

Special Visiting Schedule and Procedures
USP & Camp

FCC Tucson continues to provide **non-contact** social visiting on a modified schedule, utilizing social distancing and face coverings in accordance with CDC guidelines. The adherence to the non-contact aspect of visitation continues to be imperative; therefore, a zero tolerance policy will be conveyed to the inmate population and enforced by the visitation staff. While we understand the need to maintain the safety of those associated with this facility, we also understand the importance of visitation. Accordingly, the following procedures must be followed prior to the visitor's arrival and during visitation.

- All visitors are required to wear a non-vented face covering prior to entering the Front Lobby or screening site and at all times while on institution property. The face covering must be solid in color with no writing or design(s) and cover the nose and mouth. No bandana-style or neck gaiters are authorized. (Green, Yellow, Red)
- All visitors are required to clear a temperature check and screening for COVID-19 symptoms prior to visitation. Visitors who refuse, fail to provide acceptable answers to the questions, or are symptomatic/feverish will not be permitted entrance into the facility. (Red)
- Should multiple visitors arrive in the same vehicle, and one or more persons inside the vehicle are unable to process through the screening site (fever, symptoms, or refusal), all visitors from that vehicle will not be permitted entrance into the facility. (Red)
- Inmates and visitors are prohibited from having any physical contact with one another. This includes, but is not limited to holding hands, kissing, or embracing at the beginning and end of visit. ALL visits are non-contact only. The visitors and inmate will maintain at least 6 feet of distance and utilize the plexiglas barrier during the entire visit. (Green, Yellow, Red)
- The children's play area will be closed. (Green, Yellow, Red)
- Food and beverage consumption is not authorized during social visits with the exception of taking lifesaving medications. Vending machines, water fountains, and microwaves are not authorized for use. As a result, visitors are not authorized to bring U.S. currency into the facility.
- The photography program is suspended. Inmates and visitors will not be permitted to take photos during visiting.
- Inmates subject to visiting restrictions will not be authorized to visit.
- Inmates in observation, exposed quarantine or isolation will not be permitted to have social visits. (Green, Yellow, Red)
- A maximum of 10 inmates and 20 visitors will be authorized to visit at any given time for a combined total of 30 inmates and visitors in the SCP visiting room. Inmates will be limited to a maximum of two visitors. There will be no exception to the number of allowed visitors **(Camp Only)**.

- In order to meet social distancing requirements, a maximum of 16 inmates per housing unit and 32 visitors will be authorized to visit at any given time for a combined total of 48 inmates and visitors in the USP Visiting Room. Inmates will be limited to a maximum of two visitors. There will be no exception to the number of allowed visitors (**USP Only**). (Green, Yellow, Red)
- FCC Tucson has adopted an antimicrobial paging transmitter technology (restaurant-style) to notify visitors when they are ready to be processed for visitation, thus eliminating lines in parking lots and/or the front entrance. Upon entry into the institution, visitors will be provided with the paging transmitter and a Title 18 form. Visitors will return to their vehicle to complete the Title 18 form. The Front Entrance Officer will page via the handheld device to alert the visitor when it is their turn to be processed for visitation. With utilization of this paging system, it will eliminate grouping of people within the institution front entrance.
- For security purposes, visitors will not be processed in before 8:15 a.m. or after 2:00 p.m. **NO** visitation on holidays. There will also be a break in processing from 9:30 a.m. to 10:30 a.m. due to count. Holidays will not be observed for visiting. The following schedule will be utilized at USP and SCP Tucson.
- | | |
|-------------------|-----------------------|
| <u>DAY</u> | <u>TIME</u> |
| Saturday/Sunday | 8:15 a.m. – 3:00 p.m. |

To minimize exposure risk, inmates will be cohorted by their assigned housing units. Cohorting will form groups of inmates to be afforded the opportunity to visit together throughout the scheduled visitation times (see below). Ideally, inmates within a cohort would only have physical proximity with others in the same cohort during visitation.

USP VISITATION HOUSING UNIT SCHEDULE

Each housing unit at the USP will be afforded the opportunity for social visits at least one day per month. The day of the week and time of day for these visits will be rotated to afford all inmates the opportunity to have social visits on different days and times. An example of this USP visitation is as follows:

	Saturday	Sunday
Week 1	Alpha/Bravo/Charlie	Alpha/Bravo/Charlie
Week 2	Delta/Echo	Delta/Echo
Week 3	Alpha/Bravo/Charlie	Alpha/Bravo/Charlie
Week 4	Delta/Echo	Delta/Echo

DO choose masks that

Have two or more layers of washable, breathable fabric

Completely cover your nose and mouth

Fit snugly against the sides of your face and don't have gaps

DO NOT choose masks that

Are made of fabric that makes it hard to breathe, for example, vinyl

Have exhalation valves or vents, which allow virus particles to escape

Are intended for healthcare workers, including N95 respirators

Evaluation is on-going but effectiveness is unknown at this time

Evaluation is on-going but effectiveness is unknown at this time

Do NOT wear a mask

Around your neck

On your forehead

Under your nose

Only on your nose

On your chin

Dangling from one ear

On your arm

Special Situations: Children

If you are able, find a mask that is made for children

If you can't find a mask made for children, check to be sure the mask fits snugly over the nose and mouth and under the chin

Do NOT put on children younger than 2 years old

How to take off a mask

1
Carefully, untie the strings behind your head or stretch the ear loops

2
Handle only by the ear loops or ties

3
Fold outside corners together

4
Be careful not to touch your eyes, nose, and mouth when removing and wash hands immediately after removing
