Washington, DC 20510

Dear Madam Chairwoman:

The Joint Explanatory Statement accompanying the Consolidated Appropriations Act, 2022 (P.L. 117-103) directs the Federal Bureau of Prisons (BOP) to continue providing quarterly reports on hiring, staffing, and inmate-to-officer ratios. Enclosed is the report for the second quarter.

The Office of Management and Budget does not object to transmittal of this report.

Sincerely,  
**JOLENE

(BOP) Inmate to Correctional  
Officer Ratio  
FY 2022 Second Quarter  
Report**

**Legislative Summary**

The Joint Explanatory Statement accompanying the Consolidated Appropriations Act, 2022 (P.L. 117-103), states, “*BOP shall continue to submit quarterly reports on inmate-to-correctional officer ratio as required by the explanatory statement accompanying Public Law 116-93, and to publish these reports on the BOP website. To the extent BOP does not currently record staffing by shift, it is directed to begin doing so and include such metrics in this report by the end of fiscal year 2021. Separately, BOP shall submit a report to the Committees regarding any incident involving the use of deadly force at an institution with a staffing ratio greater than 15:1, explaining any role staffing levels may have played in the incident, and describing a detailed plan to prevent recurrence of such incidents.*”

The following report is provided to address the request for inmate-to-correctional officer ratios for the Second Quarter of FY 2022.

**Report**

During the second quarter of FY 2022, there were two institutions with an inmate-to-correctional officer ratio greater than 15:1. The institutions were FCI Edgefield and FCI Lompoc. Additional details are provided in this report.

The BOP has made the hiring of additional Correctional Officers a system-wide priority, and at one of the two institutions, (FCI Edgefield) staffing has increased during the quarter. However, the inmate population at both institutions has also increased during the quarter. The BOP continues to strive to maintain the desired levels between inmate populations and staffing at each institution.

This report also includes data on staffing by shift. Many of the by-shift staffing ratios are higher than the institution-level ratios, due to how the different ratios are calculated and the critical need to staff more Correctional Officers during peak operational times.

The overall inmate-to-correctional officer ratio is calculated using the number of on-board Correctional Officers and the number of inmates at the institution. For example, for FCI Edgefield, there were 120 Correctional Officers on-board and 1,844 inmates as of March 31, 2022, producing the 15.4:1 ratio.

A search of all Report of Incidents revealed there was no use of deadly force from January 1, 2022, to March 31, 2022.

The BOP will publish this data on its website: <https://www.bop.gov/>.

\*As of March 31, 2022, there were 60 Camp Inmates at FCI Estill. Only Camp inmates have returned to FCI Estill. All other inmates were relocated to other BOP facilities due to damages sustained during a tornado in April 2020.

## **Facilities with Inmate-to-Correctional Officer Ratio Over 15:1**

Information on the institutions with a staffing ratio greater than 15:1 during the second quarter of FY 2022 is below. BOP is actively recruiting and hiring throughout the Bureau. The BOP has offered a five percent retention incentive to staff eligible to retire in an effort to retain staff. Additionally, the BOP offers recruitment and relocation incentives and has contracted with Accenture to market and brand the BOP in an effort to attract more candidates.

- FCI Edgefield – Medium – Inmate population increased by 37 during quarter two of FY 2022 and Correctional Officer staffing rose by two. This resulted in an increase in the inmate to Correctional Officer ratio of 0.1, from 15.3:1 to 15.4:1.
- FCC Lompoc – Complex – Inmate population increased by 242 during quarter two of FY 2022, and Correctional Officer staffing fell by two. This resulted in an increase in the inmate to Correctional Officer ratio of 1.6, from 15.4:1 to 17.0:1.

## **Inmate-to-Correctional Officer Ratio by Shift**

The system-wide inmate-to-Correctional Officer ratio of 9:1 has a very different meaning in an operational context. Given daily shifts, the number of staff present in an institution varies based on the time of day and the day of the week.

The BOP has six total shifts, including three Weekday and three Weekend shifts. Morning Watch is from 12 a.m. to 8 a.m., Day Watch is from 8 a.m. to 4 p.m., and Evening Watch is from 4 p.m. to 12 a.m.

The following chart lists Correctional Officers by watch (or shift). This information is based on the Correctional Officer Roster as of the end of the second quarter of FY 2022.
