Inmate Death at USP Terre Haute

WASHINGTON, D.C.: On Sunday, May 24, 2020, inmate Gregory Phinton Glenn reported chest pains and shortness of breath at the United States Penitentiary (USP) Terre Haute in Terre Haute, Indiana. Responding staff immediately escorted Mr. Glenn to the Health Services department. Staff requested emergency medical services (EMS). Mr. Glenn was transported by EMS to a local hospital for further treatment. While at the hospital, Mr. Glenn was subsequently pronounced dead by hospital staff following cardiac arrest.

Mr. Glenn tested positive for COVID-19 prior to his departure from the institution to the hospital.

Mr. Glenn was a 56-year-old male who was sentenced in the Southern District of Iowa to a 14-month sentence for a Supervised Release Violation. His original conviction was for Possession with Intent to Distribute Heroin and Fentanyl. He had been in custody at USP Terre Haute since April 21, 2020.

USP Terre Haute is a High security facility that currently houses 1320 male offenders.

The Bureau of Prisons will continue to provide daily updates and information on actions related to COVID-19 at www.bop.gov/coronavirus/index.jsp.
