AUDIT FINDINGS

NARRATIVE

The on-site to conduct a Prison Rape Elimination Act (PREA) compliance audit of the Federal Correctional Complex Pollock of Pollock, La. was conducted May 12-14, 2015 by the Nakamoto Group, Inc. certified PREA Lead Auditor Stephen J. Huffman and PREA Auditor James Roland. When the auditors arrived at the facility, an "in-briefing" meeting was held with FCI Warden, Associate Wardens, PREA Manager, Executive Assistant, various facility staff and Bureau of Prisons (BOP) Administrators. The introductions and audit process was discussed during the briefing.

The facility is accredited by the American Correctional Association (ACA).

The standards used for this audit became effective August 20, 2012. This auditor discussed information contained in the Pre-Audit Questionnaire with the FCC Pollock PREA Audit Manager and BOP Regional PREA Administrator prior to the on-site audit visit. The National PREA Coordinator, National PREA Contract Administrator for the BOP and the Director's designee were telephonically interviewed prior to the audit. As part of the audit, a review of all agency and local facility policies and a tour of the the facility was completed. A total of 63 inmates were interviewed by the auditors. A total of 50 inmates refused to be interviewed. These interviews included one trans gender inmate, one gay inmate, three inmates with limited English proficiency and an interpreter assisted and one handicapped inmate. All inmates stated they felt safe at the facility and the facility assists them to meet their needs. There were 26 allegations of sexual abuse/harassment filed by inmates during the rating period of the past 12 months. Twenty-one cases were determined to be unfounded. Three cases were determined to be unsubstantiated. All files were reviewed and appropriate documentation was completed. All inmates received in writing the outcome of the investigation. The other two cases are still under investigation by the Office of Internal Affairs

A total of 199 staff were interviewed including correctional officers from all three 8 hour shifts and housing units. Fifteen administrative staff were interviewed including Complex Warden, FCI Warden, Associate Wardens, Chief Psychologist, Human Resource Manager, PREA Compliance Manager, Complex Captain, SIS Lieutenant, Health Care Administrator, and Food Service Administrator. Specialized staff included medical, mental health, investigators, incident review team, retaliation monitor, segregation officers, food service, shift supervisors, volunteers, chaplain, medical contractors, intake and unit staff were interviewed.

The auditor did not interview a representative from the local advocacy centers Hearts of Hope and Louisiana Foundation Against Sexual Assault due to facility not having a memorandum of understanding. The facility does have the hot-line numbers available to the inmates. The facility has several staff trained for assisting the inmates with emotional and support services. FCC Pollock transports inmates to St. Frances Cabrini Hospital and Rapides Regional Medical Center for medical and mental health services.

The auditor concluded, through interviews and review of policy and documentation, that all staff and inmates were very knowledgeable concerning their responsibilities involving PREA. During the interviews, the inmates stated that staff were respectful and that they felt safe at the facility. Staff were able to describe in detail their specific duties and responsibilities, including being a "first responder" if an incident occurred or allegation of sexual abuse/harassment was made.
