Inmate Death at Victorville

WASHINGTON, D.C.: On Friday, December 4, 2020, inmate Carlous Lindell Daily tested positive for COVID-19 at the United States Penitentiary (USP) Victorville in Victorville, California, and was immediately placed in medical isolation. On Wednesday, December 23, 2020, in accordance with Centers for Disease Control and Prevention (CDC) guidelines, Mr. Daily was considered recovered after completing isolation and presenting with no symptoms.

On Monday, December 28, 2020, Mr. Daily experienced vomiting and an altered mental status, and while being treated, became unresponsive. Responding staff immediately initiated life-saving measures. Staff requested emergency medical services (EMS) and life-saving efforts continued. Mr. Daily was subsequently pronounced deceased by EMS personnel.

Mr. Daily was a 57-year-old male who was sentenced in the District of Minnesota to an aggregate 420-month sentence for Armed Bank Robbery, Conspiracy to Commit Bank Robbery, Use of a Firearm During a Crime of Violence, and Aiding and Abetting. He had been in custody at USP Victorville since September 22, 2011.

USP Victorville is a high security facility which currently houses 1,060 male offenders.

The Bureau of Prisons will continue to provide daily updates and information on actions related to COVID-19 at www.bop.gov/coronavirus/index.jsp.
