1. PURPOSE: The purpose of this Institution Supplement is to afford offenders housed at the Federal Correctional Institution (FCI), and Satellite Camp Prison (SPC) Aliceville the privilege of having visitors of their choice within specific guidelines. This institution supplement must be read in conjunction with the directives affected.

2. POLICY: It is the policy of the Bureau of Prisons and FCI Aliceville that visiting privileges are an integral part of an inmate's institutional program. However, the number of visitors must be kept within reasonable limits due to space limitations.

A. Provide guidelines for keeping a record of visitors for all inmates.

B. Ensure all visiting areas are monitored to prevent the passage of contraband.

C. Provide for training to staff and volunteers.

5. **VICTIM/WITNESS CASES:**

Refer to Program Statement 1490.06, Victim and Witness Notification Program, for procedures when a Victim/Witness Program (VWP) inmate requests to place a victim or witness on her visiting list.

6. **VISITING FACILITIES:**

a. The maximum capacity rating assigned to the visiting room is 200 people. When this number has been reached, the termination of some visits will occur. Consideration will be given as to the frequency of visits and the distance traveled.

b. The Visiting Room will be arranged so as to provide adequate supervision in all of the visiting areas. The chairs and tables will be arranged to provide a comfortable environment.

c. A section of the visiting building will be equipped and set up to provide facilities for the children of visitors. Inmates are allowed inside the Children's Center with their approved children.

d. Reasonable accommodations have been made to ensure that all parts of the visiting area accessible to the public are also accessible to visitors and inmates with disabilities.

e. Non-Contact visiting areas are available at this facility and will be utilized when deemed necessary by the Warden or their designee.

7. **VISITING TIMES:**

a. Visiting hours for the FCI and SPC are from 8:00 a.m. to 3:00 p.m. Saturday, Sunday, and Federal Holidays. Inmates housed in the Special Housing Unit (SHU), will visit in the non-contact visiting room located in the FCI Visiting Room. The times are the same as general population.
b. Inmate visitors will not be allowed on institution property prior to 8:00 a.m. Processing of incoming visitors will be terminated at 2:00 p.m. Visitors in the visiting room will be required to depart at 3:00 p.m. No visitors will be processed into the visiting room 30 minutes prior to the 10:00 a.m. count on Saturday, Sunday and Federal Holidays. Front Entrance will continue processing after there is a clear and documented institutional count. There will be no inmate movement during count.

8. FREQUENCY OF VISITS AND NUMBER OF VISITORS:

a. Individuals Approved to Visit:

1) During initial orientation, each inmate will receive a copy of this supplement including Attachment (1) "Immediate Family Visiting List." Each inmate must complete the form and give it to the Admission and Orientation Counselor within forty-eight (48) hours of issuance whether or not she anticipates visits.

2) Inmates will have up to 16 points per month. The Warden may limit the length or frequency of visits to avoid chronic overcrowding.

3) The Warden may also authorize special visits to accommodate unique circumstances (e.g., a person traveling a long distance to visit, a person visiting a hospitalized inmate).

4) All proposed visitors, including immediate family members documented in the inmate's Pre-Sentence Investigation Report (PSI), must complete a Visitor Information form (BP-A0629) the form must be completed to its entirety, signed, and returned to institution staff by the proposed visitor prior to any further action concerning their approval to visit. Upon receipt and review of the authorized forms, the unit team will determine if the visitor is approved or disapproved. Staff may request background information from potential visitors who are not immediate family, before placing them on the inmate's visiting list. If the background information reveals that visitation privileges for the individual would present security concerns or disrupt the orderly running of the institution, the Warden or designee may deny visiting privileges. The inmates assigned Correctional Counselor will then give written notification to the inmate of the visitor approval or denial. Due to the Freedom of Information Act, information contained in, or a part of the Visitor Information Form (BP-629) cannot be disclosed to the inmate.

b. Number of Regular Visitors:
1) Inmates will be allowed a maximum of five adult visitors at one time and a maximum of five children. Exceptions will be requested through the Unit Manager/Camp Administrator for regular visiting days and from the Associate Warden for holidays. Inmates are not limited in the number of times that they may receive visits.

2) Inmates may make changes to their visiting lists by completing a "Requested Change in Visiting List" form (Attachment #2). Inmates can obtain this form from their Counselor. Once completed, inmates will return the form to their Counselor for processing. The form will be filed in the inmate's visiting file following approval or disapproval of the visitor.

c. Immediate Family Members:

1) Members of the immediate family will ordinarily be placed on the approved list of visitors upon the inmate's admission to the institution. Immediate family includes father, mother, foster parents, sisters, brothers, husband, children or step-children, and common-law husband if verified. The word spouse includes a common law relationship which has been previously established in a state that recognizes such a status. In states that do not, a common law relationship is not considered immediate family. If they are not mentioned, or if the PSI indicates they have a criminal record, the Visitor Information form (BP-A0629) must be completed in its entirety. The inmate's Unit Team will review the material and place the common-law relation on the visiting list once the relationship is verified. Exceptions to the prior relationship rule may be made, particularly for inmates without other visitors, when it is shown that the proposed visitor is reliable and poses no threat to the security or good order of the institution. Regardless of the institution's security level, the inmate must have known the proposed visitor prior to incarceration. The Warden or designee must approve any exception to this.

2) Visitors may visit only one inmate at a time, except for those inmates who are members of the same family. Inmates within the institution who are related as an immediate family member will be allowed to conduct their visits together with any of their immediate family members who are on the inmates' approved visiting list.

d. Other Relatives:

These persons include grandparents, uncles, aunts, in laws, and cousins. Placed on the approved list after completion of
a Visitor Information form (BP-A0629), and clearing a background check.

e. **Friends and Associates:**

1) The visiting list may include up to 20 (twenty) friends or associates. Unit Managers may make exceptions to this provision by issuing a memorandum to the Visiting Room Officers for specific dates and events. The inmate must have known the proposed visitor(s) prior to incarceration. Approval of visitors with no prior relationship to the inmate must be reviewed by the Warden. Approval of visiting for friends and associates will be made in accordance with this supplement and PS 5267.09.

2) Ordinarily, an inmate's visiting list should not list more than 20 friends and associates. The Warden may make an exception to this provision when warranted.

f. **Persons with Prior Criminal Convictions:**

1) Persons with prior criminal convictions may return to visit an inmate provided the inmate is an immediate family member. In such cases, the inmate must have approval in writing from the Warden at least two weeks in advance of the planned visit. The Correctional Counselor of the incarcerated inmate must prepare the letter for the Warden's signature and provide the Visiting Room with a copy of the approval, including the inmate's committed name if a name change has been made. If the inmate's visitors is in the community, and is still under supervision, she must obtain written approval of her U.S. Probation/Parole Officer.

2) Visitors who are on probation/parole or supervised release status must have approval from the Probation/Parole Officer prior to institutional approval being granted. A copy of this authorization must be maintained in Section Two of the FOI Exempt portion of the inmate’s Central file. Each request must be reviewed by the appropriate Unit Manager, and the review must be documented.

3) The existence of a criminal conviction alone does not preclude visits. Staff shall give consideration to the nature, extent and the date of convictions, as weighed against the security considerations of the institution. Specific approval from the Warden will be required before such visits take place.

g. **WALSH ACT REQUIREMENTS:** The Case Manager will coordinate with staff to approve or disapprove a visit for inmates who have been convicted of a sex offense involving a minor (WA W CONV). Any inmate identified as having a Walsh Act assignment involving a
minor will have his/her visits closely monitored. These inmates will be placed close to the Officer’s station for closer supervision and be seated away from children in the visiting room.

h. **Children under sixteen**: An adult visitor is considered to be 18 years of age and older. Pursuant to Program Statement 5267.09, Visiting Regulations, a child under the age of 16 years may not visit unless accompanied by a responsible adult. The signature of a parent or guardian on the Visitor Information Form is necessary to process a request for an applicant under 16 years of age. For further definition, signature authority is solely assigned to a parent or guardian that is not incarcerated at the time of application. Policy invokes a procedural modification through age distinction as a person between age 16 years and less than 18 years is not an adult by lawful definition. Therefore, such individual is strictly precluded from accompanying or supervising a minor during visitation. Individuals age 16 and under are not required to have an ID.

9. **QUALIFICATION AS SPECIAL VISITOR**: All special visits must be Requested by the Unit Manager routed through the Captain and approved by the AW(P), or designee. A memorandum authorizing the visit must be forwarded to the Front Lobby Officer, Visiting Room Officer, Captain, Duty Officer, Operations Lieutenant, and Central File ordinarily 24 hours prior to the visit. The Unit Team will also enter the information into the Visiting Program on the LAN System. This information must be entered prior to allowing the visitors entrance into the institution. If this information is not entered, then Unit Staff will be contacted concerning the visit and will take the appropriate action to either allow the visitor to enter or deny the visit. Ordinarily, the Special Investigative Supervisor (SIS) and Captain will approve and coordinate all interviews between law enforcement agencies and inmates. In the absence of the SIS, the Special Investigative Supervisor Technician (SIS Tech) will assume this function along with the Captain. The purpose of this is to acquaint institution officials with any new developments in an inmate’s situation that might jeopardize the safety and security of the institution. The completed form will be reviewed by the Captain, who will forward it to the Associate Warden (P), for final review. It will then be sent to the SIS for filing.

a. **Business Visitor**: Except for pretrial inmates, an inmate is not permitted to engage actively in a business or profession. An inmate who was engaged in a business or profession prior to commitment is expected to assign authority for the operation of such business or profession to a person in the community. In those instances where an inmate has turned over the operation of a business or profession to another person, there still may be
occasions where a decision must be made which will substantially affect the assets or prospects of the business. The Warden accordingly may permit a special business visit in such cases. The Warden may waive the requirement for the existence of an established relationship prior to confinement for visitors approved under this paragraph.

b. Consular Visitors: When it has been determined that an inmate is a citizen of a foreign country, the consular representative of that country will be permitted to visit on matters of legitimate business. Inmates who have had their visiting privileges suspended will be allowed a consular visit.

c. Representatives of Community Groups: The Warden may approve visits on a recurring basis to representatives from community groups (for example, civic, volunteer, or religious organizations) who are acting in their official capacity. These visits may be for the purpose of meeting with an individual inmate or with a group of inmates. The requirement for the existence of an established relationship prior to confinement for visitors does not apply to representatives of community groups. Prisoner Visitation and Support Group (PVS) visits will normally take place at the Visiting Room during regular visiting hours. Upon arrival the PVS volunteer will present the Visiting Room Officer with proper identification and names of the inmates she/he wishes to visit. PVS volunteers are not required to be on the visiting lists of the inmates they wish to visit and may bring writing materials (i.e. notebooks, paper, etc.) with them. An updated PVS list is maintained in the SHAREDOC file.

The following processing procedures apply to ministers of record and clergy:

1) Minister of Record: Inmates may receive visits from their Minister of Record. When this happens, the Clergy or Religious representative will be in addition to the normal number of visitors authorized.

2) Clergy: Visits from clergy (other than the minister of record) will be in accordance with the general visitor procedures, and will not count against the total number of regular visits allowed. Ordinarily, clergy visits will not be accommodated unless requested by the inmate. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy. Clergy/minister of record visits will be accommodated in the visiting room during regularly scheduled visiting hours and, to the extent practicable, in an area of the visiting room which provides a degree of separation from other visitors. If a private area
is not available, the visit may be rescheduled. The Warden may establish a limit to the number of minister of record and clergy visits an inmate receives each month. During times of personal or family emergencies, an inmate will be authorized a visit from his or her minister of record during regular visiting hours as practicable.

10. **ATTORNEY VISITS:** Visits by attorneys are not subject to auditory supervision. Tape recorders may be used where the attorney agrees, in writing, in advance of the interview that the only purpose of the recording is to facilitate the attorney-client relationship (reference ALI 1315.05). Normally, attorney-client visits will be conducted in the regular Visiting Room. Rooms have been designated for attorney-client visits. However, if the Visiting Room is crowded or the attorney requests a visit on a non-visiting day, this will be set up through the Unit Team. The Unit Team will supervise all attorney visits. The front lobby officer/staff escort will search any articles (i.e. briefcase paper, etc.) for contraband only. All materials, briefcases, bags, etc. must be x-rayed prior to entrance into the visiting room.

**IF AN ATTORNEY REPORTS TO THE INSTITUTION FOR AN ATTORNEY/CLIENT VISIT DURING NORMAL VISITING HOURS, THE ATTORNEY MUST BE ON THE INMATE'S APPROVED VISITING LIST, UNLESS A MEMORANDUM HAS BEEN PROVIDED BY THE INMATE'S UNIT TEAM. THIS MEMORANDUM IS TO BE APPROVED BY THE CAPTAIN. IF AN ATTORNEY WISHES TO VISIT AN INMATE DURING NON-VISITING HOURS, THE UNIT TEAM MUST APPROVE AND SUPERVISE THE VISIT. ALSO, THE UNIT COUNSELOR WILL INITIATE A NATIONAL CRIME INFORMATION CENTER INQUIRY. IF A REQUEST IS NOT APPROVED, THE UNIT COUNSELOR WILL NOTIFY THE INMATE IN WRITING.**

11. **MEDIA VISITS:** All news media visits will be approved by the Warden. A media representative who wishes to visit outside his or her official duties, however, must qualify as a regular visitor or, if applicable, a special visitor.

12. **TRANSPORTATION ASSISTANCE:**
   a Attachment #4 provides directions to FCI Aliceville. Visitors are to park vehicles in the parking lot, in marked spaces, adjacent to the institution in marked "Visitor Parking." When a visit ends, visitors must leave the Institution grounds immediately. Persons not approved to visit, but who accompany approved visitors, are not permitted to remain in the Institution parking lot and must leave the grounds. They may return for the transport of the approved visitor at the conclusion of the visit.

   b All visitors are to ensure transportation is arranged prior to the visit.
13. VISITS TO INMATES NOT IN REGULAR POPULATION STATUS:

a. Admission and Holdover Status: The Warden may limit visitors to the immediate family of the inmate during the admission-orientation period or for holdovers where there is neither a visiting list from a transferring institution nor other verification of proposed visitors.

b. Hospital/Medical Observation Patients:

1) When visitors request to see an inmate who is hospitalized in the institution, the Chief Medical Officer (or, in his/her absence, the Health Services Administrator), in consultation with the Captain, shall determine whether a visit may occur, and if so, whether it may be held in the hospital.

2) When a visit is denied because the inmate is suffering from an infectious disease, is in a psychotic or emotional episode which makes a visit inadvisable, or is otherwise not in a condition to see visitors, the situation is to be carefully and sensitively explained to the approved visitor. The visitor will be notified in writing and by telephone by the unit team, if possible a date and time when the inmate can receive a visit will be provided. Documentation is to be maintained in Section 2 of the Privacy Folder of the Inmate Central File.

3) Inmates with medical conditions will be reviewed by the Chief Medical Officer or in his/her absence, the Health Services Administrator, in consultation with the Captain, to determine whether visiting will be permitted. All visits will be in the Visiting Room unless the Warden decides another location will be appropriate.

4) Visits to inmates hospitalized in the community may be restricted to only the immediate family and are subject to the general visiting policy of that hospital and will be approved by the Warden.

5) An extended visit may be authorized with the approval of the Warden for inmate(s) admitted to the outside local hospital with life threatening conditions and/or terminal illnesses.

c. Detention or Segregation Status: Ordinarily, an inmate retains visiting privileges while in detention or segregation status. Visiting may be restricted or disallowed, however,
when an inmate, while in detention or segregation status, is charged with, or has been found to have committed, a prohibited act having to do with visiting guidelines or has otherwise acted in a way that would reasonably indicate that he or she would be a threat to the orderliness or security of the visiting room.

Loss of an inmate's visiting privileges for other reasons may not occur unless the inmate is provided a hearing before the Discipline Hearing Officer (DHO).

Inmates that are housed in Administrative detention or Disciplinary segregation status will visit via video in the Special Housing Unit. These hours are the same as the general population. In the event the Video Visiting Program is not functioning, inmates will be afforded a visit in a non-contact room in the Visiting Room, this will be under escort and constant supervision. The room designated for the Video Visiting will hold no more than two inmates at one time. In the event there is a separation case occurs, the Operations Lieutenant and Institution Duty Officer will be notified immediately. If the Video Visitation Program is not functioning properly the Lieutenant will immediately notify the Captain. The rotation will be done on a first-come first-serve basis. These inmates will be afforded at least one hour of visitation, and if there are no visitors waiting, they will be given the same hours as general population inmates.

d. Overcrowding/ Early Termination: Should it become necessary to curtail or terminate visiting because of overcrowding, a Lieutenant and Duty Officer will be notified. During such conditions, a two hour maximum visiting time limit will go into effect. The officers will apply time limit first to those who reside within 200-mile radius of FCI Aliceville. If overcrowding conditions continue, those who have had more frequent visits will be terminated first and then those who have been visiting for the longest period of time for that day will be terminated or curtailed next.

14. PROCEDURES:

a. The Warden of the institution shall establish and enforce local visiting guidelines in accordance with the rules and regulations of the Bureau of Prison.

b. Ordinarily, the Captain will be responsible for the Visiting Rooms appearance/operation and the training of visiting room officers.
c. Preparation of the List of Visitors:

1) Staff shall ask each inmate to submit during the admission-orientation process a list of proposed visitors. After appropriate investigation, staff shall compile a visiting list for each inmate and distribute that list to the inmate and the visiting room officer. Following approval of the visiting list by the inmate's Counselor, a copy of an approved list will be sent to the inmate. The original Immediate Family Visiting List, (Attachment #1), will be filed in the inmate's Central File. A hard copy will also be placed in the binder in the front lobby, as a secondary source if the visitation computer is unavailable. When a change is to be made, a Counselor will update the inmate's Central File and print a visiting list with copies to the inmate and the inmate's Central File. The Visiting Room program will also be updated by the Correctional Counselor and/or Unit Staff. The data in this computer program will be kept accurate and complete at all times. The Unit Counselor will periodically review the visiting list to ensure its accuracy. The list may be amended once a month by the inmate's submission of an Inmate Request to Staff.

2) The inmate is responsible for notifying each approved visitor of visiting procedures and will be given Attachment #5 Visiting Information during initial orientation.

3) All visitors must be approved before a visit will be granted. The inmate is responsible for submitting the original list for approval and any subsequent changes to the Correctional Counselor. There is no limit to the number of changes or updates to the inmate's visiting list, each change may take up to three weeks to complete.

4) Visits from persons not on the approved list for routine visiting must be approved on an individual basis, in advance, by the inmate's Unit Manager. These persons must write to the Unit Manager at least two weeks prior to the proposed visit, explaining the circumstances for the request. If the visit is approved, the person will be sent a letter verifying the approval or denial. The Unit Manager will distribute copies of the approval letter to the Lieutenants Office, Visiting Room, and Institution Duty Officer. Verification of Special Visitor Credentials: Staff must verify the qualifications of special visitors. Staff may request background information and official assignment documentation from the potential visitor for this purpose.

Identification of Visitors: Staff will verify the identity of each visitor (through driver's license, photo identification)
prior to admission of the visitor to the institution. Photo identification must be a valid state or government issued photo identification. If a visitor does not present identification with a photograph, the visitor will not be allowed to visit. The visitor must complete the Notification of Visitor Form (attachment 3) in its entirety prior to enter the visiting room. The Front Lobby Officer will verify the visitor is on the inmate's approved visiting list by accessing the visitor computer system. In the event that the computer visiting program system fails staff will verify the visitor is authorized to visit with the documents maintained in the inmate's central file. Documents maintained by the inmate may also be considered and each inmate must have a copy of her most current visiting list provided by unit team. Visitors under the age of 16 who are accompanied by a parent or legal guardian are exempt from this provision.

D. Ultra-Violet Light Procedures for the FCI: After each visitor has been processed; each visitor will have a stamp applied to a predetermined location on the visitor's hand (including children). The visitor's hand will be checked with the black light upon entering the FCI to assist in verifying identity. The Visiting Room Officers will ensure each visitor's hand is checked with black light at the time of entry/Departure of the Visiting Room. At the conclusion of a visit, visitors will be escorted toward the Front Entrance, Control Center staff, along with the escorting officer; will visually verify the stamp prior to entry into the sally port.
