

INMATE
ADMISSION & ORIENTATION
HANDBOOK

UPDATED: October 19, 2017

Introduction

The purpose of this handbook is to provide arriving inmates with information regarding the Bureau of Prisons (BOP), its programs, and the rules and regulations. It is not a specific guide to the detailed policies of the BOP. Rather, the material in this handbook will help new inmates more quickly understand what they will be encountering when they enter prison, and hopefully assist them in their initial adjustment to incarceration.

INTAKE, CLASSIFICATION AND THE UNIT TEAM

Orientation

Inmates are given a social screening by Unit Management staff and medical screening by Health Services and Mental Health staff at the time of arrival. Inmates are immediately provided with a copy of the institution rules and regulations, which include information on inmate rights and responsibilities. It also includes information on sexual assault and abuse.

Within 28 days of arrival, inmates will participate in the Admission and Orientation (A&O) Program. While in A&O, inmates are advised of the programs, services, policies and procedures regarding the facility.

All pretrial, hold-overs, and in transit inmates are initially assigned to the intake housing unit for completion of their medical screening. Within 24-48 hours, inmates are assigned to a regular general population housing unit, and will receive an orientation from unit team staff.

Classification Teams (Unit Teams)

Each inmate is assigned to a housing unit. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for the inmates living in the unit. The unit offices are located in the units so staff and inmates can be accessible to each other. The unit staff typically includes a Unit Manager, Case Manager, Correctional Counselor, and Unit Secretary. The Staff Psychologist, Education Advisor and Unit Officer are considered members of the Unit Team and provide input for classification purposes.

Inmates are assigned to a specific Unit Team. Generally, the resolution of issues or matters of interest while at the institution are most appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas, including parole matters, release planning, personal and family problems, counseling and assistance in setting and attaining goals while in prison. Ordinarily, a member of the unit staff will be at the institution from 7:30 a.m. to 7:00 p.m., and during the day on weekends and holidays.

GENERAL FUNCTIONS OF UNIT STAFF

Unit Manager: The Unit Manager is the administrative head of the general unit and oversees all unit programs and activities. The Unit Manager is the Chairperson of the team which comprises the Case Manager, Correctional Counselor, with input from Education and Psychology staff. The Unit Manager reviews team decisions and may chair the Unit Discipline Committee (UDC), which is a body that hears disciplinary infractions. The Unit Manager is ordinarily present during initial classification and subsequent program review(s) in which RRC placement is discussed.

Case Manager: The Case Manager is responsible for all casework services and prepares classification material, progress reports, release plans, correspondence, and other materials relating to the inmate's commitment. The Case Manager serves as a liaison between the inmate, the administration, and the community.

Correctional Counselor: The Counselor provides counseling and guidance for the inmates of the unit in areas of institutional adjustment, personal difficulties, and plans for the future. He or she plays a leading role in segments of unit programs relating to inmate activities. The Unit Counselor may conduct counseling groups for inmates in his/her unit

and/or groups open to the general population.

Unit Secretary: The Unit Secretary performs clerical and administrative duties, to include the preparation of release paperwork.

Unit Officer: The Unit Officers have direct responsibility for the daily supervision of inmates and the enforcement of rules and regulations. They have safety, security, and sanitation responsibilities in the unit. Unit Officers are in regular contact with inmates in units and are encouraged to establish professional relationships with them, as long as such interaction does not interfere with their primary duties. Unit Officers control movement in and out of the unit and conduct regular searches for contraband.

Communications

Normally, a unit staff member is available each day of the week and most evenings until 7:00 p.m. The unit bulletin boards and the TRULINCS system contain written communication of interest to inmates. Unit Managers may utilize monthly Town Hall meetings to dispense information and foster improved communications. Unit team members will utilize either open house hours or an open door policy to address inmate concerns. Inmates are also encouraged to use Inmate Requests to Staff to make requests in writing.

Initial Classification/Program Reviews

Inmates initially designated to the institution will receive initial classification within 28 days of arrival. Unit, Education, and Psychology staff will assess each inmate and work with them to develop an individual plan which will address skill deficits that may deter successful reentry into the community.

Subsequent program reviews will be held every 90 to 180 days, depending upon release date. These are held by the Unit Team to review progress on programming goals, work assignments, transfers, custody/security level, institutional adjustment, etc. The inmate may not waive appearance with the Unit Team. **Pretrial Inmates-Within 21 days of a pretrial inmate's arrival, the unit team will conduct an inmate classification review. Subsequent reviews will be conducted every 90 days until an inmate's status changes to hold-over.**

Reentry Pre-Release Programming

Release preparation begins on the first day of incarceration. The BOP's reentry strategy provides inmates with the opportunity to gain the necessary skills and resources to succeed upon release. Through coordinated efforts among the departments in the institution and collaboration with other agencies, a wide array of programs and activities are offered to better inmates' chances of a successful reentry upon release.

It is imperative at initial classification (Team) that inmates are open and honest when answering questions to allow the team to accurately identify needs and make appropriate program recommendations to improve inmates' chances of a successful reentry. Each time an inmate goes to team, he or she will receive a progress update and new recommendations as warranted. Contributors and programming recommendations include Education, Health Services, Psychology, Unit Team, Recreation, Religious Services, the inmate's Work Detail Supervisor, and the inmate. Inmates are strongly encouraged to take advantage of the program recommendations.

Additionally, to make the transition back to the community go as smoothly as possible, inmates should obtain at least two forms of identification to include a social security card. Inmates may also be eligible for some benefits upon release (e.g., social security disability, veteran's, Medicare, etc.) to make the transition easier. Staff may be able to provide you with information concerning benefits so that you may determine your eligibility and begin the application process, if applicable, prior to release. Lastly, the Career Resource Center, normally located in the Education Department, can also provide you with pre and post release programming and education ideas, potential employment and housing information, as well as potential benefits information.

Town Hall Meetings

Town Hall meetings are held to make announcements and to discuss changes in the policy and procedures of the unit. Inmates are encouraged to ask pertinent questions of the staff

and any guest speakers who are present. These questions should pertain to the unit as a whole, rather than personal questions or problems. Personal issues will be resolved by unit staff during the regular working hours which are posted in each unit.

Foreign Consular

The most recent publication of the Consular Notification and Access directory will be located in the Law Library.

DAILY INMATE LIFE

Wake-up A general wake-up for all inmates is 6:00 a.m. It is the inmate's responsibility to participate in meals and work. Inmates who are assigned a job and do not report to work are subject to discipline.

Sanitation

It is the inmate's responsibility to check his cell immediately after being assigned there and report all damages to the Unit Officer or Correctional Counselor. An inmate may be held financially liable for any damage to his personal living area.

Each inmate is responsible for making his bed in accordance with posted regulations before work call (including weekends and holidays when he or she leaves the area). Each inmate is also responsible for sweeping and mopping his cell floor, removing trash, and ensuring it is clean and sanitary. Cardboard boxes and other paper containers are not permitted for storage. Due to their combustible nature they become a fire hazard. Lockers must be neatly arranged inside and out, and all shelving must be neat and clean. Chairs are assigned to each cell, and will not be defaced or marked in any manner by the inmate.

For pretrial inmates, the same rules regarding sanitation apply; however, since most inmates are in the housing unit daily, sanitation commences at 7:30 a.m., unless otherwise posted on the unit bulletin board. The sanitation expectations are posted on the unit bulletin board. Beds must be made by 7:30 a.m. Inmates may sleep on a made bed after 7:30 a.m.

Toothpaste, toothbrushes, combs, razors, and soap for personal hygiene are issued by the institution. Inmates may purchase name brand items through the Commissary.

Personal Property Limits

Items which may be retained by an inmate are limited for sanitation and security reasons, and to ensure excess personal property is not accumulated which would constitute a fire hazard or impair staff searches of the cell. Each institution is required to establish an Institution Supplement regarding Inmate Personal Property, specifically identifying personal property which the inmate may retain.

Storage Space

Staff shall set aside space within each housing area for use by an inmate. The designated area shall include a locker or other securable area in which the inmate is to store authorized personal property. The inmate shall be allowed to purchase an approved locking device for personal property storage in regular living units. Limited space may also be available under the bed for approved items. The amount of personal property allowed each inmate is limited to those items which can be neatly and safely placed in the space designated. Under no circumstance will any materials be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard.

Clothing

Civilian clothing (i.e. clothing not issued to the inmate by the Bureau or purchased by the inmate through the Commissary) ordinarily is not authorized for retention by the inmate. Prerelease civilian clothing for an inmate may be retained by staff in the Receiving and Discharge area during the last 30 days of an inmate's confinement. All inmates are prohibited from wearing any clothing not government-issued or purchased in the Commissary. No inmates may be issued, permitted to purchase, or have in their possession any blue, black, red, or camouflage clothing or cloth items. Commissary sales of clothing are limited to the following colors: only gray and/or white clothing may be sold in

institutions for males and only pastel green, gray, and/or white may be sold in institutions for females. The only exception is for religious headgear. **These items are to be neatly stored in the identified storage space provided.** Individual washcloths and towels are issued to inmates. Representative authorized footwear/shoes may include: work (1 pr.), shower (1 pr.), athletic/specialty (1 pr. - black, white, grey, or a combination thereof with a maximum value of \$100.00), slippers (1 pr.), and casual (1 pr.). Footwear will be placed neatly under the bed.

Commissary/Special Purchase Items

These items are authorized to the point they can be contained in the storage area provided for personal property.

Letters, Books, Photographs, Newspapers, and Magazines

An inmate will be limited in the number of letters, books, photographs, magazines, and newspapers that can be stored in their designated storage space. Nothing is to be tacked, stapled or scotch taped to any surface except to bulletin boards. Ordinarily, photographs, particularly those of family and friends, are approved, since they represent meaningful ties to the community. A personal photograph is defined as a photograph intended for individual viewing, as opposed to a photograph published for commercial use. Personal photographs may be stored or displayed in the housing units according to local sanitation and housekeeping guidelines. Inmates may not retain Polaroid photos. Nude or sexually suggestive photos (individual prints or copies as opposed to those from publications) present special concerns about personal safety, security, and good order, particularly when the subject is an inmate's relative, friend, or acquaintance or could reasonably be perceived as such. For these reasons, an inmate may not be permitted to retain, receive, or possess a personal photograph in which the subject is partially nude or nude, or when the photograph depicts sexual acts such as intercourse, fellatio, or sodomy. These materials will be returned to the sender upon receipt at the institution.

Legal Materials

Staff may allow an inmate to possess legal materials in accordance with the provisions on inmate legal activities.

Hobby Craft Materials

Staff shall limit an inmate's hobby shop projects within the cell or living area to those projects which the inmate may store in designated personal property containers. Staff may make an exception for an item (for example, a painting) where size would prohibit placing the item in a locker. This exception is made with the understanding that the placement of the item is at the inmate's own risk. Staff shall require that hobby shop items be removed from the living area when completed.

Radios, MP3 Players, and Watches

An inmate may possess only one approved radio or MP3 player, and watch at a time. The inmate must be able to demonstrate proof of ownership. An inmate who purchases a radio, MP3 player, or watch through the BOP commissary is ordinarily permitted the use of that item at any BOP institution if the inmate is later transferred. If the inmate is not allowed to use the radio, MP3 player, or watch at the new institution, the inmate shall be permitted to mail, at the receiving institution's expense, the item to a destination of the inmate's choice. Where the inmate refuses to provide a mailing address, the radio, MP3 player, and/or watch may be disposed of through approved methods, including destruction of the property. The MP3 player can be managed through TRU-Units. This service allows inmates to manage the player and to purchase non-explicit music.

NOTE: Inmates are responsible for all repairs to damaged MP-3 players, and must return them to the company. Please direct any questions you have to the Trust Fund Supervisor.

Jewelry

Inmates may have a plain wedding band and an appropriate religious medallion and chain without stones.

Smoking

Inmate smoking is prohibited in all BOP facilities.

Quarters Rules

In order to minimize maintenance costs, permit uniform inspection, search procedures, and maintain orderly congregate living, the institution has imposed reasonable regulations on inmate conduct and furnishings in housing units. Unit Officers and Counselors inspect cells daily. **The unit rules and regulations, and daily sanitation expectations is posted on the bulletin board in the housing units, and also addressed during orientation and town halls. Inmates will be held accountable for maintaining the sanitation of their cells and housing units.**

The rules include items such as:

All beds are to be made daily in the prescribed manner. If a cell or room is not acceptable, disciplinary action is probable.

Room or cell doors are closed when inmates are not in them.

Each inmate is responsible for the cleaning and sanitation of his or her room or cell.

Everyone is responsible for cleaning up after themselves.

Sexually suggestive photographs are **NOT** authorized for display outside of the individual locker or cabinet. Provocative pictures, posters, cartoons, and any items cut out of magazines may not be displayed on the bulletin boards or in any cell or dorm.

Showers are available every day, but inmates may not be in the shower during an official count.

Safety shoes must be worn to work as designated by policy.

Unit televisions may be viewed during established off-duty hours. During normal working hours, unit televisions may be viewed at the discretion of staff.

Clothing Exchange & Laundry

The Institution issues clothing to the inmate population which is properly fitted, climatically suitable, and presentable. Institutions will furnish each inmate with sufficient clothing to allow at least three changes of clothes weekly.

The institution establishes local procedures to account for the initial issue of Government-furnished items to inmates and for their return before release. Government-issued clothing will not be altered or disfigured in any manner. Examples include, but are not limited to, the following: converting pants to shorts, pleats, cutting off shirtsleeves, defacing clothing, etc. Inmates are responsible for all government clothing/linen issued. Lost or alteration to said items may subject the inmate to financially responsibility and/ or disciplinary action.

Each institution has established local procedures for replacing lost, damaged, or clothing that does not properly fit. Additionally, you may contact the Trust Fund Department for guidance or questions related to the Laundry/Clothing operation.

The housing units contain washers and dryers for washing regular clothing, and the institution laundry conducts linen exchange in accordance with the schedule posted on the housing unit.

Commissary

The BOP maintains inmates' monies (Deposit Fund) while incarcerated. The purpose of the Deposit Fund is to provide inmates the privilege of obtaining merchandise and services either not provided by the BOP or a different quality than that provided by the BOP. An inmate may use funds in their account to purchase items at the institution commissary, place funds on their inmate phone account, purchase TRU-Units for their TRULINCS account, or send funds by creating a BP-199. Inmates may not be in possession of cash at any time. Upon release, all Trust Fund accounts will be consolidated and placed on an Inmate Release Debit Card.

Commissary and validation schedules are posted on the inmate bulletin boards. Funds are withdrawn after positive identification by commissary card or fingerprint identification. It is the inmate's responsibility to know the amount of money available in his account. Inmates may verify their account balances by utilizing the TRULINCS or the inmate telephone (118+PAC). Inmates must have their commissary card in their possession at all times for identification purposes.

Spending Limitations

The spending limit is \$150.00, not including stamps, and is subject to change at the discretion of the Warden. Each housing unit shops once every two (2) weeks. The commissary shopping schedule is posted on the TRULINCS bulletin board in the Trust Fund section. The business day before inmates are scheduled to shop, the commissary shopping list is provided to the unit officer, in conjunction with an out of stock and limited items notification sheet, to be posted on the bulletin board for the inmates in the unit. Completed commissary shopping list are to be placed in the general outgoing mailbox, and will be picked up on the day the unit shops by 7:00 a.m. by commissary staff.

Any shopping list not submitted in time for the 7:00 a.m. pick up will not be picked up at a later time or processed. Inmates will have to wait for their next shopping day. Commissary is delivered on the units after lunch has been completed. All inmates must have their ID cards with a clear picture to receive their purchase. The ID card is collected and matched to the corresponding receipt. When inmates are called to pick up their orders, they are given an opportunity to verify their orders for correctness. All discrepancies must be addressed prior to leaving the receiving area with commissary staff. Inmates not on the unit during commissary delivery will have an additional opportunity to receive their purchase the following day.

***Sneaker Purchase-Inmates will be permitted to purchase sneakers one (1) time per year. Inmates requesting to purchase a pair of sneakers in less than one (1) year due to wear and tear must have prior authorization from their Unit Manager via signed Inmate Request to a Staff Member (cop-out). The cop-out must be attached to the commissary shopping list, and the inmate is responsible for discarding the old pair of sneakers.**

It is the inmate's responsibility to check for appointments on a daily basis.

Contraband

Items possessed by an inmate ordinarily are not considered to be contraband if the inmate was authorized to retain the item upon admission to the institution, the item was issued by authorized staff, purchased by the inmate from the commissary, purchased or received through approved channels (to include approved for receipt by an authorized staff member or authorized by institution guidelines; furthermore, any authorized items may become contraband if amount exceeds the authorized limit. This ensures a safe environment for staff and inmates by reducing fire hazards, security risks, and sanitation problems which relate to inmate personal property. Contraband includes material prohibited by law, or by regulation, or material which can reasonably be expected to cause physical injury or adversely affect the security, safety, or good order of the institution.

Items other than hard contraband will be considered nuisance contraband, items which have never been authorized within the institution, items will be prohibited when it presents a threat to security or its condition or excessive quantities of it present a health, fire, or housekeeping hazard. Examples of nuisance contraband include: personal property no longer permitted for admission to the institution or permitted for sale in the commissary; altered personal property; excessive accumulation of commissary, newspapers, letters, or magazines which cannot be stored neatly and safely in the designated area; food items which are spoiled or retained beyond the point of safe consumption; government-issued items which have been altered, or other items made from government property without staff authorization.

Staff shall seize any item in the institution which has been identified as contraband whether the item is found in the physical possession of an inmate, in an inmate's living quarters, or in common areas of the institution. An inmate may not purchase, give, or receive any personal property from another inmate.

Staff shall return to the institution's issuing authority any item of government property seized as contraband.

Items of personal property confiscated by staff as contraband are to be inventoried and stored pending identification of the true owner (if in question) and possible disciplinary action. Staff will then provide you with a copy of the inventory as soon as practicable.

Shakedowns

Metal detection devices may be placed strategically throughout the institution to aid in the control of contraband. A metal detector search may be done in addition to the pat search. Staff may conduct a pat search of an inmate on a routine or random basis to control contraband. Staff may also conduct a visual search where there is reasonable belief that contraband may be concealed on your person or a good opportunity for concealment has occurred. Finally, staff may search an inmate's housing and work area, and personal items contained within those areas, without notice, randomly, and without the inmate's presence. The property and living area will be left as close to the same conditions as found.

Drug Surveillance / Alcohol Detection

BOP facilities operate drug surveillance and alcohol detection programs which include mandatory random testing, as well as testing of certain other categories of inmates. A positive test, or refusal to submit a test, will result in an incident report.

Fire Prevention and Control

Fire prevention and safety are everyone's responsibility. Inmates are required to report fires to the nearest staff member so property and lives can be protected. Piles of trash or rags in closed areas, combustible material, items hanging from fixtures or electrical receptacles, or other hazards will not be tolerated. Regular fire inspections are made by qualified professionals.

PROGRAMS AND SERVICES

Job Assignments

Designated inmates, who have been medically cleared, will maintain a regular job assignment. Many job assignments are controlled through an Inmate Performance Pay (IPP) system, which provides monetary payment for work. Unit staff assign work and approve all job changes. They also see the changes are posted on the Daily Change Sheet.

Institutional maintenance jobs are usually the first assignment an inmate receives. This might include work in Food Service, as a unit orderly, or in a maintenance shop.

Inmate Financial Responsibility Program

Working closely with the Administrative Office of the Courts and the Department of Justice, the BOP administers a systematic payment program for court-imposed fines, fees, and costs. All designated inmates are required to develop a financial plan to meet their financial obligations. These obligations may include: special assessments imposed under 18 USC 3013, court ordered restitution, fines and court costs, judgments in favor of the U.S., other debts owed the Federal government, and other court-ordered obligations (e.g., child support, alimony, other judgments).

Institution staff assist in planning, but the inmate is responsible for making all payments required, either from earnings within the institution or from outside resources. The inmate must provide documentation of compliance and payment. If an inmate refuses to meet his or her obligations, the inmate cannot work for UNICOR nor receive performance pay above the maintenance pay level. The inmate will also be placed in "refuse" status. As the result of being in refuse status, the inmate has a spending limit of only \$25.00 monthly, can be placed in less desirable housing, will not be considered for any favorable requests, i.e. (vacations, furloughs, early release, etc.) and will score zero in responsibility on the progress report. These are a few examples of the sanctions that can be imposed as a result of being in refuse status.

The status of any financial plan will be included in all progress reports, and will be considered by staff when determining Security/Custody level, job assignments, eligibility for community activities, and institutional program changes. The U.S. Parole Commission will also review financial responsibility progress at parole hearings.

Food Service

The BOP offers a standardized National Menu. This menu is offered at all institutions and includes approved menu items based on standard recipes and product specifications. The National Menu offers regular, heart healthy and no-flesh dietary options. At the Warden's discretion items may be added to the National Menu.

Medical diets will be provided by mainline self-selection from the items available on the National Menu for that meal unless menu items fail to meet the medical requirement. Menu item replacements may not always be provided as inmates may have to avoid certain foods in the self-selection process; however, if a dietitian determines a Special Diet is required to ensure adequate nutrition, it will be provided by pre-plating or controlled plating.

The Certified Diet Program (formerly known as Common Fare) is administered by Religious Services. Application for applying to, or removal off the program should be directed to Religious Services. Inmates on this program are not authorized to consume any food that is served from mainline. Inmates observed consuming food off mainline, regardless of how the food was obtained, are reported to Religious Services for program violation. Inmates on this program are also not authorized to purchase non-kosher food items from the Commissary. Periodic reviews of inmate's commissary accounts are conducted, and inmates found in violation of the program are reported to Religious Services. Inquiries concerning this program, including requests for application or removal, should be directed to Religious Services.

The No-flesh Diet is provided by food service to substitute the meat portion of the meals (beef, chicken and fish). All other menu items will be obtained off the mainline. The no flesh alternative is listed daily on the High Rise National Menu. Requests for participation or removal off this diet should be forwarded to the Food Service Administrator on a Copout. Requests will be processed within three (3) business days of receiving the request.

Food Service Jobs

The Food Service Department is always seeking experienced cooks, bakers, CDL licensed drivers, warehouse experienced workers, and sanitation workers. Inmates that have experience, or interested in learning the trade, are encouraged to advise their unit team for consideration to assignment in food service. All inmates assigned to work in food service must be medically cleared prior to assignment. It is advised that inmates bring all physical conditions or limitation to the attention of health services upon arriving at the institution and not upon assignment to work. Work limitations or exemptions must be prescribed in writing by MDC Brooklyn's Health Services Department.

Unit Kitchens

The unit kitchens and kitchen equipment are strictly for heating and serving institution meals. Only those inmates designated as "Unit Kitchen Orderlies" are authorized to enter the kitchen. All other inmates found in the kitchen are out of bounds and subject to disciplinary action. Any inmate found using kitchen equipment to heat any type of food (to include mainline leftovers or commissary food) will be issued an incident report.

Education

The mission of the Education Department at MDC Brooklyn is to provide the mandatory English and Spanish literacy (i.e., GED) and English as a Second Language (ESL) programs prescribed by law. We also provide educational and related programs that meet the needs and interests of the inmate population and various options for the positive use of inmate time and energies. We strive to prepare inmates for release by enhancing their prospects for a successful reintegration into the community.

Inmates with Disabilities and Inmates Who are Limited English Proficient

For inmates requiring assistance, staff will utilize a professional translation service, the Language Line Services (LLS), to assist inmates who are limited English proficient for orientation and other services. Staff will access the LLS by calling (866)-874-3972, and providing MDC Brooklyn's user identification number.

Staff will also inform deaf and deaf/mute inmates through alternative means such as writing and lip reading, when appropriate. Blind inmates will receive information verbally from unit team staff. Inmates who have intellectual, psychiatric, or speech disabilities, will be informed of information by mental health and/or medical staff.

Literacy/GED

VIOLENT CRIME CONTROL LAW ENFORCEMENT ACT (VCCLEA) PRISONER LITIGATION REFORM ACT (PLRA) D.C. EDUCATIONAL GOOD TIME (DCEGT)

GED classes are offered in both English and Spanish. They are scheduled in the Education Department from Monday through Friday. The GED program addresses all levels of proficiency from beginner to advanced. Required time in the course depends on individual progress and requirements outlined in the **Literacy Program Statement 5350.28**. An incentive certificate will be awarded upon completion of each level (e.g. **2ABE** to **3A** or **3B**) as evidenced by TABE testing (for an explanation of TABE testing see pg. 12). To take the GED exam, inmates must first achieve a passing score on the official practice test. Passing criteria is the same for both the practice and the official GED: at least **410** in each of the 5 subject areas and an overall average of **450**.

For inmates serving a sentence for an offense committed on, or after, September 13, 1994, but before April 26, 1996, all yearly awards of good conduct time will vest for inmates who have earned, or are making satisfactory progress towards earning a GED.

Inmates whose offense date was on, or after, April 26, 1996 are required to enroll in the literacy program in order for their complete Good Conduct Time (GCT) credit to vest. Inmates enrolled must perform satisfactory work in class and attend class until they achieve a GED. VCCLEA/PLRA will not impact your "Good Conduct Time" credit, **as long as**, you: are on a waiting list, are GED SAT; are enrolled in GED class and are performing satisfactorily; attained a GED; or have a verifiable GED/high school diploma or other official document verifying a minimum 12th grade level education. A GED UNSAT will be issued to those: refusing GED program participation; or found guilty of a prohibited act committed in Education.

Program Statement 5884.02, Educational Good Time Sentence Credit for D.C. Offenders has been amended. This program establishes procedures for awarding educational good time credit under D.C. Code 24-429 (DCEGT). The amended DCEGT law gives credit for both completions and participation. In addition to completions, the amended DCEGT law

gives credit for participating and withdrawing from eligible education programs.

NOTE: Although deportable sentenced aliens are exempt from attending the literacy program for the mandated 240 instructional hours, they are still subject to the satisfactory progress literacy provision of the VCCLEA or the PLRA. To vest their earned **GCT** or be eligible for the maximum amount of GCT, deportable aliens without a verified high school diploma or a GED, who are sentenced under VCCLEA or PLRA, must meet the satisfactory progress provision of these two acts specified in **Section 17 of Program Statement 5350.28** entitled "Literacy Program Standard".

Testing

All inmates identified to be enrolled in any of the mandatory programs (GED or ESL) are required by policy to take a placement test before enrollment.

The "Test of Adult Basic Education" (**TABE**) is an assessment tool used in designing or tailoring programs to the specific needs of the student. It can also be used to prepare for the "General Education Diploma" (**GED**). TABE tests encompass levels of difficulty extending from 1st to the 12th grade. Each of the corresponding elementary or secondary school grade levels is subdivided into further levels of difficulty. Fundamental skills tested include literacy assessment, fundamental mathematics concepts and secondary school testing programs. The TABE test is required for those taking the GED in English.

The "Spanish Assessment of Basic Education" (**SABE**) gives an accurate and useful picture of the inmate's academic strengths and weaknesses. It includes positive cultural references and is based on a national sampling of students taking an English-language achievement test. The SABE test is required for those taking the GED in Spanish.

The "Comprehensive Adult Student Assessment System" (**CASAS**) is the placement exam for those taking "English as a Second Language" (**ESL**). It is used to assess student proficiency in English for proper placement into the beginner or advanced levels of the ESL program.

ESL

The "Crime Control Act of 1990" requires that all non-English speaking federal inmates participate in an ESL Program. In accordance with **Program Statement 5350.24**, ESL class is mandatory for all federal inmates who have limited English proficiency skills. ESL levels include **ESL Level A, Level B, and Level C**.

Within 30 days of arrival, the inmate will be interviewed to assess his English skills. It will then be determined if he will need to be administered the "Comprehensive Adult Student Assessment System" (**CASAS**) placement exam. Inmates must learn how to speak, comprehend, read and write English. Students must pass standardized multiple choice tests in reading and listening comprehension to demonstrate proficiency in English equivalent to the 8th grade. The test of measurement is the CASAS certification exam. A score of 215 is required to pass the listening test and a score of 225 is required to pass the reading test. Inmates who achieve this score meet all ESL requirements. Certificates are awarded for successful completions. Enrollment in the GED or ESL programs is discussed at interviews.

Adult Continuing Education (ACE):

ACE courses are offered throughout the week with varying schedules. Announcements regarding these courses are posted in the housing units and in the Education Department. Courses vary from time to time, based upon inmate interest and availability of instructors. Applications for participation in these courses may be made via "cop-out" or sign-up sheets, posted in the housing units.

Post-Secondary Education (PSE) Inmate Correspondence Courses

Work Cadre inmates may participate in PSE courses through college level correspondence programs. All courses must be appropriate for a correctional setting and any course which presents a safety or security concern will not be approved. All course materials are sent to the attention of the Education Department to ensure compliance with institution rules. Inmates are responsible for all costs associated with the course taken.

Information and catalogues regarding available college level correspondence programs may be obtained in the Education Department. Prospective participants must possess at least a GED and receive authorization from the Education Department. The inmate is responsible for payment of all fees or other charges associated with any of these courses. To initiate the process an inmate must submit a "cop-out" to the Education Department.

Parenting

The purpose of the Parenting Program at MDC Brooklyn is to assist fathers and mothers in remaining an integral part, while incarcerated, of their children's lives. This program explores some of the problems that incarceration causes and provides assistance in how to effectively handle these problems. It teaches good coping skills, how to interpret children's behavior, how to administer positive discipline and how to give direction from a distance.

Information regarding the Parenting Program can be obtained from the Parenting Program Coordinator in the Education Department. Parenting literature and audio-visual materials are also available. Community organizations also come into the institution to participate in the parenting program.

Leisure Library Services

The Leisure Libraries are located in the Education Department on the 3rd floor of the West Building and the 5th floor of the East Building. The Leisure Libraries offer basic reference, health & fitness, religious, general reading & audio/visual materials. Newspapers are furnished in the Library and to the cadre units Monday through Friday. To obtain a periodical for personal use, the inmate must subscribe to a publisher and have the periodical authorized in adherence to MDC Brooklyn's correspondence policies. Indexes of the available books in the leisure library are located in the Education Department and on the ELL computer. All inmates are accountable financially for books that are damaged or not returned.

Law Library Services

The main law libraries are located in the Education Department on the 3rd floor of the West Building and the 5th floor of the East Building. Legal research materials are accessed through the Electronic Law Library (ELL). ELL and discovery review computers are in each library and are available to both pre-trials and cadre in each unit. The electric typewriters are available to inmates for use of legal typing.

All inmates are responsible for purchasing their own typewriter ribbons and correction tape from the Commissary. All housing units are assigned a time for utilizing the law/leisure library. Specific days and times are posted on unit bulletin boards. Inmates with an imminent court deadline may be afforded additional time for research, document preparation or discovery review by submitting an "Inmate Request to Staff" (cop-out) to the Education Department staff. Debit card operated copy machines are available in each library for legal work. Debit cards are available for purchase through the commissary. Indigent inmates may be eligible to receive a typing ribbon, correction tape and up to 20 copies per law library session. If you qualify, you can obtain indigent status by submitting an "Inmate Request to Staff" (cop-out) to the Education Department staff.

Digital discovery is sent directly to the inmate from defense counsel or the government. Requests for additional copies for multiple co-defendants cases may be made to your attorney. Discovery items for cases with multiple co-defendants may be stored in an assigned locker in the Education Department Law Library in the West Building.

Pre-trial inmates may utilize the designated computers in the Law Library, during their scheduled law library session, and housing units to review Discovery. Cadre inmates may view their Discovery materials during their regularly scheduled library hours. Inmates may not have more than 15 disks in their possession when they visit the Law Library to review Discovery.

Recreation, Leisure, Wellness, and Social Programs

The Bureau of Prisons encourages inmates to make constructive use of their leisure time and offers group and individual activities to reduce idleness and enhance prospects for successful reintegration into their communities. Inmates are encouraged to develop and exercise excellent habits through participation in a variety of physically and

intellectually rich programs, activities, and events. Good sportsmanship is required during all recreational activities.

Leisure Programs

Participating in leisure activities is a great way to relax and enjoy social interaction with other inmates. Each unit has basketballs, handballs, racquetballs, soccer balls, and ping pong equipment. Inmates may checkout and play a variety of board and card games, and participate in various hobby crafts. Periodically, tournaments will be held for inmates to participate.

Incentives

Certificates of Completion are presented to each participant who completes a recreation program. In addition, consumable awards are presented to each participant who completes a structured exercise program through the Recreation Department.

Art and Hobby Craft Programs

Art work includes all paintings and sketches rendered in any of the usual media (e.g., paints, pastels, crayons, pencils, inks, hobby craft activities crochet & knitting.

Use of hobby craft facilities is a privilege that the Warden or staff delegated that authority may grant or deny.

Inmates are encouraged to participate in housing unit activities such as unit-based hobby craft. The Recreation Supervisor will coordinate housing unit activities with Unit Managers.

Wellness Programs

The Recreation Department offers a variety of classes to assist the inmate population in attaining their personal fitness goals, including Aerobics, Nutrition, Yoga, Weight Management, Smoking Cessation, Recreation Aide Training, and The National Federation of Personal Trainers (NFPT) Certification. The purchase and use of weightlifting equipment is strictly prohibited.

Structured exercise opportunities include: aerobics, basketball, yoga, handball, soccer, racquetball, walking/jogging, and table tennis. Structured exercise activities should be recorded in the Structured Exercise Log by the participating inmate and the Recreation Specialist responsible for the housing unit.

Recreation and Zimmer

The Zimmer Amendment was passed in 1996. The amendment does not allow for the BOP to use appropriated and non-appropriated funds to provide amenities or personal comforts in the Federal Prison System. Specifically, institutions activated prior to 1996 through attrition, will conform to the guidelines set by the law. The main sections of Zimmer address: (1) viewing of R, X, or NC-17 movies; (2) instruction or training for boxing, wrestling, judo, karate or other martial arts or any body building or weightlifting equipment; and (3) electronic or electric instruments.

Consequences for Rules Violation in Recreation

Inmates are strongly encouraged to participate in recreation activities. However, when inmate behavior violates established rules, consequences may include an incident report and/or suspensions from programs.

Religious Services

The Religious Services Department provide pastoral care and religious accommodation to individual and group religious beliefs and practices in accordance with the law, Federal regulations and BOP policy. The Chaplains offer religious worship, education, counseling, spiritual direction, support and crisis intervention to meet the diverse religious needs of inmates. BOP Chaplains also oversee the religious diet program, ceremonial religious meals and religious holiday observances. All Chaplaincy Services' programming is directed to promote BOP reentry goals. The Life Connections and Threshold programs highlight our faith-based reentry priorities.

Psychology Services

Psychology Services departments in all BOP institutions offer basic mental health care to

inmates. This care may include screening, assessment and treatment of mental health or drug abuse problems, individual and/or group counseling, psycho-educational classes, self-help and supportive services, or referral to Health Services for medical treatment of a mental illness.

In addition, Psychology Services staff, along with other programming staff in the institution, collaborate with your Unit Team to develop a comprehensive assessment of your strengths and weaknesses. Based on this assessment, Psychology Services will offer programming recommendations specific to your psychological needs. These recommendations are designed to ensure your successful adjustment to incarceration and prepare you for your eventual release. We encourage you to participate actively in the assessment process. If mental health or drug abuse programming is recommended for you, Psychology Services staff will provide ongoing feedback to you and your unit team regarding your progress toward these programming goals.

If you are new to the BOP, or if you have previously identified mental health or drug abuse programming needs, you will be scheduled for an interview with Psychology Services staff. The purpose of this interview is to review your history and identify your programming needs. This interview is an ideal time for you to share your interest in specific services, such as drug abuse treatment or mental health counseling.

The Psychology Services department at this institution is staffed by Chief Psychologist, a Drug Abuse Program Coordinator, an Advanced Care Level Psychologist, four Staff Psychologists, a Drug Treatment Specialist, and a Psychology Technician. The department's offices are located on the 3rd Floor of the West Building. There are a number of ways to contact Psychology Services at this institution.

You may:

- Submit an Inmate Request to a Staff Member (a "Cop-out") to Psychology Services.
- Speak with a Psychology Services staff member during mainline or as they make rounds in your unit.
- Or in the case of a crisis situation, notify your Unit Officer, Unit Team, or any other Bureau staff member of your urgent need to speak with Psychology Services.

Suicide Prevention

Incarceration can be a difficult experience. At times, you may feel discouraged, frustrated, and helpless. It is not uncommon for people to experience depression while in jail or prison, especially if they are newly incarcerated, serving a long sentence, experiencing family problems, struggling to get along with other inmates, or receiving bad news. Over time, most inmates successfully adapt to incarceration and find ways to use their time productively and meaningfully. However, some inmates continue to struggle with the pressures of incarceration and become overwhelmed by a sense of hopelessness. If you feel a sense of hopelessness or begin thinking about suicide, talk to a staff member. Help is available and actively seeking help is a sign of your strength and determination to prevail. If you feel you are in imminent danger of harming yourself or someone else, you should contact a staff member immediately.

In addition, if you suspect another inmate is contemplating suicide, please notify a staff member. Staff do not always see everything inmates see. And, most suicidal individuals display some warning signs of their intentions. PLEASE alert a staff member right away if you suspect a fellow inmate is considering suicide. The most effective way to prevent another person from taking his or her life is to recognize the factors that put people at risk for suicide, take warning signs seriously and know how to respond. The warning signs of suicide may include:

- threatening to hurt or kill oneself or talking about wanting to hurt or kill oneself
- feeling hopeless
- feeling rage or uncontrolled anger or seeking revenge
- increased alcohol or drug use

- withdrawing from friends, family, associates
- experiencing dramatic mood changes
- feeling anxious or agitated, being unable to sleep, or sleeping all the time
- seeing no reason for living or having no sense of purpose

If your friend, cellmate, coworker, or associate is exhibiting these signs, start by telling the person you are concerned and give him/her examples of what you see that worries you. Listen and encourage the person to seek help. If they are hesitant, offer to go with them to speak to a staff member. If you are not confident they will seek help, notify a staff member yourself. Seeking help for a person in distress isn't "snitching", it is showing concern for the welfare of a fellow human being. If you report your concerns to staff, you can rest easy knowing you did everything within your power to assist the individual.

If you are interested in assisting Psychology Services with suicide prevention efforts, you may choose to participate in this institution's inmate companion program. Inmates who are interested in serving as suicide watch inmate companions must meet the following criteria: (1) be a sentenced BOP inmate; (2) no 100 series incident reports in the past 3 years; (3) may not be in FRP, DRG ED, or GED refusal status; (4) not currently prescribed psychotropic medications; (5) not have been placed on suicide watch within the last two years. If you would like more information about this program, please speak with a member of the department.

Drug Abuse Programs

Drug abuse programming is available in all BOP institutions. The BOP offers a drug education course as well as treatment options for inmates who have abused alcohol and/or drugs.

Drug Abuse Education Course

The Drug Abuse Education Course is not drug treatment. The purpose of the course is to encourage you to review the consequences of your choice to have drugs in your life, to look at the relationship between drug use and crime, and to begin to think about how different your life could be without drugs. Looking at your drug involvement in this way may motivate you to ask for drug abuse treatment. If your pre-sentence report documents a prolonged history of drug use, evidence that alcohol or drug use contributed to the commission of your offense, a judicial recommendation for treatment, or a violation of community supervision as a result of alcohol or drug use, you are required to take the Drug Abuse Education Course. Failing to take this required course results in your ineligibility for performance pay above maintenance pay level, as well as ineligibility for bonus or vacation pay. You will also not be eligible for a Federal Prison Industries work program assignment. If you are not sure what this means, you may want to ask your counselor.

The Drug Abuse Education Course is available in every BOP institution. If you are required to complete the course, your name will automatically be placed on the waiting list for the course. When it is time for you to complete the course, Psychology Services staff will contact you. If you would like to enroll in the course, but are not required to participate, you may submit an Inmate Request to a Staff Member (a "Cop-Out") in order to place your name on the waiting list for the course.

Nonresidential Drug Abuse Treatment

Nonresidential Drug Abuse Treatment is also available in every Bureau institution. Nonresidential Drug Abuse Treatment has been developed to provide the flexibility necessary to meet each individual's treatment needs, and more specifically for:

- inmates with a relatively minor or low-level drug abuse problem,
- inmates with a drug use disorder who do not have sufficient time to complete the intensive Residential Drug Abuse Treatment Program (RDAP),
- inmates with longer sentences who are in need of treatment and are awaiting placement in the RDAP,
- inmates with a drug use history who chose not participate in the RDAP, but want to prepare for staying sober in the community, and
- inmates who completed the unit-based portion of the RDAP and are required to continue treatment until their transfer to a Residential Reentry Center

(half-way house).

Program completion awards are only available for those who complete the program. If you are interested, ask the institution's drug abuse treatment staff for more information on these awards.

Residential Drug Abuse Treatment

The RDAP provides intensive drug abuse treatment to inmates diagnosed with a drug use disorder. Inmates in the residential program are housed together in a treatment unit that is set apart from the general population. Treatment is provided for a minimum 9 months; however, your time in the program depends on your progress in treatment.

To apply for the RDAP you must send an Inmate Request to a Staff Member (a "Cop-Out") to obtain an interview for the program. First, staff will screen your pre-sentence report to determine if there is any documentation indicating that you have a pattern of drug abuse or dependence. If so, you will be referred to the Drug Abuse Program Coordinator for an interview to determine if you meet the diagnostic criteria for a substance use disorder.

Inmates who are diagnosed with a drug use disorder are qualified for the RDAP and are admitted to the program based on their nearness to release, as mandated by federal statute. You must have enough time left to serve on your sentence to complete the unit-based component and the community transition component of the program. Follow-up treatment, as described earlier, is provided to inmates after they complete the unit-based component and before they transfer to a residential reentry center.

The RDAP is operated as a modified therapeutic community where inmates are expected to model the pro-social behaviors expected in a community. This means RDAP participants are role models to other inmates. Therefore, they are to demonstrate honesty, to relate positively with their peers, and to fully participate in all treatment activities in the unit. The RDAP is a half-day program, with the rest of the day devoted to work, school, and other self-improvement activities. The RDAP is available in 77 BOP institutions. It is not available here.

If you are interested in volunteering for the RDAP and would like to know if you are eligible for the program, contact the institution's Drug Abuse Program Coordinator. You may apply for the program at any time during your incarceration, but your interview, like program admittance, will be based on your proximity to release. Ordinarily inmates are interviewed 42-24 months from release depending on the facility's security level and waiting list for the RDAP.

Early Release

The Violent Crime Control and Law Enforcement Act of 1994 allows the BOP to grant a non-violent inmate up to 1 year off his or her term of imprisonment for successful completion of the residential drug abuse treatment program (Title 18 U.S.C. § 3621(e)(2)). For more information, talk to an institution Drug Abuse Treatment Specialist or Drug Abuse Program Coordinator.

Community Transition Drug Abuse Treatment

To successfully complete the RDAP, inmates are required to participate in the Community Transition Drug Abuse Treatment component of the program. The BOP ensures that inmates receive continued treatment when transferred to a residential reentry center (RRC) or to home confinement. The RRC is structured to help you adjust to life in the community and find suitable post-release employment. RRCs provide a structured, supervised environment and support job placement, counseling, and other services. Within the structure of the RRC, RDAP participants continue their drug abuse treatment, with a community-based treatment provider. The BOP contracts with this provider to deliver treatment services in the community. Inmates must continue to participate in transition drug abuse treatment to earn any benefit associated with successful completion of the RDAP, e.g., early release.

In addition to these drug abuse programs, drug abuse treatment services may also be provided within the context of other specialized treatment programs with the BOP, such as the Resolve Program and the Challenge Program.

The Resolve Program [female institutions only]

Many institutions that house female inmates offer the Resolve Program. The Resolve Program is a non-residential program for female inmates who have a history of physical and/or sexual abuse.

The Trauma in Life Workshop

The Resolve Program includes a psycho-educational component, the Trauma in Life Workshop. This workshop addresses the challenges individuals face following exposure to traumatic life events and the strategies these individuals may use to enhance their resilience or ability to survive and thrive following these events. Any female inmate with a history of abuse or an interest in learning about this topic may participate in the Trauma in Life Workshop.

Nonresidential Counseling Groups

The Resolve Program also includes a treatment component - non-residential counseling groups. Only those inmates with a history of trauma and an associated mental health problem may participate in Resolve Program counseling groups. These groups are designed to improve coping skills, build healthy relationships, and enhance emotional stability. This institution does not have a Resolve Program. If you are interested in the Resolve Program, please submit an Inmate Request to a Staff Member (a "Cop-Out") to the Psychology Services Department.

The Sex Offender Management Program

The BOP offers sex offender treatment programs at our Sex Offender Management Program (SOMP) institutions. SOMP institutions have a higher proportion of sex offenders in their general population. Having a larger number of sex offenders at SOMP institutions ensures that treatment volunteers feel safe about participating in programming.

The BOP's sex offender treatment programs are stratified into two program levels:

The Residential Sex Offender Treatment Program [male institutions only]

The Residential Sex Offender Treatment Program (SOTP-R) is a high intensity program designed for high risk sexual offenders - ordinarily inmates with multiple sex offenses, or a history of contact sexual offenders. The SOTP-R is offered at the Federal Medical Center (FMC) in Devens, Massachusetts.

The Non-residential Sex Offender Treatment Program

The Non-residential Sex Offender Treatment Program (SOTP-NR) is a moderate intensity program designed for low to moderate risk sexual offenders. Many of the inmates in the SOTP-NR are first-time offenders serving a sentence for an Internet sex crime. All SOMP institutions offer the SOTP-NR.

When you volunteer for treatment, BOP staff will determine whether the Residential or Non-residential Treatment Program is appropriate for you based on your offense history. If eligible for treatment, you will be transferred to a SOMP institution based on your treatment needs and security level.

If you are interested in receiving sex offender treatment and would like to know if you are eligible for the program, contact Psychology Services. You may apply at any point in your sentence. However, inmates ordinarily enter treatment when they have between 24 to 42 months remaining on their sentence. If you are at the beginning of your sentence or have more than 48 months remaining on your sentence, you may want to wait before applying for the program.

Institution Specific Programs

The Psychology Services Department at MDC Brooklyn offers the following psychological programming: Cognitive Behavioral Skills; Criminal Thinking; Emotion Self-Regulation, Trauma in Life; and, Anger Management. When a group is to be offered notices will be displayed in the housing units and in TRULINCS. Inmates must submit an Inmate Request to A Staff Member in order to participate. Additionally, the Psychology Services Department offers a self-help library and meditation/relaxation MP3 players which is accessible via an Inmate Request to a Staff Member ("Cop Out").

Confidentiality

Security needs and the nature of a prison environment affect mental health care in a variety of ways. Confidentiality is an important component of the therapeutic relationship. However, in a prison environment, confidentiality must be weighed against institutional needs of safety and security. Mental health providers in the institution not only serve inmates, they also serve the institution and the public at large.

In the community, certain situations require mental health providers to violate client confidentiality. For example, many states mandate reporting of child or elder abuse. Providers also must notify authorities if a client threatens suicide or serious harm to others. Similarly, prison mental health providers violate confidentiality when an inmate is at risk of serious harm to themselves or others, such as when an inmate presents a clear and present risk of escape or when an inmate is responsible for the creation of disorder within a facility. Confidentiality may also be limited when prison mental health providers share information on a need-to-know basis with prison officials or other federal law enforcement entities. For example, before you are transferred to a residential reentry center, mental health providers must communicate your mental health needs to your unit team.

If you tell a staff member, including a Psychology Services staff member, that you are going to harm or kill yourself or someone else, or engage in a behavior that jeopardizes the safety or security of the institution, confidentiality will be breached and the appropriate individuals will be notified on a need-to-know basis only. Simply put, there is no guarantee of confidentiality in the prison setting. However, you can rely on the professional judgment of Psychology Services staff who conscientiously balance your confidentiality and the safety and security of the institution. Information that does not impact the safety and security of the institution, inmates, and staff, will not be shared. While these limitations on confidentiality may initially deter you from seeking treatment, I want to assure you that the vast majority of inmates who receive psychological services are comfortable with the decisions staff make with regard to their confidentiality. If you have additional questions about confidentiality, be certain to discuss your concerns with Psychology Services staff.

Escorted Trips

Escorted trips provide approved inmates with staff escorted trips into the community for such purposes as receiving medical treatment not otherwise available, for visiting a critically ill member of the inmate's immediate family, or for participating in programs or work related functions. Additionally, bedside visits and funeral trips may be authorized for inmates with custody levels below maximum. All expenses will be borne by the inmate, except for the first eight hours of each day that the employee is on duty. There are occasions based on a determination that the perceived danger to BOP staff during the proposed visit is too great, or the security concerns about the individual inmate outweigh the need to visit the community.

Furloughs

A furlough is an authorized absence from an institution by an inmate who is not under the escort of a staff member, a U.S. Marshal, other Federal or State agent. Furloughs are a privilege, not a right, and are only granted when clearly in the public interest and for the furtherance of a legitimate correctional goal. An inmate who meets the eligibility requirements may submit an application for furlough to staff for approval.

Central Inmate Monitoring System

The Central Inmate Monitoring System (CIMS) is a method for the Agency to monitor and control the transfer, temporary release, and participation in community activities of inmates who pose special management considerations. Designation as a CIMS case does not, in and of itself, prevent an inmate from participating in community activities. All inmates who are designated as CIMS cases will be notified by their Case Manager.

Marriages

If an inmate wishes to be married while incarcerated, the Warden may authorize him to do so under certain conditions. All expenses of the marriage will be paid by the inmate. If an inmate requests permission to marry he must:

- Have a letter from the intended spouse which verifies their intention to

- marry.
- Demonstrate legal eligibility to marry.
- Be mentally competent.
- The marriage must not present a security risk to the institution.

Marriage procedures are detailed in local Institution Supplement's.

Barber Shop

Haircuts are authorized on the housing units in the area designated by the Unit Manager, and permitted during the hours of 8:00 a.m. to 2:30 p.m.

Medical Services

The BOP inmate health care delivery system includes local ambulatory clinics as well as major medical centers. Locally, emergency medical care is available 24 hours a day in all BOP facilities. BOP clinical staff typically covers the day and evening shifts and community emergency personnel meet emergency needs when BOP clinical staff is not on-site.

Health services typically include episodic visits for new or recurring medical or dental symptoms through a sick call system, chronic care management for chronic and infectious diseases through enrollment in chronic care clinics for regular care, routine dental care, medical and dental emergency care for injuries and sudden illness, age-appropriate preventive care to promote optimal health and functional status, restorative care to promote achievable functional status, long-term care and end-of-life care.

Sick Call System

For episodic care, inmates must sign up for sick call. This is accomplished by sending and email to the BRO/Inmatetosickcall box for medical and the BRO/Inmatetodental box for dental sick call. Clinical and dental staff will screen the inmate's complaint, give a future appointment based on the nature of the health complaint and enter the appointment date on the "callout" sheet. Inmate sick call emails are triaged on Monday, Tuesday, Thursday, and Friday. Inmates who become ill suddenly will notify their work supervisor or Unit Officer to call the Health Services Unit to arrange an evaluation. Inmates requesting health services will be charged a co-payment fee of \$2.00 unless staff determines they are indigent and not subject to a co-payment fee.

Inmates in detention or segregation who are unable to utilize the electronic sick call sign up will access sick call by submitting a written request for evaluation or by verbally asking for a sick call appointment when the Health Services clinician makes daily rounds in the secured unit.

Emergency Medical Treatment

All emergencies or injuries receive priority for treatment. Appropriate medical care will be provided by institution clinical staff or by community emergency personnel after regular Health Services Unit operating hours when institution clinicians are not on-site.

Clinicians covering evenings, weekends and holidays provide treatment for acute medical problems and directly observed pill lines.

Medication Administration (Pill Line)

Controlled medications are administered at regularly scheduled times of the day and evening in the Unit known as the "pill line." Clinical staff delivers controlled medications to inmates in detention or segregation units during established pill line times.

On-the-job Injuries

Inmates injured while performing an assigned duty, must immediately report this injury to their work supervisor. The work supervisor reports the injury to the institution Safety Manager who completes mandatory occupational injury documentation. The inmate must be evaluated by clinical staff and an injury report completed for inclusion in the inmate's health record under the Occupational Medicine section of BEMR.

Inmates who suffer a work-related injury may be eligible for compensation if the injury prevents the inmate from performing his or her usual work duties. However, the inmate may be disqualified from eligibility for lost-time wages or compensation if he or she fails to report a work injury promptly to the supervisor.

CONTACT WITH THE COMMUNITY AND PUBLIC

Correspondence

In most cases, inmates are permitted to correspond with the public, family members, and others without prior approval. All outgoing general mail must remain unsealed and deposited in the general mailbox on the housing unit. General mail is inspected and/or read by staff. The outgoing envelope must have the inmate's committed name, register number, and complete institution return address in the upper left hand corner. Example:

Metropolitan Detention Center
Inmate Name and Register Number
P. O. Box 329002
Brooklyn, NY 11232

Inmates will be responsible for the contents of all of their letters. Correspondence containing threats, extortion, etc., may result in prosecution for violation of Federal laws.

Inmates may be placed on restricted correspondence status based on misconduct or as a result of classification. The inmate is notified of this placement and has the opportunity to respond. Mail service to inmates is ordinarily provided on a five-day schedule, Monday through Friday. Usually, weekend and holiday mail services are not provided.

Incoming Correspondence

First class mail is distributed Monday through Friday (except holidays) by the evening watch Correctional Officer in each living unit. Legal and Special Mail will be distributed by Unit team staff and opened in the presence of the inmate, if the sender is appropriately identified, and the envelope is marked, "Special Mail-open only in the presence of the inmate" . Inmates are asked to advise those writing to them to put the inmate's registration number and Housing Unit on the envelope to aid the prompt delivery of mail. All inmate packages must have prior authorization unless otherwise approved under BOP policy.

Incoming Publications

The BOP permits inmates to subscribe to and receive publications without prior approval. The term publication means a book, booklet, pamphlet, or similar document, or a single issue of a magazine, periodical, newsletter, newspaper, plus such other materials addressed to a specific inmate, such as advertising brochures, flyers, and catalogs. An inmate may only receive hard cover/soft cover publications and newspapers from the publisher, a book club, or a bookstore.

Special Mail

Special Mail is a category of correspondence sent to the following: President and Vice President of the United States, the U.S. Department of Justice (including the BOP), U.S. Attorneys Offices, Surgeon General, U.S. Public Health Service, Secretary of the Army, Navy, or Air Force, U.S. Courts (including U.S. Probation Officers), Members of the U.S. Congress, Embassies and Consulates, Governors, State Attorneys General, Prosecuting Attorneys, Directors of State Departments of Corrections, State Parole Commissioners, State Legislators, State Courts, State Probation Officers, other Federal and State law enforcement offices, attorneys, and representatives of the news media.

All appropriately marked outgoing legal/special mail will be sealed by the inmate and hand delivered to the unit officer. Legal/special mail will not be opened, unless contraband is suspected or apparent. The unit officer will log in the receipt of the mail in the legal/special mail log book maintained in the unit officer's office. The logbook entries includes the inmate's name, register number, date and time of receipt, address of the recipient, and the unit officer's signature. Correctional Systems staff will pick up the legal/special mail daily, and enter their name, date, and time they picked up the mail.

Special mail also includes correspondence received from the following: President and Vice President of the United States, attorneys, Members of the U.S. Congress, Embassies and Consulates, the U.S. Department of Justice (excluding the Bureau of Prisons but including U.S. Attorneys), other Federal law enforcement officers, State Attorneys General, Prosecuting Attorneys, Governors, U.S. Courts (including U.S. Probation Officers), and State Courts.

A designated staff member opens incoming Special Mail in the presence of the inmate. These items will be checked for physical contraband, funds, and for qualification as Special Mail; the correspondence will not be read or copied if the sender has adequately identified himself/herself on the envelope and the front of the envelope clearly indicates that the correspondence is "Special Mail - Open only in the presence of the inmate" or with similar language. Without adequate identification as Special Mail, the staff may treat the mail as general correspondence. In this case, the mail may be opened, read, and inspected.

Inmate Correspondence with Representatives of the News Media

An inmate may write, following Special Mail procedures, to representatives of the news media when specified by name and title. The inmate may not receive compensation or anything of value for correspondence with the news media. The inmate may not act as a reporter, publish under a byline, or conduct a business or profession while in BOP custody.

Representatives of the news media may initiate correspondence with an inmate. Correspondence from a representative of the news media will be opened, inspected for contraband, for qualification as media correspondence, and for content which is likely to promote either illegal activity or conduct contrary to BOP regulations.

Correspondence between Confined Inmates

An inmate may be permitted to correspond with an inmate confined in another penal or correctional institution. This is permitted if the other inmate is either a member of the immediate family (mother, father, sister, child, or spouse), or party in a current legal action (or a witness) in which both parties are involved. The Unit Manager at each institution must approve the correspondence if both inmates are housed in Federal institutions.

Rejection of Correspondence

The Warden may reject general correspondence sent by or to an inmate if it is determined to be detrimental to the security, good order, or discipline of the institution, to the protection of the public, or if it might facilitate criminal activity.

Notification of Rejection

The Warden will give written notice to the sender concerning the rejection of mail and the reasons for rejection. The sender of the rejected correspondence may appeal the rejection. The inmate may also be notified of the rejection of correspondence and the reasons for it. The inmate also has the right to appeal the rejection. The Warden shall refer the appeal to a designated officer other than the one who originally disapproved the correspondence. Rejected correspondence ordinarily will be returned to the sender.

Change of Address/Forwarding of Mail

Mail Room staff will make available to an inmate who is being released or transferred a change of address form. General correspondence (as opposed to special mail) will be forwarded to the new address for 30 days. After 30 days, general correspondence is returned to sender with the notation "Not at this address - return to sender." Staff will use all practical means to forward special mail. After 30 days, the SENTRY address will be used to forward special mail.

Certified/Registered Mail

Inmates may use certified, registered, or insured mail services. Other mail services such as stamp collecting, express mail, cash on delivery (COD), and private carriers are not provided.

*Refer to the Program Statement and Institution Supplement for more detailed information regarding correspondence.

Telephones

Telephone privileges are a supplemental means of maintaining community and family ties. Telephones are to be used for lawful purposes only. Threats, extortion, etc. may result in prosecution. All inmate telephones are subject to monitoring and recording. Inmates must contact their Case Manager to arrange an unmonitored attorney call.

While policy specifically allows inmates to make one call every three months, there is no specific limit on the number of phone calls that an inmate may make. It is expected that each inmate will handle his calls in such a manner that will allow the equal use of the phones by all inmates. Calls are limited to 15 minutes in duration. Each inmate is allowed 300 minutes of calling time per month, unless on telephone restriction. Telephones will not be used to conduct a business.

Inmates are allowed to have thirty (30) approved numbers on their phone list. In order to use the system, you will have to transfer funds from your commissary account to your individual telephone account. There are telephones located in each housing unit for your use. No third party, credit card calls, 1-800, 1-900, 1-888, or 1-976 can be made on these lines. Collect calls can also be made to pre-approved telephone numbers.

Inmates will be given their SECRET PAC (nine digits) number by your Correctional Counselor. This will allow you to place a call by first entering the telephone number followed by your nine digit PAC number. Giving or selling your PAC number will result in disciplinary action. All calls are automatically terminated after fifteen (15) minutes. A waiting period may be established between calls.

It is each inmates responsibility to maintain their PAC in a way to ensure no other inmate has access to it. Inmates found to be sharing their telephone account with other inmates will result in disciplinary action taken with all inmates involved. Third party telephone contact will also result in disciplinary action. This could include, but is not limited to three way calls, call forwarding, the use of two or more telephones to communicate, and/or ANY circumstance in which the party called establishes third party telephone contact.

ACCESS TO LEGAL SERVICES

Legal Correspondence

Legal correspondence from attorneys will be treated as Special Mail if it is adequately marked. The envelope must be marked with the **attorney's name** and an indication that he/she is an attorney and the front of the envelope must be marked as "Special Mail - open only in the presence of the inmate" or with similar language clearly indicating the particular correspondence qualifies as legal mail and the attorney is requesting the correspondence be opened only in the inmate's presence. It is the responsibility of the inmate to advise his/her attorney of these requirements. If legal mail is not adequately marked, it may be opened as general correspondence.

Attorney Visits

Attorneys are encouraged to visit during regular visiting hours. However, visits from an attorney can be arranged at other times based on the circumstances of each case and the availability of staff. Attorney visits will be subject to visual monitoring, but not audio monitoring.

Legal Material

During attorney visits, a reasonable amount of legal materials may be allowed in the visiting area, with prior approval. Legal material may not be transferred to the inmate in the visiting room. However, a legal depository box is located in the front lobby where attorney's can drop the legal material. Please ensure that your attorney provides, their name, your name and register number on the legal material. Inmates are expected to handle the transfer of legal materials through the mail as often as possible.

Attorney Phone Calls

In order to make an unmonitored phone call with an attorney, the inmate must demonstrate to the Unit Team the need, such as an imminent court deadline. Inmates are responsible for the expense of unmonitored attorney telephone calls. When possible, it is preferred that inmates place an unmonitored, collect legal call. Phone calls placed through the regular inmate phones are subject to monitoring.

Law Library

Electronic Law Libraries (ELL): Inmates are afforded access to legal materials and an opportunity to prepare legal documents in the ELL. Resources are available for inmates to prepare legal material via Trust Fund.

Notary Public

Under the provisions of 18 USC 4004, Case Managers are authorized to notarize documents. A recent change in the law allows that a statement to the effect that papers which an inmate signs are true and correct under penalty of perjury will suffice in Federal courts and other Federal agencies, unless specifically directed to do otherwise. Some states will not accept a government notarization for real estate transactions, automobile sales, etc. In these cases, it will be necessary to contact unit staff for arrangements with the institution's notary public.

Copies of Legal Material

In accordance with institution procedures, inmates may copy material necessary for their research or legal matters. A copying machine is available in the Education Department for inmate use for a nominal fee. Individuals who have no funds and who can demonstrate a clear need for particular copies may submit a written request for a reasonable amount of free duplication through the unit team.

Federal Tort Claims

If the negligence of institution staff results in personal injury or property loss or damage to an inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form by submitting an Inmate Request to Staff Member or requesting one through your Correctional Counselor.

Freedom of Information/Privacy Act of 1974

The Privacy Act of 1974 forbids the release of information from agency records without a written request, or without the prior written consent of the individual to whom the record pertained, except for specific instances. All formal requests for access to records about another person and/or agency record other than those pertaining to themselves shall be processed through the Freedom of Information Act (FOIA), 5 USC 552. Requests may be made in writing to the FOIA Branch, Central Office, 320 First St., N.W., Washington, D.C. 20534.

Inmate Access to Central Files and Other Documents

An inmate may request to view his/her central file (minus the FOIA section) under the supervision of his/her Case Manager by submitting a cop-out to the Unit Team. An inmate does not need to submit a FOIA Act Request to the Director of the BOP unless the information requested is in the FOIA Exempt section. Likewise, an inmate wishing to review his/her medical file should send a request to Health Services.

An inmate can request access to the non-disclosable documents in his central file and medical file, or other documents concerning himself that are not in his central file or medical file, by submitting a Freedom of Information Act Request to the Director of the BOP, Attention: FOI Request. A request on the behalf of an inmate by an attorney, for records concerning that inmate, will be treated as a Privacy Act Request if the attorney has forwarded an inmate's written consent to disclose materials. If a document is deemed to contain information exempt from disclosure, any reasonable part of the record will be provided to the attorney after the deletion of the exempt portions.

Executive Clemency

The BOP advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does

not connote innocence nor does it expunge the record of conviction. A pardon restores civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (reduction of sentence imposed after a conviction), and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence

The BOP also advises inmates on commutation of sentences. Commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for commutation of sentence must do so on forms available from the assigned unit team. The rules governing these petitions are available in the Law Library.

Pardon

A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotics Laws, Gun Control Laws, Income Tax Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

Compassionate Release/Reduction in Sentence

The Director of the Bureau of Prisons may motion an inmate's sentencing court for reduction in sentence (RIS) for an inmate presenting extraordinary and compelling circumstances. See 18 U.S.C. § 3582 and Program Statement on *Compassionate Release/Reduction in Sentence*. The BOP may consider both medical and non-medical circumstances. The BOP consults with the U.S. Attorney's Office that prosecuted the inmate and will notify any victims of the inmate's current offense. If the RIS is granted, the judge will issue an order for the inmate's release and he or she will then usually begin serving the previously imposed term of supervised release. If an inmate's RIS request is denied, the inmate will be provided a statement of reasons for the denial. The inmate may appeal a denial through the Administrative Remedy Procedure. Denials by the General Counsel or the Director are final agency decisions and are not appealable. Inmates who feel their request is of an emergency nature (e.g., a terminal medical condition) may state as such in accordance with the regulation. (See 28 CFR part 542, subpart B).

PROBLEM RESOLUTION

Inmate Request to Staff Member

An Inmate Request to Staff Member (form BP-S148), commonly called a "Cop-Out", is used to make a written request to a staff member. Any type of request can be made with this form. Cop-outs may be obtained in the living units from the Correctional Officer on duty. Staff members will answer the request within a reasonable period of time. Inmates may also e-mail staff.

Administrative Remedy Process

The BOP emphasizes and encourages the resolution of complaints. The first step of the Administrative Remedy process is to attempt an Informal Resolution, utilizing the appropriate Informal Resolution form. (See the Administrative Remedy Institution Supplement, Attachment A.) When an informal resolution is not successful, an inmate can access the Administrative Remedy Program. All Administrative Remedy forms may be obtained from your assigned Correctional Counselor or Unit Team member.

If the issue cannot be informally resolved, a formal complaint may be filed with a Request for Administrative Remedy (formerly BP-229), commonly referred to as a BP-9. The inmate may place a single complaint or related issues on the form. If the form contains multiple unrelated issues, the submission will be rejected. The inmate will return the completed BP-9 to the Correctional Counselor, who will deliver it to the Administrative Remedy Coordinator (BP-9 will be rejected unless processed through staff). The BP-9 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of

time which should be documented in the complaint. Institution staff has twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Warden's response to the BP-9, he may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-9 response. The regional appeal is filed on a Regional Administrative Remedy Appeal (form BP-230), commonly referred to as a BP-10, and must include the appropriate number of copies of the BP-9 form, the Warden's response, and any exhibits. The regional appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Regional Director's response, he may appeal to the General Counsel in the Central Office. The national appeal must be made on the Central Office Administrative Remedy Appeal (form BP-231), commonly referred to as a BP-11, and must have the appropriate number of copies of the BP-9, BP-10, both responses, and any exhibits. The national appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional twenty (20) days. The inmate will be notified of the extension.

When filing a Request for Administrative Remedy or an Appeal (BP-9, BP-10, or BP-11), the form should contain the following information:

- Statement of Facts
- Grounds for Relief
- Relief Requested
-

Sensitive Complaints

If an inmate believes a complaint is of a sensitive nature and he would be adversely affected if the complaint became known to the institution, he may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree the complaint is sensitive, the inmate will be advised in writing of that determination and the complaint will be returned. The inmate may then pursue the matter by filing a BP-9 at the institution.

General Information

When a complaint is determined to be of an emergency and threatens the inmate's immediate health or welfare, the reply must be made as soon as possible, usually within seventy-two (72) hours from the receipt of the complaint.

For detailed instructions see Program Statement 1330.16, Administrative Remedy Program.

DISCIPLINARY PROCEDURES

Inappropriate sexual behavior towards staff and other inmates will not be tolerated. Inappropriate sexual behavior is defined as verbal or physical conduct perceived as a sexual proposal, act, or threat. Examples of inappropriate inmate sexual behavior include: displaying sexually explicit materials; making sexually suggestive jokes, comments, proposals, and gestures; and engaging in stalking, indecent exposure, masturbation, or physical contact. Inmates who engage in this type of behavior will be disciplined and sanctioned accordingly, through the inmate discipline process.

Discipline

The inmate discipline program helps ensure the safety, security, and orderly operation for all inmates. Violations of BOP rules and regulations are handled by the Unit Discipline Committee (UDC) and, for more serious violations, the Disciplinary Hearing Officer (DHO). Upon arrival at an institution, inmates are advised of the rules and regulations and are provided with copies of the Prohibited Acts and Available Sanctions, as well as local regulations.

Inmate Discipline Information

When a staff member witnesses or reasonably believes an inmate has committed a prohibited act, a staff member will issue an incident report, a written copy of the charges against an inmate. The incident report will ordinarily be delivered to the inmate within 24 hours of the time staff became aware of the inmate's involvement in the incident. If the incident is referred for prosecution, the incident report is delivered by the end of the next work day after it has been released for administrative processing. An informal resolution of the incident may be attempted at any stage of the discipline process. If an informal resolution is accomplished, the incident report will be removed from the inmate's central file. Informal resolution is encouraged for all violations in the Moderate and Low severity categories. Staff may suspend disciplinary proceedings up to two calendar weeks while informal resolution is undertaken. If an informal resolution is not accomplished, staff will reinstate the discipline process at the stage at which they were suspended. Violations in the Greatest and High severity categories cannot be informally resolved and must be forwarded to the DHO for final disposition.

Initial Hearing

Inmates will ordinarily be given an initial hearing within five (5) work days after the incident report is issued, excluding the day it was issued, weekends, and holidays. The Warden must approve, in writing, any extension over five (5) days. The inmate is entitled to be present at the initial hearing and may make statements and present documentary evidence. The UDC must give its decision in writing to the inmate by the close of the next work day. The UDC may make findings on Moderate and Low severity offenses. The UDC will automatically refer Greatest and High severity offenses to the DHO for final disposition.

Discipline Hearing Officer (DHO)

The Disciplinary Hearing Officer (DHO) conducts disciplinary hearings on all Greatest and High severity prohibited acts and other violations referred by the UDC at the Moderate and Low severity levels. The DHO may not hear any case not referred by the UDC. An inmate will be provided with advance written notice of the charge(s) not less than 24 hours before the inmate's appearance before the DHO. Inmates may waive this requirement. Inmates may appear before the DHO either in person or electronically (for example, by video or telephone conferencing). The Warden provides a full-time staff member to represent an inmate, if requested. An inmate may make statements and present documentary evidence on his or her behalf. The inmate may request witnesses appear at the DHO hearing to provide statements. The DHO will call witnesses who have information directly relevant to the charge(s) and are reasonably available. The DHO will request a statement from all unavailable witnesses whose testimony is deemed relevant. Inmates may not question a witness at the hearing; however, the staff representative and/or the DHO will question the witness(es). An inmate may submit a list of questions for the witness(es) to the DHO if there is no staff representative. An inmate has the right to be present throughout the DHO hearing, except during deliberations. The inmate charged may be excluded during appearances of outside witnesses or when institution security may be jeopardized. The DHO may postpone or continue a hearing for good cause or disposition when the case does not warrant DHO involvement, or may refer an incident report back for further investigation or review. The DHO will give the inmate a written copy of the decision and disposition, ordinarily within 15 days of the decision.

Appeals of Disciplinary Actions

Appeals of all disciplinary actions may be made through the Administrative Remedy Program. The initial reviewing official for the UDC is the Warden. The decision of the DHO is final and subject to review only by the Regional Director through the Administrative Remedy program. Appeals are made to the Regional Director (BP-230) and the General Counsel (BP-231). On appeal, the reviewing authority (Warden, Regional Director, or General Counsel) considers:

- Whether the UDC or DHO substantially complied with regulations on inmate discipline.
- Whether the UDC or DHO based its decision on facts. If there is conflicting evidence, whether the decision was based on the greater weight of the evidence.
- Whether an appropriate sanction was imposed for the severity level of the prohibited act, and other relevant circumstances.

Special Housing Unit Status

Special Housing Units (SHUs) are housing units in BOP institutions where inmates are securely separated from the general inmate population, and may be housed either alone or with other inmates. SHU helps ensure the safety, security, and orderly operation of correctional facilities, and protect the public by providing alternative housing assignments for inmates removed from the general population.

When placed in the SHU, you are either in administrative detention (A/D) status or disciplinary segregation (D/S) status.

Administrative detention (A/D) status: A/D is an administrative status which removes you from the general population when necessary to ensure the safety, security, and orderly operation of correctional facilities, or protect the public. Administrative detention status is non-punitive, and can occur for a variety of reasons.

You may be placed in A/D status for the following reasons:

(a) Pending Classification or Reclassification: You are a new commitment pending classification or under review for Reclassification. This includes newly arrived inmates from the bus, airlift, and U. S. Marshals Service.

(b) Holdover Status: You are in holdover status during transfer to a designated institution or other destination.

(c) Removal from general population: Your presence in the general population poses a threat to life, property, self, staff, other inmates, the public, or to the security or orderly running of the institution and:

(1) Investigation: You are under investigation or awaiting a hearing for possibly violating a Bureau regulation or criminal law;

(2) Transfer: You are pending transfer to another institution;

(3) Protection cases: You requested, or staff determined, you require administrative detention status for your own protection; or

(4) Post-disciplinary detention: You are ending confinement in disciplinary segregation status, and your return to the general population would threaten the safety, security, and orderly operation of a correctional facility, or public safety.

When placed in A/D status, you will receive a copy of the administrative detention order, ordinarily within 24 hours, detailing the reason(s) for your placement. However, when placed in A/D status pending classification or while in holdover status, you will not receive an administrative detention order.

In A/D status you are ordinarily allowed a reasonable amount of personal property and reasonable access to the commissary.

Disciplinary segregation (D/S) status: D/S is a punitive status imposed only by a Discipline Hearing Officer (DHO) as a sanction for committing a prohibited act(s). When you are placed in D/S status, as a sanction for violating BOP regulations, you will be informed by the DHO at the end of your discipline hearing.

In D/S status, your personal property will be impounded, with the exception of limited reading/writing materials and religious articles. Your commissary privileges may also be limited. In either status, your amount of personal property may be limited for reasons of fire safety or sanitation. The Warden may modify the quantity and type of personal property allowed. Personal property may be limited or withheld for reasons of security, fire safety, or housekeeping. The unauthorized use of any authorized item may result in the restriction of the item. If there are numerous misuses of an authorized item, the Warden may determine that the item will not be issued in the SHU.

Program staff, including unit staff, will arrange to visit inmates in a SHU within a

reasonable time after receiving the inmate's request. A Health Services staff member will visit you daily to provide necessary medical care. While in SHU, you may continue taking your prescribed medications. In addition, after every 30 calendar days of continuous placement in either A/D or D/S status, a Mental Health staff will examine and interview you.

RELEASE

Sentence Computation

The Designation and Sentence Computation Center (DSCC), located in Grand Prairie, Texas, is responsible for the computation of inmate sentences. Once staff at the DSCC have certified the sentence computation as being accurate, staff will provide the inmate with a copy of his or her sentence computation data. Any questions concerning good time, jail time credit, parole eligibility dates, full term dates, or release dates are resolved by staff upon inmate request for clarification.

Fines and Costs

In addition to jail time, the court may impose committed or non-committed fines and/or costs. Committed fines mean that the inmate will remain in prison until the fine is paid, makes arrangements to pay the fine, or qualifies for release under the provisions of Title 18 USC, Section 3569 (Discharge of indigent prisoner). Non-committed fines have no condition of imprisonment based on payment of fines or costs. Payments for a non-committed fine or cost are not required for release from prison or transfer to a contract residential reentry center.

Detainers

Case management staff may give assistance to offenders in their efforts to have detainers against them disposed of, either by having the charges dropped, by restoration to probation or parole status, or by arrangement for concurrent service of the state sentence. The degree to which the staff can assist in such matters as these will depend on individual circumstances.

The Interstate Agreement on Detainers Act (IADA) allows for the disposition of untried charges, indictments, information, or complaints that have been lodged as a detainer by party states. The United States of America, the District of Columbia, and any U.S. state or territory that has codified the IADA into its statutes have been identified as party states. The states of Mississippi and Louisiana, the Commonwealth of Puerto Rico, and the territories have not joined the IADA to date. An IADA will only be completed for our work cadre designated inmates.

Good Conduct Good Time

This applies to inmates sentenced for an offense committed on or after November 1, 1987, under the Sentencing Reform Act of 1984 (SRA), the Violent Crime Control Law Enforcement Act (VCCLEA), or Prison Litigation Reform Act (PLRA).

The SRA became law on November 1, 1987. The two most significant changes made to sentencing statutes concern good time and parole issues. There are no provisions for parole under the SRA. The only good time available under the SRA is 54 days of Good Conduct Time (GCT) for each year served on the sentence. No GCT is applied to life terms, or to sentences of 1 year or less. Good time is not awarded under the SRA until the end of each year served on the sentence, and may be awarded in part or in whole, contingent upon behavior during the year. Once awarded, GCT earned under the SRA is vested, and may not be forfeited at a later time.

For inmates convicted under the VCCLEA, for offenses committed from September 13, 1994, through April 25, 1996, the 54 days of GCT earned for each year served on the sentence will not vest if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED. Unsatisfactory progress is determined by the institution Education Department.

For inmates sentenced under the PLRA, for offenses committed on or after April 26, 1996, the GCT earned for time spent in service of the sentence does not vest. In addition, if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED, only 42 days of GCT will be earned for each

year in the service of the sentence. Unsatisfactory progress is determined by the institution Education Department.

The amount of GCT an inmate is eligible to receive is based on the amount of time served on the sentence, not the length of the sentence. This calculation method has been upheld by the U.S. Supreme Court.

Residential Reentry Center Placement

Inmates who are nearing release, and who need assistance in obtaining a job, residence or other community resources, may be referred for placement at a Residential Reentry Center (RRC).

The Residential Reentry Management Regional Administrator supervises services provided to offenders housed in contract facilities and participating in specialized programs in the community. The Residential Reentry Manager (RRM) links the BOP with the U.S. Courts, other Federal agencies, State and local governments, and the community. Located strategically throughout the country, the RRM is responsible for developing and maintaining a variety of contract facilities and programs, working under the supervision of the appropriate regional administrator.

Community programs have two major emphases: residential community-based programs provided by RRCs and programs that provide intensive nonresidential supervision to offenders in the community.

Community-Based Residential Programs

The community-based residential programs available include both typical RRCs and work release programs provided by local detention facilities. The RRCs provide a suitable residence, structured programs, job placement and counseling while monitoring the offender's activities. They also provide drug testing and counseling, and alcohol monitoring and treatment. While in these programs, employed offenders are required to pay subsistence to help defray the cost of their confinement. The inmate's payment rate during RRC residence is 25 percent of the inmate's gross income.

Most BOP community-based residential programs are provided in RRCs. These facilities contract with the BOP to provide residential correctional programs near the offender's home community. RRCs are used primarily for three types of offenders:

- Those nearing release from a BOP institution, as a transitional service while the offender is finding a job, locating a place to live, and reestablishing family ties.
- Those under community supervision who need guidance and supportive services beyond what can be provided through regular supervision by U.S. Probation.
- Those serving short sentences of imprisonment and terms of community confinement.

Each RRC now provides two components within one facility, a prerelease component and a community corrections component. The prerelease component assists offenders making the transition from an institutional setting to the community, or as a resource while under supervision. The community corrections component is more restrictive. Except for employment and other required activities, the offenders are required to remain at the RRC, where recreation, visiting, and other activities are provided in-house.

The other option for community-based residential programming is local detention facilities. Some local jails and detention centers are used to confine offenders serving short sentences. Many have work release programs where an offender is employed in the community during the day and returns to the institution at night. These facilities may also be used for offenders sentenced to terms of intermittent confinement such as nights, weekends, or other short intervals. Some of these local facilities have work release programs similar to the community corrections component in a RRC, serving to facilitate the transition from the institution to the community.

The Adam Walsh Child Protection and Safety Act

The Adam Walsh Child Protection and Safety Act (Pub.L. 109-248) was signed into law on July 27, 2006. The legislation organizes sex offenders into 3 tiers, and mandates that

Tier 3 offenders update their whereabouts every 3 months. It makes failure to register and update information a felony. It also creates a national sex offender registry and instructs each state and territory to apply identical criteria for posting offender data on the Internet (i.e., offender's name, address, date of birth, place of employment, photograph, etc.).

PROPERTY AND TRANSFERING TO OTHER INSTITUTIONS

In accordance with bureau policy (PS 5580.08, Inmate Personal Property), there are national limits that are authorized for transfer between BOP institutions. The institution will pay for two (2) boxes which are authorized. Any item that is not listed as transferrable property, but was purchased through commissary can be mailed to your institution at your own expense. If you choose to mail property to your institution or send it home, it is your responsibility to have enough stamps to be placed on the box. Boxes that are sent at your expense are forwarded through the United States Postal Service.

***ANY PROPERTY BROUGHT TO R&D TO BE PACKED OUT THAT IS NOT ON THE NATIONAL LIMIT LIST, WILL BE YOUR RESPONSIBILITY TO EITHER MAIL HOME, MAIL TO YOUR NEXT INSTITUTION, OR DISCARD THE PROPERTY. INMATES ARE NOT PERMITTED TO GIVE ANYTHING TO ANOTHER INMATE WITHOUT AUTHORIZATION FROM STAFF.

Conclusion

Hopefully this information will assist inmates during their incarceration and help clarify any concerns they may encounter. New commitments should feel free to ask any staff member for assistance, particularly unit staff. For individuals who are not yet in custody, and who have been given this publication to prepare for commitment, the BOP's RRM or the staff at the institution to which they have been designated can help clarify any other concerns.

U. S. Department of Justice
Federal Bureau of Prisons

**Sexually Abusive Behavior
Prevention and Intervention**

An Overview for Offenders

You Have the Right to be Safe from Sexually Abusive Behavior.

The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, no one has the right to pressure you to engage in sexual acts.

You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

What Can You Do To Prevent Sexually Abusive Behavior

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- Carry yourself in a confident manner at all times. Do not permit your emotion (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well-lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities yourself.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

What Can You Do if You Are Afraid or Feel Threatened

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault **it is important to see medical staff.**

BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom. Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. **Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

How to Report an Incident of Sexually Abusive Behavior

It is important that you **tell a staff member if you have been sexually assaulted.** It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need to know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentially report sexually abusive behavior if you are not comfortable talking with staff.

Write directly to the Warden, Regional Director or Director. You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

File an Administrative Remedy. You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.

Write the Office of the Inspector General (OIG) which investigates allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General
U.S. Department of Justice
Investigations Division
950 Pennsylvania Avenue, N.W.
Room 4706
Washington, D.C. 20530
202-514-3435**

E-mail OIG. You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business

hours, Monday - Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

Note: These e-mails:

- are untraceable at the local institution,
- are forwarded directly to OIG
- will not be saved in your e-mail 'Sent' list
- do not allow for a reply from OIG,
- If you want to remain anonymous to the BOP, you must request it in the e-mail to OIG.

Third-party Reporting. Anyone can report such abuse on your behalf by accessing the BOP's public website, specifically http://www.bop.gov/inmate_programs/sa_prevention_reporting.jsp.

Understanding the Investigative Process

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Contact your local Rape Crisis Center (RCC). Your institution may have a Memo of Understanding (MOU) with a local RCC. If so, Psychology Services can provide you with the contact information. If no MOU exists, you may seek services through Psychology Services.

Management Program for Inmate Assailants

Those who sexually abuse/assault others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

What is sexually abusive behavior? According to federal law (Prison Rape Elimination Act of 2003) sexually abusive behavior is defined as:

Rape: the carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person **FORCIBLY** or against that person's will;

The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person not forcibly or against the person's will, where the victim is **incapable of giving consent** because of his/her youth or his/her temporary or permanent mental or physical incapacity;

The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person achieved through the **exploitation of the fear or threat** of physical violence or bodily injury;

Carnal Knowledge: contact between the penis and vulva or the penis and the anus, including penetration of any sort, however slight;

Oral Sodomy: contact between the mouth and the penis, the mouth and the vulva, or the mouth and the anus;

Sexual Assault with an Object: the use of any hand, finger, object, or other instrument to penetrate, however slightly, the genital or anal opening of the body of another person (**NOTE:** This does NOT apply to custodial or medical personnel engaged in evidence gathering or legitimate medical treatment, nor to health care provider's performing body cavity searches in order to maintain security and safety within the prison).

Sexual Fondling: the touching of the private body parts of another person (including the genitalia, anus, groin, breast, inner thigh, or buttocks) for the purpose of sexual gratification.

Sexual Harassment: repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one inmate/detainee/resident to another; or repeated verbal comments or gestures of a sexual nature to an inmate/detainee/resident by a staff member/contractor/volunteer, including demeaning references to gender, sexually suggestive, or derogatory comments about body or clothing, or obscene language or gestures.

Sexual Misconduct (staff only): the use of indecent sexual language, gestures, or sexually oriented visual surveillance for the purpose of sexual gratification.

An incident is considered **Inmate-on-Inmate Abuse/Assault** when any sexually abusive behavior occurs between two or more inmates. An incident is considered **Staff-on-Inmate Abuse/Assault** when any sexually abusive behavior is initiated by a staff member toward one or more inmates. It is also considered Staff-on-Inmate Abuse/Assault if a staff member willingly engages in sexual acts or contacts that are initiated by an inmate.

NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal. Inmates who have been sexual assaulted by another inmate or staff member will not be prosecuted or disciplined for reporting the assault. However, inmates will be penalized for knowingly filing any false report.

If you need additional assistance, you may contact Psychology Services Staff.

VISITING

The Bureau of Prisons encourages visiting by family, friends, and community groups to maintain the morale of the inmate, and to develop closer relationships. For pretrial, in transit, and hold-over inmates, there are two visiting periods during the week and on holidays. The hours are afternoons from 12:00 p.m.-3:00 p.m., and evenings from 5:00 p.m.-7:30 p.m. Visits on federal holidays will be afforded to the unit whose regular visiting day falls on the particular holiday. Inmates are permitted one (1) hour of visiting time per visit, except for the female and male cadre, who may visit for the entire duration of their allotted time of 8:00 a.m.-3:00 p.m., as space permits.

In order to accommodate the inmate population and minimize congestion, visiting is conducted on an Odd/Even visiting system. For example, Register Number 12345-000 would follow an Odd number schedule based on the 5th digit in the register number. Register Number 12468-000, would follow an Even number schedule based on the 5th digit in the register number.

Register Number-12345-000 (Odd Visiting)

Register Number-12468-000 (Even Visiting)

During the even months, February, April, June, August, October, and December, those inmates with an even 5th digit in their register number will have visiting in the evening hours. Inmates with an odd 5th digit in their register number will visit during the afternoon hours. During the odd months, January, March, May, July, September, and November, those inmates with an odd 5th digit in their register number will have visiting in the evening, and inmates with an even 5th number will visit during the afternoon hours. The male and female cadre do not visit by the odd/even system.
