Institution Admission and Orientation Handbook
USP-1 Coleman

OVERVIEW

The Federal Correctional Complex, Coleman, Florida, consists of five separate facilities: Central Administration Building, two high security penitentiaries, a medium security institution with a satellite camp, and a low security institution. Each facility operates under the direction of its respective Warden. However, the Wardens and Deputy Wardens act in conjunction when making decisions which affect the overall Complex.

The following is a general description of duties performed by the administrative staff at USP-1 Coleman.

Warden: The Chief Executive Officer of USP-1 Coleman is responsible for the total operation of the institution. The Warden meets frequently with the senior staff members to review their areas of responsibility and to ensure compliance with Bureau of Prisons' policies. The Warden evaluates the advice of various committees appointed and has final approval on all institution operations and programs. His decisions are based upon policies established by the BOP. While being responsible for the total operation, many responsibilities are delegated to his Associate Warden. The Warden is vitally interested in the overall welfare of all inmates at USP-1 Coleman and works very closely with all departments to maintain a safe and humane environment.

Associate Wardens: Associate Wardens are responsible for the day-to-day operations of the departmental areas of Food Service, Correctional Services, Unit Management, Psychology Services, Religious Services, Recreation, and Health Services. Associate Wardens also serve as liaisons between this facility and Shared Services department heads.

Note: Inmates are encouraged to resolve any issues or problems with the appropriate staff assigned to that particular department. However, should an inmate feel the need to discuss a problem with the Warden or an Associate Warden, they are free to do so when these staff members are present in the dining hall or on the compound.

Executive Assistant: The Executive Assistant to the Warden serves as the institution Public Information Officer. All requests for media information concerning the institution or specific inmates are referred to the Executive Assistant for response. The Executive Assistant also serves as the Administrative Remedy Coordinator. The Warden may also request that the Executive Assistant review concerns of inmates or of interested community members such as families, attorneys, etc.

Captain: The Captain is responsible for the security, custody, and protection of everyone in the institution. The Captain is concerned with inmate discipline, appearance, and conduct. The Captain is also responsible for all correctional personnel. Any questions concerning these areas should be addressed to the Captain.

Lieutenants: Under the direct supervision of the Captain, Lieutenants are responsible for the orderly operation of the institution, i.e., security, custody, and investigations. They work in conjunction with other departments in monitoring and remedying behavioral problems to maintain a safe environment.

Case Management Coordinator (CMC): The CMC is responsible for advising the Warden in all unit/case management related areas. The CMC is the coordinator for the Central Inmate Monitoring System, Financial Responsibility Program, and Inmate Performance Pay Program, and is the supervisor of the Inmate Systems Department. The CMC is also the liaison between the institution and the U.S. Parole Commission.

Supervisor of Education: The Supervisor of Education is responsible for the establishment and operation of education programs. The department provides basic literacy, general educational development, vocational training, and college courses.

Deputy Chief of Psychology Services: The Deputy Chief of Psychology oversees a department consisting of psychologists and treatment specialists. Psychology is responsible for the evaluation and treatment of inmates with adjustment, emotional, drug, and/or mental health problems. Psychology Services also conducts routine evaluations on all inmates admitted to the facility, as well as reviews for inmates housed in Special Housing Unit (SHU). Inmates requesting psychological services should submit an Inmate Request to Staff Member form (Cop-Out).

Health Services Administrator (HSA): The HSA is responsible for forming administrative policies and programs essential to the operations of the Health Services Unit. The HSA also develops effective working relationships with the U.S. Public Health Service and private medical agencies. In addition, the HSA is responsible for overseeing the procurement of medical supplies and medical equipment. An assistant supervisor is assigned to each institution to manage daily operations.

Food Service Administrator (FSA): The FSA is responsible for the planning and preparation of all meals at the Complex, including supervision of all Food Service programs such as baking, cooking, and meal service. An Assistant Food Service Administrator is assigned to each institution to manage daily operations.

Chaplain: The Supervisory Chaplain is responsible for the establishment and operation of religious programs. The Chaplains are responsible for conducting religious services for their religious community and coordinating religious services on an equitable basis for all BOP approved religious communities represented at USP-1 Coleman. The Chaplains are dedicated to assisting inmates in their spiritual development, growth, and personally counseling inmates during times of crisis. The Chaplains also regularly consult with the unit teams and are very interested in the various programs offered at USP-1 Coleman and in assisting inmates in programs of self-help.

Supervisor of Recreation: The Supervisor of Recreation is responsible for the establishment and operation of recreational programs. The department provides recreation facilities and daily programs in a variety of areas including intramural programs, classes in the arts, and varsity sports programs. An assistant supervisor is assigned to each institution to manage daily operations.

UNICOR Factory Managers: The UNICOR Factory Managers are responsible for the oversight of the factory production and the hiring of staff and inmates. The Factory Managers will maintain a waiting list of inmates seeking employment in UNICOR.

Unit Manager: The Unit Manager is the administrative head of the housing unit and oversees all unit programs and activities. The Unit Manager is the Chairperson of the unit team, reviews all team decisions, and chairs the Unit Discipline Committee.

Case Manager: The Case Manager is responsible for all casework services and prepares classification materials, progress reports, release plans, correspondence, and other materials relating to the inmate's confinement. He or she is responsible to the Unit Manager on a daily basis and the Case Management Coordinator (a specialist department head who provides technical assistance to unit staff in case management affairs) with reference to specialized training and duties. The Case Manager serves as a liaison between the inmate, the administration, and the community.

Correctional Counselor: The Counselor provides counseling and guidance for inmates of the unit in areas of institutional adjustment, personal difficulties, and goals for the future. He or she plays a leading role in all segments of unit programs. The Counselor will visit inmate work assignments regularly and is the individual to approach for daily problems. As a senior staff member, the Counselor provides leadership and guidance to other staff in the unit. The Counselor is responsible for the Financial Responsibility Program.

Corridor Counselor: The Corridor Counselor processes all visitation requests, inmate account withdrawal forms, and telephone lists. The Corridor Counselor is responsible for quarters, assignments, and job assignments.

Unit Secretary: The Unit Secretary performs clerical and administrative duties.

Correctional Officer: The Correctional Officers have direct responsibility for the day-to-day supervision of inmates and the enforcement of rules and regulations. They have safety, security, and sanitation responsibilities within the institution. Unit Officers are in regular contact with inmates in units and routinely share information with the Unit Team. During his/her assignment, Unit Officers are jointly supervised by the Unit Manager and the Captain.

INTRODUCTION

The purpose of this handbook is to provide incoming inmates to the USP-1, with general information regarding the institution and the rules and regulations inmates will encounter during confinement. More detailed information on the policies and regulations may be obtained by referring to Bureau of Prisons (BOP) Program Statements and Institution Supplements, available in the Law Library or by consulting a member of your Unit Team. In the event any information in this handbook conflicts with BOP Program Statements or Institution Supplements, the policies and regulations set out in the BOP Program Statements will prevail. Information specific to USP-1 Coleman will be made available during the institution's Admission and Orientation program. This material will help new inmates understand what they will encounter when they enter prison, and assist them in their initial adjustment to institution life.

You are expected to conduct yourself as a gentleman, to be courteous to other inmates, to respect authority, to obey all institution regulations, and to follow instructions of all staff members.

INTAKE, CLASSIFICATION, AND THE UNIT TEAM

Intake and Orientation: Upon arrival, inmates are screened by case management, medical, and psychology services staff. Inmates are immediately provided with a copy of the institution's rules and regulations, which includes information on inmate rights and responsibilities.

Within seven days of your assignment to a Unit, you will complete the Unit portion of the Admission and Orientation (A&O) Program. You will meet with the Unit Manager, Counselor, and Case Manager for a review of Unit procedures and expectations. The Unit Rules and Regulations are posted on the unit bulletin boards and should be reviewed immediately upon your arrival in the unit.

Within four weeks of your arrival, you will be placed on callout to attend the Institution portion of the A&O Program. You will hear lectures by the Warden and representatives of all the departments. You will be provided with information concerning the operation of each department at this facility. At the end of the A&O Program, you will be assigned to a work assignment.

Access to Unit Staff: All Bureau of Prisons' institutions are organized into a unit management system. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for those inmates living in that unit. The unit staff offices are located in the units so staff and inmates can be accessible to each other. The unit staff typically includes the Unit Manager, one or more Case Managers, one or more Counselors, and one Unit Secretary. The Staff Psychologist, Education Advisor, and Unit Officer also are considered to be unit staff, and may participate on the Unit Team.

Inmates are assigned to a specific Unit Team. Generally, the resolution of issues or matters of interest are appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas, including parole matters, release planning, personal and family problems, counseling, and assistance in setting and attaining goals while in prison. Ordinarily, a member of the unit staff will be at the institution weekdays from 6:00am to 9:00pm, and 6:00am to 4:00pm on weekends and holidays.

Call-outs and Daily Changes: Call-outs and Daily Changes for the following day are made available each evening in the housing units. It is your responsibility to check these lists daily and report to your call-out assignment at the scheduled time. Failure to comply with this requirement will result in disciplinary action. Daily changes for classification decisions such as bed changes and work detail changes are also available.

Schedule of Unit Activities and Unit Based Programs: (Step 3.8.1) A Schedule of Unit Activities and Programs is posted on each unit bulletin board throughout the institution to inform you of that particular unit's unit based activities and programs developed and implemented by the Unit Manager.

Provisions for Housing Disabled Inmates: (Step 3.8.1b) For those inmates that have disabilities, see your unit managers for any housing or other needs you feel are necessary.

Articles for Hygiene: (Step 3.8.1e) Any inmate who is need of hygiene items, see your unit team within the unit you are staying.

Program Reviews: Ordinarily, inmates attend a Program Review meeting with their Unit Team every 180 days. These are held by the Unit Team to review classification, work assignment, educational goals, institutional adjustment, etc. In all units, pre-release programming will be emphasized and staff will address concerns about readjustment, current community issues, and educational /vocational opportunities. Family and/or legal representatives should direct questions regarding transfers to the Designation and Sentence Computation Center at: U.S. Armed Forces Reserve Complex, 346 Marine Forces Drive, Grand Prairie, Texas, 75051.

Unscheduled Program Reviews: (Step 1.5.4) Inmates are to submit an Inmate Request to a Staff Member to request an unscheduled review. Inmates must detail the reason for an unscheduled review (i.e., prior to parole hearing, compassionate release, sentence reduction, clemency, pardon, etc.). Once submitted, with the approval of the Unit Manager, an unscheduled review can be conducted. If approved, the inmate will be given 48 hours notice of the requested unscheduled review.

Inmate Request to Review Central File: (Step 1.5.4) An inmate who wishes to review his Central File shall submit a request in writing to his/her Case Manager via an Inmate Request to Staff Member. Once the request has been submitted, the respective Case Manager will arrange for the inmate to review his/her file within 15 working days of receipt of that request.

Team Participation in Parole Hearings: The Case Manager prepares Progress Reports with input from the Unit Team, and compiles other information in the inmate's central file for presentation to the U.S. Parole Commission or other appropriate agencies.

The inmate's Case Manager will ordinarily be present at the inmate's Parole Hearing. The Case Manager's function at the hearing is to assist the Parole examiners, not as a staff representative for the inmate.

Treaty Transfers for Non-U.S. Inmates: Inmates who are not U.S. citizens may be eligible to serve the remainder of their sentence in their home country. This may be possible for inmates whose country has a formal prisoner exchange treaty with the United States. The Unit Team is the source of information about these transfers.

Consular Visits: (Step 2.2.2) Once the institution is notified of a consular representative's request to visit with inmates from their respective country, all inmates from that country are placed on the Call-Out to a predetermined area (normally the visiting room) to visit.

Access to Diplomatic Representative: (Step 2.2.2) Each of the Units have a memorandum posted on the unit bulletin boards listing the consulates' addresses and phone numbers. If you do not see your consulate listed, contact your case manager who has a detailed listing.

Inmate Savings Account: (Step 1.5.6) There are no local banks which authorize an inmate to open a bank account through the mail. Based on government regulations, one must go in person to open an account. However, inmates have the option of "saving" a percentage of the money posted in their account each month, i.e. 5% of posted monies will be saved for release. An Inmate Request to Staff Member is needed to initiate this request. The request will be directed to the Business Manager for processing.

DAILY INMATE LIFE

Sanitation: It is the inmate's responsibility to check his living area immediately after being assigned and to report all damage to the Correctional Officer, Case Manager, or Counselor. An inmate may be held financially liable for any damage to his personal living area.

Each inmate is responsible for making his bed in accordance with regulations prior to work call everyday (including weekends and holidays when he leaves the area). Each inmate is responsible for sweeping, mopping, removing trash, and cleaning his personal living area. Cardboard boxes and other paper containers are not to be used for storage, due to their combustible nature. Lockers must be neatly arranged inside and out, and all shelving must be neat and clean.

Toothpaste, toothbrushes, combs, razors, and soap are issued by the institution. Inmates may purchase name brand items through the commissary. Linen and laundry exchange is based on the inmate's register number and will be the same day as his authorized commissary shopping day. A schedule will be posted in each housing unit.

Personal Property Limits: Items which may be retained by an inmate are limited for sanitation and security reasons. Excess personal property should not be accumulated as it would constitute a fire hazard or impair staff searches of the living area.

Storage Space: Storage space in living units consists of an individual locker. Locks may be purchased in the institution commissary. Limited space may also be available under the bed for shoes. The amount of personal property allowed each inmate is limited to those items which can be neatly and safely placed in the space designated. Under no circumstance will any materials be accumulated to the point where they become fire, sanitation, security, or housekeeping hazards.

Authorized footwear may include: one (1) pair of safety shoes, one (1) pair of shower slippers, one (1) pair of slippers, one (1) pair of tennis shoes (maximum), and one (1) pair of visiting shoes.

Special Purchase Items: Special purchase items will be authorized only to the point where they can be contained in the inmate's individual locker.

Legal Materials: Inmates are allowed to maintain legal materials and supplies, not to exceed what can be stored in their locker. Legal lockers are available in the units to store an excess of legal material needed for a current, active case.

Hobby Craft Materials: Inmates are permitted to have a reasonable amount of knitting and drawing supplies in their assigned cells. All hobby craft items must be stored in the inmates' locker. Completed hobby craft work must be mailed after completion.

Commissary Items: The total value of an inmate's accumulated commissary items (excluding special purchases) will normally be limited to the monthly spending limitation, and no more than can be stored appropriately in the space designated.

Food Storage: Food items left open create a health hazard. All food items must be properly sealed at all times and stored in the inmate's locker.

Letters, Books, Photographs, Newspapers, and Magazines: An inmate will be limited in the number of books, newspapers, and magazines that can be stored in the locker provided in each room. Nothing is to be tacked, stapled, or taped to any surface in an inmate's assigned cell.

Radios and Watches: An inmate may not own or possess more than one (1) approved radio and/or watch at any one time. Proof of ownership, through appropriate property receipts and unaltered etchings, is required. Radios and watches may not have value exceeding the established limits. Radios with a tape recorder and/or tape player are not authorized. Radios and watches will be inscribed with the inmate's register number. Only walkman-type radios are permitted and headphones are required at all times. Inmates may not give any items of value to another inmate, i.e., radio, watch, sneakers, or commissary items.

Jewelry: Inmates may have a plain wedding band without stones and an approved religious medal.

Housing Unit Rules: Unit Officers and Correctional Counselors inspect cells daily. Unit Rules and Regulations are posted on the inmate bulletin boards in each unit. Typical rules include:

Lock-down: Lock-down in housing units is at 10:00pm. There will be no television viewing after 10:00pm unless approved by the Warden.

Any item in an inmate's personal possession must be authorized, and a record of the receipt of the item should be kept in the inmate's possession. Inmates may not purchase radios or any other items from another inmate. Items purchased in this manner are considered contraband and will be confiscated. Any altered item is considered contraband. Altering or damaging government property is subject to disciplinary action.

Shakedowns: Staff members may search an inmate's cell/work area to ensure contraband is not present. Searches are unannounced and random. An inmate will not be present during a shakedown of his cell/work area.

Drug Surveillance: USP-1 Coleman operates a drug surveillance program that includes mandatory and random testing, as well as testing of certain other categories of inmates. If a staff member orders an inmate to provide a urine sample for this program, and the inmate does not do so, the inmate will be subject to disciplinary action.

Alcohol Detection: A program for alcohol surveillance is in effect at USP-1 Coleman. Random samples of the inmate population are tested on a routine basis. Inmates who refuse to submit to the test or who have a positive test result will be subject to disciplinary action.

Fire Prevention and Control: Inmates are required to report fires to the nearest staff member so property and lives can be protected. Piles of trash or rags in closed areas, combustible material, items hanging from fixtures or electrical receptacles, or other hazards cannot and will not be tolerated. Regular fire inspections are made in the institution by qualified professionals.

PROGRAMS AND SERVICES

Work Assignments: All inmates are required to maintain a regular work assignment. Many work assignments are controlled through a performance pay system, which provides monetary payment for work. Federal Prison Industries has a separate pay scale. The Counselor approves work changes and sees they are posted on the Daily Change Sheet. Once assigned to a job, an inmate must remain in that assignment for 90 days before requesting a change of assignment.

Institution maintenance jobs are usually the first assignment an inmate receives. These might include work as a Food Service worker, a unit orderly, or in a maintenance shop; however,

USP-1 Coleman has a significant number of inmate jobs in the factory operated by Federal Prison Industries, also known as UNICOR. There may be a waiting list for factory employment.

Food Service: The Food Service Administrator is responsible for planning, controlling, directing, and evaluating food service operations; training food service staff and inmate food service workers; managing budget resources; establishing standards of sanitation, safety, and security; developing nutritionally adequate menus and evaluating inmate acceptance; developing specifications for the procurement of food, equipment, and supplies; and establishing training programs to ensure operational efficiency and a quality food service program.

Food Service program objectives are to provide inmates with nutritionally adequate meals which are properly prepared and attractively served. Inmates assigned to the Food Service department will be provided opportunities to acquire skills and abilities that may assist in obtaining employment after release. Inmates will be provided with accurate nutritional information that enables them to determine and establish healthy eating habits that may enhance their quality of life.

Food Service Work Assignments: Inmate workers perform all tasks within the department while under the supervision of the Cook Supervisors. Their skills and abilities have a direct impact on the quality of the food service program. All inmates are encouraged to work in Food Service to gain a basic knowledge of operations and to understand the efforts expended by food service workers to provide a quality program. The Food Service department is always in need of experienced cooks and bakers, but also employs workers for the dish room, dining room, and sanitation. The only requirement is that the inmate has had a satisfactory Food Handler Exam within ninety days of assignment. Inmates interested in a Food Service assignment must submit a request to the Assistant Food Service Administrator indicating their interests. All applicants will be thoroughly screened to determine suitability for assignment in Food Service.

Medical Diets: Medical diets are provided through mainline selection. Heart Healthy menus are utilized to accommodate sodium, calorie, and cholesterol health issues. Nutritional information is posted on the nutritional cards on the serving line and additional information is

available in the dining room. Any specific dietary questions or concerns should be directed to Food Service staff.

Communication: It is very important that good communication is established between the Food Service department and the inmate population. If you have a concern regarding Food Service, let the Food Service staff know so your concern may be addressed. Inmate's comments on meals are important so suggestions for new menu items can be evaluated for future menus.

EDUCATION PROGRAMS

The Education Department at USP-1 Coleman is under the direct supervision of the Assistant Supervisor of Education. The department offers a wide variety of academic, social, and vocational training programs. These programs allow students to pursue training career options and lifestyle enhancement that will benefit them in various areas of their lives while incarcerated and upon release.

The following programs are available:

Literacy Program: The Literacy Program (GED standard) is provided for inmates who do not have a high school diploma or a General Educational Development diploma (GED). This is a mandatory class and is designed to meet the specific needs of all inmates by using individualized instruction. Various audio visual materials are utilized including video monitors and audio cassettes. GED classes are offered in both English and Spanish.

Inmates sentenced under VCCLEA or PLRA who do not have a high school or GED diploma:

- must be enrolled and making satisfactory progress in the GED program in order to vest their good conduct time (VCCLEA) or to earn the maximum allowable good conduct time (PLRA.)
- who are exempt from attending GED class based on a deportation detainer must enroll in GED or ESL in order to vest/earn their good conduct time.
- who have completed the mandatory period of enrollment must remain enrolled or re-enroll to vest/earn their good conduct time.
- who are found guilty of incident reports related to the literacy program enrollment will be changed to GED UNSATISFACTORY PROGRESS and will not vest/earn their good conduct time.
- who receive an assignment of a GED UNSATISFACTORY PROGRESS will be required to complete 240 hours of program enrollment before they can be changed back to a GED SATISFACTORY PROGRESS assignment. Inmates with an UNSATISFACTORY progress assignment will not vest/earn their good conduct time while the UNSATISFACTORY assignment exists.

English as a Second Language (ESL): Non-native speakers of English will receive an interview upon entry into the institution for needs assessment. They will then be assigned to a Second Language class to learn English as a second language. These classes are also individualized and focus on reaching proficiency in speaking and reading the English language. Completion time for these programs is contingent upon the student and his active participation.

Achievement Incentives: Students who complete the GED exam are awarded \$25, which is added to their commissary accounts, and an opportunity to participate in a graduation ceremony. Edible items may be provided as incentives for achievement at functional levels of the literacy programs, including completion of Basic GED with a movement to the pre-GED and completion of pre-GED with movement to the GED class. Students who successfully complete the ESL program will be awarded \$25, which is added to their commissary account. Students receiving a Student-of-the-Month award will receive a \$5 cash award.

Vocational Training: A variety of vocational training programs are offered for inmates to enhance their possibilities of employment upon release to the community. Inmates with a GED or high school diploma may attend the computer based word processing class, custodial maintenance, and/or a comprehensive culinary arts program. The pre-industrial classes in manufacturing are offered to help inmates earn certification in apprenticeship programs.

Adult Continuing Education: The purpose of the Adult Continuing Education Program is to offer classes which will enhance an inmate's job skills, general knowledge, and life skills. These classes are generally held during the afternoon and evening hours and include Business, Spanish, Commercial Driver's License, Creative Writing, and Public Speaking. Other classes will be offered upon availability and interest.

Parenting Program: The Parenting Program was established to provide parents with information and counseling through directed classes on how to enhance their relationship with their children even while incarcerated.

Pre-Release Programming, Employment, and Personal Finance Skills: The Employment and Personal Finance Skills portion of the Pre-Release Program is designed to assist inmates in preparing to obtain employment upon release. Inmates will be given aid in developing plans for their job search. These programs offer classes and informational seminars concerning resume writing, job search skills, and personal finance.

PSYCHOLOGY PROGRAMS

In Psychology Services there are clinical psychologists who provide assessment and treatment for problems such as depression, anxiety, and interpersonal issues. Treatment is offered through individual and group psychotherapy, as well as several self-help programs which utilize self-help books.

This department also offers Drug Abuse Education, Non-Residential Drug Abuse Treatment, CODE, and referrals to the Residential Drug Abuse program.

Consultations with psychiatrists are arranged through Psychology and Medical Services staff to meet the needs of inmates who may require their services.

Psychology Services: All inmates will be screened by Psychology Services staff during the institution's Admission and Orientation (A&O) Program. Screening includes an individual interview. Psychologists are available for individual and/or group psychotherapy as needed. Inmates interested in services can submit an Inmate Request to Staff Member (Cop-out) to Psychology Services. Mental health services are offered in the areas of drug and alcohol abuse, as well as for other behavioral or emotional problems, sexual assault prevention, and the CODE program.

Sexual Assault Prevention Program

1. Inmates will be informed that the Bureau of Prisons takes sexual assault (inmate on inmate and staff on inmate) very seriously. It is roughly defined as any unwanted sexual contact (e.g. touching on the buttocks, thigh, or genitals), use of threats, intimidation, coercion, and or pressuring another inmate to engage in a sexual act. Sexual acts or contacts between inmates, even when no objections are raised, are prohibited acts.

2. If an inmate has been assaulted, they need to immediately notify staff and assistance by psychology and the medical department will be sought. If an assault has occurred the inmate is encouraged not to clean himself up or shower so that evidence can be collected. Any allegations of sexual assault will be referred to the SIS Lt. and will be reported to the FBI. Inmates and staff can be prosecuted for their actions.

3. Inmates can file an administrative remedy directly to the Region Office when the issue is considered sensitive in accordance with the Program Statement on Administrative Remedy Program.

4. An inmate that has been assaulted will be referred to Psychology for counseling and ongoing therapy if requested.

5. Steps can be taken to protect the inmate from being assaulted which include: not accepting favors or material goods from other inmates, observe who is observing them, shower and dress at times when others are not around, do not place themselves in areas in which they are confined and unable to retreat from.

6. Inmates that have a history of sexually assaultive behavior will be identified, and assessed through the psychology department. They can be referred for treatment if necessary.

UNICOR

The primary goal of the UNICOR Factory at USP-1 Coleman is to provide inmates with opportunities to obtain realistic work experience and develop work skills. The primary product line for the USP-1 UNICOR Factory is chairs.

Inmates desiring UNICOR employment must submit a completed UNICOR Employment Application to their Unit Team. Unit Teams are responsible for forwarding the application to the UNICOR Factory Manager.

The Factory Manager will maintain a waiting list that consists of three categories (reference the Institution Supplement for UNICOR):

- Previous UNICOR Experience
- FRP
- General List

Inmate applicants will be placed on the waiting list according to date of application receipt by the Factory Manager.

RELIGIOUS SERVICES

The Supervisory Chaplain is responsible for the establishment and operation of religious programs. The Chaplains are responsible for conducting religious services for their religious community, and coordinating religious services on an equitable basis for all religious groups which are authorized to meet at USP-1 Coleman.

Religious Services offers a wide range of religious programs for inmates. Chaplains are available for pastoral care, counseling, or other professional services. In addition to the Chaplains on staff, programs and services are supported by outside volunteers. Religious

Services provides fair and equitable treatment of all faith groups. Therefore, cooperation and understanding among the different faith groups is a necessary standard maintained at all times.

Services: All regularly scheduled services, as well as all one-time or special services with outside volunteers, are open to all inmates. A current copy of the Religious Services schedule will be posted in the Chapel hallway, as well as in the housing units. Special services will be announced and posters will generally be placed in the Chapel hallway, as well as in the units. Services which take place during work hours will require that you be placed on the Call-Out (Jumah prayer, etc.). To be placed on the Call-Out, submit a written request to the Chaplain.

Closed Religious Observances: The only services which are not open to the population are liturgical meals, days of work proscription, and fasts. To participate in these religious activities, a written request must be given to the Chaplain in a timely manner (ordinarily at least 60 days prior to the event).

Confidentiality: Staff chaplains are available to meet with you individually for a variety of needs. Some of the reasons you may choose to speak to a Chaplain are:

- a) Difficulty adjusting to incarceration;
- b) Personal problems;
- c) Religious questions or problems;
- d) Relationship issues: with family, with other inmates, or with any other person.

The conversation between an inmate and a Chaplain may be requested to be kept confidential, unless the nature of the conversation demonstrates you may be a risk to yourself, another inmate, or a staff member, or that you may attempt an escape.

Religious Property: Personal religious property may be ordered through a Special Purchase Order (SPO). Personal religious property will NOT be authorized to come from home. Religious items for personal use must be requested and approved by the Chaplain. Items for the faith communities will be purchased by and maintained in the Religious Services Department.

Religious Diets: The Religious Alternative Diet program is the only religious diet offered. In order to be placed on the Religious Alternative Diet, the inmate must complete an interview with the Chaplain and be approved.

Religious Resources: Religious books, audio tapes, and video tapes are available for group or personal use. An individual may NOT view video tapes when he is expected to be at his work detail. Inmates are encouraged to view the tapes and read the religious material available. To view video tapes, each person needs to bring their Commissary card and a set of headphones.

Emergency Notification: In the event an immediate member of the inmate's family (mother, father, brother, sister, son, daughter or spouse) is taken to the hospital or dies, a member of the inmate's family should know the procedure for the inmate to receive notification. The family should know the following information when they call to report such an incident: inmate's register number, the name of the individual involved, and the name of the hospital (or funeral home), as well as the telephone number. This information will be verified before the inmate is told. Once the emergency has been verified, the inmate may be given a call to his family by the Chaplain.

Religious (Clergy) Visits: A request for a visit from an individual religious leader (clergy) may be made in cases where the individual religious leader was known prior to incarceration. In order for a clergy visit to occur, a written request should be made at least two weeks prior to the possible visit date. The visit will normally take place during regular visiting hours, but differs from a regular visit in that: 1) it is not affected by the even/odd visiting schedule, 2) the inmate may be afforded a brief period of time in the attorney/client room for conducting a religious right.

It is the Chaplains' hope they may assist in an inmate's spiritual growth and development. The Chaplains hope inmates will make the most of their opportunities by attending services and pursuing their own spiritual life.

INMATE FINANCIAL RESPONSIBILITY PROGRAM

Working closely with the Administrative Office of the Courts and the Department of Justice, the Bureau administers a systematic payment program for court-imposed fines, fees, and costs. All designated inmates are required to develop a financial plan to meet their financial obligations. These obligations may include: special assessments imposed under 18 USC 3013, court-ordered restitution, fines and court costs, judgements in favor of the U.S., other debts owed the federal government, and other court-ordered obligations (e.g., child support, alimony, other judgements).

The inmate is responsible for making all payments required, either from earnings within the institution or from outside resources. The inmate must provide documentation of compliance and payment. If an inmate refuses to meet his obligations, he cannot work for UNICOR, nor receive performance pay above the maintenance pay level, and will be placed on a commissary spending restriction of \$25 per month.

The status of any financial plan will be included in all progress reports, and will be considered when determining security/custody level, job assignment, eligibility for community activities, and institutional program changes. The U.S. Parole Commission will also review financial responsibility progress at parole hearings.

HEALTH SERVICES

The Health Services Unit is available for sick-call, first-aid, emergency and routine treatment, and follow-up care provided by the Clinical Nurse, Mid-Level Practitioners, Staff Medical Officer, or the Clinical Director.

Sick-call: Sick-call sign up is from 6:30am to 7:00am, Monday, Tuesday, Thursday, and Friday. The inmate must present his ID card. The inmate will be given an appointment slip with the time and date he is to return. Only emergencies and scheduled appointments will be handled at other times.

Dental emergencies, eye examinations, and requests for glasses will be handled through a sick-call appointment.

Eyeglasses: Glasses, if needed, will be prescribed and ordered by Health Services. Delivery of the eyeglasses takes about 6 - 8 weeks. Standard eyeglasses, if prescribed, will be issued at no cost to the inmate. A limited selection of "custom" frames are available from the eye doctor at the inmate's request. These "custom" frames must be purchased and paid for by the inmate. The necessary forms will be provided by the eye doctor. The BOP assumes no responsibility for the cost or repair of these "custom" eyeglasses.

Physical Examinations: Physical examinations will be conducted on Wednesday:

New Commitment- The inmate will be scheduled for a complete physical examination during his first 14 days at this institution, unless a physical examination has been conducted while he was in transit.

Over age 50- The inmate may request, via an Inmate Request to Staff Member form to the HSA, a complete physical each year after attaining the age of 50. This exam will include electrocardiogram, checking for glaucoma, and screening for colon cancer.

Under age 50- The inmate may request, via an Inmate Request to Staff Member form to the HSA, a complete physical exam every two years.

Release physical- The inmate may request, via an Inmate Request to Staff Member form to the Health Services Administrator (HSA) a complete physical prior to his release. The request should be sent approximately 90 days prior to the inmate's release date.

Medical Records: The inmate may request copies of his Medical Records, via an Inmate Request to Staff Member form to Medical Records. Medical Records will place the inmate on call out when the records are ready to be picked up.

Dental sick-call : Dental sick-call is provided for patients who are experiencing emergencies. Dental emergencies are:

- ▶ Toothaches
- ▶ Swelling in the jaw or gums that is painful or distorting the face
- ▶ Traumatic wounds
- ▶ Complications from previous treatment and other conditions that, in the opinion of the examiner, require immediate attention.

Inmates are to sign up for emergency dental sick-call at Health Services during normal sick call hours.

Patients who require non-emergency dental care must submit an Inmate Request to Staff Member form asking for their name to be placed on the cleaning and/or routine care waiting list. Routine care includes cleaning, permanent fillings, and dentures.

Idle or Convalescence: It is occasionally necessary to restrict an inmate's activities for health reasons, without hospitalizing the inmate. In such cases, the inmate will be placed on Idle or Convalescence status.

1. Idle - An inmate must remain in his quarters except to go to meals, medication line, religious services, approved visits, medical call-outs, sick-call, clothing exchange, and commissary on the scheduled night. The inmate is prohibited from participating in any recreational activities outside his quarters. In such cases when the idle slip is marked "bed rest," the inmate is restricted to his bed for medical reasons.
2. Convalescence - The inmate does not participate in any work assignment, but he is not restricted to his quarters. He may not participate in activities such as handball, baseball, football, softball, basketball, weight lifting, any organized sport, or other strenuous activity. He may engage in activities such as chess, checkers, and cards. If the inmate is enrolled in a school program, he must attend class unless specifically excused by written statement on the Convalescence form.

Medical Restriction: If medically indicated, an inmate will be placed on work/athletic restriction following his initial physical examination or upon discovery of a change in medical status (i.e., disease or injury).

Pharmacy: Medication lines are scheduled daily (seven days per week) during open yard movements at the following times:

6:00am - 6:30am

2:30pm - 3:00pm

5:30pm - 6:00pm

Non-restricted medication will normally be available for pick-up at 2:30pm. Inmates will be allowed to keep these medications in their possession **in their original labeled containers only**.

Any medications that are found past the expiration date and/or not in the appropriate containers will be considered contraband. Non-restricted medications with prescribed refills available will be refilled if the refill form is completed and dropped off at the pharmacy refill box. These refill forms should be dropped off at the pharmacy refill box during the morning (6:00am) pill line. Refills will be available for pick-up during the 2:30pm - 3:00pm pill line **ONLY**. Refills are only provided Monday through Friday, excluding holidays. The inmate must present his ID card before picking up any medication.

Hospitalization: Inmates requiring hospitalization will be referred to a community hospital as appropriate. Request for re-designation of inmates requiring non-emergency inpatient medical care or long term chronic care will be forwarded to the Medical Designator, Central Office, for consideration. Visitation during an outside hospitalization is subject to approval by the Health Services Administrator, Captain, and Unit Manager.

Inmate Copayment Program: Pursuant to the Federal Prisoner Health Care Copayment Act (FHCCA) of 2000 (P.L. 106-294, 18 U.S.C. § 4048), the Federal Bureau of Prisons and USP-1 Coleman provide notice of the Inmate Copayment Program for health care effective October 3, 2005.

A. **Application:** The Inmate Copayment Program applies to anyone in an institution under the Bureau's jurisdiction and anyone who has been charged with or convicted of an offense against the United States, except inmates in inpatient status at a Medical Referral Center (MRC). These requested appointments include Sick Call and after-hours requests to see a health care provider. If you ask a non-medical staff member to contact medical staff to request a medical evaluation on your behalf for a health service not listed in section C. below, you will be charged a \$2.00 co-pay fee for that visit.

2. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, if you are found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a health care visit.

3. Preventive health care services;
4. Emergency services;
5. Prenatal care;

If you are considered indigent, you will not have the co-pay fee deducted from your Inmate Commissary Account.

If you are NOT indigent, but you do not have sufficient funds to make the co-pay fee on the date of the appointment, a debt will be established by TRUFACS, and the amount will be deducted as funds are deposited into your Inmate Commissary Account.

INMATE SYSTEMS MANAGEMENT DEPARTMENT (ISM)

The Inmate Systems Management department is responsible for carrying out the duties related to the Records Office, Mail Room, and Receiving and Discharge (R&D.) The Case Management Coordinator manages the ISM department. The hours of operation are 7:30am to 4:00pm, Monday through Friday.

Records Office: All computations of sentences and determination of commitment and release dates are handled by the Designation and Sentence Computation Center located in Grand Prairie, Texas. Questions concerning sentence computations, placement of detainees and good time issues should be directed to the Records Office in the form of a cop-out.

The sentence computation data sheet is the official record of an inmate's sentence and provides a complete breakdown of his sentencing information. Among other information, this record provides the following:

Date sentenced	Length of sentence
Type of sentence	Date committed
Date computation began (date sentence began)	Credit for jail time
Parole eligibility date (if applicable)	Statutory release date (if applicable)
Full term date	Credit for good time (if applicable)

Jail Time: Jail credit is controlled by Title 18 USC 3568 for sentences prior to November 1, 1987, or 18 USC 3585 for CCCA guideline sentences, which states "the Attorney General shall give any such person credit toward service of his sentence for any days spent in custody in connection with the offense or act for which sentence was imposed." Jail time must be certified by all detaining authorities having custody at the particular time.

Statutory Good Time: Statutory Good Time (SGT) is controlled by Title 18 USC 4161 for offenses committed prior to November 1, 1987. The rate of SGT is determined by the length of sentence imposed.

Extra Good Time: Extra Good Time is controlled by Title 18 USC 4162 for offenses committed prior to November 1, 1987. The projected satisfaction date at the bottom of the sentence computation is the projected release date, giving credit for all extra good time available to earn, if you are in earning status. Extra good time is earned at the rate of 3 days per month for the first 12 months, and then at the rate of 5 days per month. All extra good time is prorated as to the number of days the inmate is in earning status.

Good Conduct Time: Good Conduct Time is controlled by Title 18 USC 3624(b). Good Conduct Time is applied to those sentenced after November 1, 1987, and affects sentencing under the Sentencing Reform Act (SRA), Violent Crime and Law Enforcement Act (VCCLEA) or Prisoner Litigation Reform Act (PLRA). Good Conduct Time in the amount of 54 days may be credited toward a sentence of one year and one day or more, excluding a term of life. Good Conduct Time is based on the time in custody that you actually serve. Good Conduct Time is vested or disallowed or forfeited, depending upon sentencing provisions.

The projected satisfaction date at the bottom of the sentence computation sheet is the projected release date giving credit for all Good Conduct Time which could be credited based on the time to be actually served on the sentence.

Detainers/Pending Charges: The Records Office is also responsible for documenting the receipt of detainers and assisting inmates in connection with procedures under the Interstate Agreement on Detainers Act. When a detainer is received, the notice of untried indictment, information, or complaint, and the right to request disposition will be prepared. Inmates will be scheduled to come to the Records Office for information and/or instructions on legal rights and proceedings. Procedures under the Interstate Agreement on Detainer Act apply only to untried indictments, information, or complaints. State parole violators or probation violators are not covered under these provisions.

Mailroom: The Mailroom processes all incoming/outgoing mail Monday - Friday. Mail is not processed on weekends or holidays. If a private carrier delivers mail on the weekend or a holiday, it is not processed until the next working day. It will be held for the Mailroom Officer to process. Mail depositories are located within each housing unit. All outgoing general mail will be placed, unsealed, in the depository. All mail addressed to the President and Vice President of the United States, the US Department of Justice, the Bureau of Prisons, Surgeon General, U.S. Public Health Service, Secretary of the Army, Navy, or Air Force, U.S. Courts, U.S. Probation Officers, Members of the United States Congress, Embassies and Consulates, Governors, State Attorney Generals, Directors of the State Department of Corrections, State Parole Commissioners, State Legislators, State Courts, State Probations Commissions, State Probation Officers, other Federal/State Law Enforcement Officers, attorneys and representatives of the news media, is to brought to the Receiving and Discharge area during Special/Legal Mail open house and clearly marked as "Special Mail". Staff will inspect the contents and seal the correspondence in the presence of the inmate. These open house procedures are for Special/Legal mail purposes ONLY.

MAILING ADDRESS: (Name) (Registration #) (Unit)
Federal Correctional Complex- USP-1
PO BOX 1033
COLEMAN, FLORIDA 33521-0879

Inmates are cautioned that they are totally responsible for all the contents of their letters processed through the prisoner's mail box. Any violation of postal laws could result in charges against the inmate.

Mailroom staff will collect all outgoing general mail from the institution, Monday - Friday, excluding holidays. All mail must have a return address, including the following: name, register number, unit assignment, and Federal Correctional Complex, USP-1, PO BOX 1033, Coleman, Florida, 33521-1033. Outgoing general mail may NOT be sealed. Mail not properly addressed with the return address will not be processed and will be returned to sender for completion.

Staff will open and check all incoming mail for contraband. Legal/Special Mail which will be opened in the inmate's presence is mail from the President and Vice President of the United States, Attorneys, Embassies and Consulates, the U.S. Department of Justice (excluding the Bureau of Prisons but including the U.S. Attorney's) other Federal Law Enforcement Offices, State Attorney Generals, Governors, U.S. Courts (including U.S. Probation Officers,) and State Courts, when the sender has been adequately identified on the envelope and the front of the envelope has been marked "Special Mail - Open only in the presence of the inmate" (or similar language.) It is the responsibility of the inmate to advise any attorney of this procedure. If not properly marked and identified as special mail, correspondence will be treated as general correspondence and opened and inspected. Clearly identified mail from the chambers of a judge or from a member of the United States Congress will not require the special mail marking, but will be processed as "Special Mail" and opened in the presence of the inmate.

Incoming or outgoing mail may be rejected for any of the following reasons:

Any material which would violate postal regulations (e.g., obscene, lewd, or vulgar statements, threats of blackmail, contraband, or indications of escape.)

Discussion of criminal activities.

Letters containing codes or other attempts to circumvent mail regulations.

Any nude photographs or materials, including magazines

Inmates cannot engage in any type of business and will be sanctioned for doing so.

Retention of any magazine or literature of a sexually explicit nature will not be allowed.

Additional mail restrictions may be found in the program statements governing mail and correspondence.

Outgoing Packages: Outgoing inmate packages, except hobby craft items, will be processed by Unit Management staff. Inmates wishing to mail personal property/packages must bring the unsealed package and the Request For Authorization to Mail Inmate Package to their Unit Counselor for mail preparation. Postage stamps required for mailing packages must be provided by the inmate. Upon completion for mailing, the Unit Counselor will deliver the Request For Authorization to Mail Inmate Package and the package to the Mailroom. Hobby craft packages will be processed for mailing by Recreation staff.

Incoming packages: A package is a bundle, usually of small or medium size, that is packed, padded, wrapped or boxed. An article, weighing 16 ounces or more, containing other than paper material or excessive paper materials, shall be considered a package and will require approval. All incoming packages must be authorized in advance unless otherwise approved under another Bureau policy. Package authorizations are accepted for release clothing only. Certain items within Health Services and Religious Services will be allowed package authorization. Inmates will need to check with those departments if they require specialty items. Packages that contain items such as magazines, special mail, paperback books, educational or legal materials do not require authorization if the package is marked with the words, Authorized by Bureau Policy or other such wording as reading material, books, magazines, legal material, etc. These markings assist mailroom staff to identify and process the material and avoid erroneous return(s).

Incoming Publications: Inmates may make arrangements to purchase newspapers or magazines or one of his correspondents may submit a subscription on his behalf. Inmates may receive hardcover books and newspapers only from the publisher, book club, or from a bookstore. Inmates should speak with their counselor to ascertain whether an individual issue or a publication is likely to be approved. Inmates may not maintain more than 5 books, 3 magazines, or 1 newspaper in their possession at one time.

Correspondence: With some exceptions, an inmate may write to anyone he chooses. Inmates may not write to inmates in state institutions, unless approval has been received from the Wardens of both institutions. Inmates may correspond with inmates in other federal institutions with the approval of Unit Managers at each institution. A copy of this approval must be on file in the mailroom in order for the inmate to receive his correspondence.

There is no limit to the number or length of letters an inmate may write or receive, but it is expected he will protect this privilege by keeping them to a reasonable amount. Inmates will not be permitted to seal outgoing correspondence.

Inmates may send correspondence by first class, priority, fourth class, registered, certified, or insured mail, and may request a return receipt by placing the required postage stamps on same. Postage stamps, in different denominations, can be purchased through the inmate Commissary.

Postage for Indigent Inmates: (Step 3.5.1) An inmate who has neither funds nor sufficient postage, and upon verification of this status by staff, may be provided the postage stamps for mailing a reasonable number of letters at government expense to enable the inmate to maintain community ties. The request for postage will be made to the Unit Manager.

Receiving and Discharge (R&D): All commitments and discharges are processed in R&D. Photographs and fingerprints are taken for Bureau of Prisons and FBI use. All intake/discharge papers are completed in R&D.

Upon commitment to this institution, a personal ID card will be issued to inmates. This card must be produced when making a purchase from the commissary. Inmates are required to carry this card any time they are outside of their housing unit and to produce it to institution staff upon request. If the card is lost, you must notify staff immediately.

Inmates may address any concerns regarding R&D during Open House hours on Wednesdays and Fridays, from 11:00am until work call, in R&D.

VISITING (Step 1.2.3b)

Inmates are encouraged to have visits in order to maintain family and community ties. Visitors may be limited on an hourly or other allocation basis to ensure equitable access to visiting facilities.

Procedures: New inmates are asked to submit a list of immediate family members (wife, children, parents, brothers, sisters) to their Counselor. Once the relationship has been verified in the PSI, these immediate family members will be placed on the visiting list *for a period not to exceed 30 days*. Visitor Information Forms must be received within 30 days for immediate family members to be placed on the permanent visiting list. Inmates must send Visitor Information Forms to all intended visitors. Visitors must mail the completed forms to the Corridor Counselor who will process the request. You will be advised each time a visitor is approved or disapproved.

Visiting Days/Hours: Visiting days are Mondays, Fridays, Saturdays, Sundays, and federal holidays. Visiting hours are from 8:00am to 3:00pm. Visiting on Thursdays will be held for inmates housed in the Special Housing Unit. No visitors will be processed after 2:00pm. Weekend visitation (Saturdays and Sundays) is based on an even/odd system. The fifth digit of the inmate's register number dictates the weekend he is permitted to visit. Even/odd visitation schedules are posted on the inmate bulletin boards in the housing units.

All visits will begin and end in the visiting room. Kissing, embracing, and handshaking are allowed only on arrival and departure. Any deviations from this may result in disciplinary action.

Items Authorized: Each institution has limits on the number and type of articles that can be taken into the Visiting Room. Typical items that may be taken into the Visiting Room by an inmate are limited to a comb, wedding band, prescription eyeglasses, handkerchief, and religious medals. Items purchased in the Visiting Room may not be brought back into the institution by the inmate.

Visitors are permitted to bring money into the Visiting Room to purchase items from the vending machines. Also, a reasonable amount of diapers, other infant care items, and sanitary items may be brought into the Visiting Room. No food may be brought into the Visiting Room.

Approved Dress Code: Visiting is an extremely important family function and dress code requirements are necessary to maintain the dignity of those involved. All visitors are required to wear footwear. All visitors will be properly dressed when coming to visit at the institution. Shorts and/or culottes are not permitted to be worn by any visitor (male or female) over the age of 16 years. Visitors will not be allowed to wear see-through clothing, halter tops, tank tops, sleeveless apparel of any kind, or any kind of top that reveals the midriff area of the anatomy (this applies to male and

female visitors). Radically low-cut shirts or blouses, revealing front and backless clothing, are prohibited. Skin-tight clothing or Spandex clothing, or any other apparel of a suggestive or revealing nature will NOT be allowed.

All visitors are also required to wear undergarments to include bras for female visitors. Inmates are responsible for advising their visitors of the dress requirements in the Visiting Room. The Operations Lieutenant will make the decision concerning denial or termination of inmate visitors and notify the visitor if the visit is denied or terminated. This decision will normally be made in concert with the Duty Officer.

Every effort will be made to maintain the visiting areas as pleasant, sanitary, and informal as possible. Inmates and their guests are expected to conduct themselves in a quiet and orderly manner.

Special Rules for Children: In order to maintain a wholesome family visiting area with as few disruptions as possible, visitors with children will be required to maintain control of their children at all times. Do not allow children to interfere with visiting rights of others by being noisy and running about the visiting area.

Special Visits: All special visits must be requested through the Corridor Counselor and approved by the AW. An Inmate Request to a Staff member must be submitted to initiate a special visit request. Special visits are granted in exceptional cases only.

Identification of Visitors: Approved photo identification is required for visitors. These may include a State Driver's License or State I.D. Card. Other forms of identification (credit cards, Social Security Card, etc.) with full names and signatures affixed may be used to corroborate the photo I.D. Birth Certificates are not considered proper identification. Persons without proper identification will not be permitted to visit.

Visitors may be asked to submit to a search and will be checked with a metal detector. Visitor's purses, attorney's briefcases, etc., may also be searched. Other personal articles belonging to visitors must be placed in lockers provided by the institution or may be left in their cars.

Receipt of Items in the Visiting Room: No items may be given, received, or exchanged in the Visiting Room without prior approval by the Unit Manager.

LEGAL ACTIVITIES

Legal Correspondence: Legal correspondence from attorneys will be treated as Special Mail if it is properly marked. The envelope must be marked with the attorney's name with an indication that he/she is an attorney, and the front of the envelope must be marked "Special Mail-Open only in the presence of the inmate." Mail received from individuals using the title Esquire as the exclusive identification will not be handled as special mail. It is the responsibility of the inmate to advise his attorney about this policy. If legal mail is not properly marked, it will be opened as general correspondence.

Attorney Visits: Attorneys are encouraged to visit during the regular visiting hours. Attorney visits will be subject to visual monitoring, but not audio monitoring.

Legal Material: During attorney visits, legal materials may not be transferred unless approval has been given by staff. Otherwise, inmates are expected to handle the transfer of legal materials through the mail.

Documents from Federal Courts and Probation Offices: Inmates will not be authorized to possess Presentence Reports (PSR, commonly referred to as PSI) and Statements of Reasons. For safety and security reasons, inmates are prohibited from obtaining or possessing photocopies of their PSR's, Statement of Reasons, or other equivalent non-U.S. code sentencing documents (e.g., D.C., state, foreign, military, etc.). Inmates arriving at USP-1 Coleman having copies of these documents will be required to mail them home. To facilitate inmate access and review, ordinarily, PSR's, and Statement of Reasons should be maintained in the disclosable portion of the Inmate Central File unless significant safety and security concerns dictate otherwise. Inmates who wish to review these documents shall submit an Inmate Request to Staff Member to their unit team.

A BP-S757.013 form is available to inmates which allows you to present your PSRs or SORs to courts in which you are involved in litigation. A copy of the new form is available to you in the housing units and law library. The form includes instructions for its use.

Unmonitored Legal Phone Calls: (Step 2.3.1) In the event unmonitored legal correspondence is not practicable, an inmate may request an unmonitored legal telephone call. Unmonitored legal calls will be requested in writing and scheduled in advance with a member from your Unit Team.

Law Library: The Law Library includes a complete selection of legal reference books which contain an extensive range of information on federal legislative and case law. It also includes the Federal Prison System Program Statements. Typewriters are available in the Law Library for inmate legal work. Inmates must provide the material (paper, ribbons, etc.) to utilize the typewriters. Inmates are provided access to the Electronic Law Library during recreational hours.

Notary Public: Under the provisions of 18 USC 4004, Case Managers are authorized to "administer oaths" for documents. A recent change in the law allows a statement to the effect that papers which an inmate signs are "true and correct under penalty of perjury" will suffice in federal courts and other federal agencies, unless specifically directed otherwise.

Copies of Legal Materials: In accordance with institution procedures, inmates may copy materials necessary for their research or legal matters. The institution card operated machine is available in the Law Library for inmate use.

Federal Tort Claims: If the negligence of institution staff results in personal injury, property loss, or damage to an inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form from their Correctional Counselor.

Freedom of Information/Privacy Act of 1974: The Privacy Act of 1974 forbids the release of information from agency records without written request by, or without the prior written consent of, the individual to whom the record pertained. All requests for access to records about another person and/or agency record other than those pertaining to themselves (including Program

Statements and Operations Memoranda) shall be processed through the Freedom of Information Act, 5 USC 552.

Inmate Access to Central Files: An inmate may request review of disclosable portions of his central file by submitting an Inmate Request to a Staff Member to their Case Manager.

Inmate Access to Other Documents: An inmate can request access to the Non-Disclosable Documents in his central file and medical file, or other documents concerning himself that are not in his central file or medical file, by submitting a Freedom of Information Act Request to the Director of the Bureau of Prisons, Attention: FOI Request. Such a request must briefly describe the nature of records wanted and approximate dates covered by the record. The inmate must also provide his register number and date of birth for identification purposes.

A request on behalf of an inmate by an attorney, for records concerning that inmate, will be treated as a Privacy Act Request, if the attorney has forwarded an inmate's written consent to disclose materials. If a document is deemed to contain information exempt from disclosure, any reasonable part of the record will be provided to the attorney after the deletion of the exempt portions.

Executive Clemency: The Bureau advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does not connote innocence nor does it expunge the record of conviction. A pardon can be in "full" or "partial", depending on whether it absolves a person from all or a portion of the crime. A pardon may have conditions imposed upon it or it can be "absolute", which is without conditions of any kind. A pardon restores basic civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (a reduction of sentence imposed after a conviction) and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence: The Bureau also advises inmates on commutation of sentences. This is the form of executive clemency power used to provide post-conviction relief to inmates during their incarceration. This clemency procedure is authorized by the Constitution for the Chief Executive Officer, who is the President of the United States, for federal offenses. Commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for commutation of sentence must do so on forms that are available from the assigned unit team. The rules governing these petitions are available in the Law Library.

PROBLEM RESOLUTIONS

Inmate Requests to Staff Member: The Bureau Form BP-Admin-70, commonly called a cop-out, is used to make a written request to a staff member. Any type of request can be made with this form. Cop-outs may be obtained in the housing units from the Correctional Officer on duty. Staff members who receive a cop-out will answer the request in a reasonable period of time.

Administrative Remedy Process: The Bureau emphasizes and encourages the resolution of complaints on an informal basis. Hopefully, an inmate can resolve a problem informally by contact with staff members or cop-outs. When informal resolution is not successful, a formal complaint can be filed as an Administrative Remedy. Complaints regarding Tort Claims, Inmate Accident

Compensation, Freedom of Information or Privacy Act Requests, and complaints on behalf of other inmates are not accepted under the Administrative Remedy Procedure.

The first step of the Administrative Remedy Procedure is to attempt an informal resolution (BP-228). Contact your Counselor for these forms. If the issue cannot be informally resolved, the Counselor will issue a BP-229 (BP-9) Form. The inmate will return the completed BP-229 to the Counselor. The BP-229 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that time period. Institution staff have twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days, and the inmate will be notified of the extension.

When a complaint is determined by the Warden to be of an emergency nature and threatens the inmate's immediate health or welfare, the reply must be made as soon as possible, and within forty-eight (48) hours from receipt of the complaint.

If the inmate is not satisfied with the response to the BP-229, he may file an appeal to the Regional Director within twenty (20) days of the receipt of the BP-229 response. The Regional Appeal is written on a BP-230 (BP-10) Form, and must have a copy of the BP-229 Form and response attached. The Regional Appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate will be notified of the extension.

If the inmate is not satisfied with the response by the Regional Director, he may appeal to the Central Office of the Bureau of Prisons. The National Appeal must be made on a BP-231 (BP-11) Form and must have copies of the BP-229 and BP-230 Forms with responses. The BP-231 Form may be obtained from the Counselor. This appeal must be received in the Central Office within thirty (30) calendar days from the date of the BP-230 response. The National Appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional twenty (20) days with notification to the inmate.

Sensitive Complaints: If an inmate believes a complaint is of such a sensitive nature that he would be adversely affected if the complaint became known to the institution, he may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees that the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree that the complaint is sensitive, the inmate will be advised in writing of that determination. The inmate may then pursue the matter by filing a BP-229 at the institution.

SAFETY

Every effort will be made to provide a safe environment for each inmate and to provide appropriate safety equipment. You should familiarize yourself with the institution's safety regulations. Work related injuries should be reported to your supervisor immediately.

You should familiarize yourself with the fire evacuation diagrams and procedures posted in each unit. Regularly scheduled and unscheduled fire drills are held in the institution. It is important for anyone hearing a fire alarm to calmly and quickly vacate the building. You should be familiar with the following safety regulations:

It is your responsibility to use the safety equipment issued to protect yourself against physical injury and/or health hazards. Make certain you are wearing all required personal protective equipment such as goggles, safety shoes, aprons, arm guards, hard hats, and respirators, before you begin an operation.

You must wear safety goggles when performing any grinding, chiseling, filing, chipping, or buffing operation.

You must wear hearing protection on all work stations designated as high-noise level areas.

You will wear steel toe shoes.

You should report all safety hazards immediately to your work supervisor. Do not continue to work in any area or on any machinery or equipment that is unsafe or improperly guarded. If your supervisor does not agree that an unsafe condition exists, the fact should be reported to the institution Safety Manager.

You will perform only work that is assigned to you. Operating machines or equipment, or performing any operation that has not been specifically assigned, is strictly prohibited and will result in a disciplinary report.

Operating equipment without using the safety guards provided, or removing the safety guards, is prohibited and will subject you to disciplinary action.

The fabrication or repair of personal items on government equipment (except when authorized in the Hobby Shop) is against safety regulations.

Do not try to adjust, oil, clean, repair, or perform any maintenance on any machine while it is in motion. Stop the machine first. Use lockout devices where possible.

Hazardous Communication Training will be conducted by the supervisor. MSDS on hazardous chemicals will be available on the work site for staff and inmates.

If you are injured while performing your assigned duties, immediately report such an injury to your work supervisor or a staff member. Failure to report a work injury to your supervisor or a staff member, within a maximum of 48 hours, may disqualify you for eligibility for lost time, wages, or compensation.

It is your responsibility to exercise care, cooperation, and common sense in conducting your assigned work. Horseplay on the job will not be tolerated at any time and will result in disciplinary action against you.

If you sustain a work injury, and you still retain some degree of impairment at the time of your release, you should contact the Safety Manager, not less than 45 days prior to release or transfer to a halfway house, for the purpose of submitting a claim for compensation. This claim must include a medical evaluation before any compensation can be considered.

RELEASE PLANNING

Parole: Parole is release from incarceration under conditions established by the U.S. Parole Commission. Parole is not a pardon or an act of clemency. A parolee remains under the supervision of the U.S. Probation Officer until the full term expiration of his sentence.

Inmates are permitted an opportunity to appear before the Parole Commission within 120 days of commitment (EXCEPTIONS: inmates sentenced before September 6, 1977, and inmates with a minimum parole eligibility of ten (10) years). If the inmate chooses not to appear before the Parole Board within the first 120 days of commitment, a waiver must be signed and given to the Case Manager prior to the time of the scheduled parole hearing. This waiver will be made part of the Parole Commission file and the inmate's central file.

All inmates who previously waived a parole hearing are eligible to appear before the Parole Board at any regularly scheduled hearing after they waive. Application for a parole hearing must be made at least 60 days before the first day of the month of the hearings. The Parole Board conducts hearings at most Bureau institutions every two (2) months.

Application to the Parole Commission for a hearing is the responsibility of the inmate, but in certain cases the Unit Team will assist the inmate if necessary. Application forms may be obtained from the Case Manager.

Following the hearing, the inmate will be advised of the tentative decision reached in his case by the hearing examiners. The recommendations of the hearing examiners must be confirmed by the Regional Office of the Parole Board. This confirmation usually takes three (3) to four (4) weeks and is made through the mail on a form called a "Notice of Action." This decision may be appealed by the inmate. Forms for appeal may be obtained from unit Case Managers. If granted a presumptive parole date (a parole date more than six (6) months following the hearing), a Parole Progress Report will be sent to the Parole Board eight (8) months before the parole date.

Parole may be granted to a detainee for the purpose of deportation.

If granted parole by the U.S. Parole Commission, the Commission will require an approved parole plan prior to release. An approved parole plan consists of an offer of employment and a place to reside. The job must pay at least minimum wage and normally may not require extensive travel. The place to reside must be a reputable establishment, but can be almost anywhere within the sentencing district (parents, wife, friend, YMCA, etc.). The proposed parole plan is thoroughly investigated by the U.S. Probation Officer and must be approved. The parole plan is part of the material which is submitted in connection with the parole hearing. The Unit Team submits the inmate's release plans to the U.S. Probation Officer approximately three (3) to six (6) months before the scheduled parole date.

Halfway House Transfers: Inmates who are nearing release, and who need assistance in obtaining a job, residence, or other community resources, may be transferred to a Residential Re-entry Center (RRC). An RRC provides an excellent transitional environment for inmates nearing the end of their sentences. Programming through an RRC is designed to improve an inmate's ability to successfully reintegrate into society.

All inmates at USP-1 Coleman, if otherwise eligible, will be referred to an RRC. Referral to an RRC is considered a program assignment and refusal to accept placement can result in disciplinary action.

The Bureau's Community Corrections Branch, within the Correctional Programs Division, supervises services provided to offenders housed in contract facilities and participating in specialized programs in the community. The Community Corrections Manager (CCM) links the Bureau of Prisons with the U.S. Courts, other federal agencies, state and local governments, and the community.

Located strategically throughout the country, the CCM is responsible for developing and maintaining a variety of contract facilities and programs, working under the supervision of the appropriate Regional Administrator.

Community-Based Residential Re-entry Programs: The community-based residential programs available include both typical Residential Re-entry Centers and local detention facilities. Each provides a suitable residence, structured programs, job placement, and counseling while monitoring the offender's activities. They also provide drug testing, counseling, alcohol monitoring and treatment. While residing/participating in these programs, employed offenders are required to pay subsistence to help defray the cost of their confinement. The inmate's payment rate during RRC residence is 25 percent of the inmate's income.

Each RRC now provides two (2) components within one facility, a pre-release component and a community corrections component. The pre-release component assists offenders in making the transition from an institutional setting to the community, or as a resource while under supervision. The community corrections component is designed as a punitive sanction. Except for employment and other required activities, the offenders in this second, more restrictive component must remain at the RRC, where recreation, visiting, and other activities are provided in-house.

The placement process for eligible inmates usually begins approximately 11-13 months prior to the established release date. Any questions regarding this program can be answered by your unit team.

Releases: Inmates departing the institution by release or transfer to a RRC will normally depart the institution by taxi. Bus, privately owned vehicle, or airplane may be utilized to arrive at final destination. If an inmate chooses to use transportation other than that offered by the Bureau, the inmate or the inmate's family must pay the entire transportation cost; no part of that cost will be absorbed by the Bureau. All releases and transfers will normally occur after 9:00 a.m., Monday through Friday. Exceptions are made in unusual cases.

Release Gratuities: Inmates being transferred to a halfway house or released may be given a reasonable gratuity, based on individual need, to be determined by policy and your Case Manager, with final approval by the CMC and/or Warden. You are encouraged to save money for your release needs while incarcerated.

Release Clothing: Inmates who desire release clothing to be sent in upon release or transfer to a halfway house, should make a request to their Counselor, no earlier than 30 days prior to their departure date from the institution. This clothing will be issued on the day of departure.

Release Preparation Program: Each inmate will participate in the institutional Release Preparation Program. The purpose of this program is to prepare each inmate to re-enter the community successfully. An inmate's preparation for release should begin at initial classification and continue throughout incarceration. Inmates are expected to participate in this program when within 30 months of release. Specific questions regarding the program can be addressed with your unit team.

DISCIPLINARY PROCEDURES

Discipline: It is the policy of the Bureau of Prisons and USP-1 Coleman to provide a safe and orderly environment for all inmates. Violations of Bureau rules and regulations are dealt with by the Unit Discipline Committee (UDC) and, for more serious violation, the Disciplinary Hearing Officer (DHO). This handbook includes a listing of the Bureau's Prohibited Acts, as well as local regulations.

Inmate Discipline Information: If a staff member observes or believes he/she has evidence that an inmate has committed a prohibited act, the first step in the disciplinary process is writing an incident report. This is a written copy of the charges against the inmate. The incident report shall ordinarily be delivered to the inmate within twenty-four (24) hours of the time staff became aware of the inmate's involvement in the incident. An informal resolution of the incident may be attempted by the Correctional Supervisor. If an informal resolution is accomplished, the incident report will be removed from the inmate's central file. Informal resolution is encouraged by the Bureau of Prisons for all violations except those in the greatest severity category. Violations in the greatest severity category must be forwarded to the DHO for final disposition. If an informal resolution is not accomplished, the incident report is forwarded to the UDC for an Initial Hearing.

Initial Hearing: Inmates will ordinarily be given an initial hearing within three (3) work days of the time staff become aware of the inmate's involvement in the incident (excluding day staff became aware of the incident, weekends, and holidays). The inmate is entitled to be present at the initial hearing. The inmate may make statements or present documentary evidence in his behalf. The UDC must give its decision in writing to the inmate by the close of business the next work day. The UDC may extend the time limits of these procedures for good cause. The Warden must approve any extension over five days. The inmate must be provided with written reasons for any extension. The UDC will either make final disposition of the incident or refer it to the DHO for final disposition.

Discipline Hearing Officer (DHO): The Discipline Hearing Officer (DHO) conducts disciplinary hearings on serious rule violations. The DHO may not act on a case that has not been referred by the UDC. An inmate will be provided with advance written notice of the charges not less than 24 hours before the inmate's appearance before the DHO. The inmate may waive this requirement. An inmate will be provided with a full-time staff member of his choice to represent him, if requested. An inmate may make statements in his own defense and may produce documentary evidence. The inmate may present a list of witnesses and request they testify at the hearing. Inmates may not question a witness at the hearing; the staff representative and/or the DHO will question any witness for the inmate. An inmate may submit a list of questions for the witness(s) to the DHO if there is no staff representative. The DHO will request a statement from all unavailable witnesses whose testimony is deemed relevant.

The inmate has the right to be present throughout the DHO hearing, except during deliberations. The inmate charged may be excluded during appearances of outside witnesses or when institution security could be jeopardized. The DHO may postpone or continue a hearing for good cause. Reasons for the delay must be documented in the record of the hearing. Final disposition is made by the DHO.

Appeals of Disciplinary Actions: Appeals of all disciplinary actions may be made through Administrative Remedy Procedures. Appeals of the UDC are made to the Warden (BP-229). Appeals of the DHO are made to the Regional Director (BP-230). On appeal, the following items will be considered:

Whether the UDC or DHO substantially complied with the regulations on inmate discipline.

Whether the UDC or DHO based its decisions on the greater weight of the evidence.

Whether an appropriate sanction was imposed according to the severity level of the prohibited act.

The staff member who responds to the appeal may not be involved in the incident in any way. These staff members include UDC members, the DHO, the investigator, the reporting officer, and the staff representative.

Special Housing Unit: There are two (2) categories of special housing: Administrative Detention and Disciplinary Segregation.

Administrative Detention separates an inmate from the general population. Inmates in Administrative Detention shall be provided with the same general privileges as inmates in general population to the extent practical and when specific security concerns are not compromised. An inmate may be placed in Administrative Detention when the inmate is in holdover status during transfer, is a new commitment pending classification, is pending investigation or a hearing for a violation of Bureau regulations, is pending investigation or trial for a criminal act, is pending transfer, or for protection.

Disciplinary Segregation is used as a sanction for violations of Bureau rules and regulations. Inmates in Disciplinary Segregation will be denied certain privileges. Personal property will usually be impounded. Inmates placed in Disciplinary Segregation are provided with blankets, a mattress, toilet tissue, and shaving utensils (as necessary).

Inmates may possess legal and religious materials while in Disciplinary Segregation. Also, staff shall provide a reasonable amount of non-legal reading material. Inmates in Disciplinary Segregation shall be seen by a member of the medical staff daily, including weekends and holidays. Unit staff members are assigned to, and make rounds in the Special Housing Unit daily. An inmate may request to see a member of his specific Unit Team by turning in an "Inmate Request to Staff" (cop-out). Inmates in both Administrative Detention and Disciplinary Segregation are provided with regular reviews of their housing status.

Inmates housed in the Special Housing Unit will ordinarily be fed the standard ration as afforded inmates in general population. Inmates in SHU may not have a choice of all items on the menu due to security concerns. An inmate may be placed on "Special Feeding Status" if he displays

disruptive behavior in the unit and/or is recognized as being potentially harmful to himself or others. Only the Warden, with the consensus of the Health Services Administrator, can place an inmate on Special Feeding Status.

Inmates are allowed and encouraged to receive haircuts while in SHU. The inmate must send an Inmate Request to Staff Member to the SHU #1 Officer, who will maintain a log book and a list in the order they are received.

The SHU Law Library will be available for use Monday-Friday. Inmates desiring to use the SHU Law Library will submit an Inmate Request to Staff Member to SHU staff. Inmates will be given a minimum of one hour each time they request to use the SHU Law Library. If no other inmate requests to use the SHU Law Library, the inmate may remain longer than an hour but not longer than three hours. The Education department is responsible for maintaining the SHU Law Library and its materials.

Inmates housed in SHU are permitted to participate in the normal visiting program in the Visiting Room unless compelling reasons exist to preclude it. Compelling reasons will be determined by the Captain, UDC sanction, or DHO sanctions. Inmates will wear the Special Housing Unit clothing for visiting purposes.

Special Housing Unit Rules:

1. All cells will be cleaned and beds made before inmates are allowed to go to recreation.
2. All inmates will be dressed in the assigned uniform before being allowed to receive recreation.
3. All beds will remain made until 4:00 p.m. or until the Stand Up Count has been completed.
4. All inmates will stand for the 4:00 p.m. and 10: 00 a.m. (weekends/holidays) count.
5. Nothing will be hung from the beds, over vents, windows, or lights.
6. Haircuts will be given on Saturday. All inmates wishing to receive a haircut must submit a Request to Staff Member (Cop-Out). Inmates will be permitted one haircut every fourteen days.
7. Clothing and towels are changed three times per week. All ranges will exchange clothing on Tuesday, Thursday, and Saturday. Bed linens will be exchanged once a week. Blankets will be exchanged once every thirty days.
8. Recreation will be held five days per week.
9. Inmate Request To Staff Member is required for haircuts, Law Library, personal property and razors.
10. Telephone calls will be given every 30 days for inmates in Administrative Detention and in Disciplinary Segregation. Pursuant to Bureau of Prisons Inmate Telephone Regulations, all conversations on this telephone are subject to monitoring. Your use of this telephone constitutes consent to this monitoring. You must contact your unit team to request an unmonitored attorney call.
11. Inmates in Administrative Detention and Disciplinary Segregation may shop commissary. Commissary sheets will be passed out on Sundays, picked up on Mondays. The SHU Lieutenant will review all Commissary sheets before the orders are filled.
12. All inmates will receive a copy of these rules.

Failure to follow the above rules will result in disciplinary action. (Incident Report)

Once disallowed, the credit may not be restored, except by immediate review or appeal. Only the DHO can take action to disallow good conduct time.

VCCLEA inmates rated as violent and PLRA inmates will ordinarily be disallowed good conduct time for each prohibited act they are found to have committed at a DHO hearing, consistent with the following:

CONCLUSION

Hopefully, this information will assist inmates in their first days at USP-1 Coleman. New commitments should feel free to ask any staff member for assistance, particularly unit staff. For individuals who are not yet in custody, and who have been given this publication to prepare for commitment, the Bureau's Community Corrections Manager or the staff at the institution to which they have been designated can help clarify any other concerns.
