However, no inmate will be allowed inside the vending room, or to remain outside to "shop". There will be no sharing of food or drinks between visitor and inmate. The visitor must purchase the item and hand it to the inmate unopened. Visitors must dispose of their trash when finished. When the vending machines are being replenished, no visitor traffic to the vending area is permitted.
- (4) The Parenting Room is authorized for use through Education. If approved through Education, Education will monitor. Education Staff must have times approved through the Complex Captain before any parenting activity is scheduled.

Social inmate visiting at the USP, FPC and FCI is Saturday, Sunday, and Federal Holidays from 8:00 a.m. to 3:00 p.m.

Inmates at all institutions may have a total of five visitors at one time, to include children.

At all institutions, on Saturdays, Sundays, and Federal Holidays, visitor processing will be continuous until 2:00 p.m. In preparation for the 10:00 a.m. count, inmates will not be called to the Visiting Room after 9:30 a.m. until the conclusion of the count. Visitor processing will conclude at 2:00 p.m., in preparation for the conclusion of visiting for the

day. The inmates' Unit Team will be contacted if the computer visiting program should fail.

6. **REGULAR VISITORS/FREQUENCY OF CHANGES TO INMATES VISITING**

**LIST:** During an inmate's Admission and Orientation period, he will submit a list of persons with whom he wishes to visit, to his Unit Team. If at any time an inmate wants to amend his visiting list, he must first submit an Inmate Request to Staff Member Form to his Unit Team requesting the change. The Unit Team will compile the inmate's visiting list after an appropriate investigation on potential visitors has been completed.

A. **Members of the Immediate Family:** Inmates will initiate the Visitor Information Form, and the form must be returned to the Unit Counselor before the NCIC Check is initiated.

B. **Friends and Associates:** The Warden must approve all exceptions to the standard relationship rule. Approval for proposed visitors will be consistent with court imposed sentences which carry stipulations an inmate(s) may not communicate with specific persons. No more than ten friends and associates will be placed on an inmate's visiting list and after the completion of a NCIC check.

C. **Persons with Prior Criminal Convictions:** Prior to placing an individual who is on probation, parole, or supervised release status on an inmate's visiting list, staff shall obtain written approval from the appropriate Federal or State Probation/Parole Officials. A copy of this approval will be maintained in section 2 of the FOI-Exempt portion of the Inmate's Central File.

D. **Children under Sixteen (16):** All children under the age of sixteen (16) will have written consent of a parent or guardian to visit, when not accompanied by a parent or guardian. It will be documented on the Visitor Information Form.

7. **CONSULAR VISITORS:** When arrangements are made for a Consular Visit, a member of the inmate's Unit Team will supervise the visit.

8. **VISITS FROM REPRESENTATIVES OF COMMUNITY GROUPS:** The Warden may waive the requirement for pre-confinement established relationships for visitors approved under this category. This does not apply to past or present participants in volunteer and citizen involvement programs, who are typically not added to an inmate's visiting list. A member of the organizing department will supervise the visit. Visits of this nature should not interfere with normal visiting.

9. **SPECIAL VISITS:** During normal visiting hours, the Visiting Room Officer will monitor the visit and during non-visiting hours these visits will be monitored by a member of the organizing department. Special visits are arranged by the inmate's Unit Team.

- A. **Minister of Record:** An inmate may only have one minister of record on his visiting list. Inmates wanting to receive visits from their minister of record must submit a Request to Staff Member form to the Chaplain. After the Chaplain's approval, the request will be forwarded to the inmate's Unit Team for normal processing. Inmates may only receive one visit from their minister of record a month; however, during times of personal or family emergencies, an inmate will be authorized a visit from his minister of record. A visit from a minister of record will not count against an inmate's regular social visits for the month. Unlike other Special Visits, minister of record visits will only be conducted during normal visiting hours and in an area which provides a degree of separation from other visitors. If a private area is not available, the visit may be rescheduled.
- B. **Counseling:** Clergy, former or prospective employers, sponsors, and parole advisors who are visiting in this category will require approval by the Warden.
- C. **Law Enforcement:** Law Enforcement agents, military personnel conducting investigations, U.S. Court Officials, and U.S. Probation Officers are permitted to visit provided they possess appropriate identification. Officials are required to sign in the appropriate log book. Questions regarding officials will be referred to the appropriate staff during regular duty hours and the Institution Duty Officer (IDO) or Operations Lieutenant during non-duty hours.
- D. **Attorneys:** The Unit Team will approve inmate legal visits, utilizing BP-5241, Visiting Attorney Statement. All legal visits will be conducted in an attorney/client room. During normal visiting hours the Visiting Room Officer will monitor the visit and during non-visiting hours these visits will be monitored by the inmate's Unit Team. The exchange of legal documents is prohibited. All legal materials will be searched by the Unit Team before being allowed into the institution. If an attorney/client room is not available, the attorney will be afforded the opportunity to reschedule the appointment. At no time will a tape recorder, camera, or other type of electronic equipment be allowed into the visiting room without prior written approval by the Warden.
- E. **Media Visits:** Media visits will be coordinated by the Executive Assistant.
10. **TRANSPORTATION ASSISTANCE/VISITOR INSTRUCTIONS:** Directions to and from the institution and visitor instructions will be provided to a proposed visitor with the visitor application. It is each inmate's responsibility to provide their visitor this information before the visit. Directions for locating the institution (Attachment A), Visitor Information and Instructions (Attachment D), and posted commercial transportation phone numbers will be made available to assist visitors in the Front Lobby or the Visiting Room. In the event commercial transportation is needed by a visitor, the visitor will provide the phone number of the visitor's choice to the Front Lobby Officer. The Officer will dial the number and confirm it is a commercial transportation service

and allow the visitor to speak with the transportation company and arrange pickup for the visitor.

**11. VISITS TO INMATES NOT IN REGULAR POPULATION STATUS:**

**A. Admission and Holdover Status:**

Inmates in this category will be limited to immediate family only. These inmates may not have an active visiting list; therefore, their respective Unit Team should be contacted for visitor verification and approval.

**B. Hospital Patients:**

1. When visitors request to see an inmate who is quartered in the institution Health Services Observation Area, the Chief Medical Officer (or in his/her absence, the Health Services Administrator), in consultation with the Captain, shall determine whether a visit may occur and the location of the visit. When the Chief Medical Officer decides against the visit (i.e., because the inmate has an infectious disease, inmate's mental status makes the visit contraindicated, or because his condition precludes visiting), the situation will be sensitively communicated to the proposed visitor.
2. The Warden must approve all hospital visits. The security and safety of the public and staff shall be a primary concern.

**C. Detention or Segregation Status:**

1. Special Housing Unit inmate visiting procedures are as follows: Inmate visitors will be processed into the institution in accordance with established guidelines.

Inmate visitors will be escorted by Visiting Room Officers to the designated video visiting booths located in the general population Visiting Room at each facility. Prior to placing the inmate visitors in their assigned visiting area, escorting staff will perform a visual inspection of the video visitation booths noting the condition of the area. Any damages to monitoring equipment of the Visiting Room will be documented via a written memorandum, and the appropriate action will be taken.

SHU staff will escort the requested inmate to the assigned video visiting area within the Special Housing Unit, in hand and leg restraints, including a belly chain, and secured in the video visitation cell. Prior to placing the inmate in his assigned visiting area, escorting staff will perform a visual inspection of the visiting area noting the condition of the area. Any

damages to monitoring equipment of the Visiting Room will be documented, via a written memorandum and incident report.

Special Housing Unit, non-contact video visiting will be allowed for all inmates in the unit, with the exception of inmates on visiting restriction. Visits will ordinarily be authorized for a one-hour period per inmate.

Attorney visits for Special Housing Unit inmates will be conducted in the Visiting Room in one of the attorney/client rooms.

**Inmate Dress:** All inmates must wear Special Housing Unit institution issued clothing in the visiting cell consisting of an orange jumpsuit, t-shirt, socks, underwear, and institutional approved shoes.

At the conclusion of the visit, inmates will be escorted back to their assigned Special Housing Unit cell, and the inmate visitors will be escorted to the Front Lobby area.

Direct observation of the video visits is not required at all times, but the officer will move about and constantly observe the general visiting areas.

It is the responsibility of the Visiting Room Officer to ensure the visiting area regulations are followed as outlines by Bureau of Prisons policy and visits are conducted in a quiet, orderly, and dignified manner.

Documentation provided by an inmate to establish relationships or associations is subject to approval by the Unit Team. The Visitor Information Form BP-629

(available to staff on BOPDOCS) must be given to an inmate by the Unit Counselor to accompany the documentation. The top section of the BP-629 must be completed and signed by the inmate who is making the request. It is the inmate's responsibility to send the potential visitor the Visitor Information Form. This form must be completed by the visitor and mailed directly back to the Unit Team Staff responsible for the inmate's case. Unit Team Staff will complete a background check using the National Crime Information Center (NCIC). A complete copy of the Release Authorization Form and NCIC check for each visitor or proposed visitor requiring a background investigation will be maintained in the FOI-Exempt portion of the Central File. 3. Once proposed visitors have completed BP-629 forms, Unit Counselors shall review the completed form. 4. When a person is deleted from or added to an inmate's visiting list, staff shall update the list. Staff shall place a copy of the revised visiting list in section three of the inmate's Central File.
5. Unit Counselor will load the inmate visiting information into the computer visiting program. If the computer visiting program should fail, appropriate Unit Team staff will be contacted to confirm inmate visitors, using Inmates' Central Files.
6. Unit Team staff shall notify the inmate of each approval or disapproval of a proposed visitor. The inmate is responsible for notifying the visitor of approval or disapproval.
7. An inmate's visiting list may be changed in accordance with these procedures.

8. Ordinarily, an inmate's visiting list should contain no more than ten friends/associates. The Warden may make an exception to this provision when warranted.

**H. Walsh Act Requirements:**

All pat searches will be conducted in a private area by a staff member of the same gender.  
  
Visitors may also be required to submit to screening with an Ion Spectrometry Drug Detection Device. Use of this device will be in accordance with the Complex Supplement on Ion Spectrometry Device Program. A positive reading with the device does not automatically mean the visitor will be denied the visit. The Institutional Duty Officer, with direction from the Administrative Duty Officer, will review each case individually.
- L. **Record of Visitors:** The Front Lobby Officer shall maintain a bound ledger record of visitors for each inmate. The log will include the visitor's printed name,

visitor's signature, name and register number of the inmate visited, and arrival and departure times.

Monitoring should be conducted by a person of the same sex as the visitor. The inmate restroom will always be monitored by a staff member.

Limited physical contact shall be permitted unless there is clear and convincing evidence that such contact would jeopardize the safety or security of the institution.
3. Children may play in the designated children's play area only. Games and approved video(s) are provided. Only pre-authorized inmates are allowed in the children's play area. If children disrupt other visitor(s), it may be grounds for visit termination. Disruptive behavior may include running, yelling, or talking to other visitors.

**13. PENALTY FOR VIOLATION OF VISITING REGULATIONS:** Any act or effort to violate visiting regulations may result in disciplinary action against the inmate, with sanctions possibly including denial of future visits. In addition, criminal prosecution may be initiated against the visitor, the inmate, or both.

**14. VISITING REGULATION REGARDING PETS:** Visitors cannot bring animals onto institution grounds, except for dogs, which assist persons with disabilities. In this case, the visitor must provide certification that the dog is trained. This will require the Warden or his designee authorization for approval to enter the institution.
