Revised February 2016

Director's Message to Inmates

As Director of the Federal Bureau of Prisons, it is my responsibility to ensure the safety, security and good order of all 117 prisons, 38,000 staff, and 217,000 inmates. It is also my responsibility to provide you opportunities for self-improvement. In this message, I will explain some of the ways I intend to carry out my duties and also explain my expectations for how you carry out your responsibilities.

Over the past few weeks, I have reminded all staff of the BOP’s core values: respect, integrity and correctional excellence. This means that everyone is to be treated with dignity and respect: staff, inmates, visitors, and members of the public. You are expected to demonstrate respect as well, to staff, to your fellow inmates and to the rules in place at the prison. You may want to reread the inmate rights and responsibilities information to be sure you are familiar with the expectations we have for you. Inmates who disrespect the rules by engaging in prohibited activities (especially the most serious prohibited acts including possession of intoxicants, weapons, or other contraband) pose a serious threat to the safety and security of the institution and will be subjected to disciplinary action. Participation in any type of gang activity will not be tolerated. In an attempt to ensure the environment is safe for all, inmates who participate in behavior which disrupts the orderly running of the institution may be considered for institutions with greater controls, such as higher security facilities or special management units. You are expected to behave responsibly and to live peacefully with other inmates, regardless of their background or culture.

Nearly all of you will release from prison one day and return to the community. We want you to be prepared to be a productive, law-abiding member of society. Accordingly, we will help you make the best possible use of your time in prison to learn skills, get treatment, build a resume, etc. Regardless of how many days, months, or years you may have time to serve, it is critical that you begin your preparation for reentry today! Ideally, preparation for reentry begins on the first day of incarceration. The Bureau of Prisons has developed tools to identify your needs and programs to address these needs, in the areas of education, work, recreation, health services, psychology, religious services, and more. The career resource centers at every institution can help you in many ways, and the full-time Mentor Coordinators can connect you with mentors while incarcerated who can continue to assist you after release. Staff can and will assist you to get on the path to a successful community reentry, but you must accept
responsibility for your own future; you must work hard at the programs recommended for you and make every effort to prepare for release.

The staff of the BOP understands that incarceration can be a difficult experience and that some inmates are overwhelmed by feelings of hopelessness. If you or someone you know is feeling or talking about a sense of hopelessness or suicide, please bring this to the attention of a staff member as soon as possible; the staff are there to help you. Seeking help is a sign of your strength and determination to prevail. Helping yourself or a fellow inmate in a time of crisis is the right thing to do.

Another area of concern to me is sexual assault. If you are being threatened or pressured to engage in sexual behaviors, or are fearful about being sexually assaulted, please discuss your concerns with staff as soon as possible. We take all allegations of sexual abuse or sexual assault very seriously, and are committed to providing assistance to any victims. Please help us prevent this type of incident from occurring by identifying problematic circumstances or perpetrators so we can take appropriate action.

It is my hope that you use your term of incarceration to acquire the skills needed to live successfully in the community. We are here to help you prepare to successfully release from prison and become a productive citizen. Take advantage of the many programs that are available; get help in overcoming problems you have faced; improve skills you have acquired previously; strengthen your spiritual or religious connection. I challenge each of you to use each day to make a positive difference, whether it is for one another, the staff who work with you, your families, or communities.

**INTRODUCTION**

The Federal Correctional Institution at Jesup, Georgia, has a medium security facility that houses approximately 1100 adult male inmates, a satellite low facility that houses approximately 650 adult male inmates, and a minimum security facility that houses approximately 150 adult male inmates.

The purpose of this handbook is to provide newly arrived inmates with general information regarding rules and regulations, as well as, inmate programs at FCI, FSL, and FPC Jesup. Additional information will be made available during the institution’s Admission and Orientation Program. The material in this handbook will assist inmates in understanding what they will encounter when they enter prison, and assist them in their initial adjustment to institution life.

The Warden is the final authority on all matters within the institution. Her decisions are based upon policies established by the Federal Bureau of Prisons. While the Warden is responsible for the operation of the institution, certain duties and responsibilities are delegated to other staff. The Warden encourages open communication between staff and inmates. Inmates will find various executive and managerial staff visiting, housing,
work, and leisure areas to promote a spontaneous and relaxed conversation. Appropriate channels should be exhausted before requesting assistance from the Warden. If after having spoken with each member in the chain of command, your problem has not been solved, you may send an "Inmate Request to Staff Member," briefly describing your request, to the Warden. Requests to staff members shall be answered within five (5) working days, if possible.

**ADMISSION AND ORIENTATION**

Upon commitment and for the first few days of your stay at the institution, you will be assigned to the Admission and Orientation (A&O) Program. Inmates are provided a copy of this handbook during the screening process, which includes the rules and regulations and your rights and responsibilities.

While in A&O, you will learn about the programs, services, policies and procedures regarding this facility. Also, you will hear lectures from staff regarding various programs and departments. **You must have your identification card in your possession at all times.**

**UNIT MANAGEMENT**

**HOUSING UNITS**

Upon arrival, you will be assigned a permanent housing unit. The housing units consist of two wings in each housing unit and are designed to house inmates utilizing two-man, and three man cells at the FCI, two-man and three-man cubicles at the FSL, and two-man and three-man cubicles at the FPC. The three-man cells/cubicles are designed to temporarily house new inmates and inmates who refuse institution programs. All rules and regulations are uniform in each unit. Inmate programs vary in the Special Housing Unit. The units are identified as General Population; therefore, inmates assigned to the units are involved in a wide variety of programs, work details, education classes, etc.; however, since the FPC is described as “work camp” inmates are involved in a wide variety of work details. It is your responsibility to check your living area immediately after being assigned and report any/all damage to a correctional officer or your unit Counselor. An inmate may be held financially liable for any damage found in his personal living area.

Each unit team will ordinarily be staffed with the following:

**FCI/FSL:**
1 - Unit Manager
2 - Case Managers
2 - Correctional Counselors
1 - Unit Secretary

**FPC:**
1 - Unit Manager
1 - Case Manager
1 - Correctional Counselor
1 - Unit Secretary
Unit staff are available normally from 7:30 a.m. to 9:00 p.m. Monday through Friday, and from 7:30 a.m. to 4:00 p.m. on Saturdays, Sundays and holidays. The unit staff schedule is posted on the inmate bulletin boards.

UNIT TEAM

Bureau of Prisons institutions utilize the unit management concept. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for those inmates living in that unit. The Unit Staff Offices are located in the units so staff and inmates can be accessible to one another. When available, the Staff Psychologist, Education Advisor and Unit officer will participate with the Unit Team and be considered as unit staff.

UNIT MANAGER

Each housing unit at FCI/FSL/FPC Jesup has a Unit Manager as an Administrator. He/she is responsible for the total supervision of the unit, as well as the planning, development and implementation of programs designed to meet the particular needs of each inmate in the unit. The Unit Manager supervises all unit staff and is responsible for consulting with staff and inmates concerning any problems which may arise.

CASE MANAGER

The Case Manager is responsible for all professional case work regarding inmates assigned to the unit, such as preparation of classification material, progress reports, parole hearings, material for transfers, release preparation and admission and orientation functions. The Case Manager also assists inmates in organizing an institutional program plan. The case manager is under direct supervision of the Unit Manager.

COUNSELOR

The Correctional Counselor has the important function of keeping the unit team advised of your progress regarding your assigned programs. The Counselor will attempt to help you with your personal issues and concerns. He/she works along side the Case Manager and Unit Manager in establishing goals. Inmates are encouraged to communicate with the Counselor on a regular basis in order to provide clarification on issues or to solve problems one may encounter. Counselors report to the Unit Manager and are responsible for the visiting lists and overall sanitation issues.

UNIT SECRETARY
The Unit Secretary is responsible for all secretarial and related work generated by unit staff. The Secretary is under the direct supervision of the Unit Manager.

UNIT OFFICERS

The Unit Officers have direct responsibility for the day-to-day supervision of inmates, and also enforce the rules and regulations of the institution. They are responsible for the safety, security and sanitation in the unit. Unit Officers are in daily contact with inmates in the units and are encouraged to establish professional relationships with them, as long as such interaction does not interfere with their primary duties. Unit Officers are jointly supervised by the Unit Manager and the Captain during his/her unit assignment.

INMATE FINANCIAL RESPONSIBILITY PROGRAM

The Bureau of Prisons strongly encourages inmates to satisfy their financial obligations; i.e., special assessments, court ordered restitution, fines and court costs, judgments in favor of the United States, other debts owed to the United States, and other court ordered obligations. As part of the initial classification process, Correctional Counselors will provide you with an opportunity to develop a financial plan to satisfy these obligations. During subsequent program reviews, your unit team will consider your effort to meet these financial obligations. Your effort will be an indicator of your willingness and responsibility to meet your financial obligations. You should make every effort to satisfy your financial obligations by paying the maximum amount. You may make single payments or repetitive payments to satisfy your debt. Refusal to participate in the financial responsibility program is a factor which will be assessed in considering your responsibility relating to your custody classification, but will not be the only determining factor within this category. You may use outside resources, as well as institutional earnings, to satisfy these obligations.

WORK ASSIGNMENTS

All inmates who have completed Institution A & O and have been cleared by the Medical Department as medically able, will be required to work and maintain a regular job assignment. These work assignments provide an excellent opportunity for an inmate to learn skills and positive work habits. Exceptional work performance and productive participation in programs may be recognized through the performance pay program and the award of meritorious good time. Many job assignments are controlled through a performance pay system, which provides monetary payment for work. The pay grades available are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Pay Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade 1</td>
<td>$0.40 per hour</td>
</tr>
<tr>
<td>Grade 2</td>
<td>$0.29 per hour</td>
</tr>
<tr>
<td>Grade 3</td>
<td>$0.17 per hour</td>
</tr>
</tbody>
</table>
Grade 4  $0.12 per hour
Maintenance Pay  $5.25 per month

Federal Prison Industries (UNICOR) has a separate pay scale. Unit staff will approve or disapprove all job changes and ensure these changes are posted on the daily change sheet. Any requests for a job change are done during your unit team meeting, which is normally every six months. Inmates desiring a change in jobs should submit an "Inmate Request to Staff Member" form signed by the present work supervisor releasing him from his job, as well as, the prospective supervisor accepting him. However, all job assignments will ultimately be based on institution need.

Institutional maintenance jobs are usually the first assignment an inmate receives. This may include food service work, unit orderly, or maintenance positions. In addition, inmates who have not met the educational requirements and have not received a General Equivalency Diploma (G.E.D.) may not be promoted past grade 4 pay. All inmates are encouraged to obtain their GED and to participate in other educational programs.

Inmates receiving performance pay who have committed a 100 or 200 level incident report for a Drug or Alcohol related prohibited act will automatically have their performance pay reduced to the maintenance pay level, and will be removed from any assigned work detail outside the secure perimeter of the institution. This reduction to maintenance pay level, and the removal from their assigned work detail outside the secure perimeter of the institution, will ordinarily remain in effect for one year, unless otherwise authorized by the Warden.

DRESS CODE

During the regular work week, Monday through Friday, 7:30am until 4:00pm, all inmates will be required to be in the full institutional uniform., i.e. khaki trousers, khaki shirt, and belt. SMOKING AREAS

FCI Jesup is a smoke free facility and does not permit smoking by the inmate population. Inmates in violation of this policy will face disciplinary action.

TELEPHONES

All telephones are subject to monitoring and recording, with the exception of a properly placed and authorized legal telephone call. The telephones are located in the housing units at the FCI/FPC, and directly outside of the housing units at the FSL, and are designed for direct dialing and collect call access. Inmates are responsible for paying the cost of their own telephone calls by purchasing ITS credits through the inmate phone system. All telephone calls placed must be to individuals on your approved telephone list. Lists will be compiled through the TRULINCS system and contain up to thirty (30) telephone numbers.

Inmates needing to make an unmonitored attorney telephone call will request approval from the Unit Manager by submitting an Inmate Request for a Legal Telephone Call form, which shall include the name, telephone number, date and time of the requested call, and indicate why other means of communication are not feasible. Phone calls to an attorney will be made COLLECT ONLY. It is your responsibility to ensure your attorney’s phone system is set up to accept collect calls.

Telephones will be available between the hours of 6:00am to 9:30pm daily, with the exception of institution counts. There will be no forming of lines or congestion in the phone area as consideration should be given to other inmates who are waiting to use the phones. Use of the telephones will not interfere with work schedules, counts or other programs. It is prohibited to use a telephone in any housing unit which is not your assigned living quarters. The television rooms are closed for cleaning daily, Monday through Friday, from the 7:40am work call until after the lunch meal. All common area TV’s will be turned off during periods of unit sanitation. Television viewing is considered a privilege and the Unit Manager has the authority to modify television viewing hours.

The doors of the television rooms must remain closed at all times. All inmates will be counted in their assigned cells/cubicles during all official counts, including the 10:00 p.m. count. As well, lights will remain on at ALL TIMES. If at any time light fixtures are covered or altered in any way, the TV room will be closed until the Warden authorizes it to be reopened.

TOWN HALL MEETINGS

Town hall meetings are held periodically in each unit. Announcements and changes in policies and procedures of the unit will be discussed. Inmates are encouraged to ask pertinent questions of staff and guest speakers. These questions should pertain to the Unit as a whole, rather than personal questions or problems. Personal problems will be resolved by unit team members during regular working hours, which are posted in each unit.

UNIT ACTIVITIES

FCI: Table games are permitted in the common area of the housing unit from 12:00pm until 9:45 p.m. Inmates should be aware the unit telephones are in close proximity, and

**PERSONAL PROPERTY**

All inmate personal property must be stored in the inmate’s personal locker. Five (5) personal or educational books are allowed to be maintained only on top of your room desk. Personal property is defined as the property outlined within Bureau policy and the FCI Jesup Institution Supplement on Inmate Personal Property.

**RADIOS**

Radios are to be played with earphones only. Only Walkman type radios or MP3 players purchased through the Commissary are permitted. **Headphones/earplugs will not be worn on the compound.**
All inmates are required to use mailing labels for all outgoing mail. Special Housing inmates are exempt from the mailing label program.

FCI: All outgoing general correspondence will be placed in the mailboxes located in the housing units. General correspondence should be left unsealed as it will be screened by staff.

FSL: All outgoing general correspondence will be placed in the mailboxes located in the housing units.

FPC: All outgoing general correspondence will be placed in the mailbox located on the right side of the main doors of the Food Service/Multi-Purpose Room. All correspondence for staff should be placed in the mailbox. Stamps are not allowed to be sent in with incoming mail.

Inmates must deliver their own outgoing legal/special mail directly to the CSO Department. FCI mail room staff will receive legal/special mail during open house hours Tuesday through Thursday from 11:00am until 15 minutes after mainline closes, as well as, on Monday and Friday of each week during work call. FSL mail room staff will receive legal/special mail Monday through Friday from 7:30am to 8:00am. And finally, FPC mail room staff will receive legal/special mail Monday through Friday from 7:15am until 7:30am. Staff receiving the legal/special mail must immediately confirm that the inmate delivering it is the same inmate reflected in the return address. Inmates may seal their legal/special mail before submitting it directly to staff.

Outgoing mail for inmates in the Special Housing Unit will be left unsealed and given to the Special Housing Officer. The mail from the Special Housing Unit is delivered to the mail room daily for processing. Outgoing legal/special mail submitted without an accurate return address will not be processed, but rather returned immediately to the inmate. Inmates attempting to send outgoing legal/special mail under another inmate’s return address could face disciplinary action.

Outgoing legal/special mail weighing 16 ounces or more will be processed as a package. This will require the use of Form BP-329, Request - Authorization to Mail Inmate Package. Inmates may seal their outgoing legal/special mail before submitting directly to the counselor or other available unit team members. All outgoing legal/special mail is subject to scanning by electronic means, i.e. x-ray, metal detector, and ion spectrometry devices. Inspection of sealed outgoing legal/special mail by these
methods may occur outside the inmate’s presence. The mail will not be opened unless contraband is apparent during the electronic scanning process. Electronic scanning is the sole purpose of identifying harmful materials, and cannot be used to read or review the content of the outgoing legal/special mail communication. Confiscated outgoing legal/special mail should not be read by staff, and inmates must be informed as soon as possible of its disposition.

You may mail certified correspondence and weigh oversized envelopes, etc., at the mailroom, Tuesday and Thursday only, between 11:00 a.m. and 15 minutes after the close of the noon meal, excluding holidays. Problems concerning the mail room may be addressed by utilizing an "Inmate Request to Staff Member” or attending the Mail Room Open House on Tuesday and Thursday only, from 11:00 a.m. to 15 minutes after the close of the noon meal. You may be subject to disciplinary action for violating the mail procedures.

At all Bureau institutions, an inmate may receive hardcover publications and newspapers, but only from the publisher, a book club, or from a bookstore. The sender’s address shall be clearly identified on the outside of the package.

At medium security, high security, and administrative institutions, an inmate may receive soft-cover publications (for example, paperback books, newspaper clippings, magazines, and other similar items) only from the publisher, a book club, or from a bookstore. At minimum security and low security institutions, an inmate may receive soft-cover publications (other than newspapers) from any source.

Inmate to inmate correspondence (including Federal, State, Local and Half-Way facilities) is prohibited unless it is authorized in writing. Permission to correspond may be initiated through the Unit Team and is usually limited to immediate family members and co-defendants with on-going litigation.

Inmate packages are usually limited to the receipt of release clothing and must be approved in advance. You may initiate package authorizations through your Unit Team. The address at this facility is as follows:

Your committed name
Registration Number, Housing Unit
Federal Correctional Institution
2680 Highway 301 South
Jesup, Georgia 31599

RECEIVING AND DISCHARGE

Receiving and Discharge (R&D), is out of bounds unless you have been specifically called for or placed on Call-Out. Problems concerning R & D can be resolved by submitting an "Inmate Request to Staff Member” or attending Open House, Tuesday
and Thursday only, from 11:00 a.m. to 15 minutes after closure of the noon meal. Commissary Cards will be made only during Open House hours.

RECORDS OFFICE

The Records office is out of bounds unless you have been specifically called for or placed on Call-Out. Individual commitments (except for violators) will usually receive a sentence computation within 30 days of arrival. Inmates who have transferred from other Bureau facilities will not receive a new sentence computation. Inmates requesting an additional copy of their sentence computation may request one from their Unit Team. Questions concerning the Records office may be addressed by using an "Inmate Request to Staff Member" or by attending the Records Office Open House for FCI inmates only on Wednesday’s from 11:00 a.m. to 15 minutes after closure of the noon meal. FSL inmates can attend the Records Office Open House on Wednesday’s from 10:30 a.m. to 15 minutes from the closer of the noon meal. Inmates at the FPC will address concerns using an Inmate Request to Staff or by seeing the CMC during the noon meal on Friday. Additionally, Electronic Inmate Requests to Staff are accepted at all three institutions and should be forwarded to the Correctional Systems Office mail box.

INMATE PERSONAL PROPERTY

Authorized personal property is listed in the Institutional Supplement, Inmate Personal Property.

RADIOS/MP3 PLAYER AND WATCHES

You may not own or possess more than one approved radio, MP3 Player and/or watch at any one time. Proof of ownership, through appropriate property receipts, will be required. Radios and watches may not have a value exceeding locally established limits, usually in the $50.00 range. Radios with a working tape recorder and/or tape player are not authorized. Only Walkman type radios are permitted, and headphones are required at all times. While an inmate is in holdover status, he may not purchase, own or possess a radio or watch. You may not give or receive any items of value to or from another inmate, i.e., radio, watch, sneakers, and Commissary items.

ATTORNEY VISITS

Attorneys should ordinarily make advance appointments for each visit. Attorneys are encouraged to visit during regular visiting hours. However, visits from attorneys can be arranged at other times, based on the circumstances of each case and the availability of staff. Attorney visits will be subject to visual monitoring but not audio monitoring.

INMATE SERVICES
RECEIPT OF FUNDS

The Federal Bureau of Prisons centralized the processing of all incoming inmate funds. This required the establishment of a National Lockbox location. As of October 27, 2004, all funds sent to inmates at FCI/FSL/FPC Jesup are required to be sent to the National Lockbox location at the following address:

Federal Bureau of Prisons
Inmate Name & Register Number
Post Office Box 474701
Des Moines, Iowa 50947-0001
Customer Service: 1-800-238-5772

The institution mail room at FCI Jesup will not accept funds received from outside the institution. Any funds received will be returned to the sender with specific directions on how to send the funds to the National Lockbox. It is the inmate’s responsibility to notify all persons who send inmate funds the location and address of the National Lockbox. Advise them of the following:

■ DO NOT enclose personal checks, letters, pictures or any other items in the envelope. Enclose only the allowable negotiable instrument. The National Lockbox cannot forward any items enclosed with the negotiable instrument to the inmate. Personal items must be mailed directly to the Bureau of Prisons’ institution where the inmate is housed.

■ They must have the inmate’s committed name (no nicknames) and register number printed on all money orders; U.S. Treasury, state, or local government checks; foreign negotiable instruments payable in U.S. currency; and envelopes.

■ Include their name and return address in the upper left hand corner of the envelope to ensure their funds can be returned to them in the event the funds cannot be posted to the inmate’s account.

WITHDRAWAL OF FUNDS

All requests for withdrawal of your personal funds will be completed via TruLincs and signed off on in front of a staff member designated for this purpose. You must sign the withdrawal form in ink. The designated staff member will then forward the completed withdrawal form to the appropriate approving official. Once approved, it will be delivered to Business Office for processing.

COMMISSARY

To eliminate confusion in determining when inmates should report to the Commissary
and their designated day, the following procedures will be used. The Commissary system utilizes the last two (2) numbers of the 5 digit registration number to determine the day and time you will be authorized to shop. For example, if the inmate register number is 8 5 2 6 2 - 1 3 2, then 62 will be the number utilized to determine which day and time an inmate will go to commissary. NOTE – Commissary schedules will be rotated every other quarter, every six months. The shopping schedules are as follows:

*NOTE:* If you have a problem in determining which day you are authorized to shop, ask a staff member for assistance or visit the Commissary.

If you should lose or misplace your Commissary card, you should notify your unit team as soon as possible. Other concerns regarding the Commissary operations are as follows:

- These procedures are implemented to alleviate long lines in the Commissary and provide equal access for all inmates. Therefore, you may shop at the Commissary Sales Unit only on your authorized day. Inmates are allowed to shop only one time per week. Any other inmate in this area will be considered "out of bounds" and an incident report may be issued. Again, if you are not sure about the procedure, ask a staff member for assistance.

- Each inmate must have his commissary list completed, possess his Inmate Identification Card, and have his nylon commissary shopping bag with him prior to entering the sales unit. The list shall include name, registration number, and identification of the items wishing to be purchased. Once you have submitted your list to the sales unit, you must remain in the sales unit until your name is called. Inmates must present their inmate account card to the Commissary Staff member when making a purchase. If an inmate is not present when his name is called, he will not be permitted to shop until his next scheduled sales day.
Further, there will be no add-ons after the list has been turned in. All sales are final. No refunds or exchanges are authorized. **You must examine your sales slip carefully before signing it and exiting the sales window.** Inmates may purchase the following items in limited quantities:

- Ice cream: 1 container, any combination
- Stamps: 1 book of stamps
- Copy Cards: 3 cards

The cost of the debit card for the copying machine is $6.50.

A Commissary Committee has been established at FCI and FSL Jesup. The committee consists of safety, correctional services, trust fund, medical, and religious services. Every inmate has a voice on the committee by putting in a cop-out or sending an e-mail to the trust fund box with an item for consideration at next scheduled commissary meeting.

**HOLIDAYS**

Under normal circumstances, Commissary is closed on each holiday. In the event commissary is closed, a revised schedule will be posted on the electronic bulletin board prior to the holiday.

**ATHLETIC SHOES**

An inmate request to staff or electronic cop-out must be sent to Trust Fund requesting the size and style of the shoe to be purchased. When the shoe has arrived, you may purchase your shoes on your regularly scheduled shopping day.

**SCHEDULED DAYS AND HOURS OF OPERATION**

Refer to the posted hours of operations at the commissary.

**SPECIAL HOUSING UNIT SALES**

Approved Commissary lists will be given to inmates in the Special Housing Unit (SHU) by the SHU Officers on each Thursday of the week. On Monday morning, Commissary staff will pick up the completed order forms along with your Commissary cards. Commissary will be distributed on Monday afternoon.

**SPENDING LIMITS**
You are permitted to spend the approved Bureau of Prisons limit which is currently $160.00 per bi-weekly. Stamps and medication are not included in the $160.00 limitation. Coins are not sold at Jesup. Debit cards are used in place of coins for the coping machines. A maximum of $13.00 of these debit card sales can be purchased each week.

**REVALIDATION**

The spending limit is reset on the 1st and 15 of each month.

The Commissary Sales Unit will be closed for inventory the last week of December, March, June, and September. A calendar is posted on the electronic bulletin board indicating the shopping schedule.

**SPECIAL PURCHASE ORDERS**

It is not practical to stock all approved items of a special nature in the Trust Fund Sales Unit, such as books and athletic equipment. Requests for the purchase of these items will be authorized on an individual basis and shall be coordinated through the appropriate Department. Special Purpose Orders will not be used to purchase athletic shoes as indicated previously. All special purpose orders with a unit cost of $100.00 or more must be approved by the Warden. Any item the vendor is unable to ship, for whatever reason (out-of-stock, wrong color, etc.) will not be back ordered. When this occurs, the order will be cancelled and the funds returned to you with a notification of action.

**INMATE TELEPHONE SYSTEM**

Shortly after your arrival, a Phone Access Code (PAC) will be issued along with dialing instructions. Your PAC will be issued to you in a confidential manner, and you are responsible for the security of your PAC. **You should never share your PAC with another inmate, as you are personally responsible for its use, or misuse.** If you feel your PAC has been compromised, you should take action to get your PAC changed through your Unit Team. The charge for replacement of a PAC is $5.00.

Collect calls are authorized. You can call collect or debit up to 300 minutes per calendar month. Telephone calls placed on the unit telephones will be placed direct, using money transferred from an inmates’ Commissary account to ITS credits.

All inmates are required to register in the TruFone System using their first and last name.

CORRECTIONAL SERVICES

ALCOHOL DETECTION/DRUG SURVEILLANCE

A program for alcohol and drug surveillance is in effect at all institutions. Random samples of the inmate population are tested on a routine basis, as well as, those who are suspected of alcohol or drug use. A positive test and/or a refusal to submit to a test will result in disciplinary action.

CONTRABAND

Contraband is defined as any item not authorized for retention and was not issued by the institution, received through approved channels, or purchased through the Commissary. In addition, any authorized or unauthorized item that has been altered from its original state is also considered to be contraband. Any item in an inmate's personal possession must be authorized, and a record of the receipt of the item should be kept in the inmate’s possession. You may not purchase or receive radios or any other items from another inmate. Items received in this manner are considered contraband and will be confiscated. Altering or damaging Government property is considered a violation of institutional rules. Any cost incurred due to the damage could be levied against the inmate.

COUNT PROCEDURES
Official counts are conducted at 12:00am, 3:00am, 5:00am, 4:00pm, and 10:00pm daily. Weekends and holidays will have an additional official count at 10:00am. When the unit officer calls count, you will go immediately to your room, and remain there until the unit count has been completed. The 4:00pm, 10:00pm, and 10:00am counts on weekends and holidays are stand up counts which requires each inmate to stand by his bed. Make certain that you do not disrupt the count as it affects the activities of everyone housed in the institution and may subject you to disciplinary action. Inmates will be secured in their cells for the 10:00pm and the 12:00am counts.

Out counts are authorized for Food Service, Clothing, UNICOR, etc. If you are assigned to a detail during the official count, you will follow the detail officer's instructions and proceed to a designated area for count.

MOVEMENT

FCI: FCI Jesup operates on a controlled movement system seven days a week. Ten minute open movements are conducted every hour on the half hour.

FSL/FPC: There are no controlled movements at the FSL or FPC. Movement is prohibited during all counts or during other times as indicated by staff. Any unauthorized departure from the grounds, or assigned area is considered an escape.

DISCIPLINE

The inmate discipline program is designed to be efficient, to protect an individual's rights, and to provide a fair hearing. Informal resolutions of incident reports involving violations of institution rules are encouraged. When a staff member has a reasonable belief that an institution rule has been violated, the staff member may write an incident report. To facilitate due process of all inmate incident reports, there is a Unit Discipline Committee (UDC) and a Discipline Hearing Officer (DHO). The UDC, composed of unit team staff members, attempts to resolve violations in the initial hearing phase. After a guilty finding of a prohibited act has been committed, the UDC will impose sanctions. This may include restrictions of certain activities, imposition of extra duty, restriction to the unit, and/or other minor sanctions consistent with policy. The UDC may choose to refer the incident report to the DHO. If your case is referred to the DHO, you may request a staff member to represent you. The DHO, upon finding that you have committed a prohibited act, may impose sanctions consistent with Bureau of Prisons policy. These sanctions may be suspended pending a specified time period of clear conduct.

An incident report for which an inmate is found to have committed the prohibited act
may affect community program participation for a specified period of time.

A summary of the disciplinary process, including the time limits involved; a list of inmate's rights and responsibilities; prohibited acts and disciplinary severity scale; a list of sanctions and severity of prohibited acts; and eligibility for restoration of withheld/forfeited statutory good time are incorporated in this handbook.

**INMATE ACCOUNTABILITY**

FCI Jesup utilizes controlled movement in order to maintain inmate accountability. During the regular work week, an institution census is conducted in the morning and afternoon to ensure all inmates are in their assigned work area.

**SHAKEDOWNS**

Any staff member may search an inmate's room to retrieve contraband or stolen property. Inmates will not be present when rooms are searched. These inspections may be unannounced and at random intervals. Staff may search an inmate at any time to control the flow of contraband and to maintain the security and orderly running of the institution.

Dental sick call sign-up forms can be turned in at any time during regular sick call sign up times.

All newly committed inmates arriving at the institution will receive a routine dental examination, if not already completed at another institution. In order to receive routine dental care or cleaning, you must submit an electronic cop-out to the Dental Clinic, at which time, you will be placed on the waiting list.
If you should develop a "dental emergency", inform your detail supervisor or unit officer and arrangements will be made to have you medically evaluated.

**HIV:**

There is an increased personal risk factor of being exposed to the Human Immunodeficiency Virus by participating in behavior such as IV drug use, tattooing, or homosexual behavior. You are discouraged from engaging in such activities. All inmates who have engaged in any of these high risk behaviors are encouraged to have an HIV test performed. This can be requested during clinical encounters or via an electronic cop out.

**MEDICAL RECORDS REVIEW OR COPIES:**

Any inmate wishing to review or have copies made of his medical record should submit an electronic cop-out to the Medical Records Office. You will be advised of any other action that you must take or the time frame in which this will occur. You will be placed on call-out to receive copies of your medical records.

**MISCELLANEOUS INFORMATION:**

Advance Directives and "Do Not Resuscitate (DNR) Orders" - Increasingly, inmates and health care providers are confronted with difficult and sensitive decisions regarding health care, including the decision to have extraordinary means of care and life support withheld or withdrawn in cases of a terminal condition or irreversible illness.

- Inmates may direct staff to withhold or withdraw medical treatment, in advance, when recovery or cure is not possible.

- Inmates may appoint, in advance, proxy decision makers who will make critical health care decisions for them should they become incapacitated and unable to make such decisions for themselves.

The patient's right to refuse medical treatment is not absolute and, in all cases, will be weighed against legitimate governmental interests, including the security and orderly operation of correctional institutions. To protect the interests of both the inmate and the Government, the Government may, in some cases, seek judicial or administrative review of the declaration in an Advance Directive.

Inmates must submit an Inmate to Staff Request to the Health Services Administrator regarding additional information and assistance, in order to properly complete the required documentation in order to be in compliance with Bureau of Prisons Policy and State of Georgia laws.
**Eyeglasses** - The Bureau will furnish prescription eyeglasses to any inmate requiring them, as documented through a professional prescription. Federal Prison Industries, FCI Butner, NC, is the only approved vendor at the Government expense.

Inmates may purchase reading glasses at commissaries who stock them. If approved, inmates may retain their eyeglasses during admission to the facility.

**Contact Lenses** - Contact lenses will only be prescribed when medically indicated per Bureau Policy. Health Services staff will evaluate sentenced inmates arriving at an institution with contact lenses and refer them to a Bureau/ Contract Optometrist or to an Ophthalmologist in order to determine whether they may retain their lenses. Unless contact lenses are medically necessary, inmates are required obtain eyeglasses made by UNICOR. Once the glasses have been received, the contact lenses must be returned to the inmate’s personal property and mailed home.

**Exposure to Blood borne Pathogens** - Inmates exposed to another person’s blood or body fluids need to report to the nearest staff member immediately, so that they can be assessed and provided medical treatment by Health Services, if clinically indicated.

**Hearing Aids** - Hearing aids can be justified if the inmate’s condition meets the Bureau of Prison guidelines. The Clinical Director, in consultation with an audiologist or otolaryngologist, will determine if hearing aids are medically necessary.

The Health Services Administrator will ensure batteries are available for inmates with hearing aids. If an inmate brings a personal hearing aid into the institution, after verification, he will be allowed to keep it. However, the inmate may not purchase a personal hearing aid once committed to an institution.

**Grievance Resolution Process** - All Inmate grievances should be addressed as per Program Statement 1330.17.

PSYCHOLOGY

PSYCHOLOGY STAFF MEMBERS

The Psychology Department consists of four psychologists (the Chief, the RDAP Coordinator and two staff Psychologists), three Drug Treatment Specialists and one Psychology Technician.

DEPARTMENT LOCATIONS AND OFFICE HOURS

The Psychology Services department is located in the Psychology/Chapel complex with offices midway between Education and Religious Services.

Psychology Services are available Monday through Friday from 7:30am until 3:30pm. Individual appointments are scheduled by call-out. Inmates are required to check the call-out daily, and if scheduled for an appointment, are required to report to the Psychology Department.

To contact the Psychology Department for services, you must: [1] Use the email or handwritten Inmate Request to Staff member (cop-out) and a response will be returned to you indicating how your request will be handled, or [2] Come by the Psychology Department during open movement. Additionally, Psychology Staff are available during Mainline.

REFERRALS

Self-Referrals - For an inmate to self-refer to the Psychology Department, they must fill out an Inmate Request to Staff (cop-out), addressed to the Psychology Department and place it in an E-mail or outgoing mailbox, or bring it to Psychology Services staff. In emergency situations, inmates should notify any staff member they require immediate attention so that staff can contact Psychology Services.

Referrals by Staff - When a staff member believes that an inmate will benefit from psychological counseling or intervention, the staff member may refer that inmate to the Psychology Services Department. Counseling is usually on a voluntary basis; however, in situations where the inmate poses a risk to himself, others, or the safety and security
of the institution, psychology staff will take steps to ensure the safety of the inmate and others.

Other Referrals - Inmates may also observe unusual behavior in other inmates that signal the need for psychological intervention. In these cases, inmates are encouraged to inform staff so that the identified individual may receive the necessary assistance.

SERVICES PROVIDED BY THE PSYCHOLOGY DEPARTMENT

Intake Screening - All inmates must complete a Psychology Services Intake Questionnaire (PSIQ) upon arrival. Inmates will be interviewed to gather information and assess their current functioning and need for programming, if necessary.

Crisis Intervention - Psychologists are available to see inmates who are experiencing acute signs of distress.

Individual Counseling - Counseling on a one-on-one basis is available for a limited number of inmates who are experiencing difficulties which can only be addressed in this manner.

Medication Management - Inmates who are prescribed a psychotropic medication will normally be required to be seen by psychology services for a periodic check-up regarding medication compliance and continued treatment needs.

Segregation Evaluations and Parole Evaluations – These evaluations are conducted when requested by staff.

Group Counseling - The Psychology Department provides evidence-based treatment groups that address special concerns faced by inmates. These groups focus on developing cognitive and social skills to address mental health problems (i.e., depression, anxiety, and Schizophrenia). Additional self-help groups may be offered by correctional counselors or community volunteers, in conjunction with Psychology Services throughout the year. These groups will be posted on the Psychology bulletin boards and on the bulletin boards in the units, when available.

DRUG ABUSE TREATMENT PROGRAMS

Drug Abuse Education - FCI, FSL & SCP Jesup have an active Drug Abuse Education Program. This program is designed to meet the needs of inmates who have used or abused drugs and alcohol prior to incarceration and whose charge resulted from drug use or abuse. Some inmates may be required to participate in the Drug Education
Program. Additionally, this program may be beneficial to those who deal with drug addicted family members or friends. Inmates interested in volunteering for Drug Abuse Education need to submit a Request to Staff Member to the Drug Abuse Programs mailbox.

Sanctions - Inmates who are required to complete Drug Education and who refuse to participate, withdraw, are expelled or otherwise fail to meet attendance and examination requirements will be held at the lowest pay grade within the institution and may be ineligible for community programs.

Non-Residential Drug Program - Non Residential Drug Treatment is available to inmates with past and/or present substance abuse problems. Inmates who have graduated from institution Residential Drug Abuse Programs will receive their required monthly institutional follow-up (formerly known as Transitional Services) through the Non-Residential Drug Abuse Treatment Program. However, inmates interested in volunteering for the Non-Residential Drug Abuse Treatment program should submit a Request to Staff Member form to the Drug Abuse Programs mailbox. When the participant successfully completes NRDAP, he may be awarded $30.00. Additionally, each Warden is strongly encouraged to approve inmates who successfully complete NRDAP for the maximum period of RRC placement.

Those inmates with insufficient time left to participate in the Residential Program and who have lengthy sentences remaining to serve are strongly encouraged to participate in order to satisfy judicial recommendations, stay busy and productive, gain insight and skills prior to entering the Residential Program, satisfy unit team and Drug Abuse Program Coordinator recommendations, and most importantly, address your problems with alcohol and/or drugs. These small volunteer groups will meet once a week for 12-24 weeks and are designed to provide introductory and basic drug abuse treatment.

Residential Drug Abuse Treatment - Residential Drug Abuse Treatment is available at selected Bureau of Prisons facilities including FSL Jesup. This program consists of individual and group activities provided by a drug abuse treatment team in a specialized housing unit. The program runs for a minimum of 500 hours over a 9 – 12 month period of time. Inmates enrolled in this program are required to complete transitional services in a community-based program and/or in a BOP institution. Inmates who meet the criteria for the program will be transferred to an institution with an RDAP.

To be eligible for this program, inmates must meet requirements for the program and have a documented drug abuse history, and a diagnosis by the DAPC of a substance abuse and/or dependence problem. Inmates interested in this program should send an Inmate Request to Staff Member to the Drug Abuse Programs mailbox.

Incentives - Certain inmates may be eligible for six-month RRC placement and a sentence reduction of up to 12 months upon the successful completion of RDAP and community transitional services. This only applies to inmates who have no violent
instant or prior offenses, and who meet eligibility requirements according to Program Statements 5330.11, and 5331.02. Additional incentives include limited financial awards (up to $40.00 per phase completion), preferred living quarters, and tangible achievement awards.

Psychology Services and Unit Management Staff do not participate in inmate transfers to other institutions for the purpose of maximizing an inmate’s early release benefits. Psychology staff make every effort to ensure that any inmate requesting drug treatment receive drug treatment appropriate to his individual needs and circumstances.

PSYCHOLOGY TREATMENT PROGRAMS

Some BOP institutions offer Psychology Treatment Programs which are similar to the Residential Drug Abuse Treatment Program but focus on different topics or issues. Examples are the Challenge Program, Sex Offender Management and Treatment Programs, the Brave Program, the Skills Program, and Habilitation Program which focus on topics such as adjustment to incarceration rational thinking, and behavior change. None of these programs are available at FCI/FSL/SCP Jesup. However, you may be eligible to transfer to another facility if you qualify for one of these programs. If you would like more information about any of these programs, please submit a cop-out to psychology services.

SUICIDE PREVENTION

It is not uncommon for people to experience depression and hopelessness while they are in jail or prison, particularly if they are newly incarcerated, are serving long sentences, are experiencing family problems or problems getting along with other inmates, or receive bad news. Sometimes, inmates consider committing suicide due to all of the losses they have suffered and pressure they are under. Staff are trained to monitor inmates for signs of suicide, and are trained to refer all concerns to the Psychology Department. However, staff do not always see what inmates see. If you are personally experiencing any of the problems noted above, PLEASE alert a staff member right away. Additionally, if you observe another inmate who appears depressed, upset, or potentially suicidal, PLEASE alert a staff member immediately. Depression is manifested as sadness, tearfulness, lack of enjoyment in usual activities, withdrawal (staying away from others, reducing or refusing phone calls/visits), feelings of worthlessness, self-reproach, or hopelessness (giving away possessions, stating “there is nothing to live for”). Your input can save a life.

SUICIDE WATCH COMPANIONS

The Psychology Department has a unique opportunity for a small number of qualified FCI inmates to act as suicide companions. These inmates will be trained by Psychology Staff in appropriate suicide watch procedures, in addition to, special training regarding interpersonal communication skills and information related to suicide
Sexual abuse prevention. Inmates interested in being interviewed for the Inmate Suicide Watch Companion Team must submit an Inmate Request to Staff to the Psychology Department.

SEXUALLY ABUSIVE BEHAVIOR PREVENTION & INTERVENTION PROGRAM

Please see the Attachment at the end of the A&O Handbook for additional information regarding your right to be safe from Sexually Abusive Behavior. The attachment addresses Prevention, Intervention, Reporting, Responding, Treatment, Policy Definitions, and Contact Information.

Inmate victims are offered the opportunity to have a qualified staff member (e.g., psychologist, health services staff, or chaplain) accompany him for support during the medical evaluation in Health Services or community facility, and during the investigation process. We are also in the process of establishing an agreement with community support services, which will provide an inmate access to outside victim advocates for emotional support services related to sexual abuse. A victim advocate might accompany the victim and provide emotional support, crisis intervention, information, and referrals. Once this agreement is reached, you will be provided contact information, as well as, information regarding the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities.

SMOKING CESSATION

There are Smoking Cessation Self Help Programs available at FCI/FSL/SCP Jesup. The program consists of both Self Help Groups and Nicotine Replacement Therapy (NRT). The program addresses both psychological and physical aspects of smoking cessation. The Smoking Cessation Self Help Groups are usually Counselor led and focus on recovery from nicotine addiction. The group incorporates information about stress management, physical activity, exercise, nutrition and nicotine replacement therapy (NRT). NRT is currently available to inmates in the form of nicotine patches.

Inmates seeking enrollment in the Smoking Cessation Self Help Group need to submit an Inmate Request for Services form to the Psychology Department. Each group will have no more than 20 participants at a time and will be scheduled according to the need and Release Preparation/Re-Entry Groups schedule.

Inmates who wish to purchase Nicotine Replacement Therapy (NRT) should need to be medically cleared in order to purchase the patches via a Request to Staff Member form. Inmates making this request will then be scheduled for an appointment in Medical Services. Inmates must obtain Medical Services approval prior to initiating use of the patches and receive medical information concerning the use and safety of the patches. Medical Services staff will provide a Medical Clearance Certificate to inmates who meet the health requirements to use NRT. Inmates must present an original Certificate (no
photocopies) to Commissary staff in order to purchase patches. Commissary staff are
authorized to sell one, two-week supply of NRT, in the dosage amounts and according
to the time limits noted by Medical staff on the Medical Clearance Certificate.

EDUCATION SERVICES

The Bureau of Prisons requires that inmates confined in a Federal Correctional
Institution who do not have a General Education Development (GED) or a high school
diploma must make an effort to obtain their GEDs while incarcerated. (Program
Statement 5350.28, dated December 1, 2003.)

The 1994 Violent Crime Control and Law Enforcement Act (P.L. 103-32) mandates that
an inmate, with a date of offense on or after September 13, 1994 but before April 26,
1996, lacking a high school credential, must participate and make satisfactory progress
in the literacy program in order to vest earned Good Conduct Time (GCT). The 1995
Prison Litigation Reform Act (P.L.104-134, April 24, 1996) provides that in making GCT
awards, the Bureau shall consider whether inmates have earned or are making
satisfactory progress towards attainment of a GED credential. The incentive awards
include the following:

- Twenty-five dollars will be awarded to the students completing the GED and/or
  the ESL program. Inmates in FRP refusal status, at the time of the completion,
  will forfeit the incentive. In the event of budgetary constraints, other
  consumables may be awarded.

- Students completing Pre-GED at the 8th grade level, as measured by the Adult
  Basic Education Test or the Adult Basic Level Examination, may receive a cash
  award, consumable or certificate as an incentive. Inmates completing the Life
  Skills program are also eligible for an incentive.

GED/ESL

An awards ceremony will be scheduled annually. Certificates will be awarded for the
completion of programs and special achievements. The student with the highest GED
score will be recognized during Graduation. Student of the Month will be selected
monthly, and will have their names posted in the hallway of the Education Department
for the month identified. Nominees for the award will be made monthly
to the Supervisor of Education. The decision will be based on the written recommendation of
the teacher, the student’s attitude, and behavior. This award is open to all students in
all classes. Pre-GED completions (8th grade attainment as measured by the Adult Basic
Education) may result in a $5.00 award. All inmates will be interviewed by the
Education Department Representative and those without verified documentation of a
GED or high school diploma will be scheduled for placement testing. All inmate
participants will work closely with their Education Unit Team Representative, who will
monitor each inmate’s education progress.
The GED program offered at FCI/FSL/FPC Jesup is distinguished by its strong commitment to individualized instruction and its consistently high GED pass rate. Special emphasis is placed on meeting the educational needs of each student.

English as a Second Language (ESL) is offered to facilitate the learning of English by inmates who are not English speakers. Pursuant to the Crime Control Act of 1990, 18 U.S.C. Section 3624 (f), which states inmates with limited proficiency in English who are confined in the Federal Prison System are required to attend an ESL program until they are able to function at the equivalency of the 8th grade level in recognized competency skills.

Education Services offers a variety of courses for self-improvement. Inmates may enroll, or gain specific information about any course, by speaking with the Adult Continuing Education Coordinator in the Education Department. Prior to the start of these courses, notices will be posted in the Education Department. The Commercial Driver’s License (CDL) course will teach basics skills in order to help inmates prepare to take the CDL test at the Department of Motor Vehicles upon release. The Commercial Motor Vehicle Safety Act of 1986 established standards which require commercial motor vehicle drivers to obtain a standardized Commercial Driver’s License (CDL). The Legal Research, Writing and Analysis Program is designed to examine the major components of legal research. Spanish I assists non-Spanish speaking students in learning a second language. Basic Finance is formatted to teach you how to effectively handle your money and make a budget. Resume Writing provides information on how to write a successful resume in order to assist students in obtaining employment upon release. A Mock Job Fair is conducted at least once each year as well. The Parenting Program provides inmates with practical knowledge that will meet the challenges of raising children today. Parenting classes are grouped, focused and directed toward providing inmates with insight relating to the acquisition of effective way to communicate and relate to their children and their families in general.

FCI/FSL/FPC Jesup offers a broad assortment of college correspondence courses to the inmate population. Inmates must have their courses approved through the Supervisor of Education and the ACE Coordinator before enrollment. The College Coordinator has available literature and course catalogs from several accredited colleges that define course offerings and cost. The Education Department provides proctoring services. The Apprenticeship Program is registered with the United States Department of Labor. Apprenticeship training is learning a skill under a journeyman. The length of training varies in hours (2,000 - 8,000 hours) depending on the type of program. This training can be satisfied through classroom instruction, correspondence courses, ACE courses, and technical instruction through a supervisor that has been approved by the Supervisor of Education.

Altamaha Technical College (ATC), through the FCI/FSL Jesup Education Department, offers a wide variety of educational courses designed to develop academic and
occupational skills. Two types of credentials are available, offering either a diploma, or a certificate upon completion of these programs. The FCI offers Commercial Wiring, Air Conditioning Technology (HVAC), and Information Technology. These courses require a High School Diploma or a GED in order to participate in these programs. The FSL offers a certificate for Information Technology.

Library Services are available at FCI/FSL/FPC locations. A variety of reading materials, magazines, newspapers, and media are available for inmate use. An interlibrary-loan program is also available through the local public library. Inmates borrowing books through this program are financially responsible for the materials borrowed. The law library is located in the Education Department and contains a variety of legal reference materials for use in preparing legal papers. Typewriters and the Electronic Law Library are also offered for inmate use in the library area. An inmate law library clerk is available for assistance with legal research. Leisure reading materials and the Electronic Law Library are provided to inmates housed in the Special Housing Unit. Additional materials may be requested via Inmate Request to Staff. The library hours of operation are posted at each facility and include evening and weekend hours.

The Recreation Department runs intramural sports activities for the general population.

Art and Hobby Craft items will not be allowed in your unit room, with the exception of basic art supplies which includes approved pens, pencils, drawing paper, etc. Upon the completion of a hobby Craft item, the item MUST be mailed out of the institution to someone on your approved visiting list at your expense and in accordance with posted standards.

Musical Instruments - With the exception of harmonicas, no musical instrument will be
permitted in the unit. However, a band room and individual instruments are available for scheduling or check out.

**Holiday Activities** – For all federal holidays, recreation organizes activities for your participation.

**NOTE** – All recreational activities are posted on housing unit bulletin boards. If you have any questions or would like to see a program implemented, contact one of the Recreation Specialists.

**RELIGIOUS SERVICES**

The Religious Services Department at FCI/FSL/FPC Jesup will attempt to provide inmates of all faiths with reasonable and equitable opportunities to pursue their individual belief, within the constraints of budgetary limitations and the security and orderly running of the institution. Religious Services is staffed by both full-time and contract chaplains. The Chaplains are available upon request to provide pastoral care, counseling, religious education and instruction. Volunteers from the nearby communities augment and supplement the institutional religious services staff.

Requests concerning pastoral visits, the retention of religious property & personal religious items, the observance of religious holidays, the religious diet program, and other specific requests of a religious nature should be submitted to the Religious Services Department on an "Inmate Request to Staff Member" form.

The chapel facility does contain a religious library where inmates may use religious reference materials and obtain religious devotional and other reading material. This library also has a supply of video and audio tapes which can only be used in the Chapel area.

The religious program and activity schedule, along with the chaplain's duty schedules are posted in each unit and in the Chapel.

**SAFETY**

**JOB ORIENTATION**

Prior to a work assignment, you will receive a Job Orientation, a Work Safety Training, and an overview of the Hazardous Communication Program explaining the use of Safety Data Sheets (SDS) and the handling of potentially dangerous materials.

- It is the requirement of each inmate worker to use the safety equipment issued to protect him against physical injury and/or health hazards. You must wear all required personal protective equipment, such as goggles, safety shoes, aprons, arm guards, hard hats and respirators before you begin an operation.
You must wear safety goggles and all safety equipment when performing any grinding, chiseling, filing or chipping operation.

Hearing protection must be worn on all work stations designated as high noise level areas.

Gym shoes are not allowed on any work assignment, except as specified in the Grooming and Personal Protective Equipment Institution Supplement.

Report all safety hazards immediately to your supervisor. Do not continue to work in an area or on any machinery or equipment that is unsafe or improperly guarded. If your work supervisor does not agree that an unsafe condition exists, then, you should report it to the institution Safety Manager as soon as possible.

You will only perform work that is assigned to you. Operating machines and equipment or performing any operation that has not been specifically assigned is prohibited and will result in disciplinary action. You must be specially trained on any equipment you are assigned to operate. Operating equipment without using the safety guards provided, or the removal of the safety guards is strictly prohibited and will be grounds for disciplinary action.

The fabrication or repair of personal items on government equipment, except when authorized in the hobby shop is against safety regulations.

Do not try to adjust, oil, clean, repair, or perform any maintenance on any machine while in motion. Stop the machine first and use the lock-out/tag-out devices at all times before any equipment is repaired or cleaned.

Do not lift weights at recreation until authorized by medical staff. Safety shoes are recommended while lifting weights.

Do not ride on the draw bars of landscape or institution mowers and tractors. The operator is the only person authorized to ride on a tractor, forklift or tow vehicle.

Do not stand up on moving vehicles. Sit on the seats as provided and keep the chains in the back of the vehicles in place. No one is authorized to ride on the back of any vehicle. All vehicle occupants must have a seat and a seat belt.

If you are injured while performing your assigned duties, you will immediately report such injury to your work supervisor (staff member). Failure to report a work injury to your supervisor within a maximum of 48 hours may disqualify you for eligibility for loss time, wages, or compensation.
It is the responsibility of each inmate worker to exercise care, cooperation and common sense in conducting his assigned work. Horseplay on the job will not be tolerated at any time.

INMATE COMPENSATION PROCEDURES

Any inmate who sustains a work injury and still retains some degree of impairment at the time of release should contact the Safety Manager not less than 30 days prior to release or transfer to a community corrections center, for the purpose of submitting a claim for compensation. This claim must include a medical evaluation before any compensation can be considered.

FIRE PREVENTION AND CONTROL

Fire prevention and safety are everyone’s responsibility. You are required to report fires to the nearest staff member, so property and lives can be protected. Piles of paper or rags in closed areas, combustible material, items hanging from fixtures or electrical receptacles, or other hazards cannot and will not be tolerated. Regular fire inspections are made in each institution by qualified professionals. Fire drills will be randomly conducted.

Appendix B SUMMARY OF INMATE DISCIPLINE SYSTEM

1. Once an inmate is written an incident report, they are required to receive the incident report within 24 hours unless the incident has been referred for prosecution or is under investigation by SIS staff.

2. Staff are required to give an inmate notice of the charges by delivering the Incident Report ordinarily within 24 hours from the time staff became aware of the inmate’s involvement in the incident. (Note – This excludes the day staff become aware of the inmate’s involvement, weekends, and holidays.)

3. The Unit Disciplinary Committee (UDC) is required to conduct the initial review of the incident report within five (5) working days unless approved by the Warden.

4. If the UDC refers the incident report to the Discipline Hearing Officer (DHO), then he will conduct the DHO hearing and impose sanctions.

5. Staff may suspend disciplinary proceedings for a period not to exceed two calendar weeks while undertaking informal resolution. If informal resolution is
unsuccessful, staff may reinitiate disciplinary proceedings. The requirements then begin running at the same point at which they were suspended.

Sexual Abusive Behavior
Prevention & Intervention Program

An Overview for Offenders
March 2014

You Have the Right to be Safe from Sexually Abusive Behavior.
The Federal Bureau of Prisons has a zero tolerance policy against sexual abuse and sexual harassment. While you are incarcerated, no one has the right to pressure you to engage in sexual acts.

You do not have to tolerate sexually abusive/ harassing behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.
What Can You Do To Prevent Sexually Abusive Behavior?
Here are some things you can do to protect yourself and others against sexually abusive behavior:

■ Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.
■ Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
■ Do not accept an offer from another inmate to be your protector.
■ Find a staff member with whom you feel comfortable discussing your fears and concerns.
■ Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
■ Be direct and firm if others ask you to do something you don’t want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
■ Stay in well-lit areas of the institution.
■ Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities yourself.
■ Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.

What Can You Do if You Are Afraid or Feel Threatened?
If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted?
If you become a victim of a sexually abusive behavior, you should report it immediately to staff who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you many want to clean up after the assault, it is important to see medical staff BEFORE you shower, wash, drink, eat,
change clothing, or use the bathroom. Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.

How Do You Report an Incident of Sexually Abusive Behavior?
It is important that you tell a staff member if you have been sexually assaulted or have been a victim of sexual harassment. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim's welfare and for law enforcement or investigative purposes. There are other means to confidentiality report sexually abusive behavior if you are not comfortable talking with staff.

- **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

- **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.

- **Write the Office of the Inspector General (OIG)** which investigates certain allegations of staff misconduct by employees of the U.S. Department of Justice; all other sexual abuse/harassment allegations will be forwarded by the OIG to the BOP. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

  Office of the Inspector General  
  U.S. Department of Justice  
  Investigations Division  
  950 Pennsylvania Avenue, N.W.  
  Room 4706  
  Washington, D.C. 20530

- **E-mail OIG.** You can send an e-mail directly to OIG by clicking on the TRULINCS Request to Staff tab and selecting the Department Mailbox titled, DOJ Sexual Abuse Reporting. This method of reporting is processed by OIG during normal business hours, Monday – Friday. It is not a 24-hour hotline. For immediate assistance, contact institution staff.
Note: These e-mails:
▪ are untraceable at the local institution,
▪ are forwarded directly to OIG
▪ will not be saved in your e-mail ‘Sent’ list
▪ do not allow for a reply from OIG,
▪ If you want to remain anonymous to the BOP, you must request it in the e-mail to OIG.

Third-party Reporting. Anyone can report such abuse on your behalf by accessing the BOP’s public website, specifically http://www.bop.gov/inmate_programs/sa_prevention_reporting.jsp.

Understanding the Investigative Process
Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior
Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Management Program for Inmate Assailants
Anyone who sexually abuses/assaults/harasses others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you
feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

What is sexually abusive behavior? According to federal law (Prison Rape Elimination Act of 2003) sexually abusive behavior is defined as:

Rape: the carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person FORCIBLY or against that person’s will;

Sexual Assault with an Object: the use of any hand, finger, object, or other instrument to penetrate, however slightly, the genital or anal opening of the body of another person

**Sexual Fondling:** the touching of the private body parts of another person (including the genitalia, anus, groin, breast, inner thigh, or buttocks) for the purpose of sexual gratification.

**Sexual Harassment:** repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one inmate/detainee/resident to another; or repeated verbal comments or gestures of a sexual nature to an inmate/detainee/resident by a staff member/contractor/volunteer, including demeaning references to gender, sexually suggestive, or derogatory comments about body or clothing, or obscene language or gestures.

**Sexual Misconduct** (staff only): the use of indecent sexual language, gestures, or sexually oriented visual surveillance for the purpose of sexual gratification.

An incident is considered **Inmate-on-Inmate Abuse/Assault** when any sexually abusive behavior occurs between two or more inmates. An incident is considered **Staff-on-Inmate Abuse/Assault** when any sexually abusive behavior is initiated by a staff member toward one or more inmates. It is also considered Staff-on-Inmate Abuse/Assault if a staff member willingly engages in sexual acts or contacts that are initiated by an inmate.

**NOTE:** Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal. Inmates who have been sexual assaulted by another inmate or staff member will not be prosecuted or disciplined for reporting the assault. However, inmates will be penalized for knowingly filing any false report.
