2. Capacity:

A total of 7 visiting stations will be set up in the visiting room. Visiting stations will accommodate one (1) inmate and up to two (2) persons. At no time will the visiting room be occupied by more than 25 persons.

3. Visitor Screening:

Social distancing must be adhered to. All inmate visitors will be required to wear appropriate face covering when entering the front lobby. No face coverings with derogatory, sexually suggestive, or gang-related logos or messages will be allowed. Bandanas will not be considered an appropriate face covering. Only visitors visiting the same inmate will be permitted into the lobby at a time. All other visitors must remain either in the lobby waiting area or outside, as directed by staff. Enhanced screening is mandatory for all visitors prior to the security screening process. Visitors who are sick and/or symptomatic will be denied entry. As visitors are approved to proceed in the screening process, they will be given an institution mask to swap out their mask to wear into the Visiting Room. Visitors will be required to wear the institution provided face mask for the duration of their visit. Visitor masks, used to enter the facility, will be secured in the Front Lobby, as directed by staff. Visitors will have the option to keep the institution mask to wear upon departure from the institution or to throw them away in the front lobby trash receptacle and immediately replace the mask with their mask worn into the facility.

Once visitors have successfully passed the enhanced screening process they will be directed to the bathroom to conduct hand washing prior to being issued a locker key to

store belongings. Visitors must have valid identification and will be permitted to bring items for the care of infant children (i.e. one clear baby bottle, baby food, and hygiene items etc.) only. Limited personal belongings should be brought to the facility. Vending machines will not be available during visits.

All visitors will be subject to security screening prior to entering the visiting waiting area. **Visitors must clear the walk through metal detector** and all authorized belongings must pass through the x-ray machine. Visitors unable to clear the walk through metal detector will be denied access to the institution.

Visitors will be escorted to the visiting room as directed by staff.
