FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

INTRODUCTION:

The purpose of this booklet is to provide general information about the Montgomery Federal Prison Camp, Montgomery, Alabama. It is not intended to be a book of rules and regulations, but rather a book of information which will aid you in adjusting to your new environment.

This booklet should prove helpful to you. Read it carefully and do not hesitate to ask questions if you have them.

You will find ample movement and less direct supervision than you might normally expect. This privilege carries with it a great responsibility on your part to see that the functions of the camp are properly carried out. While here, you are expected to conduct yourself in a responsible manner at all times, to be courteous to others, to be respectful toward all, and to obey instructions.

It is your responsibility to become aware of the rules and regulations governing your stay at FPC Montgomery. The time you spend in this institution, if used constructively, will benefit you upon your release. Should you elect to violate the rules and regulations of this institution, appropriate disciplinary action will be taken.

Inmates who do not comply with established rules and regulations or act in a manner that disrupts the orderly running of the institution may be placed in restraints. Inmates are to comply with any and all requests from staff regarding the placement of restraints.

ADMISSION AND ORIENTATION:

All new commitments will be given a copy of the Institution A&O Booklet and inmate Rights and Responsibilities, and will acknowledge receipt by indicating on the Intake Screening form during the initial intake screening process.

Upon an inmate's arrival in the Unit, bed and quarters assignments will be made based upon the current demographics in each housing wing. All living quarters are considered smoke-free at FPC Montgomery. Inmates will be provided a Safety Orientation and Unit Security Overview on the same day that the inmate arrives in the unit (assigned or temporary), no later than by the end of the day (lights out).

Each inmate will participate in the Institution A&O Program, ordinarily within four weeks of his arrival at the institution.

Inmates assigned to the A&O Program may be used in their assigned housing unit to assist with sanitation when not actively involved in the program.

Inmates in the A&O Program are allowed the same telephone privileges as other inmates.

The rules are very basic. No violence or physical aggression, no criminal behavior, no sexual activity, no obscene language, no neglect of personal hygiene or corporate sanitation, and no sloppy work habits. Getting to work on time, being dependable, and tending to business while on the job are criteria employers expect.

WARDEN:

The Warden is responsible for the overall operation of the institution. The Warden's decisions are based on policies established by the Bureau of Prisons. Authority is delegated to other staff, but the ultimate responsibility lies with the Warden.

ASSOCIATE WARDEN:

The Associate Warden is responsible for the day-to-day operation of the camp. When the Warden is out of the institution, the Associate Warden is delegated the responsibility of Acting Warden.

CAPTAIN:

The Captain is responsible for the overall orderly running of the institution, as well as the sanitation within the

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

camp. The rules and regulations governing the institution are to ensure the safety of inmates, staff, and the community.

COUNT PROCEDURES:

Official counts: 12:01 a.m.; 3:00 a.m.; 5:00 a.m.; 4:00 p.m. (standing); 10:00 p.m. (standing).

Saturdays, Sundays and Federal Holidays 12:01 a.m.; 3:00 a.m.; 5:00 a.m.; 10:00 a.m. (standing); 4:00 p.m. (standing); 10:00 p.m. (sanding)

You should orient yourself to the time of each count. The 12:01 a.m., 3:00 a.m., and 5:00 a.m. counts will be conducted with the aid of flashlights to ensure all inmates are alive, well, and present.

The 4:00 p.m., 10:00 a.m., and 10:00 pm counts are the only mandatory standing counts. Other counts may be directed as "standing counts" as necessary. Official counts and counting procedures are viewed as a serious function. Disciplinary action may be taken for any interference with the counting procedures.

Inmates are required to be in their assigned cubicles prior to the start of the official counts, unless it has been established the inmate is on an out count in another department. Inmates will not be allowed to be counted in the television rooms, card room, laundry room, patio area or restrooms.

You must be standing next to your respective bunk during designated standing counts and remain in your wing. When count has been cleared, you may return to normal activity within the wing, only until the institution count is officially cleared and announced over the public address (PA) system will normal activity resume within the unit.

CHECK OFF:

Inmates who are on idle, medical convalescence, vacation and unassigned are required to check off with a member of their unit team at 8:00 a.m., 10:00 a.m., 12:00 p.m. and 2:00 p.m.

CALL-OUT/CHANGE SHEET:

Call-outs and change sheets are posted on the unit bulletin boards every day following the evening meal. These notices announce appointments and job changes. **Do not fail to read the call-out and change sheets daily.** Inmates finishing their callout must immediately return to their assigned work assignment for accountability purposes. Inmates assigned to base details must report to the Staging Officer.

CONGREGATING:

It is not permissible for inmates to congregate in the corridors, stairwells, or entrance ways of the housing units unless instructed and approved by staff. Also, inmates are not permitted to congregate in the central compound area located between the Correctional Services building and the Commissary. The areas in front of the inmate housing units are off limits between the hours of 9:45 p.m. on Sunday evenings through 6:00 a.m. Saturday mornings. The only time that these areas may be utilized is on weekends and federal holidays.

BOUNDARIES:

There are limited physical boundaries at this facility with which you need to become familiar. The following identified boundaries are posted with "out of bounds" signs; however, the absence of a posted boundary sign does not give you authorization to wander outside these boundary lines. You are responsible for remaining within the established boundaries at all times, unless granted permission by a full-time staff member.

On or across the "River Road," is out of bounds. The staging area, staging area parking lot, the dog kennels (unless you are an authorized dog handler), and the area past the connecting road next to the soccer field are out of bounds. The soccer field is out of bounds unless an organized game, sponsored and supervised by recreation staff, is in progress. The area behind Birmingham Unit is out of bounds. INMATE HOUSING UNITS:

There are three inmate housing units: Birmingham, Mobile, and Montgomery. Each unit has a Unit Manager, two Case Managers, one or two Correctional Counselors, and one Unit Secretary. Each member of the Unit Team is a professional who will assist you in planning and accomplishing your program goals in preparation for your release. You are the most important member of the team and your accomplishments here depend upon your own desires and motivation. The "Inmate Request to Staff" form, commonly called the "Cop-out," can be obtained from your unit team. This form is used to request appointments and to provide other written communication to staff.

Problems or complaints should be discussed freely with your Case Manager, Counselor, or Unit Manager. All problems should be resolved informally through direct communication and staff intervention. If you cannot resolve complaints informally, you may file an Administrative Remedy (BP-229). These forms are supplied by your Counselor and must be returned to him or her.

The amount of personal property allowed each inmate will be limited to those items which can be neatly and safely placed/stored in the locker. Under no circumstances will any materials referred to in this policy be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard. An itemized list of inmate personal property allowed is posted on the bulletin board in the housing units.

If this schedule is not adhered to, unit staff will preselect all TV programs.

UNIT MANAGEMENT MISSION:

Unit Management is designed to enhance the quality and delivery of correctional programs and services to inmates. Because the unit deals with a smaller number of inmates, it is better able to tailor its programs to their needs, while increasing personal contact between the staff and the inmates assigned to the unit. The correctional programs developed and administered are designed to fulfill the objectives of the Bureau of Prisons, which consist of secure confinement and rehabilitation. Unit objectives are the means by which the unit accomplishes the unit mission. The objectives are:

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

- To divide large numbers of inmates into well-defined groups whose members are encouraged to identify with each other and with the Unit Staff. This develops a feeling that members of the unit share common goals and responsibilities.
- To increase the frequency of contact and the quality of relationship between staff and inmates by placing decision-making personnel in close proximity to those inmates under their supervision.
- To provide better observation of inmates, thereby enabling early detection of problems before they become too serious.
- To regulate inmate behavior in such a way that they are held accountable for their actions and encouraged to exercise self-control.
- To provide programs for each inmate which meet his needs, capabilities and ambitions.
- To place special emphasis on each of the following:

- Institutional adjustment.
- Acquisition and performance of work skills.
- Interpersonal communications.
- Positive self-esteem.
- Self-motivation.
- Problem solving techniques.
- Realistic goal setting.
- Education/training.
- Acquisition of other "life" skills, e.g., literacy, reasoning ability, social education, etc.

Each individual will conduct himself in an adult manner and not bring discredit upon the Federal Prison Camp. Unauthorized contact with civilian and military personnel is strictly prohibited.

UNIT MANAGER:

The Unit Manager directs and manages the housing unit and is responsible for the unit's operation and security, within appropriate policy, as well as for planning, developing, implementing, supervising, and coordinating individual programs tailored to meet the particular needs of inmates in the unit. Such programming often is highly innovative and complex and requires close supervision and evaluation. This requires expertise to formulate and write programs as well as an ability to evaluate program effectiveness realistically to meet prescribed goals.

CASE MANAGER:

Case Managers are assigned to assure proper placement in the system. They assess your needs and those of the institution for program assignments. In addition, they deal with parole, transfers, relocation, Residential Reentry Center (RRC) placement, and releases. They are an integral and essential member of the classification team. Their hours are staggered in an effort to be available during your non-working hours.

CORRECTIONAL COUNSELOR:

The Correctional Counselor has the responsibility of assisting you with your day-to-day issues, including orientation, sanitation, furloughs, visiting, quarters and bed assignments, etc. The Counselor is your initial contact and your representative on the classification team. In most cases, the Counselor can resolve your issues, to include emergencies. If not, you will be referred to the appropriate staff.

A telephone device for the hearing impaired (TDD) will be made available to inmates with hearing impairments. You may contact a member of your unit team if you desire to make a telephone call using the TDD.

The classification team meetings are normally held on Tuesdays and Thursdays. Team Dockets will be posted in the lobby of your assigned unit. Watch the Team Docket for your name to appear. You will only be placed on call-out for your initial classification meeting. You must wear your inmate uniform to all team meetings.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

UNIT SECRETARY:

Assists the unit team by performing clerical and administrative functions, including but not limited to the maintenance of inmate central files and paperwork necessary for an inmate release and Unit operations.

INMATE REQUEST TO REVIEW CENTRAL FILE:

An inmate seeking to review his inmate Central File shall submit a request to his Case Manager via an Inmate Request to Staff form. The inmate's request will be acknowledged, and he will be permitted to review the file whenever practicable. All file reviews must be done under constant and direct staff supervision. Those materials which have been determined to be non-disclosable shall be removed from the folder before inmate review. An entry shall be made on the Inmate Activity Record to show the date the inmate reviews the file. The staff member monitoring the review shall initial the entry and the inmate will be asked to initial the entry.

INITIAL CLASSIFICATION/PROGRAM REVIEW:

Inmates initially designated to the institution will receive initial classification within 28 days of arrival. Unit, Education, and Psychology staff will assess each inmate and work with them to develop an individual plan which will address skill deficits that may deter successful reentry into the community.

Subsequent Program Reviews will be held every 90 to 180 days, depending upon release date. These are held by the Unit Team to review progress on programming goals, work assignments, transfers, custody/security level, institutional adjustment, etc. The inmate may not waive appearance with the Unit Team.

UNSCHEDULED PROGRAM REVIEWS:

Pursuant to CFR 9524.14, upon request of either the inmate or staff, an inmate's Program Review meeting may be advanced. An inmate must provide a compelling rationale to the Unit Team demonstrating his need for an unscheduled Program Review. The Unit Manager is the approving official.

UNMONITORED LEGAL TELEPHONE CALLS:

When requesting an unmonitored telephone call to an attorney, the inmate must submit an Inmate Request to Staff form at least one day in advance of the desired date of the call. The inmate will need to demonstrate communication with their attorney by other means is not adequate. To ensure the inmate's attorney is available to take the call, it is recommended inmates have the attorney send a letter to a member of the inmate's unit team indicating they have a need to communicate with the inmate concerning legal matters, and the dates and times the attorney would be available. Normally, the Unit Manager will be the approving official for unmonitored legal telephone calls.

POSTAGE FOR INDIGENT INMATES:

An inmate who has neither funds nor sufficient postage, and upon verification of this status by staff, may be provided the postage for mailing a reasonable number of letters at government expense to enable the inmate to maintain community ties. The request for postage will be made through to the Unit Manager.

POSTAGE STAMP LIMIT:

Inmates may only possess 60 postage stamps at one time. If an inmate needs additional postage to mail a specific item, the Unit Manager may authorize that purchase. No more than 60 postage stamps, or the equivalent, may be in an inmate's possession at any one time.

INMATE SAVINGS ACCOUNT:

If an inmate wishes to establish a savings account, a member of the unit team shall assist the inmate in establishing an account at a local commercial bank. Any interest accrued in the savings account is accrued in the inmate's name and becomes part of the account.

Inmates should be advised that once the funds are placed in the savings account, they may only be withdrawn upon

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

release, except in case of an emergency. Passbooks and other documents relating to the savings account shall be retained in the inmate's central file and given to him upon release.

Arrangements must be made with the savings facility to mail statements regarding deposits, interest payments, and withdrawals directly to the inmate. See your Unit Counselor for more information.

FINANCIAL RESPONSIBILITY PROGRAM:

The Bureau of Prisons strongly encourages you to satisfy your legitimate financial obligations, to include court assessments, restitution, committed fines, non-committed fines, child support, etc. As part of the initial classification process, your unit team will provide you with the opportunity to develop a financial plan for satisfying these obligations. During subsequent program reviews, your unit team will consider your willingness and dedication to address your legal financial responsibilities. You should make every effort to satisfy your financial obligations by paying an amount commensurate with your ability to pay. You may either make a single payment or repetitive payments to satisfy your debts. Participation in the Inmate Financial Responsibility Program (FRP) is a factor that will be assessed when considering you for various programs, including furloughs, RRC placement, lower bunks, telephone use, and recreation activities in the community.

NOTARY SERVICES:

FPC Montgomery offers Notary Services. The counselors assist the inmates with the notary when needed for legal documents or other items. The inmate may put a request into staff to be placed on call-out for the notary if needed.

ADMINISTERING OATHS AND ACKNOWLEDGMENTS:

28 U.S.C. §1746 provides that an unsworn declaration under penalty of perjury may be used with "like force and effect" as a sworn declaration, verification, certification, statement, oath, or affidavit, when such action is required by any law, rule, regulation, order, or requirement of the United States. Exceptions specified in the statute are a deposition, an oath of office, and an oath required to be taken before a specified official other than a notary public.

Since most documents inmate's sign are pursuant to a United States law, rule, or regulation, a sworn oath is often not required.

UNSWORN DECLARATIONS:

Other than for the exceptions cited above, staff need not administer oaths and witness inmate signatures on any documents to be filed in Federal courts or with Federal agencies, unless directly instructed to do so by the Court or agency.

Inmates may make their own unsworn declaration on such documents by placing the following paragraph at the end of the document:

"I declare (or certify, verify or state), under penalty of perjury, that the foregoing is true and correct.
Executed on (date)."

Signature

OATHS:

Unsworn declarations are not legally sufficient for declarations on depositions, for oaths of office, or for oaths required to be taken before an official other than a notary public. In addition, documents for submission to state courts and state agencies may require a sworn declaration. For such documents, it is Bureau policy to administer oaths prior to witnessing the signatures of persons executing these documents.

Upon approval of the Unit Manager, your Case Manager may administer oaths and acknowledgments to inmates

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

for documents requiring more than an unsworn declaration.

CUSTODY LEVEL:

All newly committed inmates are assigned a custody level of Out custody upon arrival at FPC Montgomery. This means that you are classified as appropriate for a minimum security institution. To participate in any community based activity, including furloughs and RRC placement, Community custody must be obtained. Initial review for a possible reduction to Community custody will generally be accomplished after an inmate has been at the facility for six months, in conjunction with your regularly scheduled program review meeting.

FURLOUGHS:

A furlough is an authorized absence from the institution by an inmate who is not under the escort of a staff member or other law enforcement official. The Warden is the approving official for all furloughs. To qualify for a furlough, you must meet the eligibility requirements in Program Statement 5280.09, Furloughs.

Furloughs, other than emergency or medical, may be requested at your scheduled program review meetings, provided you meet eligibility requirements. Consult a member of your unit team for further information on furloughs.

COMPASSIONATE RELEASE:

Pursuant to Program Statement 5050.48, Compassionate Release; Procedures for Implementation, a sentencing court, on motion of the Bureau of Prisons, may make an inmate with a minimum term sentence immediately eligible for parole by reducing the minimum term of the sentence to time served. Under 18 U.S.C. 3582(c)(1)(A), a sentencing court, on motion of the Director of the Bureau of Prisons, may reduce the term of imprisonment of an inmate sentenced under the Comprehensive Crime Control Act of 1984. The Bureau uses 18 U.S.C. 4205(g) and 18 U.S.C. 3582(c)(1)(A) in particularly extraordinary or compelling circumstances which could not reasonably have been foreseen by the court at the time of sentencing. Consult a member of your unit team for further information on Compassionate Release.

REENTRY:

The BOP's reentry initiative is to provide inmates with the necessary skills and resources to succeed upon release. Through coordinated efforts among the departments in the institution and with community partners and volunteers, an array of programs, services, and activities are offered to the inmate population in order to assist in making a successful transition from prison to the community.

Your Insight tool is your way and our way of assessing your needs while you are at the institution. You will begin completing this assessment tool during your initial classification meeting with your Unit Team. The assessment tool identifies 3 skill areas and measures your strengths and weaknesses in relation to release readiness. During each team meeting you will review your Insight plan with your Unit Team and programs will be recommended for you that will assist you with your release planning and preparation. It will be up to you as to whether or not you choose to be active in your release preparation and improve upon skills identified in the plan that need your attention, or you need to improve.

In order to assist with employment readiness upon release, you will need at least two forms of identification. If you currently have proper identification at home, or on your person, you may have it mailed to your Unit Team and placed in your central file and it will be given to you upon your release. You cannot have any form of identification in your possession while you are incarcerated.

RESIDENTIAL REENTRY CENTERS:

Residential Reentry Centers (RRCs) assist offenders in their transition from prison back into society. There are more than 400 RRCs under contract with the Bureau of Prisons. The placement process for eligible inmates ordinarily begins 17-19 months prior to the projected release date. Questions regarding this program should be directed to your unit team.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

RELEASE PROCEDURES:

Inmates departing the institution by release or transfer will normally depart the institution by town driver or privately owned vehicle. Commercial bus lines and airlines may also be utilized. If an inmate chooses to use transportation other than that offered by the Bureau, the inmate or the inmate's family must pay the entire transportation cost; no part of that cost will be absorbed by the Bureau. Ordinarily, releases and transfers will occur after 8:00 a.m., Monday through Friday. Exceptions are made in unusual cases.

RELEASE GRATUITIES:

Inmates being transferred to an RRC or direct street releases may be given a reasonable gratuity, based upon individual need as determined by policy and your Unit Team, with final approval by the CMC and/or Warden. You are encouraged to save money for release needs throughout your incarceration.

RELEASE CLOTHING:

Inmates who desire release clothing to be sent in upon release or transfer to an RRC should make a request to their Counselor, no earlier than 30 days prior to their departure date from the institution. This clothing will be issued on the day of departure.

BULLETIN BOARDS:

Permanent bulletin boards are located in the lobby of each inmate housing unit, food service, education, chapel, R &D, and commissary. You are expected to review the bulletin board daily for pertinent information which may concern you. At no time should anything be added or removed from the bulletin board without prior approval from a staff member.

ACCESS TO DIPLOMATIC REPRESENTATIVE:

Pursuant to Program Statement 5140.40, Transfer of Offenders to or from Foreign Countries, an inmate who is qualified for and desires to return to his or her country of citizenship for service of a sentence imposed in a United States Court shall indicate his interest by completing and signing the appropriate form and forwarding it to the Warden at the institution where the inmate is confined.

During the initial application process, unit staff will suggest the inmate contact the nearest foreign consular office to advise them of his or her desire to be considered for treaty transfer. Foreign officials normally have documents for the inmate to complete and return to the local consulate and can also assist the inmate in providing proof of citizenship. Consular officials may request to visit the inmate at the institution.

TREATY TRANSFER:

Inmates who are not U.S. Citizens may be eligible for a transfer to their home country to serve the remainder of their sentence. At initial classification, the inmate will be advised if the inmate's home country has a formal exchange treaty with the United States. The Case Manager will provide additional information regarding an inmate's eligibility for participation in the program.

CONSULAR VISITS:

When it has been determined that an inmate is a citizen of a foreign country, the Warden must permit the consular representative of that country to visit on matters of legitimate business.

The Warden may not withhold this privilege even though the inmate is in disciplinary status. The requirement for the existence of an established relationship prior to confinement does not apply to consular visitors.

UNIT BASED PROGRAMS:

The following is a list of Unit Based Programs developed and implemented by Unit Managers within their units. All inmates may sign up for any class via an Inmate Request to Staff form. Institution A&O - Rotates between all Units

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

GROOMING AND SANITATION:

Appearance is important in making a positive impression on others, as well as providing you with a feeling of general well-being and personal satisfaction. You are expected to maintain a neat personal appearance at all times. There is no limitation on hair style and length of hair; however, hair will be clean and neatly groomed at all times. Beards and moustaches are permitted.

You will be held responsible for the condition of your living area. Beds are to be made properly, areas cleaned, trash emptied and lights turned off before work call. Nothing is to be taped or nailed to walls or furnishings.

CORRECTIONAL SYSTEMS:

The Correctional Systems Department is located in Building 1251. The department is responsible for carrying out the duties related to the Records Office, Mail Room, and Receiving and Discharge (R&D). The hours of operations are 7:00 a.m. to 3:30 p.m., Monday through Friday.

RECORDS OFFICE:

The Records Office is responsible for the legal commitment and release of offenders. As newly committed offenders, you will receive a copy of the sentence computation which is computed by the Designation and Sentence Computation Center in Grand Prairie, Texas, generally within 60 days of your arrival. If you are transferring from another institution, you will not receive a copy of your sentence computation unless there is a change in commitment information or release date.

Normally, the sentence computation data record will be prepared and distributed to you prior to your being classified. The sentence computation data sheet is a hard copy of the official record of your sentence. Among other information, this record provides the following:

- Date sentenced
- Length of sentence
- Type of sentence
- Date committed to FPC, Montgomery (or initial designated institution)
- Date computation began (date sentence began)
- Credit for jail time (also known as prior custody credit)
- Parole eligibility date (if applicable)
- Statutory release date (if applicable)
- Full term date
- Credit for statutory good time (if applicable)

JAIL TIME:

Jail credit is controlled by Title 18 USC 3568 (or 18 USC 3585 for CCCA guideline sentences), which states, "The Attorney General shall give any such person credit toward service of his sentence for any days spent in custody in connection with the offense or act for which sentence was imposed." Jail credit must be certified by all detaining authorities having custody at that particular time.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

STATUTORY GOOD TIME:

Statutory Good Time (SGT) is controlled by Title 18 USC 4161, for offenses committed prior to November 1, 1987. The rate of SGT is determined by the length of sentence imposed per 18:4161.

CAMP GOOD TIME (EXTRA GOOD TIME):

Camp Good Time and all other types of Extra Good Time are controlled by Title 18 USC 4162. All Extra Good Time (EGT) applies to offenses committed prior to November 1, 1987.

Camp Good Time is automatically computed at the time the sentence computation is prepared. The "projected satisfaction date" at the bottom of the sentence computation is the projected release date, giving credit for all extra good time available to earn. Camp Good Time/Extra Good Time is earned at the rate of 3 days per month for the first 12 months, and then at the rate of 5 days a month.

All Extra Good Time is prorated as to the number of days you are physically located at the institution and in earning status.

GOOD CONDUCT TIME:

Good Conduct Time (GCT) is controlled by Title 18 USC 3624(b). GCT is the amount of time that may be credited toward the service of a sentence on a term of imprisonment of more than one year, other than a term of life. GCT is based on the time in custody that the inmate actually serves. GCT is awarded at the completion of each year (anniversary date).

GCT is prorated for partial year service. The GCT rate is 54 days per year of time actually served, or 148 days per day of time actually served. The "projected satisfaction date" at the end of the sentence computation sheet is the projected release date giving credit for all GCT which could be credited based on the time to be actually served on the sentence.

The Records Office is also responsible for documenting the receipt of detainers and assisting you in connection with procedures under the Interstate Agreement on Detainers Act (IAD). If you have questions concerning your sentence computation, detainers, or writs, you may discuss them with the Records Office. When reporting to open house, you will be required to wear the inmate uniform. You cannot leave your work detail unless authorization has been given. As an alternative you may also submit an inmate Request to Staff form to the Records Office. Staff will review your request and, if necessary, arrange an appointment for clarification.

MAIL ROOM:

The Inmate Mail Room processes all incoming/outgoing mail Monday through Friday. All first class mail is ordinarily processed and delivered within 24 hours. Mail is not processed on weekends or holidays. Any questions concerning your mail can be addressed at mail room open house from 10:30 a.m. to 11:30 a.m. and 3:00 p.m. to 3:30 p.m., Tuesday and Thursday. Open house for special/legal mail is Monday - Friday, holidays excluded, from 10:30 a.m.- 11:30 a.m. When reporting to open house, you will be required to wear the inmate uniform. Your outgoing mail will be subject to return if your return address is not properly completed. Outgoing mail may be sealed. Staff may open outgoing mail if the envelope has an incomplete return address or for obvious security reasons. Mail not properly identified will not be processed for delivery to the U.S. Postal Service and will be returned to sender.

All incoming mail will be opened by staff and checked for contraband. First Class and publications are delivered to the dormitories no later than 3:30 p.m., Monday through Friday (excluding holidays). All inmates are required to attend mail call.

- Letters containing codes or other attempts to circumvent mail regulations.

Inmates are prohibited from conducting a business of any type while they are incarcerated.

Inmate to inmate correspondence is allowed only with approval of the appropriate authorities at both institutions. Your unit team will prepare the necessary documentation if you meet the requirements for this type of correspondence.

You may send correspondence by registered, certified, or insured mail, and may request a return receipt by placing the required postage stamps on same. Postage stamps in different denominations can be purchased through the inmate Commissary. Services such as express/overnight mail, COD, private carriers, or stamp collecting are not permitted.

Any item received through the mail which cannot be delivered to you will be rejected in accordance with policy. You will receive a copy of the rejection notice.

You are cautioned that you are totally responsible for all the contents of your letters placed in the inmate's mail depository. Any violation of postal laws could result in charges against you.

You may make arrangements to purchase newspapers or magazines, or one of your correspondents may submit a subscription in your behalf.

You may receive hardcover books and newspapers only from the publisher, book club, or from a bookstore. Inmates must hand deliver their own outgoing special/legal mail directly to staff in the mail room Monday - Friday,

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

holidays excluded, from 10:30am - 11:30am. Staff receiving the special mail will immediately confirm that the inmate delivering it is the same inmate reflected in the return address. This will be accomplished by the inmate showing his I.D. Card to verify identification. Once confirmed, staff will continue processing the special mail in accordance with Bureau policy with regard to time frames. Any outgoing special/legal mail will not be subject to inspection prior to processing for delivery to the U.S. Postal Service.

Outgoing special/legal mail submitted without an accurate return address will not be further processed, but rather returned immediately to the inmate. Inmates attempting to send outgoing special/legal mail under another inmate's return address will be considered for disciplinary action.

Outgoing special mail weighing 16 ounces or greater must be processed as a package according to Bureau of Prisons P.S. 5800.10, Section 314, Mail Management. A BP-329, Request - Authorization to Mail Inmate Package, must be completed by the inmate and brought to the Mail Room, along with the package to be mailed out. Mail room staff will sign the package authorization as the approving official at that time.

Outgoing special/legal mail is correspondence sent to the following:

- President/Vice President of the United States U.S.
- Department of Justice Bureau of Prisons U.S.

The sender must be adequately identified on the envelope, and the front of the envelope must be marked "Special mail. Open only in the presence of the inmate" (or similar language). It is the responsibility of the inmate to advise his attorney of this procedure.

Clearly identified mail from the chambers of a judge or from a member of the United States Congress will not require the special mail marking, but will be processed the same as "Special Mail. Open only in the presence of the inmate."

SPECIAL MAIL FROM ATTORNEYS:

It is suggested you provide the following information for special mail privileges to your attorney(s) representing you, at the earliest opportunity, when you write to or visit with your attorney(s). Copies of this statement will be distributed during Admissions and Orientation lectures by the Supervisory Correctional Systems Specialist. You may also receive additional copies through Records Office Open House procedures.

The Bureau of Prisons' Program Statement on correspondence provides the opportunity for any attorney who is representing an inmate to request that attorney/client correspondence be opened only in the presence of the inmate. For this to occur, Bureau policy requires that the attorney adequately identifies himself or herself as an attorney on the envelope and that the front of the envelope be marked "Special Mail - Open only in the presence of the inmate" or with similar language clearly indicating that your correspondence qualifies as special mail and that you are requesting that this correspondence be opened only in the presence of the inmate. Provided the correspondence has this marking, Bureau staff will open the mail only in the inmate's presence for inspection for physical contraband

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

and the qualification of any enclosure as special mail. The correspondence will not be read or copied if these procedures are followed. If your correspondence does not contain the required identification of an attorney, a statement that your correspondence qualifies as special mail, and a request that the correspondence be opened only in the presence of the inmate, staff may treat the mail as general correspondence and may open, inspect, and read the mail.

RECEIPT OF FUNDS:

The Bureau of Prisons utilizes a centralized inmate collection program commonly referred to as LockBox. This is to centralize the processing of all incoming inmate funds. Local institution mail rooms will no longer accept funds received from outside the institution. Any funds will be returned to the sender with specific directions on where and how to send the funds to the national LockBox. The address is:

Federal Bureau of Prisons
Inmate Name Inmate Register Number
Post Office Box 474701
Des Moines, Iowa 50947-0001

In order to ensure that funds are processed without delay to the inmate's Trust Fund account, inmates should adhere to the following procedures:

- The inmate's committed name (no nicknames) and register number must be printed on all money orders, U.S. Treasury, state, and local government checks, any foreign negotiable instruments payable in U.S. currency, and envelopes.
- DO NOT enclose cash, personal checks, letters, pictures or any other items in the envelope. Enclose only the allowable negotiable instrument.

The national LockBox cannot forward any items enclosed with the negotiable instrument to the inmate. Items personal in nature must be mailed directly to the Federal Bureau of Prisons' institution where the inmate is housed.

- The sender's name and return address must appear on the upper left hand corner of the envelope to ensure that the funds can be returned to the sender in the event that they cannot be posted to the inmate's account.

Identified below are instances (LockBox exemptions) when funds may be received at the local institution and processed locally:

- Funds received from a self-commitment inmate.
- Funds received from inmates upon furlough return.
- Funds received from the USMS for escorted inmates.

RECEIVING AND DISCHARGE OPEN HOUSE HOURS:

The R&D open house hours are Tuesdays, Wednesdays and Thursdays from 9:00 a.m. to 11:30 a.m. During these time frames, inmates may check on the status of incoming property, request approved commissary replacement cards, bring outgoing packages for mail-outs, and address other issues and concerns with R & D staff.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

INMATE PERSONAL PROPERTY:

Institution Supplement to PS 5580.08, Inmate Personal Property, defines personal property which each inmate is authorized to possess. It is the responsibility of each inmate to become aware of this policy and adhere to its guidelines. This supplement is on file in the law library. If you are a self-commitment, you have already received the personal property which you are allowed to retain at this institution.

If you are transferring from another federal institution, your property will be received through the R&D area. Arrangements by the R&D Officer will be made for re-inventory and delivery to you as quickly as possible. All items in your property which are not authorized for retention at this institution will be shipped or mailed to the address of your choice at the inmate's expense. All property which you are allowed to keep must be stored neatly in your locker/living area in accordance with unit rules and regulations. The government will not assume responsibility for the care of personal property. Other personal property items allowed for retention are detailed in the aforementioned institution supplement.

The items you retain will be listed on the Inmate Personal Property Record (BP-383). This list is signed by you, certifying the accuracy of the inventory. Any discrepancies, damages, etc., will also be annotated on the form.

You will be given a copy of the form for your retention. It is suggested you retain your copy to provide proof of ownership.

The amount of personal property allowed each inmate will be limited to those items which can be neatly placed in the locker as stated by policy. It is each inmate's responsibility to ensure his property is in the appointed place. Under no circumstances will any materials referred to in this policy be accumulated to the point where they become a fire, sanitation, security, or housekeeping hazard.

The amount of clothing allowed (civilian or institution) will be limited to those items which can be neatly stored in the locker and are within established limitations per item. No personal clothing, except that purchased in the commissary, will be authorized for retention.

If you are removed from the institution via Writ, Interstate Agreement on Detainers (IAD), medical transfer or other temporary release, your personal property will be stored in the R&D area. Whenever possible, your property will be inventoried in your presence. Your institution issued clothing will be returned to the clothing room. Upon your return to the institution, your property will be returned.

To protect the loss of inmate personal property, you are encouraged to secure your personal property in your assigned locker with a personal combination lock at all times.

FEDERAL TORT CLAIMS ACT

The Federal Tort Claims policies govern this type of claim where an inmate's personal property is lost or destroyed or an inmate receives personal injury caused by wrongful or negligent acts or failure of a government employee to act within the scope of his/her employment. The claim must be presented in writing with the supporting documentation to the Regional Office where the incident occurred.

In case of property loss, a copy of all documentation including proof of ownership, purchase, etc., must be included with the claim. This form can be obtained from the Business Office or through your Unit Team.

OUTGOING PACKAGES:

Outgoing inmate packages, except hobby craft items, will be processed by the R&D Officer. Inmates wishing to mail packages must bring the unsealed package to R&D in order that the contents may be checked and a Form BP329(58), Request Authorization to Mail Inmate Packages, will be prepared. Postage stamps required for mailing

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

packages must be provided by the inmate. Hobby craft packages will be processed for mailing by recreation staff under the same condition as previously stated for other packages.

INMATE ACCOUNT CARDS:

You will be issued an inmate account card upon commitment. This card is used as an identification card, as well as to remove funds from your account. **You must carry the card on your person at all times.** If a member of the commissary staff determines that the card is defective, the card will be replaced. ID card replacement will be scheduled by the R&D Officer.

COMMISSARY/TRUST FUND OPERATIONS:

Normal shopping days are Monday through Wednesday, from 9:00 a.m. to 12:00 p.m., 1:00 p.m. to 3:30 p.m. On weeks with a holiday, the shopping will be condensed to three days, and your shopping day may change for that week only. Remember to review the bulletin board near the commissary for updated information. Each inmate is allowed to shop once each week. Blank order forms will be passed out by staff each time you shop, and you are responsible for this blank form. You may pick up your first copy during A&O. All prices are subject to change without notice.

The commissary offers a wide variety of candies, toiletries, and sundry items. No purchases can be made without your Inmate Account Card.

You are permitted to purchase items not to exceed the monthly spending limitation. This amount is subject to change, so check the program statements located in the Inmate Law Library for revisions. Purchases of athletic items, hobby craft items, and leather goods are charged against your monthly spending limit. Over the counter medications and stamps do not count against monthly spending limit.

You may purchase a maximum of three (3) books of stamps during regular sales and/or have the equivalent in international and single stamps.

The commissary is closed for semi-annual (every six months) inventory purposes. Inmates should plan for this when making purchases.

TRULINCS:

The Trust Fund Limited Inmate Computer System (TRULINCS) is the inmate computer network that provides inmates access to multiple services. At no time do the inmates have any access to the Internet.

Inmate's access dedicated TRULINCS workstations installed in various housing units and common areas to perform various functions using their register number, Phone Access Code (PAC), and the fingerprint process or Commissary Personal Identification Number (PIN). Inmate access to these workstations varies depending on the institution.

Account Transactions – This service allows inmates to search and view their Commissary, telephone, and TRULINCS account transactions, as well as, view their Media List.

Bulletin Board – This service is used to supplement the use of inmate bulletin boards within the institution for disseminating information to the inmate population.

Contact List - This service is used by inmates to manage their email address list, telephone list, and postal mailing list. Inmates also mark for print postal mailing labels within this service.

If an email address is entered for a contact, TRULINCS sends a system generated message to the contact directing them to www.corrlinks.com to accept or reject email contact with the inmate prior to receiving any messages from

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

the inmate. If a positive response is received, the inmate may begin exchanging electronic messages with this contact. If a contact rejects TRULINCS participation, the inmate is blocked from sending any messages to that email address.

Law Library – This service allows inmates to perform legal research

Manage Funds – This service allows inmates to manage their personal funds by creating/canceling Requests for Withdrawal of Inmate Personal Funds (BP-199) and their Pre-Release Account.

Manage TRU-Units – This service allows inmates to purchase TRU-Units using available Commissary funds or transfer TRU-Units back to their Commissary account.

Prescription Refill – This service allows inmates to request prescription refills via TRULINCS of self-carry medications that are ready for refill directly to the Pharmacy. Pharmacy staff will receive the prescription refill request and process the request accordingly. Inmates will follow established local procedures for picking up requested prescriptions.

The list of available departments varies by institution; however, there is a standard **DOJ SEXUAL ABUSE REPORTING** mailbox available that provides inmate with an additional method to report allegations of sexual abuse and harassment directly to the Office of Inspector General (OIG).

Survey – This service allows inmates to take Bureau surveys (i.e., Institution Character Profile).

Inmates are limited to 300 minutes per calendar month for ITS-II monitored telephone calls. This limitation applies to all inmates with an ITS-II account in Bureau of Prisons' institutions, and may be used for any combination of collect or direct-dial calls at the inmate's discretion. There is a 30-minute waiting period between calls made from the inmate telephone room.

USE OR POSSESSING OF UNAUTHORIZED CELLULAR TELEPHONE(S):

The use or possession of unauthorized cellular telephone(s) is strictly prohibited. Unauthorized cellular telephones are considered hazardous tools. Using a cellular telephone, without the ability of staff to monitor the call, enables an inmate to plan an escape, make threats to civilians, or plan other potential criminal acts in the local community which could potentially harm civilians in the community. Therefore, the use of a cellular telephone by an inmate in a federal prison is considered the use of a hazardous tool, which is a Greatest Severity (Code 108) Prohibited Act on the Prohibited Acts and Disciplinary Severity Scale.

EDUCATION DEPARTMENT:

Mission Statement

The mission of FPC Montgomery's Education Department is to provide a variety of services and programs that will help the inmate population increase their knowledge and skills. We strive to meet the needs and interests of the inmate population by providing a variety of programs to assist with the re-entry process. These programs include General Education Development (GED), English-as-a-Second Language (ESL), Parenting, Adult Continuing Education (ACE), Post Secondary Program, Apprenticeship Training, Vocational Training, and Recreational Programs.

GED

The Violent Crime Control Law Enforcement Act (VCCLEA) mandates that any inmate with a date of offense on or after September 13, 1994, but before April 26, 1996, and lacking a high school credential, participate in and make satisfactory progress toward the attainment of a General Equivalency Diploma in order to vest earned Good Conduct Time (GCT).

The Prison Litigation Reform Act (PLRA) provides that in determining GCT awards, the Bureau of Prisons will consider whether an inmate with a date of offense on or after April 26, 1996, has earned or is making satisfactory progress toward the attainment of a GED credential.

The Bureau of Prisons requires each inmate who does not have a General Education Development certificate (GED) or a high school diploma, to complete 240 hours in the Literacy Program. The student's level will determine the length of time the student will spend in the GED program; for instance, some students may be able to earn their GED prior to completing the 240 hour requirement.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

In order to pass the GED exam, students must earn a score of 145 points in each subject area. The Bureau of Prisons requires each inmate who does not have a GED or high school diploma to be tested using the Test of Adult Basic Education exam (TABE). Students will be placed in the appropriate class based on their test scores. The GED Program is offered in English and Spanish.

Congress has mandated the BOP to implement provisions of both the Violent Crime Control and Law Enforcement Act (VCCLEA) and the Prison Litigation Reform Act (PLRA). If an inmate is serving one of these sentences and does not have a GED credential, it may affect that inmate's Good Conduct Time. Program Statement 5884.01, Educational Good Time Sentence Credit for D.C. Offenders was amended on December 9, 2009 and became effective March 11, 2011. This program establishes procedures for awarding educational good time credit under D.C. Code 24-429 (DCEGT). Previously, inmates received D.C. Educational Good Time (DCEGT) credit for completions only. The amended DCEGT law gives credit for both completions and participation. In addition to completions, the amended DCEGT law gives credit for participating and withdrawing from eligible education programs.

In order to acquire and maintain satisfactory progress an inmate must:

1. Enroll, attend, and make progress toward completing the GED program.
2. Maintain clear conduct while in the GED program.
3. Remain in the GED program until completion is achieved.

ESL

The Bureau of Prisons requires that limited English proficient inmates attend the English as a Second Language (ESL) program until they obtain a score of 225 on the Comprehensive Adult Student Assessment System (CASAS) Reading Certification exam and 215 on the Listening Section. Students who successfully complete the ESL program are eligible for an achievement awards.

Incentives

Education incentives are given to inmates in recognition of satisfactory progress and completion of the Literacy and ESL programs. These incentives will recognize achievements at various levels of progression in the program. A certificate of completion, a \$50.00 cash award, and the opportunity to participate in a graduation ceremony will be granted upon completion of the Literacy Program. Certificates, consumable items, and recognition are given to inmates who progress from one level to the next within the program.

College Correspondence Courses

The Education Department will provide the opportunity for the inmate population to participate in approved college correspondence courses. Inmates participating in these courses are responsible for all costs as well as meeting any of the school's requirements. All courses must be approved by the College Correspondence Coordinator prior to being ordered.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

occupations: Auto Mechanic, Small Gas Engine Mechanic, Plumbing, Landscaping, Carpentry, Electrician, HVAC, Cook, Horticulture, and Dog Trainer. The Apprenticeship Training program requires the inmate to commit himself to participate in a job skills training program and related classroom instruction for a specific period of time. The goal is to attain the status of journey-person or craft-worker in a chosen trade or to work toward this end while incarcerated.

Adult Continuing Education

Adult Continuing Education (ACE) is a process of creating a learning environment by which inmates gain the knowledge, skills, and attitudes necessary to shape, support, and maintain a worthwhile and positive life-style. The focus is on life skills such as interpersonal relationships, communication, self-motivation, realistic goal setting, and positive self-concept. Inmates also gain, through this environment, the skills necessary to interact in responsible ways with other human beings.

Courses are available for non-credit self-improvement. These programs, also known as Life-Long Learning Programs, are similar to informal courses offered by community colleges for interested adults. The ACE classes are available in the education areas in the evening, and these programs are free. Some of the courses include, but are not limited to: Money Management, Public Speaking, Spanish, Civil War History, and Real Estate. Contact the ACE Coordinator regarding enrollment.

Dental sick call is conducted Monday, Tuesday, Thursday and Friday from 6:00 a.m. until 6:20 a.m. This period of time is set aside for scheduled evaluations by the Chief Dental Officer (i.e., lost filling, abscess, toothache, etc.). Routine treatment should be requested by submitting a BP-S148, Inmate Request to Staff Member.

Medical emergencies will be evaluated anytime. Medical emergencies are medical conditions that are of an immediate, acute, or emergent nature, which without care would cause rapid deterioration of an inmate's health, significant irreversible loss of function, or may be life threatening.

If you should develop a medical or dental emergency during working hours, you should inform your detail supervisor or another staff member who will contact the clinic for further instructions. Emergencies after regular clinic hours should be addressed to the nearest staff member or the Shift Lieutenant. The staff member will take appropriate action to have your situation evaluated. If you appear in the clinic without this notification by your supervisor with **NO EMERGENCY** problem, you will be out of bounds and subject to disciplinary action.

If you should become injured or ill while on the job, notify your detail supervisor. Action will be taken to have you evaluated by appropriate clinic personnel. Your detail supervisor should ordinarily notify clinic staff prior to your transport from your detail to the clinic.

An admission physical will be completed on all new commitments within 14 days of your arrival. A dental screening will be completed on all new commitments within 30 days of your arrival. Inmates who are transferred from other BOP institutions will not require a complete physical examination, providing one has been done at another BOP institution. We will, however, review your medical record and if needed, perform examinations to fully document your physical condition. A complete physical will be completed on all inmates who have been out of BOP custody for more than 30 days. Inmates under 50 years of age may request physicals following the Preventative Health Guidelines. Inmates 50 years or older may request physicals following the Preventative Health Guidelines.

An inmate who refuses any of the required medical screening may be not be placed in general population until all requirements have been completed. Age appropriate medical screening will be performed during the course of routine care. Inmates being released from the system may obtain a physical examination prior to release if they have not had a physical examination in the past year.

If you desire a release physical, you should submit an Inmate Request to Staff Member, BP-S148, three to four months prior to your release. Your release date should be included in this request.

After your initial dental examination, all other services must be requested in writing. All other routine care (cleaning, fillings, partials, or dentures) will be scheduled from the treatment list. To get on the treatment list, send a BP-S148, Inmate Request to Staff Member. If you do not get a response back, stop by sick call and check to see if it was received. **DO NOT BE LATE FOR DENTAL CALL-OUT!!!** If while looking at the call-out sheet you realize you have two call-outs at the same time or close to the same time, realize that ordinarily your health is more important than any other call-out. Therefore, you should make arrangements with appropriate staff to reschedule the other call-out.

PSYCHOLOGY SERVICES:

Psychology Services is comprised of the Chief Psychologist, two Drug Abuse Program Coordinators, and eight Drug Treatment Specialists.

Psychology Services provides general mental health services as well as comprehensive drug abuse treatment services. The department's primary goals are to assist inmates in making a satisfactory adjustment to incarceration, to provide crisis management services, and to provide general mental health treatment. In accordance with policy, we provide individualized mental health care which may include individual sessions or biweekly (every other week) Priority Practice therapeutic groups. Requests for participation in mental health or addiction treatment services may be done through Inmate Request to Staff form (a "Cop-Out") or by e-mailing your request to Psychology through the TruLincs e-mail system. Confidentiality is maintained in all therapeutic contacts with Psychology Services.

If an emergency or mental health crisis occurs, advise a staff member and they will take steps to reach a psychologist. If the emergency or mental health crisis occurs after hours and there is no psychologist on duty, report to the unit officer or the lieutenant on duty and request to speak to the psychologist. The

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

lieutenant will notify the on-call psychologist who will respond according to the needs of the situation. **For non-emergency/non-crisis situations**, messages may be submitted through Inmate Request to Staff form (a “Cop-Out”) or by e-mailing your request to Psychology through the TruLincs e-mail system.

SUICIDE PREVENTION:

It is not uncommon for people to experience depression and hopelessness while in jail or prison, particularly if they are newly incarcerated, are serving a long sentence, are experiencing family problems or problems getting along with other inmates, or receive bad news. Sometimes, inmates consider committing suicide due to all of the pressure they are under. Staff are trained to monitor inmates for signs of suicide, and are trained to refer all concerns to the Psychology Department.

However, staff does not always see what inmates see. If you are personally experiencing any of the problems noted above, or you or another inmate are showing signs of depression (sadness, tearfulness, lack of enjoyment in usual activities), withdrawal (staying away from others, reducing phone calls and/or visits), or hopelessness (giving away possessions, stating that "there is nothing to live for"), PLEASE alert a staff member right away. Your input can save a life.

In addition, if you suspect another inmate is contemplating suicide, please notify a staff member. Staff does not always see everything inmates see. And, most suicidal individuals display some warning signs of their intentions. PLEASE alert a staff member right away if you suspect a fellow inmate is considering suicide. The most effective way to prevent another person from taking his or her life is to recognize the factors that put people at risk for suicide take warning signs seriously and know how to respond. The warning signs of suicide may include:

- threatening to hurt or kill oneself or talking about wanting to hurt or kill oneself
- feeling hopeless
- feeling rage or uncontrolled anger or seeking revenge
- increased alcohol or drug use
- withdrawing from friends, family, associates
- experiencing dramatic mood changes
- feeling anxious or agitated, being unable to sleep, or sleeping all the time
- seeing no reason for living or having no sense of purpose

If your friend, cellmate, coworker, or associate is exhibiting these signs, start by telling the person you are concerned and give him/her examples of what you see that worries you. Listen and encourage the person to seek help. If they are hesitant, offer to go with them to speak to a staff member. If you are not confident they will seek help, notify a staff member yourself. Seeking help for a person in distress isn't "snitching," it is showing concern for the welfare of a fellow human being. If you report your concerns to staff, you can rest easy knowing you did everything within your power to assist the individual.

SEXUALLY ABUSIVE BEHAVIOR PREVENTION PROGRAM:

Psychology Services staff are invested in the overall mental well-being of inmates at this institution. Accordingly, as part of your initial intake process and institution Admissions and Orientation, you will be given information regarding the Prison Rape Elimination Act of 2003. The BOP booklet, “Sexually Abusive Behavior Prevention and Intervention Program: An Overview for Offenders,” is attached at the end of this Admissions and Orientation Handbook and provides a wealth of information regarding the Prison Rape Elimination Act (also known as “PREA”), how to protect yourself and how to report if you experience any sexually abusive behavior while incarcerated. While instances of sexually abusive behavior occur less frequently in minimum security settings, the information provided will help you be prepared if you should encounter any such situation.

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

The Federal Bureau of Prisons has a ZERO TOLERANCE POLICY against sexual abuse. Any inmate who is the victim of sexually abusive behavior is advised to notify any staff member immediately. Institution staff are trained to take steps to ensure inmates' safety.

NOTE: Sexual acts or contacts between two or more inmates, even when no objections are raised, are prohibited acts and may be illegal. Sexual acts or contacts between an inmate and a staff member, even when no objections are raised by either party, are always forbidden and illegal.

The Psychology Department, in conjunction with other departments, has several responsibilities regarding the care and documentation of perpetrators and victims of sexual assault. Treatment is available to inmates who are victims or perpetrators of sexual assault.

SUPPORTIVE AND TREATMENT SERVICES:

FPC Montgomery has entered into an agreement with the Family Sunshine Center for confidential rape crisis counseling and victim advocacy. If you are a victim of a sexual abuse incident occurring in the BOP, and you desire to speak to a rape crisis counselor, you may request to do so through any staff member. Staff (ordinarily the Operations Lieutenant or Psychology Services staff) will facilitate a telephone call to afford you confidential access to advocacy and counseling support services. If other counseling or advocacy sources are unavailable, which would be exceptionally rare, you can also request to make a call to the NATIONAL SEXUAL ASSAULT HOTLINE 800-656-4673.

You may also write to Family Sunshine Center for information related to surviving sexual abuse using the following address:

LOCATING PSYCHOLOGY SERVICES STAFF:

The Chief Psychologist's Office is located in the Birmingham Unit center office area. The Chief Psychologist maintains an open door policy, and is accessible at this office most weekdays between 2:45 PM and 3:15 PM.

The offices of the Drug Abuse Program Coordinators and Drug Treatment Specialists are located within the DAP Office section of Birmingham Unit, on the unit's A-wing. Birmingham Unit is the residence unit for the institution's Residential Drug Abuse Program (RDAP), an intensive cognitive-behavioral treatment program that assists inmates in beginning their journey on the road to sustained recovery from addictive substances. A modified therapeutic community approach is employed in this setting, meaning that all residents of Birmingham Unit work collectively to support each other in achieving recovery and challenging criminal thoughts and behavior. Only inmates who are on the wait list for RDAP, are participants, or have completed RDAP may reside in Birmingham Unit. As a result of population needs, inmates who have completed RDAP in good standing at other institutions and have transferred to FPC Montgomery are routinely expected to reside in Birmingham Unit as well.

ADDICTION TREATMENT SERVICES:

Treatment for inmates' addictions to alcohol and illicit substances is central to helping inmates successfully reintegrate into society and return to their families. To address this, FPC Montgomery offers a broad range of comprehensive treatment services for substance use disorders. Treatment options include Drug Abuse Education Course, the Non-Residential Drug Abuse Program (NRDAP), the Residential

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

Drug Abuse Program (RDAP), and the Follow-Up Services institution-based transitional component of the RDAP (FOL).

DRUG ABUSE EDUCATION COURSE:

The Drug Abuse Education Course is a familiarization course, not group therapy. The purpose of the course is to encourage you to review the consequences of your choice to have drugs in your life, to look at the relationship between drug use and crime, and to begin to think about how different your life could be without drugs. If your pre-sentence report documents a prolonged history of drug use, evidence that alcohol or drug use contributed to the commission of your offense, a judicial recommendation for treatment, or a violation of community supervision as a result of alcohol or drug use, you will be required to take the Drug Abuse Education Course. While this is a very basic course, some inmates fail to complete it for various reasons. Failing to complete this required course will result in restriction to maintenance pay (Grade 4), as well as ineligibility for bonus or vacation pay, until you satisfactorily complete this course. Additionally, you will not be eligible for a Federal Prison Industries work program assignment until you complete this requirement.

The Drug Abuse Education Course is available in every BOP institution. If you are required to complete the course, your name will automatically be placed on the waiting list for the course, and you will be placed on call-out to participate when it is time for you to complete the course. If you would like to enroll in the course, but are not required to participate, you may submit an Inmate Request to a Staff Member (a "Cop-Out") in order to place your name on the waiting list as a volunteer for the course. Be aware that individuals required to take the course are given first priority.

NON-RESIDENTIAL DRUG ABUSE PROGRAM (NRDAP):

The Nonresidential Drug Abuse Program (NRDAP) is also available in every Bureau institution. The Non-Residential Drug Abuse Program offers outpatient treatment for inmates who may not yet have reached the time for entry to more intensive treatment services (e.g., RDAP) or who cannot qualify for RDAP.

NRDAP has been developed to provide the flexibility necessary to meet each individual's treatment needs, and more specifically for:

- inmates with a relatively minor or low-level drug abuse problem,
- inmates with a drug use disorder who do not have sufficient time to complete the intensive Residential Drug Abuse Program (RDAP),
- inmates with longer sentences who are in need of treatment and are awaiting placement in the RDAP,
- inmates with a drug use history who chose not participate in the RDAP, but want to prepare for staying sober in the community, and
- inmates who completed the unit-based portion of the RDAP and are required to continue treatment until their transfer to a Residential Reentry Center (half-way house).

If you choose to take the NRDAP, successfully completing this program will fulfill your requirements for completion of the Drug Abuse Education Course. Also, if you satisfactorily complete NRDAP, you will receive a single \$30 program completion award. Program completion awards are only available for those who satisfactorily complete the program.

RESIDENTIAL DRUG ABUSE PROGRAM (RDAP):

FPC Montgomery's RDAP operates two 500-hour Residential Drug Abuse Programs (RDAPs). Because of our two RDAPs, we are able to extend treatment services to more inmates, in groups that start regularly throughout the year, typically every two to three months. We provide high

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

quality, evidence-based programming through a modified therapeutic community model emphasizing recovery skills in combination with improved interpersonal responsibility.

As noted above, requests for consideration for RDAP may be submitted by means of an Inmate Request to Staff form (a “Cop-Out”) or by e-mailing your request to Psychology through the TruLincs e-mail system. Consideration of requests is done by priority of your Good Conduct Time Projected Release Date, as mandated by federal statute. Consideration is a two-stage process: initial screening of your records to determine if you meet minimum criteria to participate, and then (if you pass the screening) referral to the Drug Abuse Program Coordinator for a diagnostic interview.

FPC Montgomery’s RDAPs are English-based. Spanish-based RDAP (programming conducted exclusively in Spanish) is available at a limited number of institutions. If you want to be considered for Spanish-based RDAP (RDAP-S), please specify this in your request. Screening and interview processes are the same, with the exception that the diagnostic interview is conducted by a Spanish-speaking Drug Abuse Program Coordinator via teleconference.

Treatment within the unit-based portion of RDAP is provided for a minimum of 9 months; however, your time in the program depends on your progress in treatment. The RDAP operates as a modified therapeutic community where inmates are expected to model the pro-social behaviors expected in a community. This means RDAP participants are role models to other inmates. Therefore, they are to demonstrate honesty, to relate positively with their peers, and to fully participate in all treatment activities in the unit. RDAP groups occur during half of a normal day’s schedule, with the rest of the day devoted to work, school, and other self-improvement activities. Because of the modified therapeutic community model, all residents in the community are expected to engage in therapeutic activities, tutoring sessions, mentoring and community-building events in support of the modified therapeutic community, some of which occur after hours or on the weekend.

FOLLOW-UP SERVICES:

The Follow-Up Services treatment component provides in-house aftercare for those inmates who have completed the institution-based portion of RDAP and are awaiting placement in a halfway house. Inmates in the FOL component actively serve as mentors for program participants, allowing them to continue practicing the skills they have learned, while also enhancing their willingness to serve others and the community in general as they plan to return to society. As a result of population needs, inmates who have completed RDAP in good standing at other institutions and have transferred to FPC Montgomery will be expected to reside in Birmingham Unit as well, and to remain engaged in the modified therapeutic community.

PROVISIONAL DETERMINATION OF EARLY RELEASE:

The Violent Crime Control and Law Enforcement Act of 1994 allows the BOP to grant a non-violent inmate up to 12 months of reduction of term of imprisonment for successful completion of the residential drug abuse treatment program (Title 18 U.S.C. § 362 l(e)(2)). Determination as to whether or not an inmate qualifies for early release is only made after the inmate qualifies for the RDAP, and is not completed by institution staff. Institution staff

COMMUNITY TREATMENT SERVICES (formerly Transitional Drug Abuse Treatment):

To successfully complete the RDAP, inmates are required to participate in the Community Treatment Services component of the program. The BOP ensures that inmates receive continued treatment when transferred to a Residential Reentry Center (RRC) or to home confinement. The RRC is structured to help you adjust to life in the community and find suitable post-release employment. Within the structure of the RRC, RDAP participants continue their addiction treatment, with a community-based treatment provider. The BOP contracts with this provider to

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

deliver treatment services in the community. Inmates must continue to participate in Community Treatment Services to earn any benefit associated with successful completion of the RDAP, such as early release.

SMOKING CESSATION:

FPC Montgomery is a tobacco-free facility. The Psychology Department recognizes inmates arriving at this facility who are accustomed to smoking or using chewing tobacco may experience difficulty with the abrupt discontinuation of these products. The Psychology Department at FPC Montgomery does not offer a smoking cessation group or program. If you are experiencing distress related to having stopped smoking, you may address this with the psychologist conducting your Psychology Intake Screening or put in a request for an appointment to see a psychologist (either through routine Inmate Request to Staff processes, or via TruLincs to Psychology Services). Psychologists can provide you with strategies that can ease the transition to becoming a non-smoker. The effectiveness of the strategies is dependent on your willingness to practice or use them.

Nicotine replacement patches are available for purchase through the institution commissary once an inmate has been cleared by Health Services to receive this intervention. For information about nicotine replacement therapy, please submit an Inmate Request to Staff form to the Health Services Department. Psychology Services have no influence over whether or not you would qualify for nicotine replacement therapy.

ADDITIONAL INSTITUTION RESOURCES:

A self-help library is available on the Birmingham unit A-Wing. Books in the library may be checked out by any inmate in the institution, with a general expectation of return after two weeks. (Certain Twelve Step materials may be checked out for longer periods.)

CONFIDENTIALITY:

Security needs and the nature of a prison environment affect mental health care in a variety of ways. Confidentiality is an important component of the therapeutic relationship. However, in a prison environment, confidentiality must be weighed against institutional needs of safety and security. Mental health providers in the institution not only serve inmates, they also serve the institution and the public at large.

Standards for confidentiality of your mental health information in the prison setting are very similar to the standards in the broader community outside of prison. As in the community, prison mental health providers are responsible for disclosing to authorized personnel when an inmate is contemplating at causing harm to themselves or others, or when they indicate awareness of active child or elder abuse occurring. Specific to the prison environment, mental health staff are obligated to breach confidentiality and share risk-specific information when an inmate presents a clear and present risk of escape or when an inmate is responsible for the creation of disorder within a facility. Confidentiality may also be limited when prison mental health providers share information on a need-to-know basis with prison officials or other federal law enforcement entities. For example, before you are transferred to a residential reentry center, mental health providers must communicate your mental health needs to your unit team.

If you tell a staff member, including a Psychology Services staff member that you are going to harm or kill yourself or someone else, or engage in a behavior that jeopardizes the safety or security of the institution, confidentiality will be breached and the appropriate individuals will be notified on a need-to-know basis only. Additionally, the electronic treatment record maintained by Psychology Services is not entirely confidential and can be released to a law enforcement entity with a need to know; e.g., Bureau attorney, U.S. Department of Justice employee, U.S. Probation Officer, or other law enforcement personnel. Simply put, there is no guarantee of confidentiality in the prison setting. However, you can rely on the professional judgment of Psychology Services staff who conscientiously balance your confidentiality and the safety and security of the institution. While these limitations on confidentiality

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

may initially deter you from seeking treatment, the vast majority of inmates who receive psychological services are comfortable with the decisions staff make with regard to their confidentiality. If you have additional questions about confidentiality, be certain to discuss your concerns with Psychology Services staff.

SAFETY DEPARTMENT:

The Safety Department ensures all areas of the institution comply with safety and sanitation standards. The Safety Manager conducts regular inspections with the goal of ensuring good safety practices and healthful living conditions.

You are responsible for cleaning your cubicle area. Excessive paper/cardboard can become a fire hazard and will not be maintained in the cubicle area. Paper bags will not be used as trash cans. Be sure to wash your hands often with soap, and continue with good hygiene practices by showering and getting your closed washed. Do not use a mop bucket to ever wash clothes. Do not hand wash your clothes and then hang them out to dry. Be sure that you are wiping down exercise equipment after use, and refrain from working out in the Units. No cleaning supplies should be stored in your cubicle.

Upon assignment to a job or work detail, each inmate will receive an Initial Job Orientation training by his detail supervisor before performing any work. The training will include safety topics relevant to the work assigned by the supervisor and conditions you may experience. The goal of these sessions is to heighten safety awareness. The training shall include demonstration of safety features and practices. Workers will be trained to recognize the hazards involved in the work place.

It is your responsibility to use the Personal Protective Equipment (PPE) issued or checked out, to protect against physical injury and/or health hazards. Make certain you are wearing the required personal protection equipment properly, such as safety glasses, aprons, arm guards, hard hats, and respirators before you begin an operation. If you are unsure of what you need for (PPE), refer to the provided Safety Data Sheet, or contact your Detail Supervisor. Safety shoes are issued from the clothing room and must be worn on all details unless otherwise stated. Never operate any equipment until you have been trained by a Supervisor. Never operate a forklift or aerial lift at this facility, until you have received training by a Supervisor.

If you are injured while performing your assigned duties, you must immediately report such injury to your Detail Supervisor or a staff member in the area. That Supervisor or staff member will notify medical for all work related injuries. If you are injured and do not report your injury to a Supervisor or staff member, you will not be seen by Medical. If the injury is not reported at the time of the injury, you may be disqualified from eligibility for lost time wages or compensation.

If you had a work related injury and sustain permanent impairment, at the time of release you should contact the Safety Manager 45 days prior to release or transfer to a RRC for the purpose of submitting a claim for compensation.

Safety hazards are to be reported to your work supervisor, a staff member in the area and/or the Safety Manager immediately.

You have the RIGHT TO UNDERSTAND about the chemicals you work with. You can prevent accidental exposure by knowing what you are handling. If you are not sure what is inside a container, do not handle it. If you don't know the substance, then stop and read the label and the Safety Data Sheets (SDS) for information on hazards, PPE, NFPA and HMIS categories.

The Use and Practice of good hygiene, by washing thoroughly after handling any chemicals, working, and using equipment that others handle often can help prevent contraction of many health diseases and concerns.

Storm water drains are located throughout the compound. These drains are designed for stormwater only. You should never pour anything into these drains. Environmental Management System measures have been put in place to ensure we are making an effort to establish procedures to limit or eliminate

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK

Revised April 2022

harmful substances from entering the environment, including public waters, air and land.

Fire Extinguishers are available throughout the facility. If a fire breaks out it, it is your responsibility to sound the alarm, either by pulling the manual pull stations located throughout the facility, notifying staff in your immediate area, yelling fire until a staff member understands you and is able to relay the information to the control center. If you attempt to put a fire out in its beginning stage, you must ensure that you pull the pin, located on the handle/trigger, out before attempting to use. You will then aim the hose at the base of the fire, squeezing the handle/trigger and spraying from side to side at the base of the fire.

Pests are a problem in the South. It is your responsibility to maintain a clean area. Please notify the Safety Department in the event of an infestation. A simple solution to most issues is just cleaning an area and throwing away any trash from that area. Mice, frogs, roaches, bats, birds, are not pets, please do not keep them as pets.

Affected Staff and the Lockout/Tagout Program. If you see a colored lock on a piece of equipment, leave that equipment alone. There are staff and inmates that have received specialized training at this institution that are Authorized to work on certain types of equipment. Do not tamper with, try to start up, or attempt to bypass the lockout/tagout system to operate a machine. In your Initial Job Orientation training for your area when you first get hired, you will go over the Lockout/Tagout program and how it effects your area, and how you are an affected worker. That training will go into more detail about the Lockout/Tagout program, and how you are affected in your department when work is being done on equipment or machines in your area.

FOOD SERVICE:

The Food Service Administrator and foremen are responsible for all aspects of the institution's food service program. They plan and supervise a training program in all areas of the food service operations. Work assignments in food service provide an excellent opportunity to learn a food service or baking skill.

INMATE DISCIPLINE:

In addition to the general guidelines listed in this booklet, this section is concerned with specific rights and responsibilities you have while in this prison community. There is a list of prohibited acts supplied with this booklet describing what constitutes a violation and the action which may be taken if you are found to have committed one or more of the prohibited acts. The Bureau of Prisons' Program Statement covering inmate discipline can be found in the inmate law library.

To provide for due process, there is a Discipline Hearing Officer (DHO) and a Unit Discipline Committee (UDC) which will, depending on the seriousness of the act, issue a decision if you are found guilty of committing a prohibited act. All decisions are subject to appeal at the institutional, regional, and central office level, through the administrative remedy procedure.

The UDC is composed of unit staff members who attempt to resolve violations in a program context. The UDC is designed to consider all available facts and evidence to determine if a violation has been

FPC MONTGOMERY ADMISSIONS & ORIENTATION HANDBOOK
Revised April 2022

committed, and if so, the seriousness of the offense.

UDC members may not impose sanctions which involve the withholding of good conduct time, the forfeiture of statutory good time, disciplinary segregation, disciplinary transfers, or a recommendation to the Parole Commission for a rescission or retardation of a parole date. However, if the UDC determines that a violation has occurred and the offense is serious enough to warrant review by the DHO, the committee will refer the case with a recommendation of specific sanctions. You are allowed to present evidence in your behalf at a UDC hearing; however, no witnesses are allowed.

The DHO is a regional appointee empowered to issue appropriate sanction(s) in an effort to prevent the incident from recurring and deter other inmates from engaging in similar activities. You may elect a staff representative for such hearings or have one appointed for you by the Warden. You may also call witnesses in your behalf.

- If a VCCLEA Violent or PLRA inmate is found to have committed a third or subsequent 400 level act by a DHO, ordinarily a minimum of 7 days or 12 ½% of available GCT will be disallowed for each act committed.

Ordinarily, an inmate with a VCCLEA Violent or PLRA sentence must have any 300 level charge referred to the DHO if the inmate has been found to have committed another 300 level act previously during his current anniversary year. The new charge does not have to be the same exact act as the previous act committed. Please consult your unit team to determine your specific anniversary year.

Ordinarily, an inmate with a VCCLEA Violent or PLRA sentence must have any 400 level charge referred to the DHO if the inmate has been found to have committed at least two prior 400 level acts previously during his current anniversary year. The new charge does not have to be the same exact act as the previous acts committed. Please consult your unit team to determine your specific anniversary year.

Inmates who are determined to be PLRA inmates may also be subject to forfeiture of non-vested GCT. Under the Prison Litigation Reform Act, inmate's GCT will not vest until the inmate's release date. Therefore, the 54 days earned per year by an inmate are not awarded until his release date. If the inmate is involved in prohibited behavior and is found to have committed an act, he may be appropriately sanctioned to a forfeiture of this GCT that has not yet vested.

Finally, the forfeiture or disallowance of GCT from an inmate sentenced under the VCCLEA and the PLRA, may not be restored. Once forfeited or disallowed, the GCT may only be restored through the Administration Remedy process within the appeal time frame established in policy.
