Inmates at all institutions may have a total of no more than five visitors at one time, to include children.

At all institutions, on Saturdays, Sundays, and Federal Holidays, visitor processing will be continuous until 2:00 p.m. In preparation for the 10:00 a.m. count, inmates will not be called to the visiting room after 9:30 a.m. until the conclusion of the count. Visitor processing will conclude at 2:00 p.m., in preparation for the conclusion of visiting for the day. The inmates' Unit Team will be contacted if the computer visiting program should fail.

6. **REGULAR VISITORS:** During an inmate's Admission and Orientation period, he will submit a list of persons with whom he wishes to visit to his Unit Team. If at any time an inmate wants to amend his visiting list, he must first submit an Inmate Request to Staff Member (Cop-Out) Form to his Unit Team requesting the change. The Unit Team will compile the inmate's visiting list after an appropriate investigation on potential visitors has been completed.
 - A. **Immediate Family:** Immediate family includes mother, father, step-parents, foster parents, brother, sister, spouse, and children. Spouse also includes a common-law wife, this status has to have been previously established in a state which recognizes such a status. These individuals are ordinarily placed on the visiting list, absent strong circumstances which would preclude visiting.
 - B. **Other Relatives:** These persons include grandparents, uncles, aunts, in-laws, and cousins. They may be placed on the approved visiting list if an inmate wants to have regular visits from these people and after the completion of a National Crime Information Center (NCIC) check and there exists no reason to exclude them.
 - C. **Friends and Associates:** The visiting privilege will ordinarily be extended to friends and associates having an established relationship prior to confinement, unless such visits could reasonably create a threat to the security and good order of the institution. Exception to the prior relationship rule may be made, particularly for inmates without other visitors, unless such visits could reasonably create a threat to the security and good order of the institution. The Warden must approve all exceptions to the prior relationship rule. Approval for proposed visitors will

be consistent with court imposed sentences which carry stipulations an inmate(s) may not communicate with specific persons. No more than ten friends and associates will be placed on an inmate's visiting list and after the completion of a NCIC check.

- D. Persons with Prior Criminal Convictions:** The existence of a criminal conviction does not automatically preclude a visitor from being placed on an inmate's visiting list. Staff will give consideration to the nature, extent, and recentness of the conviction(s), as weighed against the security considerations of the institution. However, specific approval from the Warden must be obtained before the person is placed on the inmate's visiting list. Prior to placing an individual who is on probation, parole, or supervised release status on an inmate's visiting list, staff shall obtain written approval from the appropriate Federal or State Probation/Parole Officials. A copy of this approval will be maintained in section 2 of the FOI-Exempt portion of the Inmate's Central File.
- E. Children under Sixteen(16):** Children under the age of sixteen may not visit unless accompanied by a responsible adult. Children will be kept under supervision of a responsible adult. All children under the age of eighteen(18) will have written consent of a parent or guardian to visit, when not accompanied by a parent or guardian. It will be documented on the Visitor Information Form.
- 7. BUSINESS VISITORS:** Inmates are not allowed to actively engage in a business or profession. An inmate who has engaged in a business or profession prior to commitment is expected to assign authority for the operation to a person in the community. On the rare occasion when decisions must be made which will substantially affect the assets or prospects of the business, the Warden may permit a special visit. A member of the inmate's Unit Team will supervise the visit.
- 8. CONSULAR VISITORS:** When it has been determined an inmate is a citizen of that foreign country, the Consular Representative of a country will be allowed to visit on matters of legitimate business. This visit may not be

withheld even if the inmate is in disciplinary status. A member of the inmate's Unit Team will supervise the visit.

9. **VISITS FROM REPRESENTATIVES OF COMMUNITY GROUPS:** The Warden may approve as regular visitors, for one(1) or more inmates, representatives from community groups(i.e., civic or religious organizations) or persons whose interest and qualifications for this service are confirmed. The Warden may waive the requirement for pre-confinement established relationships for visitors approved under this category. This does not apply to past or present participants in volunteer and citizen involvement programs, who are typically not added to an inmate's visiting list. A member of the organizing department will supervise the visit. Visits of this nature should not interfere with normal visiting.

10. **SPECIAL VISITS:** During normal visiting hours the Visiting Room Officer will monitor the visit and during non-visiting hours these visits will be monitored by a member of the organizing department.
 - A. **Minister of Record:** A inmate may only have one minister of record on his visiting list. Inmates wanting to receive visits from their minister of record must submit a cop-out to the Chaplain. After the Chaplain's approval, the request will be forwarded to the inmates Unit Team for normal processing. Inmates may only receive one visit from their minister of record a month; however, during times of personal or family emergencies, an inmate will be authorized a visit from his minister of record. A visit from a minister of record will not count against an inmates regular social visits for the month. Unlike other Special Visits, minister of record visits will only be conducted during normal visiting hours and in an area which provides a degree of separation from other visitors. If a private area is not available, the visit may be rescheduled.

 - B. **Counseling:** Clergy, former or prospective employers, sponsors, and parole advisors who are visiting in this category will require approval by the Warden.

 - C. **Law Enforcement:** Law Enforcement agents, military personnel conducting investigations, U.S. Court

Officials, and U.S. Probation Officers are permitted to visit provided they possess appropriate identification. Officials are required to sign in the appropriate log book. Questions regarding officials will be referred to the appropriate staff during regular duty hours and the Institution Duty Officer (IDO) or Operations Lieutenant during non-duty hours.

- D. **Attorneys:** The Unit Team will approve inmate legal visits, utilizing BP-5241, Visiting Attorney Statement. All legal visits will be conducted in an attorney/client room. During normal visiting hours the Visiting Room Officer will monitor the visit and during non-visiting hours these visits will be monitored by the inmate's Unit Team. Visits between inmates and attorneys are not subject to auditory supervision. The exchange of legal documents shall be monitored by the supervising staff member. All legal materials will be searched by the Unit Team before being allowed into the institution. If an attorney/client room is not available, the attorney will be afforded the opportunity to reschedule the appointment. At no time will a tape recorder, camera, or other type of electronic equipment be allowed into the Visiting Room without prior written approval by the Warden.
11. **TRANSPORTATION ASSISTANCE/VISITOR INSTRUCTIONS:** Directions to and from the institution and visitor instructions will be provided to a proposed visitor with the visitor application. It is each inmate's responsibility to provide their visitor this information before the visit. Directions for locating the institution (Attachment 1), Visitor Information and Instructions (Attachment 4), pay phone service, and posted commercial transportation phone numbers will be made available to assist visitors in the front lobby or the visiting room.
12. **VISITS TO INMATES NOT IN REGULAR POPULATION STATUS:**
- A. **Admission and Holdover Status:** Inmates in this category will be limited to immediate family only. These inmates may not have an active visiting list; therefore, their respective Unit Team should be contacted for visitor verification and approval.

B. Hospital Patients:

1. When visitors request to see an inmate who is quartered in the institution Health Services Observation Area, the Chief Medical Officer (or in his/her absence, the Health Services Administrator), in consultation with the Captain, shall determine whether a visit may occur and the location of the visit. When the Chief Medical Officer decides against the visit (i.e., because the inmate has an infectious disease, inmate's mental status makes the visit contraindicated, or because his condition precludes visiting), the situation will be sensitively communicated to the proposed visitor.
2. Visits to inmates hospitalized in the community are restricted to immediate family members only and are subject to the general visiting policy of the hospital. The Warden must approve all hospital visits. The security and safety of the public and staff shall be a primary concern.

C. Detention or Segregation Status:

1. Generally, an inmate retains visiting privileges while in detention or segregation. However, the Warden may restrict or disallow visiting when an inmate (while in detention or segregation) is charged with or was found guilty of a prohibited act related to visiting guidelines or has acted in a way which would reasonably indicate a threat to the security or good order in the Visiting Room. Loss of visitation may not otherwise occur unless it has been sanctioned by the Discipline Hearing Officer (DHO).
2. Inmates housed in the Special Housing Unit (SHU) may be limited to two hour visits, if security or staffing concerns exist. If security concerns are present, inmates at the USP may be restricted to the use of the non-contact visiting booths. The Warden shall approve the use of the non-contact booths. Inmates who have been approved for, and are awaiting placement in the ADX-Florence Control

Unit, will utilize the non-contact visiting area. No more than four SHU inmates will be allowed in the visiting room at a time. Before, any inmate quartered in SHU is allowed in the visiting room, the Operations Lieutenant will be notified.

13. PROCEDURES:

A. Regulations:

1. If a visitor has to leave the Visiting Room for any reason, the visitor terminates his/her visiting for the day.
2. The Operations Lieutenant, or the IDO, has the authority to prohibit or terminate any visit for reasons of improper conduct or failure to comply with visiting regulations on the part of the visitor or inmate. The Lieutenant or IDO terminating the visit is to prepare written documentation describing the basis for this action. The required documentation on the basis for terminating a visit is to include: the date, the time the visit began, the time efforts to terminate began, the time of termination, persons involved, and reasons for the termination.
3. If the number of visitors and inmates exceeds the Visiting Room's occupancy level, the Operations Lieutenant or the IDO may begin limiting visit times based on when the visit began and the distance the visitor traveled.
4. Non-contact visits are conducted in isolation rooms at the USP and FCI which are designated for this purpose. The Warden or the Acting Warden shall authorize non-contact visiting.
5. Visitor bathrooms will remain locked at all times. Visitors will advise visiting room staff when they require use of the restroom. Staff will unlock the door and promptly secure the visitor bathrooms during periods when not in use.

- B. Inmate/Visitor Interaction:** Inmates may only visit with persons who are on their approved visiting list. Inmates will not be allowed to visit with visitors who are visiting other inmates. Preassigned seating may be designated by the Officer in Charge (OIC) of the Visiting Room, when he/she perceives a threat to the security or orderly running of the institution or to prevent mixed visits. Within the USP and FCI, with the exception of the inmate photo project, inmates will remain seated for the duration of all visits. All items will be entered on the Inmate Inventory Sheet (Attachment 2). All unauthorized items will be confiscated from the inmate.

G. Preparation of Visiting Lists:

1. During the Admission and Orientation program, the Unit Counselor will provide inmates with an Inmate Visiting List Request Sheet (Attachment 4) to request additional visitors to their Visiting Lists. Documentation provided by an inmate to establish relationships or associations is subject to approval by the Unit Team. The Visitor Information Form BP-629 (available on BOP DOCS) must accompany the documentation. The top section of the BP-629 must be completed and signed by the inmate who is making the request. It is the inmate's responsibility to send the potential visitor the Visitor Information Form. This form must be completed by the visitor and mailed directly back to the Unit Staff responsible for the inmate's case. Unit Staff will complete a background check using the National Crime Information Center (NCIC). A complete copy of the Release Authorization Form and NCIC check for each visitor or proposed visitor requiring a background investigation will be maintained in the FOI-Exempt portion of the central file. After appropriate investigation, the Unit Team will prepare in duplicate a list of all visitors approved for regular visiting. The list will be distributed to the inmate. Maintenance of the visiting files is the responsibility of the Unit Team.

2. The signature of a parent or guardian on the BP-629 Visitor Information Form is necessary to process a request for an applicant under 18 years of age. Further completion of the questionnaire portion of this form by the applicant is not required if the applicant is an immediate family member of the requesting inmate.
3. Once proposed visitors have completed BP-629 forms, Unit Managers shall review the completed form. If the Unit Manager ascertains the visitor could be a threat to the security of the institution, the inmate's Unit Manager, after consultation with the Captain, may disapprove the inmate's proposed visitor.
4. When a person is deleted from or added to an inmate's visitor list, staff shall update the list. Staff shall place a copy of the revised visiting list in section three of the inmate's central file. Inmates may only requested changes to their visiting list once a month.

- I. Notification of Visitors:** The Front Lobby Officer will provide to each visitor the Notification to Visitor Form BP-224(Available on BOP DOCS). The visitor will completely fill out the form, sign it, and return it to the Front Lobby Officer. By signing the form the visitor is declaring they do not have any articles in his or her possession which present a threat to the security of the institution. Staff will contact the Operations Lieutenant before denying the visiting privilege to a visitor who refuses to sign the form.
- J. Searching Visitors:** Visitors are required to submit to a personal search, including a search of any items of personal property, as a condition of allowing or continuing a visit. Visitors, are to be screened by a metal detector. If an individual fails to clear a walk-through metal detector, a hand-held metal detector is to be used. Failure to clear the hand-held metal detector requires the individual to submit to a pat search before entering the institution. This must be approved by the Warden. All pat searches will be conducted in a private area by a staff member of the same gender.

Visitors may also be required to submit to screening with a ion spectrometer drug detection devise. Use of this devise will be in accordance with the Complex Supplement on Ion Spectrometry Device Program. A positive reading with the devise does not automatically mean the visitor will be denied the visit. The Institutional Duty Officer with direction from the Administrative Duty Officer will review each case individually.

- K. Record of Visitors:** The Front Lobby Officer shall maintain a bound ledger record of visitors for each inmate. The log will include the visitor's signature, the name and register number of the inmate visited, and arrival and departure times.

- L. **Supervision of Visits:** Staff will supervise each inmate visit to prevent contraband introduction, and ensure security and good order. Visitor restrooms may be monitored only with the Warden's or designee's approval, and only when there is a reasonable suspicion that the visitor and/or inmate are engaged, attempting or about to engage in criminal activity or other prohibited behavior. Monitoring should be conducted by a person of the same sex as the visitor. The inmate restroom will always be monitored by a staff member.
1. The Visiting Room Officer shall ensure visits are conducted in a quiet, orderly, and appropriate manner. Visits may be terminated if not conducted in an appropriate manner. The Visiting Room Officer should contact the Operations Lieutenant and the IDO if the situation warrants termination.
 2. During contact visits, handshaking, embracing, and one(1) kiss is permitted within the bounds of good taste, and only at the beginning and end of the visit. Staff will limit physical contact to minimize the opportunity for introduction of contraband, and to maintain the orderly operation of the visiting area.  3. Children may play in the designated children's play area only. Games and approved video(s) are provided. Only pre-authorized inmates are allowed in the children's play area. If children disrupt other visitor(s), it may be grounds for visit termination. Disruptive behavior may include running, yelling, or talking to other visitors.
14. **PENALTY FOR VIOLATION OF VISITING REGULATIONS:** Any act or effort to violate visiting regulations may result in disciplinary action against the inmate, with sanctions possibly including denial of future visits. In addition, criminal prosecution may be initiated against the visitor, the inmate, or both.

15. **VISITING REGULATION REGARDING PETS:** Visitors cannot bring animals onto institution grounds, except for dogs which assist persons with disabilities. In this case, the visitor must provide certification of the dog's training.
