Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, and observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

PRE-AUDIT PREPARATION

Prior to the on-site visit, a representative from the External Auditing Branch, Program Review Division, Bureau of Prisons (BOP), conducted an on-site "pre-audit" of the facility to ensure PREA compliance. That representative had the facility forward to the auditor all policy and supporting documentation, including the completed Pre-Audit Questionnaire, for examination prior to the on-site visit. The policy and documentation were in the form of Program Statements (PS), Institution Supplements (YAX) and other forms/memos, etc. Program Statements are agency-wide governing policies developed by the Federal Bureau of Prisons (BOP) and Institution Supplements stipulate institution specific policies when there is no agency-wide policy or when site specific policy is required to expand on agency Program Statements. The results of the "pre-audit" were discussed with the auditor prior to the beginning of the audit.

ENTRANCE BRIEFING AND TOUR (ON-SITE AUDIT)-FIRST DAY

The on-site PREA (Prison Rape Elimination Act) audit of the Federal Correctional Complex-Yazoo City (FCC), Yazoo City, Mississippi, was conducted from July 17-19, 2018. The audit was completed by The Nakamoto Group, Inc. certified lead auditor William Willingham and Vic Killion. This is the second PREA audit for this facility. An entrance meeting was held the first day of the audit to discuss any concerns regarding the audit process and to finalize the facility tour and interview schedules. The following persons were in attendance: The Warden, FCI Low, FCI Medium and USP Associate Wardens—Programs/Institution PREA Compliance Managers (IPCM), the Chief of Psychology Services, the Captain (Chief of Security), one Management Analyst from the BOP Central Office and numerous other executive staff, facility department heads and support staff. After the meeting, a comprehensive tour of the FCC was completed. The FCC is comprised of four prisons—a low security Federal Correctional Institution (FCI Low), a medium security Federal Correctional Institution (FCI Medium), a United States Penitentiary (USP) and a minimum-security Satellite Prison Camp (SCP). The tour included, in all facilities, the intake processing areas, all housing units, including the Special Housing Units (SHU-FCI Medium and USP only), the Health Services Departments, Recreation, Food Service, Education, the Visiting Rooms, all programming areas, facility support areas and outside support services. During the tour, it was noted that there was sufficient staffing, security mirrors and surveillance cameras to ensure a safe environment for inmates and staff. Signs were posted (in English and Spanish) that indicated employees of the opposite gender were present in the housing units. Inmates can shower, dress and use the

toilet facilities without exposing themselves to employees of the opposite gender. Informal and formal conversations with employees and inmates regarding the PREA standards were conducted. Postings regarding PREA violation reporting and the agency's zero tolerance policy for sexual abuse and sexual harassment were prominently displayed in all housing units, meeting areas and throughout the facility. Audit notice postings with the PREA auditors' contact information were also located in the same areas. These notices were posted on May 18, 2018. There were no letters mailed to the auditor as a result of the audit postings in the housing units. The FCC (all facilities) has been accredited by the American Correctional Association.

STAFF-INMATE INTERVIEWS-SECOND DAY

A total of twenty-six randomly selected correctional staff members were interviewed, to include employees from all facilities. All BOP employees at the institution are considered correctional workers first and are trained as first responders. Correctional officers and lieutenants from all shifts were included in the interview process. All were aware of the agency's zero tolerance policy, of their responsibilities to protect inmates from sexual abuse/sexual harassment and could explain their new employee and annual PREA training and their duties as first responders as part of a coordinated response. The agency Director, agency PREA Coordinator and agency Contract Administrator had been previously interviewed (the auditor is in receipt of the completed interview questionnaires). All specialized staff were also interviewed and included the Complex Warden, the IPCMs, the Chief of Psychology Services, two Investigators, the Human Resource Manager, Intake Staff, the SHU Lieutenant and the Health Services Administrator. Two contractors, two volunteers and a supervisor from the Baptist Hospital were also interviewed. No local Victim Advocates serviced the FCC. All interviewed staff, contractors and volunteers demonstrated an understanding of the PREA and their responsibilities under this program, relative to their position in or with the organization and employment status. No staff, contractors or volunteers refused to be interviewed.

A total of sixty-one inmates were selected to be interviewed from all facilities. The interviewed inmates were of various ages, nationalities and ethnic backgrounds. The targeted inmate interviews included one inmate who self-identified as being transgender, two inmates who reported being previous victims of sexual abuse (at intake), and one inmate who self-identified as being bisexual. No inmates self-identified as being intersex. Four self-identified as being gay. Two limited English proficient and three disabled inmates (two with cognitive disabilities and one with physical disabilities) were also included in the group of inmates interviewed. The rest of the interviewed inmates were randomly selected. There were no inmates in Protective Custody (in the SHU) for any PREA related issue. The facility does not place alleged victims or those considered high risk in the SHU. Overall, all inmates interviewed demonstrated a good understanding of the PREA compliance program, the intake screening process, the prevention and protection process and reporting mechanisms. The inmates further stated that staff members were responsive to their needs and that they generally felt safe at the facility. Five inmates refused to be interviewed.

INVESTIGATIONS

A review of the investigations (first day of audit) opened, during the past 12 months, relative to allegations of sexual abuse or sexual harassment, was conducted. During the audit period, there were seventeen allegations of sexual abuse investigated, with five investigations still open, for a total of twenty-two cases. The allegations reported by inmates involved inmate-on-inmate and staff-on-inmate sexual abuse/sexual harassment. None of the cases required forensic evidence collection by a service provider in the community. Nine allegations were determined to be unsubstantiated and eight were determined to be unfounded. All investigations were completed promptly and thoroughly and were well documented.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The FCC Yazoo City-FCI Low began operations in May of 1997, with the addition of the SCP in January of 2001. The FCI Medium was activated in March of 2005. The original SCP was converted to a staff training facility and a new larger SCP became operational in March of 2014. The USP began operations in June of 2014. The FCIs have three housing units per facility (FCI Low-open cubicles; FCI Medium-single and double occupancy secure cells). The USP has three housing units with four pods per unit (single and double occupancy secure cells). The SCP has open dormitory unsecured cubicles. Only the FCI Medium and the USP have a Special Housing Unit (SHU/protective custody- only single and double occupancy cells). The SHU segregates inmates from the general population for various reasons.

The FCC only houses male adult inmates. At the time of the audit, the total population was 4005. The institutions have several cameras strategically placed to ensure the safety and security of both inmates and staff. No "blind spots" were discovered during the tour (staffing deployment, cameras and security mirrors were used to eliminate potential "blind spots"). The FCC facilities offer various Adult Continuing Education courses, HiSet (GED) test preparation and testing, Advanced Occupational Education, English as a Second Language (ESL), a Residential Drug Abuse Program (only the FCI Low), vocational technical courses and other training programs. FCC inmate work assignments include food service, facility maintenance, janitors (orderlies), landscape maintenance, various clerical duties and other facility support assignments. The FCI Low has a Federal Prison Industries, known as UNICOR, which is a textile factory.

Inmates are occasionally involved in a variety of community service projects in the local area. FCC recreational programs offered include team and individual sports activities, hobby craft, wellness instruction and TV viewing. The FCC recreation areas/yards are very large. The FCC also provides several religious programs involving numerous faith groups. The FCC offers an excellent reentry into society program which prepares inmates for release back into the community. This initiative is a directed program that focuses on inmates taking responsibility for their release planning. Through this program, inmates can create resumes,

participate in mock employment interviews and are given tips for handling adversity and rejection. Each facility also provides court-mandated legal resource materials for inmates, including Bureau of Prisons policies, Institution Supplements and federal laws.

Summary of Audit Findings

The summary should include the number of standards exceeded, number of standards met, and number of standards not met, along with a list of each of the standards in each category. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.

EXIT BRIEFING AND FINDINGS-THIRD DAY

When the on-site audit was completed, another meeting was held with the Warden and other staff to discuss the audit findings. The facility was found to be fully compliant with the PREA. The auditor had been provided with extensive files prior to and during the audit for review to support a conclusion of compliance with the PREA. All interviews and observations also supported compliance. The Complex staff were found to be cooperative and professional. Staff morale appeared to be very good and the observed staff/inmate relationships were determined to be good. All areas of the facility were observed to be reasonably clean and well maintained, which is notable, especially considering the age of the FCI Low. At the end of the audit, the auditor thanked the Warden and staff for their hard work and dedication to the PREA audit process.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Program Statement (PS) 5324.12, Sexually Abusive Behavior Prevention and Intervention Program and Institution Supplement YAX 5324.12A, Sexually Abusive Behavior Prevention and Intervention Program, address the requirements identified in the standard. The Agency has appointed a psychologist assigned to the BOP Reentry Services Division as their National PREA Coordinator. This person reports to a BOP Assistant Director. The Complex Warden has appointed the Associate Wardens-Programs at each facility as the Institution PREA Compliance Managers (IPCM) and the Chief of Psychology Services to assist the IPCMs. The FCI Low IPCM also covers the SCP. The IPCMs report directly to the Warden of each facility regarding all PREA related concerns. Interviews with the Agency PREA Coordinator and IPCMs confirmed that each has sufficient time and authority to coordinate efforts to comply with the PREA standards.

The Agency and facility directives outline a zero-tolerance policy for all forms of sexual abuse and sexual harassment. Inmates are informed orally about the zero-tolerance policy and the PREA program during in-processing procedures and by attending a presentation during additional admission and orientation processes. Inmates are also informed about the program and zero-tolerance in the Admission and Orientation (A&O) Handbook, a pamphlet and through postings displayed throughout the facility (observed during the tour). All written documents are available in English and Spanish. Additional interpretive services are available for inmates who do not speak or read English and who are deaf, blind or hard of hearing. All interviews with staff, volunteers, contractors and inmates confirmed that each was aware of the zero-tolerance policy towards all forms of sexual abuse/sexual harassment. The commitment to the enforcement and implementation of the PREA meets the required mandates of this standard. An examination of policy, postings and supporting documentation, as well as interviews, confirm compliance with this standard.

Instructions for Overall Compliance Determination Narrative

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3000.03, Human Resource Management Manual, the facility staffing report and the Workforce Utilization Committee meeting minutes address the requirements of the standard. A review of the facility staffing plan and the quarterly Salary and Workforce Utilization Committee meeting minutes for the previous 12 months confirmed that PREA issues were considered

when filling positions and developing work rosters/assignments to meet all the requirements under 115.13a. Executive staff and IPCMs attending the meeting must take into consideration the staffing of four significantly different facilities when addressing PREA requirements. Staffing decisions occur at the facility or regional office level. Interviews with the Wardens and Human Resource Manager confirmed that the facility considers the items detailed in the standard when developing the staffing plan. The facility and the Agency review the staffing plan at least quarterly. The IPCMs are members of the Salary and Workforce Utilization Committee and may provide input as to whether adjustments to the staffing plan may be required to meet PREA requirements. There have been no judicial findings of inadequacy, findings of inadequacy from federal investigative agencies or findings of inadequacy from internal or external oversight bodies relevant to this standard. All essential posts are filled each shift and no essential posts are kept open for salary savings. When programs are offered, staffing is increased to provide additional supervision. The review of Institution Duty Officer unannounced PREA rounds logs confirmed that intermediate-level or higher-level supervisors (department heads at a minimum), to include shift supervisors, conduct and document such visits throughout the institution. Staff members are prohibited from alerting other employees regarding unannounced rounds. Interviews with inmates and housing unit officers also confirmed that random, unannounced rounds are conducted by the Institution Duty Officers daily, including nights and weekends. An examination of policy and supporting documentation and all interviews confirm compliance with this standard.

Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and PS 5521.06, Searches of Housing Units, Inmates and Inmate Work Areas, address the requirements of the standard. The FCC's rated capacity exceeds 50 inmates. The FCC does not permit cross-gender strip searches or cross-gender visual body cavity searches, except in exigent circumstances or when performed by medical practitioners. There was no cross-gender visual body cavity or strip searches conducted in any facility during the audit period. The FCC does not house female inmates. Officers would be required to document all cross-gender strip searches and cross-gender visual body cavity searches. Interviews with staff confirmed that they were aware of the prohibition of visual body cavity or strip searches of the inmates of the opposite sex except in exigent circumstances. Staff interviews also confirmed that female officers had been trained to conduct cross-gender pat searches. Inmate interviews also confirmed that inmates are not delayed or prohibited from attending regularly available programming or other opportunities to comply with this standard.

As confirmed by observations during the tour of all housing units, inmates are permitted to shower, perform bodily functions and change clothing privately. The agency and facilities at the Complex have a "knock and announce" policy and procedure requiring staff of the opposite sex to announce their presence or otherwise notify the inmates when entering an inmate housing unit. This notification is made by a recorded announcement when male and female staff members enter the housing units. Inmate interviews confirmed that female staff members announce their presence in this manner when entering housing units. The practice was observed during the tour of the entire FCC. An intercom announcement is also made over a loud speaker, at the beginning of each shift, which notifies inmates that male and female employees are on duty in their units. Policy mandates that staff do not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. Interviews with inmates, including the one transgender inmate, confirmed that they had been pat-searched by officers in the least intrusive manner, properly and professionally. Interviews with staff/inmates, auditor personal observations and an examination of policy/supporting documentation confirm compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and the Admission and Orientation (A&O) Handbook address the requirements of the standard. Through policy and practice, the facility staff ensures that inmates with all disabilities listed in 115.16a have an equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. The disabled inmates interviewed stated they were instructed about PREA compliance and felt safe from sexual abuse. All PREA related information, including postings, brochures and handouts are available in English, Spanish and other languages. Staff may read information to inmates when necessary. Translation services are also available through a contracted language service when needed. Communication services are also available for inmates who use sign language. The facility also employs staff members who are proficient in languages other than English. The facility does not rely on inmate interpreters, inmate readers or other types of inmate assistants in the performance of first responder duties or during the

investigation of an inmate's allegations. Interviews with first responders, medical, mental health and investigative staff confirmed their awareness of the prohibition of using inmate interpreters for PREA compliance functions. Interviews with two non-English proficient inmates confirmed the availability and use of the staff and telephonic interpretive services. Interviews with staff and other inmates and an examination of policy/supporting documentation also confirm compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3000.03 Human Resource Management Manual, PS 3420.11, Standards of Employee Conduct, the Pre-Employment Guide, SF85P (Questionnaire for Public Trust Positions) and a BOP recruitment document address the requirements of the standard. Five PREA personnel screening forms were examined by the auditor to ensure compliance with all aspects of this standard (few staff had been recently hired as the result of a hiring freeze and difficulties with finding correctional officer qualified candidates). All employees who have contact with inmates have had a full field background investigation, in addition to finger printing and inquiry into the FBI's National Crime Information Center (NCIC). Employee backgrounds are re-checked every five years. Contractors and volunteers who have regular contact with inmates also have criminal background checks completed prior to having contact with inmates. Volunteer and contractor background checks are repeated yearly. The facility does not hire or promote anyone who may have contact with inmates and does not enlist the services of any contractor who may have contact with inmates who has engaged in any type of sexual abuse/sexual harassment.

Employees have a duty to disclose such misconduct and material omissions regarding such misconduct would be grounds for termination. Submission of false information by any applicant is grounds for not hiring the applicant. The Human Resource Manager was interviewed and confirmed that the agency attempts to contact prior employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The Human Resource Manager also confirmed that the agency, not the FCC Human Resource Department, provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee, upon receiving a request from an institutional employer for whom such employee has applied to work. The agency, not the FCC Human Resource Department, notifies appropriate licensing/certifying agencies when professional staff members are terminated for substantiated allegations of sexual abuse or sexual harassment. A review of policy, personnel files and relevant supporting documentation, including staff interviews, confirm compliance with this standard.

Standard 115.18: Upgrades to facilities and technologies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

Since August 20, 2012, the FCC added a SCP and USP. The agency did consider the effect of the design and acquisition of these institutions to protect inmates from sexual abuse. In addition, the FCIs have also had an upgrade to existing technology, since August 20, 2012.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, YAX 5324.12A, the Guide for First Responder/Operations Lieutenant-When Approached with an Inmate Allegation of Sexual Abuse or Harassment, PS 6031.04, Patient Care and the PREA Checklist & Instructions address the requirements of the standard. Interviews with correctional and health services personnel confirmed that they were all knowledgeable of the required procedures for obtaining, preserving and securing physical evidence, when sexual abuse is alleged. Staff members were aware that the Special Investigative Services (SIS) Lieutenants, the Office of Internal Affairs (OIA), the Office of Inspector General (OIG) or the Federal Bureau of Investigation (FBI) conducted investigations relative to sexual abuse/sexual harassment allegations. The Agency follows a uniform evidence protocol as described in the U.S. Department of Justice's Office on Violence against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents". Victims of sexual assault are referred to health services for initial examination and treatment. Such treatment would be for life preservation only and the victim would be transported to a community hospital for examination, treatment and forensic evidence gathering by a trained forensic examination provider.

All sexual abuse victim advocacy, examinations, treatment, testing and follow-up care are provided without cost to the victim. Facility staff members have been trained as victim advocates, as there is no local Victim Advocate. Routinely, administrative investigations are conducted by trained investigators who are full time employees of the facility. The Warden generates the referral to the outside agency (OIG, or FBI). The review of training records confirmed that investigators have received investigator training offered by the BOP on the investigation of sexual abuse and sexual harassment in confinement settings. Interviews with staff, an investigator and a local hospital Emergency Room Supervisor, as well as an examination of policy/supporting documentation, also confirm compliance with this standard. Rape, Abuse and Incest National Network (RAINN) and Justice Detention International (JDI), national victim advocacy agencies, were contacted by the auditor. RAINN referred the auditor to the local victim advocate, who stated they could not provide services to the FCC. JDI had no information pertaining to the FCC.

Standard 115.22: Policies to ensure referrals of allegations for investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.22 (a)

- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual abuse? Yes No
- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual harassment? Yes No

115.22 (b)

- Does the agency have a policy and practice in place to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior? Yes No
- Has the agency published such policy on its website or, if it does not have one, made the policy available through other means? Yes No
- Does the agency document all such referrals? Yes No

115.22 (c)

- If a separate entity is responsible for conducting criminal investigations, does such publication describe the responsibilities of both the agency and the investigating entity? [N/A if the agency/facility is responsible for criminal investigations. See 115.21(a).] Yes No NA

115.22 (d)

- Auditor is not required to audit this provision.

115.22 (e)

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Policy requires administrative or criminal investigations to be completed on all allegations of sexual abuse/sexual harassment. Administrative investigations are routinely assigned for completion by the Special Investigative Services Lieutenants or Special Investigative Agent. If, during an investigation, evidence surfaces indicating criminal misconduct, the case would be initially referred to the FBI for criminal investigation. The Special Investigative Services Lieutenants and Special Investigative Agent were interviewed and found to be aware of their responsibilities in the

investigative process. The FBI would conduct criminal investigations for the FCC involving inmate-on-inmate sexual abuse and the OIG would investigate staff-on-inmate criminal sexual abuse. An investigation would never be terminated due to an inmate being transferred or released or an employee leaving the agency. The FCC has an Evidence Recovery Team (ERT), which is a group of specially trained staff who would be called to a potential crime scene to preserve evidence. A review of training documents confirmed that all investigators received instruction in conducting sexual assault investigations in confined spaces/prisons. Interviews with staff, an ERT team member and the investigators, as well as an examination of policy/supporting documentation, confirm compliance with this standard. There was no agency investigator available to be interviewed.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and YAX 5324.12A address the requirements of this standard. All BOP employees are considered correctional officers and all new employees attend training locally and at the Federal Law Enforcement Training Center. This training addresses all of the topics identified in the standard. Related education is provided annually during refresher training. The review of FCC lesson plans, training logs and PREA Power Point presentations confirmed that the provided training also addressed all elements identified in the standard. Staff must acknowledge in writing their understanding of the PREA. Employees have PREA information noted on their desk computers and carry a PREA reference card. A sampling of annual staff training files was reviewed and found to contain documentation supporting compliance with this standard. All staff interviewed indicated that they received the required PREA training initially and annually. The Warden has periodically issued memos (emails) to staff reminding them of and clarifying various PREA issues. General staff meetings are also held, addressing PREA issues. Officers receive additional PREA training/updates when needed and officers assigned to the SHU also receive additional training. The extensive training provided and staff's knowledge of the PREA requirements confirm that the FCC is compliant with this standard.

Standard 115.32: Volunteer and contractor training

Yes No

115.32 (c)

- Does the agency maintain documentation confirming that volunteers and contractors understand the training they have received? Yes No

PS 5324.12 and YAX 5324.12A address the requirements of the standard. The review of volunteer and contractor PREA training sign-in forms, files and other documents by the auditor confirmed that all facility contractors and volunteers have received training related to their responsibilities concerning the PREA (zero-tolerance, detection, prevention, response and reporting requirements), during the previous twelve months (newly selected volunteers and newly hired contractors), and during annual refresher training. Staff, contractor and volunteer interviews confirmed that the training was provided and that they understood the agency's zero-tolerance policy for sexual abuse and sexual harassment and their responsibilities under the PREA. A review of the PREA contractor and volunteer training presentation further confirmed that the level of instruction is appropriate for the services provided and emphasizes the facility's zero-tolerance and reporting policies. A review of policy/documentation and the training presentation, as well as training staff, volunteer and contractor interviews, confirmed compliance with this standard.

PS 5324.12 and YAX 5324.12A address the requirements of the standard. During in-processing procedures, each inmate receives an Inmate Handbook and a pamphlet describing the agency's PREA compliance program. The information identifies the key elements of the program and informs them of the zero-tolerance policy regarding sexual abuse and sexual assault and multiple ways to report sexual abuse/sexual harassment. The information also informs the inmates that they will be free from retaliation for reporting an incident of sexual abuse and that both male and female staff members routinely work in and monitor the housing units. The information is available in English, Spanish and other languages. A staff member conducts an education program regarding the PREA for all inmates within 30 days of their arrival at the facility.

The program includes definitions of sexually abusive behavior and sexual harassment, prevention strategies and reporting modalities. The comprehensive orientation video also explains the facilities zero-tolerance policy and covers the inmate's right to be free from sexual abuse, sexual harassment and retaliation. Inmates also have access to TRULINCS, a computer system which also provides PREA information and a reporting outlet. Inmate telephones, examined by the auditor, also provide a reporting outlet. Staff interpreters and telephonic translation services are available to inmates who are not proficient in English or are otherwise unable to communicate (deaf, blind, hard of hearing, mentally impaired, etc.). Unit staff members routinely conduct "town hall" meetings (group meetings that provide information and a question/answer session) in the housing units to address issues that may include PREA discussions.

Inmate interviews confirmed that they received PREA information and they were aware of numerous reporting methods to include anonymous and third-party reporting, the zero-tolerance policy and their right to be free from retaliation. The tour of the FCC confirmed that several PREA education posters were prominently displayed in all housing units, the Visiting Rooms and common/program areas. If an inmate is transferred to another facility, policy requires that this training process be repeated at the new institution (confirmed through interviews with new inmates). Interviews with staff and inmates, visual observation of posters/notices and an examination of policy/documentation confirm that the FCC is in compliance with this standard.

Standard 115.34: Specialized training: Investigations

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, the SIS/SIA Training Lesson Plan, Sexual Violence PREA Training and DOJ/OIG PREA Training address the requirements of the standard. The facility investigators, OIA, OIG and FBI investigators have received PREA specialized training through the Department of Justice (this training includes all requirements under 115.34b). The FCC also has an Evidence Recovery Team (ERT), which is a group of specially trained staff who would be called to a potential crime scene to preserve evidence. The auditor reviewed specialized training documentation to include the SIS/SIA Training Instructor Guide, the BOP Course Completion List for Investigating Sexual Abuse in a Confinement Setting training and the OIG PREA Criminal Investigator Certification Training List. Administrative investigations are conducted by trained investigators who are full time employees of the FCC. No agency investigators were available to be interviewed. When criminal investigations are indicated, they are conducted by the Federal Bureau of Investigation or the Office of Inspector General. Interviews with staff and the SIS investigators and an examination of policy/documentation confirm compliance with this standard.

Standard 115.35: Specialized training: Medical and mental health care

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.35 (a)

- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how to detect and assess signs of sexual abuse and sexual harassment? Yes No
- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in how to preserve physical evidence of sexual abuse? Yes No

115.35 (d)

- Do medical and mental health care practitioners employed by the agency also receive training mandated for employees by §115.31? Yes No
- Do medical and mental health care practitioners contracted by and volunteering for the agency also receive training mandated for contractors and volunteers by §115.32? Yes No

Instructions for Overall Compliance Determination Narrative

PS 5324.12 and YAX 5324.12A address the requirements of this standard. When required, both medical and mental health providers are available for immediate call back to the FCC, during off duty hours. The review of medical and mental health personnel training records by the auditor confirmed that these employees (full-time and contractors) receive the same PREA training as correctional officers and have a duty to report, when they have knowledge of sexual abuse/assault, even when disclosed during a health care encounter. Further review of training records confirmed that all mental health and medical staff have also received specialized training on victim identification, interviewing, evidence preservation, reporting and required clinical interventions. Training does not refer to certifications needed to conduct forensic

examinations. All cases requiring the processing of sexual assault evidence collection kits are transported to a community hospital where trained medical personnel are available always. A nursing supervisor at the local hospital was interviewed and confirmed the FCC's access to these services. Interviews with five members of the medical and mental health staff confirmed the provision of specialized training and that they are aware of their duty to report and address allegations and suspicions of sexual abuse/sexual harassment. A review of the training documentation and policy also confirm compliance to this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. All inmates are immediately assessed for a history of sexual abusiveness and risk of sexual victimization, during in-processing procedures performed in the receiving and discharge (R&D) area (in accordance with the requirements listed in 115.41d and e). Policy prohibits disciplining inmates for refusing to answer or for not disclosing complete information during the screening process. If transferred to another facility, the inmate would be required to go through the screening process again upon arrival. A member of the inmate's housing unit team (case manager or counselor) screens all new arrivals within the first 72 hours of the inmate's arrival, but this activity ordinarily occurs within a few hours on the day of arrival.

The review of screening documents by the auditor confirmed that inmates identified as being at high risk for sexual victimization or at risk of sexually abusing other inmates were referred to a mental health professional and all received further assessment (the auditor received a sampling of intake file documentation to be examined). Staff members also conduct screenings by reviewing records or other information from other facilities, new referrals or for any other relevant reason, as this is an on-going process. A unit team member reviews all relevant information from other facilities and continues to reassess an inmate's risk level within 30 days of his arrival. Intake staff (who screen for abusiveness and victimization) and inmate interviews, a review of policies/documentation and observation of the intake process confirmed compliance with this standard. The information received during the screening process is confidential and only available to staff with a need-to-know and never to other inmates.

Standard 115.42: Use of screening information

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.42 (a)

- Does the agency use information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Housing Assignments? Yes No
- Does the agency use information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Bed assignments? Yes No
- Does the agency use information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Work Assignments? Yes No
- Does the agency use information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Education Assignments? Yes No

- Does the agency use information from the risk screening required by § 115.41, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Program Assignments? Yes No

115.42 (b)

- Does the agency make individualized determinations about how to ensure the safety of each inmate? Yes No

115.42 (c)

- When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns inmates to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)? Yes No
- When making housing or other program assignments for transgender or intersex inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether a placement would present management or security problems? Yes No

115.42 (d)

- Are placement and programming assignments for each transgender or intersex inmate reassessed at least twice each year to review any threats to safety experienced by the inmate? Yes No

115.42 (e)

- Are each transgender or intersex inmate's own views with respect to his or her own safety given serious consideration when making facility and housing placement decisions and programming assignments? Yes No

115.42 (f)

- Are transgender and intersex inmates given the opportunity to shower separately from other inmates? Yes No

115.42 (g)

- Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex inmates, does the agency always refrain from placing: lesbian, gay, and bisexual inmates in dedicated facilities, units, or wings solely on the basis of such identification or status? Yes No
- Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay,

bisexual, transgender, or intersex inmates, does the agency always refrain from placing: transgender inmates in dedicated facilities, units, or wings solely on the basis of such identification or status? Yes No

- Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex inmates, does the agency always refrain from placing: intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Risk screening information is used to determine housing, bed, work, education and program assignments, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. Determinations for these assignments are made on a case-by-case basis. Staff members assigned to conduct intake screening have been provided additional training and resource materials.

The agency (through a committee) decides whether to assign a transgender or intersex inmate to a facility for male or female inmates. The BOP has no dedicated facilities for transgender or intersex inmates. The facility determines other housing and programming assignments for transgender or intersex inmates on a case-by-case basis, to include whether a placement would ensure the inmate's health and safety and whether the placement would present management or security problems. Placement and programming assignments for each transgender or intersex inmate are reassessed at least once every six months. Policy states that a transgender or intersex inmate's own views with respect to his own safety should be given serious consideration when making these assignments. Transgender and intersex inmates are given the opportunity to shower, dress and use toilet facilities separately from other inmates. Interviews with one self-identified transgender inmate confirmed that the inmate was able to shower privately, was afforded other significant privacy, felt safe in the facility and the inmate's own views with respect to her safety was given serious consideration.

In addition, the inmate was very complimentary of how she was treated. Medical and mental health personnel meet on a regular basis to assess the status of any inmate thought to be at risk for abuse or are exhibiting adjustment problems. The interview with the agency's PREA Coordinator confirmed that a transgender inmate's genital status is not the sole criteria for placement in a specific facility. Interviews with staff and inmates, observation of housing assignments and unit activities, as well as an examination of documentation/policy, confirm that the FCC is in compliance with this standard.

Standard 115.43: Protective Custody

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.43 (a)

- Does the facility always refrain from placing inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers? Yes No
- If a facility cannot conduct such an assessment immediately, does the facility hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment? Yes No

115.43 (b)

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Programs to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Privileges to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Education to the extent possible? Yes No
- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Work opportunities to the extent possible? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The opportunities that have been limited? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The duration of the limitation? Yes No
- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The reasons for such limitations? Yes No

115.43 (c)

- Does the facility assign inmates at high risk of sexual victimization to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged?
 Yes No
- Does such an assignment not ordinarily exceed a period of 30 days? Yes No

115.43 (d)

- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The basis for the facility's concern for the inmate's safety? Yes No
- If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The reason why no alternative means of separation can be arranged? Yes No

115.43 (e)

- In the case of each inmate who is placed in involuntary segregation because he/she is at high risk of sexual victimization, does the facility afford a review to determine whether there is a continuing need for separation from the general population EVERY 30 DAYS? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The Special Housing Units (SHU) house both administrative (protective custody) and disciplinary cases. Policy states inmates at high risk for sexual victimization shall not be placed in involuntary SHU status unless an assessment of all available alternatives has been made and there is no available means of separating the inmate from the abuser (none were placed in this status within the last year). In practice, victims would almost never be placed in involuntary protective custody. The inmates would be reassessed by some committee every 7 days after entering the SHU. If protection is necessary for an inmate, they may be transferred to another facility at the FCC. Interviews

with SHU officers and a SHU Lieutenant confirmed, that to the extent possible, access to programs, privileges, education and work opportunities are not limited to inmates placed in a SHU for protective custody, except when there are safety or security concerns. The facility would document the reasons for restricting access and the length of time the restriction would last. Mental health and unit staff meet with each inmate in SHU at least once each week. A Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form is completed when considering all appropriate alternatives for safeguarding alleged inmate victims. Interviews with staff (including SHU assigned staff), an examination of SHU operations and an examination of policy/documentation confirm compliance with this standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 YAX 5324.12A, the Admission and Orientation (A&O) Handbook and PREA postings address the requirements of the standard. A review of documentation indicated that there are multiple ways (including verbally, in writing, privately, from a third party and anonymously) for inmates and staff to report sexual abuse or sexual harassment. Inmates are informed about the reporting methods through the A&O Handbook, postings in the housing units and common areas and as part of the initial orientation process. Inmates also have access to TRULINCS, a computer system which also provides PREA information and a reporting outlet. Through TRULINCS, the inmate can contact the Office of Inspector General anonymously and the email is untraceable at the institution level. During the tour of the facility, several fully operational TRULINCS computers were observed in each housing unit. Inmate dedicated telephones were observed in each unit that could also be used as a reporting outlet.

The tour of the facility also confirmed that there were numerous posters on display explaining the reporting procedures. Staff members accept reports made verbally, in writing, anonymously and from third parties and promptly document any form of reporting. Staff members are required to immediately document any allegation. Family and friends of inmates may report sexual abuse/sexual harassment by using the BOP website, making a phone call to the OIG or by contacting facility staff. All inmates interviewed confirmed that they were aware of the multiple methods of reporting sexual abuse/assault allegations. Inmates at the FCC are not detained solely for civil immigration purposes. Interviews with staff and inmates,

observation of posters and other reporting methods, as well as an examination of policy/documentation, confirm compliance with this standard.

Standard 115.52: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.52 (b)

- Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (c)

- Does the agency ensure that: An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) Yes No NA

- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 1330.18, Administrative Remedy Program, addresses the requirements of the standard. This policy requires that all PREA grievances be processed in accordance with 115.52a-f. However, grievances (administrative remedies) filed alleging sexual abuse/sexual harassment would result in the immediate opening of a formal investigation. Policy states that there is no time frame for filing a grievance relating to sexual abuse or sexual harassment and there is no requirement that an inmate use any informal grievance process before filing an allegation involving sexual abuse/sexual harassment. Allegations of physical abuse by staff shall be referred to the Office of Internal Affairs, in accordance with procedures established for such referrals. Policy addresses the filing of emergency administrative remedy requests. If an inmate files the emergency grievance with the institution and believes they are under a substantial risk of imminent sexual abuse, an expedited response is required to be provided within 48 hours. Best efforts are made to provide Regional Office and Central Office expedited appeal responses within five calendar days. If an inmate reasonably believes the issue is sensitive and the inmate's safety or well-being would be placed in danger, if the remedy became known at the institution, the inmate may submit the remedy directly to the appropriate Regional Office. There is no prohibition that limits third parties, including fellow inmates, staff members, family members, attorneys and outside victim advocates, in assisting inmates in filing requests for grievances relating to allegations of sexual abuse or filing such requests on behalf of inmates. There was one grievance alleging sexual abuse/sexual harassment filed within the last twelve months. The grievance was processed appropriately and resulted in a formal investigation being immediately opened. Interviews with staff (including the

Administrative Remedy Coordinator) and inmates and an examination of supporting documentation/policy confirm compliance with this standard.

Standard 115.53: Inmate access to outside confidential support services

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.53 (a)

- Does the facility provide inmates with access to outside victim advocates for emotional support services related to sexual abuse by giving inmates mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations? Yes No
- Does the facility provide persons detained solely for civil immigration purposes mailing addresses and telephone numbers, including toll-free hotline numbers where available of local, State, or national immigrant services agencies? Yes No
- Does the facility enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible? Yes No

115.53 (b)

- Does the facility inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws? Yes No

115.53 (c)

- Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse? Yes No
- Does the agency maintain copies of agreements or documentation showing attempts to enter into such agreements? Yes No

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Although the FCC does house inmates who have immigration detainers, no inmates placed in this facility are incarcerated solely for civil immigration purposes. The FCC has unsuccessfully attempted to enter into an agreement with a local victim advocate organization to provide emotional support services related to sexual abuse, as confirmed through a telephone interview with a victim advocate from that agency (no funding was available to provide services and documentation). FCC staff members, including mental health treatment providers, have also been trained as victim advocates. Inmates are informed as part of their orientation process that all telephone calls, except properly placed legal calls, are subject to monitoring and recording and that all mail, except for legal mail, is subject to monitoring as well. Inmates are informed that emails to the Office of Inspector General through TRULINCS are not monitored by the FCC or BOP. Postings in the housing units and common areas, the PREA pamphlet issued upon the inmate's arrival and the A&O Handbook provide the address to the OIG and explain that inmates may confidentially submit written allegations of sexual abuse/sexual harassment to this entity. The facility enables reasonable communication between inmates and these organizations and agencies in as confidential a manner as possible. Interviews with staff and inmates, an examination of postings in the housing units, an interview with the local victim advocate and an examination of policy/documentation confirm compliance with this standard.

Standard 115.54: Third-party reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.54 (a)

- Has the agency established a method to receive third-party reports of sexual abuse and sexual harassment? Yes No
- Has the agency distributed publicly information on how to report sexual abuse and sexual harassment on behalf of an inmate? Yes No

The BOP pamphlet "Sexually Abusive Behavior Prevention and Intervention", the Admission and Orientation Handbook, PREA posters throughout the facility, the posted Office of Inspector General address and the BOP website (www.bop.gov) address the requirements of the standard. The website and posted notices, as observed by the auditor in the housing units, the Visiting Rooms and throughout the Complex, assist third party reporters on how to report allegations of sexual abuse/sexual harassment. Interviews with staff and inmates also confirmed that they were aware that anonymous and third-party reporting procedures were available.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 YAX 5324.12A and PS 3420.11 address the requirements of the standard. All staff, contractors and volunteers are required to report any information regarding sexual abuse or sexual harassment or any staff neglect, action or violation that may contribute to an incident or an act of retaliation. The reporting is ordinarily made to the shift Operations Lieutenant but could be made privately or to a third party (FBI, OIG or OIA). All third-party notifications would result in the opening of a formal investigation. Policy requires the information concerning the identity of the alleged inmate victim and the specific facts of the case to be shared with staff who need-to-know because of their involvement with the victim's welfare and/or the investigation of the incident. Interviews with employees, contractors and volunteers confirmed they were aware of their reporting duties. Additional compliance with all aspects of the standard was verified through document and policy review. The facility does not house inmates under the age of 18.

Standard 115.62: Agency protection duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.62 (a)

- When the agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, does it take immediate action to protect the inmate? Yes No

Auditor Overall Compliance Determination

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Staff interviews, including security and non-security first responders (correctional officers and medical/mental health staff), confirmed they were knowledgeable of their responsibilities when they become aware or suspect that an inmate is being or has been sexually abused or sexually harassed. All staff indicated they would act immediately to protect the inmate by separating and protecting the victim from the abuser, isolate the area (as a potential crime scene to preserve evidence) where the act allegedly occurred and would call the shift Operations Lieutenant for assistance. When notified, the interviewed shift Operations Lieutenants stated they would further protect the victim, notify medical and mental health staff and advise the Institution Duty Officer. In the past 12 months, there were no instances in which the FCC staff determined that an inmate was subject to substantial risk of imminent sexual abuse. Interviews with other staff and an examination of policy/documentation confirm compliance with this standard.

Standard 115.63: Reporting to other confinement facilities

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.63 (a)

- Upon receiving an allegation that an inmate was sexually abused while confined at another facility, does the head of the facility that received the allegation notify the head of the facility or appropriate office of the agency where the alleged abuse occurred? Yes No

115.63 (b)

- Is such notification provided as soon as possible, but no later than 72 hours after receiving the allegation? Yes No

115.63 (c)

- Does the agency document that it has provided such notification? Yes No

115.63 (d)

- Does the facility head or agency office that receives such notification ensure that the allegation is investigated in accordance with these standards? Yes No

Auditor Overall Compliance Determination

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Policy requires the reporting of any PREA related violation by an inmate that occurred at another facility to the Warden (or equivalent person) of the facility where the incident is alleged to have occurred, by the Warden (or equivalent person) of the facility in which the inmate is currently housed. When the inmate reports sexual abuse/sexual harassment from state, non-Bureau privatized facilities, jails, juvenile facilities and Residential Reentry Centers (halfway houses), the Warden contacts the appropriate office of the facility and/or notifies the Residential Reentry Management Branch of the BOP, if appropriate. The notification is to occur as soon as possible, but always within 72 hours of receiving the allegation. Policy also requires that an investigation be initiated. During the audit period, there were two inmates who alleged that they were sexually abused or sexually harassed at another facility. There were no notifications received from another facility alleging abuse at the FCC. Documentation of the notices made to the other facilities was examined by the auditor and found to be compliant with this standard. Interviews with staff and an examination of policy also confirm compliance with this standard.

Standard 115.64: Staff first responder duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.64 (a)

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Separate the alleged victim and abuser?
 Yes No
- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence? Yes No
- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, if the abuse occurred within a time period that still allows for the collection of physical evidence? Yes No

Yes No

115.64 (b)

- If the first staff responder is not a security staff member, is the responder required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and YAX 5324.12A address the requirements of the standard. All staff members interviewed were knowledgeable concerning their first responder required actions, when learning of an allegation of sexual abuse/sexual harassment. All BOP staff are considered correctional workers first and are trained as such. All staff indicated they would separate the inmates, protect the victim, secure the area as a crime scene, not allow inmates to destroy any evidence and contact the Operations Lieutenant. All requirements under 115.64a would be met. The Operations Lieutenant would continue to protect the inmate and notify medical and mental health staff, the Evidence Recovery Team and administrative/executive staff. Within the last year, there were four instances requiring a staff member to act as a first responder (all were correctional staff-none were available to be interviewed) to an allegation of sexual abuse/sexual harassment. Interviews with staff and an examination of documentation confirm compliance with this standard.

Standard 115.65: Coordinated response

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.65 (a)

- Has the facility developed a written institutional plan to coordinate actions among staff first responders, medical and mental health practitioners, investigators, and facility leadership taken in response to an incident of sexual abuse? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and YAX 5324.12A address the requirements of the standard. Several documents, such as the PREA card provided to all staff (interviewed staff had the card in their possession), provide guidance to employees regarding the expected coordinated actions to

take place in response to an incident of sexual abuse/sexual harassment. Operations Lieutenants use a PREA checklist to aid in their response to allegations of sexual abuse/sexual harassment. The policies and information provide direction to security staff, medical/mental health practitioners, investigators, staff victim advocates, forensic examination service providers and facility leadership. Staff and a community service provider interviewed confirmed that they were knowledgeable regarding their responsibilities in the coordinated response. An examination of policy/documentation also confirms compliance with this standard.

Standard 115.66: Preservation of ability to protect inmates from contact with abusers

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.66 (a)

- Are both the agency and any other governmental entities responsible for collective bargaining on the agency's behalf prohibited from entering into or renewing any collective bargaining agreement or other agreement that limits the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted? Yes No

115.66 (b)

- Auditor is not required to audit this provision.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The Collective Bargaining Agreement (CBA), examined by the auditor, between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20, 2017, complies with this standard. The agreement

does not limit the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted. The auditor was advised that the CBA is currently being renegotiated and will contain the required language in its final form.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does

not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of this standard. Policy prohibits any type of retaliation against any staff member or inmate who has reported sexual abuse, sexual harassment or cooperated in any related investigation. The IPCMs are the designated Retaliation Monitors. When interviewed, they stated they would document and follow up on all potential cases to ensure policy is being enforced and conduct periodic status checks on the frequency of incident reports, housing reassignments, program changes, any negative consequences for reporting abuse and negative performance reviews/staff job reassignments (all steps required of 115.67c). If there was a concern that there was the potential for possible retaliation, the IPCMs indicated they would monitor the situation indefinitely. There have been no suspected or actual incidents of retaliation in the previous 12 months. Compliance with this standard was determined by a review of policy/documentation (including the Retaliation Log on the third day of the audit) and staff interviews.

Standard 115.68: Post-allegation protective custody

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.68 (a)

- Is any and all use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse subject to the requirements of § 115.43? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Policy requires staff to assess and consider all appropriate alternatives for safeguarding alleged inmate victims of sexual abuse/sexual harassment. The requirements listed in 115.43 would be enforced. Staff must first consider other alternatives based on the circumstances of the allegation before

considering the placement of an inmate in protective custody (SHU), placing him in another housing unit or transferring the inmate to another facility. To aid in that decision, policy requires the facility to complete the BOP's Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form. The form serves to document consideration of all options. Interviews with staff and the tour of the facility confirmed that there are viable alternatives to placing victims of sexual abuse/sexual harassment in involuntary segregated housing (SHU). In practice, inmates would almost never be placed in this status. To the extent possible, access to programs, privileges, education and work opportunities would not be limited to inmates placed in a SHU for protective custody. The reasons would be documented for restricting access and the length of time the restrictions would last. There were no inmates placed in post-allegation protective custody status within the last twelve months. Compliance with this standard was determined by a review of policy and documentation, staff interviews, as well as a tour of the FCI and USP SHUs.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The FCC investigators (SIS and SIA) may conduct administrative investigations within the facility and were interviewed by the auditor. When an allegation appears to be criminal in nature, the SIS, in conjunction with the BOP's Office of Internal Affairs and the facility Warden, will refer the incident to the FBI for a criminal investigation, if the investigation involves an inmate-on-inmate allegation. Staff-on-inmate criminal investigations are conducted by the Office of Inspector General. The FBI or the OIG investigator consults with the Assistant U.S. Attorney, when necessary. If the FBI or the OIG substantiates the allegation, the case is referred to the local United States Attorney for possible prosecution. Although there were seventeen allegations of inmate-on-inmate or staff-on-inmate sexual abuse investigated over the previous 12 months, there were no referrals for criminal investigations. The credibility of an alleged victim, suspect or witness is assessed on an individual basis and is not determined by the person's status as inmate or staff. The Agency does not require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth assessment device as a condition for proceeding with the investigation of such an allegation. The review of seventeen completed case files of inmates alleging sexual abuse/sexual harassment revealed that all investigations were conducted promptly and thoroughly and in compliance with policy. Five cases were still open at the time of the audit. Compliance with this standard was determined by a review of all completed investigations and policy/documentation, as well as staff interviews, to include two investigators.

Standard 115.72: Evidentiary standard for administrative investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.72 (a)

- Is it true that the agency does not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The evidence standard is a "preponderance of the evidence" in determining whether allegations of sexual abuse or sexual harassment are substantiated. The investigators were aware of the evidence standard. The evidence standard was utilized in the seventeen investigations reviewed by the auditor.

Standard 115.73: Reporting to inmates

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The facility only conducts administrative investigations. There were seventeen completed investigations of sexual abuse/sexual harassment over the previous 12 months (two inmates alleging victimization were interviewed). A review of documentation confirmed that, in all instances, the inmates were informed in writing regarding the results of each investigation. Nine cases were determined to be unfounded and eight were found to be unsubstantiated. When the allegation involves staff, the inmate would be informed if the staff member is no longer posted within their housing unit, is no longer employed at the FCC, if the staff member was indicted on a charge related to sexual abuse within the facility or the Agency learned that the staff member was convicted on a charge related to sexual abuse. These findings would also be communicated to the inmate, if the investigation was completed by an outside agency (OIG or FBI). Compliance with this standard was determined by a review of policy, an examination of the written notices and staff/inmate interviews.

DISCIPLINE

Standard 115.76: Disciplinary sanctions for staff

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.76 (a)

- Are staff subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies? Yes No

115.76 (b)

- Is termination the presumptive disciplinary sanction for staff who have engaged in sexual abuse? Yes No

115.76 (c)

- Are disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories? Yes No

115.76 (d)

- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Law enforcement agencies (unless the activity was clearly not criminal)? Yes No
- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Relevant licensing bodies? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Staff members are subject to disciplinary sanctions for violating agency sexual abuse or sexual harassment policies. Discipline would be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history and the sanctions imposed for comparable offenses by other staff with similar histories. There have been no substantiated cases of inmates engaging in sex with staff in the last twelve months. The Collective Bargaining Agreement (examined by the auditor) between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20, 2017, allows for disciplinary sanctions against staff, including termination, for the sexual abuse or sexual harassment of an inmate. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation, may be reported to any law enforcement or relevant professional/certifying/licensing agencies by the Agency, unless the activity was clearly not

criminal. Compliance with this standard was determined by a review of policy/documentation and staff interviews.

Standard 115.77: Corrective action for contractors and volunteers

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.77 (a)

- Is any contractor or volunteer who engages in sexual abuse prohibited from contact with inmates? Yes No
- Is any contractor or volunteer who engages in sexual abuse reported to: Law enforcement agencies (unless the activity was clearly not criminal)? Yes No
- Is any contractor or volunteer who engages in sexual abuse reported to: Relevant licensing bodies? Yes No

115.77 (b)

- In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer, does the facility take appropriate remedial measures, and consider whether to prohibit further contact with inmates? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Any contractor or volunteer who engages in sexual abuse/sexual harassment would be prohibited from contact with inmates and would be reported to the appropriate investigator and law enforcement or relevant professional/licensing/certifying bodies, unless the activity was clearly not criminal in nature. In cases that were not criminal in nature, the FCC would take appropriate remedial measures and consider whether to prohibit further contact with inmates. During the previous

year, there were no incidents where a contractor or volunteer was accused of, suspected or found guilty of sexual abuse or sexual harassment at the FCC. Compliance with this standard was determined by a review of policy and completed investigations, as well as staff and volunteer/contractor interviews.

Standard 115.78: Disciplinary sanctions for inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.78 (a)

- Following an administrative finding that an inmate engaged in inmate-on-inmate sexual abuse, or following a criminal finding of guilt for inmate-on-inmate sexual abuse, are inmates subject to disciplinary sanctions pursuant to a formal disciplinary process? Yes No

115.78 (b)

- Are sanctions commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories? Yes No

115.78 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior? Yes No

115.78 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending inmate to participate in such interventions as a condition of access to programming and other benefits? Yes No

115.78 (e)

- Does the agency discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact? Yes No

115.78 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? Yes No

115.78 (g)

- Does the agency always refrain from considering non-coercive sexual activity between inmates to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between inmates.)
 Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5270.09, Inmate Discipline Program and PS 5324.12 address the requirements of the standard. The Inmate Discipline Program defines sexual assault of any person, involving non-consensual touching by force or threat of force, as the greatest severity level prohibited act. The program identifies inmates engaging in sexual acts and making sexual proposals or threats to another as a high severity level prohibited act. Consensual sex or sexual harassment of any nature is prohibited and will result in discipline. Consensual sex between inmates does not constitute sexual abuse. Sanctions are commensurate with the nature and circumstances of the abuse committed, along with the inmate's disciplinary history and the sanctions imposed for comparable offenses by other inmates with similar histories. Inmates are subject to disciplinary sanctions pursuant to the formal disciplinary process defined in the Inmate Discipline Program. The FCC does not discipline inmates who make an allegation in good faith, even if an investigation does not establish evidence sufficient to substantiate the allegation. Interviews with the investigators confirmed compliance with this standard. The disciplinary process considers whether an inmate's mental disabilities or mental illness contributed to the inmate's behavior when determining what type of sanction, if any, should be imposed. If mental disabilities or mental illness is a factor, FCC staff members consider the offer of therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse. Compliance with this standard was determined by a review of policy/documentation and the inmate discipline process, as well as staff interviews, to include the SIS lieutenants.

MEDICAL AND MENTAL CARE

Standard 115.81: Medical and mental health screenings; history of sexual abuse

Yes No

115.81 (b)

- If the screening pursuant to § 115.41 indicates that a prison inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, do staff ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening? (N/A if the facility is not a prison.) Yes No NA

115.81 (c)

Yes No

115.81 (d)

Yes No

115.81 (e)

- Do medical and mental health practitioners obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Interviews with medical, mental health and specialized staff confirm the facility has a comprehensive system for collecting medical and mental health information relevant to the PREA and has the capacity to provide continued reassessment and follow-up services. The review of completed Psychology Services' "Risk of Sexual Victimization" and "Risk of Sexual Abusiveness" forms confirmed that inmates who disclosed prior victimization during screening were offered a follow-up meeting with medical or mental health staff within fourteen days. Treatment services are offered without financial cost to the inmate. As confirmed by observation and a review of intake screening documents, screening for prior sexual victimization in any setting is conducted by unit team staff during in-processing procedures. In-processing procedures also screen for previous sexually assaultive behavior in an institutional setting or in the community. When indicated, staff members ensure that the inmate is offered a follow-up meeting with a mental health practitioner within fourteen days of the intake screening. Information related to sexual victimization or abusiveness is limited to medical and mental health practitioners and other staff with a need-to-know for determining treatment plans, security, housing, work, program assignments and management decisions. Signed and dated informed consents are obtained from inmates before reporting prior sexual victimization that did not occur in an institutional setting. The FCC does not house inmates under the age of 18. Compliance with this standard was determined by a review of policy/documentation, observation of the intake screening process and staff interviews (intake screening staff).

PS 5324.12, YAZ 5324.12A and PS 6031.04 address the requirements of the standard. The facility medical and mental health personnel provide services to the entire FCC. Medical personnel are on duty, during the day and evening shifts only, seven days a week and are available for consultation or call-back on off duty hours. Mental health providers are on-site five days per week, during the day shift, and are also available for call-back on off hours. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Administrative and/or criminal investigations are completed on all allegations of sexual abuse/sexual harassment. The facility investigators and/or the FBI/OIG/OIA conduct all investigations. Interviews with the SIS staff confirmed that they were knowledgeable concerning the requirements of the program and that they provided the necessary information to the Incident Review Team for consideration. The facility conducts a sexual abuse incident review at the end of every sexual abuse investigation, unless the allegation was determined to be unfounded. The Incident Review Team normally consists of the Warden and IPCM of the facility where the incident occurred, the Chief of Psychology Services, the Captain and other administrative staff. Based on interviews with members of the Incident Review Team, the review is conducted within 30 days of the conclusion of the investigation and consideration is given as to whether the incident was motivated by race, ethnicity, gender identity, physical barriers and status or gang affiliation. The team also decides as to whether additional monitoring technology or staffing/monitoring procedures should be added to enhance inmate supervision. The facility implements the recommendations for improvement or documents its reasons for not doing so. All required reviews by the team were completed within 30 days of the conclusion of all investigations and are thoroughly documented. An annual review of all incidents is also completed. Compliance with this standard was determined by a review of policy, the Incident Review forms and other documentation, as well as staff interviews, to the include Incident Review Team members and the SIS investigators.
