responsibilities of the position and calls for the position being allowed enough time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in each facility.

The agency's organizational chart reflects that the agency PREA Coordinator position is an upper-level position with agency-wide oversight. The agency PREA Coordinator position reports to the Assistant Director, Reentry Services Division.

The PREA Coordinator was interviewed and reported to have enough time to focus on the PREA standards and the freedom to divert responsibilities to other staff as needed to focus on the audit. A review of the agency directive, agency's organization chart,

	<p>and based on the interview with the designated agency's PREA Coordinator, the Auditor determined the agency demonstrates it meets the requirements of this provision of this standard.</p>

	<p>Auditor Discussion</p> <p>115.12(a) (b)</p> <p>DIRECTIVE AND DOCUMENT REVIEW:</p> <p>Agency Directives and BOP PREA Plan.</p> <p>FINDINGS:</p> <p>Agency Directive(s) and BOP PREA Plan address(es) this provision. The agency reported there were a total of zero contracts for the confinement of inmates and 161 Residential Reentry Centers (RRCs) that the agency had entered or renewed with private entities or other government agencies.</p> <p>A review of the agency directive reflected all contracts will meet the required entity's obligation to adopt and comply with the PREA standards.</p> <p>Agency Directive(s) and BOP PREA Plan address(es) this provision. The agency reported the agency-wide contracts would require the agency to monitor the contractor's compliance with the PREA standards.</p> <p>If the agency contracted the confinement of its inmates, the agency's Contract Administrator would be required to maintain regular contact with every inmate placed in a contract facility. If there are concerns, agency protocol requires the inmate be removed from the facility and the facility allows time to make corrective action and address the concerns.</p> <p>Corrective actions are addressed before the facility is reconsidered. Notification would also be made to law enforcement. The Contract Administrator would annually collect credentialing documentation for each facility: facility license; staff licenses or certifications; daily schedule; and monitoring reports or the licensing agency's website regarding the facility's status; and tours the facility. The BOP is no longer actively soliciting new contracts with private facilities.</p>

DIRECTIVE AND DOCUMENT REVIEW:

Agency Directives and BOP PREA Plan.

Supporting Documentation.

FINDINGS:

PS 3000.03 Human Resource Management Manual, PS 3420.11, Standards of Employee Conduct, the Pre-Employment Guide, SF85P (Questionnaire for Public Trust Positions) and a BOP recruitment document address the requirements of the standard. All employees who have contact with inmates have had a full field background investigation in addition to fingerprinting and inquiry into the FBI's National Crime Information Center (NCIC). Employee backgrounds are re-checked every five years. Contractors and volunteers who have regular contact with inmates also have criminal background checks completed prior to having contact with inmates. Volunteer and contractor background checks are repeated yearly. The facility does not hire or promote anyone who may have contact with inmates and does not enlist the services of any contractor who may have contact with inmates who has engaged in any type of sexual abuse/harassment (no exceptions). Employees have a duty to disclose such misconduct and material omissions regarding such misconduct would be grounds for termination. Submission of false information by any applicant is grounds for not hiring the applicant.

The Agency Head designee was interviewed and confirmed that the agency HR attempts to contact prior employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The Agency Head designee also confirmed that the agency provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee, upon receiving a request from an institutional employer for whom such employee has applied to work. The agency notifies appropriate licensing/certifying agencies when professional staff members are terminated for substantiated allegations of sexual abuse or sexual harassment. A review of policy, personnel forms, and relevant supporting documentation, including staff interviews, confirm compliance with this standard.

DIRECTIVE AND DOCUMENT REVIEW:

Agency Directives and BOP PREA Plan.

INTERVIEWS:

Agency Head.

FINDINGS:

Agency Directives and BOP PREA Plan address this provision. The agency directive requires job applicants to have background checks completed looking at any issue of prior sexual misconduct. The background checks are completed prior to any inmate contact. All contractors are screened by using the same process.

	<p>Auditor Discussion</p> <p>115.18(a)</p> <p>INTERVIEWS:</p> <p>Interviews with the Agency Head designee confirm that the standard is being met.</p> <p>FINDINGS:</p> <p>The agency considers how all new facility designs and technology upgrades may enhance the Bureau’s ability to protect against sexual abuse. In existing institutions, we review all “Substantiated” and “Unsubstantiated” cases of inmate sexual abuse to determine if modifications to design or the addition or upgrade of technology would help prevent a similar occurrence in the future.</p> <p>115.18(b)</p> <p>DIRECTIVE AND DOCUMENT REVIEW:</p> <p>Video Surveillance Schematic.</p> <p>INTERVIEWS:</p> <p>Interviews with the Agency Head designee confirm that the standard is being met.</p> <p>FINDINGS:</p>

	<p>Institution reviews are ongoing to determine if upgrades or additions to our existing technology would enhance the protection of inmates from incidents of sexual abuse. The technology serves as a deterrent but also allows us to identify unreported victims and perpetrators of sexually abusive behavior. It also aids in successful criminal prosecutions. It is recommended that BOP receive the funding to procure additional cameras and an inmate RFID system to enhance the safety and security of the staff and inmates for each of its institutions.</p>
