Summary of Changes

<i>Program Statement Rescinded:</i> <ul style="list-style-type: none">5110.16 Administration of Sentence for Military Inmates (9/13/2011)
<i>Changes:</i> <ul style="list-style-type: none">Updates the “Release and Supervision” section to reflect current U.S. Department of War regulations allowing military inmates to be supervised by the Military Departments’ Clemency and Parole Boards (C&PB).Updates the program statement number from 5110.16 to 5112.01.

1. PURPOSE AND SCOPE

This program statement is intended to implement the current agreement between the Bureau of Prisons (Bureau) and the Department of the Army (DA) in which the Bureau agreed to accept and permanently maintain up to 500 military inmates from the DA. The Army will receive inmates from the other branches of the military for transfer into Bureau custody as part of this agreement.

In accordance with that agreement, this program statement provides instructions for administering sentences for military inmates, including the:

- forfeiture and restoration of Military Good Time (similar to Federal Statutory Good Time) and
- recommendation for the award or disallowance of Military Abatement Good Time (similar to Federal Good Time Record).

For the purposes of this program statement, the term “military inmate” refers to all military prisoners received from the U.S. Army pursuant to the current agreement, regardless of Service affiliation.

a. **Program Objectives.**

- Sentence computations for military sentences will be accurate.
- Military inmates will receive the same discipline and treatment as other Bureau inmates.

b. **Institution Supplement.** None.

2. ACCEPTANCE AND DESIGNATION

Referrals of military inmates for classification and acceptance into Bureau custody are made to the Designation and Sentence Computation Center (DSCC) team responsible for the Military Court of Jurisdiction (COJ).

3. TREATMENT AND DISCIPLINE

Military inmates transferred to Bureau custody are subject to the same treatment and discipline as other Bureau inmates in accordance with 10 U.S.C. § 858.

4. SENTENCE COMPUTATION

Military sentence computations are provided by the Records Office, U.S. Army Disciplinary Barracks (USDB), Fort Leavenworth, Kansas. The DSCC must accept the sentence computation provided by military authorities and refer suspected errors or challenges made by the inmate to the military records office for resolution.

Since the Bureau must accept a sentence computation provided by the military, a BP-A0380, Good Time Record form is not maintained for military inmates.

a. **Military Good Time (MGT).** A Discipline Hearing Officer may recommend forfeiture, disallowance, or restoration of MGT.

Unit Management staff forward recommendations concerning MGT to military authorities when reports are generated for clemency reviews. If any action occurs because of the recommendation, military authorities recompute the sentence and provide a copy to the DSCC.

Unit Management staff forward a recommendation for forfeiture, disallowance, or restoration of MGT received after the last clemency review to the appropriate military authority and provide a copy to the DSCC.

b. **Military Abatement Good Time (MAGT).** This is an award from the military for work performance. Unit Management forwards any such recommendation to the military authority in the same manner outlined above.

5. CLEMENCY

Military inmates continue to be eligible for clemency consideration from their respective branches of service. The Bureau honors clemency actions and subsequent sentence computations issued by military authorities.

6. RELEASE AND SUPERVISION

For military inmates being released from Bureau custody or detaining authority, the Bureau will forward a copy of the BP-A0714, Notice of Release and Arrival form to the USDB. For military inmates releasing to a halfway house or to home detention, Bureau staff will forward a copy of the military inmate's BP-A0522, Supervision Release Plan and BP-A0291, Furlough Application - Approval and Record to the USDB as notification of the transfer. Military inmates being released to supervision shall be supervised by a U.S. Probation Officer.

The U.S. Probation Office in the district of release supervises all inmates released by action of the C&PB.

Military inmates released on parole or those who are releasing to supervision are subject to the same C&PB rules and regulations until the expiration of their sentences.
