6. FREQUENCY OF VISITS AND NUMBER OF VISITORS:

- A. FREQUENCY: FCI and FPC Inmates will be allowed a total of 40 points per month. 30 points are allowed per month at the FDC. One point will be charged for each hour on Monday & Fridays and two points will be charged for each hour on weekends and holiday visits. Any visit exceeding 15 minutes is considered a full hour. Legal visits will not be counted towards the point total.

Legal visits for FDC inmates, who are housed at the FCI in the Special Housing Unit (SHU), will be coordinated by the FDC unit team and the inmate's attorney. An inmate should notify his attorney when he is placed in SHU to facilitate a smooth transition.

When an inmate has reached his point total for the month and wants additional time, he must submit an "Inmate Request to Staff" form to the Unit Manager, stating the visitor's name and the reason for the visit.

Inmates arriving at the FCI/FPC/FDC will be afforded the opportunity to submit an initial request for visitors at any time. Thereafter, inmates will be permitted to change their visiting list once each quarter; January, April, July, and October.

- B. NUMBER OF VISITORS: Due to limited visiting space, inmates will be allowed only three adult visitors per visit. Children 16 years of age and older will be counted as an adult visitor. Small children not yet walking will not be counted toward the total. Requests to have more than three persons for a visit should be submitted on an "Inmate Request to Staff" form through Unit Team. The Unit Manager is the final approving official.

If overcrowding becomes an issue, the Institutional Duty Officer, in conjunction with Operations Lieutenant, will be contacted to approve early termination of visiting, giving consideration to those visitors who are not

considered from the commuting area. The Operations Lieutenant will complete the "Visiting Denial" form (Attachment D) when a visit is terminated.

7. REGULAR VISITORS: In addition to immediate family members and relatives, an inmate may request up to 10 friends to be added to his visiting list. Non-immediate family members shall be subject to a background investigation prior to visitation. FDC inmates will only be authorized to place immediate family members on their visiting list. Immediate family is classified as one of the following (mother, father, step-parents, foster parents, siblings, spouse, and children). Common-law relationships will be recognized as a spouse; however, they must have proof of common-law status. Any exceptions must be approved by the Executive Assistant.

Inmates will submit names of prospective visitors to their Correctional Counselor. The Correctional Counselor is responsible for preparation and approval of all visiting lists. The lists will include addresses as well as phone numbers if known. Social Security numbers and birth dates should also be added for further identification. The Counselor may require complete information before accepting the visiting request form. It is the inmate's responsibility to inform visitors when they have been added on their approved visiting list.

Once approved by staff, the approved record of visitor's form will be produced in triplicate. One copy will be maintained in Section 3 of the inmate's Central File, a copy given to the inmate, and a copy forwarded to the Front Lobby. The Front Lobby's approved record of visitors will serve as a back-up record for the visiting computer program.

Once visitors are approved, the Correctional Counselor will be responsible for initiating and updating visiting records and notifying inmates if the visitors are approved or disapproved. Ordinarily, no one will be permitted to visit an inmate if they are not on the inmate's approved visiting list prior to arrival, including immediate family members. A member of the Unit Team should be contacted if a visitor is not on an inmate visiting list. The Unit Team member will evaluate the situation to determine if there are any unusual circumstances, such as visitors pending approval who are not yet keyed into the Visiting Program. It should be an extremely rare occasion when an inmate is allowed a visitor who is not on the visiting list.

Visitors shall not be on more than one inmate's visiting list. All exceptions must be approved by the Associate Warden, Programs (AW (P)). Only requests for immediate family members will be considered (i.e., mother who has two inmate sons).

Inmates may have the mother of their children added to their visiting list in addition to other immediate family members. However, due to space limitations and security concerns, such visitors must bring the inmate's child with them before being allowed to visit. Children under the age of 16 may not visit unless accompanied by a responsible adult. They may be placed on the visiting list, but this is not required if an adult is responsible for them. Ordinarily, it is expected that children entering the facility will be related to the inmate, but a visitor may be responsible for other children who are not related to the inmate.

Inmates may submit names of persons for his visiting list who are members of the immediate family (mother, father, step-parents, foster parents, siblings, spouse, and children). Common-law relationships are recognized as a spouse; however, they must have proof of common-law status. A "Declaration of Common-Law Marriage" is acceptable when both parties have notarized signatures and the document is filed with the Department of Motor Vehicle (DMV). Other acceptable documentation of common-law status includes joint rental contracts, telephone bills, automobile titles, etc.; with both names on them. Any inmate who creates the common-law marriage simply for visitation privileges may be subject to disciplinary action and/or restriction of visiting privileges.

An inmate who does not have a legal spouse, but there is an individual with whom the inmate has been co-habiting, and there is documented evidence the relationship was similar to that of a spouse, that individual may be approved for visiting. The pre-existing relationship must be documented, which may include names on a lease, birth certificates of children, common address on a driver's license, etc.; and be subject to the normal screening procedures prior to approval.

The inmate must have known the proposed visitor(s) prior to incarceration. This requirement includes the Federal Correctional Institution, Federal Detention Center, and the Camp. The Warden's approval must be obtained for any exception. The Unit Team must submit a request to the Warden requesting any exception. This applies to all inmates regardless of the institution's security level.

Procedures for Disapproving Proposed Visitors: Staff shall give consideration to the nature, extent, and recentness of proposed visitor's criminal conviction in determining visiting privileges. If the Unit Team determines there are security and/or management concerns, a justification memorandum must be submitted to the Warden for approval or disapproval.

Inmate's Appeal Right: The inmate has the right to appeal through the Administrative Remedy Process.

Each inmate will have an approved visiting list in the computer file at the front lobby. Unit Staff are responsible for maintaining up-to-date information in the visiting file. Additionally, following sanctions by the DHO which include Loss of Visiting; the Unit Team Counselor will enter the imposed sanction into the BOPWare visiting program. Visiting Room Officers will maintain each inmate's points on the computer at the OIC's desk when an inmate receives visits. The Visiting Room Officers will maintain an Inmate Property Log which will be filled out when an inmate enters the visiting room. At the end of the visit the property will be accounted for.

Non-Contact Visiting: Under special circumstances the Warden may determine an inmate may receive a "Non-Contact" visit. The purpose of this visit is to limit the physical contact an inmate has with his visitor. These visits will be directly supervised by the inmate's Unit Team.

8. BUSINESS VISITORS: When a decision must be made affecting an inmate's assets or aspects of his business, he may request a business visitor by submitting an "Inmate Request to Staff" form to his Correctional Counselor. The Correctional Counselor will research the legitimacy of the request and submit his/her findings to the Warden for approval or disapproval of the visit.
9. CONSULAR VISITORS: The Executive Assistant is responsible for coordinating the visits of consul from foreign countries.
10. SPECIAL VISITS: The Unit Manager will be the final approving official for all special visits at the FCI. The Executive Assistant will be the final approving official for all special visits at the FPC and FDC. Inmates will submit an "Inmate Request to Staff" form to their Correctional Counselor when they want a visit from a person not on their visiting list or who is not a member of the immediate family (i.e. media visits). The potential visitor will be subject to a NCIC check. The waiting period for a special visit request is approximately 90 days. All media visits requests will be forward through Unit Team, Captain, Executive Assistant, AW (O), with final approval of the Warden.

At the FCI, the Correctional Counselor will research the legitimacy of the request and recommend it to the Unit Manager and Captain, with either approval or disapproval. At the FPC and FDC, the Correctional Counselor will research the legitimacy of the request and recommend it to the Unit Manager and Executive Assistant, with either approval or disapproval. The Correctional

Counselor will be responsible for ensuring the appropriate Visiting Officers and Control Rooms receive a copy of the approved special visit memorandum.

Family members requesting to visit a hospitalized inmate shall be approved in advance by the Warden. Family members will be required to complete a Title 18 at the hospital before visiting. Local hospital visiting regulations will be followed. The staff member arranging the special visit will be responsible for supervising the visit.

A. **GUIDELINES FOR CLERGY AND MINISTER OF RECORD:** Guidelines for processing visitation requests for special visitors classified as clergy and minister of record are established:

Minister of Record: An inmate requesting to receive visits from his minister of record must submit a written request to the Chaplain. Upon approval, Unit Staff will add the name and title (minister of record) to the inmate's visitor list. An inmate may only have one minister of record on his visiting list at a time. The addition of the minister of record will not count against the total number of authorized regular visitors an inmate is allowed to have on his visiting list and **will not count against the total number of social visits allowed.**

Clergy: Visits from clergy (other than the minister of record) will be in accordance with the general visiting procedures and will count against the total number of regular visits allowed. Ordinarily, clergy visits will be accommodated, unless requested by the inmate. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy. The Warden may establish a limit to the number of minister of record and clergy visits an inmate receives each month.

11. **HOLDOVER:** Visits for holdover inmates will be limited to immediate family. Inmates will submit an Inmate Request to Staff form to their Correctional Counselor fourteen days prior.
12. **LEGAL VISITS:** Upon request, legal visits may be accommodated during social visiting at the FCI, FDC, or the FPC. Within the FCI and FPC, an attorney or other legal representative, shall be informed that a private room cannot be arranged for them during the social visiting hours and they may schedule a private visit through the Unit Team staff. At the FDC, legal visits are conducted during social visitation. All persons seeking a legal visit with any inmate shall be held to the same dress code and other rules governing the operations of any of the visiting

rooms. FDC legal visits during social visiting must correspond with the inmate's respective unit. All legal visits taking place during normal visitation hours will be coordinated through the Unit Counselor no less than 48 hours prior to the visit taking place. Approved memorandums will be placed in the appropriate control offices.

Unit Team Staff, but primarily the inmate's Counselor, shall ensure that legal visits are coordinated and conducted in a timely and orderly fashion. Attorneys will be processed as legal visitors upon showing proof of good standing with any bar in the United States. Persons claiming the status of an attorney which cannot be confirmed, or whose status originates from a foreign sovereign state, shall be referred to the Legal Assistant for confirmation of their status. Attorneys will be required to complete the **Visiting Attorney Statement**, in accordance with Program Statement 1315.07, Inmate Legal Activities, and Attachment D of this supplement. This form will be completed once for each inmate visited. The **Application to Enter Institution as Representative**, Attachment F, Program Statement 1315.07, will be completed by any non-attorney person who is employed by, or is acting on behalf of the attorney, e.g. paralegal, legal secretary, etc. This form will be completed by the person(s) seeking entry on behalf of the attorney, shall be signed by the attorney, and finally reviewed by a member of the inmate's Unit Team before the non-attorney is permitted legal visitation privileges. Upon the approval of legal visitation privileges for a non-attorney, the Unit Team shall notify visiting room personnel of the approval. Visiting room personnel shall develop and maintain a logbook, listing the non-attorneys who have been granted legal visitation status. This log shall list the person(s) granted this status, the date upon which it was granted, and the name of the approving staff member.

Legal documents may be exchanged between the attorney and the inmate they are visiting during the legal visit. The attorney may not; however, be permitted to give any materials to inmates who they do not represent and are not visiting. The documents brought into the visiting room by the inmate, and those given to the inmate by the attorney or other legal representative, shall be searched for contraband, but shall not be read by staff.

Unless immediately necessitated by concerns for the safe and continued orderly running of the institution, the above noted legal visitation privileges shall not be denied or suspended before notifying the Operations Lieutenant. Using the chain of command, and as soon as possible, the Operations Lieutenant shall notify the IDO, AW (P) and/or the Warden, if he believes any of these privileges should be denied or suspended.

13. VISITS FOR INMATES HOUSED IN SPECIAL HOUSING:

- A. Upon notification of a visit for an inmate housed in the Special Housing Unit (SHU), the inmate will be escorted from his cell to holding cell on B-range. A visual search will be conducted and the inmate's clothing will be collected and set aside. Once cleared, the inmate shall be dressed out in new clothing. SHU staff will apply required restraints to the inmate and then escort the inmate to the FCI visiting search room.
- B. The SHU staff escorting the inmate will notify the visiting room staff that a visual search was conducted and the inmate is cleared for visiting. Once in the visiting search room, the SHU restraints will be removed and the inmate's custody will be transferred to the visiting staff. The SHU staff escorting the inmate will fill out the visual search log for the search conducted in the SHU holding cell.
- C. Upon completion of the SHU inmate's visit, visiting staff will conduct a visual search of the inmate. Visiting staff will notify the SHU staff that the inmate's visit has ended. Visiting staff will re-apply the SHU restraints and escort the inmate directly to the SHU holding cell. Once in the holding cell, the inmate will be given his original jumpsuit to change back into and returned to his cell. The Visiting staff will fill out the visual log for conducting a visual search in the visiting search room.

14. VISITING ROOM PROCEDURES AND REGULATIONS: Attachment B describes procedures for admitting visitors, regulations, and conduct of inmates and visitors in the visiting room. It is the inmate's responsibility to inform his visitors of this information. The inmate will receive a copy of this Attachment at unit classification or by seeing his Correctional Counselor. In addition, copies of Attachment B will be made available in the screening location for visitors upon request.

- A. CHILDREN: It is the responsibility of the inmate and his visitor to control their children during the visit. Children will not be allowed to wander through the visiting room. A visit can be terminated if the inmate fails to maintain control of their children during the visit. A children's play area is provided at the FCI, which consists of a small area with a television. Factors such as the distance a visitor has traveled, frequency of visits, relationship of visitors to inmate, and the frequency of visits received by the inmate will be considered when determining who will be allowed to visit. Ordinarily, visiting privileges of inmates with local visitors will be terminated first. Distance to the institution will determine other terminations. If additional space is needed, visits of those individuals who have been visiting the longest will be terminated. Staff should try to avoid terminating visits of those individuals who traveled from out of state.

The IDO will complete the "Visiting Denial" form (Attachment D) when a visit is terminated.

Contact between inmates and visitors other than these will not be permitted.

VISITING ROOM PROCEDURES/REGULATIONS - FPC

1. All visitors must be approved by the inmate's Unit Staff before being allowed to visit. Federal Prison Camp inmates are allowed five visitors (excluding children not yet walking) during a visit. If overcrowding becomes an issue, the Operations Lieutenant will be contacted to approve early termination of visiting, giving consideration to those visitors who are not considered from the commuting area.
2. Any inmate or visitor that violates the rules and regulations of the visiting room may be denied future visits. In addition, legal action may be initiated for specific rule and regulation violations taken against inmates and/or visitors. Inmates are **not permitted** to receive anything from a visitor or give anything to a visitor during a visit. Visiting Room staff will not accept any articles or monies for inmates.
3. When visitors come to the institution they must complete the following procedures before being admitted:
 - A. Sign the Visitor's Log Book (visitor's name, date, time of arrival, name of inmate visiting).
Note: Visitors are required to sign this log book upon departure.
 - B. Read and sign the Notification to Visitor form. This form informs visitors of Title 18 U.S.C, 1791 and 3571, which is the penalty for bringing upon institution grounds any firearms, destructive devices, ammunition, other objects designed to be used as a weapon, narcotic drugs, controlled substances, alcoholic beverages, currency, or any other objects without the knowledge and consent of the Warden.
 - C. Any items staff cannot search thoroughly will not be allowed. Visitors will be permitted to return and lock the article in their vehicles. Coats can be worn into the visitation room. However, visitors will be asked to remove their coats and hang them on designated coat hooks prior to their visit with the inmate. Visitors are not permitted to return to their coats during visit. Visitors are allowed to carry one small (8 inch), clear change purse. **WARNING:** The institution is not responsible for any items missing or stolen. All bags entering the facility must be clear.
 - D. A new statutory change allows a woman to breastfeed in a Federal building or on Federal property if the woman and her child are otherwise authorized to be present at the location. Based on this law, breastfeeding will be

permitted in the visiting room. It is expected the female visitors will use appropriate discretion in opting to breastfeed their infants in the visiting rooms. At a minimum, the female visitor will drape her infant and chest with clothing so there will be minimal chance of an exposed breast. If however, the breastfeeding is conducted in a manner that is disruptive to other inmates or visitors, or is facilitating conduct prohibited under the Bureau of Prison's disciplinary code, the visit will be terminated and further actions may be considered. Baby food will still be allowed to be brought into the visiting room if purchased from a store and with the factory seal unbroken; the supply is regulated to the amount that could be consumed during the visit. Baby formula must be in a factory sealed container with the empty bottle. Once in the visiting room, the formula may be opened and placed in the bottle. No glass bottles or containers will be allowed into the visiting room. Diapers are limited to quantities that will accommodate the length of stay. One change of clothing and a blanket will be permitted for new born babies.

- E. Identification: All visitors will be required to present one valid photo identification (driver's license - passport) with signatures. Note: Children under the age of 16 will not be required to present identification; however, they must be accompanied by a responsible adult to visit.
