The purpose of this handbook is to provide arriving inmates with information regarding the Bureau of Prisons (BOP), its programs, and the rules and regulations. It is not a specific guide to the detailed policies of the BOP. Rather, the material in this handbook will help new inmates understand what they will be encountering when they enter prison, and assist them in their initial adjustment to incarceration.

**INTAKE, CLASSIFICATION AND THE UNIT TEAM**

**Orientation**
Inmates are given a social screening by Unit Management staff and medical screening by Health Services and Mental Health staff at the time of arrival. Inmates are immediately provided with a copy of the institution rules and regulations, which include information on inmate rights and responsibilities. It also includes information on sexual assault and abuse.

Within 28 days of arrival, inmates will participate in the Admission and Orientation (A&O) Program. While in A&O, inmates are advised of the programs, services, policies and procedures regarding the facility.

**Classification Teams (Unit Teams)**
Each inmate is assigned to a housing unit. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for the inmates living in the unit. The unit offices are located in the units so staff and inmates can be accessible to each other. The unit staff includes a Unit Manager, Case Manager, Correctional Counselor, and Unit Secretary. The Staff Psychologist, Education Advisor and Unit Officer are considered members of the Unit Team and provide input for classification purposes.

Inmates are assigned to a specific Unit Team. Generally, the resolution of issues or matters of interest while at the institution are most appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas, including parole matters, release planning, personal and family problems, counseling and assistance in setting and attaining goals while in prison. Ordinarily, a member of the unit staff will be at the institution from 7:30 a.m. to 9:00 p.m., and during the day on weekends and holidays.

**GENERAL FUNCTIONS OF UNIT STAFF**

**Unit Manager:** The Unit Manager is the administrative head of the general unit and oversees all unit programs and activities. The Unit Manager is the Chairperson of the team which comprises the Case Manager, Correctional Counselor, with input from Education and Psychology staff. The Unit Manager reviews team decisions and may chair the Unit Discipline Committee (UDC), which is a body that hears disciplinary infractions. The Unit Manager is ordinarily present during initial classification and subsequent program review(s) in which RRC placement is discussed.

**Case Manager:** The Case Manager is responsible for all casework services and prepares classification material, progress reports, release plans, correspondence, and other materials relating to the inmate’s commitment. The Case Manager serves as a liaison between the inmate, the administration, and the community.
**Correctional Counselor:** The Counselor provides counseling and guidance for the inmates of the unit in areas of institutional adjustment, personal difficulties, and plans for the future. They play a leading role in segments of unit programs relating to inmate activities. The Unit Counselor may conduct counseling groups for inmates in his unit and/or groups open to the general population.

**Unit Secretary:** The Unit Secretary performs clerical and administrative duties, to include the preparation of release paperwork.

**Unit Officer:** The Unit Officers have direct responsibility for the daily supervision of inmates and the enforcement of rules and regulations. They have safety, security, and sanitation responsibilities in the unit. Unit Officers are in regular contact with inmates in units and are encouraged to establish professional relationships with them, as long as such interaction does not interfere with their primary duties. Unit Officers control movement in and out of the unit and conduct regular searches for contraband.

**Communications**

Normally, a unit staff member is available each day of the week and most evenings until 9:00 p.m. The unit bulletin boards and the TRULINCS system contain written communication of interest to inmates. Unit Managers may utilize monthly Town Hall meetings to dispense information and foster improved communications. Unit team members will utilize either open house hours or an open door policy to address inmate concerns. Inmates are encouraged to use Inmate Requests to Staff to make requests in writing via Trulincs.

**Initial Classification/Program Reviews**

Inmates initially designated to the institution will receive initial classification within 28 days of arrival. Unit, Education, and Psychology staff will assess each inmate and work with them to develop an individual plan which will address skill deficits that may deter successful reentry into the community.

Subsequent program reviews will be held every 90 to 180 days, depending upon release date. These are held by the Unit Team to review progress on programming goals, work assignments, transfers, custody/security level, institutional adjustment, etc. The inmate may not waive appearance with the Unit Team.

**Reentry Pre-Release Programming**

Release preparation begins on the first day of incarceration. The BOP’s reentry strategy provides inmates with the opportunity to gain the necessary skills and resources to succeed upon release. Through coordinated efforts among the departments in the institution and collaboration with other agencies, a wide array of programs and activities are offered to better inmates’ chances of a successful reentry upon release.

It is imperative at initial classification (Team) that inmates are open and honest when answering questions to allow the team to accurately identify needs and make appropriate program recommendations to improve inmates’ chances of a successful reentry. Each time an inmate goes to team, he will receive a progress update and new recommendations as warranted.
Contributors and programming recommendations include Education, Health Services, Psychology, Unit Team, Recreation, Religious Services, the inmate’s Work Detail Supervisor, and the inmate. Inmates are strongly encouraged to take advantage of the program recommendations.

Additionally, to make the transition back to the community go as smoothly as possible, inmates should obtain at least two forms of identification to include a social security card. Inmates may also be eligible for some benefits upon release (e.g., social security disability, veterans, Medicare etc.) to make the transition easier. Staff may be able to provide you with information concerning benefits so that you may determine your eligibility and begin the application process if applicable prior to release. Lastly, the Career Resource Center, normally located in the Education Department, can also provide you with pre and post release programming and education ideas, potential employment and housing information, as well as potential benefits information.

Town Hall Meetings
Town Hall meetings are held to make announcements and to discuss changes in the policy and procedures of the unit. Inmates are encouraged to ask pertinent questions of the staff and any guest speakers who are present. These questions should pertain to the unit as a whole, rather than personal questions or problems. Personal issues will be resolved by unit staff during the regular working hours which are posted in each unit.

Treaty Transfer for Non-U.S. Inmates
Inmates who are not U.S. citizens may be eligible for a transfer to their home country to serve the remainder of their sentence. At initial classification, the inmate will be advised if the inmate’s home country has a formal exchange treaty with the United States. The Case Manager will provide additional information regarding an inmate’s eligibility for participation in the program.

Foreign Consular
The most recent publication of the Consular Notification and Access directory will be located in the Law Library.

DAILY INMATE LIFE

Sanitation
It is the inmate’s responsibility to check his cell immediately after being assigned there and report all damages to the Unit Officer or Correctional Counselor. An inmate may be held financially liable for any damage to his personal living area.

Each inmate is responsible for making his bed in accordance with posted regulations before work call (including weekends and holidays when he leaves the area). Each inmate is also responsible for sweeping and mopping his cell floor, removing trash, and ensuring it is clean and sanitary. Cardboard boxes and other paper containers are not permitted for storage due to their combustible nature. Lockers must be neatly arranged inside and out, and all shelving must be neat and clean. Chairs are assigned to each cell, and will not be defaced or marked in any manner by the inmate.
Toothpaste, toothbrushes, combs, razors, and soap for personal hygiene are issued by the institution laundry. Inmates may purchase name brand items through the Commissary.

**Personal Property Limits**

Items which may be retained by an inmate are limited for sanitation and security reasons, and to ensure excess personal property is not accumulated which would constitute a fire hazard or impair staff searches of the cell.

**Storage Space**

Staff shall set aside space within each housing area for use by an inmate. The designated area shall include a locker or other securable area in which the inmate is to store authorized personal property. The inmate shall be allowed to purchase an approved locking device for personal property storage in regular living units. Limited space may also be available under the bed for approved items. The amount of personal property allowed each inmate is limited to those items which can be neatly and safely placed in the space designated. Under no circumstance will any materials be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard.

**Clothing**

Civilian clothing (i.e. clothing not issued to the inmate by the Bureau or purchased by the inmate through the Commissary) ordinarily is not authorized for retention by the inmate. Prerelease civilian clothing for an inmate may be retained by staff in the Receiving and Discharge area during the last 30 days of an inmate’s confinement. All inmates are prohibited from wearing any clothing not government-issued or purchased in the Commissary. No inmates may be issued, permitted to purchase, or have in their possession any blue, black, red, or camouflage clothing or cloth items. Commissary sales of clothing are limited to the following colors: Only gray and/or white clothing may be sold in institutions for males. The only exception is for religious headgear. Government items are to be neatly stored in the identified storage space provided. Individual washcloths and towels are issued to inmates. Representative authorized footwear/shoes may include: work (1 pr.), shower (1 pr.), athletic/specialty (1 pr. – black, white, grey, or a combination thereof with a maximum value of $100.00), slippers (1 pr.), and casual (1 pr.). Footwear will be placed neatly under the bed.

**Commissary/Special Purchase Items**

These items are authorized to the point they can be contained in the storage area provided for personal property.

**Letters, Books, Photographs, Newspapers, and Magazines**

An inmate will be limited in the number of letters, books, photographs, magazines, and newspapers that can be stored in their designated storage space. Nothing is to be tacked, stapled or scotch taped to any surface except. Ordinarily, photographs, particularly those of family and friends, are approved, since they represent meaningful ties to the community. Personal photographs may be stored or displayed in the housing units according to local sanitation and housekeeping guidelines. Inmates may not retain Polaroid photos. Nude or sexually suggestive photos (individual prints or copies as opposed to those from publications) present special concerns about personal safety, security, and good order, particularly when the subject is an inmate’s relative, friend, or acquaintance or could –
reasonably be perceived as such. For these reasons, an inmate may not be permitted to retain, receive, or possess a personal photograph in which the subject is partially nude or nude, or when the photograph depicts sexual acts such as intercourse, fellatio, or sodomy. These materials will be returned to the sender upon receipt at the institution.

**Legal Materials**
Staff may allow an inmate to possess legal materials in accordance with the provisions on inmate legal activities.

**Hobbycraft Materials**
Staff shall limit an inmate’s hobbycraft projects within the cell or living area to those projects which the inmate may store in his designated wall locker. Staff shall require that hobbycraft items be removed from the living area when completed.

**Radios, MP3 Players, and Watches**
An inmate may possess only one bureau approved radio and/or MP3 player, and watch at any time. The inmate must be able to demonstrate proof of ownership. An inmate who purchases a radio, MP3 player, or watch through a BOP commissary is ordinarily permitted the use of that item at any BOP institution if the inmate is later transferred. The MP3 player can be managed through TRU-Units. This service allows inmates to manage the player and to purchase non-explicit music.

**Jewelry**
Inmates may have a plain wedding band and an appropriate religious medallion and chain without stones.

**Quarters Rules**
In order to minimize maintenance costs, permit uniform inspection, search procedures, and maintain orderly congregate living, the institution has imposed reasonable regulations on inmate conduct and furnishings in housing units. Unit Officers and Counselors inspect cells daily and publish individual ratings of appearance.

All beds are to be made daily in the prescribed manner. If a cell or room is not acceptable, disciplinary action will be taken.

Unit meal rotation is ordinarily based on weekly sanitation ratings of each unit. The unit with the highest sanitation is called first, and the unit with the lowest rating is called last.

Room or cell doors are closed when inmates are not in them.

Each inmate is responsible for the cleaning and sanitation of his cell.

Everyone is responsible for cleaning up after themselves.

Showers are available every day, but inmates may not be in the shower during an official count.

Safety shoes must be worn to work as designated in policy.
Wake-up
A general wake-up for all inmates is 6:00 a.m. It is the inmate’s responsibility to leave the unit for meals and work.

Clothing Exchange & Laundry
Institutions issue clothing to the inmate population that is properly fitted, climatically suitable, and presentable. Institutions will furnish each inmate with sufficient clothing to allow at least three changes of clothes weekly.

Institutions establish local procedures to account for the initial issue of Government furnished items to inmates and for their return before release. Government issued clothing will not be altered or disfigured in any manner.

The institution provides clean clothing by utilizing a centralized laundry.

Commissary
The BOP maintains inmate monies (Deposit Fund) while incarcerated. The purpose of the Deposit Fund is to provide inmates the privilege of obtaining merchandise and services either not provided by the BOP or a different quality than that provided by the BOP. An inmate may use funds in their account to purchase items at the institution commissary, purchase TRU-Units for their TRULINCS account, or send funds by creating a BP-199. Inmates may not be in possession of cash at any time. Upon release, all Trust Fund accounts will be consolidated and placed on an Inmate Release Debit Card.

Commissary and validation schedules are posted on the inmate bulletin boards. Funds are withdrawn after positive identification by commissary card or fingerprint identification. Inmates may verify their account balances by utilizing the TRULINCS or the inmate telephone (118+PAC). Inmates must have their commissary card on a lanyard at all times for identification purposes.

Spending Limitations
The National Spending Limit is 320.00 but may be further restricted at the local level. Each inmate account is revalidated on a monthly, bi-weekly, or weekly cycle.

**Commissary Fund Withdrawals**

Requests for Withdrawal of Inmate Personal Funds, BP-199 forms, will be processed weekly by Trust Fund, Inmate Accounts. Withdrawals are initiated in TRULINCS, Send Funds (BP-199) by the inmate. When the BP-199 is printed it must be signed by the inmate in staff presence and hand delivered. The Supervisor of Education approves withdrawal requests for correspondence courses and materials for approved education programs. Unit Managers will approve all other withdrawal requests. Only an Associate Warden can approve inmate withdrawals exceeding $500.00.

**TRULINCS**

The Trust Fund Limited Inmate Computer System (TRULINCS) is the inmate computer network that provides inmates access to multiple services. At no time do the inmates have any access to the Internet.

Inmate’s access dedicated TRULINCS workstations installed in various housing units and common areas to perform various functions using their register number, Phone Access Code (PAC), and Commissary Personal Identification Number (PIN). Inmate access to these workstations varies depending on the institution.

Account Transactions - This service allows inmates to search and view their Commissary, telephone, and TRULINCS account transactions, as well as, view their Media List.

Bulletin Board – This service is used to supplement the use of inmate bulletin boards within the institution for disseminating information to the inmate population.

Contact List - This service is used by inmates to manage their email address list, telephone list, and postal mailing list. Inmates also mark for print postal mailing labels within this service.

If an email address is entered for a contact, TRULINCS sends a system generated message to the contact directing them to www.corrlinks.com to accept or reject email contact with the inmate prior to receiving any messages from the inmate. If a positive response is received, the inmate may begin exchanging electronic messages with this contact. If a contact rejects TRULINCS participation, the inmate is blocked from sending any messages to that email address.

Law Library – This service allows inmates to perform legal research.

Manage Funds - This service allows inmates to manage their personal funds by creating/canceling Requests for Withdrawal of Inmate Personal Funds (BP-199) and their Pre-Release Account.

Manage TRU-Units - This service allows inmates to purchase TRU-Units using available Commissary funds or transfer TRU-Units back to their Commissary account.
Prescription Refill – This service allows inmates to request prescription refills via TRULINCS of self-carry medications that are ready for refill directly to the Pharmacy. Pharmacy staff will receive the prescription refill request and process the request accordingly. Inmates will follow established local procedures for picking up requested prescriptions.

Print – This service allows inmates the opportunity to print various documents marked for print within TRULINCS. Mailing labels and BP-199 forms may be printed for free. All other documents can be printed at a cost.

Public Messaging – Inmates may correspond with friends and family using public messaging. This is a restricted version of email that will only allow text messages and no attachments. There is a cost per minute fee for using this service. Messages are limited to 13,000 characters.

Request to Staff – This service allows inmates to correspond with staff electronically. The list of available departments varies by institution; however, there is a standard DOJ Sexual Abuse Reporting mailbox available that provides inmates with an additional method to report allegations of sexual abuse and harassment directly to the Office of Inspector General (OIG).

Survey – This service allows inmates to take Bureau surveys (i.e., Institution Character Profile).

**Inmate Telephone System — TRUFONE**
Each inmate will be provided a nine-digit Phone Access Code (PAC) for accessing TRUFONE; including instructions for use of this system. The PAC is confidential and should not be shared with other inmates. A replacement fee will be charged if a PAC is misplaced or compromised. In addition, each inmate will need to perform voice verification registration. Management of inmates’ telephone numbers is performed via the TRULINCS.

The hours of telephone operation begin at 6:00 a.m. and end no later than 11:30 p.m. Inmate access to telephones will normally be limited during the following times, Monday through Friday, not including holidays: 7:30 a.m. until 10:30 a.m.; and, 12:30 p.m. until after 4:00 p.m. count.

Inmates are expected to be at their work assignments and must not use the telephone during their work hours. For inmates who work varied work shifts, at local discretion, institutions may leave one telephone per unit available for inmates on “days off,” or “evening shift.”

Directions for use of TRUFONE are posted near the telephones. All calls are limited to 15 minutes. Telephone calls are subject to monitoring and recording by institution staff. Inmates are limited to 300 minutes per month and may be used for any combination of collect or direct dial calls. Ordinarily, inmates will be allowed an extra 100 minutes per month in November and December. Telephone rates are posted throughout the institution.
TRUFONE credits are transferred using the TRUFONE system and must be done in even dollar amounts. The TRUFONE credits are deducted from an inmate’s commissary account and transferred to the TRUFONE account immediately. Transfers may be made from any telephone during operational hours. It is each inmate’s responsibility to verify the correctness of the amount transferred at the time of transfer.

**SECURITY PROCEDURES**

**Attire**
Inmates will be in the proper uniform, (khaki pants and khaki shirt), and institution issued footwear, Monday thru Friday, between 7:30 a.m. and 3:30 p.m. The uniform will be maintained in a neat and professional manner, with shirt tucked in and pants around the waist line. Other than approved religious headgear, hats will not be worn while indoors except in designated work areas.

**Inmate Identification Cards**
Inmates are required to wear their identification cards at all times upon departing their assigned unit. The inmate identification card will be affixed to a lanyard worn around the neck. Inmates will be issued an identification card upon arrival at the institution. Inmates are responsible for the care of these cards. Lost, stolen, or damaged cards must be replaced.

**Counts**
FCI Gilmer will conduct, at a minimum, five official inmate counts during every 24-hour period. On weekends and holidays, an additional count will be conducted at 10:00 a.m. The inmate is expected to be standing at bedside during official counts held at 4:00 p.m. and 10:00 p.m. on weekdays and 10:00 a.m., 4:00 p.m., and 10:00 p.m. on weekends and holidays, and during any emergency count. The inmate must actually be seen at all counts, even if the inmate must be awakened.

**Call-Outs**
Call-outs are a scheduling system for appointments (which include medical, dental, educational, team meetings, and other activities) and are posted each day on the unit bulletin boards and TRU-LINKS after 4:00 p.m., on the day preceding the appointment. It is the inmate’s responsibility to check for appointments on a daily basis.

**Controlled Movement**
During non-working hours, movement throughout the institution will be regulated by a procedure called controlled movement. Controlled movements are a one way move, meaning, "in-bound" or "out-bound" move. During the movement period, inmates may move from an area of the institution to another. The start and end of each movement period will be announced by staff.

During the evening hours, the first controlled movement period normally begins at the conclusion of the 4:00 p.m. count.
On weekends and holidays, normally the first controlled movement will begin at the conclusion of the morning meal. The Compound will be secured at 9:30 a.m., in preparation of the 10:00 a.m. count.

**Contraband**

Items possessed by an inmate ordinarily are not considered to be contraband if the inmate was authorized to retain the item upon admission to the institution, the item was issued by authorized staff, purchased by the inmate from the commissary, purchased or received through approved channels (to include approved for receipt by an authorized staff member or authorized by institution guidelines). This ensures a safe environment for staff and inmates by reducing fire hazards, security risks, and sanitation problems which relate to inmate personal property. Contraband includes material prohibited by law, or by regulation, or material which can reasonably be expected to cause physical injury or adversely affect the security, safety, or good order of the institution.

Staff shall consider as nuisance contraband any item other than hard contraband, which has never been authorized, or which previously has been authorized for possession by an inmate, but whose possession is prohibited when it presents a threat to security or its condition or excessive quantities of it present a health, fire, or housekeeping hazard. Examples of nuisance contraband include: personal property no longer permitted for admission to the institution or permitted for sale in the commissary; altered personal property; excessive accumulation of commissary, newspapers, letters, or magazines which cannot be stored neatly and safely in the designated area; food items which are spoiled or retained beyond the point of safe consumption; government-issued items which have been altered, or other items made from government property without staff authorization.

Staff shall seize any item in the institution which has been identified as contraband whether the item is found in the physical possession of an inmate, in an inmate’s living quarters, or in common areas of the institution. An inmate may not purchase, give to, or receive any personal property from another inmate.

Staff shall return to the institution’s issuing authority any item of government property seized as contraband.

Items of personal property confiscated by staff as contraband are to be inventoried and stored pending identification of the true owner (if in question) and possible disciplinary action. Staff will then provide a copy of the inventory as soon as practicable.

**Shakedowns**

The placement of metal detection devices throughout the institutions may be necessary for the control of contraband. A metal detector search may be done in addition to the pat search. Staff may conduct a pat search of an inmate on a routine or random basis to control contraband. Staff may also conduct a visual search where there is reasonable belief that contraband may be concealed on a person or a good opportunity for concealment has occurred. Finally, staff may search an inmate's housing and work area, and personal items contained within those areas, without notice, randomly, and without the inmate's presence.
The property and living area will be left as close to the same conditions as found.

Drug Surveillance / Alcohol Detection
BOP facilities operate drug surveillance and alcohol detection programs which include mandatory random testing, as well as testing of certain other categories of inmates. A positive test, or refusal to submit a test, will result in an incident report.

Fire Prevention and Control
Fire prevention and safety are everyone’s responsibility. Inmates are required to report fires to the nearest staff member so property and lives can be protected. Piles of trash or rags in closed areas, combustible material, items hanging from fixtures or electrical receptacles, or other hazards will not be tolerated. Regular fire inspections are made by qualified professionals.

PROGRAMS AND SERVICES

Job Assignments
All inmates who have been medically cleared will maintain a regular job assignment. Many job assignments are controlled through an Inmate Performance Pay (IPP) system, which provides monetary payment for work. Federal Prison Industries has a separate pay scale. Unit staff assign work and approve all job changes. They also see that the changes are posted on the Daily Change Sheet.

Institutional maintenance jobs are usually the first assignment an inmate receives. This might include work in Food Service, as a unit orderly, or in a maintenance shop. However, most institutions have a significant number of inmate jobs in factories operated by Federal Prison Industries, also known as UNICOR. Many institutions have a waiting list for factory employment.

UNICOR employs and trains inmates through the operation of an automotive repair shop and earnings from factories producing high-quality products and services for the Federal government. UNICOR provides an opportunity to the inmates to pay their court ordered financial obligations to society on a faster pace than any other job in the institution. Most institutions give priority for employment in UNICOR to inmates with large court ordered financial obligations. The training and experience acquired in UNICOR is beneficial for re-entry into society.

Inmate Financial Responsibility Program
Working closely with the Administrative Office of the Courts and the Department of Justice, the BOP administers a systematic payment program for court-imposed fines, fees, and costs. All designated inmates are required to develop a financial plan to meet their financial obligations. These obligations may include: special assessments imposed under 18 USC 3013, court ordered restitution, fines and court costs, judgments in favor of the U.S., other debts owed the Federal government, and other court-ordered obligations (e.g., child support, alimony, other judgments).
Institution staff assists in planning, but the inmate is responsible for making all payments required, either from earnings within the institution or from outside resources. The inmate must provide documentation of compliance and payment. If an inmate refuses to meet his obligations, the inmate cannot work for UNICOR nor receive performance pay above the maintenance pay level. He will also be placed in "refuse" status. As the result of being in refuse status, the inmate has a spending limit of only $25.00 monthly, can be placed in less desirable housing, will not be considered for any favorable requests, (i.e. vacations, furloughs, early release, etc.) and will score zero in responsibility on the progress report. These are a few examples of the sanctions that can be imposed as a result of being in refuse status.

The status of any financial plan will be included in all progress reports, and will be considered by staff when determining Security/Custody level, job assignments, eligibility for community activities, and institutional program changes. The U.S. Parole Commission will also review financial responsibility progress at parole hearings.

**Food Service**

The BOP offers a standardized National Menu. This menu is offered at all institutions and includes approved menu items based on standard recipes and product specifications. The National Menu offers regular, heart healthy and no-flesh dietary options. All food from Food Service must remain in the dining hall.

Medical diets will be provided by mainline self-selection from the items available on the National Menu for that meal unless menu items fail to meet the medical requirement. Menu item replacements may not always be provided as inmates may have to avoid certain foods in the self-selection process; however, if a dietitian determines a Special Diet is required to ensure adequate nutrition, it will be provided by pre-plating or controlled plating.

The religious diet program, called the Alternative Diet Program, consists of two distinct components: one component provides for religious dietary need through self-selection from the main line, which includes a no-flesh option. The other component accommodates dietary needs through nationally recognized, religiously certified processed foods and is available through the approval of Religious Services.

**Education**

The mission of Education/Recreation Services is to provide mandatory literacy and English-as-a-Second Language (ESL) programs as required by law, as well as other education/recreation and related programs that meet the needs and interests of the inmate population, provide options for the positive use of inmate time, and enhance successful reintegration into the community.

Education opportunities provided for Federal inmates include General Equivalency Diploma (GED) and ESL programs, as required by law. Various nationally recognized tests will be used to place inmates in appropriate education programs. Inmates must perform to the best of their abilities on exams for appropriate placement in class.
**Literacy/GED**

The Violent Crime Control and Law Enforcement Act (VCCLEA) and the Prison Litigation Act (PLRA) require inmates who lack a high school diploma to participate in a GED credential program and make satisfactory progress in the program in order to be eligible to vest the maximum amount of earned good conduct time (VCCLEA sentenced inmates).

Unless exempt (pre-trial, holdover, etc.), inmates must participate in the literacy program for one mandatory period of at least 240 instructional hours, or until they achieve a GED credential. For all inmates to receive job pay promotions above the entry level, they must have a high school diploma, a GED credential, or a pay exemption.

Inmates who are exempt from attending GED class based on a deportation detainer must enroll in GED or ESL in order to receive their good conduct time.

Inmates under a final Bureau of Immigration and Customs Enforcement (BICE) order of deportation, exclusion, or removal are exempt. Inmates who have completed the mandatory period of enrollment must remain enrolled, or re-enroll to vest/earn their good conduct time. Inmates found guilty of an incident report related to their literacy program enrollment will be changed to GED UNSATISFACTORY PROGRESS, and will not vest/earn their good conduct time.

Following an assignment of a GED UNSATISFACTORY PROGRESS code, inmates will be required to complete additional 240 hours of program enrollment before they can be changed back to a SATISFACTORY code. Good conduct time will not vest while the UNSATISFACTORY assignment exists.

Inmates who are eligible for District of Columbia Educational Good Time (DCEGT) can earn DCEGT for participating, but not completing GED, ESL and marketable level occupational training programs. While enrolled in the qualifying education program, inmates will earn DCEGT credit. However, DCEGT credit will show up on their sentence computation when they complete or withdraw from the qualifying program.

Special note on GED scores: A new English GED test will be launched on January 1, 2014. A new Spanish GED test will follow later. Once a new GED test is issued, scores from the current GED test cannot be combined with the new test. If inmates have taken the English GED test between January 1, 2002, and now, they are strongly encouraged to see the education staff and retake the GED test before December 31, 2013. English GED scores from the current GED test will no longer be valid.

The new GED Test will be taken on the computer. Inmates are strongly encouraged to enroll in a keyboarding or typing course, when offered.
**Inmates with a Verified High School Diploma**

In order to obtain a realistic and accurate assessment of an inmate’s skill levels, a demonstration of literacy attainment must be verified for inmates with a high school diploma. Even though current policy accepts a high school diploma for custody classification, good time credits, education programs, etc., a high school diploma does not necessarily certify an inmate is literate.

Inmates who have a high school diploma (not an AA or higher post-secondary degree) are encouraged to submit a cop-out to the Education Department to request to sign-up for the Tests of Adult Basic Education (TABE) to validate their reading, language, and math computation, as well as applied math. The purpose of the TABE is to ensure these inmates have sufficient language and math skills to pursue their post-secondary education study and/or obtain a job in the community. Mastery of the reading, language, and math skills from the TABE is part of inmates’ reentry plan documented in the Inmate Skills Development System (ISDS).

In the Academic section of the ISDS, the inmate will not be scored/rated green (indicating demonstration of literacy skills) and should be scored/rated yellow (indicating unknown) until he scores a 9.0 or higher on TABE A or D. If an inmate scores below 9.0, he should enroll in remedial classes offered by the Education Department to improve his literacy levels.

**ESL**

The Crime Control Act of 1990 mandates non-English speaking Federal prisoners participate in the ESL program. An inmates’ communication skill level in English is evaluated at initial classification and interviews. Those found to have limited ability to communicate in English will be referred to the education department to determine proficiency at the 8th grade level or higher based on a nationally recognized achievement test. Inmates scoring less than the 8th grade level of proficiency will be enrolled in ESL until they function at the 8th grade level or above on a nationally recognized education achievement test. If indicated by test scores, participation in ESL will be required regardless of education degree status. Inmates with high school diplomas or college degrees may be required to participate in the ESL program.

**Incentives**

Incentive awards are provided to recognize inmates making satisfactory progress and successfully completing the literacy (i.e., GED and ESL) program. Inmates may also receive incentives for progressing to various levels in the GED or ESL Programs. Graduation ceremonies recognize GED, ESL, and Occupational Education completions.

**Other Programs**

The completion of the literacy program is often the first step towards adequate preparation for successful post-release reintegration into society. Additional educational programs such as advanced occupational training or college are needed in today’s world. Vocational training and apprenticeship programs afford inmates an opportunity to obtain marketable job skills.
Occupational Education Programs
Occupational Education programs prepare inmates for a specific occupation or cluster of occupations. Inmates can earn a Certificate, Associate of Arts Degree, Associate of Science Degree, or an industry accepted certificate upon the completion of occupational training programs. Occupational education programs vary institution-to-institution.

Inmates must request initial enrollment through the Supervisor of Education. Education staff will determine an inmate’s academic eligibility for enrollment and deportation status (if applicable).

The Supervisor of Education will notify an inmates’ unit team of enrollment consideration for occupational education programs.

Apprenticeship
Apprenticeship training provides inmates the opportunity to participate in training which prepares them for employment in various trades. Apprenticeship programs in the BOP are registered with the Bureau of Apprenticeship and Training, U.S. Department of Labor. These programs are structured to offer on-the-job learning in industries. Upon completion of a registered trade, inmates can earn a Certificate of Completion from the Department of Labor.

Adult Continuing Education (ACE):
ACE classes enhance an inmate’s general knowledge on various subjects and address the skill deficits identified in an inmate’s individual reentry plan. ACE classes are organized differently in different institutions. Typical ACE classes include: typing, computer literacy, foreign language, and business skills. These classes are usually offered during evening and weekend hours.

Post-Secondary Education (Inmate Correspondence Courses)
Inmates are encouraged to expand their knowledge through a variety of methods, including correspondence courses. In general, inmates are permitted to enroll in any correspondence course that involves only "paper and pencil." Courses requiring equipment are generally not authorized. The cost for correspondence courses must be paid by the inmate. If an inmate has sufficient funds available in his commissary account, a Form 24 may be used for payment. Inmates interested in enrolling in correspondence courses are required to contact the Staff Coordinator prior to enrollment. Catalogs are available from the Staff Coordinator. Diplomas or certificates from correspondence high school GED programs do not satisfy the criteria for an adult literacy program completion.

Parenting
The Parenting Program provides inmates information and counseling through directed classes on how to enhance their relationship with their children even while incarcerated. All Parenting Programs include a classroom and visitation component. In addition, social service outreach contacts are often established to facilitate the provision of services to the inmate parent, visiting custodial parent, and children.
Library Services
Leisure Libraries: Leisure libraries offer inmates a variety of reading materials, including but not limited to: periodicals, newspapers, fiction, non-fiction, and reference books. Institutions also participate in an interlibrary loan program with local, state, and college libraries and available bookmobile services.

Electronic Law Libraries (ELL): Inmates are afforded access to legal materials and an opportunity to prepare legal documents in the ELL. Resources are available for inmates to prepare legal material via Trust Fund. A copying machine is available to reproduce materials needed for research. The price to reproduce materials is established by Trust Fund.

Recreation, Leisure, Wellness, and Social Programs
The BOP encourages inmates to make constructive use of leisure time and offers group and individual activities. At each facility, physical fitness and leisure programs are provided to promote positive lifestyle changes. These programs strive to provide inmates with opportunities to reduce stress and enhance overall health and emotional well-being.

Leisure Programs
Institutions offer a wide range of activities in which inmates may participate when not performing assigned duties. Leisure activities include: organized and informal games, sports, physical fitness, table games, hobby crafts, music programs, intramural activities, social and cultural organizations, and movies.

Art and Hobby Craft Programs
Art work includes all paintings and sketches rendered in any of the usual media (e.g., oils, pastels, crayons, pencils, inks, and charcoal). Hobby craft activities include ceramics, leatherwork, models, clay, mosaics, crochet, knitting, sculptures, woodworking, and lapidary, etc.

Art and hobby craft programs are not meant for the mass production of art and hobby craft items or to provide a means of supplementing an inmate’s income. Use of hobby craft facilities is a privilege that the Warden or staff delegated that authority may grant or deny.

Inmates are encouraged to participate in housing unit activities such as unit-based hobby craft. The Recreation Supervisor will coordinate housing unit activities with Unit Managers.

Wellness Programs
Wellness programs include screening, assessments, goal setting, fitness/nutrition prescriptions and counseling.

Consequences for Rules Violation in Recreation
Inmates are strongly encouraged to participate in recreation activities. However, when inmate behavior violates established rules, consequences may include an incident report and/or suspensions from programs.
Religious Services
The Religious Services Department provide pastoral care and religious accommodation to individual and group religious beliefs and practices in accordance with the law, Federal regulations and BOP policy. The Chaplains offer religious worship, education, counseling, spiritual direction, support and crisis intervention to meet the diverse religious needs of inmates. BOP Chaplains also oversee the religious diet program, ceremonial religious meals and religious holiday observances. All Chaplaincy Services’ programming is directed to promote BOP reentry goals. The Life Connections and Threshold programs highlight our faith-based reentry priorities.

Psychology Services
FCI Gilmer Psychology Services department offers basic mental health care to inmates. This care may include screening, assessment and treatment of mental health or drug abuse problems, individual and/or group counseling, psycho-educational classes, self-help and supportive services, or referral to Health Services for medical treatment of a mental illness.

In addition, Psychology Services staff, along with other programming staff in the institution, collaborates with Unit Team to develop a comprehensive assessment of each inmate’s strengths and weaknesses. Based on this assessment, Psychology Services will offer programming recommendations specific to his psychological needs. These recommendations are designed to ensure successful adjustment to incarceration and prepare inmates for eventual release. We encourage inmates to participate actively in the assessment process. If mental health or drug abuse programming is recommended, Psychology Services staff will provide ongoing feedback to the inmate and his unit team regarding progress toward these programming goals.

If inmates are new to the BOP, or have previously identified mental health or drug abuse programming needs, they will be scheduled for an interview with Psychology Services staff. The purpose of this interview is to review their history and identify programming needs. This interview is an ideal time for inmates to share their interest in specific services, such as drug abuse treatment or mental health counseling.

There are a number of ways to contact Psychology Services at this institution:

- Submit an Inmate Request to a Staff Member (a “Cop-out”) to Psychology Services via Trulincs.
- Visit the department during “Open House” hours.
- Speak with a Psychology Services staff member during mainline or as they make rounds in your unit.
- Or in the case of a crisis situation, notify the Unit Officer, Unit Team, or any other BOP staff member of an urgent need to speak with Psychology Services.
Suicide Prevention

Incarceration can be a difficult experience. At times, inmates may feel discouraged, frustrated, and helpless. It is not uncommon for people to experience depression while in jail or prison, especially if they are newly incarcerated, serving a long sentence, experiencing family problems, struggling to get along with other inmates, or receiving bad news. Over time, most inmates successfully adapt to incarceration and find ways to use their time productively and meaningfully. However, some inmates continue to struggle with the pressures of incarceration and become overwhelmed by a sense of hopelessness. If an inmate feels a sense of hopelessness or begins thinking about suicide, they should talk to a staff member. Help is available and actively seeking help is a sign of strength and determination to prevail. If an inmate feels he is in imminent danger of harming himself or someone else, he should contact a staff member immediately.

In addition, if an inmate suspects another inmate is contemplating suicide, they should notify a staff member. Staff do not always see everything inmates see, and most suicidal individuals display some warning signs of their intentions. Inmates should alert a staff member right away if they suspect a fellow inmate is considering suicide. The most effective way to prevent another person from taking his life is to recognize the factors that put people at risk for suicide, take warning signs seriously, and know how to respond. The warning signs of suicide may include:

- threatening to hurt or kill oneself or talking about wanting to hurt or kill oneself
- feeling hopeless
- feeling rage or uncontrolled anger or seeking revenge
- increased alcohol or drug use
- withdrawing from friends, family, associates
- experiencing dramatic mood changes
- feeling anxious or agitated, being unable to sleep, or sleeping all the time
- seeing no reason for living or having no sense of purpose

If a friend, cellmate, coworker, or associate is exhibiting these signs, an inmate should start by telling the person he is concerned and give him examples of what he sees that worries him. He should also listen and encourage the person to seek help. If the person is hesitant, he should offer to go with the person to speak to a staff member. If an inmate is not confident a suicidal person will seek help, he should notify a staff member himself. Seeking help for a person in distress is showing concern for the welfare of a fellow human being. If an inmate reports these concerns to staff, he can rest easy knowing he did everything within his power to assist the individual.

If an inmate is interested in assisting Psychology Services with suicide prevention efforts, he may choose to participate in this institution’s inmate companion program. Inmates who are interested in serving as suicide watch inmate companions must meet the following criteria: (1) be a sentenced BOP inmate; (2) no 100 series incident reports in the past 3 years; and (3) may not be in FRP, DRG ED, or GED refusal status. For more information about this program, inmates may speak with a member of the psychology department.
Drug Abuse Programs
Drug abuse programming is available at FCI Gilmer. We offer a drug education course as well as treatment options for inmates who have abused alcohol and/or drugs.

Drug Abuse Education Course
The Drug Abuse Education Course is not drug treatment. The purpose of the course is to encourage inmates to review the consequences of their choices to have drugs in their lives, to look at the relationship between drug use and crime, and to begin to think about how different their lives could be without drugs. Looking at drug involvement in this way may motivate them to ask for drug abuse treatment. If a pre-sentence report documents a prolonged history of drug use, evidence that alcohol or drug use contributed to the commission of the instant offense, a judicial recommendation for treatment, or a violation of community supervision as a result of alcohol or drug use, that inmate is required to take the Drug Abuse Education Course. Failing to take this required course results in ineligibility for performance pay above maintenance pay level, as well as ineligibility for bonus or vacation pay. Inmates will also not be eligible for a Federal Prison Industries work program assignment. If an inmate is not sure what this means, he may want to ask the correctional counselor.

The Drug Abuse Education Course is available in every BOP institution. If required to complete the course, inmate names will automatically be placed on the waiting list for the course. When it is time to complete the course, Psychology Services staff will contact the inmate. If an inmate would like to enroll in the course, but is not required to participate, he may submit an Inmate Request to a Staff Member (a “Cop-Out”) via Trulincs in order to place his name on the waiting list for the course.

Nonresidential Drug Abuse Treatment
Nonresidential Drug Abuse Treatment is also available in every Bureau institution. Nonresidential Drug Abuse Treatment has been developed to provide the flexibility necessary to meet each individual’s treatment needs, and more specifically for:

- inmates with a relatively minor or low-level drug abuse problem,
- inmates with a drug use disorder who do not have sufficient time to complete the intensive Residential Drug Abuse Treatment Program (RDAP),
- inmates with longer sentences who are in need of treatment and are awaiting placement in the RDAP,
- inmates with a drug use history who chose not participate in the RDAP, but want to prepare for staying sober in the community, and
- inmates who completed the unit-based portion of the RDAP and are required to continue treatment until their transfer to a Residential Reentry Center (half-way house).

Program completion awards are only available for those who complete the program. If interested, ask the institution’s drug abuse treatment staff for more information on these awards.
Residential Drug Abuse Treatment
The RDAP provides intensive drug abuse treatment to inmates diagnosed with a drug use disorder. Inmates in the residential program are housed together in a treatment unit that is set apart from the general population. Treatment is provided for a minimum nine months; however, time in the program depends on progress in treatment.

To apply for the RDAP send an Inmate Request to a Staff Member (a “Cop-Out”) to obtain an interview for the program. First, staff will screen the pre-sentence report to determine if there is any documentation indicating that the inmate has a pattern of drug abuse or dependence. If so, he will be referred to the Drug Abuse Program Coordinator for an interview to determine if he meets the diagnostic criteria for a substance use disorder.

Inmates who are diagnosed with a drug use disorder are qualified for the RDAP and are admitted to the program based on their nearness to release, as mandated by federal statute. There must be enough time left to serve on their sentence to complete the unit-based component and the community transition component of the program. Follow-up Treatment, as described earlier, is provided to inmates after they complete the unit-based component and before they transfer to a residential reentry center.

The RDAP is operated as a modified therapeutic community where inmates are expected to model the pro-social behaviors expected in a community. This means RDAP participants are role models to other inmates. Therefore, they are to demonstrate honesty, to relate positively with their peers, and to fully participate in all treatment activities in the unit. The RDAP is a half-day program, with the rest of the day devoted to work, school, and other self-improvement activities. The RDAP is available in 62 BOP institutions. However, it is not available at FCI Gilmer.

If an inmate is interested in volunteering for the RDAP and would like to know if he is eligible for the program, he must contact the institution’s drug abuse program coordinator. He may apply for the program at any time during incarceration, but the interview, like program admittance, will be based on proximity to release. Ordinarily inmates are interviewed 42-24 months from release depending on the facility’s security level and waiting list for the RDAP.

Early Release
The Violent Crime Control and Law Enforcement Act of 1994 allows the BOP to grant a non-violent inmate up to one year off his term of imprisonment for successful completion of the residential drug abuse treatment program (Title 18 U.S.C. § 3621(e)(2)). For more information, talk to an institution drug abuse treatment specialist or drug abuse program coordinator.

Community Transition Drug Abuse Treatment
To successfully complete the RDAP, inmates are required to participate in the Community Transition Drug Abuse Treatment component of the program. The BOP ensures that inmates receive continued treatment when transferred to a residential reentry center (RRC) or to home confinement. The RRC is structured to help inmates adjust to life in the community and find suitable post-release employment. RRCs provide a structured, supervised environment and support job placement, counseling, and other services. Within the
structure of the RRC, RDAP participants continue their drug abuse treatment, with a community-based treatment provider. The BOP contracts with this provider to deliver treatment services in the community. Inmates must continue to participate in transition drug abuse treatment to earn any benefit associated with successful completion of the RDAP, e.g., early release.

In addition to these drug abuse programs, drug abuse treatment services may also be provided within the context of other specialized treatment programs with the BOP, such as the Resolve Program and the Challenge Program.

Specialized Mental Health Programs
The BOP also has several residential mental health programs designed to help inmates with severe emotional, cognitive, and behavioral problems. These programs are indicated for inmates who are having difficulty functioning in a mainline institution due to a psychological disorder. They are designed to improve the day to day functioning of inmates with the goal of helping them return to a mainline institution or preventing the need for hospitalization. Psychology Services has additional information about these programs and can make recommendations for participation.

The Sex Offender Management Program
The BOP offers sex offender treatment programs at Sex Offender Management Program (SOMP) institutions. SOMP institutions have a higher proportion of sex offenders in their general population. Having a larger number of sex offenders at SOMP institutions ensures that treatment volunteers feel safe about participating in programming.

The BOP’s sex offender treatment programs are stratified into two program levels:

The Residential Sex Offender Treatment Program [male institutions only]
The Residential Sex Offender Treatment Program (SOTP-R) is a high intensity program designed for high risk sexual offenders, ordinarily inmates with multiple sex offenses, or a history of contact sexual offenders. The SOTP-R is offered at the Federal Medical Center (FMC) Devens, Massachusetts.

The Non-residential Sex Offender Treatment Program
The Non-residential Sex Offender Treatment Program (SOTP-NR) is a moderate intensity program designed for low to moderate risk sexual offenders. Many of the inmates in the SOTP-NR are first-time offenders serving a sentence for an Internet sex crime. All SOMP institutions offer the SOTP-NR.

When an inmate volunteers for treatment, BOP staff will determine whether the Residential or Non-residential Treatment Program is appropriate based on offense history. If eligible for treatment, the inmate will be transferred to a SOMP institution based on treatment needs and security level.

If an inmate is interested in receiving sex offender treatment and would like to know if he is eligible for the program, they must contact Psychology Services. They may apply at any point in their sentence. However, inmates ordinarily enter treatment when they have between 24 to 42 months remaining on their sentence. If an inmate has more than 48-months remaining on his sentence, the inmate may want to wait before applying for the program.
Confidentiality
Security needs and the nature of a prison environment affect mental health care in a variety of ways. Confidentiality is an important component of the therapeutic relationship. However, in a prison environment, confidentiality must be weighed against institutional needs of safety and security. Mental health providers in the institution not only serve inmates, they also serve the institution and the public at large.

In the community, certain situations require mental health providers to violate client confidentiality. For example, many states mandate reporting of child or elder abuse. Providers also must notify authorities if a client threatens suicide or serious harm to others. Similarly, prison mental health providers violate confidentiality when an inmate is at risk of serious harm to themselves or others, such as when an inmate presents a clear and present risk of escape or when an inmate is responsible for the creation of disorder within a facility. Confidentiality may also be limited when prison mental health providers share information on a need-to-know basis with prison officials or other federal law enforcement entities. For example, before being transferred to a residential reentry center, mental health providers must communicate mental health needs to the unit team.

If an inmate tells a staff member, including a Psychology Services staff member, that he is going to harm or kill himself or someone else, or engage in a behavior that jeopardizes the safety or security of the institution, confidentiality will be breached and the appropriate individuals will be notified on a need-to-know basis only. Simply put, there is no guarantee of confidentiality in the prison setting. However, inmates can rely on the professional judgment of Psychology Services staff who conscientiously balance confidentiality and the safety and security of the institution.

Information that does not impact the safety and security of the institution, inmates, and staff, will not be shared. While these limitations on confidentiality may initially deter some from seeking treatment, the vast majority of inmates who receive psychological services are comfortable with the decisions staff make with regard to their confidentiality. If an inmate has additional questions about confidentiality, he should discuss these concerns with Psychology Services staff.

Escorted Trips
Escorted trips provide approved inmates with staff escorted trips into the community for such purposes as receiving medical treatment not otherwise available, for visiting a critically ill member of the inmate’s immediate family, or for participating in programs or work related functions. Additionally, bedside visits and funeral trips may be authorized for inmates with custody levels below maximum. All expenses will be borne by the inmate, except for the first eight hours of each day that the employee is on duty. There are occasions based on a determination that the perceived danger to BOP staff during the proposed visit is too great, or the security concerns about the individual inmate outweigh the need to visit the community.
Furloughs
A furlough is an authorized absence from an institution by an inmate who is not under the escort of a staff member, a U.S. Marshal, other Federal or State agent. Furloughs are a privilege, not a right, and are only granted when clearly in the public interest and for the furtherance of a legitimate correctional goal. An inmate who meets the eligibility requirements may submit an application for furlough to staff for approval.

Central Inmate Monitoring System
The Central Inmate Monitoring System (CIMS) is a method for the Agency to monitor and control the transfer, temporary release, and participation in community activities of inmates who pose special management considerations. Designation as a CIMS case does not, in and of itself, prevent an inmate from participating in community activities. All inmates who are designated as CIMS cases will be notified by their Case Manager.

Marriages
If an inmate wishes to be married while incarcerated, the Warden may authorize him to do so under certain conditions. All expenses of the marriage will be paid by the inmate. If an inmate requests permission to marry he must:

- Have a letter from the intended spouse which verifies their intention to marry.
- Demonstrate legal eligibility to marry.
- Be mentally competent.
- The marriage must not present a security risk to the institution.

Marriage procedures are detailed in local Institution Supplements.

Barber Shop
Haircuts and hair care services are authorized in the barber shop only. Hours of operation will be posted in each of the housing units and the barber shop. Alternative haircuts are not authorized.

Medical Services
The overall Bureau health care delivery system includes local medical facilities, and other major medical facilities, if deemed necessary. Locally, on-site medical care is available from 6:00 a.m. until 10:00 p.m. each day. All inmates health care will be provided by the physician, physician assistant and nurses. All healthcare issues should be addressed through sick call procedures or by appointment scheduled for by the Health Services staff. Medical sick call is at the 10:30 a.m. recall move on Monday, Tuesday, Thursday and Friday. Dental sick call is on the same days but it is conducted at the first move of the morning, generally 6:45 a.m.

When reporting to sick call you must have a completed sick call form, your identification card and be in the khaki uniform. Sick call forms are to be obtained from the unit or work detail and completed before reporting to health services. You will be charged a $2.00 copay for a sick call visit that you request.

Inmates over the age of 50 may request a physical exam to include a rectal exam every year. Inmates under the age of 50 may request a physical exam every two years.
Inmates who become acutely ill after the regular medical triage period should ask their work supervisor or unit officer to call the Health Services Department for further instruction.

Inmates in the Special Housing Unit (SHU) are unable to sign up for this procedure. For this reason, a medical staff member tours the unit at least once a day. All inmates housed in SHU will need to complete a Medical Triage Form prior to being seen by the designated primary care provider. These forms may be obtained from the SHU Officer or the Health Services Department staff member who is making daily rounds in SHU. Any acute illnesses or emergencies should be reported to the SHU Officer, who will contact the Health Services Department for appropriate instructions. All other care will be scheduled through the inmates designated primary care provider.

**Urgent Care**
All urgent care situations or injuries will be given priority for treatment. Appropriate medical care will be provided by the Health Services staff. **Inmates must report all injuries to their detail supervisor or to the nearest staff member.**

Medical coverage on evenings, weekends, and holidays is for the treatment of acute medical problems only. Medical staff is available from 6:00 a.m. until 10:00 p.m., every day. All illnesses will be reviewed by primary care providers.

**Medications - Pill Line**
Controlled medications are dispensed at the Health Services Department (the pill line) during specified time periods. Inmates in detention or segregation are provided their medication by Health Services staff in their cells. **All psychotropic and other controlled medications are crushed prior to administering as directed by the pharmacy staff and policy guidelines.**

All inmates are required to present their identification cards at the pill lines. Pill line times will be posted for reference. **The inmate on pill line is required to report to pill line when the unit is released for mainline.** If inmates are still in line, health services staff will notify compound so inmates will be afforded the opportunity to eat meals in food service. **The uniform for pill line is the same uniform you would be required to be in to enter food service for that meal.**

**On-the-job Injuries**
If an inmate is injured while performing an assigned duty, he must immediately report this injury to his work supervisor. The work supervisor will then report the injury to Health Services staff and the institution Safety Department. The inmate may be disqualified from eligibility for lost-time wages or compensation if he fails to report a work injury promptly to the work supervisor.

If injured while performing an assigned duty and the inmate expects to be impaired to some degree, he may submit a claim for compensation. A medical evaluation must be included in the claim before any compensation can be considered.

CONTACT WITH THE COMMUNITY AND PUBLIC

Correspondence
In most cases, inmates are permitted to correspond with the public, family members and others without prior approval. Outgoing mail from a sentenced inmate in a minimum security institution may be sealed by the inmate and is sent out unopened and uninspected. Except for "special mail," outgoing mail from a sentenced inmate in a medium institution may not be sealed by the inmate and may be read and inspected by staff. The outgoing envelope must have the inmate’s committed name, register number, and complete institution return address in the upper left hand corner.

Inmates will be responsible for the contents of all of their letters. Correspondence containing threats, extortion, etc., may result in prosecution for violation of Federal laws.

Inmates may be placed on restricted correspondence status based on misconduct or as a result of classification. The inmate is notified of this placement and has the opportunity to respond. Mail service to inmates is ordinarily provided on a five-day schedule, Monday through Friday.

Incoming Correspondence
First class mail is distributed Monday through Friday (except holidays) by the evening watch Correctional Officer in each living unit. Legal and Special Mail will be distributed by Mail Room or Unit staff and opened in the presence of the inmate. Inmates are asked to advise those writing to them to put the inmate’s registration number and housing unit on the envelope to aid the prompt delivery of mail. All inmate packages must have prior authorization unless otherwise approved under BOP policy.

Incoming Publications
The BOP permits inmates to subscribe to and receive publications without prior approval. The term publication means a book, booklet, pamphlet, or similar document, or a single issue of a magazine, periodical, newsletter, newspaper, plus such other materials addressed to a specific inmate, such as advertising brochures, flyers, and catalogs. An inmate at a medium -
Institutions may only receive hard or soft cover publications and newspapers from the publisher, a book club, or a bookstore. At minimum security institutions, an inmate may receive softcover publications (other than newspapers) from any source.

Inmates are not allowed to have in their possession or receive any item that features nudity or is sexually explicit from any source. This includes commercially published items such as pictures, books, magazines and other items as defined below.

Commercially published information or material means any book, booklet, pamphlet, magazine, periodical, newsletter, photograph or other pictorial depiction, or similar document, including stationery and greeting cards, published by any individual, organization, company, or corporation which is distributed or made available through any means or media for commercial purposes. This definition includes any portion extracted, photocopied, or clipped from such items.

Nudity means a pictorial depiction where genitalia or female breasts are exposed.

Sexually explicit means a pictorial depiction of actual or simulated sexual acts including sexual intercourse, oral sex, or masturbation.

**Special Mail**

Special Mail is a category of correspondence sent to the following: President and Vice President of the United States, the U.S. Department of Justice (including the BOP), U.S. Attorneys Offices, Surgeon General, U.S. Public Health Service, Secretary of the Army, Navy, or Air Force, U.S. Courts (including U.S. Probation Officers), Members of the U.S. Congress, Embassies and Consulates, Governors, State Attorneys General, Prosecuting Attorneys, Directors of State Departments of Corrections, State Parole Commissioners, State Legislators, State Courts, State Probation Officers, other Federal and State law enforcement offices, attorneys, and representatives of the news media.

Special mail also includes correspondence received from the following: President and Vice President of the United States, attorneys, Members of the U.S. Congress, Embassies and Consulates, the U.S. Department of Justice (excluding the Bureau of Prisons but including U.S. Attorneys), other Federal law enforcement officers, State Attorneys General, Prosecuting Attorneys, Governors, U.S. Courts (including U.S. Probation Officers), and State Courts.

A designated staff member opens incoming Special Mail in the presence of the inmate. These items will be checked for physical contraband, funds, and for qualification as Special Mail; the correspondence will not be read or copied if the sender has adequately identified himself/herself on the envelope and the front of the envelop clearly indicates that the correspondence is “Special Mail – Open only in the presence of the inmate” or with similar language. Without adequate identification as Special Mail, the staff may treat the mail as general correspondence. In this case, the mail may be opened, read, and inspected.
**Inmate Correspondence with Representatives of the News Media**

An inmate may write, following Special Mail procedures, to representatives of the news media when specified by name and title. The inmate may not receive compensation or anything of value for correspondence with the news media. The inmate may not act as a reporter, publish under a byline, or conduct a business or profession while in BOP custody.

Representatives of the news media may initiate correspondence with an inmate. Correspondence from a representative of the news media will be opened, inspected for contraband, for qualification as media correspondence, and for content which is likely to promote either illegal activity or conduct contrary to BOP regulations.

**Correspondence Between Confined Inmates**

An inmate may be permitted to correspond with an inmate confined in another penal or correctional institution. This is permitted if the other inmate is either a member of the immediate family (mother, father, sister, child, or spouse), or party in a current legal action (or a witness) in which both parties are involved. The Unit Manager at each institution must approve the correspondence if both inmates are housed in Federal institutions.

**Rejection of Correspondence**

The Warden may reject general correspondence sent by or to an inmate if it is determined to be detrimental to the security, good order, or discipline of the institution, to the protection of the public, or if it might facilitate criminal activity.

**Notification of Rejection**

The Warden will give written notice to the sender concerning the rejection of mail and the reasons for rejection. The sender of the rejected correspondence may appeal the rejection. The inmate may also be notified of the rejection of correspondence and the reasons for it. The inmate also has the right to appeal the rejection. The Warden shall refer the appeal to a designated officer other than the one who originally disapproved the correspondence. Rejected correspondence ordinarily will be returned to the sender.

**Change of Address/Forwarding of Mail**

Mail Room staff will make available to an inmate who is being released or transferred a change of address form. General correspondence (as opposed to special mail) will be forwarded to the new address for 30 days. After 30 days, general correspondence is returned to sender with the notation “Not at this address - return to sender.” Staff will use all practical means to forward special mail. After 30 days, the SENTRY address will be used to forward special mail.

**Certified/Registered Mail**

Inmates may use certified, registered, or insured mail services. Other mail services such as stamp collecting, express mail, cash on delivery (COD), and private carriers are not provided.
Telephones
Telephone privileges are a supplemental means of maintaining community and family ties. Telephones are to be used for lawful purposes only. Threats, extortion, etc. may result in prosecution. All inmate telephones are subject to monitoring and recording. Inmates must contact their Case Manager to arrange an unmonitored attorney call.

While policy specifically allows inmates to make one call every three months, there is no specific limit on the number of phone calls that an inmate may make. It is expected that each inmate will handle his calls in such a manner that will allow the equal use of the phones by all inmates. Calls are limited to fifteen (15) minutes in duration. Each inmate is allowed 300 minutes of calling time per month, unless on telephone restriction. Telephones will not be used to conduct a business.

Inmates are allowed to have thirty (30) approved numbers on their phone list. In order to use the system, he will have to transfer funds from the commissary account to the individual telephone account. There are telephones located in each housing unit for inmate use. No third party, credit card calls, 1-800, 1-900, 1-888, or 1-976 can be made on these lines. Collect calls can also be made to pre-approved telephone numbers.

Inmates will be given their SECRET PAC (nine digits) number through the mail. This will allow them to place a call by first entering the telephone number followed by the nine digit PAC number. Giving or selling a PAC number will result in disciplinary action. All calls are automatically terminated after fifteen (15) minutes. A waiting period may be established between calls.

It is each inmate’s responsibility to maintain his PAC in a way to ensure no other inmate has access to it. Inmates found to be sharing their telephone account with other inmates will result in disciplinary action taken with all inmates involved. Third party telephone contact will also result in disciplinary action. This could include, but is not limited to, three way calls, call forwarding, the use of two or more telephones to communicate, and/or ANY circumstance in which the party called establishes third party telephone contact.

ACCESS TO LEGAL SERVICES

Legal Correspondence
Legal correspondence from attorneys will be treated as Special Mail if it is adequately marked. The envelope must be marked with the attorney’s name and an indication that he/she is an attorney and the front of the envelope must be marked as “Special Mail - open only in the presence of the inmate” or with similar language clearly indicating the particular correspondence qualifies as legal mail and the attorney is requesting the correspondence be opened only in the inmate’s presence. It is the responsibility of the inmate to advise his attorney of these requirements. If legal mail is not adequately marked, it may be opened as general correspondence.

Visiting
Inmates are encouraged to have visits in order to maintain family and community ties. New inmates are asked to submit a visiting list to their Correctional Counselor for approval. Relatives and friends may be approved -
after certain checks are made. Requests for approval for visitors should be made to the Correctional Counselor at least three weeks in advance of the intended visit. Only 20 visitors inclusive of immediate family, friends, or associates will be authorized on the approved visiting list. Children 15 years of age and under will not be counted toward this total. The parent or guardian of children under the age of 15 must complete a Visitor Information Form for the child, giving their consent to enter for visitation.

All visits will begin and end in the visiting room. Kissing, embracing, and handshaking are allowed only upon arrival and departure.

Inmates must be properly dressed in order to be admitted to the Visiting Room. Clothing must be neat and clean (khaki uniforms for FCI inmates and green uniforms for SCP inmates). Items allowed in the visiting room are limited to a comb, wedding band, prescription eyeglasses, a handkerchief, and religious medal. Coins, and items purchased in the Visiting Room may not be brought back into the institution by the inmate.

Visitors must be properly dressed. Shorts, miniskirts, halter tops, leggings, baseball caps, and other clothing of a suggestive or revealing nature will not be permitted in the Visiting Room. Additionally, sweatpants will not be permitted in the Visiting Room. Visitors shall also refrain from wearing clothing similar to the inmate clothing (tan pants and shirt if entering the FCI and green if entering the SCP). Footwear must be worn by all visitors. Inmate visitors should dress within the bounds of good taste and should not wear clothing which would offend others who may be present in the visiting room. Visitors wearing transparent clothing, spandex, leggings, halter tops, sleeveless tops/dresses, shorts, miniskirts, culottes, blouses or other apparel of a suggestive nature (i.e., low-cut V-neck or any garment that reveals the mid-section) will not be admitted into the institution. Dresses should be no higher than the bottom the knee. No bare feet (including babies), open toe shoes, flip-flops, slip-on shoes with no backs, or sandals, are allowed in the institution. Children under the age of six will be allowed to wear shorts, open toe shoes, sandals, or flip-flops.

Visitors may be asked to submit to a search and must be able to clear a walk-through metal detector without setting off the detector’s alarm at the FCI. Visitor’s purses, attorney’s briefcases, etc. may also be searched. Additionally, all visitors are subject to drug screening, using the ION Scan Drug Detector, prior to entering the institution. Any visitor refusing to submit to a scan will be denied access into the institution.

Visitors are permitted to bring money into the Visiting Room to purchase items from the vending machines. No food may be brought into the Visiting Room.

Items visitors may bring into the institution are a transparent change purse no larger than 5"x8"x4", and two sanitary napkins or tampons. Visitors with infants may bring in four diapers, two small jars of baby food, three baby bottles with contents, one baby blanket, one package of baby wipes, one change of infant clothing, and one see-through drinking cup for small children. Medications should be taken either prior to entering the visiting room or at the conclusion of the visit.
Medications needed for health reasons will be allowed at the discretion of the IDO or Operations Lieutenant. Papers, packages, money orders, and/or gifts are not to be allowed into, or exchanged in the visiting room. No electronic devices will be allowed into the visiting room. Electronic devices include beepers, cellular phones, car alarm remotes, or any remote operating device. No tobacco products of any type are allowed in the visiting areas. Lockers are available to visitors for the storage of personal items not allowed in the institution. Visitors are not authorized to bring any item into the institution to give to an inmate.

Inmates are not allowed to receive either coins or money for their Commissary account while in the Visiting Room. Money for commissary accounts shall be sent through the mail, using a U.S. Postal Money Order.

**Visiting Schedule**
Visits for the FCI are regularly scheduled from 8:00 a.m. to 3:00 p.m. on Fridays, Saturdays, Sundays, and federal holidays. Visiting for inmates in the Special Housing Unit (SHU) will be conducted on Thursdays from 8:00 a.m. to 3:00 p.m. Visits for the SPC are scheduled from 8:00 a.m. to 3:00 p.m. on Saturdays, Sundays and federal holidays.

Staff shall make available to all visitors written guidelines for visiting the institution. Written guidelines are attached to inmate visitation request forms and sent to potential visitors. Written guidelines are also made available in the front lobby.
Visiting Limitations:
Visitation is open to all inmates during all visiting periods. There is no limit on the amount of visits an inmate may have. The maximum number of visitors an inmate may have at one time is six, including children. In the event the visiting room becomes overcrowded, it may be necessary to limit the length of visits and/or the number of visitors. The decision to limit the duration of a visit will be made by the Operations Lieutenant and/or the Institution Duty Officer (IDO). Terminating visits due to limited visiting space will occur in the following order:

a. Staff will ask inmate visitors to volunteer.
b. Visitors who visit regularly will be asked to leave.
c. Local visitors will be asked to leave.
d. The first visitors in for the day will then be asked to leave if needed.

Visiting Files:
Each inmate’s visiting list will be prepared and maintained in the inmate’s central file. Additionally, each inmate’s visiting list will be added to the computerized visiting program. In the event the computer system is not available, unit staff will review the inmate’s central file and inform the front lobby or visiting room officers if the inmate visitor is approved to visit. Inmates will be allowed to make changes to their visiting lists at any time. Requested changes will be made through the inmate’s unit team. Inmate visiting lists will be updated as needed or when new Visitor Information Forms are received.

Special Visits:
Inmates may request a special visit for a family emergency through their unit team. These visit shall be approved by both the Warden and Captain prior to being approved and cannot interfere with the security of the institution. It will be the responsibility of the requesting department to coordinate, gain final approval, arrange, and provide for security/supervision of all special visits.

Consular Visitors:
Whenever it is determined an inmate is a citizen of a foreign country, the Consular representative of that country shall be permitted to visit on matters of legitimate business. This privilege shall not be withheld even if the inmate is in disciplinary segregation. A relationship prior to incarceration is not required. These visits are arranged and approved by the Executive Assistant or his/her designee.

Law Enforcement Interviews:
Ordinarily, SIS staff will approve and coordinate all interviews between law enforcement agencies and inmates. However, in the absence of the SIS staff, the Captain or the Operations Lieutenant will assume this function.

Minister of Record:
An inmate wanting to receive visits from his minister of record must submit a written request to the Chaplain. Upon approval, unit staff will add the visitor to the inmates visiting list. An inmate may only have one minister of record on his visiting list at a time.
Clergy:
Visits from clergy (other than the minister of record) will be in accordance with the general visitor procedures. Ordinarily, clergy visits will not be accommodated unless requested by the inmate. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy. Clergy/minister of record visits will be accommodated in an area of the visiting room which provides a degree of privacy from other visitors.

Attorney Visits:
Attorneys are encouraged to visit during regular visiting hours, by advance appointment. Attorneys must show a valid bar card or other suitable professional identification. Attorney briefcases and papers being introduced into the FCI will be searched for contraband by use of the x-ray machines located in the FCI Front Lobby. Attorney briefcases and papers being introduced into the SCP will be hand searched for contraband. The use of cameras or recording equipment without the written consent of the Warden is prohibited.

All attorney visits for the FCI and SPC will be scheduled through the appropriate unit team and monitored by unit staff. The attorney and their client will be afforded privacy in the attorney room located inside the FCI visiting room. At the SPC, all attorney visits will be afforded privacy in the Camp conference room. If the attorney rooms are in use, the attorney is to be offered the opportunity to reschedule the visit when a more private area is available. If it becomes necessary for the inmate to bring pertinent legal material, unit staff will bring the materials into the visiting room.

Prisoner Visitation and Support:
The Prisoner Visitation and Support Program (PVS) is a valuable volunteer program. The focus of PVS has always been to visit and provide moral support to inmates who do not ordinarily receive visits from family and friends. Through this program, inmates who are otherwise alienated from the community have the opportunity to develop healthy relationships and benefit from interaction with the PVS volunteers. Volunteers at FCI and SPC Gilmer are allowed to carry paper and writing implements into the visiting room. They are to be processed at the front lobby as volunteers. Their visits will be conducted during normal visiting hours. They are expected to adhere to the institution dress code and visiting policies.

Special Housing Unit (SHU):
Visiting for SHU inmates will be on Thursday from 8:00 a.m. to 3:00 p.m. All visits will be conducted in the visiting room. There are no non-contact visiting areas at FCI Gilmer. SHU inmates will be required to visit in hand restraints, martin chain, and leg restraints. Inmates in administrative detention will be limited to a two hour visit. Inmates in disciplinary segregation will be limited to a one hour visit. Inmates in protective custody status, will be required to visit in an attorney room located inside the FCI visiting room, and will be kept separate from the other inmates who are in the visiting room.
Visiting Procedures for Inmates in a Local Medical Facility:
Upon request by the inmate or the inmate’s family to visit an inmate in the hospital, the unit team will consult with the clinical director to obtain the inmate's medical status. If the inmate is in serious/critical condition, the unit team may prepare a request in memorandum format for immediate family to visit the inmate. The Associate Warden (Programs) will be the final approving authority. The family will be informed of the approval and that all visits are subject to hospital visiting regulations.

Procedures for Approving Exceptions to the Prior Relationship Requirements:
Ordinarily a visitor not meeting prior relationship requirements will be denied. However, under special circumstances, the inmate can request a waiver through the Unit Counselor. The Associate Warden (Programs) will be the final approving authority.

Procedures for Disapproving Proposed Visitors:
If the background information reveals visitation privileges for an individual would present security concerns or disrupt the orderly running of the institution, the Unit Manager may deny visiting privileges. Documentation reflecting this decision should be maintained in the Inmate Central File. The inmate will be notified by the unit team of this decision and his appeal rights.

Proper Dress:
Inmates are required to wear institution issued clothing (khaki pants and shirts at the FCI, green pants and shirts at the SPC, or assigned jump suits for inmates housed in the SHU), during visitation. Inmates will wear institution provided footwear while in the visiting room. Inmates will leave their personal or institutional boots/shoes in the visiting room processing area. The institution provided footwear will be returned at the conclusion of the visit. Institutional clothing must be neat and clean in appearance. Shirts will be tucked into the trouser waistband at all times. Approved religious headgear may be worn in the visiting room. All religious headgear will be inspected prior to, and at the completion of the visit.

At the discretion of the shift lieutenant or Institutional Duty Officer, other clothing resembling the style or color of inmate clothing (i.e., khaki, white, gray or camouflage in color clothing), may not be allowed to be worn into the institution.

Parenting
Games and a television/play area are provided for children for use while in the visiting room. However, the inmate and his visitors are responsible for their children’s actions while in the visiting room. Failure to maintain control of their children may result in the inmate’s visit being terminated. Inmates are not authorized to be in the children’s play area.

Notary Public
Bureau of Prisons staff are authorized to notarize documents. A recent change in the law allows that papers which an inmate signs are true and correct under penalty of perjury and will suffice in Federal courts and other Federal agencies, unless specifically directed to do otherwise. Some states will not accept a government notarization for real estate transactions, automobile sales, etc. In these cases, it will be necessary to contact unit staff for arrangements with the institution’s notary public.

Copies of Legal Material
In accordance with institution procedures, inmates may copy material necessary for their research or legal matters. A copying machine is available in the Education Department for inmate use for a nominal fee. Individuals who are indigent and who can demonstrate a clear need for particular copies may submit a written request for a reasonable amount of free duplication through the unit team.

Federal Tort Claims
If the negligence of institution staff results in personal injury or property loss or damage to an inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form by submitting an Inmate Request to Staff Member or requesting one through their Correctional Counselor.

Freedom of Information/Privacy Act of 1974
The Privacy Act of 1974 forbids the release of information from agency records without a written request, or without the prior written consent of the individual to whom the record pertained, except for specific instances. All formal requests for access to records about another person and/or agency record other than those pertaining to themselves shall be processed through the Freedom of Information Act (FOIA), 5 USC 552. Requests may be made in writing to the FOIA Branch, Central Office, 320 First St., N.W., Washington, D.C. 20534.

Inmate Access to Central Files and Other Documents
An inmate may request to view his central file (minus the FOIA section) under the supervision of his Case Manager by submitting a cop-out to the Unit Team. An inmate does not need to submit a FOIA Act Request to the Director of the BOP unless the information requested is in the FOIA Exempt section. Likewise, an inmate wishing to review his medical file should send a request to Health Services.
An inmate can request access to the non-disclosable documents in his central file and medical file, or other documents concerning himself that are not in his central file or medical file, by submitting a Freedom of Information Act Request to the Director of the BOP, Attention: FOI Request. A request on the behalf of an inmate by an attorney, for records concerning that inmate, will be treated as a Privacy Act Request if the attorney has forwarded an inmate's written consent to disclose materials. If a document is deemed to contain information exempt from disclosure, any reasonable part of the record will be provided to the attorney after the deletion of the exempt portions.

Executive Clemency
The BOP advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does not connote innocence nor does it expunge the record of conviction. A pardon restores civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (reduction of sentence imposed after a conviction), and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence
The BOP also advises inmates on commutation of sentences. Commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for commutation of sentence must do so on forms available from the assigned unit team. The rules governing these petitions are available in the Law Library.

Pardon
A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotics Laws, Gun Control Laws, Income Tax Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

Compassionate Release/Reduction in Sentence
The Director of the Bureau of Prisons may motion an inmate’s sentencing court for reduction in sentence (RIS) for an inmate presenting extraordinary and compelling circumstances. See 18 U.S.C. § 3582 and Program Statement on Compassionate Release/Reduction in Sentence. The BOP may consider both medical and non-medical circumstances. The BOP consults with the U.S. Attorney’s Office that prosecuted the inmate and will notify any victims of the inmate’s current offense. If the RIS is granted, the judge will issue an order for the inmate’s release and he will then usually begin serving the previously imposed term of supervised release. If an inmate's RIS request is denied, the inmate will be provided a statement of reasons for the denial. The inmate may appeal a denial through the Administrative Remedy Procedure. Denials by the General Counsel or the Director are final agency decisions and are not appealable. Inmates who feel their request is of an emergency nature (e.g., a terminal medical condition) may state as such in accordance with -
the regulation. (See 28 CFR part 542, subpart B).

PROBLEM RESOLUTION

Inmate Request to Staff Member
An Inmate Request to Staff Member (form BP-S148), commonly called a Cop-Out, is used to make a written request to a staff member. Any type of request can be made with this form. Cop-outs may be obtained in the living units from the Correctional Officer on duty. Staff members will answer the request within a reasonable period of time.

Administrative Remedy Process
The BOP emphasizes and encourages the resolution of complaints. The first step of the Administrative Remedy process is to attempt an Informal Resolution, utilizing the appropriate Informal Resolution form. (See the Administrative Remedy Institution Supplement, Attachment A.) When an informal resolution is not successful, an inmate can access the Administrative Remedy Program. All Administrative Remedy forms may be obtained from your assigned Correctional Counselor or Unit Team member.

If the issue cannot be informally resolved, a formal complaint may be filed with a Request for Administrative Remedy (formerly BP-229), commonly referred to as a BP-9. The inmate may place a single complaint or related issues on the form. If the form contains multiple unrelated issues, the submission will be rejected. The inmate will return the completed BP-9 to the Correctional Counselor, who will deliver it to the Administrative Remedy Coordinator (BP-9 will be rejected unless processed through staff). The BP-9 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of time and should be documented in the complaint. Institution staff has twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Warden’s response to the BP-9, he may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-9 response. The regional appeal is filed on a Regional Administrative Remedy Appeal (form BP-230), commonly referred to as a BP-10, and must include the appropriate number of copies of the BP-9 form, the Warden’s response, and any exhibits. The regional appeal must be answered within thirty (30) calendar days, but the time limit may be extended an additional thirty (30) days. The inmate will be notified of the extension.

If the inmate is not satisfied with the Regional Director’s response, he may appeal to the General Counsel in the Central Office. The national appeal must be made on the Central Office Administrative Remedy Appeal (form BP-231), commonly referred to as a BP-11, and must have the appropriate number of copies of the BP-9, BP-10, both responses, and any exhibits. The national appeal must be answered within forty (40) calendar days, but the time limit may be extended an additional twenty (20) days. The inmate will be notified of the extension.
When filing a Request for Administrative Remedy or an Appeal (BP-9, BP-10, or BP-11), the form should contain the following information:

- Statement of Facts
- Grounds for Relief
- Relief Requested

**Sensitive Complaints**

If an inmate believes a complaint is of a sensitive nature and he would be adversely affected if the complaint became known to the institution, he may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree the complaint is sensitive, the inmate will be advised in writing of that determination and the complaint will be returned. The inmate may then pursue the matter by filing a BP-9 at the institution.

**General Information**

When a complaint is determined to be of an emergency and threatens the inmate’s immediate health or welfare, the reply must be made as soon as possible, usually within seventy-two (72) hours from the receipt of the complaint.

For detailed instructions see Program Statement 1330.16, Administrative Remedy Program.

**DISCIPLINARY PROCEDURES**

Inappropriate sexual behavior towards staff and other inmates will not be tolerated. Inappropriate sexual behavior is defined as verbal or physical conduct perceived as a sexual proposal, act, or threat. Examples of inappropriate inmate sexual behavior include: displaying sexually explicit materials; making sexually suggestive jokes, comments, proposals, and gestures; and engaging in stalking, indecent exposure, masturbation, or physical contact. Inmates who engage in this type of behavior will be disciplined and sanctioned accordingly, through the inmate discipline process.

**Discipline**

The inmate discipline program helps ensure the safety, security, and orderly operation for all inmates. Violations of BOP rules and regulations are handled by the Unit Discipline Committee (UDC) and, for more serious violations, the Disciplinary Hearing Officer (DHO). Upon arrival at an institution, inmates are advised of the rules and regulations and are provided with copies of the Prohibited Acts and Available Sanctions, as well as local regulations.

**Inmate Discipline Information**

When a staff member witnesses or reasonably believes an inmate has committed a prohibited act, a staff member will issue an incident report, a written copy of the charges against an inmate. The incident report will ordinarily be delivered to the inmate within 24 hours of the time staff became aware of
the inmate’s involvement in the incident. If the incident is referred for prosecution, the incident report is delivered by the end of the next work day after it has been released for administrative processing. An informal resolution of the incident may be attempted at any stage of the discipline process. If an informal resolution is accomplished, the incident report will be removed from the inmate’s central file. Informal resolution is encouraged for all violations in the Moderate and Low severity categories. Staff may suspend disciplinary proceedings up to two calendar weeks while informal resolution is undertaken. If an informal resolution is not accomplished, staff will reinstate the discipline process at the stage at which they were suspended. Violations in the Greatest and High severity categories cannot be informally resolved and must be forwarded to the DHO for final disposition.

Initial Hearing
Inmates will ordinarily be given an initial hearing within five (5) work days after the incident report is issued, excluding the day it was issued, weekends, and holidays. The Warden must approve, in writing, any extension over five (5) days. The inmate is entitled to be present at the initial hearing and may make statements and present documentary evidence. The UDC must give its decision in writing to the inmate by the close of the next work day. The UDC may make findings on Moderate and Low severity offenses. The UDC will automatically refer Greatest and High severity offenses to the DHO for final disposition.

Discipline Hearing Officer (DHO)
The Discipline Hearing Officer (DHO) conducts disciplinary hearings on all Greatest and High severity prohibited acts and other violations referred by the UDC at the Moderate and Low severity levels. The DHO may not hear any case not referred by the UDC. An inmate will be provided with advance written notice of the charge(s) not less than 24 hours before the inmate’s appearance before the DHO. Inmates may waive this requirement. Inmates may appear before the DHO either in person or electronically (for example, by video or telephone conferencing). The Warden provides a full-time staff member to represent an inmate, if requested. An inmate may make statements and present documentary evidence on his behalf. The inmate may request witnesses appear at the DHO hearing to provide statements. The DHO will call witnesses who have information directly relevant to the charge(s) and are reasonably available. The DHO will request a statement from all unavailable witnesses whose testimony is deemed relevant. Inmates may not question a witness at the hearing; however, the staff representative and/or the DHO will question the witness(es). An inmate may submit a list of questions for the witness(es) to the DHO if there is no staff representative. An inmate has the right to be present throughout the DHO hearing, except during deliberations. The inmate charged may be excluded during appearances of outside witnesses or when institution security may be jeopardized. The DHO may postpone or continue a hearing for good cause or disposition when the case does not warrant DHO involvement, or may refer an incident report back for further investigation or review. The DHO will give the inmate a written copy of the decision and disposition, ordinarily within 15 days of the decision.
Appeals of Disciplinary Actions

Appeals of all disciplinary actions may be made through the Administrative Remedy Program. The initial reviewing official for the UDC is the Warden. The decision of the DHO is final and subject to review only by the Regional Director through the Administrative Remedy program. Appeals are made to the Regional Director (BP-230) and the General Counsel (BP-231). On appeal, the reviewing authority (Warden, Regional Director, or General Counsel) considers:

- Whether the UDC or DHO substantially complied with regulations on inmate discipline.
- Whether the UDC or DHO based its decision on facts. If there is conflicting evidence, whether the decision was based on the greater weight of the evidence.
- Whether an appropriate sanction was imposed for the severity level of the prohibited act, and other relevant circumstances.

Special Housing Unit Status

Special Housing Units (SHUs) are housing units in BOP institutions where inmates are securely separated from the general inmate population, and may be housed either alone or with other inmates. SHU helps ensure the safety, security, and orderly operation of correctional facilities, and protect the public by providing alternative housing assignments for inmates removed from the general population.

When placed in the SHU, an inmate is either in administrative detention (A/D) status or disciplinary segregation (D/S) status.

Administrative detention (A/D) status: A/D is an administrative status which removes the inmate from the general population when necessary to ensure the safety, security, and orderly operation of correctional facilities, or protect the public. Administrative detention status is non-punitive, and can occur for a variety of reasons.

An inmate may be placed in A/D status for the following reasons:

(a) Pending Classification or Reclassification: a new commitment pending classification or under review for Reclassification. This includes newly arrived inmates from the bus, airlift, and U. S. Marshals Service.

(b) Holdover Status: the inmate is in holdover status during transfer to a designated institution or other destination.

(c) Removal from general population: presence in the general population poses a threat to life, property, self, staff, other inmates, the public, or to the security or orderly running of the institution and:

(d) Investigation: the inmate is under investigation or awaiting a hearing for possibly violating a Bureau regulation or criminal law;

(e) Transfer: the inmate is pending transfer to another institution;

(f) Protection cases: An inmate requested, or staff determined, he requires administrative detention status for his own protection; or
(g) Post-disciplinary detention: an inmate is ending confinement in disciplinary segregation status, and return to the general population would threaten the safety, security, and orderly operation of a correctional facility, or public safety.

When placed in A/D status, inmates will receive a copy of the administrative detention order, ordinarily within 24 hours, detailing the reason(s) for placement. However, when placed in A/D status pending classification or while in holdover status, they will not receive an administrative detention order.

In A/D status inmates are ordinarily allowed a reasonable amount of personal property and reasonable access to the commissary.

Disciplinary segregation (D/S) status: D/S is a punitive status imposed only by a Discipline Hearing Officer (DHO) as a sanction for committing a prohibited act(s). When placed in D/S status, as a sanction for violating BOP regulations, an inmate will be informed by the DHO at the end of the discipline hearing.

In D/S status, personal property will be impounded, with the exception of limited reading/writing materials and religious articles. Commissary privileges may also be limited. In either status, the amount of personal property may be limited for reasons of fire safety or sanitation. The Warden may modify the quantity and type of personal property allowed. Personal property may be limited or withheld for reasons of security, fire safety, or housekeeping. The unauthorized use of any authorized item may result in the restriction of the item. If there are numerous misuses of an authorized item, the Warden may determine that the item will not be issued in the SHU.

Program staff, including unit staff, will arrange to visit inmates in a SHU within a reasonable time after receiving the inmate's request. A Health Services staff member will visit daily to provide necessary medical care. While in SHU, an inmate may continue taking prescribed medications. In addition, after every 30 calendar days of continuous placement in either A/D or D/S status, staff will provide an examination and interview.

RELEASE

Sentence Computation
The Designation and Sentence Computation Center (DSCC), located in Grand Prairie, Texas, is responsible for the computation of inmate sentences. Once staff at the DSCC have certified the sentence computation as being accurate, staff will provide the inmate with a copy of his sentence computation data. Any questions concerning good time, jail time credit, parole eligibility dates, full term dates, or release dates are resolved by staff upon inmate request for clarification.

Fines and Costs
In addition to jail time, the court may impose committed or non-committed fines and/or costs. Committed fines mean that the inmate will remain in prison until the fine is paid, makes arrangements to pay the fine, or qualifies for release under the provisions of Title 18 USC, Section 3569 (Discharge of indigent prisoner). Non-committed fines have no condition of -
imprisonment based on payment of fines or costs. Payments for a non-committed fine or cost are not required for release from prison or transfer to a contract residential reentry center.

**Detainers**

Case management staff may give assistance to offenders in their efforts to have detainers against them disposed of, either by having the charges dropped, by restoration to probation or parole status, or by arrangement for concurrent service of the state sentence. The degree to which the staff can assist in such matters as these will depend on individual circumstances.

The Interstate Agreement on Detainers Act (IADA) allows for the disposition of untried charges, indictments, information, or complaints that have been lodged as a detainer by party states. The United States of America, the District of Colombia, and any U.S. state or territory that has codified the IADA into its statutes have been identified as party states. The states of Mississippi and Louisiana, the Commonwealth of Puerto Rico, and the territories have not joined the IADA to date.

**Good Conduct Good Time**

This applies to inmates sentenced for an offense committed on or after November 1, 1987, under the Sentencing Reform Act of 1984 (SRA), the Violent Crime Control Law Enforcement Act (VCCLEA), or Prison Litigation Reform Act (PLRA).

The SRA became law on November 1, 1987. The two most significant changes made to sentencing statutes concern good time and parole issues. There are no provisions for parole under the SRA. The only good time available under the SRA is 54 days of Good Conduct Time (GCT) for each year served on the sentence. No GCT is applied to life terms, or to sentences of one year or less. Good time is not awarded under the SRA until the end of each year served on the sentence, and may be awarded in part or in whole, contingent upon behavior during the year. Once awarded, GCT earned under the SRA is vested, and may not be forfeited at a later time.

For inmates convicted under the VCCLEA, for offenses committed from September 13, 1994, through April 25, 1996, the 54 days of GCT earned for each year served on the sentence will not vest if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED. Unsatisfactory progress is determined by the institution Education Department.

For inmates sentenced under the PLRA, for offenses committed on or after April 26, 1996, the GCT earned for time spent in service of the sentence does not vest. In addition, if an inmate does not have a high school diploma or a GED, and the inmate is not making satisfactory progress toward earning a GED, only 42 days of GCT will be earned for each year in the service of the sentence. Unsatisfactory progress is determined by the institution Education Department.

The amount of GCT an inmate is eligible to receive is based on the amount of time served on the sentence, not the length of the sentence. This calculation method has been upheld by the U.S. Supreme Court.
THE GOOD TIME DISCUSSIONS BELOW DO NOT APPLY TO INMATES SENTENCED UNDER THE NEW SENTENCING GUIDELINES.

Good Time
Good Time awarded by the BOP under statutes enacted prior to November 1, 1987, has the effect of reducing the stated term of the sentence that is, it advances the date when release will be mandatory if the offender is not paroled at an earlier date. The award of Good Time does not in itself advance the offender’s release date. It has that effect only if the offender would not otherwise be paroled before the mandatory date.

Statutory Good Time
Under 18 U.S. Code 4161, an offender sentenced to a definite term of six months or more is entitled a deduction from his term, computed as follows, if the offender has faithfully observed the rules of the institution and has not been disciplined:

Not greater than one year - five days for each month of the not less than six months or more than one year sentence.
More than one year, less than three years - six days for each month of the stated sentence.
At least three years, less than five years - seven days for each month of the stated sentence.
At least five years, less than 10 years - eight days for each month of the stated sentence.
10 years or more - 10 days for each month of the stated sentence.

At the beginning of a prisoner’s sentence, the full amount of statutory good time is credited, subject to forfeiture if the prisoner commits disciplinary infractions.

The following applies only to inmates sentenced for an offense committed prior to November 1, 1987.

Extra Good Time
The Bureau of Prisons awards extra good time credit for performing exceptionally meritorious service, performing duties of outstanding importance, or for employment in an Industry or Camp. An inmate may earn only one type of good time award at a time (e.g., an inmate earning industrial or Camp good time is not eligible for meritorious good time), except that a lump sum award may be given in addition to another extra good time award. Neither the Warden nor the DHO may forfeit or withhold extra good time.

The Warden may disallow or terminate the awarding of any type of Extra Good Time (except for lump sum awards), but only in a non-disciplinary context and only upon recommendation of staff. The DHO may disallow or terminate the awarding of any type of Extra Good Time, (except lump sum awards) as a disciplinary sanction. Once an awarding of meritorious good time has been terminated, the Warden must approve a new staff recommendation in order for the award to recommence. A disallowance means that an inmate does not receive an Extra Good Time award for only one calendar month. A disallowance must be for the entire amount of extra good time for that calendar month. There may be no partial disallowance. A decision to disallow or terminate extra good time may not be suspended pending future consideration.
A retroactive award of meritorious good time may not include a month in which Extra Good Time has been disallowed or terminated.

**Residential Reentry Center Good Time**

Extra good time for an inmate in a Federal or contract Residential Reentry Center is awarded automatically beginning on arrival at that facility and continuing as long as the inmate is confined to the Center, unless the award is disallowed.

**Camp Good Time**

An inmate assigned to a camp is automatically awarded Extra Good Time, beginning on the date of commitment to the camp, and continuing as long as the inmate is assigned to the camp unless the award is disallowed.

**Lump Sum Awards**

Any staff member may recommend to the Warden the approval of an inmate for a lump sum award of Extra Good Time. Such recommendations must be for an exceptional act or service that is not a part of a regularly assigned duty. The Warden may make lump sum awards of Extra Good Time of not more than thirty (30) days. If the recommendation is for more than thirty days, and the Warden agrees, the Warden will refer the recommendation to the Regional Director, who may approve the award.

**Good Time Procedures**

Extra Good Time is awarded at a rate of three days per month during the first twelve months, and at the rate of five days per month thereafter (i.e., the first twelve months, as stated, means 11 months and 30 days - Day for Day - of earning Extra Good Time before an inmate can start earning five days per month.

**Parole**

Parole is release from incarceration under conditions established by the U.S. Parole Commission. Parole is not a pardon or an act of clemency. A parolee remains under the supervision of a U.S. Probation Officer until the expiration of his full term.

Federal inmates sentenced prior to 1987 are ordinarily permitted an opportunity to appear before the Parole Commission within 120 days of commitment (EXEMPTIONS: inmates sentenced before September 6, 1977 and inmates with a minimum parole eligibility of ten years). Inmates sentenced in the District of Columbia Superior Court who are eligible for parole will normally receive a parole hearing 180 days prior to their parole eligibility date. If the inmate chooses not to appear before the Parole Board for the initial hearing, a waiver must be given to the Case Manager prior to the time of the scheduled parole hearing. This waiver will be made part of the Parole Commission file and the inmate’s central file.

All inmates who previously waived a parole hearing are eligible to appear before the Parole Board at any regularly scheduled hearing after they waive. Application for a parole hearing must be made at least 60 days before the first day of the month of the hearings. The Parole Board conducts hearings at most Bureau institutions every two months.
Applications, to the Parole Commission for a hearing, are the responsibility of the inmate, but in certain cases the Unit Team will assist the inmate if necessary. Application forms may be obtained from the Case Manager.

Following the hearing, the inmate will be advised of the tentative decision reached in the case by the hearing examiners. The recommendations of the hearing examiner must be confirmed by the Regional Office of the Parole Board. This confirmation usually takes three to four weeks and is made through the mail on a form called a Notice of Action. Federal inmates may appeal a decision made the Parole Commission by obtaining the appropriate forms from the Case Manager. Inmates with a District of Columbia Superior Court case cannot appeal a decision made by the Parole Commission. If granted a presumptive parole date (a parole date more than six months following the hearing), a parole progress report will be sent to the Parole Board three to six months before the parole date.

Parole may be granted to a detainer or for the purpose of deportation. The inmate should have an approved residence and an approved employer before being released on parole.

**Residential Reentry Center Placement**

Inmates who are nearing release, and who need assistance in obtaining a job, residence or other community resources, may be referred for placement at a Residential Reentry Center (RRC).

The Residential Reentry Management Regional Administrator supervises services provided to offenders housed in contract facilities and participating in specialized programs in the community. The Residential Reentry Manager (RRM) links the BOP with the U.S. Courts, other Federal agencies, State and local governments, and the community. Located strategically throughout the country, the RRM is responsible for developing and maintaining a variety of contract facilities and programs, working under the supervision of the appropriate regional administrator.

Community programs have two major emphases: residential community-based programs provided by RRCs and programs that provide intensive nonresidential supervision to offenders in the community.

**Community-Based Residential Programs**

The community-based residential programs available include both typical RRCs and work release programs provided by local detention facilities. The RRCs provide a suitable residence, structured programs, job placement and counseling while monitoring the offender’s activities. They also provide drug testing and counseling, and alcohol monitoring and treatment. While in these programs, employed offenders are required to pay subsistence to help defray the cost of their confinement. The inmate’s payment rate during RRC residence is 25 percent of the inmate’s gross income.

Most BOP community-based residential programs are provided in RRCs. These facilities contract with the BOP to provide residential correctional programs near the offender’s home community. RRCs are used primarily for three types of offenders:
Those nearing release from a BOP institution, as a transitional service while the offender is finding a job, locating a place to live, and reestablishing family ties.

Those under community supervision who need guidance and supportive services beyond what can be provided through regular supervision by U.S. Probation.

Those serving short sentences of imprisonment and terms of community confinement.

Each RRC now provides two components within one facility, a prerelease component and a community corrections component. The prerelease component assists offenders making the transition from an institutional setting to the community, or as a resource while under supervision. The community corrections component is more restrictive. Except for employment and other required activities, the offenders are required to remain at the RRC, where recreation, visiting, and other activities are provided in-house.

The other option for community-based residential programming is local detention facilities. Some local jails and detention centers are used to confine offenders serving short sentences. Many have work release programs where an offender is employed in the community during the day and returns to the institution at night. These facilities may also be used for offenders sentenced to terms of intermittent confinement such as nights, weekends, or other short intervals. Some of these local facilities have work release programs similar to the community corrections component in a RRC, serving to facilitate the transition from the institution to the community.

The Adam Walsh Child Protection and Safety Act

The Adam Walsh Child Protection and Safety Act (Pub.L. 109-248) was signed into law on July 27, 2006. The legislation organizes sex offenders into 3 tiers, and mandates that Tier 3 offenders update their whereabouts every 3 months. It makes failure to register and update information a felony. It also creates a national sex offender registry and instructs each state and territory to apply identical criteria for posting offender data on the Internet (i.e., offender's name, address, date of birth, place of employment, photograph, etc.).

Conclusion

Hopefully this information will assist you during your incarceration and help clarify any concerns you may encounter. New commitments should feel free to ask any staff member for assistance, particularly unit staff. For individuals who are not yet in custody, and who have been given this publication to prepare for commitment, the BOP’s RRM or the staff at the institution to which they have been designated can help clarify any other concerns.

NOTICE TO INMATES

MALE and FEMALE staff routinely work and visit inmate housing areas
You Have the Right to be Safe from Sexually Abusive Behavior

The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harrasment. While you are incarcerated, no one has the right to pressure you to engage in sexual acts.

You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.
What Can You Do To Prevent Sexually Abusive Behavior

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- Carry yourself in a confident manner at all times. Do not permit your emotion (fear/anxiety) to be obvious to others.
- Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- Do not accept an offer from another inmate to be your protector.
- Find a staff member with whom you feel comfortable discussing your fears and concerns.
- Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- Be direct and firm if others ask you to do something you don’t want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- Stay in well lit areas of the institution.
- Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities.
- Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

What Can You Do if You Are Afraid or Feel Threatened

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted

If you become a victim of a sexually abusive behavior, you should report it immediately to staff who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault it is important to see medical staff.

BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom. Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported.
Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.

How to Report an Incident of Sexually Abusive Behavior or Sexual Harassment

It is important that you tell a staff member if you have been sexually assaulted or are being sexually harassed. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need to know basis concerning the inmate-victim’s welfare and for law enforcement or investigative purposes. There are other means to confidentiality report sexually abusive behavior or harassment if you are not comfortable talking with staff.

- **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) via email or a letter reporting the sexually abusive behavior or harassment. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

- **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.

- **Write the Office of the Inspector General (OIG) which investigates allegations of staff misconduct.** OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

  Office of the Inspector General  
  U.S. Department of Justice  
  Investigations Division  
  950 Pennsylvania Avenue, N.W.  
  Room 4706  
  Washington, D.C. 20530

E-mail OIG. You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday - Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.

Note: These e-mails:

- are untraceable at the local institution,
- are forwarded directly to OIG
- will not be saved in your e-mail ‘Sent’ list
- do not allow for a reply from OIG,
If you want to remain anonymous to the BOP, you must request it in the e-mail to OIG.

Understanding the Investigative Process - Discipline and Prosecution of Sexual Perpetrators

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings. If allegations are substantiated, sexual perpetrators will be prosecuted to the fullest extent of the law and will be administratively prosecuted through the Federal Bureau of Prisons disciplinary process.

Treatment Options and Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Contact your local Rape Crisis Center (RCC): Psychology Services can provide you with the contact information.

Furthermore, victims are encouraged to communicate with Psychology Services and maintain a strong working relationship to help them cope with problems stemming from the abuse.

Management Program for Inmate Assailants - Monitoring of Sexual Perpetrators

Those who sexually abuse/assault others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.
