Audit Findings

Audit Narrative

The on-site visit for the Prison Rape Elimination Act (PREA) compliance audit of the Federal Prison Camp (FPC) Alderson, located in Alderson, West Virginia (WV) was conducted October 3-5, 2017 by The Nakamoto Group, Inc. auditor James L. Roland, Jr. Upon arrival at the facility, an in-briefing meeting was held with Associate Warden (Acting Warden), Acting Executive Assistant/Case Management Coordinator, Captain, several department heads, an American Correctional Association (ACA) Auditor and representatives from the Bureau of Prisons (BOP) Program Review Division. This is a minimum security facility which houses minimum custody inmates. The facility has a design capacity of 992 and a current inmate population of 995. There are two housing units. Each unit has two stories with four separate ranges and inmates are housed dormitory style. The inmate age range is 20-86 and the average daily population of 1000. This facility only houses female inmates. The standards used for this audit became effective August 20, 2012. This auditor discussed the information contained in the Pre-Audit Questionnaire with the facility PREA Compliance Manager and the Chief of Psychology Services. The National PREA Coordinator and National PREA Contract Administrator for the BOP were previously interviewed telephonically, as was the Director's designee. As part of the audit, a review of all agency and local facility PREA policies was conducted, as well as a tour of the facility. A total of 30 inmates were interviewed, to include one disabled inmate, one Limited English Proficient (LEP) inmate, two self-identified transgender inmates and three inmates who self-identified as being gay. No inmates refused to be interviewed. During the auditing period of 10/3/2016-10/3/2017, there were three reported allegations of sexual abuse/sexual harassment. Of the three cases reported, two allegations were determined to be unfounded and one case is still an open investigation. All three cases were inmate-on-inmate allegations. A total of 25 staff were interviewed which included fifteen correctional officers (from all three eight-hour shifts), five administrative staff, one contract medical staff member and four specialized and random staff. The administrative staff interviewed included the Associate Warden, Human Resource Manager (HRM), Captain and the Acting Chief of Psychology Services.

Documents related to background investigations for new staff, as well as staff considered for promotions, were reviewed. The background clearance documentation for volunteers and contractors was reviewed. PREA training documentation for staff, volunteers and contractors was reviewed. Classification documents were reviewed to assess the propensity for sexual victimization or abusiveness. Files related to the referrals for mental health follow up were reviewed. The auditor spent two and one half days on-site.

Facility Characteristics

The mission of the BOP is to protect society by confining offenders in the controlled environments of prisons and community-based facilities that are safe, humane, cost efficient, appropriately secure and that provide work and other self-improvement opportunities to assist offenders in becoming law abiding citizens. It is the mission of FPC Alderson to maintain custody of minimum security female offenders in a safe, clean, professionally managed correctional environment; to provide care consistent with accepted correctional standards and to provide reasonable opportunities for positive change. All inmates are encouraged and expected to participate in many educational, vocational, work and self-improvement programs to ensure a more successful transition into the community.

All inmates, who have been medically cleared, are provided work assignments. Work assignments include Food Service, Facilities (institution and grounds maintenance), Education/Recreation, Laundry, Commissary, Health Services, Sanitation and Unit Orderlies.

The Education Department provides a comprehensive education program for the inmate population. Various academic and vocational training programs are provided. Academic programs include instruction from the literacy level (taught on site) to post-secondary classes, which are available through correspondence courses. The Literacy Program is mandatory for all inmates who do not possess a verifiable high school diploma or GED certificate. A comprehensive English-as-a-Second Language Program is provided for non-English speaking inmates. Inmates, who do not have a verifiable high school diploma, are encouraged and provided the opportunity to take the GED test in their native language. Satisfactory completion of the GED Program will merit a GED Certificate. In addition to the academic programs, a variety of vocational and apprenticeship programs are offered in conjunction with the U.S. Department of Labor and include non-traditional job opportunities for females. The vocational training programs, accredited through the Academy of Careers and Technology, West Virginia Department of Education, include Library Assistant, Horticulture, and Cosmetology.

The facility operates a drug treatment program in two individual housing units. The Residential Drug Abuse Program (RDAP) is a comprehensive, 500-hour drug treatment program available to inmates with documented history of substance abuse, dependency, or addiction.

As a part of the FPC Alderson parenting program, qualifying inmates have the opportunity to spend an afternoon and one night with their child/children in active listening, crafting, and other organized activities. The program (Making Our Memories – MOM Camp) was designed to foster nurturing relationships between mother and child/children. Inmates interviewed indicated that programs like this and others not only make them feel safe, but also show that the facility staff care.

The auditor concluded, through interviews and the review of policy and supporting documentation, that all staff and inmates were very knowledgeable concerning their responsibilities involving the PREA. During the interviews, inmates acknowledged that they received information about the facility's zero tolerance policy against sexual abuse upon their arrival to the facility. They indicated that staff members were respectful and that they felt safe at the facility. Employees were able to describe in detail their specific duties and responsibilities, to include being a "first responder", if an incident occurred or an allegation of sexual abuse/sexual harassment was made.

Summary of Audit Findings

When the on-site audit was completed, an exit briefing was held to discuss the audit findings. This briefing was held with the same staff in attendance for the in-briefing. The auditor was provided with extensive and lengthy files prior to the audit for review to support a conclusion of compliance with the Prison Rape Elimination Act. The facility staff were found to be extremely courteous, cooperative and professional. All areas of the facility were found to be clean and well maintained. At the conclusion of the audit, the auditor thanked the FPC Alderson staff for their hard work and dedication to the PREA process. There are adequate limits to cross-gender viewing and searches. The facility has adaptive measures in place to ensure disabled and LEP inmates can participate in or benefit from all aspects of the PREA. Hiring and promotion practices are consistent with sexual abuse safety measures. The facility has appropriate medical and advocacy networks in place and available, if needed. PREA education and training is documented. Inmates acknowledged the admissions screening process involved being questioned about any history of sexual abuse or victimization and whether they would like to identify a sexual preference. Intake, classification assessment and medical/mental health processes are efficient and seamless in addressing referrals based on victimization or abusiveness screening data. Related documentation is organized and stored in information systems available on a need-to-know basis. Available reporting mechanisms are conveyed in a conspicuous manner to inmates and staff are aware of all reporting methods available to them. Systems are in place for coordinated responses to incidents of sexual abuse, if needed. The facility has sufficiently trained investigative personnel to handle administrative investigations. FPC Alderson has access to state law enforcement personnel who provide administrative guidance, investigate staff related allegations and handle criminal investigations. Staff indicated adequate training in all aspects of the PREA, particularly first responder duties or actions to taken, in the event of a report of a sexual abuse related incident.

PS 3000.03, pages 8-12 and PS 5324.12, page 17, outlines the mandates of this standard. Agency policy requires each facility to review the staffing plans on an annual basis. Interviews with the Warden and executive staff revealed compliance with the PREA and that other safety and security issues are always a primary focus when they consider and review their respective staffing plans. In addition to the quarterly workforce utilization meeting, the Warden meets weekly with her executive staff, Business Manager, Captain, Special Investigative Supervisor (SIS) and the Human Resource manager (HRM) to address staffing issues as it relates to the PREA. Quarterly workforce utilization minutes are on file. The facility has been provided with all necessary resources to support the programs and procedures to ensure compliance with PREA standards. The audit included an examination of all video monitoring systems, inmate access to telephones and the Trust Fund Limited Inmate Computer System (TRULINCS) e-mail system, staff interviews and rosters. Supervisory/Administrative staff routinely make unannounced rounds covering all shifts and these rounds are documented. Interviews with staff confirmed unannounced rounds to all areas of the facility are conducted on a weekly basis, with no warning to staff. FPC Alderson is a minimum security facility with limited video cameras visible throughout the facility. The facility does utilize conclave mirrors to supplement security in areas where there are numerous corners or potential blind spots. Staff supervision was also increased in those specific areas to enhance inmate security.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, page 17 and PS 5521.06, page 5, address this standard. Cross-gender strip or cross-gender body cavity searches are prohibited, except in emergency situations or when performed and documented by a medical practitioner. Staff indicated they received cross-gender pat search training during initial and annual training. The auditor observed that each unit has individual shower stalls for privacy while showering. The facility has implemented a policy that all staff working the unit will announce themselves prior to walking the range to allow inmates the opportunity to prepare themselves from a privacy perspective. The majority of the inmates interviewed acknowledged they are allowed to shower, dress and use the toilet privately, without being viewed by the opposite gender. Staff, along with the majority of the inmates interviewed, indicated that employees of the opposite gender announce their presence before entering a housing unit. The possibility of opposite gender staff entering the housing units is also announced over the speaker system at the beginning of each shift. Additionally, the auditor observed written notifications that opposite gender staff routinely come into the units posted within the common area of the housing units. The postings were written in both English and Spanish. Staff were well aware of the policy prohibiting the search of a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. During the past 12 months, there were no exigent circumstances requiring cross-gender viewing of an inmate by a staff member at the FPC.

Auditor Overall Compliance Determination

- **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- **Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, pages 19 & 20 and the Inmate Handbook (English and Spanish) meet the mandates of this standard. FPC Alderson takes appropriate steps to ensure inmates with disabilities and inmates with LEP have an opportunity to participate in and benefit from the facility's efforts to prevent, detect and respond to sexual abuse and sexual harassment. PREA handouts, bulletin board postings and inmate handbooks are in both English and Spanish. The above-mentioned documents were submitted and reviewed by the auditor. Staff members interviewed were well aware of the policy that, under no circumstances, are inmate interpreters or assistants to be used when dealing with PREA issues. The Department of Justice (DOJ) has set up a blanket purchase agreement for on-demand over-the-phone interpreter services, which are available to all BOP institutions. The translation service is Language Line Solutions and is provided for inmates who don't have a basic command of the English language. There was one LEP inmate interviewed during this audit. Documentation reviews and staff interviews support

a finding that the facility is in compliance with this standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. PS 3000.03, pages 28, 41 & 45; PS 3420.11 pages 6 & 7; Pre-Employment Guide, page 2; SF85P, Questionnaire for Public Trust Positions, page 1 and BOP Recruitment Flyer, page 1, address the mandates of this standard. The HRM was interviewed and stated that all components of this standard have been met. All employees, contractors and volunteers have had background checks completed. BOP regional office personnel also conduct background checks before approving staff promotions. A tracking system is in place to ensure that updated background checks are conducted every five years. Policy clearly states the submission of false information by any applicant is grounds for termination. The agency makes its "best efforts" to contact all prior institution employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The agency also provides information on substantiated allegations of sexual abuse/sexual harassment on a former employee, when requested from an institutional employer for whom such employee has applied to work, unless prohibited by law. Appropriate licensing and certifying agencies are notified, when professional staff are terminated for substantiated allegations of sexual abuse/sexual harassment. Documentation on file supports a finding that the facility is in compliance with this standard.

Instructions for Overall Compliance Determination Narrative

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency considers how such technology may enhance the agency's ability to protect inmates from sexual abuse. FPC Alderson was opened in 1927 with no fencing and an open dormitory style arrangement. The staff supervision is intermittent with five institution inmate accountability counts daily. The facility staff indicated that there are no plans to update or install advanced video and/or visual monitoring equipment. In addition, since August 20, 2012, there have been no substantial expansions/modifications to the facility.

PS 5324.11, pages 4, 5, 23 & 24; PS 6031.03, pages 42&43; Guide for First Responders/Operations Lieutenant and PREA Checklist and Instructions address the mandates of this standard. Correctional and medical staff were interviewed concerning this standard and all were knowledgeable of the procedures required to secure and obtain usable physical evidence, when sexual abuse is alleged. Staff were also aware the SIS conducts investigations relative to sexual abuse allegations. All forensic medical examinations are conducted by SANE/SAFE staff at Greenbrier Medical Center. The facility has a comprehensive medical service contract with the hospital and SANE/SAFE forensic medical examinations are a part of the contractual agreement. An interview with the SAFE/SANE representative at the Greenbrier Hospital was conducted and the contract provider is well aware of the provisions of the PREA standards. PS 5324.12, pages 43, 44 & 45 and FBI Memorandum of Understanding (MOU) address the mandates of this standard. Administrative and criminal investigations are completed on all allegations of sexual abuse/sexual harassment. The SIS, the Office of Internal Affairs, the FBI, and the Office of the Inspector General (OIG) conduct all investigations. The SIS was interviewed. He was very knowledgeable concerning the protocol for conducting investigations regarding sexual abuse/sexual harassment. There are 253 agency investigators and one trained FPC investigator. The Federal Bureau of Investigation (FBI) conducts the criminal investigations for the institution. The BOP/FBI Memorandum of Understanding, dated August 1996, delineates each agency's responsibilities relative to an incident involving a criminal act. There were three allegations of sexual abuse and sexual harassment during the auditing period. Three investigations were initiated and two were completed. One investigation is still pending. Of the two completed investigations, both were completed in accordance with the PREA standards and agency policy. The documentation related to the investigations was located in the SIS file and was reviewed by the auditor. The facility utilizes a PREA Compliance Manager Information Tracking Log to ensure all required steps of the investigation are completed and are timely. The tracking form is maintained by the SIS. The information being tracked includes the date the allegation was reported, name of the victim/perpetrator, Special Housing Unit (SHU) placement/reviews, initial two-day after-action review, full protocol, investigation outcome/date, date inmate notified of outcome and

retaliation monitoring. A review of training documents confirmed that all investigators received instruction in conducting sexual assault investigations in confined spaces/prisons. Interviews with staff, the investigator and an examination of support documentation confirm compliance with this standard.

Additionally, contractors and volunteers are provided training relative to their duties and responsibilities.

All staff are mandated to receive training annually and the curriculum includes an extensive review of

PREA requirements. In addition to reviewing the training curriculum, training sign-in sheets and other related documentation, staff interviewed indicated they were required to acknowledge, in writing, not only that they received PREA training, but that they understood it as well. PS 5324.12, pages 26 & 27; A&O Handbook (English and Spanish); Sexually Abusive Behavior Prevention and Intervention Pamphlet (SABPIP) (English and Spanish) and A&O Program Checklist/Signature Sheets address the mandates of this standard. The facility puts forth its best efforts in educating the inmates about the PREA. Inmates receive information during the intake process that

includes a pamphlet and inmate handbook, printed in both English and Spanish. The inmates have access to the TRULINCS computer program which also provides them with PREA information. There are PREA posters throughout the facility and in each housing unit, and a "Hotline" telephone number, which may be called to report sexual abuse or harassment. Since the "Hotline" telephone number is an 800 toll-free number, inmates are advised via the SABPIP Pamphlet to contact a member of their unit team to place the call. The OIG mailing address is listed in the A&O Handbook and posted in each housing unit for inmates correspond concerning any sexual abuse or sexual harassment allegation. There is also a language line available to LEP inmates. The auditor was provided a random sampling of A&O Checklists/Signature Sheets to verify that inmates, admitted during the auditing period, received Sexual Assault/Assault Prevention & Intervention education and relevant written materials. All inmates are required to acknowledge completion of PREA education. During the interview process, randomly selected inmates indicated they received information about the facility's rules against sexual abuse/harassment, when they arrived to the facility. They further indicated they were advised about their right not to be sexually abused/harassed, how to report sexual abuse/harassment and their right not be punished for reporting sexual abuse/harassment. Inmates were aware of services outside of the facility for dealing with sexual abuse. The handbook and SABPIP Pamphlet is provided to the inmates upon arrival to FPC Alderson.

Additionally, the BOP trains its investigative staff on the rights and warnings applicable in the federal sector. The SIS was interviewed and he was very knowledgeable of the PREA investigative process.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, page 29-35 & 49, addresses the mandates of this standard. Agency and facility policy require the use of a screening instrument (reviewed by auditor) to determine proper housing, bed assignment, work assignment, education and other program assignments, with the goal of keeping inmates at high risk of being sexually abused/sexually harassed separate from those inmates who are at a high risk of being sexually abusive. Bureau policy requires all inmates to be screened within 72 hours; however, they are almost always screened the first day of their arrival. Risk management staff review all relevant pre-sentence documentation and information from other confinement facilities and reassess an inmate's risk level, as necessary, within 30 days of his arrival. Agency policy prohibits inmates from being disciplined for refusing to answer, or for not disclosing complete information in response to questions regarding their mental/physical health, developmental disability, sexual preferences, sexual victimization history and perception of vulnerability. Housing and program assignments are made on a case-by-case basis and inmates are not placed in housing units based solely on their sexual identification or status. Interviews with risk management staff and a random review of risk screening assessments on file support the finding that the facility is in compliance with this standard.

PS 5324.12, pages 24, 26 & 33 and IS ALD 5324.12 meet the mandates of this standard. Agency and facility policy require the use of a screening instrument (reviewed by auditor) to determine proper housing, bed assignment, work assignment, education and other program assignments, with the goal of keeping inmates at high risk of being sexually abused/sexually harassed separate from those inmates who are at a high risk of being sexually abusive. Housing and program assignments are made on a case-by-case basis and inmates are not placed in housing units based solely on their sexual identification or status. There were two self-identified transgender and no intersex inmates incarcerated at FPC Alderson.

Three self-identified gay inmates were interviewed. During the audit, those risk management staff interviewed indicated transgender and intersex inmates are reassessed biannually and their own views with respect to his/her own safety are given serious consideration. Additionally, they are given the opportunity to shower separately from other inmates.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. Agency policy states that inmates at high risk for sexual victimization shall not be placed in involuntary special housing unless an assessment of all available alternatives has been made and there is no available means of separating the inmate from the abuser. The inmates are reassessed every seven days after entering the SHU. There were no inmates at risk of sexual victimization held in involuntary special housing in the past 12 months for one to 24 hours awaiting completion of an assessment. There are posters and other documents on display throughout the facility (observed by auditor) which also explain reporting methods.

Standard 115.52: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. - If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)
 Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.)  Yes No NA
 - After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 1330.18, pages 1, 2, 14, 15 &16, addresses the mandates of this standard. Inmates may file a grievance; however, all allegations of sexual abuse/sexual harassment, when received by staff, will

immediately be referred for investigation. Inmates are not required to use an informal grievance process and procedures also allow an inmate to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint. Additionally, policy also prohibits the investigation of the allegation by either staff alleged to be involved in the incident or any staff who may be under their supervision. There were no grievances filed involving PREA related issues during the past 12 months. There were no grievances alleging sexual abuse that involved an extension, due to the final decision not being reached within 90 days. Additionally, there were no grievances alleging sexual abuse filed by inmates in which the inmate declined third-party assistance. Inmates are held accountable for manipulative behavior and false allegations. Disciplinary action would generally be taken, if a grievance was filed in bad faith.

The website and posted notices assist third party reporters on how to report allegations of sexual abuse/sexual harassment. The inmates interviewed indicated they were aware of third party reporting and would probably feel more comfortable reporting an incident of sexual abuse to someone outside the facility. A National Sexual Abuse Hotline (800-656-HOPE) is also available to the inmate population for reporting incidents of sexual abuse/sexual harassment. Calls to toll-free telephone numbers must be coordinated with a member of the unit team, per the SABPIP Pamphlet.
