4. **GENERAL VISITING PROCEDURES:**

- A. Preparation of the Visiting List:

Visiting Regulations are incorporated in the Admission and Orientation Handbook. The A&O Handbook is provided to all inmates entering the facility.

1. Upon admission to the FCI and SCP, each inmate will be given a Visitor Information Sheet to be completed and returned to the Unit Counselor for final approval. The inmate will be required to forward the Visiting Regulations and the Visitor Information Sheet to the proposed visitors. The Visitor Information Sheet with a signed release authorization form must be returned to the Unit Counselor by the proposed visitor prior to any further action concerning the visit. Upon receipt of the completed authorization form, the Unit Counselor will initiate a National Crime Information Center (NCIC) inquiry. NCIC inquiries which result in denial of visitation will be retained in the FOI section of the inmate's central file with the visitor's information sheet. NCIC inquiries are valid for two years. **(REQUIREMENT #6)**
2. After appropriate investigation, the Unit Counselor will enter the required information into the Visiting Program. A NCIC check will be completed on all inmate visitors except for law enforcement officials or officers of the Court (Judges, Probation/Parole Officers, District Attorneys, and United States Attorneys). The Unit Team members will be the only ones authorized to place a visitor on an inmate's approved visiting list.

A hard copy of the visiting list will be placed in the inmate's central file and at the Front Entrance Officer's station. The Unit Counselor will notify the inmate of the visitors who have been approved. Should a visitor be disapproved, the unit counselor will notify the affected inmate, and it will be the inmate's responsibility to notify the visitor of their visiting status. Normally, a maximum of twenty (20) visitors will be authorized on the inmate's visiting list. For inmates deemed to be indigent, the Unit Counselor will forward the Visitor Information Sheet with a signed release authorization form at government expense, in accordance with Program Statement 2000.02, Accounting Management Manual.

3. The Unit Counselor will periodically review the visiting list to ensure its accuracy. Inmate's may amend their visiting list by submitting an Inmate Request to Staff form to his Unit Team indicating the desired change. Inmates will be able to submit a change/addition to their visiting list once a quarter. **(REQUIREMENT #26)**
4. Records of Inmate Visitors: All inmates who receive a visit will be loaded into the Visiting computer system. In the event of a malfunction of the computer system, hard copies will be maintained for 1 year. The computer system is backed up daily at the Central Office. Hard copies of the authorized visitors are maintained by the Unit Team and made available to the Front Lobby when changes are made. **(REQUIREMENT #9, #10)**

B. Regular Visitors:

1. Members of the Immediate Family: These include mother, father, stepparents, foster parents, brothers, sisters, spouse, and children. Inmates who are initially designated to the FCI and SCP will be required to submit the Visitor Information Sheet and signed Release Authorization Form to the Unit Counselor. A NCIC will be completed prior to immediate family members being placed on the visiting list. Inmates who transfer to the FCI or SCP from another federal facility will have their visiting list approved if the NCIC is current and the immediate family members are verified in the inmate's Pre-sentence Report.

2. Other Visitors: For prospective visitors who are not Immediate Family, a completed Information Questionnaire and Release Form will be required prior to consideration for approval. Visiting privileges will usually be extended to friends and associates having established a relationship prior to confinement unless such visits could reasonably create a threat to the security and good order of the institution. Any exception to the prior relationship requirement must be approved in writing by the Warden. **(Requirement #5)**

3. Special visits: Arrangements for Special visits will be made by Unit Team. Inmates must submit a Special Visit Request to their Unit Team at least three days in advance of the visiting date. Approved visitors must complete a Title 18 Form and provide "valid photo identification," as stipulated in the **Identification of Visitors** portion of this supplement. Pat-searches will be conducted on all approved visitors. All visitors and their property/belongings will be searched by electronic means (handheld metal detector). The Operations Lieutenant and Duty Officer have the authorization to curtail or terminate visits. Should it become necessary to curtail visits due to overcrowding, a maximum two-hour visit will be implemented. Inmates exceeding the two-hour limit will be asked to voluntarily end their visits in a chronological order. If there are no volunteers, the Duty Officer or Operations Lieutenant will begin curtailing visits of those who live within a fifty-mile radius of the institution, continuing at fifty-mile increments thereafter. The address on a visitor's I.D. card will be the primary method for determining a visitor's place of residence. Prior approval must be obtained from the Unit Manager, Captain and an Associate Warden, prior to the visit. This will be documented in a memorandum, and a copy will be provided to the Visiting Room Officers to be maintained in their area. Without previous approval, there will be no "cross visiting." **(REQUIREMENT #7)**
10. Children Visitors: Children are not allowed to wander

from the immediate area of the visit, run about the visiting room, or create noise that disturbs other visits. Failure to supervise children will result in one written warning, and upon a second incident, either during the present visit or any subsequent visits, the visit will be terminated, and an incident report will be written.

Children's areas are designated for children and visitors only. Inmates are prohibited from entering the children's area. Toys and games from the children's area must remain in the designated children's area. H.R.866 - Fairness For Breastfeeding Mothers Act of 2019:

<https://www.congress.gov/bill/116th-congress/house-bill/866>

Breast Feeding: There has been a statutory change that now allows a woman to breastfeed her child in a Federal building, or on Federal property, if the woman and her child are otherwise authorized to be present at the location. Based on this law, breastfeeding will be permitted in the visiting rooms. It is expected that female visitors will use appropriate discretion in opting to breastfeed their infants in the visiting rooms. At a minimum, the female visitor will drape her infant and chest with clothing so there will be a minimal chance of an exposed breast. If, however, in a particular instance, the breastfeeding is conducted in a manner that is disruptive to other inmates or visitors, or is facilitating conduct prohibited under the BOP's disciplinary code, the visit will be terminated and further actions may be considered pursuant to discussions with legal staff.
