

INMATE
ADMISSION & ORIENTATION
HANDBOOK

UPDATED: January 20, 2023

INTRODUCTION

This inmate handbook will provide you with information about the programs, operations, rules, and regulations of the Federal Prison Camp, Bryan, Texas. The handbook is a supplement to the information available to you from Bureau of Prisons program statements, institution supplements, and memoranda from the local administration, as well as the various departments within the facility. It is your responsibility to seek clarification of any issues which you find unclear. The Inmate Law Library has various policies to adequately address concerns you may have regarding the programs. Various documents are translated into Spanish to better assist our Spanish-speaking inmates. If any conflict or confusion occurs in reading the Spanish document, the English version of the document shall serve as the official document of record.

The programs at this institution are structured around the workday, to permit maximum participation which will not conflict with your work. We provide these programs as opportunities to meet individual needs as identified by you and your Unit Team. Your successful participation in these programs will be considered in evaluating your release readiness and suitability for community programs.

This is a minimum security facility located on 37 acres at 1100 Ursuline Avenue, Bryan, Texas 77805. The phone number to the institution control room is (979) 823-1879. At the Federal Prison Camp, Bryan, Texas, you will be treated in a mature and responsible manner, and you will be expected to act accordingly. Your strict compliance to the rules and regulations of the facility is an essential part in exhibiting the responsible behavior required at this institution.

Communication plays a vital part in the development of a positive atmosphere within a correctional facility. This inmate handbook is intended to help promote communication, as well as eliminate confusion about the Federal Bureau of Prisons and FPC Bryan's Rules and Regulations.

The information that is contained in this handbook is current as of the date of publication. It contains summaries of Federal Bureau of Prisons and FPC Bryan's policies and is subject to change. It is intended to be used by staff and inmates of this facility as an easy reference, but policy obviously takes precedence over information contained within this handbook.

INTAKE, CLASSIFICATION AND THE UNIT TEAM

Orientation

Inmates are given a social screening by Unit Management staff and medical screening by Health Services and Mental Health staff at the time of arrival. Inmates are immediately provided with a copy of the institution rules and regulations, which include information on inmate rights and responsibilities. It also includes information on sexual assault and abuse.

Within 28 days of arrival, inmates will participate in the Admission and Orientation (A&O) Program. While in A&O, inmates are advised of the programs, services, policies, and procedures regarding the facility.

Classification Teams (Unit Teams)

Each inmate is assigned to a housing unit. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for the inmates living in the unit. The unit offices are located in the units so staff and inmates can be accessible to each other. The unit staff typically includes a Unit Manager, Case Manager, Correctional Counselor, and Unit Secretary. The Staff Psychologist, Education Advisor and Unit Officer are considered members of the Unit Team and provide input for classification purposes.

Inmates are assigned to a specific Unit Team. Generally, the resolution of issues or matters of interest while at the institution are most appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas, including parole matters, release planning, personal and family problems, counseling, and assistance in setting and attaining goals while in prison. Ordinarily, a member of the unit staff will be at the institution from 7:30 a.m. to 9:00 p.m., and during the day on weekends and holidays.

GENERAL FUNCTIONS OF UNIT STAFF

Unit Manager: The Unit Manager is the administrative head of the general unit and oversees all unit programs and activities. The Unit Manager is the Chairperson of the team which comprises the Case Manager, Correctional Counselor, with input from Education and Psychology staff. The Unit Manager reviews team decisions and may chair the Unit Discipline Committee (UDC), which is a body that hears disciplinary infractions. The Unit Manager is ordinarily present during initial classification and subsequent program review(s) in which RRC placement is discussed.

Case Manager: The Case Manager is responsible for all casework services and prepares classification material, progress reports, release plans, correspondence, and other materials relating to the inmate's commitment. The Case Manager serves as a liaison between the inmate, the administration, and the community.

Correctional Counselor: The Counselor provides counseling and guidance for the inmates of the unit in areas of institutional adjustment, personal difficulties, and plans for the future. She/he plays a leading role in segments of unit programs relating to inmate activities. The Unit Counselor may conduct counseling groups for inmates in his/her unit and/or groups open to the general population.

Unit Secretary: The Unit Secretary performs clerical and administrative duties, to include the preparation of release paperwork.

Unit Officer: The Unit Officers have direct responsibility for the daily supervision of inmates and the enforcement of rules and regulations. They have safety, security, and sanitation responsibilities in the unit. Unit Officers are in regular contact with inmates in units and are encouraged to establish professional relationships with them, as long as such interaction does not interfere with their primary duties. Unit Officers control movement in and out of the unit and conduct regular searches for contraband.

Communications

Normally, a unit staff member is available each day of the week and most evenings until 7:00 p.m. The unit bulletin boards and the TRULINCS system contain written communication of interest to inmates. Unit Managers may utilize monthly Town Hall meetings to dispense information and foster improved communications. Unit team members will utilize either open house hours or an open door policy to address inmate concerns. Inmates are also encouraged to use Inmate Requests to Staff to make requests in writing and/or via electronic request.

Initial Classification/Program Reviews

Inmates initially designated to the institution will receive initial classification within 28 days of arrival. Unit, Education, and Psychology staff will assess each inmate and work with them to develop an individual plan which will address skill deficits that may deter successful reentry into the community.

Subsequent program reviews will be held every 90 to 180 days, depending upon release date. These are held by the Unit Team to review progress on programming goals, work assignments, transfers, custody/security level, institutional adjustment, etc. The inmate may not waive appearance with the Unit Team.

Special Populations Coordinator (SPC)

Is primarily a direct service provider of psycho-educational groups created to ensure the Bureau provides programs that are gender-responsive and trauma informed (GR&TI), culturally sensitive, and address the unique needs of women at facilities that house [female offenders](#). They are institution staff, supervised locally, and supported by close consultation and guidance with the Women and Special Population Branch (WASPB) through the [WASPB Specialist](#) and National Special Population Coordinators.

The SPC may also address the needs of other vulnerable populations under the WASPB umbrella.

Reentry Pre-Release Programming

Release preparation begins on the first day of incarceration. The BOP's reentry strategy provides inmates with the opportunity to gain the necessary skills and resources to succeed upon release.

Through coordinated efforts among the departments in the institution and collaboration with other agencies, a wide array of programs and activities are offered to better inmates' chances of a successful reentry upon release.

It is imperative at initial classification (Team) that inmates are open and honest when answering questions to allow the team to accurately identify needs and make appropriate program recommendations to improve inmates' chances of a successful reentry. Each time an inmate goes to team, he or she will receive a progress update and new recommendations as warranted. Contributors and programming recommendations include Education, Health Services, Psychology, Unit Team, Recreation, Religious Services, the inmate's Work Detail Supervisor, and the inmate. Inmates are strongly encouraged to take advantage of the program recommendations.

Additionally, to make the transition back to the community go as smoothly as possible, inmates should obtain at least two forms of identification to include a social security card.

There are periodic escorted trips to the Department of Public Safety should additional identification be needed. Inmates may also be eligible for some benefits upon release (e.g., social security disability, veteran's, Medicare etc.) to make the transition easier. Staff may be able to provide you with information concerning benefits so that you may determine your eligibility and begin the application process, if applicable, prior to release.

Lastly, the Resource Center, located in the Education Department, can also provide you with pre and post release programming and education ideas, potential employment and housing information, as well as potential benefits information.

Town Hall Meetings

Town Hall meetings are held to make announcements and to discuss changes in the policy and procedures of the unit. Inmates are encouraged to ask pertinent questions of the staff and any guest speakers who are present. These questions should pertain to the unit as a whole, rather than personal questions or problems. Personal issues will be resolved by unit staff during the regular working hours which are posted in each unit.

Treaty Transfer for Non-U.S. Inmates

Inmates who are not U.S. citizens may be eligible for a transfer to their home country to serve the remainder of their sentence. At initial classification, the inmate will be advised if the inmate's home country has a formal exchange treaty with the United States. The Case Manager will provide additional information regarding an inmate's eligibility for participation in the program.

Foreign Consular

The most recent publication of the Consular Notification and Access directory will be located in the Law Library.

DAILY INMATE LIFE

Sanitation

It is the inmate's responsibility to check her room immediately after being assigned there and report all damages to the Unit Officer or Correctional Counselor. An inmate may be held

financially liable for any damage to her personal living area. Each inmate is responsible for making her bed in accordance with posted regulations before work call (including weekends and holidays when she leaves the area). Each inmate is also responsible for sweeping and mopping her room floor, removing trash, and ensuring it is clean and sanitary. Cardboard boxes and other paper containers are not permitted for storage due to their combustible nature. Lockers must be neatly arranged inside and out, and all shelving must be neat and clean. Chairs are assigned to each cell, and will not be defaced or marked in any manner by the inmate.

Toothpaste, toothbrushes, combs, razors, and soap for personal hygiene are issued by the institution. Inmates may purchase name brand items through the Commissary.

Personal Property Limits

Items which may be retained by an inmate are limited for sanitation and security reasons, and to ensure excess personal property is not accumulated which would constitute a fire hazard or impair staff searches of the cell.

Each institution is required to establish an Institution Supplement regarding Inmate Personal Property, specifically identifying personal property which the inmate may retain.

Storage Space

Staff shall set aside space within each housing area for use by an inmate. The designated area shall include a locker or other securable area in which the inmate is to store authorized personal property. The inmate shall be allowed to purchase an approved locking device for personal property storage in regular living units. Limited space may also be available under the bed for approved items.

The amount of personal property allowed each inmate is limited to those items which can be neatly and safely placed in the space designated. Under no circumstance will any materials be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard.

Clothing

Civilian clothing (i.e. clothing not issued to the inmate by the Bureau or purchased by the inmate through the Commissary) ordinarily is not authorized for retention by the inmate. Pre-release civilian clothing for an inmate may be retained by staff in the Receiving and Discharge area during the last 30 days of an inmate's confinement. All inmates are prohibited from wearing any clothing not government-issued or purchased in the Commissary. No inmates may be issued, permitted to purchase, or have in their possession any blue, black, red, or camouflage clothing or cloth items. Commissary sales of clothing are limited to the following colors: Only gray and/or white clothing may be sold in institutions for males and only pastel green, gray, and/or white may be sold in institutions for females. The only exception is for religious headgear. All government clothing, except undergarments, will be tagged with a label indicating the inmate's name and registration number. These items are to be neatly stored in the identified storage space provided. Individual washcloths and towels are issued to inmates.

Representative authorized footwear/shoes may include: work (1 pr.), shower (1 pr.), athletic/specialty (1 pr. – black, white, grey, or a combination thereof with a maximum value of \$100.00), slippers (1 pr.), and casual (1pr.). Footwear will be placed neatly under the bed.

Commissary/Special Purchase Items

These items are authorized to the point they can be contained in the storage area provided for personal property.

Letters, Books, Photographs, Newspapers, and Magazines

An inmate will be limited in the number of letters, books, photographs, magazines, and newspapers that can be stored in their designated storage space. Nothing is to be tacked, stapled or scotch taped to any surface except to bulletin boards. Ordinarily, photographs, particularly those of family and friends, are approved, since they represent meaningful ties to the community.

A personal photograph is defined as a photograph intended for individual viewing, as opposed to a photograph published for commercial use. Personal photographs may be stored or displayed in the housing units according to local sanitation and housekeeping guidelines.

Inmates may not retain Polaroid photos. Nude or sexually suggestive photos (individual prints or copies as opposed to those from publications) present special concerns about personal safety, security, and good order, particularly when the subject is an inmate's relative, friend, or acquaintance or could reasonably be perceived as such.

For these reasons, an inmate may not be permitted to retain, receive, or possess a personal photograph in which the subject is partially nude or nude, or when the photograph depicts sexual acts such as intercourse, fellatio, or sodomy. These materials will be returned to the sender upon receipt at the institution.

Legal Materials

Staff may allow an inmate to possess legal materials in accordance with the provisions on inmate legal activities.

Hobbycraft Materials

Staff shall limit an inmate's hobby shop projects within the cell or living area to those projects which the inmate may store in designated personal property containers. Staff may make an exception for an item (for example, a painting) where size would prohibit placing the item in a locker.

This exception is made with the understanding that the placement of the item is at the inmate's own risk. Staff shall require that hobby shop items be removed from the living area when completed.

Radios, MP3 Players, and Watches

An inmate may possess only one approved radio or MP3 player, and watch at a time. The inmate must be able to demonstrate proof of ownership. An inmate who purchases a radio, MP3 player, or watch through a BOP commissary is ordinarily permitted the use of that item at any BOP institution if the inmate is later transferred. If the inmate is not allowed to use the radio, MP3 player, or watch at the new institution, the inmate shall be permitted to mail, at the receiving institution's expense, the item to a destination of the inmate's choice. Where the inmate refuses to provide a mailing address, the radio, MP3 player, and/or watch may be disposed of through approved methods, including destruction of the property.

The MP3 player can be managed through TRU-Units. This service allows inmates to manage the player and to purchase non-explicit music.

Jewelry

Inmates may have a plain wedding band and an appropriate religious medallion and chain without stones to be worn on the inside of the shirt. The value of these items are not to exceed \$100.00 each.

Smoking

Inmate smoking is prohibited in all BOP facilities.

Quarters Rules

In order to minimize maintenance costs, permit uniform inspection, search procedures, and maintain orderly congregate living, the institution has imposed reasonable regulations on inmate conduct and furnishings in housing units. Unit Officers and Counselors inspect rooms daily and publish individual ratings of appearance.

The rules include items such as:

- All beds are to be made daily in the prescribed manner. If a cell or room is not acceptable, disciplinary action will be taken.
- Unit meal rotation is ordinarily based on weekly sanitation ratings of each unit. The unit with the highest sanitation is called first, and the unit with the lowest rating is called last.
- Each inmate is responsible for the cleaning and sanitation of her room.
- Everyone is responsible for cleaning up after themselves.
- Sexually suggestive photographs are **NOT** authorized for display outside of the individual locker or cabinet. Provocative pictures, posters, cartoons, and any items cut out of magazines may not be displayed on the bulletin boards or in any cell or dorm.
- Showers are available every day, but inmates may not be in the shower during an official count.
- Safety shoes must be worn to work as designated in policy.
- Unit televisions may be viewed during established off-duty hours. During normal working hours, unit televisions may be viewed at the discretion of staff.

Wake-up

A general wake-up for all inmates is 6:00 a.m. It is the inmate's responsibility to leave the unit for meals and work. Late sleepers who are unable to maintain rooms or arrive at work on time are subject to disciplinary action.

Clothing Exchange & Laundry

Institutions issue clothing to the inmate population that is properly fitted, climatically suitable, and presentable. Institutions will furnish each inmate with sufficient clothing to allow at least three changes of clothes weekly.

Institutions establish local procedures to account for the initial issue of Government-furnished items to inmates and for their return before release. Government-issued clothing will not be altered or disfigured in any manner. Examples include, but not limited to, the following: converting pants to shorts, pleats, cutting off shirt sleeves, defacing clothing, etc. An inmate found to have destroyed government property may receive an Incident Report and appropriate disciplinary action will be taken.

Each institution has established local procedures for replacing lost or damaged clothing, or clothing that does not properly fit. Additionally, you may contact the Trust Fund Department for guidance or questions related to the Laundry/Clothing operation.

The institution may provide clean clothing in several ways: access to self-serve washers, a centralized laundry, or a combination of the two.

Commissary

The BOP maintains inmates' monies (Deposit Fund) while incarcerated. The purpose of the Deposit Fund is to provide inmates the privilege of obtaining merchandise and services either not provided by the BOP or a different quality than that provided by the BOP.

An inmate may use funds in their account to purchase items at the institution commissary, place funds on their inmate phone account, purchase TRU-Units for their TRULINCS account, or send funds by creating a BP-199. Inmates may not be in possession of cash at any time. Upon release, all Trust Fund accounts will be consolidated and placed on an Inmate Release Debit Card.

Commissary and validation schedules are posted on the inmate bulletin boards. Funds are withdrawn after positive identification by commissary card or fingerprint identification. It is the inmate's responsibility to know the amount of money available in her account. Inmates may verify their account balances by utilizing the TRULINCS or the inmate telephone (118+PAC). Inmates must have their commissary card in their possession at all times for identification purposes.

Spending Limitations

The National Spending Limit is \$360.00 but may be further restricted at the local level. Each inmate account is revalidated on a monthly, bi-weekly, or weekly cycle.

There is a flat fee of \$4.95 for each transfer. Instructions for using this service are posted on TRULINCS and the bulletin boards in the housing units.

TRULINCS

The Trust Fund Limited Inmate Computer System (TRULINCS) is the inmate computer network that provides inmates access to multiple services. At no time do the inmates have any access to the Internet.

Inmate's access dedicated TRULINCS workstations installed in various housing units and common areas to perform various functions using their register number, Phone Access Code (PAC), and Commissary Personal Identification Number (PIN). Inmate access to these workstations varies depending on the institution.

Account Transactions – This service allows inmates to search and view their Commissary, telephone, and TRULINCS account transactions, as well as, view their Media List.

Bulletin Board – This service is used to supplement the use of inmate bulletin boards within the institution for disseminating information to the inmate population.

Contact List - This service is used by inmates to manage their email address list, telephone list, and postal mailing list. Inmates also mark for print postal mailing labels within this service.

If an email address is entered for a contact, TRULINCS sends a system generated message to the contact directing them to www.corrlinks.com to accept or reject email contact with the inmate prior to receiving any messages from the inmate. If a positive response is received, the inmate may begin exchanging electronic messages with this contact. If a contact rejects TRULINCS participation, the inmate is blocked from sending any messages to that email address.

Law Library – This service allows inmates to perform legal research

Manage Funds – This service allows inmates to manage their personal funds by creating/canceling Requests for Withdrawal of Inmate Personal Funds (BP-199) and their Pre-Release Account.

Manage TRU-Units – This service allows inmates to purchase TRU-Units using available Commissary funds or transfer TRU-Units back to their Commissary account.

receive the prescription refill request and process the request accordingly. Inmates will follow established local procedures for picking up requested prescriptions.

Print – This service allows inmates the opportunity to print various documents marked for print within TRULINCS. Mailing labels and BP-199 forms may be printed for free. All other documents can be printed at a cost.

Public Messaging – Inmates may correspond with friends and family using public messaging. This is a restricted version of email that will only allow text messages and no attachments. There is a cost per minute fee for using this service. Messages are limited to 13,000 characters.

Request to Staff – This service allows inmates to correspond with staff electronically. The list of available departments varies by institution; however, there is a standard DOJ Sexual Abuse Reporting mailbox available that provides inmates with an additional method to report allegations of sexual abuse and harassment directly to the Office of the Inspector General (OIG).

Survey – This service allows inmates to take Bureau surveys (i.e., Institution Character Profile).

Inmate Telephone System –TRUFONE: Each inmate will be provided a nine-digit Phone Access Code (PAC) for accessing TRUFONE; including instructions for use of this system. The PAC is confidential and should not be shared with other inmates. A replacement fee will be charged if a PAC is misplaced or compromised. In addition, each inmate will need to perform voice verification registration. Management of inmates' telephone numbers is performed via the TRULINCS.

The hours of telephone operation begin at 6:00 am and end no later than 11:30 pm. Inmate access to telephones will normally be limited during the following times, Monday through Friday, not including holidays: 07:30 am until 10:30 am; and, 12:30 pm until after 4:00 pm count. *Inmates are expected to be at their work assignments and must not use the telephone during their work hours. It is each inmate's responsibility to verify the correctness of the amount transferred at the time of transfer.

Inmate Video Visiting

The Bureau of Prisons encourages visiting by family, friends, and community groups to maintain the morale of the inmate and to develop closer relationships between the inmate and family members or others in the community. In an effort to further enhance inmates' connections with their family, friends, and members of the community, the Bureau of Prisons is evaluating a Trust Fund Limited Inmate Computer System (TRULINCS) Video Service. - All video sessions will average 30,000Bps. Users should expect some pixel distortion due to varying network speeds; individual users' hardware; and ambient lighting. The Video Service does not deliver HD quality video.
- All video sessions are subject to monitoring.
- Sessions that are terminated by staff for violating Bureau policy or procedures will not be refunded.

- Any visual and verbal communicated actions by the inmate or approved contact such as hand/body gestures outside of general sign language (gang signs/signals, sexual acts/gestures/innuendos, prohibited substance/drug use, etc.) and nudity is strictly prohibited. In an effort to eliminate threats to the good order or security of the institution, any actions to include verbal/visual communication that can be perceived as jeopardizing the safety or security of the institution will be immediately terminated without refund.
- Due to practical considerations and the different characteristics of institutions, certain limitations and controls must be established in developing and administering dress attire during video sessions. The extents of these limitations are recognized as reasons upon which restrictions or suspensions may be based.

Inmate Attire: Inmates will be properly dressed when engaging in a video session. At a minimum, inmates are required to be in un-altered local proper government issued clothing (Khakis, Greens, Jump Suit, etc.). Altered, ripped, torn, frayed, unbuttoned, or any other form of apparel of a suggestive or revealing nature is prohibited. No hats other than approved Religious articles or non-prescription sunglasses are permitted during video sessions.

TRULINCS Video Service Fact Sheet

Contact Attire: All contacts will be properly dressed when engaging in a video session. The contact will be expected to wear clothing which is in good taste. Contacts are expected to dress in the same manner as if they were to physically enter a Bureau of Prisons facility, these rules and guidelines can be found at www.bop.gov.

Acknowledgement - The Warden has the authority to restrict or suspend an inmate's or contact's video privileges when there is reasonable suspicion that the inmate and/or contact has demonstrated conduct that would indicate a threat to the good order or security of the institution.

Any act or effort to violate the TRULINCS Video Service

Warning/Responsibility/Acknowledgement or guidelines of an institution may result in disciplinary action against the inmate, which may include the denial of future TRULINCS video sessions, possibly over an extended period of time. Moreover, criminal prosecution may be initiated against the contact, the inmate, or both, in the case of criminal violations.

SECURITY PROCEDURES

Attire

Inmates will be in the proper uniform, (normally khaki pants and khaki shirt), Monday thru Friday, between 7:30 a.m. and 3:30 p.m. The uniform will be maintained in a neat and professional manner. Other than approved religious headgear, hats will not be worn while indoors.

Inmate Identification Cards

Inmates are required to maintain possession of their identification cards at all times upon departing their assigned room. The inmate identification card will be worn on the upper front torso, attached to a lanyard supplied by the institution, with the inmate's picture clearly visible for staff to identify the inmate. If safety concerns regarding the location of the lanyard during the inmate's work detail are observed, the supervisor may permit the inmate to tuck the lanyard inside their shirts. Inmates will be issued an identification card upon arrival at the institution. Inmates are responsible for the care of these cards. Lost, stolen, or damaged cards must be replaced.

Counts

Each institution will conduct, at a minimum, five official inmate counts during every 24-hour period. On weekends and holidays, an additional count will be conducted at 10:00 a.m. The inmate is expected to be standing at bedside during official counts held at 4:05 p.m. and 10:00 p.m., on weekdays and 10:00 a.m., 4:05 p.m., and 10:00 p.m. on weekends and holidays, and during any emergency count. Institutions with secure cell space are required to lock the inmates in their cells for all official counts, unless the inmates are on out-counts in areas such as Food Service,

Health Services, Visiting, etc. Disciplinary action will also be taken against inmates for leaving an assigned area before the count is clear. The inmate must actually be seen at all counts, even if the inmate must be awakened.

Call-Outs

Call-outs are a scheduling system for appointments (which include medical, dental, educational, team meetings, and other activities) and are posted each day on the unit bulletin boards after 4:00 p.m., on the day preceding the appointment. It is the inmate's responsibility to check for appointments on a daily basis.

Controlled Movement

During weekdays, prior to the lunch meal, there will be a "one-way" movement announced by staff at 10:30 a.m. All inmates will return to their housing units until released for the meal.

During the evening hours, inmate movement normally begins at the conclusion of a clear official 4:05 p.m. count. During the feeding of the evening meal, inmates can normally move to the Recreation yard pavilion, Indoor recreation area, or Chapel. The compound will remain open until yard recall at 8:45 p.m.

On Saturdays, Sundays, and holidays, normally inmate movement begins at the conclusion of the morning meal. The Compound will be secured at 9:30 a.m., in preparation for the 10:00 a.m. count. During the feeding of the brunch meal, inmates can normally move to the Recreation yard pavilion, Indoor recreation area, or Chapel. The compound will remain open until the 3:30 p.m. yard recall.

Contraband

Items possessed by an inmate ordinarily are not considered to be contraband if the inmate was authorized to retain the item upon admission to the institution, the item was issued by authorized staff, purchased by the inmate from the commissary, purchased or received through approved channels (to include approved for receipt by an authorized staff member or authorized by institution guidelines). This ensures a safe environment for staff and inmates by reducing fire hazards, security risks, and sanitation problems which relate to inmate personal property.

Contraband includes material prohibited by law, or by regulation, or material which can reasonably be expected to cause physical injury or adversely affect the security, safety, or good order of the institution. Staff shall consider as nuisance contraband, any item other than hard contraband, which has never been authorized, or which previously has been authorized for possession by an inmate, but whose possession is prohibited when it presents a threat to security or its condition or excessive quantities of it present a health, fire, or housekeeping hazard.

Examples of nuisance contraband include: personal property no longer permitted for admission to the institution or permitted for sale in the commissary; altered personal property; excessive accumulation of commissary, newspapers, letters, or magazines which cannot be stored neatly and safely in the designated area; food items which are spoiled or retained beyond the point of safe

consumption; government-issued items which have been altered, contact lenses unless medically necessary and issued by Health Services or other items made from government property without staff authorization.

Staff shall seize any item in the institution which has been identified as contraband whether the item is found in the physical possession of an inmate, in an inmate's living quarters or in common areas of the institution. An inmate may not purchase, give, or receive any personal property from another inmate.

Staff shall return to the institution's issuing authority any item of government property seized as contraband. Items of personal property confiscated by staff as contraband are to be inventoried and stored pending identification of the true owner (if in question) and possible disciplinary action. Staff will then provide you with a copy of the inventory as soon as practicable.

Shakedowns

The placement of metal detection devices throughout the institutions may be necessary for the control of contraband. A metal detector search may be done in addition to the pat search. Staff may conduct a pat search of an inmate on a routine or random basis to control contraband. Staff may also conduct a visual search where there is reasonable belief that contraband may be concealed on your person or a good opportunity for concealment has occurred. Finally, staff may search an inmate's housing and work area, and personal items contained within those areas, without notice, randomly, and without the inmate's presence. The property and living area will be left as close to the same conditions as found.

Drug Surveillance / Alcohol Detection

BOP facilities operate drug surveillance and alcohol detection programs, which include mandatory random testing, as well as testing of certain other categories of inmates. A positive test, or refusal to submit to a test, will result in an incident report.

Fire Prevention and Control

Fire prevention and safety is everyone's responsibility. Inmates are required to report fires to the nearest staff member so that property and lives can be protected. Piles of trash or rags in closed areas, combustible materials, items hanging from fixtures or electrical receptacles, or other hazards will not be tolerated. Regular fire inspections are made by qualified professionals.

PROGRAMS AND SERVICES

Job Assignments

All inmates, who have been medically cleared, will maintain a regular job assignment. Many job assignments are controlled through an Inmate Performance Pay (IPP) system, which provides monetary payment for work.

The Inmate Performance Pay Rates are as follows: Grade 1 - \$0.40; Grade 2 - \$0.29; Grade 3 - \$0.17; Grade 4 - \$0.12

Federal Prison Industries (UNICOR) has a separate pay scale: Grade 1 - \$1.15; Grade 2 - \$0.92; Grade 3 - \$0.69; Grade 4 - \$0.46; Grade 5 - \$0.23. Unit staff assigns work and approves all job changes, which requires the approval of both work detail supervisors. They also see that the changes are posted on the Daily Change Sheet.

All eligible (Food Service cleared) inmates will initially be assigned to Food Service and will remain in this capacity for a minimum of 90 days. However, some inmates may have an applicable trade for a specific job and may be directly assigned to this area. All inmates will remain in their job assignments for a minimum of 90 days. Additionally, most institutions have a significant number of inmate jobs in factories operated by the Federal Prison Industries, also known as UNICOR. Many institutions have a waiting list for factory employment.

UNICOR employs and trains inmates through the operation of, and earnings from, factories producing high-quality products and services for the Federal government.

Some examples of products and services UNICOR produces are electronic cable assemblies, executive and systems furniture, metal pallet racks, stainless steel food service equipment, mattresses, towels, utility bags, brooms, data entry, signage, and printing. UNICOR provides an opportunity to the inmates to pay their court ordered financial obligations to society on a faster pace than any other job in the institution. Most institutions give priority for employment in UNICOR to inmates with large court ordered financial obligations. The training and experience acquired in UNICOR is beneficial for re-entry into society.

Prior to beginning of on the job training for UNICOR factory operations, each inmate goes through a basic Lean Six Sigma training course. In the Basics Lean Six Sigma course, inmates are instructed in the importance of efficiency in the workplace. Every work station in each factory operation is equipped exactly alike, allowing anyone to move from one station to another to perform any of the tasks required for specific jobs. After completion of their Lean Six Sigma course, each inmate receives safety training and instruction. Safety in our factories is of the utmost importance. Since many of our inmates have never held a regular job, we have begun career testing our inmates in the fields of business, clerical, numerical, logic, mechanical and social. These tests indicate areas a person might be strong in, and we try to help our inmates obtain work in the factory which focuses on their strengths so they may develop additional marketable skills. Once an inmate is assigned to a specific factory, their on-the-job training begins. Normally, a new inmate is assigned a seasoned inmate to shadow for their training probation period. We have a Forklift training class that is offered for those desiring to receive their forklift certification. Quality meetings are held once a month to assist inmates with their progress in their specific detail. Our staff has monthly meetings with each factory and often meets one on one with our inmates to assist with any additional training they feel they might need. Seminars, workshops, and continuing education classes also are offered to those employed at UNICOR.

Inmate Financial Responsibility Program

Working closely with the Administrative Office of the Courts and the Department of Justice, the BOP administers a systematic payment program for court-imposed fines, fees, and costs. All designated inmates are required to develop a financial plan to meet their financial obligations. These obligations may include: special assessments imposed under 18 USC 3013, court ordered restitution, fines and court costs, judgments in favor of the U.S., other debts owed the Federal government, and other court-ordered obligations (e.g., child support, alimony, other judgments).

Institution staff assists in planning, but the inmate is responsible for making all payments required, either from earnings within the institution or from outside resources. The inmate must provide documentation of compliance and payment.

If an inmate refuses to meet his or her obligations, the inmate cannot work for UNICOR nor receive performance pay above the maintenance pay level. She will also be placed in “refuse” status. As the result of being in refuse status, the inmate has a spending limit of only \$25.00 monthly, can be placed in less desirable housing, will not be considered for any favorable requests, i.e. (vacations, furloughs, early release, etc.) and will score zero in program participation on the custody classification form. These are a few examples of the sanctions that can be imposed as a result of being in refuse status.

The status of any financial plan will be included in all progress reports, and will be considered by staff when determining Security/Custody level, job assignments, eligibility for community activities, and institutional program changes. The U.S. Parole Commission will also review financial responsibility progress at parole hearings.

Food Service

The BOP offers a standardized National Menu. This menu is offered at all institutions and includes approved menu items based on standard recipes and product specifications. The National Menu offers regular, heart healthy and no-flesh dietary options. At the Warden’s discretion, items may be added to the National Menu by adding to a salad bar, hot bar, beverage bar (if these are part of the Food Service program) or by adding condiments such as sugar.

Medical diets will be provided by mainline self-selection from the items available on the National Menu for that meal, unless menu items fail to meet the medical requirement. Menu item replacements may not always be provided as inmates may have to avoid certain foods in the self-selection process; however, if a dietitian determines a Special Diet is required to ensure adequate nutrition, it will be provided by pre-plating or controlled plating.

The religious diet program, called the Alternative Diet Program, consists of two distinct components: one component provides for religious dietary need through self-selection from the main line, which includes a no-flesh option. The other component accommodates dietary needs through nationally recognized, religiously certified processed foods and is available through the approval of Religious Services.

Education

The mission of Education/Recreation Services is to provide mandatory literacy and English-as-a-Second Language programs as required by law, as well as other education/recreation and related programs that meet the needs and interests of the inmate population; provide options for the positive use of inmate time, and enhance successful reintegration into the community.

Education opportunities provided for Federal inmates include General Equivalency Diploma (GED) and ESL programs, as required by law. Various nationally recognized tests will be used to place inmates in appropriate education programs. Inmates must perform to the best of their abilities on exams for appropriate placement in class.

Literacy/GED

The Violent Crime Control and Law Enforcement Act (VCCLEA) and the Prison Litigation Act (PLRA) require inmates who lack a high school diploma to participate in a GED credential program and make satisfactory progress in the program in order to be eligible to vest the maximum amount of earned good conduct time (VCCLEA sentenced inmates) or earn the maximum amount of good conduct time.

Unless exempt (pre-trial, holdover, etc.), inmates must participate in the literacy program for one mandatory period of at least 240 instructional hours, or until they achieve a GED credential. For all inmates to receive job pay promotions above the entry level, they must have a high school diploma, a GED credential, or a pay exemption.

Inmates who are exempt from attending GED class based on a deportation detainer must enroll in GED or ESL in order to receive their good conduct time.

Inmates who have completed the mandatory period of enrollment must remain enrolled, or re-enroll to vest/earn their good conduct time. Inmates found guilty of an incident report related to their literacy program enrollment will be changed to GED UNSATISFACTORY PROGRESS, and will not vest/earn their good conduct time.

Following an assignment of a GED UNSATISFACTORY PROGRESS code, inmates will be required to complete additional 240 hours of program enrollment before they can be changed back to a SATISFACTORY code. Good conduct time will not vest while the UNSATISFACTORY assignment exists.

Special note on GED scores: A new English GED test will be launched on January 1, 2014. A new Spanish GED test will follow later. Once a new GED test is issued, scores from the current GED test cannot be combined with the new test. If inmates have taken the English GED test between January 1, 2002, and now, they are strongly encouraged to see the education staff and retake the GED test before December 31, 2013. English GED scores from the current GED test will no longer be valid.

The new GED Test will be taken on the computer. Inmates are strongly encouraged to enroll in a keyboarding or typing course, when offered.

Inmates with a Verified High School Diploma

In order to obtain a realistic and accurate assessment of an inmate's skill levels, a demonstration of literacy attainment must be verified for inmates with a high school diploma. Even though current policy accepts a high school diploma for custody classification, good time credits, education programs, etc., a high school diploma does not necessarily certify an inmate is literate.

Inmates who have a high school diploma (not an AA or higher post-secondary degree) are encouraged to submit a cop-out to the Education Department to request to sign-up for the Tests of Adult Basic Education (TABE) to validate their reading, language, and math computation, as well as applied math. The purpose of the TABE is to ensure these inmates have sufficient language and math skills to pursue their post-secondary education study and/or obtain a job in the community.

Mastery of the reading, language, and math skills from the TABE is part of the inmates' reentry plan documented in the Inmate Skills Development System (ISDS).

In the Academic section of the ISDS, the inmate will not be scored/rated green (indicating demonstration of literacy skills) and should be scored/rated yellow (indicating unknown) until she scores a 9.0 or higher on TABE A or D. If an inmate scores below 9.0, she should enroll in remedial classes offered by the Education Department to improve her literacy levels.

ESL

The Crime Control Act of 1990 mandates non-English speaking Federal prisoners participate in the ESL program. An inmates' communication skill level in English is evaluated at initial classification and interviews. Those found to have limited ability to communicate in English will be referred to the education department to determine proficiency at the 8th grade level or higher based on a nationally recognized achievement test. Inmates scoring less than the 8th grade level of proficiency will be enrolled in ESL until they function at the 8th grade level or above on a nationally recognized education achievement test. If indicated by test scores, participation in ESL will be required regardless of education degree status. Inmates with high school diplomas or college degrees may be required to participate in the ESL program.

Incentives

Incentive awards are provided to recognize inmates making satisfactory progress and successfully completing the literacy (i.e., GED and ESL) program. Inmates may also receive incentives for progressing to various levels in the GED or ESL Programs. Graduation ceremonies recognize GED, ESL, and Occupational Education completions.

Other Programs

The completion of the literacy program is often the first step towards adequate preparation for successful post-release reintegration into society. Additional educational programs such as advanced occupational training or college are needed in today's world. Vocational training and apprenticeship programs afford inmates an opportunity to obtain marketable job skills.

Occupational Education Programs

Occupational Education programs prepare inmates for a specific occupation or cluster of occupations. Inmates can earn a Certificate, Associate of Arts Degree, Associate of Science Degree, or an industry accepted certificate upon the completion of occupational training programs. Occupational education programs vary institution-to-institution.

- Inmates must request initial enrollment through the Supervisor of Education. Education staff will determine an inmate's academic eligibility for enrollment and deportation status (if applicable).
- The Supervisor of Education will notify an inmates' unit team of enrollment consideration for occupational education programs.
- Blinn College Certificate Programs: Administrative Assistant, Small Business, Medical Transcription and Coding, Accounting Technology

Apprenticeship

Apprenticeship training provides inmates the opportunity to participate in training which prepares them for employment in various trades.

Apprenticeship programs in the BOP are registered with the Bureau of Apprenticeship and Training, U.S. Department of Labor. These programs are structured to offer on-the-job learning in industries. Upon completion of a registered trade, inmates can earn a Certificate of Completion from the Department of Labor.

Adult Continuing Education (ACE):

ACE classes enhance an inmate's general knowledge on various subjects and address the skill deficits identified in an inmate's individual reentry plan. ACE classes are organized differently in different institutions. Typical ACE classes include: typing, computer literacy, foreign language, and business skills. These classes are usually offered during evening and weekend hours.

Post-Secondary Education (Inmate Correspondence Courses)

Inmates are encouraged to expand their knowledge through a variety of methods, including correspondence courses.

In general, inmates are permitted to enroll in any correspondence course that involves only "paper and pencil." Courses requiring equipment are generally not authorized. The cost for correspondence courses must be paid by the inmate. If an inmate has sufficient funds available in her commissary account, a Form 24 may be used for payment. Inmates interested in enrolling in correspondence courses are required to contact the Staff Coordinator prior to enrollment. Catalogs are available from the Staff Coordinator. Diplomas or certificates from correspondence high school GED programs do not satisfy the criteria for an adult literacy program completion.

Parenting

The Parenting Program provides inmates information and counseling through directed classes on how to enhance their relationship with their children even while incarcerated. All Parenting

Programs include a classroom and visitation component. In addition, social service outreach contacts are often established to facilitate the provision of services to the inmate parent, visiting custodial parent, and children.

Library Services

Leisure Libraries: Leisure libraries offer inmates a variety of reading materials, including but not limited to: periodicals, newspapers, fiction, non-fiction, and reference books. Institutions also participate in an interlibrary loan program with local, state, and college libraries and available bookmobile services.

Electronic Law Libraries (ELL): Inmates are afforded access to legal materials and an opportunity to prepare legal documents in the ELL. Resources are available for inmates to prepare legal material via Trust Fund.

A copying machine is available to reproduce materials needed for research. The price to reproduce materials is established by Trust Fund.

Recreation, Leisure, Wellness, and Social Programs

The BOP encourages inmates to make constructive use of leisure time and offers group and individual activities. At each facility, physical fitness and leisure programs are provided to promote positive lifestyle changes. These programs strive to provide inmates with opportunities to reduce stress and enhance overall health and emotional well-being.

Leisure Programs

Institutions offer a wide range of activities in which inmates may participate when not performing assigned duties. Leisure activities include: organized and informal games, sports, physical fitness, table games, hobby crafts, music programs, intramural activities, social and cultural organizations, and movies.

Art and Hobby Craft Programs

The hobby craft programs available are art work, beading, knitting, ceramics, paper art, fimo, crocheting, quilling, plastic canvas, and beading. No items other than unit-based hobby craft activities are allowed out of the hobby craft area. Inmates will be allowed to ship all completed Hobby Craft at mail out and must ship all completed projects within 30 days of completion.

Art and hobby craft programs are not meant for the mass production of art and hobby craft items or to provide a means of supplementing an inmate's income. Use of hobby craft facilities is a privilege that the Warden or staff delegated that authority may grant or deny.

Wellness Programs

Wellness programs include screening, assessments, goal setting, fitness/nutrition prescriptions and counseling.

Recreation and Zimmer: The Zimmer Amendment was passed in 1996. The amendment does not allow for the BOP to use appropriated and non-appropriated funds to provide amenities or personal comforts in the Federal Prison System. Specifically, institutions activated prior to 1996 through attrition, will conform to the guidelines set by the law. The main sections of Zimmer address: (1) viewing of R, X, or NC-17 movies; (2) instruction or training for boxing, wrestling, judo, karate or other martial arts or any body building or weightlifting equipment; and (3) electronic or electric instruments.

The Recreation Department will provide each inmate with opportunities to participate in a diverse and constructive variety of recreation and leisure activities.

All Wellness classes are approximately 60-90 minutes; one day per week. Classes are typically 6 weeks in length. Classes meet regularly in recreation. A few classes are:

- Jump Start to Health
- Diabetes
- Disease Prevention
- Nutrition
- Total Fitness

Consequences for Rules Violation in Recreation

Inmates are strongly encouraged to participate in recreation activities. However, when inmate behavior violates established rules, consequences may include an incident report and/or suspensions from programs.

Religious Services

The Religious Services Department provides pastoral care and religious accommodation to individual and group religious beliefs and practices in accordance with the law, Federal regulations and BOP policy. The Chaplains offer religious worship, education, counseling, spiritual direction, support and crisis intervention to meet the diverse religious needs of inmates.

BOP Chaplains also oversee the religious diet program, ceremonial religious meals and religious holiday observances. All Chaplaincy Services' programming is directed to promote BOP reentry goals. The Threshold programs highlight our faith-based reentry priorities.

Psychology Services

Psychology Services departments in all BOP institutions offer basic mental health care to inmates. This care may include screening, assessment and treatment of mental health or drug abuse problems, individual and/or group counseling, psycho-educational classes, self-help and supportive services, or referral to Health Services for medical treatment of a mental illness.

In addition, Psychology Services staff, along with other programming staff in the institution, collaborates with your Unit Team to develop a comprehensive assessment of your strengths and weaknesses. Based on this assessment, Psychology Services will offer programming recommendations specific to your psychological needs. These recommendations are designed to ensure your successful adjustment to incarceration and prepare you for your eventual release. We encourage you to participate actively in the assessment process. If mental health or drug abuse

programming is recommended for you, Psychology Services staff will provide ongoing feedback to you and your unit team regarding your progress toward these programming goals.

If you are new to the BOP, or if you have previously identified mental health or drug abuse programming needs, you will be scheduled for an interview with Psychology Services staff. The purpose of this interview is to review your history and identify your programming needs. This interview is an ideal time for you to share your interest in specific services, such as drug abuse treatment or mental health counseling.

The Psychology Services department at this institution is staffed by a Chief Psychologist, a Drug Abuse Program Coordinator (DAPC), a Resolve (Trauma) Coordinator, a Staff Psychologist, a Psychology Technician, and five Drug Treatment Specialists (DTS). The department's offices are located in several areas of the institution. The Chief Psychologist, Staff Psychologist, Resolve Coordinator, Psychology Technician, and DTS responsible for providing outpatient drug treatment services are located in the metal buildings behind the Education Department. The DAPC and RDAP DTS offices are located on the RDAP unit. Normal hours of operation are Monday - Friday, 7:30am to 3:30pm. A representative from the department is available during the mainline midday meal and during regular unit rounds to answer questions and address concerns.

There are a number of ways to contact Psychology Services at this institution. You may:

- Submit an Inmate Request to a Staff Member (a "cop-out") to Psychology Services.
- Speak with a Psychology Services staff member during mainline or as they make rounds in your unit.
- Or in the case of a crisis situation, notify your Unit Officer, Unit Team, or any other BOP staff member of your urgent need to speak with Psychology Services.

Suicide Prevention

Incarceration can be a difficult experience. At times, you may feel discouraged, frustrated, and helpless. It is not uncommon for people to experience depression while in jail or prison, especially if they are newly incarcerated, serving a long sentence, experiencing family problems, struggling to get along with other inmates, or receiving bad news. Over time, most inmates successfully adapt to incarceration and find ways to use their time productively and meaningfully. However, some inmates continue to struggle with the pressures of incarceration and become overwhelmed by a sense of hopelessness. If you feel a sense of hopelessness or begin thinking about suicide, talk to a staff member. Help is available and actively seeking help is a sign of your strength and determination to prevail. If you feel you are in imminent danger of harming yourself or someone else, you should contact a staff member immediately.

In addition, if you suspect another inmate is contemplating suicide, please notify a staff member. Staff do not always see everything inmates see and most suicidal individuals display some warning signs of their intentions. PLEASE alert a staff member right away if you suspect a fellow inmate is considering suicide. The most effective way to prevent another person from

taking his or her life is to recognize the factors that put people at risk for suicide, take warning signs seriously, and know how to respond. The warning signs of suicide may include:

- threatening to hurt or kill oneself or talking about wanting to hurt or kill oneself
- feeling hopeless
- feeling rage or uncontrolled anger or seeking revenge
- increased alcohol or drug use
- withdrawing from friends, family, associates
- experiencing dramatic mood changes
- feeling anxious or agitated, being unable to sleep, or sleeping all the time
- seeing no reason for living or having no sense of purpose

If your friend, cellmate, coworker, or associate is exhibiting these signs, start by telling the person you are concerned and give him/her examples of what you see that worries you. Listen and encourage the person to seek help. If they are hesitant, offer to go with them to speak to a staff member. If you are not confident they will seek help, notify a staff member yourself. Seeking help for a person in distress isn't "snitching;" it is showing concern for the welfare of a fellow human being. If you report your concerns to staff, you can rest easy knowing you did everything within your power to assist the individual.

If you are interested in assisting Psychology Services with suicide prevention efforts, you may choose to participate in this institution's inmate companion program. Inmates who are interested in serving as inmate companions must meet the following criteria: (1) be a sentenced BOP inmate; (2) no 100 series incident reports in the past 3 years; and (3) may not be in FRP, DRG ED, or GED refusal status. If you would like more information about this program, please speak with a member of the department.

Drug Abuse Programs

Drug abuse programming is available in all BOP institutions. The BOP offers a drug education course as well as treatment options for inmates who have abused alcohol and/or drugs.

Drug Abuse Education Course

The Drug Abuse Education Course is not drug treatment. The purpose of the course is to encourage you to review the consequences of your choice to have drugs in your life, to look at the relationship between drug use and crime, and to begin to think about how different your life could be without drugs. Looking at your drug involvement in this way may motivate you to ask for drug abuse treatment. If your pre-sentence report documents a prolonged history of drug use, evidence that alcohol or drug use contributed to the commission of your offense, a judicial recommendation for treatment, or a violation of community supervision as a result of alcohol or drug use, you are required to take the Drug Abuse Education Course. Failing to take this required course results in your ineligibility for performance pay above maintenance pay level, as well as ineligibility for bonus or vacation pay. You will also not be eligible for a Federal Prison Industries work program assignment. If you are not sure what this means, you may want to ask your counselor.

The Drug Abuse Education Course is available in every BOP institution. If you are required to complete the course, your name will automatically be placed on the waiting list for the course. When it is time for you to complete the course, Psychology Services staff will contact you. If you would like to enroll in the course, but are not required to participate, you may submit an Inmate Request to a Staff Member (a “cop-out”) in order to place your name on the waiting list for the course.

Nonresidential Drug Abuse Treatment

Nonresidential Drug Abuse Treatment is also available in every Bureau institution. Nonresidential Drug Abuse Treatment has been developed to provide the flexibility necessary to meet each individual’s treatment needs, and more specifically for:

- inmates with a relatively minor or low-level drug abuse problem,
- inmates with a drug use disorder who do not have sufficient time to complete the intensive Residential Drug Abuse Treatment Program (RDAP),
- inmates with longer sentences who are in need of treatment and are awaiting placement in the RDAP,
- inmates with a drug use history who chose to not participate in the RDAP, but want to prepare for staying sober in the community, and
- inmates who completed the unit-based portion of the RDAP and are required to continue treatment until their transfer to a Residential Reentry Center (half-way house).

Program completion awards are only available for those who complete the program. If you are interested, ask the institution’s drug abuse treatment staff for more information on these awards. To request nonresidential drug abuse treatment, submit an Inmate Request to Staff Member (“cop-out”) to Psychology Services.

Residential Drug Abuse Treatment (RDAP)

The RDAP provides intensive drug abuse treatment to inmates diagnosed with a drug use disorder. Inmates in the residential program are housed together in a treatment unit that is set apart from the general population. Treatment is provided for a minimum 9 months; however, your time in the program depends on your progress in treatment.

To apply for the RDAP you must submit the RDAP Request form (“blue form”), which is available in the Psychology Services entryway. First, staff will screen your pre-sentence report to determine if there is any documentation indicating that you have a pattern of drug abuse or dependence. If so, you will be referred to the Drug Abuse Program Coordinator for an interview to determine if you meet the diagnostic criteria for a substance use disorder.

Inmates who are diagnosed with a drug use disorder are qualified for the RDAP and are admitted to the program based on their nearness to release, as mandated by federal statute. You must have enough time left to serve on your sentence to complete the unit-based component and the community transition component of the program. Follow-up Treatment, as described earlier, is

provided to inmates after they complete the unit-based component and before they transfer to a residential reentry center.

The RDAP is operated as a modified therapeutic community where inmates are expected to model the pro-social behaviors expected in a community. This means RDAP participants are role models to other inmates. Therefore, they are to demonstrate honesty, to relate positively with their peers, and to fully participate in all treatment activities in the unit.

The RDAP is a half-day program, with the rest of the day devoted to work, school, and other self-improvement activities. The RDAP is available in 62 BOP institutions. An English-speaking RDAP is available at this institution. A Spanish-speaking RDAP is available at FMC Carswell. When you submit a “blue form,” please identify if you are applying for English-speaking or Spanish-speaking programming.

If you are interested in volunteering for the RDAP and would like to know if you are eligible for the program, contact the institution’s Drug Abuse Program Coordinator.

You may apply for the program at any time during your incarceration, but your interview, like program admittance, will be based on your proximity to release. Ordinarily inmates are interviewed 42-24 months from release depending on the facility’s security level and waiting list for the RDAP.

Early Release

The Violent Crime Control and Law Enforcement Act of 1994 allows the BOP to grant a non-violent inmate up to 1 year off his or her term of imprisonment for successful completion of the residential drug abuse treatment program (Title 18 U.S.C. § 3621(e)(2)). For more information, talk to a Drug Abuse Treatment Specialist or the Drug Abuse Program Coordinator.

Community Transition Drug Abuse Treatment

To successfully complete the RDAP, inmates are required to participate in the Community Transition Drug Abuse Treatment component of the program. The BOP ensures that inmates receive continued treatment when transferred to a residential reentry center (RRC) or to home confinement. The RRC is structured to help you adjust to life in the community and find suitable post-release employment. RRCs provide a structured, supervised environment and support job placement, counseling, and other services. Within the structure of the RRC, RDAP participants continue their drug abuse treatment, with a community-based treatment provider. The BOP contracts with this provider to deliver treatment services in the community. Inmates must continue to participate in transition drug abuse treatment to earn any benefit associated with successful completion of the RDAP (e.g., early release). In addition to these drug abuse programs, drug abuse treatment services may also be provided within the context of other specialized treatment programs with the BOP, such as the Resolve Program and the Challenge Program.

The Resolve Program

Many institutions that house female inmates offer the Resolve Program. The Resolve Program is a nonresidential program for female inmates who have a history of physical and/or sexual abuse.

The Trauma in Life Workshop

The Resolve Program includes a psycho-educational component, the Trauma in Life Workshop. This workshop addresses the challenges individuals face following exposure to traumatic life events and the strategies these individuals may use to enhance their resilience or ability to survive and thrive following these events. Any female inmate with a history of abuse or an interest in learning about this topic may participate in the Trauma in Life Workshop.

Nonresidential Counseling Groups

The Resolve Program also includes a treatment component - nonresidential counseling groups. Only those inmates with a history of trauma and an associated mental health problem may participate in Resolve Program counseling groups. These groups are designed to improve coping skills, build healthy relationships, and enhance emotional stability. This institution has a Resolve Program. If you are interested in the Resolve Program, please submit a Trauma Program Request form (“tan form”), which is located in the Psychology Services entryway.

Specialized Mental Health Programs

The BOP also has several residential mental health programs designed to help inmates with severe emotional, cognitive, and behavioral problems. These programs are indicated for inmates who are having difficulty functioning in a mainline institution due to a psychological disorder. They are designed to improve the day to day functioning of inmates with the goal of helping them return to a mainline institution or preventing the need for hospitalization. Psychology Services has additional information about these programs and can make recommendations for participation.

General Mental Health Services

Psychology staff are available to assist you in addressing general mental health concerns. Brief counseling and long-term therapy, as determined by the psychologist, is available. Medication monitoring and evaluation for medication referral are available. For more information on general mental health treatment options, submit an Inmate Request to Staff Member (“cop-out”) to Psychology Services.

Self-Help and Self-Improvement

The Self Help Library is located in Psychology Services Building I. The library is open Monday - Friday 7:30am until 3:00pm. The library contains self-help and resource books plus workbooks covering a wide range of topics. You may check out the books for two weeks at a time. The library has a variety of videos for you to watch while in the department. Topics include but are not limited to: Anger Management, Chemical Dependency, Co-dependency, Thinking Errors, Education and Vocational Deficits, Family Issues, Feelings, Grief and Loss, Health and Wellness, Job Skills, Parenting, Relationships, Self-Esteem and Self-Awareness, Psychiatric Disorders, Sleep Disturbance, Anxiety, and Trauma.

Psychology Services also offers various psycho-educational groups and seminars covering a wide range of topics, including Anger Management, Boundaries, Healthy Relationships, Healthy Body Image, Motivation and Goal Setting, Thinking Errors, Self-Esteem, and Powerful Communication. For information on upcoming offerings, refer to Psychology bulletin boards posted throughout the institution or refer to the TRULINCS bulletin board.

Please submit an Inmate Request to Staff Member (“cop-out”) to Psychology Services to sign up for groups and seminars of interest.

Additionally, Psychology Services offers Alcoholics Anonymous/Narcotics Anonymous, Gamblers Anonymous, and Al-Anon. Information regarding meeting times is available in the Psychology Services Department.

Confidentiality

Security needs and the nature of a prison environment affect mental health care in a variety of ways. Confidentiality is an important component of the therapeutic relationship. However, in a prison environment, confidentiality must be weighed against institutional needs of safety and security. Mental health providers in the institution not only serve inmates, they also serve the institution and the public at large.

In the community, certain situations require mental health providers to violate client confidentiality. For example, many states mandate reporting of child or elder abuse. Providers also must notify authorities if a client threatens suicide or serious harm to others. Similarly, prison mental health providers violate confidentiality when an inmate is at risk of serious harm to themselves or others, such as when an inmate presents a clear and present risk of escape or when an inmate is responsible for the creation of disorder within a facility. Confidentiality may also be limited when prison mental health providers share information on a need-to-know basis with prison officials or other federal law enforcement entities. For example, before you are transferred to a residential reentry center, mental health providers must communicate your mental health needs to your unit team.

If you tell a staff member, including a Psychology Services staff member, that you are going to harm or kill yourself or someone else, or engage in a behavior that jeopardizes the safety or security of the institution, confidentiality will be breached and the appropriate individuals will be notified on a need-to-know basis only. Simply put, there is no guarantee of confidentiality in the prison setting. However, you can rely on the professional judgment of Psychology Services staff who conscientiously balance your confidentiality and the safety and security of the institution. Information that does not impact the safety and security of the institution, inmates, and staff will not be shared. While these limitations on confidentiality may initially deter you from seeking treatment, be assured that the vast majority of inmates who receive psychological services are comfortable with the decisions staff make with regard to their confidentiality. If you have additional questions about confidentiality, please discuss your concerns with Psychology Services staff.

Escorted Trips

Escorted trips provide approved inmates with staff escorted trips into the community for such purposes as receiving medical treatment not otherwise available, for visiting a critically ill member of the inmate's immediate family, or for participating in programs or work related functions. Additionally, bedside visits and funeral trips may be authorized for inmates with custody levels below maximum. **All expenses will be borne by the inmate, except for the first eight hours of each day that the employee is on duty. There are occasions based on a determination that the perceived danger to BOP staff during the proposed visit is too great, or the security concerns about the individual inmate outweigh the need to visit the community.

Furloughs

A furlough is an authorized absence from an institution by an inmate who is not under the escort of a staff member, a U.S. Marshal, other Federal or State agent. Furloughs are a privilege, not a right, and are only granted when clearly in the public interest and for the furtherance of a legitimate correctional goal. An inmate who meets the eligibility requirements may submit an application for furlough to staff for approval.

Central Inmate Monitoring System

The Central Inmate Monitoring System (CIMS) is a method for the Agency to monitor and control the transfer, temporary release, and participation in community activities of inmates who pose special management considerations. Designation as a CIMS case does not, in and of itself, prevent an inmate from participating in community activities. All inmates who are designated as CIMS cases will be notified by their Case Manager.

Marriages

If an inmate wishes to be married while incarcerated, the Warden may authorize her to do so under certain conditions. All expenses of the marriage will be paid by the inmate. If an inmate requests permission to marry she must:

- Have a letter from the intended spouse which verifies their intention to marry.
- Demonstrate legal eligibility to marry.
- Be mentally competent.
- The marriage must not present a security risk to the institution.

Marriage procedures are detailed in local Institution Supplements.

Cosmetology Services

Haircuts and hair care services are authorized in Cosmetology. Hours of operation will be posted in each of the housing units and Cosmetology.

HEALTH SERVICES**Sick Call / Triage**

Inmates who wish to be seen for routine care or evaluation of a health problem must report to Sick Call/Triage. Sick Call/Triage services are typically Monday, Tuesday, Thursday, and Friday

from 6:30 a.m. until 7:00 a.m. in the Health Services lobby. There is not Sick Call/Triage on Holidays. Triage is defined as the classification of patients according to priority of need for examination and/or treatment. Triage allows urgent conditions to be addressed adequately on the same day, while also allowing more routine conditions or concerns to be addressed at a later scheduled appointment, if needed. All medical complaints and symptoms must be indicated on the triage form. This form will be reviewed and an appointment will be given and posted on the call-out roster or you will be seen the same day you report for Sick Call/Triage. If the inmate is more than ten minutes late for the appointment or not in the Health Services lobby when their name is called for same day appointments, without verification from a staff member, the appointment will be canceled. Another triage form must be submitted on the next Sick Call/Triage day to reschedule the appointment. Inmates will have a primary care provider assigned based on their register number.

Emergency Health Treatment

Medical staff are on site seven days a week from 6:00 a.m. to 6:00 p.m.; this institution does not have 24 hour on-site medical coverage. All emergencies and serious injuries that occur after hours will be given treatment either by institution medical staff on-call or by referral to the community hospital. Health care coverage during evenings, weekends and holidays is for the treatment of urgent health problems only. All emergencies or serious injuries will be given priority treatment.

Dental Triage Services

Dental sick-call is provided for patients who are experiencing urgent dental needs. Any inmate with a dental emergency should report to Health Services at 7:45am, Monday, Tuesday, Thursday, and Friday. An Inmate Request to Staff Member (Cop-Out) may be submitted to the Dentist for any other dental request.

Urgent Dental Needs are:

1. Toothaches
2. Swelling in the jaw or gums that is painful or distorts the face
3. Broken dentures that lacerate the mouth
4. Traumatic wound
5. Complications from previous treatment and other conditions that, in the opinion of the examiner, require immediate attention

Conditions that are Not Treated on Sick-Call are:

1. Lost fillings without pain
2. Pain when eating or drinking hot or cold foods
3. Bleeding gums
4. Teeth cleaning
5. Lost tooth on denture
6. Fabrication of crowns

Patients who require non-emergency dental treatment are taken from dental treatment wait lists.

A patient requesting treatment should submit an "Inmate Request to Staff Member" to be added to the dental treatment wait list.

Inmate Co-payment Program

The Inmate Co-payment Program applies to anyone in an institution under the Bureau's jurisdiction and anyone who has been charged with or convicted of an offense against the United States, except inmates in inpatient status at a Medical Referral Center (MRC). All inmates in outpatient status at the MRCs and inmates assigned to the General Population at these facilities are subject to co-pay fees.

Health Care Visits with a Fee:

1. Inmates must pay a fee of \$2.00 for health care services, which are charged to the inmate's Commissary Account, for all inmate requested health care visits. Inmate requested health care visits includes sick call/ triage during scheduled and un-scheduled times and after-hours requests to see a health care provider.
*If an inmate asks a non-medical staff member to contact medical staff to request a medical evaluation on her behalf for a health services visit, a charge of a \$2.00 co-pay fee will still apply for that visit.
2. Inmates must pay a fee of \$2.00 for health care services, charged to their Inmate Commissary Account, per health care visit, if found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a health care visit.

Health Care Visits with no Fee:

2. Health care staff-approved follow-up treatment for a chronic condition
3. Preventative health care services
4. Emergency services

9. Medical staff scheduled appointments

Indigence

An indigent inmate is an inmate who has had a trust fund account balance of less than \$6.00 for the past 30 days.

1. If an inmate is considered indigent, she will not have a co-pay fee deducted from her Inmate Commissary Account.
2. If an inmate is not considered indigent, but does not have sufficient funds to make the co-pay fee on the date of the appointment, a debt will be established by TRUFACS, and the amount will be deducted as funds are deposited into the Inmate Commissary Account.

Appealing a co-pay fee

You may seek review of issues related to health services fees by contacting Health Services

Admin via trulincs. Co-pay fees may only be reversed by the Health Services Administrator.

Over-the Counter Medications

At least 25 OTC medications are available in the Commissary. During institution triage, health service staff may refer inmates to the Commissary in response to complaints related to cosmetic, general hygiene issues and any symptoms of minor medical ailments. It is your responsibility to take an active role in your health care. Inmates will purchase OTC medications from the Commissary with personal funds. OTC medications that are indicated for cosmetic, general hygiene issues and symptoms of minor medical ailments include:

- Occasional Constipation
- Seasonal Allergies
- GI Upset
- Dandruff
- Athlete's Foot
- Muscle Aches from Exertion
- Vaginal Infection

An indigent inmate may obtain OTC medications at sick call if health services staff determine that she has an immediate medical need which must be addressed before the inmate may apply for OTC medications. An indigent inmate is an inmate who has had a trust fund account balance of less than \$6.00 for the past 30 days. All indigent inmates must come to the pharmacy on Wednesday between 8:00am-8:30am to request medication. One request per inmate per week will be accepted. Inmates will select no more than two items on the Over-the Counter Medications Request form. If she needs more than two items, she must attend Triage. When the pharmacy staff receives the request, they will verify whether the requesting inmate is indigent and will maintain a record of the OTC items issued to a given inmate for 30 days.

Inmates scheduled for halfway house, and full term release will receive 30 days of medication for all currently prescribed medications. It is your responsibility to ensure that all prescribed medications are current prior to your release. Any changes and/or renewals for medications must be requested through sick call / triage.

You may be allowed to retain clear contact lenses until eyeglasses can be provided, however, lost or damaged contact lenses will not be replaced. Prescriptions may not be sent home for personal eyeglasses to be purchased and mailed into the institution.

Physical Examination & Preventive Health Program

All newly committed inmates and parole violators will receive a complete physical examination to include the following within fourteen (14) days:

- Laboratory tests if indicated
- Measles, Mumps, and Rubella (MMR) vaccine is available to all sentenced female inmates of child bearing age

- Baseline audiometric examination, when indicated

A baseline mammogram is generally obtained at age 40 for women with **high risk** and at age 50 for women with average risk of developing breast cancer. Biennial (every two years)

mammogram screening is recommended from age 40 years for women with increased risk for breast cancer, and from ages 50 through 74 years for women with average risk.

Physical examinations and preventive health screenings are available to inmates upon written request through sick call/triage. Refer to the table below, Inmate Fact Sheet – Preventive Health Program (Women) for more details.

All inmates may have pap smear and breast exams as indicated on the table below, Inmate Fact Sheet – Preventive Health Program (Women). Ask your health care provider to teach you how to perform a breast self-examination, which should be performed monthly. If you think that you discover something abnormal on a breast self-exam, report to triage as soon as possible.

Chronic Care Clinics

Your assigned primary care provider will evaluate you to determine if you should be placed in a chronic care clinic for regular monitoring of your medical condition. Inmates in chronic care clinics are evaluated by a physician at least yearly, or more often if clinically indicated.

Medical Duty Status

CORRECTIONAL SYSTEMS MANAGEMENT

Correspondence: In most cases, inmates are permitted to correspond with the public, family members and others without prior approval. Outgoing mail from a sentenced inmate in a minimum or low security institution may be sealed by the inmate and is sent out unopened and uninspected. Except for "special mail," outgoing mail from a sentenced inmate in a medium or high security institution, or an administrative institution may not be sealed by the inmate and may be read and inspected by staff. The outgoing envelope must have the inmate's committed name, register number, and complete institution return address in the upper left hand corner. "Federal Prison Camp" must be spelled out in the return address. If this information is not reflected on the envelope, it will be returned for correction. Labels will be printed from the TRULINCS system and used on all envelopes. Your institutional address is:

Full Name: _____

Register Number: _____

Federal Prison Camp

PO Box 2149

Bryan, Texas 77805

Inmates will be responsible for the contents of all of their letters. Correspondence containing threats, extortion, etc., may result in prosecution for violation of Federal laws.

Inmates may be placed on restricted correspondence status based on misconduct or as a result of classification. The inmate is notified of this placement and has the opportunity to respond. Mail service to inmates is ordinarily provided on a five-day schedule, Monday through Friday. Usually, weekend and holiday mail services are not provided.

Incoming Correspondence: First class mail is distributed Monday through Friday (except holidays) by the evening watch Correctional Officer in each housing unit. Legal and Special Mail will be distributed by Mail Room or Unit staff and opened in the presence of the inmate. Inmates are asked to advise those writing to them to put the inmate's registration number and Housing Unit on the envelope to aid the prompt delivery of mail. All inmate packages must have prior authorization unless otherwise approved under BOP policy.

Incoming Publications: The BOP permits inmates to subscribe to and receive publications without prior approval. The term publication means a book, booklet, pamphlet, or similar document, or a single issue of a magazine, periodical, newsletter, newspaper, plus such other materials addressed to a specific inmate, such as advertising brochures, flyers, and catalogs.

An inmate may only receive hard cover publications and newspapers from the publisher, a book club, or a bookstore. At minimum and low security institutions, an inmate may receive softcover publications (other than newspapers) from any source. At medium, high, and administrative institutions, an inmate may receive softcover publications only from the publisher, a book club, or a bookstore.

Special Mail: Special Mail is a category of correspondence sent to the following: President and Vice President of the United States, the U.S. Department of Justice (including the BOP), U.S. Attorneys Offices, Surgeon General, U.S. Public Health Service, Secretary of the Army, Navy, or Air Force, U.S. Courts (including U.S. Probation Officers), Members of the U.S. Congress, Embassies and Consulates, Governors, State Attorneys General, Prosecuting Attorneys, Directors of State Departments of Corrections, State Parole Commissioners, State Legislators, State Courts, State Probation Officers, other Federal and State law enforcement offices, attorneys, and representatives of the news media.

Special mail also includes correspondence received from the following: President and Vice President of the United States, attorneys, Members of the U.S. Congress, Embassies and Consulates, the U.S. Department of Justice (excluding the Bureau of Prisons but including U.S. Attorneys), other Federal law enforcement officers, State Attorneys General, Prosecuting Attorneys, Governors, U.S. Courts (including U.S. Probation Officers), and State Courts.

A designated staff member opens incoming Special Mail in the presence of the inmate. These items will be checked for physical contraband, funds, and for qualification as Special Mail; The correspondence will not be read or copied if the sender has adequately identified himself/herself on the envelope and the front of the envelope clearly indicates that the correspondence is "Special Mail – Open only in the presence of the inmate" or with similar

language. Without adequate identification as Special Mail, the staff may treat the mail as general correspondence. In this case, the mail may be opened, read, and inspected.

Inmate Correspondence with Representatives of the News Media: An inmate may write, following Special Mail procedures, to representatives of the news media when specified by name and title. The inmate may not receive compensation or anything of value for correspondence with the news media. The inmate may not act as a reporter, publish under a byline, or conduct a business or profession while in BOP custody.

- Representatives of the news media may initiate correspondence with an inmate. Correspondence from a representative of the news media will be opened, inspected for contraband, for qualification as media correspondence, and for content which is likely to promote either illegal activity or conduct contrary to BOP regulations.

Correspondence between Confined Inmates: An inmate may be permitted to correspond with an inmate confined in another penal or correctional institution. This is permitted if the other inmate is either a member of the immediate family (mother, father, sister, child, or spouse), or party in a current legal action (or a witness) in which both parties are involved. The Unit Manager at each institution must approve the correspondence if both inmates are housed in Federal institutions.

Rejection of Correspondence: The Warden may reject general correspondence sent by or to an inmate if it is determined to be detrimental to the security, good order, or discipline of the institution, to the protection of the public, or if it might facilitate criminal activity.

Notification of Rejection: The Warden will give written notice to the sender concerning the rejection of mail and the reasons for rejection. The sender of the rejected correspondence may appeal the rejection. The inmate may also be notified of the rejection of correspondence and the reasons for it. The inmate also has the right to appeal the rejection. The Warden shall refer the appeal to a designated officer other than the one who originally disapproved the correspondence. Rejected correspondence ordinarily will be returned to the sender.

Change of Address/Forwarding of Mail: Mail Room staff will make available to an inmate who is being released or transferred, a change of address form. General correspondence (as opposed to special mail) will be forwarded to the new address for 30 days. After 30 days, general correspondence is returned to sender with the notation "Not at this address – return to sender." Staff will use all practical means to forward special mail. After 30 days, the SENTRY address will be used to forward special mail.

Certified/Registered Mail: Inmates may use certified, registered, or insured mail services. Other mail services such as stamp collecting, express mail, cash on delivery (COD), and private carriers are not provided.

Telephones: Telephone privileges are a supplemental means of maintaining community and family ties. Telephones are to be used for lawful purposes only. Threats, extortion, etc. may result in prosecution. All inmate telephones are subject to monitoring and recording. Inmates must contact their Case Manager to arrange an unmonitored attorney call.

It is expected that each inmate will handle her calls in such a manner that will allow the equal use of the phones by all inmates. Calls are limited to fifteen (15) minutes in duration. Each inmate is allowed 300 minutes of calling time per month, unless on telephone restriction. Telephones will not be used to conduct a business.

Inmates are allowed to have thirty (30) approved numbers on their phone list. In order to use the system, you will have to transfer funds from your commissary account to your individual telephone account. There are telephones located in each housing unit for your use. No third party, credit card calls, 1-800, 1-900, 1-888, or 1-976 can be made on these lines. Collect calls can also be made to pre-approved telephone numbers.

Inmates will be given their SECRET PAC (nine digits) number by your Correctional Counselor. This will allow you to place a call by first entering the telephone number followed by your nine digit PAC number. Giving or selling your PAC number will result in disciplinary action. All calls are automatically terminated after fifteen (15) minutes. A waiting period may be established between calls.

It is each inmates' responsibility to maintain their PAC in a way to ensure no other inmate has access to it. Inmates found to be sharing their telephone account with other inmates will result in disciplinary action taken with all inmates involved. Third party telephone contact will also result in disciplinary action. This could include, but is not limited to three way calls, call forwarding, the use of two or more telephones to communicate, and/or ANY circumstance in which the party called establishes third party telephone contact.

Visiting: Inmates are encouraged to receive visits in order to maintain family and community ties. The visiting days and times are as follows:

Saturday and Sunday: 8:00 A.M. – 5:00 P.M. (Visitors must enter before 3:00 P.M.)
Federal Holidays – 8:00 A.M to 3:00 P.M. (Visitors must enter before 1:00 P.M.)

Newly designated inmates are required to submit a visiting list to their Counselor for approval. Members of the immediate family (husband, children, parents, brothers, sisters) will ordinarily be placed on the approved visiting list, once the relationship has been verified. A common-law spouse will usually be treated as an immediate family member if the common-law relationship has previously been established in a state which recognizes such a status. Other relatives and friends may not be approved until properly screened. Requests for approval of visitors other than immediate family members should be made to your Counselor at least three weeks in advance of the intended visit. It is your responsibility to send to your visitors the rules and regulations attached to the Visiting Institution Supplement. Once your visitor is approved, it is your responsibility to inform them they are authorized to visit.

Each inmate may receive five (5) adult visitors and five (5) children at a time. All visits will begin and end in the Visiting Room. A brief kiss, embrace and/or handshake are allowed only upon arrival and departure. Inmates may embrace and/or hold children on their laps if the children are under the age of ten.

Visitors must be dressed properly. Halter tops or other clothing of a suggestive or revealing nature will not be permitted in the Visiting Room. Shorts will be allowed; however, shorts, skirts and dresses must be no shorter than 2" above the knee. Footwear, designed for street wear, must be worn by all visitors. Inmates will not enter the visiting room until notified by a staff member that an approved visitor is present. Upon conclusion of a visit, inmates must exit the Visiting Room and return directly to the compound.

In the event of overcrowding, it may be necessary to terminate visits. Visits may be terminated when visiting becomes indecent, loud, profane, or affects the general order of the visiting area. Special visit requests should be addressed with your Unit Team.

Visitors are authorized to purchase food and drink items from the vending machines located in the Visiting Room. No other items are authorized to be passed between the inmate and visitors.

SPECIAL VISITS:

Special visits may be permitted under the following circumstances:

- A. Pre-release planning with former or prospective employers, sponsors, parole advisors and Halfway House staff. These visits will be supervised by Unit Team.
- B. Family emergencies (verified by staff and supervised by Unit Team or the Chaplain).
- C. Attorney/court-appointed investigation/interpreters.
 - 1. Attorney visits are defined as attorneys of record, retained and appointed, a prospective attorney, or an attorney who wishes to interview an inmate as a witness.
 - 2. Attorney visits shall ordinarily take place during normal visiting hours. Attorneys will make an advance appointment for visits. The attorney visit will be scheduled through the respective unit staff sufficiently in advance of the requested appointment to allow the approval process to be completed (48 hours). Attorneys must show a valid State Bar Association card or other suitable professional identification along with a driver's license or other form of photo ID before entry is granted into the institution. Additionally, briefcases and papers being introduced into the institution are subject to inspection for contraband.

The Unit Team will supervise Attorney visits during unscheduled visiting hours.

- 3. Investigators, with the exception of Bureau of Prisons' personnel, will schedule appointments in advance with unit staff in close coordination with the SIS Lieutenant and must be approved by the Warden. If circumstances prohibit advanced scheduling, the SIS Lieutenant will endeavor to

accommodate the investigator after he/she has been properly identified, and necessary approvals obtained.

4. All special purpose visits must be recommended by the Unit Manager, reviewed by the Associate Warden and approved by the Warden prior to the visitor's arrival at the institution. All special visits will be expected to comply with the requirements of proper identification previously outlined in this Supplement. The unit staff will complete the Attorney/Special Visit Authorization Form (Attachment 1) and forward a copy to the Visiting Room, a copy to the Institution Duty Officer, and a copy to the Central File subsequent to the approval of the Warden.

ACCESS TO LEGAL SERVICES

Legal Correspondence: Legal correspondence from attorneys will be treated as Special Mail if it is adequately marked. The envelope must be marked with the **attorney's name** and an indication that he/she is an attorney; the front of the envelope must be marked as "Special Mail - open only in the presence of the inmate" or with similar language clearly indicating the particular correspondence qualifies as legal mail and the attorney is requesting the correspondence be opened only in the inmate's presence. It is the responsibility of the inmate to advise her attorney of these requirements. If legal mail is not adequately marked, it may be opened as general correspondence.

Attorney Visits: Attorneys are encouraged to visit during regular visiting hours, by advance appointment. However, visits from an attorney can be arranged at other times based on the circumstances of each case and the availability of staff. Attorney visits will be subject to visual monitoring, but not audio monitoring.

Legal Material: During attorney visits, a reasonable amount of legal materials may be allowed in the visiting area, with prior approval. Legal material may be transferred, but is subject to inspection for contraband. Inmates are expected to handle the transfer of legal materials through the mail as often as possible.

Attorney Phone Calls: In order to make an unmonitored phone call with an attorney, the inmate must demonstrate to the Unit Team the need, such as an imminent court deadline. Inmates are responsible for the expense of unmonitored attorney telephone calls. When possible, it is preferred that inmates place an unmonitored, collect legal call. Phone calls placed through the regular inmate phones are subject to monitoring.

Law Library: Electronic Law Libraries (ELL): Inmates are afforded access to legal materials and an opportunity to prepare legal documents in the ELL. Resources are available for inmates to prepare legal material via Trust Fund.

Notary Public: Under the provisions of 18 USC 4004, Unit Secretaries are authorized to notarize documents. A recent change in the law allows that a statement to the effect that papers which an inmate signs are true and correct under penalty of perjury will suffice in Federal courts and other Federal agencies, unless specifically directed to do otherwise. Some states will not accept a government notarization for real estate transactions, automobile sales, etc. In these cases, it will be necessary to contact unit staff for arrangements with the institution's notary public. The Unit

Secretary in each unit serves as a Notary for the institution. Hours are posted.

Copies of Legal Material: In accordance with institution procedures, inmates may copy material necessary for their research or legal matters. A copying machine is available in the Education Department for inmate use for a nominal fee. Individuals who have no funds and who can demonstrate a clear need for particular copies may submit a written request for a reasonable amount of free duplication through the unit team.

Federal Tort Claims: If the negligence of institution staff results in personal injury or property loss or damage to an inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form by submitting an Inmate Request to Staff Member to the Correctional Systems Supervisor.

Freedom of Information/Privacy Act of 1974: The Privacy Act of 1974 forbids the release of information from agency records without a written request, or without the prior written consent of the individual to whom the record pertained, except for specific instances.

*All formal requests for access to records about another person and/or agency record other than those pertaining to themselves shall be processed through the Freedom of Information Act (FOIA), 5 USC 552. Requests may be made in writing to the FOIA Branch, Central Office, 320 First St., N.W., Washington, D.C. 20534.

Inmate Access to Central Files and Other Documents: An inmate may request to view his/her central file (minus the FOIA section) under the supervision of her Case Manager by submitting a cop-out to the Unit Team. An inmate does not need to submit a FOIA Act Request to the Director of the BOP unless the information requested is in the FOIA Exempt section. Likewise, an inmate wishing to review her medical file should send a request to Health Services.

An inmate can request access to the non-disclosable documents in her central file and medical file, or other documents concerning herself that are not in her central file or medical file, by submitting a Freedom of Information Act Request to the Director of the BOP, Attention: FOI Request. A request on the behalf of an inmate by an attorney, for records concerning that inmate, will be treated as a Privacy Act Request if the attorney has forwarded an inmate's written consent to disclose materials. If a document is deemed to contain information exempt from disclosure, any reasonable part of the record will be provided to the attorney after the deletion of the exempt portions.

Executive Clemency: The BOP advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does not connote innocence nor does it expunge the record of conviction. A pardon restores civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (reduction of sentence imposed after a conviction), and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence: The BOP also advises inmates on commutation of sentences. Commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for commutation of sentence must do so on forms available from the assigned unit team. The rules governing these petitions are available in the Law Library.

Pardon: A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotics Laws, Gun Control Laws, Income Tax Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

Compassionate Release/Reduction in Sentence: The Director of the Bureau of Prisons may motion an inmate's sentencing court for reduction in sentence (RIS) for an inmate presenting extraordinary and compelling circumstances. See 18 U.S.C. § 3582 and the Program Statement on *Compassionate Release/Reduction in Sentence*. The BOP may consider both medical and non-medical circumstances. The BOP consults with the U.S. Attorney's Office that prosecuted the inmate and will notify any victims of the inmate's current offense.

If the RIS is granted, the judge will issue an order for the inmate's release and he or she will then usually begin serving the previously imposed term of supervised release. If an inmate's RIS request is denied, the inmate will be provided a statement of reasons for the denial. The inmate may appeal a denial through the Administrative Remedy Procedure. Denials by the General Counsel or the Director are final agency decisions and are not appealable. Inmates who feel their request is of an emergency nature (e.g., a terminal medical condition) may state as such in accordance with the regulation. (See 28 CFR part 542, subpart B).

PROBLEM RESOLUTION

Inmate Request to Staff Member: An Inmate Request to Staff Member (form BP-S148), commonly called a Cop-Out, is used to make a written request/electronic request to a staff member. Any type of request can be made with this form. Cop-outs may be obtained in the living units from the Correctional Officer on duty or on TRULINCS. Staff members will answer the request within a reasonable period of time.

Administrative Remedy Process: The BOP emphasizes and encourages the resolution of complaints. The first step of the Administrative Remedy process is to attempt an **Informal Resolution**, utilizing the appropriate Informal Resolution form. (See the Administrative Remedy Institution Supplement, Attachment A).

- When an informal resolution is not successful, an inmate can access the Administrative Remedy Program. All Administrative Remedy forms may be obtained from your assigned Correctional Counselor or Unit Team member.

If the issue cannot be informally resolved, a formal complaint may be filed with a Request for Administrative Remedy (formerly BP-229), commonly referred to as a BP-9. The inmate may place a single complaint or related issues on the form. If the form contains multiple unrelated issues, the submission will be rejected. The inmate will return the completed BP-9 to the Correctional Counselor, who will deliver it to the Administrative Remedy Coordinator (BP-9 will be rejected unless processed through staff). The BP-9 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of time which should be documented in the complaint. Institution staff has twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Warden's response to the BP-9, she may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-9 response.

The regional appeal is filed on a Regional Administrative Remedy Appeal (form BP-230), commonly referred to as a BP-10, and must include the appropriate number of copies of the BP-9 form, the Warden's response, and any exhibits. The regional appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Regional Director's response, she may appeal to the General Counsel in the Central Office.

The national appeal must be made on the Central Office Administrative Remedy Appeal (form BP-231), commonly referred to as a BP-11, and must have the appropriate number of copies of the BP-9, BP-10, both responses, and any exhibits. The national appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional twenty (20) days. The inmate will be notified of the extension.

When filing a Request for Administrative Remedy or an Appeal (BP-9, BP-10, or BP-11), the form should contain the following information:

- Statement of Facts
- Grounds for Relief
- Relief Requested

Sensitive Complaints: If an inmate believes a complaint is of a sensitive nature and she would be adversely affected if the complaint became known to the institution, she may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree the complaint is sensitive, the inmate will be advised in writing of that determination and the complaint will be returned. The inmate may then pursue the matter by filing a BP-9 at the institution.

General Information: When a complaint is determined to be an emergency and threatens the inmate's immediate health or welfare, the reply must be made as soon as possible, usually within seventy-two (72) hours from the receipt of the complaint.

For detailed instructions see Program Statement 1330.18, Administrative Remedy Program.

DISCIPLINARY PROCEDURES

Inappropriate sexual behavior towards staff and other inmates will not be tolerated. Inappropriate sexual behavior is defined as verbal or physical conduct perceived as a sexual proposal, act, or threat.

Examples of inappropriate inmate sexual behavior include: displaying sexually-explicit materials; making sexually suggestive jokes, comments, proposals, and gestures; and engaging in stalking, indecent exposure, masturbation, or physical contact. Inmates who engage in this type of behavior will be disciplined and sanctioned accordingly, through the inmate discipline process.

Discipline: The inmate discipline program helps ensure the safety, security, and orderly operation for all inmates. Violations of BOP rules and regulations are handled by the Unit Discipline Committee (UDC) and, for more serious violations, the Disciplinary Hearing Officer (DHO). Upon arrival at an institution, inmates are advised of the rules and regulations and are provided with copies of the Prohibited Acts and Available Sanctions, as well as local regulations.

Inmate Discipline Information: When a staff member witnesses or reasonably believes an inmate has committed a prohibited act, a staff member will issue an incident report, a written copy of the charges against an inmate. The incident report will ordinarily be delivered to the inmate within 24 hours of the time staff became aware of the inmate's involvement in the incident. If the incident is referred for prosecution, the incident report is delivered by the end of the next work day after it has been released for administrative processing. An informal resolution of the incident may be attempted at any stage of the discipline process. If an informal resolution is accomplished, the incident report will be removed from the inmate's central file. Informal resolution is encouraged for all violations in the Moderate and Low severity categories. Staff may suspend disciplinary proceedings up to two calendar weeks while informal resolution is undertaken. If an informal resolution is not accomplished, staff will reinstate the discipline process at the stage at which they were suspended.

Violations in the Greatest and High severity categories cannot be informally resolved and must be forwarded to the DHO for final disposition.

Initial Hearing: Inmates will ordinarily be given an initial hearing within five (5) work days after the incident report is issued, excluding the day it was issued, weekends, and holidays. The Warden must approve, in writing, any extension over five (5) days. The inmate is entitled to be present at the initial hearing and may make statements and present documentary evidence. The UDC must give its decision in writing to the inmate by the close of the next work day.

The UDC may make findings on Moderate and Low severity offenses. The UDC will automatically refer Greatest and High severity offenses to the DHO for final disposition.

Discipline Hearing Officer (DHO): The Disciplinary Hearing Officer (DHO) conducts disciplinary hearings on all Greatest and High severity prohibited acts and other violations referred by the UDC at the Moderate and Low severity levels. The DHO may not hear any case not referred by the UDC. An inmate will be provided with advance written notice of the charge(s) not less than 24 hours before the inmate's appearance before the DHO.

Inmates may waive this requirement. Inmates may appear before the DHO either in person or electronically (for example, by video or telephone conferencing). The Warden provides a full-time staff member to represent an inmate, if requested. An inmate may make statements and present documentary evidence on her behalf. The inmate may request witnesses appear at the DHO hearing to provide statements. The DHO will call witnesses who have information directly relevant to the charge(s) and are reasonably available. The DHO will request a statement from all unavailable witnesses whose testimony is deemed relevant. Inmates may not question a witness at the hearing; however, the staff representative and/or the DHO will question the witness(es). An inmate may submit a list of questions for the witness(es) to the DHO if there is no staff representative. An inmate has the right to be present throughout the DHO hearing, except during deliberations. The inmate charged may be excluded during appearances of outside witnesses or when institution security may be jeopardized. The DHO may postpone or continue a hearing for good cause or disposition when the case does not warrant DHO involvement or may refer an incident report back for further investigation or review. The DHO will give the inmate a written copy of the decision and disposition, ordinarily within 15 days of the decision.

Appeals of Disciplinary Actions: Appeals of all disciplinary actions may be made through the Administrative Remedy Program. The initial reviewing official for the UDC is the Warden. The decision of the DHO is final and subject to review only by the Regional Director through the Administrative Remedy program. Appeals are made to the Regional Director (BP-230) and the General Counsel (BP-231).

On appeal, the reviewing authority (Warden, Regional Director, or General Counsel) considers:

- Whether the UDC or DHO substantially complied with regulations on inmate discipline.
- Whether the UDC or DHO based its decision on facts. If there is conflicting evidence, whether the decision was based on the greater weight of the evidence.
- Whether an appropriate sanction was imposed for the severity level of the prohibited act, and other relevant circumstances.

Special Housing Unit Status: Special Housing Units (SHUs) are housing units in BOP institutions where inmates are securely separated from the general inmate population and may be housed either alone or with other inmates. SHU helps ensure the safety, security, and orderly operation of correctional facilities, and protect the public by providing alternative housing assignments for inmates removed from the general population. At this institution, another facility is utilized for SHU/DS/A/D. When placed in the SHU, you are either in administrative detention (A/D) status or disciplinary segregation (D/S) status.

Administrative detention (A/D) status: A/D is an administrative status which removes you from the general population when necessary to ensure the safety, security, and orderly operation of correctional facilities, or protect the public. Administrative detention status is non-punitive and can occur for a variety of reasons.

You may be placed in A/D status for the following reasons:

- (a) Pending Classification or Reclassification: You are a new commitment pending classification or under review for Reclassification. This includes newly arrived inmates from the bus, airlift, and the U. S. Marshals Service.
- (b) Holdover Status: You are in holdover status during transfer to a designated institution or other destination.
- (c) Removal from general population: Your presence in the general population poses a threat to life, property, self, staff, other inmates, the public, or to the security or orderly running of the institution and:
 - (1) Investigation: You are under investigation or awaiting a hearing for possibly violating a Bureau regulation or criminal law;
 - (2) Transfer: You are pending transfer to another institution;
 - (3) Protection cases: You requested, or staff determined, that you require administrative detention status for your own protection; or
 - (4) Post-disciplinary detention: You are ending confinement in disciplinary segregation status, and your return to the general population would threaten the safety, security, and orderly operation of a correctional facility, or public safety.

When placed in A/D status, you will receive a copy of the administrative detention order, ordinarily within 24 hours, detailing the reason(s) for your placement. However, when placed in A/D status pending classification or while in holdover status, you will not receive an administrative detention order. In A/D status you are ordinarily allowed a reasonable amount of personal property and reasonable access to the commissary.

Disciplinary segregation (D/S) status: D/S is a punitive status imposed only by a Discipline Hearing Officer (DHO) as a sanction for committing a prohibited act(s). When you are placed in D/S status, as a sanction for violating BOP regulations, you will be informed by the DHO at the end of your discipline hearing.

In D/S status, your personal property will be impounded, with the exception of limited reading/writing materials and religious articles. Your commissary privileges may also be limited. In either status, your amount of personal property may be limited for reasons of fire safety or sanitation. The Warden may modify the quantity and type of personal property allowed. Personal property may be limited or withheld for reasons of security, fire safety, or housekeeping. The unauthorized use of any authorized item may result in the restriction of the item. If there are numerous misuses of an authorized item, the Warden may determine that the item will not be issued in the SHU. Program staff, including unit staff, will arrange to visit inmates in a SHU within a reasonable time after receiving the inmate's request.

A Health Services staff member will visit you daily to provide necessary medical care. While in SHU, you may continue taking your prescribed medications. In addition, after every 30 calendar days of continuous placement in either A/D or D/S status, a Mental Health staff will examine and interview you.

RELEASE

Sentence Computation: The Designation and Sentence Computation Center (DSCC), located in Grand Prairie, Texas, is responsible for the computation of inmate sentences. Once staff at the DSCC have certified the sentence computation as being accurate, staff will provide the inmate with a copy of his or her sentence computation data.

Any questions concerning good time, jail time credit, parole eligibility dates, full term dates, or release dates are resolved by staff upon inmate request for clarification.

Fines and Costs: In addition to jail time, the court may impose committed or non-committed fines and/or costs. Committed fines mean that the inmate will remain in prison until the fine is paid, makes arrangements to pay the fine, or qualifies for release under the provisions of Title 18 USC, Section 3569 (Discharge of indigent prisoner). Non-committed fines have no condition of imprisonment based on payment of fines or costs. Payments for a non-committed fine or cost are not required for release from prison or transfer to a contract residential reentry center.

Detainers: Case management staff may give assistance to offenders in their efforts to have detainers against them disposed of, either by having the charges dropped, by restoration to probation or parole status, or by arrangement for concurrent service of the state sentence. The degree to which the staff can assist in such matters as these will depend on individual circumstances.

The Interstate Agreement on Detainers Act (IADA) allows for the disposition of untried charges, indictments, information, or complaints that have been lodged as a detainer by party states. The United States of America, the District of Colombia, and any U.S. state or territory that has codified the IADA into its statutes have been identified as party states. The states of Mississippi and Louisiana, the Commonwealth of Puerto Rico, and the territories have not joined the IADA to date.

Good Conduct Good Time: This applies to inmates sentenced for an offense committed on or after November 1, 1987, under the Sentencing Reform Act of 1984 (SRA), the Violent Crime Control Law Enforcement Act (VCCLEA), or Prison Litigation Reform Act (PLRA). The SRA became law on November 1, 1987. The two most significant changes made to sentencing statutes concern good time and parole issues. There are no provisions for parole under the SRA. The only good time available under the SRA is 54 days of Good Conduct Time (GCT) for each year served on the sentence. No GCT is applied to life terms, or to sentences of 1 year or less.

For inmates convicted under the VCCLEA, for offenses committed from September 13, 1994, through April 25, 1996, the 54 days of GCT earned for each year served on the sentence will not

vest if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED. Unsatisfactory progress is determined by the institution Education Department.

For inmates sentenced under the PLRA, for offenses committed on or after April 26, 1996, the GCT earned for time spent in service of the sentence does not vest. In addition, if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED, only 42 days of GCT will be earned for each year in the service of the sentence. Unsatisfactory progress is determined by the institution Education Department.

The amount of GCT an inmate is eligible to receive is based on the amount of time served on the sentence, not the length of the sentence. This calculation method has been upheld by the U.S. Supreme Court.

Residential Reentry Center Placement: Inmates who are nearing release, and who need assistance in obtaining a job, residence or other community resources, may be referred for placement at a Residential Reentry Center (RRC).

The Residential Reentry Management Regional Administrator supervises services provided to offenders housed in contract facilities and participating in specialized programs in the community. The Residential Reentry Manager (RRM) links the BOP with the U.S. Courts, other Federal agencies, State and local governments, and the community. Located strategically throughout the country, the RRM is responsible for developing and maintaining a variety of contract facilities and programs, working under the supervision of the appropriate regional administrator. Community programs have two major emphases: residential community-based programs provided by RRCs and programs that provide intensive nonresidential supervision to offenders in the community.

Community-Based Residential Programs: The community-based residential programs available include both typical RRCs and work release programs provided by local detention facilities. The RRCs provide a suitable residence, structured programs, job placement and counseling while monitoring the offender's activities. They also provide drug testing and counseling, and alcohol monitoring and treatment. While in these programs, employed offenders are required to pay subsistence to help defray the cost of their confinement. The inmate's payment rate during RRC residence is 25 percent of the inmate's gross income.

Most BOP community-based residential programs are provided in RRCs. These facilities contract with the BOP to provide residential correctional programs near the offender's home community. RRCs are used primarily for three types of offenders:

- Those nearing release from a BOP institution, as a transitional service while the offender is finding a job, locating a place to live, and reestablishing family ties.
- Those under community supervision who need guidance and supportive services beyond what can be provided through regular supervision by U.S. Probation.
- Those serving short sentences of imprisonment and terms of community confinement.

Each RRC now provides two components within one facility, a prerelease component and a community corrections component. The prerelease component assists offenders making the transition from an institutional setting to the community, or as a resource while under supervision. The community corrections component is more restrictive. Except for employment and other required activities, the offenders are required to main at the RRC, where recreation, visiting, and other activities are provided in-house.

The other option for community-based residential programming is local detention facilities. Some local jails and detention centers are used to confine offenders serving short sentences. Many have work release programs where an offender is employed in the community during the day and returns to the institution at night.

These facilities may also be used for offenders sentenced to terms of intermittent confinement such as nights, weekends, or other short intervals. Some of these local facilities have work release programs similar to the community corrections component in a RRC, serving to facilitate the transition from the institution to the community.

Voting Rights for Incarcerated Individuals

Some people incarcerated in Federal Bureau of Prisons (BOP) facilities maintain their right to vote. The below information will help you understand your rights and the voting process. It provides information about who can vote if they are detained before trial and also after a conviction. It will also provide information about how BOP will treat incoming and outgoing Board of Election mail, including ballots. Finally, it covers how you can restore your voting rights upon release from prison if you lost them while in custody. BOP will provide more information about your voting rights during its Admissions & Orientation Program, as well as during its Release Orientation Program.

If you have questions about your voting rights, including about voting by mail, please contact the Reentry Affairs Coordinator (RAC) or your unit team.

Individuals in Pretrial Detention

If you are held in custody prior to your trial or conviction, it does not affect your voting rights. Therefore, if you were eligible to vote before your pre-trial confinement began, you are still eligible to vote while your case proceeds. You can ask about options for registration and voting in your state while you are in BOP custody during your trial proceedings.

Individuals Who Are Currently Serving a Sentence for a Misdemeanor Conviction

People serving sentences for misdemeanor convictions can still vote in most but not all cases. This means that, if you could vote before your misdemeanor conviction, you still can vote while you serve your sentence, in most instances. You can ask about options for registration and voting in your state while you are serving a misdemeanor sentence.

Individuals Who Are Currently Serving a Sentence for a Felony Conviction

Many states take away the right to vote for all voters with felony convictions during their

incarceration, but that is not true everywhere. In some states, whether you lose your voting rights depends on the details of your conviction.

Four jurisdictions the District of Columbia (D.C.), Maine, Puerto Rico, and Vermont currently allow people in prison to vote, no matter why they were convicted. Detailed information regarding how to register and vote by mail in these jurisdictions is provided below:

- **District of Columbia:** If you lived in D.C. before your incarceration, you can register and vote in D.C. elections while serving your sentence. You can make updates to your registration information, including your address, by mailing a completed voter registration form to:

District of Columbia Board of Elections
1015 Half Street SE, Suite 750,
Washington DC 20077-0859.

You can also request to have an absentee ballot sent to your correctional facility.

- **Maine:** If you lived in Maine before your incarceration, you may register and vote in Maine elections during your incarceration. You can request to have an absentee ballot mailed to your correctional facility by calling or making a written request to local election officials or applying online through the Secretary of State’s website. An immediate family member may also submit an absentee ballot application on your behalf.
- **Puerto Rico:** If you lived in Puerto Rico before your incarceration, you may register and vote in Puerto Rico during your incarceration. You may request an absentee ballot by emailing or sending a signed application to the Absentee Voting Administrative Board:

Absentee Voting Administrative Board (JAVA) Puerto Rico State Election Commission
San Juan, PR 00919-2359
Phone: (787) 764-5601
Fax: (787) 777-8358
Email: java@cee.pr.gov

- **Vermont:** If you lived in Vermont before your incarceration, you may register and vote in Vermont elections during your incarceration. You may request an absentee ballot by telephone, fax, email, mail, or by using the My Voter Page online resource.

Registering to Vote or Requesting Absentee Ballot

If you are eligible to vote while incarcerated, you must register to vote before you can request an absentee ballot. You must use your home address as the “residential address,” not your prison

address, when completing your voter registration application. Once you are registered to vote, you should list the jail or correctional facility on your absentee ballot application as the “mailing address.”

You can find additional voting materials posted on TRULINCS. You can also find this and other material in the Reentry Resource Library. BOP will update information regarding voting rights-related changes in relevant states periodically.

If you have questions regarding how to register to vote or how to request an absentee ballot, contact the RAC or your unit team.

Incoming and Outgoing Voter Mail

Incoming mail from election officials labeled “Official Election Mail,” “Official Election Ballot,” “Ballot Enclosed,” or with similar language indicating that the envelope contains an election ballot, will be treated as legal mail, meaning that it will be opened in your presence and you will be asked to sign for receipt of the mail. Incoming ballots are the only election related material that will be treated as legal mail. Other types of informational mail are considered general correspondence. All outgoing inmate mail addressed to election officials will be treated as legal mail and will not be opened or inspected by BOP staff.

Restoration of Voting Rights

For many returning citizens, voting in elections is an important part of the reentry process. Before release or transfer to a Residential Reentry Center or Home Confinement, you will receive additional information regarding how to restore your voting rights during your participation in the Release Orientation Program.

If you were previously registered to vote but subsequently lost your right to vote due to a felony conviction, you will need to re-register if you want to vote again. Because state laws differ on whether and when people convicted of criminal offenses may vote, you should consult resources specific to your state before trying to register or vote. But below is a brief description of four approaches that states take in restoring the right to vote to people convicted of criminal offenses:

- In the District of Columbia, Maine, Vermont, and Puerto Rico, individuals convicted of a felony never lose their right to vote, even while they are incarcerated and regardless of the offense.
- In a second category of states, individuals convicted of a felony generally lose their voting rights only while incarcerated. Once they are released, they can register and then vote.
- In a third category of states, individuals convicted of a felony generally lose their voting rights during incarceration and perhaps for a period of time after release, for example while on parole or probation, while they still

owe certain fines, fees, or restitution, or until an additional amount of time passes. Voting rights may be automatically restored after this time period, but those individuals would still have to re-register to vote.

- In a fourth category of states, individuals convicted of a felony generally lose their voting rights for some time after they are released from custody. Additionally, individuals who have lost their right to vote may have to take additional steps, for example asking a court or showing proof that they have completed their sentence, before their voting rights can be restored.

The Adam Walsh Child Protection and Safety Act: The Adam Walsh Child Protection and Safety Act (Pub.L. 109-248) was signed into law on July 27, 2006. The legislation organizes sex offenders into 3 tiers, and mandates that Tier 3 offenders update their whereabouts every 3 months. It makes failure to register and update information a felony. It also creates a national sex offender registry and instructs each state and territory to apply identical criteria for posting offender data on the internet (i.e., offender's name, address, date of birth, place of employment, photograph, etc.).

Conclusion: This information will assist inmates during their incarceration and help clarify any concerns they may encounter. New commitments should feel free to ask any staff member for assistance, particularly unit staff.

For individuals who are not yet in custody, and who have been given this publication to prepare for commitment, the BOP's RRM or the staff at the institution to which they have been designated can help clarify any other concerns.

Information and How to Report**

An Overview for Inmates

Federal Prison Camp (FPC) BRYAN
Bryan, Texas

updated: June 2022

You Have the Right to be Safe from Sexually Abusive Behavior.

The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, **no one has the right to pressure you to engage in sexual acts.**

You do not have to tolerate sexually abusive/ harassing behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

What Can You Do if You Are Afraid or Feel Threatened?

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted?

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault, **we recommend that you see medical staff BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom because evidence can be lost.** Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. **Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

How Do You Report an Incident of Sexually Abusive Behavior?

It is important that you **tell a staff member if you have been sexually assaulted** or have been a victim of sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentiality report sexually abusive behavior if you are not comfortable talking with staff.

- **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior.

You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

- **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.
- **Write the Office of the Inspector General (OIG)** which investigates certain allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. You may request to remain anonymous to the BOP. The address is:

**Office of the Inspector General
U.S. Department of Justice
Investigations Division
950 Pennsylvania Avenue,
N.W. Room 4706
Washington, D.C. 20530**

- **E-mail OIG.** You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday – Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

Note: These e-mails:

- are untraceable at the local institution,
 - are forwarded directly to OIG
 - will not be saved in your e-mail ‘Sent’ list
 - do not allow for a reply from OIG,
 - If you want to remain anonymous to the BOP, you must request it in the e-mail to OIG.
- **Third-party Reporting.** Anyone can report such abuse on your behalf by accessing the BOP’s public website, specifically https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp

Understanding the Investigative Process

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

You may also contact your local Rape Crisis Center (RCC). Rape Crisis Centers are community-based organizations that help victims of sexual violence. Your institution may have a Memo of Understanding (MOU) with a local RCC. If so, Psychology Services can provide you with the contact information. If no MOU exists, you may seek services through Psychology Services.

Management Program for Inmate Assailants

Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

PREA Video Script

Serving your sentence can be a challenging time in your life. While in the care and custody of the Federal Bureau of Prisons, you have the *right* to be free from sexually abusive behavior. In fact, sexual abuse is actually *illegal*. The Prison Rape Elimination Act of 2003 (commonly known as “PREA”) is the law enacted to ensure your time in our custody is safe. The Bureau of Prisons has a commitment to uphold our zero-tolerance policy for sexually abusive behavior. This means we do not tolerate sexual abuse or sexual harassment of any kind from staff or other inmates, and we are obligated to respond when you feel you have been abused or harassed.

Many of you experienced and survived physical, emotional, or sexual trauma before your incarceration. It is unacceptable for this cycle of abuse to continue during your sentence. Our institutions are meant to be places where you can serve your sentence safely and engage in gender-responsive programming and activities designed to help meet your individual reentry, health and wellness, parenting, psychological, and other needs. Our goal is for you to serve your sentence and work on self-improvement and do so in a safe environment without worrying about your safety and wellbeing.

BOP staff are prohibited from engaging in sexually inappropriate behavior. This includes demeaning references to your gender or comments about your body. Staff are prohibited from using indecent language, sexually suggestive comments or gestures, or watching you for their own pleasure. These behaviors are considered sexual harassment. Sexual harassment or the invasion of your privacy by staff for reasons unrelated to official duties are not acceptable and may constitute a PREA violation. Even having sexually suggestive pictures hanging in public areas is inappropriate in our prisons. You may perceive these behaviors as uncomfortable to refuse or you may feel like you can't report them, but you can and should. You might worry how reporting may interrupt your current relationships, phone calls and visits; you may even fear retaliation. I want you to know, staff who violate professional boundaries must be reported and safeguards are in place to ensure your protection. Retaliation of any kind for reporting allegations of staff misconduct or sexual abuse is strictly prohibited. It is the expectation of the agency and its leadership that our staff at every level treat inmates with respect and dignity, and we ask the same of you. When we all work together, there are better outcomes for you when you return home to your children, families, and loved ones.

If you feel you have been harassed or abused, there are multiple ways for you to report this behavior. You can tell any staff member; call to report; send an email; or write to report. Specific details for your facility are available in your A&O Handbook or on the black and yellow PREA signs in your housing unit. All allegations of sexual abuse are taken seriously and investigated. If you have questions or need help with understanding your handbook or any of this information, please reach out to a staff member.

At all BOP facilities, we have trained, professional mental health staff who can help you after an allegation of sexual abuse, and most institutions also have access to outside advocates you can contact, should you choose to work with them after an allegation. This includes access to follow-up services beyond your initial report. Your safety and wellbeing are of the utmost importance to the BOP. Please reach out to your Executive Staff or any staff member you feel comfortable asking if you have any questions. You have the right to be free of sexual abuse and harassment and we can all work together to keep you safe and healthy.
