USP and SCP Lee, VIRGINIA
Inmate Information Handbook
Federal Bureau of Prisons Introduction

The purpose of this handbook is to provide inmates confined within the Federal Bureau of Prisons with general information regarding the Bureau, its programs, institutions, and the rules and regulations they will encounter during confinement. It is not a specific guide to the detailed policies of the Bureau (which are subject to change) or all procedures in effect at each Bureau location. That information will be made available during the institution's Admission and Orientation program. Rather, the material in this handbook will help new inmates more quickly understand what they will be encountering when they enter prison, and hopefully assist them in their initial adjustment to institution life.

Intake, Classification, and the Unit Team

Orientation: Inmates are screened socially and medically at the time of arrival. They will also be screened by Psychology Staff. Inmates are immediately provided with a copy of the institution's rules and regulations and given information on inmate rights and responsibilities.

For the first week or two of an inmate's stay at an institution, the inmate will be initially assigned to the institution's Admission and Orientation (A&O) Program. While in A&O, inmates are advised of the programs, services, policies, and procedures regarding the facility. Also, they will hear lectures from staff regarding their programs and departments. While in the A&O Program, inmates will also be assigned to work details to complete housekeeping and other sanitation related duties. At the end of the A&O Program, they will be assigned a permanent job.

Unit Teams: USP and SCP Lee are organized into a unit management system. A unit is a self-contained inmate living area that includes both housing sections and office space for unit staff. Each unit is staffed by a Unit Team directly responsible for those inmates living in that unit. The Unit Staff Offices are located in the units so staff and inmates can be accessible to each other.

The USP unit staff typically includes one Unit Manager, three Case Managers, three Counselors, and Unit Secretary. The Staff Psychologist, Education Advisor, and Unit Officer also are considered to be unit staff, and may sit on the Unit Team. The SCP unit staff consists of Camp Administrator (Executive Assistant), Case Manager, Counselor, and Unit Secretary.

Inmates are assigned to a specific Unit Team. Generally the resolution of issues or matters of interest while at the institution are most appropriately initiated with the Unit Team. Unit Team members are available to assist in many areas, including parole matters, release planning, personal and family problems, counseling, and assistance in setting and attaining goals while in prison. Ordinarily, a member of the unit staff will be at the institution weekdays from 7:30 a.m. to 9:00 p.m., and during the day on weekends and holidays. The Unit Team members usually schedule their working hours in such a manner that one of them will be available at times when inmates are not working.

General Functions of Unit Staff: The Unit Manager is the administrative head of the general unit and oversees all unit programs and activities. He/She is a Department Head at the institution and has a close working relationship with other departments and personnel. The Unit Manager is the "Chairperson" of the team, reviews all team decisions, and chairs the Unit Discipline Committee.

The Case Manager is responsible for all casework services and prepares classification material, progress reports, release plans, correspondence, and other materials relating to the inmate's commitment. He/She is responsible to the Unit Manager on a daily basis and the Case Management Coordinator (a specialist department head who provides technical assistance to unit staff in case management affairs) with reference to specialized training and duties. The Case Manager serves as a liaison between the inmate, the administration, and the community. The Case Manager is a frequent member of the Unit Discipline Committee.

The Counselor provides counseling and guidance for inmates in their units, in areas of institutional adjustment, personal difficulties, and future plans. Counselors play a leading role in all segments of unit programs and is a voting member of the Unit Team. The Counselor will visit inmate work assignments regularly and is the individual to approach for daily problems. As a senior staff member, the Counselor provides leadership and guidance to other staff in the unit. The Counselor is a frequent member of the Unit Discipline Committee.

The Unit Secretary performs clerical and administrative duties. In some institutions, the Secretary may sit as a member of the Unit Team.

Communications: There will be a unit staff member available each day of the week and most evenings until 9:00 p.m. The unit bulletin boards contain written communication of interest to inmates. Unit Managers will utilize Town Hall meetings at their discretion to foster improved communications.

Program Reviews: An inmate's initial classification or program review (team) meeting will be held within 30 days of arrival. Subsequent program review meetings will be held every 90 to 180 days. These are held by the Unit Teams to review the inmate's pursuit of program recommendations, program involvement, work assignments, transfers, custody, institutional adjustment, etc. If there is a significant change in the inmates case (i.e. sentence reduction or detainer removal) the inmate may request an unscheduled program review. This request is to be made the Unit Manager.

Town Hall Meetings: Unit town hall meetings are held periodically to make announcements and discuss changes in policy and procedures. Inmates are encouraged to ask pertinent questions of the staff and any guest speakers who are present. These questions should pertain to the unit as a whole, rather than personal questions or problems. Personal problems will be resolved by unit staff members during the regular working hours, which are posted in each unit. An "Open Door" policy is usually in effect at these times.

Team Participation in Parole Hearings: The Case Manager prepares the Progress Report with input from the Unit Team and compiles other information in the inmate's central file for presentation to the U.S. Parole Commission or other appropriate agencies. The inmate's Case Manager will ordinarily be present at that inmate's Parole hearing. The Case Manager's function at the hearing is to assist the Parole examiners, not as a staff representative for the inmate.

Unmonitored Legal Telephone Calls: An inmate may be granted an unmonitored, legal telephone call to his attorney when communication by correspondence, visiting, or normal telephone use is not adequate. For example, when the inmate or the inmate's attorney can demonstrate an imminent court deadline. Inmates must submit an Inmate Request to Staff Member to their Unit Manager.

Foreign Consulate for Non-U.S. Inmates: Inmates who are not U.S. citizens may contact their consulate. To do this, they must submit an Inmate Request to Staff Member to their Unit Team.

Treaty Transfers for Non-U.S. Inmates: Inmates who are not U.S. citizens may be eligible for a transfer to their home country to serve the remainder of their sentence. This only is possible for inmates whose country has a formal prisoner exchange treaty with the United States. The Unit Team is the source of information about these transfers, and can tell an inmate if their home country has signed this kind of agreement with the U.S. and if so, how to apply for transfer.

Indigent Inmates: Indigent inmates may receive stamps as necessary to continue/maintain their social and legal correspondence. Inmates must submit an Inmate Request to Staff Member to their Unit Manager.

Daily Inmate Life

Sanitation: It is the inmate's responsibility to check his living area immediately after being assigned and to report all damage and contraband to the Correctional Officer, Case Manager, or Counselor. An inmate may be held financially liable for any damage to his personal living area.

Each inmate is responsible for making his bed in accordance with regulations before work call (including weekends and holidays when he leaves the area.) Each inmate is also responsible for maintaining the general sanitation of his personal area by sweeping, mopping, and removing the trash. Cardboard boxes and other paper containers are not to be used for storage due to their combustible nature. Lockers must be neatly arranged inside and out. Toothpaste, toothbrushes, combs, razors, and soap are issued by the institution and are available in the Laundry area. Inmates may purchase name brand items through the commissary. Linen and other laundry exchange procedures vary widely from institution to institution. In most instances, linens may be exchanged once a week.

Personal Property Limits: Items which may be retained by an inmate are limited for sanitation and security reasons to ensure that excess personal property does not pose a fire hazard or impair staff searches. The list is not all-inclusive, but it is a guide to the kind of items an inmate may be authorized. The list will be found on the unit bulletin board.

Storage Space: Storage space consists of an individual locker. Locks may be purchased in the institution commissary. The amount of personal property allowed each inmate is limited to those items which can be neatly and safely placed in the space designated. Under no circumstances will any materials be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard.

Clothing: Civilian clothing of any type (except athletic apparel) is not authorized. A limited number of personal sweatshirts (purchased in BOP commissaries) may be permitted. Individual wash cloths and towels are issued to inmates. Authorized footwear might include: one pair of composite safety shoes, one pair of shower shoes, one pair of slippers, and two pairs of tennis shoes. All footwear will be placed under the bed.

Special Purchase Items: Special Purchase Items will be authorized only to the point where they can be contained in the storage area provided for personal property.

Legal Materials: Inmates are allowed to maintain legal materials and supplies (not to exceed a locally established limit) in their locker. If an inmate has current legal material that exceeds the allowable limit, he can ask the Unit Manager for more storage.

Hobby Craft Materials: Hobby shop raw materials will be stored in Recreation. Disposal of completed hobby craft work must be arranged immediately after completion.

Commissary Spending Limits: Each inmate will be allowed to spend \$145 bi-weekly. A validation of \$145.00 will be available on the 1st and 15th of each month. All items will come off limits including Special Purchase Orders (SPO's), with the exception of kosher meals, stamps, over-the-counter medications, and copy cards.

Food Storage: Food items that are left open create a health hazard. These items must be properly sealed at all times. Empty jars may not be used as drinking containers and are to be thrown away.

Letters, Books, Photographs, Newspapers, and Magazines: An inmate will be limited in the number of magazines that can be stored in the locker or shelf provided in each cell/cubicle. Ordinarily, picture frames sold in the Commissary may be displayed. **Nothing** is to be tacked, stapled, or taped on any surface.

Sports and Musical Equipment: A limited amount of sports equipment may be maintained in the unit. Refer to Institution Supplement on Inmate Personal Property. Sports and recreation equipment will be available for inmate use in the Recreation Department.

Radios and Watches: An inmate may not own or possess more than one (1) approved radio and/or watch at any time. Proof of ownership through appropriate property receipts will be required. Radios and watches may not have a value which exceeds the locally established limits, usually in the \$100.00 range. Radios with a tape recorder and/or tape player are not authorized. Radios and watches will be inscribed with the inmate's name and registration number. Only walkman-type radios are permitted and headphones are required at all times. While an inmate is in holdover status he may not purchase, own, or possess a radio or watch. Inmates may not give any item of value to other inmates, i.e., radio, watch, shoes, or commissary items.

Headphones/Earbuds: Effective February 7, 2013, inmates are only authorized to wear their headphones/earbuds in the following areas: Housing Units, Outdoor Recreation Yard, Indoor Recreation Areas, Education Department (Classrooms and Library), and Chapel (Only while using a TV/DVD player).

Jewelry: Inmates may have a plain wedding band without stones and, with prior approval, a religious medal without stones. The value of jewelry will not exceed \$100.00.

Quarters Rules

Institutions impose regulations on inmate conduct and furnishings in housing units. Unit Officers inspect rooms daily in order to minimize maintenance costs, permit uniform inspection, search procedures, and to maintain orderly, congregate living.

All beds are to be made daily in the prescribed manner. If a cell or room is not acceptable, corrective action, including incident reports, can be expected.

Orderlies work 35 hour weeks and are responsible for the unit sanitation. However, everyone is responsible for cleaning up after themselves. Trash and wastebaskets are to be emptied prior to 7:30 a.m. each day. Beds will be made each day by 7:30 a.m. At no time will a mattress be removed from a bunk and placed on the floor.

Showers are available every day; however, inmates may not be in the shower during an official count. Food Service workers and others with irregular work shifts may shower during the day as long as showering does not interfere with the cleaning of the unit. Inmates requesting to shower after 7:30 a.m. must get the permission of the Unit Officer.

Removal of food from the dining room is not permitted, with the exception of one piece of fresh fruit. Fruit must be consumed before it spoils.

Composite safety shoes must be worn to work. Shoes are to be worn in the dining room area; however, no open toed shoes permitted.

A red line has been placed on the floor in front of the Unit Officer's office door. You are not to cross this red line until you have received authorization to enter the office. Additionally, a red line has been placed on the boulevard that means you are not to cross the line and approach the fence dividing the Recreation Yard from the boulevard. Stay on the section closest to the housing units at all times.

Exercise is not permitted in the housing unit.

Unit Meal Rotation: USP only: It is ordinarily based on weekly sanitation ratings of each unit. In such a system, the unit with the highest sanitation score is called first and the unit with the lowest rating is called last. Each inmate is responsible for the cleaning and sanitation of his bunk and cell/cube area. The Unit Officer will announce each meal when notified, and the Control Center will announce its closing.

Personal Radios: They may be played in an individual's room, but headphones must be used at all times. Radios are not to be audible by anyone except the person wearing the headphones.

Smoking Policy: Smoking is prohibited at USP and SCP Lee.

Wake-Up: Wake-up for all inmates in a typical institution is about 6:00 a.m. The unit is called to breakfast by the Correctional Supervisor on the basis of a rotating schedule.

Dress Code: Hats are not to be worn inside the inmate Dining Room. The only exception is Food Service Workers who are required to wear hats and some religious head gear.

Appropriate inmate dress for the morning and noon meals during institution workdays will be institution issue pants, shirts, and approved work shoes. Approved personal shoes may be worn by inmates in off-duty status. During the evening meals and all weekends and holiday meals, approved leisure time personal clothing may be worn in the Dining Room. Sleeveless tops may not be worn in the Dining Room at any time. Shirts must be tucked in when entering the Dining Room for all meals and during routine work hours, Monday thru Friday.

Clothing Exchange and Laundry: All issued clothing, linen, towels, etc., are exchanged on a one-for-one basis at the Laundry Room. The schedules for exchange are posted on unit bulletin boards.

Commissary: Inmate funds are retained by the institution in a trust fund, from which the inmate may by BP-199 or debit on inmate account card, withdraw money for personal spending in the institution Commissary, family support, or other approved purposes. Accumulated institutional earnings and monies sent from outside sources are given to the inmate upon release or may be mailed to the inmate's home. Borrowing Commissary items from other inmates is not allowed. Special purchase items such as tennis shoes, gym clothes, seat suits, and radios require a form completed by the inmate and routed to Commissary. ALL of your Commissary items must fit inside your locker.

Deposits to Accounts: Effective November 1, 2004, all funds being sent to inmates at USP Lee must be sent to the National LockBox location at the following address:

Federal Bureau of Prisons
Inmate name and number
Post Office Box 474701
Des Moines, Iowa 50947-0001

Commissary Fund Withdrawals: a standard form is provided by the institution for the withdrawal of inmate funds from Commissary accounts. Unit Managers may approve withdrawals for legitimate debts and other obligations such as court fees, attorney fees, birth certificates, expenses and trips, bedside visits, funeral trips, and approved inmate contributions to recognized charities and withdrawals exceeding \$250.00.

Security Procedures

Counts: It is necessary for staff to count inmates on a regular basis, the inmates must be seen even if the inmate must be awakened. While count procedures and unit design vary from institution to another, generally the way count procedures are conducted is the same. When a count is announced, inmates will return to their assigned cell/cubicle where they are to remain quietly until the count is cleared. No talking, use of radios, or movement will be tolerated during the taking of count. Official counts will ordinarily be conducted at 12:00 a.m. (midnight), 3:00 a.m., 5:00 a.m., 10:00 a.m. (On weekends and holidays), 4:00 p.m., and 10:00 p.m. The 10:00 a.m. and 4:00 p.m. counts are mandatory stand-up counts and all inmates are required to be standing at their bedsides during those counts. Other counts can occur during the day and evening. Staff will take disciplinary action if an inmate is not in his assigned area during a count. Disciplinary action will also be taken against an inmate for leaving an assigned area before the count has cleared of for interfering with the count process. At any time a Lock-Down Census may occur and will be announced by staff on the institution P.A. system. In such instances, inmates will cease all movement and report to the nearest staff member. There will be no movement and all scheduled call-outs will be rescheduled. When the Lock-Down Census is cleared, normal operations will begin.

For security and accountability purposes, the 9:00/10:00 p.m. count will now be a stand-up count throughout the entire Bureau of Prisons as of **February 14, 2011**. All inmates will be expected to have their cell light on and provide an unobstructed view during this standing count.

Call-Outs: Call-outs are a scheduling system for appointments (which includes hospital, dental, educational, team meetings, and other activities) and are posted each day on the unit bulletin boards after 4:00 p.m., on the day preceding the appointment. It is the inmate's responsibility to check for appointments on a daily basis. All scheduled appointments are to be kept. If an inmate needs routine medical attention, he is expected to report to the hospital during specified hours and sign up for sick call. Emergency situations are handled accordingly.

Controlled Movement: Movement throughout the institution will be regulated by a procedure called controlled movement. The purpose of controlled movement is to ensure that the movement of inmates is orderly. Controlled movements at this institution will be effected during working and non-working hours and involve a ten (10) minute move period. The beginning of each move will be announced by staff. During the ten (10) minute period of controlled movement, inmates may move from one area of the institution to another. Movements are in effect from 8:00 a.m. until the feeding of the midday meal. At the close of the midday meal, controlled movements will begin again and remain in effect until recall for the 4:00 p.m. count. Ordinarily, controlled movement is not instituted at the SCP.

Emergency Annunciator/verbal warning system: Upon activation of the emergency annunciator, the annunciator will state, "All inmates, stop activity and lie down on the ground. Shots may be fired!" You should immediately cease all activities, lie down on the ground, and remain on the ground until the emergency annunciator is deactivated. Inmates that do not respond to the annunciator may be subject to disciplinary action.

Contraband: Contraband is defined as any item not authorized or issued by the institution, received through unapproved channels, or not purchased through the Commissary. All staff are alert to the subject of contraband and make efforts to locate, confiscate, and report contraband in the institution. Each inmate is responsible for all items found in their assigned living area and should immediately report any unauthorized item to the Unit Officer. Any item in an inmate's personal possession must be authorized and a record of the receipt of the item should be kept in the inmate's possession. Inmates may not purchase radios or other items from other inmates. Items purchased in this manner are considered contraband and will be confiscated. Approved or issued items which have been altered are considered contraband. Altering or damaging government property is a violation of institution rules and the cost of the damage will be levied against the violator.

Shakedown: Any staff member may search an inmate's room to retrieve contraband or stolen property. Inmates **WILL NOT** be present when their rooms are inspected. The property and living area will be left in the same general condition as found. These inspections will be random and unannounced.

Drug Surveillance: The Bureau operates a drug surveillance program that includes mandatory random testing, as well as, testing of certain categories of inmates. If a staff member orders an inmate to provide a urine sample for this program, and the inmate does not do so, that inmate will be subject to an incident report.

Alcohol Detection: A program for alcohol surveillance is in effect at all institutions. Random samples of the inmate population are tested on a routine basis, as well as, those suspected alcohol use. A positive will result in an incident report. Refusal to submit to the test will result in an incident report.

Fire Prevention and Control: Fire prevention and safety are everyone's responsibility. Inmates are required to report fires to the nearest staff member, so property and lives can be protected. Piles of trash or rags in closed areas, combustible materials, items hanging from fixtures or electrical receptacles, or other hazards cannot and will not be tolerated. Regular fire inspections are made in each institution by qualified professionals.

Programs and Services

Job Assignments: All inmates are expected to maintain a regular job assignment. Many job assignments are controlled through the Performance Pay System, which provides monetary payment for work. UNICOR has a separate pay scale. Institution maintenance jobs are usually the first assignment an inmate receives. These might include work in the areas of Food Service, Landscape, or Facilities Department in the maintenance shops. However, most institutions have a significant number of inmate jobs in UNICOR. Many institutions have a waiting list for factory employment. Inmates will be required to work in their initial job assignment for 90 days before requesting a job change.

UNICOR: UNICOR employs and trains inmates through the operation of and earning from factories producing high-quality products and services for the Federal Government. UNICOR earnings fund inmate programs and provide pre-industrial training to prepare inmates for employment. The UNICOR Factory at USP Lee manufactures textile products.

Food Service: Inmates are provided nutritious, appealing meals in all Bureau institutions. Self-service meal operations for general population inmates may include features such as salad bars, special diet options, and pork-free meal programs. Specific approval procedures for special diets vary from institution to institution, and unit staff can explain them. Inmates in the Special Housing Unit also receive a balanced, nutritious diet. Except for any approved special diets, inmates receive the same diet as inmates in the general population.

Education Programs: The Education Department at USP and SCP Lee offers a variety of programs for all inmates. The programs available include General Equivalency Diploma classes (GED), English as a Second Language (ESL) classes, Vocational Training classes (Building Trades, Computer Applications, HVAC, Apprenticeships), Adult Continuing Education classes, parenting classes, leisure time activities, and library services. As new educational programs become available, flyers will be posted in the Units, in the Education Department, and in the Recreation areas. The flyers will contain information about each class including sign-up procedures. The law library and leisure library are maintained in the Education Department. By policy, with minor exceptions, all Federal prisoners who do not have a verified High School Diploma or GED, must enroll for 240 hours in the Literacy Program. Inmates may ask to be released from this program after 240 hours but may lose good conduct time if sentenced under the Violent Crime Control and Law Enforcement Act (VCCLEA) or the Prison Litigation Reform Act (PLRA) sentencing guidelines. All promotions in UNICOR and institution assignments beyond entry level grade are contingent upon successful completion of the Literacy Program. Currently, UNICOR **DOES NOT** hire inmates who do not have a GED or high school diploma. Inmates may also take correspondence courses with the approval of the Supervisor of Education. More information, in reference to the Education /Recreation A&O Handbook.

Law Libraries: USP Lee and SCP inmates now have access to the Electronic Law Library (ELL) in Education and in SHU. A limited number of books are still available, but are being phased out over time. See Education staff to learn procedures for utilizing the ELL.

Vocational Training: Training in various occupational areas is offered in each major Federal correctional facility. At USP Lee, traditional programs such as computer literacy and building trades continue to be popular. At the SCP, a vocational training program in Horticulture/Landscape is offered.

Recreation, Leisure, and Social Programs: Recreation programs are designed to encourage inmates to participate in wellness and leisure time activities. These programs include indoor and outdoor activities, individualized arts and crafts program, and intramural team sports such as softball, basketball, soccer, and volleyball. Physical fitness and weight reduction programs are also important activities for inmates. These programs contribute to good mental health, physical well being, and stress reduction. In addition, inmates can learn to use their free time constructively.

Hobby Crafts: Hobby craft programs vary from institution to institution. They typically include activities such as: painting, leather, art, and drawing. Completed projects must be mailed home. Inmates are not allowed to have completed projects in their housing units.

Counseling Activities: Alcoholic Anonymous, Self-Image groups, and other voluntary groups are available for interested inmates. Institutions have professional staff, who are trained in the social science fields. Inmate participation in these activities will be encouraged upon the staff's assessment of inmate needs, but participation in such activities is voluntary. Staff in each unit are available for informal counseling sessions.

Central Inmate Monitoring System: The Central Inmate Monitoring System (CIM) is a method for the Bureau's Central and Regional Offices to monitor and control the transfer, temporary release, and participation in community activities of inmates who pose special management considerations. Designation as a CIM case does not, in and of itself, prevent an inmate from participating in community activities. All inmates who are designated as a CIM case will be so notified by their Case Managers. Inmates in this category who apply for community activities should apply in ample time to allow the institution to obtain necessary clearances from the appropriate areas.

Release Preparation Programming: The Release Preparation Program is designed to assist inmates in preparing for release. Inmates will be given aid in developing plans for their personal lives and for work. These programs offer classes and seminars concerning the personal, social, and legal responsibilities of civilian life. Routinely, scheduled informational sessions with U.S. Probation Officers, U.S. Parole Commission members, other agencies, and employers are available. In all units, Release Preparation programs will be emphasized and staff will address concerns about readjustment, current community issues, and educational/vocational opportunities. For eligible inmates, furloughs and community corrections center (halfway house) placements will be considered.

Psychology Services: All inmates will be screened by Psychology Services staff upon arrival at the institution, or during the institution's A/O Program. Screening may include individual interviews. Psychologists are available for individual and/or group psychotherapy. Inmates interested in services can submit an Inmate Request to Staff Member (Cop-Out) to Psychology Services. Mental Health services are offered in the areas of drug and alcohol abuse, including Drug Education, Non-Residential Drug Abuse Programming, and AA/NA groups. Other areas addressed by psychology include Anger Management, Victim Impact, Stress Management, Budgeting, Healthy Values, Interpersonal Skills, and Exit Strategies. The Challenge Program is a 9-12 month residential program offered by Psychology Services, which addresses substance abuse and/or mental health issues. The focus is on replacing criminal thinking and behaviors with pro-social thinking and behaviors. Psychology Services also offers various self-help programs that allow inmates to review audio and/or video tapes, as well as complete workbooks at their own pace. Certificates can be obtained once programming requirements are completed.

Suicide Prevention: It is not uncommon for people to experience depression and hopelessness in jail or prison, particularly if they are newly incarcerated, are serving a long sentence, are experiencing family problems or problems getting along with other inmates, or receive bad news. Sometimes, inmates consider committing suicide due to all of the pressure they are under. Staff members are trained to monitor inmates for signs of suicide, and are trained to refer all concerns to the Psychology Department. However, staff members do not always see what inmates see. If you are personally experiencing any of the problems noted above, or you or another inmate are showing signs of depression (sadness, tearfulness, lack of enjoyment in usual activities), withdrawal (staying away from others, reducing phone calls and/or visits), or hopelessness (giving away possessions, stating that "there is nothing to live for"), **PLEASE** alert a staff member right away. Your input can save a life.

Sexual Assault Prevention: No one has the right to pressure you to engage in sexual acts. You do not have to tolerate sexual assault to pressure to engage in unwanted sexual behavior regardless of your age, size, race, or ethnicity. Whether you are straight, gay, lesbian, or bisexual, you have the right to be safe from unwanted sexual advances and acts. It is important that you tell a staff member if you have been sexually assaulted. You can tell your Case Manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust. BOP staff members are instructed to keep the reported information confidential and only discuss it with the appropriate officials on a need to know basis. Access to Legal Services

Legal Correspondence: Legal correspondence from attorneys will be treated as Special Mail, if it is properly marked. The envelope must be marked with the attorney's name and an indication that he or she is an attorney. The front of the envelope must be marked "Special mail - open only in the presence of the inmate." It is the responsibility of the inmate to advise his attorney about this policy. If legal mail is not properly marked, it will be opened as general correspondence.

Attorney Visits: Attorneys should ordinarily make advance appointments for each visit. Attorneys are encouraged to visit during the regular visiting hours. However, visits from an attorney can be arranged at other times based on the circumstances of each case and availability of staff. Attorney visits will be subject to visual monitoring, but not audio monitoring.

Legal Material: During attorney visits, a reasonable amount of legal materials may be allowed in the visiting area with prior approval. With prior approval, legal material may be transferred during attorney visits, but is subject to inspection for contraband. This material will be treated in a similar manner as the special mail procedures described above. Inmates are expected to handle the transfer of legal materials through the mail as often as possible.

Attorney Phone Calls: In order for an inmate to place an unmonitored phone call to his attorney, the local procedures must be followed. Phone calls placed through the regular inmate phones are subject to monitoring.

Law Library: The law library is usually located in the Education Department and contains a variety of legal reference materials for use in preparing legal papers. Reference materials include the United States Code Annotated, Federal Reporter, Supreme Court Reporter, Bureau of Prisons Program Statements, Institution Supplements, Indexes, and other legal materials. The Law Library is open during convenient non-working hours, including weekends and holidays. An inmate Law Library Clerk is available for assistance in legal research. Legal materials are also available to inmates in detention or segregation status, ordinarily via a delivery system or satellite collection.

Notary Public: Under the provisions of 18 USC 4004, Case Managers are authorized to use an oath certification documents. A recent change in the law allows that a statement to the effect that papers, which an inmate signs, are "true and correct under penalty of perjury," will suffice in federal courts and other federal agencies, unless specifically directed to do otherwise. Some states will not accept a government notarization for real estate transactions, automobile sales, etc. In these cases, it will be necessary to contact unit staff for arrangements with the institution's notary public.

Copies of Legal Materials: In accordance with the institution procedures, inmates may copy materials necessary for their research or legal matters. A copier is available in the Education Department or Law Library for inmate use. Individuals who have no funds and can demonstrate a clear need for particular copies, may submit a written request for a reasonable amount of free duplication.

Federal Tort Claims: If negligence of institution staff results in personal injury or property loss or damage to inmate, it can be the basis of a claim under the Federal Tort Claims Act. To file such a claim, inmates must complete a Standard Form 95. They can obtain this form from their Counselor.

Freedom of Information/Privacy Act of 1974: The privacy Act of 1974 forbids the release of information from agency records without a written request by, or without the prior written consent of the individual to whom the records pertain, except for specific instances. All formal requests for access to records about another person and/or agency records other than those pertaining to themselves (including Program Statements and Operations Memoranda) shall be processed through the Freedom of Information Act, 5 USC 552.

Inmate Access to Central Files: Inmates may request to review disclosable portions of their central file (plus Presentence Report and/or Summary) prior to the parole hearing. Institution staff will permit the review of the central file under procedures established locally.

Inmate Access to Other Documents: An inmate can request access to the “Non-Disclosable Documents,” regarding their case by submitting a “Freedom of Information Act Request” to the Director of the Bureau of Prisons, Attn: FOI Request. Such a request must briefly describe the nature of records wanted and approximate dates covered by the record. The inmate must also provide their register number and date of birth for identification purposes. A request on behalf of an inmate by an attorney, for records concerning that inmate, will be treated as a “Privacy Act Request” if the attorney has forwarded an inmate’s written consent to disclose materials. If a document is deemed to contain information exempt from disclosure, any reasonable part of the record will be provided to the attorney after the deletion of the exempt portions.

Executive Clemency: The Bureau advises all inmates that the President of the United States is authorized under the Constitution to grant executive clemency by pardon, commutation of sentence, or reprieve. A pardon is an executive act of grace that is a symbol of forgiveness. It does not connote innocence nor does it expunge the record of conviction. A pardon can be in “full” or “partial” depending on whether it absolves a person from all or a portion of the crime. A pardon may have conditions imposed upon it or it can be “absolute” which is without conditions of any kind. A pardon restores basic civil rights and facilitates the restoration of professional and other licenses that may have been lost by reason of the conviction. Other forms of executive clemency include commutation of sentence (a reduction of sentence imposed after a conviction), and a reprieve (the suspension of execution of a sentence for a period of time). Inmates should contact their assigned Case Manager for additional information regarding this program.

Commutation of Sentence: The Bureau also advises inmates on commutation of sentences. This is the form of executive clemency power used to provide post-conviction relief to inmates during their incarceration. This clemency power is authorized by the Constitution for the Chief Executive Officer, who is the President of the United States for federal offenses. A commutation of sentence is usually the last chance to correct an injustice which has occurred in the criminal justice process. Inmates applying for a commutation of sentence must do so on forms that are available from the assigned Unit Team. The rules governing these petitions are available in the Law Library.

A pardon may not be applied for until the expiration of at least five (5) years from the date of release from confinement. In some cases involving crimes of a serious nature, such as violation of Narcotic Laws, Gun Control Laws, Income Tax Laws, Perjury, and violation of public trust involving personal dishonesty, fraud involving substantial sums of money, violations involving organized crime, or crimes of a serious nature, a waiting period of seven years is usually required.

Problem Resolution

Inmate Requests to Staff Member: The Bureau form BP-Admin-70, commonly called a “Cop-Out,” is used to make a written request to a staff member. Any type of request can be made with this form. “Cop-Outs” may be obtained in the living units from the Correctional Officer on duty. Staff members who receive a “Cop-Out” will answer the request in a “reasonable” period of time. The answer may be written on the bottom of the request form.

Administrative Remedy Process: The Bureau emphasizes and encourages the resolution of complaints on an informal basis. Hopefully, an inmate can resolve a problem informally by contact with staff members or “Cop-Outs.” When informal resolution is not successful, a formal complaint can be filed as an Administrative Remedy. Complaints regarding Tort Claims, Inmate Accident Compensation, Freedom of Information, Privacy Act Requests, and complaints on behalf of other inmates are not accepted under the Administrative Remedy Procedure.

The first step of the Administrative procedure is to attempt an informal resolution. If the issue cannot be informally resolved, the Counselor will issue a BP-229(BP-9) form (usually within 48 hours of the time the inmate approached the employee with the problem.) The inmate will return the completed BP-229 to the staff member designated by the Warden, who will review the material to insure an attempt at informal resolution was made. The BP-229 complaint must be filed within twenty (20) calendar days from the date on which the basis for the incident or complaint occurred, unless it was not feasible to file within that period of time. Institution staff have twenty (20) calendar days to act on the complaint and to provide a written response to the inmate. This time limit for the response may be extended for an additional twenty (20) calendar days, but the inmate must be notified of the extension.

When a complaint is determined to be of an emergency nature and threatens the inmate’s immediate health or welfare, a staff will respond as soon as possible.

If the inmate is not satisfied with the response to the BP-229, he or she may file an appeal to the Regional Director. This appeal must be received in the Regional Office within twenty (20) calendar days from the date of the BP-229 response. The Regional Appeal is written on a BP-230 (BP-10) form, and must have a copy of the BP-229 form and response attached. The Regional Appeal must be answered within twenty (20) calendar days, but the time limit may be extended an additional twenty (20) days. The inmate must be notified of the extension.

If the inmate is not satisfied with the response by the Regional Director, he or she may appeal to the Central office of the Bureau of Prisons. The National Appeal must be answered within twenty (20) calendar days, but the time limit may be extended an additional (20) days if the inmate is notified.

In writing a BP-229, BP-230, or BP-231, the form should contain the following information:
Statement of Facts, Grounds for Relief, Relief Requested.

Sensitive Complaints: If an inmate believes a complaint is of such a sensitive nature that he would be adversely affected if the complaint becomes known to the institution, he may file the complaint directly to the Regional Director. The inmate must explain, in writing, the reason for not filing the complaint with the institution. If the Regional Director agrees that the complaint is sensitive, it shall be accepted and a response to the complaint will be processed. If the Regional Director does not agree that the complaint is sensitive, the inmate will be advised in writing of the determination and it will be returned. The inmate may then pursue that matter by filing a BP-229 at the institution.

Disciplinary Procedures

Discipline: It is the policy of the Bureau of Prisons to provide a safe and orderly environment for all inmates. Violations of Bureau rules and regulations are dealt with by the Unit Discipline Committee (UDC) and/or the Disciplinary Hearing Officer (DHO). Inmates are advised upon arrival at the institution of the rules and regulations and are provided with copies of the Bureau’s Prohibited Acts, as well as local regulations.

Inmate Discipline Information: If a staff member observes or believes they have evidence that an inmate has

committed a prohibited act, the first step in the disciplinary process is writing an incident report. This is a written copy of the charges against the inmate. The incident report shall ordinarily be delivered to the inmate within twenty-four (24) hours of the time staff become aware of the inmate's involvement in the incident. An informal resolution of the incident may be attempted by staff.

If an informal resolution is accomplished, the incident report will be removed from the inmate's central file. Violations in the greatest severity category must be forwarded to the DHO for final disposition. If an informal resolution is not accomplished, the incident report is forwarded to the UDC for an initial hearing.

Initial hearing: Inmates must ordinarily be given an initial hearing within three (3) work days of the time staff become aware of the inmate's involvement in the incident (excluding day staff became aware of the incident, weekends, and holidays). The inmate is entitled to be present at the initial hearing. The inmate may make statements or present documentary evidence on their behalf. The UDC may extend the time limits of these procedures for good cause. The Warden must approve any extension over five (5) days. The inmate must be provided with written reasons for any extension. The UDC will either make a final disposition of the incident or refer it to the DHO.

Disciplinary Hearing Officer: The DHO conducts disciplinary hearings on serious violations. The DHO may not act on a case that has not been referred by the UDC.

An inmate will be provided with advance written notice of the charges not less than 24 hours before the inmate's appearance before the DHO. The inmate may waive this requirement. An inmate will be provided with a full-time staff member of his choice to represent them if requested. An inmate may make statements in their own defense and may produce documentary evidence. The inmate may present a list of witnesses and request they testify at the hearing. Inmates may not question a witness at the hearing; the staff representative and/or the DHO will question any witness for the inmate. An inmate may submit a list of questions for the witness(es) to the DHO if there is no staff representative. The DHO will request a statement from all unavailable witnesses whose testimony is deemed relevant.

The inmate has the right to be present throughout the DHO hearing process, except during deliberations. The inmate charged may be excluded during appearances of outside witnesses or when institution security could be jeopardized. The DHO may postpone or continue a hearing for good cause. Reasons for the delay must be documented in the record of the hearing. Final disposition is made by the DHO.

Appeals of Disciplinary Actions

Appeals of all Disciplinary Actions: Appeals of all disciplinary actions may be made through Administrative Remedy Process.

Special Housing Unit Status

There are two categories of special housing: Administrative Detention and Disciplinary Segregation.

Administrative Detention: Administrative Detention separates an inmate from the general population. To the extent practical, inmates in Administrative Detention shall be provided with the same general privileges as inmates in general population. An inmate may be placed in Administrative Detention when the inmate is in holdover status during transfer, is a new commitment pending classification, is pending investigation or a hearing for a violation of Bureau regulations, is pending investigation or trial for a criminal act, is pending transfer, for protection, or is finishing confinement in Disciplinary Segregation.

Disciplinary Segregation: Disciplinary Segregation is used as a sanction for violations of Bureau rules and regulations. As inmates in Disciplinary Segregation are denied certain privileges, personal property will usually be

impounded. Inmates placed in Disciplinary Segregation are provided with blankets, a mattress, a pillow, toilet tissue, and shaving utensils (as necessary).

Inmates may possess legal and religious materials while in Disciplinary Segregation. Also, staff shall provide a reasonable amount of non-legal reading material. Inmates in Disciplinary Segregation shall be seen by a member of the medical staff daily, including weekends and holidays. A designated unit staff member from each housing unit will visit the segregation unit daily. Inmates in both Administrative Detention and Disciplinary Segregation are provided with regular reviews of their housing status.

Releases

Sentence Computation: The Designation and Sentence Computation Center (DSCC) and the Correctional Systems Department is responsible for the computation of inmate sentenced. An inmate will be given a copy of his or her sentence computation as soon as it is prepared. Any questions about good time, jail time credit, parole eligibility, full term dates, release dates, or periods of supervision are resolved by staff upon inmate request for clarification.

Fines and Costs: In addition to jail time, the court may impose a committed or non-committed fine and/or costs. A committed fine means that the inmate will stay in prison until the fine is paid, and/or makes arrangements to pay the fine, or qualifies for release under the provisions of Title 18 USC, Section, 3569 (paupers, oath). Non-committed fines have no condition of imprisonment based on payment of fines or costs. Payment for a non-committed fine or cost is not required for release from prison or transfer to a contract community corrections center.

Detainers: Warrants (or certified copies of Warrants) based on pending charges, overlapping, consecutive, or unsatisfied sentences in federal, state, or military jurisdictions, will be accepted as detainers. Detainers and untried charges can have an effect on institutional programs. Therefore, it is very important that the inmate attempt to resolve all pending charges.

Federal and state detainers may be quickly processed under the procedures of the "Interstate Agreement on Detainers." This agreement applies to all detainers based on pending charges which have been lodged against an inmate by a "member" state, including the U.S. Government, regardless of when the detainer was lodged. For an inmate to use this procedure, the warrant must be lodged with the institution. If no detainer is actually lodged at the institution, but the inmate knows of pending charges, it is important for the inmate to contact the court and district attorney because, in some states, the detainer notice may start the time running for a Speedy Trial Act agreement.

Good Conduct Good Time: This applies to inmates sentenced for an offense committed after November 1, 1987. The Comprehensive Crime Control Act became law November 1, 1987. The two most significant changes in the sentencing statutes deal with good time and parole issues. There are no provisions under the new law for parole. The only good time available will be fifty-four (54) days of good conduct time for each full year served. This is awarded on the anniversary date and may be awarded in part or in whole, contingent upon behavior during the year. Once awarded, it is vested and may not be forfeited. There is no statutory good time or extra good time for people being sentenced for crimes committed **after November 1, 1987.**

Release Planning: If granted Parole by the U.S. Parole Commission, the Commission will require an approved parole plan prior to release. An approved parole plan consists an offer of employment and a place to reside. The job must pay at least minimum wage and normally may not require extensive travel. The place to reside must be a reputable establishment, but can be almost anywhere (parents, wife, friend, YMCA, etc.) The proposed parole plan is thoroughly investigated by the U.S. Probation Officer approximately three to six months before the scheduled parole date.

Halfway House Transfers: Inmates who are nearing release, and who need assistance in obtaining a job, residence or other community resources, may be transferred to a community corrections programs. The Bureau's Community Corrections Branch, within the Correctional Programs Division, supervises services provided to offenders housed in contract facilities and participating in specialized programs in the community. The Community Corrections Manager

(CCM) links the Bureau of Prisons with the U.S. Courts, other Federal agencies, State and local Governments, and the community. The CCM is responsible for developing and maintaining a variety of contract facilities and programs and works under the supervision of the appropriate Regional Administrator.

Community Programs: Community programs have three major emphasis: residential community-based programs provided by community corrections centers as local detention facilities; programs that provide intensive nonresidential supervision to offenders in the community; and programs that board juvenile and adult offenders in contract correctional facilities.

Community-Based Residential Programs: The community-based residential programs available include both typical Community Corrections Center (RRC) and local detention facilities. Each provides a suitable residence, structured programs, job placement, and counseling while monitoring the offender's activities. They also provide drug testing and counseling, and alcohol monitoring and treatment. While in these programs, employed offenders are required to pay subsistence to help defray the cost of their confinement. The inmate's payment rate during RRC residence is twenty-five (25) percent of the inmate's income. Most Bureau of Prisons community-based residential programs are provided in RRC's. These facilities contract with the Bureau of Prisons to provide residential correctional programs near the offender's home community. RRC's are used primarily for three types of offenders: Those **nearing release** from a BOP institution, as a transitional service while the offender is finding a job, locating a place to live, and reestablishing family ties. Those **under community supervision** who need guidance and supportive services beyond what can be provided thorough regular supervision. Those **servicing short sentences** of imprisonment and terms of community confinement. Each RRC now provides two components with one facility, a pre-release component and a community corrections component. The pre-release component assists offenders making a transition from an institutional setting to the community, or as a resource while under supervision. The community corrections component is designed as a punitive sanction. Except for employment and other required activities, the offenders in this second, more restrictive component must remain at the RRC, where recreation, visiting, and other activities are provided in-house. The other option for community-based residential programming is local detention facilities. Some local jails and detention centers are used to confine offenders serving short sentences. Many have work release programs where an offender is employed in the community during the day and return to the institution at night. These facilities may also be used for offenders sentenced to terms of intermittent confinement such as nights, weekends, or other short intervals. Some of these local facilities have work release programs similar to the Community Corrections Component in a RRC, which serve to facilitate the transition from the institution to the community.

Conclusion: Hopefully this information will assist you during your incarceration. Feel free to ask any staff member for assistance, particularly unit team staff. For individuals who are not yet in custody, and who have been given this publication to prepare for commitment, the Bureau's Community Corrections Manager or the staff at the designated institution can help clarify any other concerns.

Inmate Copayment Program

Pursuant to the Federal Prisoner Health Care Copayment Act (FHCCA) of 2000 (P.L. 106-294, 18 U.S.C. § 4048), The Federal Bureau of Prisons and USP Lee provide notice of the Inmate Copayment Program for health care, effective October 3, 2005.

- A. **Application:** The Inmate Copayment Program applies to anyone in an institution under the Bureau's jurisdiction and anyone who has been charged with or convicted of an offense against the United States, except inmates in inpatient status at a Medical Referral Center (MRC). All inmates in outpatient status at the MRCs and inmates assigned to the General Population at these facilities are subject to copay fees.
- B. **Health Care Visits with a Fee:**
1. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, if you receive health care services in connection with a health care

visit that you requested, except for services described in section C., below.

These requested appointments include Sick Call and after-hours requests to see a health care provider. If you ask a non-medical staff member to contact medical staff to request a medical evaluation on your behalf for a health service not listed in section C., below, you will be charged a \$2.00 copay fee for that visit.

2. You must pay a fee of \$2.00 for health care services, charged to your Inmate Commissary Account, per health care visit, if you are found responsible through the Disciplinary Hearing Process to have injured an inmate who, as a result of the injury, requires a health care visit.

C. Health Care Visits with no Fee:

We will not charge a fee for:

1. Health care services based on health care staff referrals;
2. Health care staff-approved follow-up treatment for a chronic condition;
3. Preventive health care services;
4. Emergency services;
5. Prenatal care;
6. Diagnosis or treatment of chronic infectious diseases;
7. Mental health care; or
8. Substance abuse treatment.

If a health care provider orders or approves any of the following, we will also not charge a fee for:

- Blood pressure monitoring;
- Glucose monitoring;
- Insulin injections;
- Chronic care clinics;
- TB testing;
- Vaccinations;
- Wound Care; or
- Patient education.

Your health care provider will determine if the type of appointment scheduled is subject to a copay fee.

- D. Indigency: An indigent inmate is an inmate who has not had a trust fund account balance of \$6.00 for the past 30 days.**

If you are considered indigent, you will not have the copay fee deducted from your Inmate Commissary Account.

If you are NOT indigent, but you do not have sufficient funds to make the copay fee on the date of the appointment, a debt will be established by TRUFACS, and the amount will be deducted as funds are deposited into your Inmate Commissary Account.

- E. **Complaints:** You may seek review of issues related to health service fees through the Bureau's Administrative Remedy Program (see 28 CFR part 542).

**Sexually Abusive Behavior
Prevention and Intervention**

An Overview for Offenders

October 2012

You Have the Right to be Safe from Sexually Abusive Behavior.

The Federal Bureau of Prisons has a **zero tolerance** policy against sexual abuse. While you are incarcerated, **no one has the right to pressure you to engage in sexual acts.**

You do not have to tolerate sexually abusive behavior or pressure to engage in unwanted sexual behavior from another inmate or a staff member. Regardless of your age, size, race, ethnicity, gender or sexual orientation, you have the right to be safe from sexually abusive behavior.

What Can You Do To Prevent Sexually Abusive Behavior?

Here are some things you can do to protect yourself and others against sexually abusive behavior:

- § Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.
- § Do not accept gifts or favors from others. Most gifts or favors come with strings attached to them.
- § Do not accept an offer from another inmate to be your protector.
- § Find a staff member with whom you feel comfortable discussing your fears and concerns.
- § Be alert! Do not use contraband substances such as drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
- § Be direct and firm if others ask you to do something you don't want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.
- § Stay in well lit areas of the institution.
- § Choose your associates wisely. Look for people who are involved in positive activities like educational programs, psychology groups, or religious services. Get involved in these activities yourself.
- § Trust your instincts. If you sense that a situation may be dangerous, it probably is. If you fear for your safety, report your concerns to staff.
- §

What Can You Do if You Are Afraid or Feel Threatened?

If you are afraid or feel you are being threatened or pressured to engage in sexual behaviors, you should discuss your concerns with staff. Because this can be a difficult topic to discuss, some staff, like psychologists, are specially trained to help you deal with problems in this area.

If you feel immediately threatened, approach any staff member and ask for assistance. It is part of his/her job to ensure your safety. If it is a staff member that is threatening you, report your concerns immediately to another staff member that you trust, or follow the procedures for making a confidential report.

What Can You Do if You Are Sexually Assaulted?

If you become a victim of a sexually abusive behavior, **you should report it immediately to staff** who will offer you protection from the assailant. You do not have to name the inmate(s) or staff assailant(s) in order to receive assistance, but specific information may make it easier for staff to know how best to respond. You will continue to receive protection from the assailant, whether or not you have identified him or her (or agree to testify against him/her).

After reporting any sexual assault, you will be referred immediately for a medical examination and clinical assessment. Even though you may want to clean up after the assault **it is important to see medical staff**

BEFORE you shower, wash, drink, eat, change clothing, or use the bathroom. Medical staff will examine you for injuries which may or may not be readily apparent to you. They can also check you for sexually transmitted diseases, pregnancy, if appropriate, and gather any physical evidence of assault. The individuals who sexually abuse or assault inmates can only be disciplined and/or prosecuted if the abuse is reported. **Regardless of whether your assailant is an inmate or a staff member, it is important to understand that you will never be disciplined or prosecuted for being the victim of a sexual assault.**

How Do You Report an Incident of Sexually Abusive Behavior?

It is important that you **tell a staff member if you have been sexually assaulted**. It is equally important to inform staff if you have witnessed sexually abusive behavior. You can tell your case manager, Chaplain, Psychologist, SIS, the Warden or any other staff member you trust.

BOP staff members are instructed to keep reported information confidential and only discuss it with the appropriate officials on a need-to-know basis concerning the inmate-victim=s welfare and for law enforcement or investigative purposes. There are other means to confidentiality report sexually abusive behavior if you are not comfortable talking with staff.

§ **Write directly to the Warden, Regional Director or Director.** You can send the Warden an Inmate Request to Staff Member (Cop-out) or a letter reporting the sexually abusive behavior. You may also send a letter to the Regional Director or Director of the Bureau of Prisons. To ensure confidentiality, use special mail procedures.

§ **File an Administrative Remedy.** You can file a Request for Administrative Remedy (BP-9). If you determine your complaint is too sensitive to file with the Warden, you have the opportunity to file your administrative remedy directly with the Regional Director (BP-10). You can get the forms from your counselor or other unit staff.

§ **Write the Office of the Inspector General (OIG)** which investigates allegations of staff misconduct. OIG is a component of the Department of Justice and is not a part of the Bureau of Prisons. The address is:

**Office of the Inspector General
P. O. Box 27606
Washington, D.C. 20530**

Understanding the Investigative Process

Once the sexually abusive behavior is reported, the BOP and/or other appropriate law enforcement agencies will conduct an investigation. The purpose of the investigation is to determine the nature and scope of the abusive behavior. You may be asked to give a statement during the investigation. If criminal charges are brought, you may be asked to testify during the criminal proceedings.

Counseling Programs for Victims of Sexually Abusive Behavior

Most people need help to recover from the emotional effects of sexually abusive behavior. If you are the victim of sexually abusive behavior, whether recent or in the past, you may seek counseling and/or advice from a psychologist or chaplain. Crisis counseling, coping skills, suicide prevention, mental health counseling, and spiritual counseling are all available to you.

Management Program for Inmate Assailants

Anyone who sexually abuses/assaults others while in the custody of the BOP will be disciplined and prosecuted to the fullest extent of the law. If you are an inmate assailant, you will be referred to Correctional Services for monitoring. You will be referred to Psychology Services for an assessment of risk and treatment and management needs. Treatment compliance or refusal will be documented and decisions regarding your conditions of confinement and release may be effected. If you feel that you need help to keep from engaging in sexually abusive behaviors, psychological services are available.

Policy Definitions

Prohibited Acts: Inmates who engage in inappropriate sexual behavior can be charged with the following Prohibited Acts under the Inmate Disciplinary Policy:

Code 114/ (A): Sexual Assault By Force

Code 205/ (A): Engaging in a Sex Act

Influencing, promising or threatening an inmate=s safety, custody, privacy, housing, privileges, work detail or program status in exchange for sexual favors is also prohibited.

What is sexually abusive behavior? According to federal law (Prison Rape Elimination Act of 2003) sexually abusive behavior is defined as:

a. **Rape:** the carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person **FORCIBLY** or against that person=s will; The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person not forcibly or against the person=s will, where the victim is **incapable of giving consent** because of his/her youth or his/her temporary or permanent mental or physical incapacity; or The carnal knowledge, oral sodomy, or sexual assault with an object or sexual fondling of a person achieved through the **exploitation of the fear or threat** of physical violence or bodily injury.

Carnal Knowledge: contact between the penis and vulva or the penis and the anus, including penetration of any sort, however slight.

Oral Sodomy: contact between the mouth and the penis, the mouth and the vulva, or the mouth and the anus.

b. **Sexual Assault with an Object:** the use of any hand, finger, object, or other instrument to penetrate, however slightly, the genital or anal opening of the body of another person (**NOTE:** This does NOT apply to custodial or medical personnel engaged in evidence gathering or legitimate medical treatment, nor to health care provider=s performing body cavity searches in order to maintain security and safety within the prison).

c. **Sexual Fondling:** the touching of the private body parts of another person (including the genitalia, anus, groin, breast, inner thigh, or buttocks) for the purpose of sexual gratification.

d. **Sexual Misconduct** (staff only): the use of indecent sexual language, gestures, or sexually oriented visual surveillance for the purpose of sexual gratification.

An incident is considered **Inmate-on-Inmate Abuse/Assault** when any sexually abusive behavior occurs between two or more inmates. An incident is considered **Staff-on-Inmate Abuse/Assault** when any sexually abusive behavior is initiated by a staff member toward one or more inmates. It is also considered Staff-on-Inmate Abuse/Assault if a staff member willingly engages in sexual acts or contacts that are initiated by an inmate.

NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts, and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal. Inmates who have been sexual assaulted by another inmate or staff member will not be prosecuted or disciplined for reporting the assault. However, inmates will be penalized for knowingly filing any false report.

YOU CAN SAVE A LIFE

It is not uncommon for people to experience depression and hopelessness while incarcerated, particularly if they are newly arrested, are facing a long sentence, are experiencing family problems, experiencing problems getting along with other inmates, or receive bad news. Sometimes, inmates consider committing suicide due to all the pressures they are under.

Staff members are trained to monitor inmates for signs of suicide, and they are trained to refer all concerns to the Psychology Department. However, staff members do not always see what inmates see. If you are personally experiencing any of the problems noted above, or you or another inmate are showing signs of depression (sadness, tearfulness, lack of enjoyment in usual activities), withdrawal (staying away from others, reducing phone calls and/or visits), or hopelessness (giving away possessions, stating that there is nothing to live for), PLEASE alert a staff member right away.

You *can* save a life!
