Inmate Death at FPC Alderson

WASHINGTON, D.C.: On Monday, December 13, 2021, inmate Bree Eberbaugh tested positive for COVID-19 at the Federal Prison Camp (FPC) Alderson in Alderson, West Virginia, and was placed in medical isolation. Institution staff monitored Ms. Eberbaugh's condition and provided treatment. On Wednesday, December 22, 2021, Ms. Eberbaugh's condition worsened and she was subsequently transported to a local hospital. On Friday, January 14, 2022, Ms. Eberbaugh who had long-term, pre-existing conditions which the Centers for Disease Control and Prevention (CDC) lists as risk factors for developing more severe COVID-19 disease, was pronounced deceased by hospital personnel.

Ms. Eberbaugh was a 30-year-old female who was sentenced in the Southern District of West Virginia to a 54-month sentence for Possession with Intent to Distribute Quantities of Fentanyl and/or Aiding or Abetting Same. She had been in custody at FPC Alderson since July 31, 2019.

FPC Alderson is a minimum security facility that currently houses 677 female offenders.

The Bureau of Prisons will continue to provide daily updates and information on actions related to COVID-19 at www.bop.gov/coronavirus/index.jsp.
