On October 3, 2020, FCI Aliceville began allowing visitation on a modified basis. Several measures were put in place mandating that visitors wear a face covering and remain socially-distanced from staff and inmates. Visiting days/hours for the FCI and SCP will remain as outlined in our Normal Visiting Schedule and Procedures. Inmates and visitors will be notified that deviations from protocol outlined in modified visitation procedures will be strictly enforced, and may result in termination of the visit. See below:

**Level (1) Green:**

- All inmates must wear a government-issued face covering.
- All visitors must wear a plain surgical mask. Masks will not be issued to visitors; they must arrive with a mask. Visitors without the required plain surgical mask will not be granted visitation.
- Inmates will not be allowed to touch or embrace visitors under any circumstance. Visitors will be strategically seated to allow for social distancing in the visiting room.
- Food and beverages will not be allowed.

**Level (2) Yellow:** (all of the above requirements and also the following):

- A clear vinyl screen will separate inmates from visitors.

**Level (3) Red:** (all of the above requirements and also the following):

- Visitors will be symptom screened upon entry into the facility. Visitors who are sick or symptomatic will not be allowed entry.
