C. Inmates housed in Temporary Holding or as a holdover may receive visits and be afforded the same visiting hours as the general population. Visitation may be denied if it is determined by the Warden that to permit visitation might threaten the security of the institution. Visits for these inmates will be held at a table near the officer’s station and will be closely monitored by the Visiting Room officers. No outside visiting shall be permitted.

D. Maximum rated capacity in the Visiting Room is not to exceed 570 persons, including children.

E. There are no non-contact visiting areas.

F. The institution phone number is (979) 823-1879. If transportation is required, a local Taxi Service will be utilized.

G. FPC Bryan does not have pretrial holdover or detainee inmates; therefore, visiting for that category of inmates does not occur at this institution.

5. **ACTION:**

A. Approved Visitors:

1. During the institution/unit orientation process, each inmate will complete a list of proposed visitors by submitting the Visiting List Information Form (Attachment 2) and Supplemental Visiting List
Information Form (Attachment 3) to her unit counselor. Members of the inmate's immediate family will normally be placed on the inmate's approved visiting list upon arrival at Bryan, subsequent to relationship verification via the Pre-Sentence Investigation report. Immediate family members include: spouse, father, mother, stepfather, stepmother, brother(s), sister(s), children, stepchildren, or anyone having served as a parent such as a legal guardian, foster parent, grandparents (established by name in the Pre-Sentence Investigation report). Common-law spouses shall be referred to the Unit Manager for review of relevant state law prior to being added to the visiting list. In regards to non-family visitors, the inmate must have known the proposed visitor(s) prior to incarceration. The Warden must approve any exception to this requirement.

2. The inmate is responsible for sending the Visitor Information Form (BP-S629.052) and the Visiting Regulations Sheet (Attachment 4) to each prospective visitor. The Visitor Information Form is to be returned by the visitor directly to the inmate’s unit team. The Unit Team may conduct a background check on all potential visitors. If a visitor is disapproved, the inmate will be notified by a member of the Unit Team. The inmate may challenge the Unit Team’s decision by appealing to the Warden in writing.

The parent or legal guardian (not the inmate) must sign the Visitor Information Form (BP-S629.052) indicating their consent for a person under the age of 18 to visit.

3. The Visiting List Information Form will be completed by unit staff. The original list will be maintained in the inmate's Central File. Inmates may submit any changes on an as needed basis. All changes will be made by unit staff. Each inmate is limited to thirty (30) visitors on the approved visiting list. Unit staff will ordinarily have a copy of the approved visiting list to the Visiting Room Officer within five (5) days of receipt. At this time the Unit Team will input this visiting list into the Visiting Room Computer Housing Program. A "hard" copy of each inmate’s visiting list will be maintained by the unit team in the inmate’s central file. A "hard" copy will also be forwarded to Visiting Room staff for placement in the inmate’s
visiting file to be used as a back-up system to the computer visiting program.

4. Each inmate may receive five (5) adult visitors and five (5) children visitors at a time. If an inmate has more than five (5) children in their family, they may choose to split the visit or request a special visit on an infrequent basis. If an inmate wishes to have additional children for a special visit, the inmate must submit a request to their Unit Team outlining such a request and await approval. Once approval is granted, the inmate must notify the affected visitor. However, if the Visiting Room reaches crowding conditions, this visit may face termination to allow additional visitors to enter.

5. If a special request for additional visitors or a special visit for extenuating circumstances is granted, this approval will be annotated by the Unit Team in the institution’s computer visiting program and a hard copy of the request with approval noted will be forwarded to the Visiting Room staff to be placed in the inmate’s visiting file.

6. Each inmate will submit a Supplemental Visiting List Information (attachment 3) when additional names of immediate family or other individuals are requested for placement on their visiting list.

7. Visitors who have not reached their 16th birthday must be escorted by a responsible adult visitor (a person who has reached their 18th birthday). Each member of this party (children 16-17 and adult visitors) must be on the approved visiting list of the inmate to be visited.

Requested visitors who are 16-17 years of age and not accompanied by a parent, legal guardian, or immediate family member who is 18 years of age must have written approval of a parent, legal guardian, or immediate family member who is 18 years of age prior to visitation.

It is the inmate’s responsibility to ensure their visitors are aware of and notified of the institution visiting rules and regulations.
VISITOR AGE GROUPS

0-17 years old - Minor
18 years and older - Adult

B. Termination of Visits:

1. Visitors may visit the full period of posted visiting hours on any scheduled visiting day, provided the Visiting Room does not become overcrowded. In the event of overcrowding, it may be necessary to terminate visits. A decision to terminate visits will be made by the Institution Duty Officer and the Operations Lieutenant. In making the decision, he/she will consider the distance traveled and the frequency of visits.

2. Visits may be terminated when visiting becomes indecent, loud, profane, or affects the general order of the visiting area. At such time, the Visiting Room Officer may issue a verbal warning and notify the Institution Duty Officer of the situation. When terminating a visit, visiting room officers should consult with the Operations Lieutenant or Institution Duty Officer. The Operations Lieutenant and/or Institution Duty Officer may terminate the visit.

3. If a visit is terminated, the Institution Duty Officer shall notify the Administrative Duty Officer on the next regular business day and shall note the event in the Duty Officer Report.

C. Record of Visitors: The Visiting Room Officer will ensure each visitor signs the Visiting Log and completes the Title 18. The log books will be maintained in accordance with policy.

6. PERSONS WITH CRIMINAL RECORDS: The existence of a criminal record does not, in and of itself, constitute a barrier to prospective visits.

Consideration will be given to the nature and extent of the criminal record and a history of recent criminal activities, as weighed against the value of the relationship.

Each case involving a criminal record must have the specific approval of the Unit Manager.
7. **IDENTIFICATION OF VISITORS:** All visitors will report directly to the Visiting Reception Desk and process through the identification procedure. The officer will ensure the potential visitor is on the approved visiting list. Each visitor who has reached their 16th birthday will complete the Visitor Declaration Form and the Notification to Visitor Form. The completed forms will be retained in the Captain's Office. Staff shall verify the identity of each visitor through driver's license, photo identification prior to admission of the visitor to the institution. Photo identification must be a valid state or government issued photo identification. A passport or government issued photo identification from a country other than the United States is permissible. All visitors, except those who have not reached their 16th birthday must present photo identification before being permitted into the Visiting Room. All photo ID's will be retained by Visiting Room staff until completion of the visit. Persons without proper photo identification and whose identity cannot otherwise be verified will not be permitted to visit.

8. **CONDUCT IN THE VISITING ROOM/AREA:**

A. Inmates will not enter the visiting area until appropriately notified of the visit. Inmates will not meet the visitor outside the visiting area or accompany the visitor outside the designated visiting area during or at the conclusion of the visit. Visitors must leave the institution perimeter at the conclusion of the visit.

B. The outside visiting area will ordinarily open by 11:00 a.m., based upon staffing and weather permitting. The outside visiting area will close at approximately 3:00 p.m. on Saturday and Sunday.

C. Visits will be conducted as informally and pleasantly as the physical conditions will permit. A handshake, embrace, and kiss within the bounds of good taste are permitted at the beginning and end of the visit. Holding hands during the visit is permitted. Other physical contact is prohibited and may be deemed sufficient to justify termination of the visit and issuance of an incident report. It is the responsibility of the inmate to control the actions of her visitor(s) and children. Children are to remain under the direct supervision and control of their parents in all areas of the visiting room. Failure to maintain proper control may result in the termination of the visit.
D. A section of the Visiting Room is designated for the children of inmates and their visitors.

Inmates are allowed inside the Children’s Center with only their approved children.

9. **PROPER DRESS IN THE VISITING ROOM/AREA:**

   A. Inmates will wear institution-issued khaki uniform, khaki coats, buttoned shirts and boots or shoes during visitation. T-shirts shall not be worn except underneath the buttoned shirt. Sweatshirts and boots purchased in the Commissary may be worn during visitation. Sweatshirts worn over institution-issued clothing must have a label applied. The institution will apply the same label to sweatshirts that is applied to inmate issued clothing. Picture ID cards will be given to visiting room staff upon arrival to the visiting room. ID’s will be returned upon completion of the visit.

   B. Inmates are responsible for informing their prospective visitors of the dress attire permitted in the visiting room. Visitors are expected to wear clothing which is neither provocative nor enticing to the extent that a disruption to the orderly running of the institution could ensue. Any item that has not been opened or unused may be removed from the Visiting Room by the visitor.

H.
